**Important Notice from UnitedHealthcare Insurance Company About  
Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that the UnitedHealthcare Insurance Company Inc.'s prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

---

Please be advised

---

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

**Medicare's Low Income Benefits**

*For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call the SSA at 800-772-1213 (TTY 800-325-0778).*

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

## Introduction

---

This brochure describes the benefits of UnitedHealthcare Insurance Company, Inc. under our contract (CS 2950) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 877- 835-9861. The address for UnitedHealthcare Insurance Company Inc.'s administrative office is:

UnitedHealthcare Insurance Company, Inc.  
Federal Employees Health Benefit Plan  
10175 Little Patuxent Parkway, 6th Floor  
Columbia, MD 21044

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2020, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2020, and changes are summarized on page 15. Rates are shown at the end of this brochure.

---

## Plain Language

---

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

---

## Stop Health Care Fraud!

---

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

**Protect Yourself From Fraud**– Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care provider, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review Explanation of Benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 800-821-6136 and explain the situation.
  - If we do not resolve the issue:

**CALL - THE HEALTH CARE FRAUD HOTLINE**

**877-499-7295**

**OR go to [www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form](http://www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form)**

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

**You can also write to:**

**United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street NW Room 6400  
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
  - Your child over age 26 (unless he/she was disabled and incapable of self-support prior to age 26).

A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

## Preventing Medical Mistakes

---

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

### **1. Ask questions if you have doubts or concerns.**

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

### **2. Keep and bring a list of all the medications you take.**

- Bring the actual medications or give your doctor and pharmacist a list of all the medications and dosage that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask your pharmacist about the medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

### **3. Get the results of any test or procedure.**

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

### **4. Talk to your doctor about which hospital or clinic is best for your health needs.**

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

### **5. Make sure you understand what will happen if you need surgery.**

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
- "Exactly what will you be doing?"

- “About how long will it take?”
- “What will happen after surgery?”
- “How can I expect to feel during recovery?”
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

### **Preventable Healthcare Acquired Conditions ("Never Events")**

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct Never Events, if you use UnitedHealthcare preferred providers. Participating providers may not bill or collect payment from UnitedHealthcare members for any amounts not paid due to the application of this reimbursement policy. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

## FEHB Facts

---

### Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.
- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure
- **Where you can get information about enrolling in the FEHB Program**

See [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance) for enrollment information as well as:

  - Information on the FEHB Program and plans available to you
  - A health plan comparison tool
  - A list of agencies that participate in Employee Express
  - A link to Employee Express
  - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you and one eligible family member, or your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Your employing or retirement office will not notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

**If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.**

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at [www.opm.gov/healthcare-insurance/life-events](http://www.opm.gov/healthcare-insurance/life-events). If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

**Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described in the chart below.

<b>Children</b>	<b>Coverage</b>
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26 <sup>th</sup> birthday.
Foster children	Foster children are eligible for coverage until their 26 <sup>th</sup> birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but <b>NOT</b> their spouse or their own children) are covered until their 26 <sup>th</sup> birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26 <sup>th</sup> birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance).

• **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2020 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2019 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

#### **When you lose benefits**

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31<sup>st</sup> day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60<sup>th</sup> day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

- **Upon divorce**

If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at [www.opm.gov/healthcare-insurance/healthcare/plan-information/](http://www.opm.gov/healthcare-insurance/healthcare/plan-information/). A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, from your employing or retirement office or from [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance). It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit [www.HealthCare.gov](http://www.HealthCare.gov) to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 877-835-9861.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit [www.HealthCare.gov](http://www.HealthCare.gov). This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

## Section 1. How This Plan Works

---

This Plan is an individual practice plan offering you a high deductible health plan (HDHP) with a Health Savings Account (HSA) or Health Reimbursement Account (HRA) for those who do not qualify for an HSA. HDHP's have higher annual deductibles and annual out-of-pocket maximum limits than other types of FEHB plans. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. UnitedHealthCare Insurance Company, Inc. holds the following accreditations: National Committee for Quality Assurance. To learn more about this plan's accreditation(s), please visit the following websites:

- National Committee for Quality Assurance ([www.ncqa.org](http://www.ncqa.org))

### **We have Point of Service (POS) benefits**

Our High Deductible Health Plan (HDHP) plan offers Point-of-Service (POS) benefits. This means you can receive covered services from a non-participating provider. However, out-of-network benefits may have higher out-of-pocket-costs than our in-network benefits.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

### **How we pay providers**

Network providers - We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles and non-covered services and supplies).

Out-of-Network providers - Because these providers are not contracted with us and do not participate in our networks, these providers are paid based on an out of network plan allowance. Members will be responsible for the difference between our allowance and the amount billed.

### **General Features of our High Deductible Health Plan**

#### **Preventive care services**

Preventive care services received in network are generally covered with no cost sharing and are not subject to copayments, coinsurance, or deductibles when received from a network provider.

#### **Annual Deductible**

The annual deductible in-network of \$1,500 for Self Only enrollment or \$3,000 for Self Plus One or Self and Family enrollment, must be met before benefits are paid for care other than preventive care services. The annual deductible out-of-network of \$2,500 for Self Only enrollment or \$5,000 for Self Plus One or \$5,000 Self and Family enrollment must be met before out-of-network benefits are paid.

#### **Health Savings Account**

You are eligible for an HSA if you are enrolled in an HDHP, not covered by any other health plan that is not an HDHP (including a spouse's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term coverage), not enrolled in Medicare, not received VA (except for veterans with a service-connected disability) or Indian Health Service (IHS) benefits within the last three months, not covered by your own or your spouse's flexible spending account (FSA), and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense.

- Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by a High Deductible Health Plan.
- You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. Your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable - you may take the HSA with you if you leave the Federal government or switch to another plan.

