Office of  
Personnel  
Management**

**Federal Employees  
Health Benefits Program  
RI 73 - 219**

# Health Options

Health Options, Inc. 8665 Baypine Road, Jacksonville, Florida 32256 has entered into a contract (CS 2035) with the Office of Personnel Management (OPM) as authorized by the Federal Employees Health Benefits (FEHB) law, to provide a comprehensive medical plan herein called Health Options, or the Plan.

This brochure is the official statement of benefits on which you can rely. A person enrolled in the Plan is entitled to the benefits stated in this brochure. If enrolled for Self and Family, each eligible family member is also entitled to these benefits.

Premiums are negotiated with each plan annually. Benefit changes are effective January 1, 1999, and are shown on the inside of the back cover of this brochure.

# Inspector General Advisory: Stop Health Care Fraud!

---

Fraud increases the cost of health care for everyone. Anyone who intentionally makes a false statement or a false claim in order to obtain FEHB benefits, or in order to increase the amount of FEHB benefits, is subject to prosecution for FRAUD. This could result in CRIMINAL PENALTIES. Please review all medical bills, medical records and claims statements carefully. If you find that a provider, such as a doctor, hospital, pharmacy, etc., charged your Plan for services you did not receive, billed for the same service twice, or misrepresented any other information, take the following actions:

- Call the provider (doctor, hospital, etc.) and ask for an explanation – sometimes the problem is a simple error.
- If the provider does not resolve the matter, or if you remain concerned, call your Plan at the Health Care Fraud toll free Hotline at 1-800-678-8355 and explain the situation.
- If the matter is not resolved after speaking to your Plan (and you still suspect fraud has been committed), call or write:

**THE HEALTH CARE FRAUD HOTLINE**  
**202/418-3300**

The Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street, N.W., Room 6400  
Washington, D.C. 20415

The inappropriate use of membership identification cards, e.g., to obtain services for a person who is not an eligible family member or after you are no longer enrolled in the Plan, is also subject to review by the Inspector General and may result in an adverse administrative action by your agency.

---

## General Information

---

### Confidentiality

Medical and other information provided to the Plan, including claim files, is kept confidential and will be used only: 1) by the Plan and its subcontractors for internal administration of the Plan, coordination of benefit provisions with other plans, and subrogation of claims; 2) by the law enforcement officials with authority to investigate and prosecute alleged civil or criminal actions; 3) by OPM to review a disputed claim or perform contract administration functions; 4) by OPM and the General Accounting Office when conducting audits as required by the FEHB law; or 5) for bona fide medical research or education. Medical data that does not identify individual members may be disclosed as a result of the bona fide medical research or education.

### If you are a new member

Use this brochure as a guide to coverage and obtaining benefits. There may be a delay before you receive your identification card and member information from the Plan. Until you receive your ID card, you may show your copy of the SF 2809 enrollment form or your annuitant confirmation letter from OPM to a provider of Plan facility as proof of enrollment in this Plan. If you do not receive your ID card within 60 days after the effective date of your enrollment, you should contact the Plan.

If you made your open season change by using Employee Express and have not received your new ID card by the effective date of your enrollment, call the Employee Express HELP number to request a confirmation letter. Use that letter to confirm your new coverage with Plan providers.

If you are a new member of this Plan, benefits and rates begin on the effective date of your enrollment, as set by your employing office or retirement system. **As a member of this Plan, once your enrollment is effective, you will be covered only for services provided or arranged by a Plan doctor, except in the case of emergency as described on page 12.** If you are confined in a hospital on the effective date, you must notify the Plan so that it may arrange for the transfer of your care to Plan providers. See *If you are hospitalized* on page 4.

FEHB plans may not refuse to provide benefits for any condition you or a covered family member may have solely on the basis that it was a condition that existed before you enrolled in a plan under the FEHB Program.

