OFFICE OF THE DIRECTOR

Dear Federal Employees Health Benefits Program Participant:

I am pleased to present this Federal Employees Health Benefits (FEHB) Program plan brochure for 2003. The brochure explains all the benefits this health plan offers to its enrollees. Since benefits can vary from year to year, you should review your plan's brochure every Open Season. Fundamentally, I believe that FEHB participants are wise enough to determine the care options best suited for themselves and their families.

In keeping with the President's health care agenda, we remain committed to providing FEHB members with affordable, quality health care choices. Our strategy to maintain quality and cost this year rested on four initiatives. First, I met with FEHB carriers and challenged them to contain costs, maintain quality, and keep the FEHB Program a model of consumer choice and on the cutting edge of employer-provided health benefits. I asked the plans for their best ideas to help hold down premiums and promote quality. And, I encouraged them to explore all reasonable options to constrain premium increases while maintaining a benefits program that is highly valued by our employees and retirees, as well as attractive to prospective Federal employees. Second, I met with our own FEHB negotiating team here at OPM and I challenged them to conduct tough negotiations on your behalf. Third, OPM initiated a comprehensive outside audit to review the potential costs of federal and state mandates over the past decade, so that this agency is better prepared to tell you, the Congress and others the true cost of mandated services. Fourth, we have maintained a respectful and full engagement with the OPM Inspector General (IG) and have supported all of his efforts to investigate fraud and waste within the FEHB and other programs. Positive relations with the IG are essential and I am proud of our strong relationship.

The FEHB Program is market-driven. The health care marketplace has experienced significant increases in health care cost trends in recent years. Despite its size, the FEHB Program is not immune to such market forces. We have worked with this plan and all the other plans in the Program to provide health plan choices that maintain competitive benefit packages and yet keep health care affordable.

Now, it is your turn. We believe if you review this health plan brochure and the FEHB Guide you will have what you need to make an informed decision on health care for you and your family. We suggest you also visit our web site at www.opm.gov/insure.

Sincerely,

A handwritten signature in black ink, appearing to read "Kay Coles James".

Notice of the Office of Personnel Management's Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

By law, the Office of Personnel Management (OPM), which administers the Federal Employees Health Benefits (FEHB) Program, is required to protect the privacy of your personal medical information. OPM is also required to give you this notice to tell you how OPM may use and give out ("disclose") your personal medical information held by OPM.

OPM **will** use and give out your personal medical information:

- To you or someone who has the legal right to act for you (your personal representative),
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected,
- To law enforcement officials when investigating and/or prosecuting alleged or civil or criminal actions, and
- Where required by law.

OPM **has the right** to use and give out your personal medical information to administer the FEHB Program. For example:

- To communicate with your FEHB health plan when you or someone you have authorized to act on your behalf asks for our assistance regarding a benefit or customer service issue.
- To review, make a decision, or litigate your disputed claim.
- For OPM and the General Accounting Office when conducting audits.

OPM **may** use or give out your personal medical information for the following purposes under limited circumstances:

- For Government healthcare oversight activities (such as fraud and abuse investigations),
- For research studies that meet all privacy law requirements (such as for medical research or education), and
- To avoid a serious and imminent threat to health or safety.

By law, OPM must have your written permission (an "authorization") to use or give out your personal medical information for any purpose that is not set out in this notice. You may take back ("revoke") your written permission at any time, except if OPM has already acted based on your permission.

By law, you **have the right** to:

- See and get a copy of your personal medical information held by OPM.
- Amend any of your personal medical information created by OPM if you believe that it is wrong or if information is missing, and OPM agrees. If OPM disagrees, you may have a statement of your disagreement added to your personal medical information.
- Get a listing of those getting your personal medical information from OPM in the past 6 years. The listing will not cover your personal medical information that was given to you or your personal representative, any information that you authorized OPM to release, or that was given out for law enforcement purposes or to pay for your health care or a disputed claim.
- Ask OPM to communicate with you in a different manner or at a different place (for example, by sending materials to a P.O. Box instead of your home address).
- Ask OPM to limit how your personal medical information is used or given out. However, OPM may not be able to agree to your request if the information is used to conduct operations in the manner described above.
- Get a separate paper copy of this notice.

For more information on exercising your rights set out in this notice, look at www.opm.gov/insure on the web. You may also call 202-606-0191 and ask for OPM's FEHB Program privacy official for this purpose.

If you believe OPM has violated your privacy rights set out in this notice, you may file a complaint with OPM at the following address:

Privacy Complaints
Office of Personnel Management
P.O. Box 707
Washington, DC 20004-0707

Filing a complaint will not affect your benefits under the FEHB Program. You also may file a complaint with the Secretary of the Department of Health and Human Services.