### **Health Reimbursement Arrangement (HRA)**

If you are not eligible for an HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although an HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

### **Catastrophic protection**

We protect you against catastrophic out-of-pocket expenses for covered services. The IRS limits annual out-of-pocket expenses for covered services, including deductibles and copayments, to no more than \$6,900 for Self Only enrollment, and \$13,800 for a Self Plus One or Self and Family. The out-of-pocket limit for this Plan may differ from the IRS limit, but cannot exceed that amount.

### **Health education resources and accounts management tools**

myuhc.com gives you the ability to:

- Review eligibility and look up benefits
- Check current and past claim status
- Find a doctor or hospital, including UnitedHealth Premium designated physicians
- Print a temporary ID card or request a replacement card
- Compare hospitals in quality, efficiency and cost - all at the procedure level
- "Chat" with a nurse real-time
- Take a health assessment and participate in Health Coaching

### **Your rights and responsibilities**

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website ([www.opm.gov/insure](http://www.opm.gov/insure)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- UnitedHealthCare Insurance Company Inc. has been in existence since 1972
- UnitedHealthCare Insurance Company Inc. is a for profit corporation
- If you want more information about us, call 877-835-9861. You may also visit our website at [www.uhcfeds.com](http://www.uhcfeds.com).

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website at [www.myuhc.com](http://www.myuhc.com). You can also contact us to request that we mail a copy to you.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at [www.myuhc.com](http://www.myuhc.com) to obtain our Notice of Privacy Practices. You can also request that we mail a copy to you.

### **Your medical and claims records are confidential**

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

### **Service Area**

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is:

## Section 2. Changes for 2020

---

Do not rely only on these change descriptions; this section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### **Changes to this Plan**

- Your share of the non-Postal premium will increase for Self Only or increase for Self Plus One and Self and Family.
- The copayment for emergency room visits will increase from \$150 to \$200 per visit. This copayment is waived if you are admitted to the hospital.

---

## Section 3. How You Get Care

---

<b>Identification cards</b>	<p>We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.</p> <p>If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 877-835-9861 or write to us at UnitedHealthcare's Federal Employees Health Benefits (FEHB) Program at P.O. Box 30432, Salt Lake City, UT 84130-0432. You may also request replacement cards and print temporary ID cards through our web site: <a href="http://www.myuhc.com">www.myuhc.com</a>.</p>
<b>Where you get covered care</b>	<p>You get care from "Plan providers" and "Plan facilities." You will only pay copayments, deductibles, and/or coinsurance, if you use our network providers, you can also get care from non-Plan providers but it will cost you more. If you use our Open Access program you can receive covered services from a participating provider without a required referral from your primary care physician or by another participating provider in the network</p>
<ul style="list-style-type: none"><li>• <b>Plan providers</b></li></ul>	<p>Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.</p> <p>We list Plan providers in the provider directory, which we update periodically. The list is also on our website at <a href="http://www.uhc.com">www.uhc.com</a> for members and <a href="http://www.uhcfeds.com">www.uhcfeds.com</a> for all.</p>
<ul style="list-style-type: none"><li>• <b>Plan facilities</b></li></ul>	<p>Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our web site at <a href="http://www.uhcfeds.com">www.uhcfeds.com</a>. You should also contact that provider to verify that they participate with the Plan.</p>
<b>What you must do to get covered care</b>	<p><b>You do not need to select a primary care physician and you do not need written referrals to see a specialist for medical services.</b> The provider must be participating for services to be covered in-network. Services provided out of network may need prior authorization to be covered.</p> <p>Call us at 877-835-9861 to determine if you need authorization for benefits as some services do require preauthorization.</p> <p>The Plan will provide benefits for covered services only when the services are medically necessary to prevent, diagnose or treat your illness or condition.</p>
<ul style="list-style-type: none"><li>• <b>Specialty care</b></li></ul>	<p>If you have a chronic or disabling condition and lose access to your network specialist because we:</p> <ul style="list-style-type: none"><li>• Terminate our contract with your specialist for other than cause; or</li><li>• Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or</li><li>• Reduce our service area and you enroll in another FEHB plan,</li></ul> <p>you may be able to continue seeing your specialist and receive in-network benefits for up to 90 days after you receive notice of the change at in-network benefit level. Contact us, or if we drop out of the Program, contact your new plan.</p>

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days and receive the in-network benefit level.

- **Primary Care** Your primary care physician will provide most of your health care or give you a referral to see a specialist.
- **Hospital Care** Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.
- **If you are hospitalized when your enrollment begins** We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 877-835-9861. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92<sup>nd</sup> day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

**You need prior Plan approval for certain services**

Preauthorization is the process by which we evaluate the medical necessity of your hospital stay and the number of days required to treat your condition. In most cases, your Network physician will make necessary hospital arrangements and supervise your care. If you are using a non-network provider or facility, you are responsible for contacting the Plan at 877-835-9861.

- **Inpatient hospital admission** Your plan physician or specialist will make necessary hospital arrangements and supervisor your care. This includes admission to a skilled nursing or other type of facility. Because you are still responsible for ensuring that we are asked to precertify your care, you should always ask your physician or hospital whether they have contacted the Plan.

If you are using a non-network provider or facility, you are responsible for contacting the Plan at 877-835-9861.

If the admission is a non-urgent admission or if you are being admitted to a non-network hospital, you must get the admission authorized by calling the Plan at 877-835-9861. This must be done at least 4 business days before the admission. If the admission is an emergency or an urgent admission, you, the person's provider, or the hospital must notify us by calling 877-835-9861 within one business day or the same day of admission, or as soon as reasonably possible.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and number of days requested for hospital stay

NOTE: If you do not notify us, your benefits will be reduced by \$100 per admission for covered services.