---

## General Information *continued*

---

### If you are hospitalized

If you change plans or options, benefits under your prior plan or option cease on the effective date of your enrollment in your new plan or option, unless you or a covered family member is confined in a hospital or other covered facility, is receiving medical care in an alternative care setting on the last day of your enrollment under the prior plan or option. In that case, the confined person will continue to receive benefits under the former plan or option until the earlier of (1) the day the person is discharged from the hospital or other covered facility (a move to an alternative care setting does not constitute a discharge under this provision), or (2) the day after the day all inpatient benefits have been exhausted under the prior plan or option, or (3) the 92nd day after the last day of coverage under the prior plan or option. However, benefits for other family members under the new plan will begin on the effective date. If your plan terminates participation in the FEHB Program in whole or in part, or if the Associate Director for Retirement and Insurance orders an enrollment change, this continuation of coverage provision does not apply; in such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

### Your responsibility

**It is your responsibility to be informed about your health benefits.** Your employing office or retirement system can provide information about when you may change your enrollment; who "family members" are; what happens when you transfer, go on leave without pay, enter military service, or retire; when your enrollment terminates; and the next open season for enrollment. Your employing office or retirement system will also make available to you an FEHB Guide, brochures and other materials you need to make an informed decision.

### Things to keep in mind

- The **benefits** in this brochure are effective on January 1 for those already enrolled in this Plan; if you changed plans or plan options, see "If you are a new member" above. In both cases, however, the Plan's new **rates** are effective the first day of the enrolled's first full pay period that begins on or after January 1 (January 1 for all annuitants).
- Generally, you must be continuously enrolled in the FEHB Program for the last five years before you retire to continue your enrollment for you and any eligible family members after you retire.
- The FEHB program provides Self Only coverage for the enrolled alone or Self and Family coverage for the enrolled, his or her spouse, and unmarried dependent children under age 22. Under certain circumstances, coverage will also be provided under a family enrollment for a disabled child 22 years of age or older who is incapable of self-support.
- An enrollee with Self Only coverage who is expecting a baby or the addition of a child may change to a Self and Family enrollment up to 60 days after the birth or addition. The effective date of the enrollment change is the first day of the pay period in which the child was born or became an eligible family member. The enrollee is responsible for his or her share of the Self and Family premium for that time period; both parent and child are covered only for care received from Plan providers, except for emergency benefits.
- You will not be informed by your employing office (or your retirement system) or your Plan when a family member loses eligibility.
- You must direct questions about enrollment and eligibility, including whether a dependent age 22 or older is eligible for coverage to your employing office or retirement system. The Plan does not determine eligibility and cannot change an enrollment status without the necessary information from the employing agency or retirement system.
- An employee, annuitant or family member enrolled in one FEHB plan is not entitled to receive benefits under any other FEHB plan.
- Report additions and deletions, including divorces of covered family members to the Plan promptly.
- If you are an annuitant or former spouse with FEHB coverage and you are also covered by Medicare Part B, you may drop your FEHB coverage and enroll in a Medicare prepaid plan when one is available in your area. If you later change your mind and want to re-enroll in FEHB, you may do so at the next open season, or whenever you involuntarily lose coverage in the Medicare prepaid plan or move out of the area it serves.

Most Federal annuitants have Medicare Part A. If you do not have Medicare Part A, you may enroll in a Medicare prepaid plan, but you will probably have to pay for hospital coverage in addition to the Part B premium. **Before** you join the plan, ask whether they will provide hospital benefits and, if so, what you will have to pay.

You may also remain enrolled in this Plan when you join a Medicare prepaid plan.

Contact your local Social Security Administration (SSA) office for information on local Medicare prepaid plans (also known as Coordinated Care Plans or Medicare HMOs) or request it from SSA at

---

## General Information *continued*

---

1-800/638-6833. Contact your retirement system for information on dropping your FEHB enrollment and changing to a Medicare prepaid plan. See page 16 for information on the Medicare prepaid plan offered by this Plan.

Federal annuitants are not required to enroll in Medicare Part B (or Part A) in order to be covered under the FEHB Program nor are their FEHB benefits reduced if they do not have Medicare Part B (or Part A).