By law, OPM is required to follow the terms in this privacy notice. OPM has the right to change the way your personal medical information is used and given out. If OPM makes any changes, you will get a new notice by mail within 60 days of the change. The privacy practices listed in this notice will be effective April 14, 2003.

Introduction

This brochure describes the benefits of U.S. Secret Service Employees Health Association under our contract (CS 2276) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This Plan is underwritten by CareFirst, BlueCross and BlueShield. The address for the U.S. Secret service Employee Health Association's administrative offices is:

U.S. Secret Service Employees Health Association (SSEHA) Health Benefit Plan
950 H Street, NW
Washington, DC 20223

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this plan you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2003, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2003, and are summarized on page 71. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms we use common words. For instance, “you” means the enrollee or family member; “we” means SSEHA
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use other, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's “Rate Us” feedback area at www.opm/insure or email OPM at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW Washington, DC [20415-3650](tel:20415-3650).

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits (FEHB) Program premium.

OPM's Office Inspector General investigates all allegations of fraud, waste and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.

- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 800-680-9695 and explain the situation.
 - If we do not resolve the issue:

CALL THE HEALTH CARE FRAUD HOTLINE
202/418-330

OR WRITE TO:
 The United States Office of Personnel Management
 Office of the Inspector General Fraud Hotline
 1900 E Street, NW, Room 6400
 Washington, DC 20415.

- Do not maintain as a family member on your policy:
 - your former spouse after a divorce decree or annulment is final (even if the court stipulates otherwise); or
 - your child over age 22 (unless he/she is disabled and incapable of self-support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed or with OPM if you retired.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Section 1. Facts about this fee-for-service plan

This Plan is a fee-for-service (FFS) plan. You can choose your own physicians, hospitals, and other health care providers.

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

How we pay providers

Participating providers are paid up to CareFirst Plan Allowance. CareFirst makes all payments directly to the provider.

Non-participating providers are paid up to CareFirst Plan Allowance, all remaining balances are the responsibility of the member. The payment is made directly to the member.

Your Rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- The CareFirst, Inc. Board of Directors has the ultimate authority and accountability for the quality of care and service provided by the Plan. The CareFirst, Inc. Board of Directors delegates the responsibility for broad oversight of the Quality Improvement (QI) Program to the Service and Quality Oversight Committee, a committee of the CareFirst, Inc., Board of Directors. The Service and Quality Oversight Committee meets quarterly to review and approve the QI Program Description, Annual Evaluation, and Annual QI Work Plan, and to review progress in meeting the QI Program Objectives. CareFirst BlueCross BlueShield does evaluate the clinician's compliance with clinical guidelines and protocols, patient centered outcomes, member health status and patient satisfaction.
- CareFirst BlueCross BlueShield has been in existence for the past 60 years. CareFirst BlueCross BlueShield became operational in 1934.
- CareFirst BlueCross BlueShield is a not-for-profit company.

If you want more information about us, call 800-424-7474 extension 6039 or 202-479-6039, or write to Member Services, 550 12th St., S.W., Washington, DC 20065. You may also visit our website at www.CareFirst.com.

Section 2. How we change for 2003

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program Wide Changes

- A Notice of the Office of Personnel Management's Privacy Practices is included.
- A section on the Children's Equity Act describes when an employee is required to maintain Self and Family coverage.
- Program information on TRICARE and Champva explains how annuitants or former spouse may suspend their FEHB Program enrollment.
- Program information on Medicare is revised.
- The Medically Underserved section is revised.
- By law, the DoD/FEHB Demonstration project ends on December 31, 2002.

Changes to this Plan

- Your share of the non-Postal premium will increase by 20.5% for Self Only or 33.4% for Self and Family.
- Lipoprotein profile once every 5 years for adults 20 years and older
- Double contract barium enema once every 5-10 years at age 50
- Colonoscopy once every 10 years starting at age 50
- Mental Health vendor changed from HMS to Magellan

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or obtain a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-424-7474 extension 6039 or 202-479-6039.

Where you get covered care

You can get care from any “covered provider” or “covered facility.” How much we pay – and you pay – depends on the type of covered provider or facility you use. If you use our participating providers you will pay less.

- **Covered providers**

We consider the following to be covered providers when they perform services within the scope of their license or certification:

- a licensed doctor of medicine (M.D) or a licensed doctor of osteopathy (D.O.)
- a licensed or certified chiropractor, nurse anesthetist, dentist, podiatrist, occupational therapist and speech therapist practicing within the scope of their license or certification; and
- other covered providers who may render services without the supervision of a M.D. but for whom the Carrier provides benefits include a qualified clinical psychologist, clinical social worker, optometrist, nurse midwife and nurse practitioner/clinical specialist. For purposes of this FEHB brochure, the term “doctor” includes all of these providers when the services are performed within the scope of their license or certification.