• **Other Services**

Certain services require that you or your physician must obtain prior approval from us. We call this review and approval process prior authorization. You or your physician must obtain prior authorization for most out-of-network services as well as some network services such as, but not limited to the following:

- Accidental dental injury
- Applied Behavioral Analysis (ABA)
- Bariatric surgery - Morbid obesity surgery
- Capsule endoscopy
- Clinical trials
- Computed tomography (CT) scans
- Congenital anomaly repair
- Dialysis
- Discetomy/fusion
- Durable medical equipment over \$1,000
- Electro-convulsive Therapy
- Growth hormone therapy (GHT)
- Inpatient admissions
- Intensive outpatient therapy
- Magnetic resonance imaging (MRI)
- Magnetic resonance angiogram (MRA)
- Non emergency ambulance services
- Nuclear medicine studies including nuclear cardiology
- Orthopedic and prosthetic devices over \$1,000
- Partial Hospitalization
- PET scans
- Psychological, neurophysiological and extended developmental testing
- Reconstructive surgery
- Sleep apnea - surgery and appliance with sleep studies; sleep studies (polysomnograms) attended
- Substance Use Disorder treatment
- Transplants
- Vein ablation

Please note this list is subject to change upon notification to Plan providers. Please call customer service 877-835-9861 to verify if your procedure/services do require prior authorization.

**How to request precertification for an admission or get prior authorization for Other services**

First, your physician, your hospital, you, or your representative, must call us at (877) 835-9861 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;

- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

• **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 877-835-9861. You may also call OPM's FEHB 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 877-835-9861. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

• **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

**The Federal Flexible Spending Account Program - FSAFEDS**

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
- FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

• **Emergency Inpatient Admissions**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

**Maternity care**

You do not need to precertify a maternity admission for a routine delivery in a Network facility. We will provide benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a normal vaginal delivery;
- 96 hours for the mother and newborn child following a cesarean section delivery.

**NOTE:** Non-network benefits require that you notify us as soon as reasonably possible if the Inpatient Stay for the mother and/or the newborn will be more than the time frames described above. If you do not notify us, your benefits will be reduced by \$100 per admission.

• **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim

**What happens when you do not follow the precertification rules when using non-network facilities**

If you fail to obtain authorization/precertifications when using non-network facilities you can be responsible for a portion or all of the charges.

**Circumstances beyond our control**

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

**If you disagree with our pre-service claim decision**

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

• **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

Write to you and maintain our denial.

## Section 4. Your Costs for Covered Services

---

This is what you will pay out-of-pocket for covered care.

**Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. deductible, coinsurance, and copayments) for the covered care you receive.

**Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your primary care physician, you pay a copayment of \$15 per office visit, and when you go in the hospital, you pay \$500 per admission.

**Deductible** A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- The calendar year deductible is \$1,500 for Self Only or \$3,000 for Self Plus One or Self and Family enrollment in-network. The deductible is \$2,500 for Self Only or \$5,000 for Self Plus One or Self and Family enrollment out-of-network. The full Self plus One or Self and Family deductible must be satisfied before the traditional medical plan benefits apply.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying for them. Copayments do not count toward any deductible.

**Coinsurance** Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance doesn't begin until you meet your deductible.

**Differences between our Plan allowance and the bill** Network providers and facilities have contracted with the Plan to accept our Plan allowance. If you use a network provider or facility, you do not have to pay the difference between our Plan allowance and the billed amount for covered services.

If you are using non-network providers you will have to pay the difference between our Plan allowance and the billed amount.

**Your catastrophic protection out-of-pocket maximum** After your in-network (copayments and coinsurance) total \$4,000 for a Self Only or \$6,850 for Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services. Your out-of-network limitation is 6,850 for Self Only enrollment or \$10,000 for Self Plus One or Self and Family enrollment in any calendar year, then you do not have to pay any more for covered services.

However, copayments and coinsurance, for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments and coinsurance for these services:

- Expenses paid by the plan for your preventive care benefits
- Charges incurred by failure to obtain pre-certification when using non-network facilities and other amounts you pay because benefits have been reduced/denied for non compliance with the plans requirements
- The balance billing charges incurred when you see a non-network provider

- Copayments or coinsurance for chiropractic services
- Eyeglasses or contact lenses
- Expenses for services and supplies that exceed the stated maximum dollar or day limit

Be sure to keep accurate records of your copayments and coinsurance since you are responsible for informing us when you reach the maximum.

**Carryover**

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

**When Government facilities bill us**

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

## Section 5. High Deductible Health Plan Benefits Overview

---

**This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.**

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read *Important things you should keep in mind about these benefits* at the beginning of each subsection. Also read the general exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 877-835-9861 or on our website at [www.myuhc.com](http://www.myuhc.com).

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

**When you enroll in this HDHP, we provide you the documents to establish a Health Savings Account (HSA) either via mail or on line. We cannot fund our contribution until you have opened this account.** If you do not qualify for a Health Savings Account, a Health Reimbursement Arrangement (HRA) will be opened for you through Optum Bank. We automatically pass through a portion of the total health Plan premium to your HSA or credit an equal amount to your HRA based upon your eligibility.

With this Plan, preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described in Section 5. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care; traditional medical coverage health care that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account management tools

- **Preventive care** This Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations, tobacco cessation/E-cigarettes programs, obesity weight loss programs, disease management and wellness programs. These services are covered at 100% if you use a network provider and the services are described in Section 5 *Preventive care*. *You do not have to meet the deductible before using these services.*
  
- **Traditional medical coverage** After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in Section 5. Many of the benefits in this plan are subject to copayments when care is provided by an in-network plan provider. Benefits subject to coinsurance are paid at 80% by the plan. The Plan typically pays 70% for out-of-network care.  

Covered services include:

  - Medical services and supplies provided by physicians and other health care professionals
  - Surgical and anesthesia services provided by physicians and other health care professionals
  - Hospital services; other facility or ambulance services
  - Emergency services/accidents
  - Mental health and substance misuse disorder benefits
  - Prescription drug benefits
  - Accidental dental injury benefits
  
- **Savings** Health Savings Accounts or Health Reimbursement Accounts provide a means to help you pay out-of-pocket expenses.