### Coverage after enrollment ends

When an employee's enrollment terminates because of separation from federal service or when a family member is no longer eligible for coverage under an employee or annuitant enrollment, and the person is not otherwise eligible for FEHB coverage, he or she generally will be eligible for a free 31-day extension of coverage. The employee or family member also may be eligible for one of the following:

#### Former spouse coverage

When a Federal employee or annuitant divorces, the former spouse may be eligible to elect coverage under the spouse equity law. If you are recently divorced or anticipate divorcing, contact the employee's employing office (personnel office) or retiree's retirement system to get more facts about electing coverage.

#### Temporary continuation of coverage

If you are an employee whose enrollment is terminated because you separate from service, you may be eligible to temporarily continue your health benefits coverage under the FEHB Program in any plan for which you are eligible. Ask your employing office for RI 79-27, which describes TCC and for RI 70-5, the FEHB Guide for individuals eligible for (TCC). Unless you are separated for gross misconduct, TCC is available to you if you are not otherwise eligible for continued coverage under the Program. For example, you are eligible for TCC when you retire if you are unable to meet the five-year enrollment requirement for continuation of enrollment after retirement.

Your TCC begins after the initial free 31-day extension of coverage ends and continues for up to 18 months after your separation from service (that is, if you use TCC until it expires 18 months following separation, you will only pay for 17 months of coverage. Generally, you must pay the total premium (both the Government and employee shares) plus a 2 percent administrative charge. If you use your TCC until it expires, you are entitled to another free 31-day extension of coverage when you convert to nongroup coverage. If you cancel your TCC or stop paying premiums, the free 31-day extension of coverage and conversion option are not available.

**Children or former spouses** who lose eligibility for coverage because they no longer qualify as family members (and who are not eligible for benefits under the FEHB Program as employees or under the spouse equity law) also may qualify for TCC. They also must pay the total premium plus the 2 percent administrative charge. TCC for former family members continues for up to 36 months after the qualifying event occurs, for example, after the child reaches age 22 or the date of the divorce. This includes the free 31-day extension of coverage. When their TCC ends (except by cancellation or nonpayment of premium), child and former spouse enrollees are entitled to another free 31-day extension of coverage when they may convert to non-group coverage.

**NOTE:** If there is a delay in processing the TCC enrollment, the effective date of the enrollment is still the 32nd day after regular coverage ends. The TCC enrollee is responsible for premium payments retroactive to the effective date and coverage may not exceed the 18 or 36 month period noted above.

---

## General Information *continued*

---

### Notification and election requirements:

**Separating employees** — Within 61 days after an employee's enrollment terminates because of separation from service, his or her employing office must notify the employee of the opportunity to elect TCC. The employee has 60 days after separation (or after receiving the notice from the employing office, if later) to elect TCC.

**Children** — You must notify your employing office or retirement system when a child becomes eligible for TCC within 60 days after the qualifying event occurs, for example, the child reaches age 22 or marries.

**Former spouses** — you or your former spouse must notify the employing office or retirement system of the former spouse's eligibility for TCC within 60 days after the termination of the marriage. A former spouse may also qualify for TCC if, during the 36-month period of TCC eligibility, he or she loses spouse equity eligibility because of remarriage before age 55 or loss of the qualifying court order. This applies even if he or she did not elect TCC while waiting for spouse equity coverage to begin. The former spouse must contact the employing office within 60 days of losing spouse equity eligibility to apply for the remaining months of TCC to which he or she is entitled.

The employing office or retirement system has 14 days after receiving notice from you or the former spouse to notify the child or the former spouse of his or her rights under TCC. If a child wants TCC, he or she must elect it within 60 days after the date of the qualifying event (or after receiving the notice, if later). If a former spouse wants TCC, he or she must elect it within 60 days after any of the following events: the date of the qualifying, or the date he or she receives the notice, whichever is later; or the date he or she loses coverage under the spouse equity law because of remarriage before age 55 or loss of the qualifying court order.

**Important:** The employing office or retirement system must be notified of a child or former spouse's eligibility for TCC within the 60-day time limit. If the employing office or retirement system is not notified, the opportunity to elect TCC ends 60 days after the qualifying event in the case of a child and 60 days after the change in status in the case of a former spouse.