Medically underserved areas. Note: We cover any licensed medical practitioner for any covered service performed within the scope of that license in states OPM determines which states are "medically underserved." For 2003, the states are: Alabama, Idaho, Kentucky, Louisiana, Maine, Mississippi, Missouri, Montana, New Mexico, North Dakota, South Carolina, South Dakota, Texas, Utah, West Virginia, and Wyoming.

- **Covered facilities**

Covered facilities include: Ambulatory surgical facilities – A facility Accredited by the Joint Commission on Accreditation of Health Care Organizations or approved by the Carrier, designed for the treatment Of minor, elective surgical procedures on an ambulatory basis

- Extended care facility – A facility approved by the Carrier or eligible for payment under Medicare, possessing an organized medical staff providing continuous non-custodial inpatient care for convalescent patients not requiring acute hospital care yet not at a stable stage of illness.

- Hospice – A facility that provides short periods of stay for a terminally ill person in a home-like setting for either direct care or respite. This facility may be either free standing or affiliated with hospital. It must operate as an integral part of the hospice care program.
- Hospital – A facility conforming to the standards of and accredited by the Joint Commission on Accreditation of Health Care Organizations providing inpatient diagnosis and therapeutic facilities for surgical and medical diagnosis, treatment and care of injured and sick persons by or under the supervision of a staff of licensed doctors of medicine (M.D.) or licensed doctors of osteopathy (D.O.). The hospital must provide continuous 24-hour-a-day professional registered nursing (R.N.) services and may not be an extended care facility (other than an approved ECF); a nursing home; a place of rest; an institution for exceptional children, the aged, drug addicts, or alcoholics; or custodial or domiciliary institution having the primary purpose of furnishing food, shelter, training, or non-medical personal services. This definition includes college infirmaries and Veterans administration hospitals.
- Non-participating hospital – a hospital not having, at the time services are rendered, a participating agreement with the Blue Cross Plan in the area where services are rendered. College infirmaries and Veterans Administration hospitals are considered non-participating hospitals. The Carrier may, at its discretion, recognize any institution located outside of the 50 states and District of Columbia as a non-participating hospital.
- Participating hospital – A participating hospital having, at the time services are rendered, a participating agreement with the Blue Cross Plan in the area where services are rendered, and thereby agreeing to complete and file claims for covered hospital billed services on behalf of covered patients, to admit covered patients without requiring admission deposits, and to accept benefit payments directly from the Blue Cross Plan with which the hospital participates.
- Cancer research facility – A facility that is:
 - 1) A National Cooperative Cancer Study Group Institution that is funded by the National Cancer Institute (NCI), and has been approved by a cooperative Group as a bone marrow transplant center;
 - 2) A NCI-designated Cancer Center; or
 - 3) An Institution that has an NCI-funded, peer-review grant to study allogenic bone marrow transplants of autologous bone marrow transplants (autologous stem cell support) and autologous peripheral stem cell support.
- Renal dialysis center – A freestanding facility approved by the Carrier and designed specifically for the treatment of chronic renal disease.

What you must do to get covered care

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

Transitional Care

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your specialist because we terminate our contract with specialist for other than cause,

you may be able to continue seeing your specialist and receive benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and any benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

Hospital care:

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 800-424-7474 extension 6039 or 202-479-6039.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person.

How to Get Approval for...

• Your hospital stay

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of precertification. Because you are still responsible for ensuring that we are asked to precertify your care, you should always ask your physician or hospital whether they have contacted us.

Warning:

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. In addition, if the stay is not medically necessary, we will not pay any benefits.

How to precertify an admission:

- You, your representative, your doctor, or your hospital must call us at 866-PREAUTH at least two days before admission.
- If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the doctor, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- Provide the following information:
 - Enrollee's name and Plan identification number;
 - Patient's name, birth date, and phone number;
 - Reason for hospitalization, proposed treatment, or surgery;
 - Name and phone number of admitting doctor;
 - Name of hospital or facility; and
 - Number of planned days of confinement.
- We will then tell the doctor and/or hospital the number of approved inpatient days and we will send written confirmation of our decision to you, your doctor, and the hospital.

Maternity care

You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then your physician or the hospital must contact us for precertification of additional days for your baby.

If your hospital stay needs to be extended:

If your hospital stay -- including for maternity care -- needs to be extended, your doctor or the hospital must ask us to approve the additional days.

What happens when you do not follow the precertification rules

If no one contacted us, we will decide whether the hospital stay was medically necessary.