- **Health Savings Accounts (HSA)**

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else's tax return, have not received VA (except for veterans with a service-connected disability) and/or Indian Health Services (IHS) benefits within the last three months or do not have other health insurance coverage other than another High Deductible Health Plan. In 2020, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$62.50 per month for a Self Only enrollment or \$125 per month for a Self Plus One enrollment or Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$3,550 for an individual and \$7,100 for a family. See maximum contribution information on page 30. You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

**Federal tax tip:** There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

**HSA features include:**

- Your HSA is administered by Optum Bank.
- Your contributions to the HSA are tax deductible
- You may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.)
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It's portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available.

**Important consideration if you want to participate in a Health Care Flexible Spending Account (HCFSA):** If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a HCFSA health care flexible spending account (such as FSAFEDS offers – see Section 11), this HDHP cannot continue to contribute to your HSA. Similarly, you cannot contribute to an HSA if your spouse enrolls in an HCFSA. Instead, when you inform us of your coverage in an HCFSA, we will establish an HRA for you.

- **Health Reimbursement Account (HRA)**

If you are not eligible for an HSA, for example, you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us that you are ineligible for an HSA.

In 2020, we will give you an HRA credit of \$750 per year for a Self Only enrollment or \$1,500 per year for a Self Plus One Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don't count toward the deductible.

**HRA features include:**

- For our HDHP option, the HRA is administered by Optum Bank

- Entire HRA credit (prorated from your effective date to the end of the plan year) is available to cover claims from your effective date of enrollment.
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP.
- Unused credits carryover from year to year.
- HRA credit does not earn interest.
- HRA credit is forfeited if you leave Federal employment or switch health insurance plans.
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements

• **Catastrophic protection for out-of-pocket expenses**

When you use network providers, your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$4,000 per person or \$6,850 per Self Plus One or Self and Family enrollment. When you use out of network providers your annual maximum is limited to \$6,850 Plus One or \$10,000 per Self Plus One or Self and Family enrollment. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowable amount or benefit maximum). Refer to Section 4 Your catastrophic protection out-of-pocket maximum and HDHP Section 5 *Traditional medical coverage subject to the deductible* for more details.

• **Health education resources and account management tools**

HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

**Section 5. Savings – HSAs and HRAs**

<b>Feature Comparison</b>	<b>Health Savings Account (HSA)</b>	<b>Health Reimbursement Account (HRA):</b>  <b>Provided only when you are ineligible for an HSA</b>
<b>Administrator</b>	The Plan will provide you the documents required to establish a HSA with OptumHealth Bank, this HDHP’s fiduciary (an administrator, trustee or custodian as defined by Federal tax code and approved by IRS). You will be responsible for opening the bank account -the Plan does not open the account for you.	UnitedHealthcare Insurance Company, Inc. is the HRA fiduciary for this Plan. We will begin funding your HRA once this account has been established by UnitedHealthcare.
<b>Fees</b>	<p>When you enroll in our HSA, you will automatically be enrolled in the Health eAccess HSA option. This account does not earn interest, but may be the right choice for you if you would like lower monthly fees and are an active spender. A letter will be mailed to you within approximately 90 days after you have opened your HSA explaining interest bearing options. These options have higher monthly fees.</p> <p>There is no fee to set up your account while you are enrolled in our High Deductible Health Plan. We no longer charge fees for: check orders, wire transfers, excess contributions, stop payment fees and check processing fees. Details can be found on <a href="http://www.optumbank.com">www.optumbank.com</a>.</p> <p>Your account may be subject to fees for services such as:</p> <ul style="list-style-type: none"> <li>• ATM transaction fees</li> <li>• Transfer fees to transfer your HSA to another bank or custodian (all or portion of balance)</li> <li>• Low balance fees</li> </ul>	None
<b>Eligibility</b>	<p>You must:</p> <ul style="list-style-type: none"> <li>• Enroll in the UnitedHealthcare Insurance Company, Inc. High Deductible Health Plan (HDHP)</li> <li>• Have no other health insurance coverage (does not apply to specific injury, accident, disability, dental, vision or long-term care coverage)</li> <li>• Not be enrolled in Medicare</li> </ul>	<p>You must enroll in the UnitedHealthcare Insurance Company, Inc. High Deductible Health Plan HDHP.</p> <p>Eligibility is determined on the day of enrollment and will be prorated for length of enrollment.</p>

	<ul style="list-style-type: none"> <li>• Not be claimed as a dependent on someone else’s tax return</li> <li>• Not have received VA (except for veterans with a service-connected disability) and/or Indian Health Service (IHS) benefits in the last three months</li> <li>• Complete and return all banking paperwork including the initial application to open your HSA with OptumHealth Bank</li> <li>• Eligibility is determined on the first day of the month following your effective day of enrollment and will be prorated for length of enrollment.</li> </ul>	
<p><b>Funding</b></p>	<p>If you are eligible for HSA contributions, a portion of your monthly health plan premium is deposited to your HSA each month when the premium is received. Premium pass through contributions are based on the effective date of your enrollment in the UnitedHealthcare Insurance Company Inc. High Deductible Health Plan.</p> <p>Note: If you are new to this Plan based on an Open Season change, your first premium pass-through will be made available on or about the 10th of February as new enrollees and terminations from open season are still being received in January. This is due to the Government payment cycle.</p> <p>Note: If your effective date in the HDHP is after the 1st of the month, the earliest your HSA will be funded is by the 10th of the following month as long as your account has been opened before the 20th of the month prior. We encourage you to open your account immediately upon enrollment into the plan.</p> <p>In addition, you may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e. Employee Express, MyPay, etc.).</p>	<p>Eligibility for the annual credit will be determined on the first day of the month and will be prorated for length of enrollment. The entire amount of your HRA will be available to you upon your enrollment.</p>
<ul style="list-style-type: none"> <li>• <b>Self Only enrollment</b></li> </ul>	<p>For 2020, a monthly premium pass through of \$62.50 will be made by the HDHP directly into your HSA each month upon receipt of premium.</p>	<p>For 2020, your HRA annual credit will be \$750 which (prorated for mid-year enrollment).</p>

