FY 2028-FY2029 BIENNIAL REVIEW FOR EXECUTIVE ALLOCATIONS - PART 1

Data Collection · Printed November 6, 2026

This is a collection preview. Data must be entered manually in OPM Collect. Only table data can be uploaded into the system, and it must be done with the templates provided within the collection.

This projection pertains to the requirement at 5 U.S.C. § 3133 that during even-numbered calendar years, each agency examines its Senior Executive Service (SES) position needs and submits a written request to the U.S. Office of Personnel Management (OPM) for a specific number of SES position authorizations for each of the succeeding fiscal years. Agencies are also expected to provide the results of their examination for the Senior-Level (SL) and Scientific and Professional (ST) allocations below.

ALLOCATION SUMMARY

Allocations - Grid

Enter the total number of OPM authorized SES/SL/ST allocations and the number currently filled. The total number of allocations must reflect any allocation reductions formally approved by OPM through the 2025 Executive Allocation Review. Report "Filled Allocations" based on employees onboard as of the date of the agency's response.

	SES	SL	ST
Total Number of Allocations			
Filled Allocations			

In the 2025 Executive Allocation Review, agencies reported actual and planned position abolishments and proposed future allocation levels. Reductions approved by OPM should be reflected in the current allocation totals reported above.

Did the agency identify planned reductions in SES, SL, or ST allocations in its 2025 Executive Allocation Review submission that have not resulted in a formal reduction in its OPM authorized allocations?

- Yes
- No

Update on 2025 Planned Reductions

If 'Yes' to the above, explain why the planned reduction did not result in an allocation reduction and indicate whether the agency still plans to request those reductions.

Long text response

SECTION 1

SECTION 1 - Projected Allocation Needs

Indicate whether the agency intends to request additional SES/SL/ST allocations as part of the FY2028-2029 biennial review. Select one response.

Select one response.

Radio selection · select one · Required

- The agency does not intend to request additional SES/SL/ST allocations and will operate within its existing allocation(s) during the FY2028-2029 biennial period.
- The agency intends to request one or more additional SES/SL/ST allocations as part of the FY2028-2029 biennial review.

Projected Additional Allocations - Grid

Enter the number of additional allocations the agency projects it will request by allocation type. Enter '0' if none are projected for the respective fiscal year.

SECTION 2

Section 2 - Planned Changes to Existing Allocations

Indicate whether the agency intends to request any of the following changes to its existing allocations as part of the FY2028 - FY2029 biennial review.

1. Does the agency intend to request any additional reductions to its existing SES/SL/ST allocations beyond the reductions identified through the 2025 Executive Allocation Review?

Radio selection · select one · Required

- Yes
- No

If 'Yes', then enter the number of additional allocations the agency intends to request for reduction, excluding reduction previously identified through the 2025 Executive Allocation Review. - Grid

	SES	SL	ST
Additional reductions			

2. Does the agency intend to request the conversion of one or more existing SES/SL/ST allocations?

A conversion changes an existing allocation from one allocation type to another, e.g. SES to SL.

Radio selection · select one · Required

- Yes
- No

3. Does the agency intend to request the redesignation of one ore more existing SES positions (e.g. from career reserved to general, or vice versa)?

A redesignation changes an existing SES position designation. See 5 CFR 214.402 for Career Reserved designation criteria.