- If we determine that the stay was medically necessary, we will pay the inpatient charges, less the \$500 penalty.
- If we determine that it was not medically necessary for you to be an inpatient, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis.
- If we denied the precertification request, we will not pay inpatient hospital benefits. We will only pay for any covered medical supplies and services that are otherwise payable on an outpatient basis

- When we precertified the admission but you remained in the hospital beyond the number of days we approved and did not get the additional days precertified, then:

--- for the part of the admission that was medically necessary, we will pay inpatient benefits, but

--- for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

Exceptions:

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States.
- You have another group health insurance policy that is the primary payer for the hospital stay.
- Your Medicare Part A is the primary payer for the hospital stay.
Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payer and you **do** need precertification.

• **Other services**

Some services require precertification.

- All inpatient medical services.
- All inpatient mental health and substance abuse services.

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for your covered care:

- **Copayments** A copayment is a fixed amount of money you pay to the pharmacy when you receive services.

Example: When you purchase prescription drugs you pay a copay of \$10 generic/\$20 brand name for network retail and \$20 generic/\$40 brand name for mail order. If you are enrolled in a Medicare Part B, the Plan will waive the mail order copays.

- **Deductible** A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- The calendar year deductible is \$200 per person. Under a family enrollment, the deductible is satisfied for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$400.

Note: If you change plans during open season you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

And, if you change options in this Plan during the year, we will credit the amount covered expenses already applied toward the deductible of your old option to deductible of your new option.

- **Coinsurance** Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance doesn't begin until you meet your \$200 per calendar year deductible.

Example: You pay 20% of our allowance for office visits.

Note: If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician charges \$100 for a service, but routinely waives your 20% coinsurance, the actual charge is \$80. We will pay \$64.

•Differences between our allowance and the bill

Our "Plan allowance" is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10, page 70.

Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

- **Participating providers (Par)**, agree to limit what they will bill you. Because of that, when you use a participating provider, your share of covered charges consists only of your deductible and coinsurance. Here is an example: You see a Participating physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, you pay just - 20% of our \$100 allowance (\$20). Because of the agreement, your Participating physician will not bill you for the \$50 difference between our allowance and his bill.
- **Non-Participating providers (Non-Par)**, on the other hand, have no agreement to limit what they will bill you. When you use a Non-Par provider, you will pay your deductible and coinsurance -- **plus** any difference between our allowance and charges on the bill. Here is an example: You see a Non-Par physician who charges \$150 and our allowance is again \$100. Because you've met your deductible, you are responsible for your coinsurance, so you pay 20% of our \$100 allowance (\$20). Plus, because there is no agreement between the non-Par physician and us, he can bill you for the \$50 difference between our allowance and his bill.

The following table illustrates the examples of how much you have to pay out-of-pocket for services from a Par physician vs. a non-Par physician. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

EXAMPLE	Par physician	Non-Par physician
Physician's charge	\$150	\$150
Our allowance	We set it at: \$100	We set it at: \$100
We pay	80% of our allowance: \$80	80% of our allowance: \$80
You owe: Coinsurance	20% of our allowance: \$20	20% of our allowance: \$20
+Difference up to charge?	No: \$0	Yes: \$50
TOTAL YOU PAY	\$20	\$70

Your out-of-pocket maximum for deductibles and coinsurance

For those services with coinsurance, the Plan pays 100% of the Carrier allowance charges for the remainder of the calendar year after the calendar year deductible is met, if out-of-pocket expenses for the deductible and the coinsurance in that calendar year exceed \$1000 per member or \$2000 per family.

Out-of-Pocket expenses for the purposes of this benefit are:

- The calendar year deductible;
- The 20% you pay for Surgical Benefits;
- The 20% you pay for Maternity Benefits; and
- The 20% you pay for Other Medical Benefits.

The following cannot be counted toward out-of-pocket expenses:

- Expenses for Inpatient Hospital Benefits;
- Expenses in excess of the Carrier allowance or maximum benefit limitations;
- Expenses for mental conditions, substance abuse or dental care;
- Any amounts you pay if benefits have been reduced because of non-compliance with this Plan's cost containment requirements ;
- Expenses for prescription drugs purchase through retail or mail program.
- Inpatient hospital per admission deductible.

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to the plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before the effective date of your coverage in this Plan.

If you have already met the covered out-of-pocket maximum expense level in full, your old plan's catastrophic protection benefit will continue to apply until the effective date of your coverage in this plan.

If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expense until the prior year's catastrophic level is reached and then apply the catastrophic benefit to covered out-of-pocket expenses incurred from that point until the effective date. The old plan will pay these covered expenses according to this year's benefits; benefit changes are effective on January 1.