<ul style="list-style-type: none"> <li>• <b>Self Plus One enrollment</b></li> </ul>	<p>For 2020, a monthly premium pass through of \$125 will be made by the HDHP directly into your HSA each month upon receipt of premium.</p>	<p>For 2020, your HRA annual credit is \$1,500 (prorated for mid-year enrollment).</p>
<ul style="list-style-type: none"> <li>• <b>Self and Family enrollment</b></li> </ul>	<p>For 2020, a monthly premium pass through of \$125 will be made by the HDHP directly into your HSA account each month upon receipt of premium.</p>	<p>For 2020, your HRA annual credit is \$1,500 (prorated for mid-year enrollment)</p>
<p><b>Contributions/credits</b></p>	<p>The maximum that can be contributed to your HSA is an annual combination of HDHP premium pass through and enrollee contribution funds, which when combined, do not exceed the maximum contribution amount set by the IRS of \$3,550 for an individual and \$7,100 for a family.</p> <p>If you enroll during Open Season, you are eligible to fund your account up to the maximum contribution limit set by the IRS. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum allowable contribution.</p> <p>You are eligible to contribute up to the IRS limit for partial year coverage as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. To determine the amount you may contribute, take the IRS limit and subtract the amount the Plan will contribute to your account for the year.</p> <p>If you do not meet the 12 month requirement, the maximum contribution amount is reduced by 1/12 for any month you were ineligible to contribute to an HSA. If you exceed the maximum contribution amount, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.</p> <p>You may rollover funds you have in other HSAs to this HDHP HSA (rollover funds do not affect your annual maximum contribution under this HDHP).</p> <p>HSAs earn tax-free interest (does not affect your annual maximum contribution).</p>	<p>The full HRA credit will be available, subject to proration, within 30 days of the effective date of enrollment (unless date is retroactive at which time the credit will be made available within 30 days of plan notification of enrollment). The HRA does not earn interest.</p>

	Catch-up contribution discussed later in this section.	
• <b>Self Only enrollment</b>	You may make an annual maximum contribution of \$2,800.	You cannot contribute to the HRA.
• <b>Self Plus One enrollment</b>	You may make an annual maximum contribution of \$5,600 (per family)	You cannot contribute to the HRA
• <b>Self and Family enrollment</b>	You may make an annual maximum contribution of \$5,600 (per family)	You cannot contribute to the HRA.

## If You Have an HSA

**If you have an HSA**

- **Contributions**

All contributions are aggregated and cannot exceed the maximum contribution amount set by the IRS. You may contribute your own money to your account through payroll deductions, or you may make lump sum contributions at any time, in any amount not to exceed an annual maximum limit. If you contribute, you can claim the total amount you contributed for the year as a tax deduction when you file your income taxes. Your own HSA contributions are either tax-deductible or pre-tax (if made by payroll deduction). You receive tax advantages in any case. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum contribution amount set by the IRS. You have until April 15 of the following year to make HSA contributions for the current year.

If you newly enroll in an HDHP during Open Season and your effective date is after January 1st or you otherwise have partial year coverage, you are eligible to fund your account up to the maximum contribution limit set by the IRS as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. If you do not meet this requirement, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.

- **Catch-up contributions**

If you are age 55 or older, the IRS permits you to make additional “catch-up” contributions to your HSA. The allowable catch-up contribution is \$1,000. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury website at [www.treasury.gov/resource-center/faqs/Taxes/Pages/Health-Savings-Accounts.aspx](http://www.treasury.gov/resource-center/faqs/Taxes/Pages/Health-Savings-Accounts.aspx).

- **If you die**

If you have not named a beneficiary and you are married, your HSA becomes your spouse’s; otherwise, your HSA becomes part of your taxable estate.

- **Qualified expenses**

You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, **physician prescribed** over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you are enrolled in Medicare.

For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 800-829-3676, or visit the IRS website at [www.irs.gov](http://www.irs.gov) and click on “Forms and Publications.” Note: Although **physician prescribed** over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

- **Non-qualified expenses**

You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.

- **Tracking your HSA balance**

You will be able to view your monthly statements from OptumHealth Bank online. This statement shows the “premium pass through deposits”, withdrawals, and interest earned on your account . You may also request a paper statement.

- **Minimum reimbursements from your HSA**

You may make payments to providers or reimbursements to yourself in any amount via your UnitedHealthcare Health Savings Account MasterCard® Debit Card, check, online bill pay, or ATM withdrawal.

---

## If You Have an HRA

---

- **Why an HRA is established**      If you do not qualify for an HSA when you enroll in this HDHP, or later become ineligible for an HSA, please advise us and we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.
  
- **How an HRA differs**      Please review the chart on page 29 which details the differences between an HRA and an HSA. The major differences are:
  - you cannot make contributions to an HRA
  - funds are forfeited if you leave the HDHP
  - an HRA does not earn interest
  - HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP. FEHB law does not permit qualified medical expenses to include services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.

**Section 5. Traditional Medical Coverage Subject to the Deductible**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network preventive care is covered at 100% and is not subject to the calendar year deductible.
- The deductible is \$1500 per Self Only enrollment, or \$3,000 per Self Plus One or Self and Family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits under Traditional medical coverage. You must pay your deductible before your Traditional medical coverage may begin.
- Under Traditional medical coverage, you are responsible for your coinsurance and copayments for covered expenses.
- When you use network providers, you are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total \$4,000 self only or \$6,850 per Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services from network providers. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum,
- In-network benefits apply only when you use a network provider. When a network provider is not available, out-of-network benefits apply.
- When you use out of network providers you are protected by an annual catastrophic maximum on out-of-network expenses for covered services. After your coinsurance, copayments and deductibles total \$6,850 self only or \$10,000 per Self Plus One or Self and Family, you do not have to pay any more for covered services from network providers. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum, or amounts in excess of the Plan allowance).
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay After the calendar year deductible	
Deductible before Traditional medical coverage begins	In-network	Out-of-network
The deductible applies to all benefits in this Section. In the <b>You pay</b> column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.	100% of allowable charges until you meet the deductible of \$1,500 Self Only, \$3,000 for Self Plus One or Self and Family coverage.	100% of charges until \$2,500 out-of-network for Self Only, \$5000 Self Plus One and/or Self and Family coverage
After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.	After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. You may choose to pay the coinsurance and copayments from your HSA or HRA, or you can pay for them out-of-pocket	After you meet the deductible, you pay the indicated coinsurance based on our Plan allowance and any difference between our allowance and the billed amount