### Conversion to individual coverage

When none of the above choices are available—or chosen—when coverage as an employee or family member ends, or when TCC coverage ends (except by cancellation or nonpayment of premium), you may be eligible to convert to an individual, nongroup contract. You will not be required to provide evidence of good health and the Plan is not permitted to impose a waiting period or limit coverage for preexisting conditions. If you wish to convert to an individual contract, you must apply in writing to the carrier of the plan in which you are enrolled within 31 days after receiving notice of the conversion right from your employing agency. A family member must apply to convert within the 31-day free extension of coverage that follow the event that terminates coverage, for example, divorce or reaching age 22. Benefits and rates under the individual contract may differ from those under the FEHB Program.

### Certificate of Creditable Coverage

Under Federal law, if you are no longer covered by this Plan, you should automatically receive a Certificate of Group Health Plan Coverage from the Plan. This Certificate, along with any certificates you receive from other FEHB plans you may have been enrolled in, may reduce or eliminate the length of time a preexisting condition clause can be applied to you by a new non-FEHB insurer. If you do not receive a certificate automatically, you must be given one on request.

---

## Facts About this Plan

---

This Plan is a comprehensive medical plan, sometimes called a health maintenance organization (HMO). When you enroll in an HMO, you are joining an organized system of health care that arranges in advance with specific doctors, hospitals and other providers to give care to members and pays them directly for their services. Benefits are available **only** from Plan providers except during a medical emergency. **Members are required to select a personal doctor from among participating Plan primary care doctors.** Services of a specialty care doctor can only be received by referral from the selected primary care doctor. There are no claim forms when Plan doctors are used.

Your decision to join an HMO should be based on your preference for the plan's benefits and delivery system, not because a particular provider is in the plan's network. You cannot change plans because a provider leaves the HMO.

Because the Plan provides or arranges your care and pays the cost, it seeks efficient and effective delivery of health services. By controlling unnecessary or inappropriate care, it can afford to offer a comprehensive range of benefits. In addition to providing comprehensive health services and benefits for accidents, illness and injury, the Plan places great emphasis on preventive benefits such as office visits, physicals, immunizations and well-baby care. You are encouraged to get medical attention at the first sign of illness.

---

### Who provides care to Plan members?

Health Options provides health care services through a designated network of 1100 primary care doctors and 2240 consulting specialists, all of whom are board eligible or board certified. Health Options, Inc., a member can choose either a primary care doctor from one of the Plan's participating groups or an individual doctor who practices from his or her own private office. The primary care doctor provides or coordinates all the medical care a member needs, which includes hospital care, specialist referrals, prescriptions, etc. Inpatient care for referred members is provided by several medical centers throughout the Plan's Service Area.

### Role of a primary care doctor

The first and most important decision each member must make is the selection of a primary care doctor. The decision is important since it is through this doctor that all health services, particularly those of specialists, are obtained. It is the responsibility of your primary care doctor to obtain any necessary authorizations from the Plan before referring you to a specialist or making arrangements for hospitalization. Services of other providers are covered only **when** you have been referred by your primary care doctor, with the following exception: a woman may see her plan obstetrician/gynecologist for her annual routine examination without referral.

### Choosing your doctor

The Plan's Provider Directory lists primary care doctors (family practitioners, pediatricians, and internists) with their locations and phone numbers. Directories are provided to all enrollees at the time of enrollment or upon request by calling the Member Relations Department in Tampa at 813/882-0632, Hillsborough, Pinellas, Pasco, Manatee, Lee, and Sarasota at 800/583-9072, South Florida at 800/964-6595. Directories are subject to change without notice and are updated on a regular basis. You should check the current status of any provider by checking directly with the provider or by calling one of the numbers listed above.

Whether you are already a Plan member or are considering enrolling in this Plan, you should review the Plan's Provider Directory. If you are interested in receiving care from a specific provider, you should call the provider to verify his/her continued participation with the Plan. **It is important to know that when you enroll in this Plan, services are provided through the Plan's delivery system, but the continued availability and/or participation of any one doctor, hospital or other provider, cannot be guaranteed.** If you enroll, you will be asked to complete a primary care doctor selection form and send it directly to the Plan, indicating the name of the primary care doctor(s) selected for you and each member of your family. If you need help choosing a doctor, call the Plan. Members may change their doctor selection by notifying the Plan 30 days in advance.