When government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

When you are age 65 or over and you do not have Medicare

Under the FEHB law, we must limit our payments for those benefits you would be entitled to if you had Medicare. And, your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. The following chart has more information about the limits.

If you...

- are age 65 or over, and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, **or** as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

Then, for your inpatient hospital care,

- the law requires us to base our payment on an amount -- the "equivalent Medicare amount" -- set by Medicare's rules for what Medicare would pay, not on the actual charge;
- you are responsible for your applicable deductibles or coinsurance you owe under this Plan;
- you are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you; and
- the law prohibits a hospital from collecting more than the Medicare equivalent amount.

And, for your physician care, the law requires us to base our payment and your coinsurance on...

- an amount set by Medicare and called the "Medicare approved amount," or
- the actual charge if it is lower than the Medicare approved amount.

If your physician...	Then you are responsible for...
Participates with Medicare or accepts Medicare assignment for the claim	your deductibles, coinsurance, and copayments;
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Our Explanation of Benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

**When you have the
Original Medicare Plan
(Part A, Part B, or both)**

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

If you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim.

- If your physician accepts Medicare assignment, then you pay our deductible and coinsurance.
- If your physician does not accept Medicare assignment, then you pay the difference between the charge and our payment combined with Medicare's payment and the charge.

Note: The physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the "limiting charge." The Medicare Summary Notice (MSN) form that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask your physician to reduce the charges. If the physician does not, the physician to your Medicare carrier who sent you the MSN form. Call us if you need further assistance.

Please see Section 9, Coordinating benefits with other coverage, for more information about how we coordinate benefits with Medicare.

Section 5. Benefits -- OVERVIEW

(See page 10 for how our benefits changed this year and page 79 for a benefits summary.)

NOTE: This benefits section is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to the benefits in the following subsections. Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$200 per person (\$400 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, Your costs for covered services for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and 5(b), the calendar year deductible applies to only a few benefits. In that case, we added “(calendar year deductible applies)”. The calendar year deductible is: \$200 per person (\$400 per family).
- Be sure to read Section 4, *Your costs for covered services* for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e. hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e. physicians, etc.) are in Sections 5(a) or (b).
- **YOU MUST GET PRECERTIFICATION OF HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies, what they all have in common is the need for quick action.

What is an accidental injury?

An accidental injury is a bodily injury sustained solely through violent, external, and accidental means, such as broken bones, animal bites, and poisonings. We do cover dental care for accidental injury.

Benefit Description	You pay After the calendar year deductible...

You may choose to get care Out-of-Network or In-Network. When you receive In-Network care, you must get our approval for services and follow a treatment plan we approve. If you do, cost-sharing and limitations for In-Network mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible or, for facility care, the inpatient deductible apply to almost all benefits in this Section. We say “(no deductible)” to show when a deductible does not apply to Description header.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits descriptions below.
- In-Network mental health and substance abuse benefits are below, then Out-of-Network benefits begin on page 46

Preauthorization

To be eligible to receive these enhanced mental health and substance abuse benefits you must obtain a treatment plan and follow all of the following network authorization processes:

You, your representative, your doctor, or your hospital must call CareFirst BlueCross Blue Shield for medical admissions, at least two days prior to admission. The toll free number is 866-PREAUTH. For mental health and substance abuse admissions call Magellan at 1-800-245-7013.

Out-of Network benefits	You pay
Professional services to treat mental conditions and substance abuse	After \$200 mental conditions/substance abuse calendar year deductible, any difference between the plan allowance and the provider's charge.
Inpatient care to treat mental conditions includes ward or semiprivate accommodations and other hospital charges	After a \$200 deductible per admission to a non-Par hospital, any difference between the plan allowance and the provider's charge.
Inpatient care to treat substance abuse includes room and board and ancillary charges for confinements in a treatment facility for rehabilitative treatment of alcoholism or substance abuse	After \$200 inpatient substance abuse calendar year deductible, any difference between the plan allowance and the provider's charge.
<i>Not covered out-of-network;</i> <ul style="list-style-type: none"> • <i>Services by pastoral, marital, drug/alcohol and other counselors</i> • <i>Treatment for learning disabilities and mental retardation</i> • <i>Services rendered or billed by schools, residential treatment centers or halfway houses or members of their staff</i> 	<i>All charges</i>

Lifetime Maximum

Out-of-network inpatient care for the treatment of alcoholism and drug abuse is limited to one treatment program (28-day maximum) per lifetime.

Precertification

The medical necessity of your admission to a hospital or covered facility must be precertified for you to receive these Out-of-Network benefits. Emergency admissions must be reported within two business days following the days of admission even if you have been discharged. Otherwise the benefits payable will be reduced by \$500. See Section 3 for details. Call Magellan for precertification at 1-800-245-7013.