**Section 5(a). Medical Services and Supplies  
Provided by Physicians and Other Health Care Professionals**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The in-network deductible is \$1,500 Self Only enrollment and \$3,000 for Self Plus One and Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The out-of-network deductible is \$2,500 for Self Only enrollment and \$5,000 for Self Plus One and Self and Family enrollment each calendar year.
- The deductible applies to all benefits in this Section unless we indicate differently.
- After you have satisfied your deductible, coverage begins for traditional medical services.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

**Section 5(b). Surgical and Anesthesia Services  
Provided by Physicians and Other Health Care Professionals**

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The in-network deductible is \$1,500 Self Only enrollment and \$3,000 for Self Plus One and Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The out-of-network deductible is \$2500 for Self Only enrollment and \$5000 for Self Plus One and Self and Family enrollment each calendar year.
- The deductible applies to all benefits in this Section unless we indicate differently. After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc).
- **YOUR PHYSICIAN MUST GET PREAUTHORIZATION FOR SOME SERVICES AND/OR PROCEDURES.** Please refer to the preauthorization information shown in Section 3 or call customer service to be sure which services require preauthorization.

**Here are some important things to keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The in-network deductible is \$1,500 Self Only enrollment and \$3,000 for Self Plus One and Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The out-of-network deductible is \$2,500 for Self Only enrollment and \$5,000 for Self Plus One and Self and Family enrollment each calendar year.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

**What is a medical emergency?**

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

**What to do in case of emergency:**

**Emergencies within or outside our service area:**

If you are in an emergency situation, please call your doctor. In extreme emergencies, if you are unable to contact your doctor, contact your local emergency system (e.g. 911 telephone system) or go to the nearest hospital emergency room. You or a family member must notify the Plan within 48 hours or as soon as possible after you receive outpatient emergency room.

If you need to be hospitalized, the Plan must be notified within 24 hours, the same day of admission, unless it was not reasonably possible to notify the Plan within that time. If you do not notify us, benefits will be reduced by \$100 per occurrence. Benefits will not be reduced for the outpatient emergency room visit.

**Section 5(f). Prescription Drug Benefits**

**Here are some important things to keep in mind about these benefits:**

- We cover prescribed drugs and medications, as described in the chart beginning on the next page. Some injectable medications are provided by your medical benefit. Please see below for more information.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,500 for Self Only enrollment, and \$3,000 for Self Plus One and Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section unless we indicate differently
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts for eligible medical expenses or copayments for eligible prescriptions.
- Some prescription medications have Quantity Level Limits (QLL) and Quantity per Duration Limits (QD). Please see below for more information.
- Members must make sure their prescribers obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically. If your pharmacist tells you that your prescription medication requires approval, ask your pharmacist or prescriber to contact the Plan at the number on your Member ID card for further instructions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Federal law prevents the pharmacy from accepting unused medications.

**There are important features you should be aware of. These include:**

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice, must prescribe your medication.
- **Where you can obtain them.** You may fill the prescription at a Plan pharmacy. You may fill prescriptions for maintenance medications either by mail or at a retail pharmacy. Maintenance medications are those medications anticipated to be required for six months or longer to treat a chronic condition such as high blood pressure, asthma, or diabetes. To locate the name of a Plan pharmacy near you, refer to your Directory of Health Care Professionals, call our Customer Service Department 1-877-835-9861.
- **We use a Formulary/Prescription Drug List (PDL) called the Advantage PDL.** Our PDL Management Committee creates a list that includes FDA approved prescription medications, products, or devices. Our Plan covers all prescription medications written in accordance with FDA guidelines for a particular therapeutic indication except for prescription medications or classes of medications listed under “Not Covered” in this section of the brochure. The PDL Management Committee decides the tier placement upon clinical information from the UnitedHealthcare Pharmacy and Therapeutics (P [www.uhcfeds.com](http://www.uhcfeds.com)).

The PDL consists of Tiers 1, 2, 3 and 4.

- **Tier 1** is your **lowest** copayment option (\$10 for up to a 30-day supply or \$25 for up to a 90-day supply through our mail order program) and includes some generic medications, as well as select preferred brand medications. Brand medications in Tier 1 include select insulin products, select inhalers for asthma, and select medications for migraine headaches for which no generic alternative(s) are available. For the lowest out-of-pocket expense, you should always consider Tier 1 medications if you and your provider decide they are appropriate for your treatment.

- **Tier 2** is your **middle** copayment option (\$40 for up to a 30-day supply or \$100 for up to a 90-day supply through our mail order program ) and contains some generic and preferred brand medications not included in Tier 1. Preferred medications placed in Tiers 1 and 2 are those the PDL Management Committee has determined to provide better overall value than those in Tier 3. If you are currently taking a medication in Tier 2, ask your provider whether there are Tier 1 alternatives that may be appropriate for your treatment.

- **Tier 3** is your **higher** copayment option \$85 for up to a 30-day supply or \$212.50 for up to a 90-day supply through our mail order program) and consists of non-preferred brand medications. Sometimes there are alternatives available in Tier 1 or Tier 2. If you are currently taking a medication in Tier 3, ask your provider whether there are Tier 1 or Tier 2 alternatives that may be appropriate for your treatment.

- **Tier 4** is your **highest** copayment option of \$175 for up to a 30-day supply or \$437.50 for up to a 90-day supply through our mail order program) and consists of only non-preferred medications which often are available over the counter without a prescription. The drugs on this tier do not add clinical value over those covered in the lower tiers. Ask your provider whether there are Tier 1 or Tier 2 alternatives that may be appropriate for your treatment.