If you are receiving services from a doctor who terminates a participation agreement, the Plan will provide payment for covered services until the Plan can make reasonable and medically appropriate provisions for the assumption of such services by a participating doctor.

### Information you have a right to know

All carriers in the FEHB Program must provide certain information to you. If you did not receive information about this Plan, you can obtain it by calling the Carrier at 813/882-0632 or 800/583-9072 Tampa or you may write the Plan at 4904 Eisenhower Blvd., Suite 200, Tampa, Florida 33643; or 800/964-6595 Miami or you may write the Plan at 8400 NW 33<sup>rd</sup> St., Suite 100, Miami, Florida 33122-1932.

---

## **Facts About this Plan** *continued*

---

### **Information that must be made available to you includes:**

- Plan's disenrollment rates for 1998
- Compliance with State and Federal Licensing or certification requirements and dates met. If noncompliant, the Carrier's reason for non compliance
- Accreditations by recognized accrediting agencies and the dates received
- Carrier's type of corporate form and years in existence
- Whether the carrier meets State, Federal, and accreditation requirements for fiscal solvency, confidentiality and transfer of medical records.

### **Referrals for specialty care**

Except in a medical emergency, or when a primary care doctor has designated another doctor to see patients when he or she is unavailable, you must receive a referral from your primary care doctor before seeing any other doctor or obtaining special services. Referral to a participating specialist is given at the primary care doctor's discretion; if non-Plan specialists or consultants are required, the primary care doctor will make arrangements for appropriate referrals.

If you have a chronic, complex or serious medical condition that causes you to see a Plan specialist frequently, your primary care doctor will develop a treatment plan with you and your health plan that allows an adequate number of direct access visits with that specialist. The treatment plan will permit you to visit your specialist without the need to obtain further referrals.

When you receive a referral from your primary care doctor, you must return to the primary care doctor after the consultation. All follow-up care must be provided or arranged by the primary care doctor. On referrals, the primary care doctor will give specific instructions to the consultant as to what services are authorized. If additional services or visits are suggested by the consultant, you must first check with your primary care doctor. Do not go to the specialist unless your primary care doctor has arranged for and the Plan has issued an authorization for the referral in advance.

### **Authorizations**

The Plan will provide benefits for covered services only when the services are medically necessary to prevent, diagnose or treat your illness or condition. Your plan doctor must obtain the Plan's determination of medical necessity before you may be hospitalized, referred for specialty care or obtain follow-up care from a specialist.

### **For new members**

If you are already under the care of a specialist who is a Plan participant, you must still obtain a referral from a Plan primary care doctor for the care to be covered by the Plan. If the doctor who originally referred you prior to joining this Plan is now your Plan primary doctor, you need only call to explain that you now belong to this Plan, and ask that a "referral form" be sent to the specialist for your next appointment.

If you are selecting a new primary care doctor and want to continue with the specialist, you must schedule an appointment so the primary care doctor can decide whether to treat the condition directly, or refer you back to the specialist.

### **Hospital Care**

If you require hospitalization, your primary care doctor or authorized specialist will make the necessary arrangements and continue to supervise your care.

### **Out-of-pocket maximum**

Copayments are required for a few benefits. However, copayments will not be required for the remainder of the calendar year after your out-of-pocket expenses for services provided or arranged by the Plan reach \$1,500 per Self Only enrollment or \$3,000 per Self and Family enrollment. This copayment maximum does not include costs of prescription drugs.

You should maintain accurate records of the copayments made, as it is your responsibility to determine when the copayment maximum is reached. You are assured a predictable maximum in out-of-pocket costs for covered health and medical needs. Copayments are due when service is rendered, except for emergency care.