See these sections of the brochure for more valuable information about these benefits:

- Section 3, *How you get care*, for information about catastrophic protection for these benefits.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a pharmacy that participates with Advance Paradigm, Inc, a non-network pharmacy, or by mail. We pay a higher level of benefits when you use a network pharmacy.
- **These are the dispensing limitations:**
 - Simply present your identification card together with the prescription to the pharmacist. Under the Prescription Drug Card Program, you may only obtain a 30-day supply and one refill. For the initial 30-day supply and the one refill, you pay \$20 for brand name and \$10 for generic drugs. You may fill your prescription at a participating pharmacy. You may obtain the names of participating pharmacies by calling AdvancePCS Member Services at 1-800-241-3371.
 - Through the AdvancePCS Mail Order Service you may receive up to a 90-day supply of maintenance medications for drugs which require a prescription, diabetic supplies, and insulin (including syringes) and oral contraceptives. You may receive refills of the original prescription for up to one year. You must pay a copayment of \$40 for brand name drugs and \$20 for generic drugs

We will send you information on the Mail Order Program. To use the Program:

- 1) Complete the Mail Order Form. Complete the information on the back of the pre-addressed envelope.
- 2) Enclose your prescription and your \$20 or \$40 copayment.
- 3) Mail your order in the pre-addressed envelope to AdvancePCS, P.O. Box 830070, Birmingham, AL 35283-0070.
- 4) Allow approximately two weeks for delivery.

You will receive forms for refills and future prescription orders each time you receive drugs or supplies under this Program. In the meantime, if you have any questions about a particular drug or a prescription, and to request your first order forms, you may call toll free: 1-800-241-3371 from 8 a.m. to 11 p.m. Monday through Friday, 8 a.m. to 7 p.m. on Saturday, and 8 a.m. to 5:30 p.m. on Sunday, EST. Emergency consultation is available seven days a week, 24 hours per day.

Prescription drugs (Continued)

- A generic equivalent will be dispensed if it is available, unless our physician specifically requires a name brand. If you receive a name brand drug when a Federally approved generic drug is available, and your physician has not specified “Dispense as Written” for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic.
- **Why use generic drugs?** A generic drug is a prescription drug that by law must have the same chemical composition as a specific brand-name prescription drug. Generic medications that are recommended for use by CareFirst members have been thoroughly evaluated and certified by the FCA as bioequivalent to their brand-name counterparts. Using generics saves you money, yet provides the same quality.

When you have to file a prescription drug claim. Use a claim form to claim benefits for prescription drugs and supplies you purchased (without your AdvanceRx drug card). You may obtain these forms by calling 1-800-241-3371. Follow instructions on the form and mail it to the address referenced on this page.

If a participating pharmacy is not available where you reside or you do not use your identification Card, you must submit your claim to:

AdvancePCS
P.O. Box 830070
Birmingham Al 35283-0070

Your claim will be reimbursed subject to the copayment level shown above and based on SSEHA’s cost for the drug had a participating pharmacy been used.

Claims must be filed within 12 months of the date of service.

Note: If you are enrolled in a Medicare Part B, the Plan will waive the \$20 or \$40 copayment ONLY through the Mail Order Program. Notify your personnel office when you become medicare eligible in order to receive this benefit.

Section 5 (g). Special features

BlueCard Program

- BlueCard Program. The independent Blue Cross and Blue Shield licensees throughout the country are working together in a new cooperative arrangement called the BlueCard Program. Under this program, if the Member receives services outside the CareFirst service area from a health care provider that participates with another Blue Cross and/or Blue Shield licensee (“Host Plan”), the Member is responsible only for the Coinsurance, Copayment, and/or Deductible. The calculation of the Member's liability for covered services for claims incurred will be processed through the BlueCard Program. The Member's Coinsurance, Copayment, and/or Deductible payments will be based on the lower of the provider's billed charges or the negotiated rate that CareFirst pays the Host Plan.

The negotiated rate paid by CareFirst to the Host plan for health care services provided through the BlueCard Program will represent one of the following:

- the actual price paid on the claim; or
- an estimated price that reflects adjusted aggregate payments expected to result from settlements or other non-claims transactions with all of the host plan's health care providers OR one or more particular providers; or
- a discount from billed charges representing the Host plan's expected average savings for all of its providers or for a specified group of providers.

Host Plans using either the estimated price or average savings factor may prospectively adjust the estimated or average price to correct for overestimated or underestimated past prices.

In addition, in a small number of states, statutes require Blue Cross and/or Blue Shield Plans to use a basis for calculating the Member's liability for covered services that does not reflect the entire savings realized or expected to be realized on a particular claim. Therefore, when this payment method results in a conflict of statutes or regulations between two states, CareFirst is obligated to comply with the statutes of the jurisdiction in which this Agreement was issued.