Changes to the Tier level for all covered medications and supplies may be updated to be effective January 1 and July 1 of each year. If new generic medications come to market throughout the Plan year they will be placed on the appropriate Tier. Newly marketed brand medications will be evaluated by our PDL Management Committee and they will be placed in the appropriate Tier. A prescription medication may be removed from the PDL at anytime if the medication changes to over-the-counter status, or due to safety concerns declared by the Food and Drug Administration (FDA).

**Why use Tier 1 drugs?** Medications in Tier 1 offer the best health care value and are available at the lowest copayment. There are generics and brands on Tier 1. Tier 2 and Tier 3 medications are available at a progressively higher copayment and Tier 4 medications are available at the highest copayment level. This approach helps to assure access to a wide range of medications and control health care costs for you.

**There are the dispensing limitations:** These are the dispensing limitations. Some drugs may only be available at a retail pharmacy or through the designated Specialty Pharmacy. See the next page for details on Specialty Pharmacy drugs.

**Contraceptives** - You pay one copay for up to a 90-day supply of contraceptive medications, subject to QLL and QD limitations. Note: Tier 1 hormonal contraceptives are offered with no copayment.

**Specific drug exclusions** - The plan will exclude higher cost medications that have therapeutic alternatives available and do not offer any additional clinical value over other options in their class. These drugs cost significantly more than those alternatives. A listing of these drugs and alternatives may be found on [myuhc.com](http://myuhc.com) or [uhcfeds.com](http://uhcfeds.com)

**Step Therapy** - is a tool used to control costs for certain drug types as well as ensure quality and safety. If you have a new prescription for certain kinds of medications, you must first try the most cost-effective (first-line) drug in that category before another one is covered. In most cases, the cost-effective drug will work for you, but if it doesn't, your physician will need to request preauthorization for another ( second-line) drug in the same category.

**Quantity Duration (QD)** - Some medications have a limited amount that can be covered for a specific period of time.

**Quantity Level Limits (QLL)** - Some medications have a limited amount that can be covered at one time.

Changes to quantity duration and quantity level limits may occur on January 1 and July 1 of each year. We base these processes upon the manufacturer's package size, FDA-approved dosing guidelines as defined in the product package insert and/or the medical literature or guidelines that support the use of doses other than the FDA-recommended dosage. If your prescription written by your provider exceeds the allowed quantity, please refer to Section 7, to file an appeal with the Plan.

**Day Supply** - “Day supply” means consecutive days within the period of prescription. Where a prescription regimen includes “on and off days” when the medication is taken, the off days are included in the count of the day supply.

**Injectable medications** - Medications typically covered under the pharmacy benefit and received through a retail or mail order pharmacy are those that are self-administered by you or a non-skilled caregiver. However, injectable medications that are typically administered by a health care professional are covered under your medical benefit and need to be accessed through your provider or Specialty pharmacy. Contact the Health Plan at 877-835-9861 for more information on these medications.

**Special dispensing circumstances** - UnitedHealthcare will give special consideration to filling prescription medications for members covered under the FEHB if:

- You are called to active duty, or
- You are officially called off-site as a result of a national or other emergency, or
- You are going to be on vacation for an extended period of time

Your physician may need to request prior authorization from us in order to fill a prescription for the reasons listed above. Please contact us on 1-877-835-9861 for additional information

**Refill Frequency** - A process that allows you to receive a refill for most medications, once when you have used 75 percent of the medications. For example, a prescription that was filled for a 30-day supply can be refilled after 23 days. While this process provides advancement on your next prescription refill, we cannot dispense more than the total quantity your prescription allows.

**Mandatory Specialty Pharmacy Program** - Our Specialty Pharmacy Program includes medications for rare, unusual or complex diseases. Members must obtain these medications through our designated specialty pharmacy. You will pay the applicable Tier copay for your specialty medications and receive up to a maximum of a consecutive 30-day supply of your prescription medication. Our specialty pharmacy providers will give you superior assistance and support during your treatment. This Program offers the following benefits to members:

- Expertise in storing, handling and distributing these unique medications
- Access to products and services that are not available through a traditional retail pharmacy
- Access to nurses and pharmacists with expertise in complex and high cost diseases
- Free supplies such as syringes and needles
- Educational materials as well as support and development of a necessary care plan

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHBP Plan. See Section 9 *Coordinating benefits with other coverage*.
- The in-network deductible is \$1,500 for Self Only enrollment, and \$3,000 for Self Plus One and Self and Family enrollment each calendar year. The out-of-network deductible is \$2,500 for Self Only enrollment and \$5,000 for Self Plus One or Self and Family enrollment. The deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section unless we indicate differently. You must pay your deductible before your Traditional medical coverage may begin.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR PHYSICIAN MUST GET PREAUTHORIZATION FOR SOME SERVICES AND/OR PROCEDURES.** Please refer to the preauthorization information shown in Section 3 or call customer service to be sure which services require preauthorization.

## **Section 6. General Exclusions – Services, Drugs, and Supplies We Do Not Cover**

---

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for services contact the Plan at 877-835-9861.**

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental, investigational or unproven procedures, treatments, drugs or devices (see specifics regarding transplants);
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Surrogate parenting
- Fetal reduction
- Extra care costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care;
- Research costs related to conducting a clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

---

## Section 7. Filing a Claim for Covered Services

---

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

### **Medical and hospital benefits**

In most cases, providers and facilities file claims for you. Providers must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, call us at 877-835-9861.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name and ID number;
- Name and address of the provider or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

**Submit your claims to:** UnitedHealthcare, PO Box 30555, Salt Lake City, UT 84130-0555

**Submit your international claims to:** UnitedHealthcare Insurance Company, PO Box 30555, Salt Lake City, UT 84130-0555.