---

## Facts About this Plan *continued*

---

### **Deductible carryover**

If you changed to this Plan during open season from a plan with a deductible and the effective date of the change was after January 1, any expenses that would have applied to that plan's deductible will be covered by your old plan if they are for care you got in January **before** the effective date of your coverage in this Plan. If you have already met the deductible in full, your old plan will reimburse these covered expenses. If you have not met it in full, your old plan will first apply your covered expenses to satisfy the rest of the deductible and then reimburse you for any additional covered expenses. The old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

### **Submit claims promptly**

When you are required to submit a claim to this Plan for covered expenses, submit your claim promptly. The Plan will not pay benefits for claims submitted later than December 31 of the calendar year following the year in which the expense was incurred unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

### **Experimental and Investigative determinations**

Health Options determines a drug, biological produce, device, medical treatment or procedure is experimental or investigational if reliable evidence shows it meets one of the following criteria:

- when applied to the circumstance of a particular patient, is the subject of ongoing Phase I, II or III clinical trials; or
- when applied to the circumstances of a particular patient, is under study with written protocol to determine maximum tolerated dose, toxicity, safety, efficacy, or efficiency in comparison to conventional alternatives; or
- is being delivered or should be delivered subject to the approval and supervision of an Institutional Review board as required and defined by the U. S. Food and Drug Administration (FDA); or
- is not generally accepted by the medical community.

### **Other considerations**

Plan providers will follow generally accepted medical practice in prescribing any course of treatment. Before you enroll in this Plan, you should determine whether you will be able to accept treatment or procedures which may be recommended by Plan providers.

### **The Plan's Service Area**

The service area for this Plan, where Plan provider and facilities are located, is described below. To enroll in this plan, you must live or work inside the service area. Benefits for care outside the service area are limited to emergency services as described on page 12.

Tampa Bay Area: Hernando, Hillsborough, Pasco, Pinellas, Lee, Manatee and Sarasota Counties

Dade and Broward Counties

Palm Beach and Martin Counties

If you or a covered family member move outside the service area, you may enroll in another approved plan. It is not necessary to wait until you move or for the open season to make such a change; contact your employing office or retirement system for information if you are anticipating a move.

---

# General Limitations

---

## Important notice

Although a specific service may be listed as a benefit, it will be covered for you only if, in the judgment of your Plan doctor, it is medically necessary for the prevention, diagnosis, or treatment of your illness or condition. **No oral statement of any person shall modify or otherwise affect the benefits, limitations and exclusions of this brochure, convey or void any coverage, increase or reduce any benefits under this Plan or be used in the prosecution or defense of a claim under this Plan.**

## Circumstances beyond Plan control

In the event of major disaster, epidemic, war, riot, civil insurrection, disability of a significant number of Plan providers, complete or partial destruction of facilities, or other circumstances beyond the Plan's control, the Plan will make a good faith effort to provide or arrange for covered services. However, the Plan will not be responsible for any delay or failure in providing service due to lack of available facilities or personnel.

## Arbitration of claims

Any claim for damages for personal injury, mental disturbance or wrongful death arising out of the rendition or failure to render services under this contract must be submitted to binding arbitration.

## Other sources of benefits

This section applies when you or your family members are entitled to benefits from a source other than this Plan. You must disclose information about other sources of benefits to the Plan and complete all necessary documents and authorizations requested by the Plan.

### Medicare

If you or a covered family member is enrolled in this Plan and Medicare Part A and/or Part B, the Plan will coordinate benefits according to Medicare's determination of which coverage is primary. However this Plan will not cover services, except those for emergencies, unless you use Plan providers. You must tell your Plan that you or your family member is eligible for Medicare. Generally, that is all you will need to do, unless your Plan tells you that you need to file a Medicare claim.

### Group health insurance and automobile insurance

This coordination of benefits (double coverage) provision applies when a person covered by this Plan also has, or is entitled to benefits from any other group health coverage, or is entitled to the payment of medical and hospital costs under no-fault or other automobile insurance that pays benefits without regard to fault. Information about the other coverage must be disclosed to this Plan.

When there is double coverage for covered benefits, other than emergency services from non-Plan providers, this Plan will continue to provide its benefits in full, but is entitled to receive payment for the service and supplies provided, to the extent that they are covered by the other coverage, no-fault or other automobile insurance or any other primary plan.