Special features (<i>continued</i>)	Description

Section 6. General exclusions – things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury or condition.**

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program;
- Services, drugs, or supplies you receive without charge while in active military service;
- Services and supplies furnished by immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage or adoption;
- Services and supplies furnished or billed by a non-covered facility, except that medically necessary prescription drugs are covered;
- Services and supplies not specifically listed as covered;
- Any portion of a provider's fee or charge that is ordinarily due from the enrollee but has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible or coinsurance, the Carrier will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived;
- Charges the enrollee or Plan has no legal obligation to pay, such as; excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see page 19), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare (limiting charge; see page 20), or State premium taxes however applied;
- Rest, institutional, or rehabilitation care not specifically stated as covered;
- Treatment of obesity; weight reduction, except surgery for morbid obesity;
- Biofeedback;
- Charges for stand-by services;
- Any portion of a charge which is determined by the Carrier to be in excess of the carrier allowance;
- Charges for completion of claim forms or similar charges;
- Charges for services rendered to a patient after the date of death; or
- Travel, even if prescribed by a doctor.

Section 7. Filing a claim for covered services

How to claim benefits

To obtain claim forms or other claims filing advice or answers about our benefits, contact us at 800-424-7474 ext. 6039 or 202-479-6039, or at our website at www.CareFirst.com.

In most cases, providers and facilities file claims for you. Your physician must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 1-800-424-7474 or 202-479-6039.

When you must file a claim -- such as for services you receive overseas or when another group health plan is primary -- submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee;
- Plan identification number of the enrollee;
- Name and address of person or firm providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; and
- The charge for each service or supply.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- You must send a copy of the explanation of benefits (EOB) from any primary payer (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse.
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed.
- Claims for prescription drugs and supplies that are not ordered through the Mail Service Prescription Drug Program must include receipts that include the prescription number, name of drug or supply, prescribing physician's name, date, and charge.

- We will not provide translation and currency conversion for claims overseas (foreign) services.

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. Once we pay benefits, there is a three-year limitation on the reissuance of uncashed checks.

Overseas Claims

For covered services you receive in hospitals outside the US and Puerto Rico and performed by physicians outside the United States send a completed claim form and the itemized bill 550 12th Street, SW, Washington, DC 20065. Obtain Overseas Claim forms and send any written inquiries concerning the processing of overseas claims to this address.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization/prior approval:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <p>Write to us within 6 months from the date of our decision; and</p> <ul style="list-style-type: none">(a) Send your request to us at: Member Services, 550 12th St. S.W. , Washington D.C. 20065 and(b) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and(c) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">(a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or(b) Write to you and maintain our denial -- go to step 4; or(c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: Office of Personnel Management, Office of Insurance Programs, Health Benefits Contracts Division II, 1900 E Street, NW, 20415-3630.</p>

The Disputed Claims process (*Continued*)

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

- 5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

- 6** If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 866-PREAUTH and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Benefits Contracts Division II at 202/606-3818 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage You must tell us if you or a covered family member have coverage under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older
- Some people with disabilities, under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for information.
- Part B (Medical Insurance). Most pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check

If you are eligible for Medicare, you may have choices in how you get your healthcare. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare +Choice Plan you have.

●The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare is a Medicare+Choice plan that is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare along with this plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be pre-certified by the Plan.

Claims process when you have Original Medicare Plan-- You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claims, call us at 800-424-7474 extension 6039 toll free outside the Washington, DC area; or 202-479-6039. (You may also contact us at our web site at <http://www.carefirst.com>.)

We waive some costs when you have the Original Medicare Plan-- When Original Medicare is the primary payer, we will waive some out-of-pocket costs, as follows:

- Medical services and supplies provided by physician and other healthcare professionals.
- If you are enrolled in Medicare Part B, we will waive the \$20 or \$40 Mail order Copayment.

The following chart illustrates whether Original Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

- **Medicare managed care plan**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and another plan's Medicare managed care plan: You may enroll in another plan's Medicare managed care plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan's network and/or service area, but we will not waive any of our coinsurance or deductibles. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare managed care plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare managed care plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare managed care plan premium.) For information on suspending your FEHB enrollment contact your retirement office. If you later want to re-enroll in the FEHB program, generally you may only do so at the next Open Season unless you involuntarily lose coverage or move out of the Medicare managed care plan's service area.

- **Private Contract with your physician**

A physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment.