### **Prescription drugs**

**Submit your claims to:** OptumRx, PO Box 29044, Hot Springs, AR 71903

### **Deadline for filing your claim**

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

### **Post Service Claims**

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Authorized Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

**Notice Requirements**

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes

---

## Section 8. The Disputed Claims Process

---

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by calling 877-835-9861.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Disagreements between you and the HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

- 1** Ask us in writing to reconsider our initial decision. You must:
  - a) Write to us within 6 months from the date of our decision; and
  - b) Send your request to us at UnitedHealthcare's Federal Employee Health Benefits (FEHB) Program Appeals, P.O. Box 30573, Salt Lake City, UT 84130-0573 ; and
  - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
  - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
  - e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

- 2** In the case of a post-service claim, we have 30 days from the date we receive your request to:
  - a) Pay the claim or

- b) Write to you and maintain our denial or.
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

### 3

If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, FEHB 3, 1900 E Street, NW, Washington, DC 20415-3630

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

### 4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 877-835-9861. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 3 at 202-606-0755 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits

## Section 9. Coordinating Benefits with Medicare and Other Coverage

---

### When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at [www.myuhc.com](http://www.myuhc.com).

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

### • TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

**Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA

### • Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.
- Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

### • Medicaid

When you have this Plan and Medicaid, we pay first.

**Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

### • When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

### • When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

- **When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage**

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone at 877-888-3337, (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

- **Clinical trials**

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

## **When you have Medicare**

### **What is Medicare?**

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 800-MEDICARE (800-633-4227), (TTY 877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure.

For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 800-772-1213 TTY 800-325-0778.

### **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 800-772-1213, TTY 800-325-0778 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage.

It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10 % increase in premium for every 12 months you are not enrolled. If you did not take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan ( Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

**Claims process when you have the Original Medicare Plan** – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 877-835-9861 or see our website at [www.myuhc.com](http://www.myuhc.com).

We do not waive any costs if the Original Medicare Plan is your primary payor

Please review the following table it illustrates your cost share if you are enrolled in Medicare Part B. Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare’s assignment.

**Medicare**

<b>Benefit Description</b>	<b>HDHP Option - You pay without Medicare (In network) after deductible</b>	<b>HDHP Option - You pay with Medicare Part B (In network) after deductible</b>

• **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

• **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country.

To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY 877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare Advantage plan, the following options are available to you:

**This Plan and our Medicare Advantage plan:** You may enroll in our Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan’s network and/or service area (if you use our Plan providers).

**This Plan and another plan's Medicare Advantage plan:** You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers).

However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

**Suspended FEHB coverage to enroll in a Medicare Advantage plan:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

## Section 10. Definitions of Terms We Use in This Brochure

---

<b>Calendar year</b>	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
<b>Clinical Trials Cost Categories</b>	<p>Conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none"><li>• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s cancer, whether the patient is in a clinical trial or is receiving standard therapy</li><li>• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care</li><li>• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.</li></ul>
<b>Coinsurance</b>	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 22.
<b>Copayment</b>	A copayment is a fixed amount of money you pay when you receive covered services. See page 22.
<b>Cost-sharing</b>	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. deductible, coinsurance, and copayments) for the covered care you receive.
<b>Covered services</b>	Care we provide benefits for, as described in this brochure.
<b>Deductible</b>	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 22.
<b>Experimental or investigational service</b>	<p>Experimental or Investigational Service(s) - medical, surgical, diagnostic, psychiatric, mental health, substance use disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that , at the time we make a determination regarding coverage in a particular case are determined to be any of the following:</p> <ul style="list-style-type: none"><li>• Not approved by the <i>U.S. Food and Drug Administration (FDA)</i> to be lawfully marketed for the proposed use and not identified in the <i>American Hospital Formulary Service</i> or the <i>United States American Hospital Pharmacopoeia Dispensing Information</i> as appropriate for the proposed use</li><li>• Not recognized, in accordance with generally accepted medical standards, as being safe and effective for your condition;</li><li>• Subject to review and approval by any institution review board for the proposed use. (Devices which are FDA approved under the <i>Humanitarian Use Device</i> exemption are not considered to be Experimental or Investigational.</li><li>• The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the <i>FDA</i> regulations, regardless of whether the trial is actually subject to <i>FDA</i> oversight.</li></ul>

<b>Health Reimbursement Account (HRA)</b>	A HRA is a tax-sheltered account designed to reimburse medical expenses. The funds in this type of account can best be described as “credits”. These credits are applied toward your medical expenses until they are exhausted at which time you must pay your member responsibility (deductible) and coinsurance amounts up to the catastrophic limit.
<b>Health Savings Account (HSA)</b>	A HSA is consumer-oriented tax-advantaged savings account. HSAs allow for tax deductible contributions as well as tax free earnings and withdrawals for qualified medical expenses.
<b>Medical necessity</b>	<p>Health care services provided for the purpose of preventing, evaluating, diagnosing or treating a sickness, injury, mental illness, substance use disorder or its symptoms, that are all of the following as determined by us or our designee, within our discretion.</p> <ul style="list-style-type: none"> <li>• In accordance with <i>Generally Accepted Standards of Medical Practice</i>.</li> <li>• Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your sickness, injury, mental illness, substance misuse disorder, disease or its symptoms.</li> <li>• Not mainly for your convenience or that of your doctor or other health care provider</li> <li>• Not more costly than an alternate drug, service(s) or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your sickness, injury, disease or symptoms.</li> </ul> <p>If no credible scientific evidence is available then standards are based on Physician specialty society recommendations or professional standards of care may be considered. We reserve the right to consult expert opinion in determining whether health care services are Medically Necessary.</p>
<b>Plan allowance</b>	Allowable expense (plan allowance) is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any plan covering the person. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.
<b>Post-Service Claims</b>	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
<b>Pre-Service Claims</b>	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
<b>Premium contributions to HSA/HRA</b>	The amount of money we contribute to your HSA or HRA.
<b>Reimbursement</b>	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
<b>Subrogation</b>	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.

## **Unproven Services**

Unproven services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at [www.myuhc.com](http://www.myuhc.com).

Please note: If you have a life-threatening sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise unproven service to be a covered health service for that sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that sickness or condition.

## **Urgent Care Claims**

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at **877-835-9861**. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.