One plan normally pays its benefits in full as the primary payer, and the other plan pays a reduced benefit as the secondary payer. When this Plan is the secondary payer, it will pay the lesser of (1) its benefits in full, or (2) a reduced amount which, when added to the benefits payable by the other coverage, will not exceed reasonable charges. The determination of which health coverage is primary (pays its benefits first) is made according to guidelines provided by the National Association of Insurance Commissioners. When benefits are payable under automobile insurance, including no-fault, the automobile insurer is primary (pays its benefits first) if it is legally obligated to provide benefits for health care expenses without regard to other health benefits coverage the enrolled may have. This provision applies whether or not a claim is filed under the other coverage. When applicable, authorization must be given this Plan to obtain information about benefits or services available from the other coverage, or to recover overpayments from other coverages.

### CHAMPUS

If you are covered by both this Plan and the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), this Plan will pay benefits first. As a member of a prepaid plan, special limitations on your CHAMPUS coverage apply; your primary provider must authorize all care. See your CHAMPUS Health Benefits Advisor if you have questions about CHAMPUS coverage.

### Medicaid

If you are covered by both this Plan and Medicaid, this Plan will pay benefits first.

### Workers' compensation

The Plan will not pay for services required as the result of occupational disease or injury for which any medical benefits are payable under workers' compensation (under section 8103 of title 5, U.S.C.) or by a similar agency under another Federal or State law. This provision also applies when a third party injury settlement or other similar proceeding provides medical benefits in regard to a claim (or potential claim) under workers' compensation or similar laws. If medical benefits provided under such laws are exhausted, this Plan will be financially responsible for services or supplies that are otherwise covered by this Plan. The Plan is entitled to be reimbursed by OWCP (or the similar agency) for services it provided that were later found to be payable by OWCP (or the agency).

---

## General Limitations *continued*

---

### DVA facilities, DoD facilities, and Indian Health Service

Facilities of the Department of Veterans Affairs,, Department of Defense, and Indian Health Service are entitled to seek reimbursement from the Plan for certain services and supplies provided to you or a family member to the extent that reimbursement is required under the Federal statutes governing such facilities.

### Other Government agencies

The Plan will not provide benefits for services and supplies paid for directly or indirectly by any other local, State, or Federal Government agency.

### Liability insurance and third party actions

If a covered person is sick or injured as a result of the act or omission of another person or party, the Plan requires that it be reimbursed for the benefits provided in an amount not to exceed the amount of the recovery, or that it be subrogated to the person's rights to the extent of the benefits received under this Plan, including the right to bring suit in the person's name. **If you need more information about subrogation, the Plan will provide you with its subrogation procedures.**

---

## General Exclusions

---

All benefits are subject to the definitions, limitations and exclusions in this brochure. **Although a specific service may be listed as a benefit, it will not be covered for you unless your Plan doctor determines it is medically necessary to prevent diagnoses, or treat your illness or condition as discussed under Authorizations on page 7. The following are excluded:**

- Care by non-Plan doctors or hospitals except for authorized referrals or emergencies (see *Emergency Benefits*);
- Expenses incurred while not covered by this Plan;
- Services furnished or billed by a provider or facility barred from the FEHB program;
- Services not required according to accepted standards of medical, dental, or psychiatric practice;
- Custodial care, rest cures, domiciliary or convalescent care;
- Procedures, treatments, drugs or devices that are experimental or investigational;
- Procedures, services, drugs and supplies related to sex transformations; and
- Procedures, services, drugs and supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of rape or incest.

---

## Medical and Surgical Benefits

---

### What is covered

A comprehensive range of preventive, diagnostic and treatment services is provided by Plan doctors and other Plan providers. This includes all necessary office visits; **you pay** a \$5 office visit copay, but no additional copay for laboratory tests and X-rays. **You pay** a \$5 office visit copay for annual self-referral visit to Plan gynecologist. Within the Service Area, house calls will be provided if in the judgement of the Plan doctor such care is necessary and appropriate; you pay nothing for a doctor's house call, and nothing for home visits by nurses and health aides.