- **If you do not enroll in Medicare Part A or Part B**

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can't get premium-free Part A, we will not ask you to enroll in it.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:

If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 16.
Copayment	A copayment is a fixed amount of money you pay to the pharmacy when you receive covered services. See page 16.
Covered services	Services we provide benefits for, as described in this brochure.
Custodial care	<p>Treatment or services, regardless of who recommends them or where they are provided, that could be rendered safely and reasonably by a person not medically skilled, or that are designed mainly to help the patient with daily living activities. “Custodial care that lasts 90 days or more is sometimes known as Long Term Care”. These activities include but are not limited to:</p> <ol style="list-style-type: none">1) Personal care such as help in: walking; getting in and out of bed; bathing; eating by spoon, tube or gastrostomy; exercising; dressing;2) homemaking, such as preparing meals or special diets;3) moving the patient;4) acting as companion or sitter;5) supervising medication that can usually be self administered; or6) treatment or services that any person may be able to perform with minimal instruction, including but not limited to recording temperature, pulse, and respirations, or administration and monitoring of feeding systems. <p>The Carrier determines which services are custodial care.</p>
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 16.

Experimental or investigational services

A medical treatment or procedure, or a drug, device or biological product is experimental or investigational if 1) reliable evidence shows that it is the subject of ongoing phase I, II or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or 2) reliable evidence shows that the consensus of opinion among experts regarding the drug, device or biological product, or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same, drug, or medical treatment or procedure. If you desire additional information concerning the experimental/investigational determination process, please contact the Plan

Group health coverage

Health care coverage that a member is eligible for because of employment, membership in, or connection with, a particular organization or group that provides payment for hospital, medical, or other health care services or supplies, including extension of any of these benefits through COBRA. Group health coverage also includes coverage that pays a specific amount for each day or period of hospitalization if the specified amount exceeds \$100 per day. The Carrier will coordinate benefits against the amount that exceeds \$100 per day.

Medical necessity

Services, supplies or equipment provided by a hospital or covered provider of the health care services that the Carrier determines:

- 1) are appropriate to diagnose or treat the patient's condition, illness, or injury;
- 2) are consistent with standards of good medical practice in the United States;
- 3) are not primarily for the personal comfort or convenience of the patient, the family, or the provider;
- 4) are not a part of or associated with the scholastic education or vocational training of the patient; and
- 5) in case of inpatient care, cannot be provided safely on an outpatient basis.

The fact that a covered provider has prescribed, recommended, or approved a service, supply or equipment does not, in itself, make it medically necessary.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

For claims in the Washington D.C. area, Resource Based Relative Value Scale (RBRVS) is the methodology we use for paying physicians based on a schedule of relative procedure values which reflect the resource costs and effort used to perform each procedure.

Us/We

Us and we refer to SSEHA

You

You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the Federal Employees Health Benefits (FEHB) Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- if you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- if you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot make any changes after retirement. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time of the year, your employing office will tell you the effective date of coverage.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

• When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

• Spouse equity coverage

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to supply health coverage to you. But, you may be eligible for your own FEHB coverage under the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's website, www.opm.gov/insure.

• Temporary Continuation of Coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage²³. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information get OPM pamphlet RI 72-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site (www.opm.gov/insure/health); refer to the "TCC and HIPAA" frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, have information about Federal and State agencies you contact for more information.

Long Term Care Insurance Is Still Available!

Open Season for Long Term Care Insurance

- You can protect yourself against the high cost of long term care by applying for insurance in the Federal Long Term Care Insurance Program.
- Open Season to apply for long term care insurance through LTC Partners ends on December 31, 2002.
- If you're a Federal employee, you and your spouse need only answer a few questions about your health during Open Season.
- If you apply during the Open Season, your premiums are based on your age as of July 1, 2002. After Open Season, your premiums are based on your age at the time LTC Partners receives your application.

FEHB Doesn't Cover It

- Neither FEHB plans nor Medicare cover the cost of long term care. Also called "custodial care", long term care helps you perform the activities of daily living such as bathing or dressing yourself. It can also provide help you may need due to a severe cognitive impairment such as Alzheimer's disease.

You Can Also Apply Later, But...

- Employees and their spouses can still apply for coverage after the Federal Long Term Care Insurance Program Open Season ends, but they will have to answer more health-related questions.
- For annuitants and other qualified relatives, the number of health-related questions that you need to answer is the same during and after the Open Season.

You Must Act to Receive an Application

- Unlike other benefit programs, YOU have to take action – you won't receive an application automatically. You must request one through the toll-free number or website listed below.
- Open Season ends December 31, 2002 – act NOW so you won't miss the abbreviated underwriting available to employees and their spouses, and the July 1 "age freeze"!

2002 Rate Information for U.S. Secret Service Employees Health Association

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and a special FEHB guide is published for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization. Refer to the applicable FEHB Guide.