Plan doctors also provide all necessary medical or surgical care in hospital or extended care facility, **at no additional cost to you.**

The following services are included and are subject to the office visit copay unless stated otherwise:

- Preventive care, including well-baby care and periodic check-ups
- Mammograms are covered as follows: for women age 35 through 39, one mammogram during these five years; for women age 40 through 49, one mammogram every one or two years; for women age 50 through 64, one mammogram every year; and for women age 65 and above, one mammogram every two years. In addition to routine screening, mammograms are covered when prescribed by the doctor as medically necessary to diagnose or treat your illness.
- Routine immunizations and boosters
- Eye and ear screening for children through age 18
- Consultations by specialists
- Diagnostic procedures including laboratory tests and X-rays
- Complete obstetrical (maternity) care for all covered females, including prenatal, delivery and postnatal care by a Plan doctor. Copays are waived for maternity care. The mother, at her option, may remain in the hospital up to 48 hours after a regular delivery and 96 hours after a caesarean delivery.

---

## Medical and Surgical Benefits *continued*

---

Inpatient stays will be extended if medically necessary. If enrollment in the Plan is terminated during pregnancy, benefits will not be provided after coverage under the Plan has ended. Ordinary nursery care of the newborn child during the covered portion of the mother's hospital confinement for maternity will be covered under either a Self Only or Self and Family enrollment; other care of the infant requiring definitive treatment will be covered only if the infant is covered under a Self and Family enrollment.

- Voluntary sterilization and family planning services
- Diagnosis and treatment of diseases of the eye
- Allergy testing and treatment, including test and treatment materials (such as allergy serum)
- Nonexperimental implants
- Chiropractic services
- Cornea, heart, heart/lung, double and single lung, pancreas, kidney and liver transplants; allogeneic (donor) bone marrow transplants; (autologous stem cell and peripheral stem cell support) for the following conditions: acute lymphocytic or non-lymphocytic leukemia, advanced Hodgkin's lymphoma, advanced non-Hodgkin's lymphoma, breast cancer, multiple myeloma, epithelial ovarian cancer, advanced neuroblastoma and testicular, mediastinal, retroperitoneal and ovarian germ cell tumors. Treatment for breast cancer, multiple myeloma and epithelial ovarian cancer is subject to approval by the Plan's Medical Director. Related hospital and medical expenses of the donor are covered when the recipient is a member of the Plan.
- Women who undergo mastectomies may, at their option, have this procedure performed on an inpatient basis and remain in the hospital up to 48 hours after the procedure
- Dialysis
- Chemotherapy, radiation therapy, and inhalation therapy
- Surgical treatment of morbid obesity
- Home health services of nurses and health aides, when prescribed by your Plan doctor, who will periodically review the program for continuing appropriateness and need

### Limited Benefits

**Oral and maxillofacial surgery** is provided for nondental surgical and hospitalization procedures for congenital defects, such as cleft lip and cleft palate, and for medical or surgical procedures occurring within or adjacent to the oral cavity or sinuses including, but not limited to, treatment of fractures and excision of tumors and cysts. All other procedures involving the teeth or intra-oral areas surrounding the teeth are not covered, including any dental care involved in treatment of temporomandibular joint (TMJ) pain dysfunction syndrome.

**Reconstructive surgery** will be provided to correct a condition which has resulted in a functional defect or that has resulted from injury or surgery that has produced a major effect on the member's appearance and the condition can reasonably be expected to be corrected by such surgery.

**Diagnosis and treatment of infertility**, including **artificial insemination**, is covered; you pay a \$25 office visit copay. The following types of artificial inseminations are covered: intravaginal insemination (IVI); intracervical insemination (ICI); and intrauterine insemination (IUI) Cost of donor sperm is not covered. Other **assisted reproductive technology (ART) procedures** that enable a woman with otherwise untreatable infertility to become pregnant through other artificial conception procedures such as in vitro fertilization and embryo transfer are not covered. Fertility drugs are not covered.

**Short-term rehabilitative therapy** (physical, speech and occupational) is provided on an inpatient or outpatient basis for up to two months per condition if significant improvement can be expected within two months. (**You pay** nothing per outpatient session.) Speech therapy is limited to treatment of certain speech impairments of organic origin. Occupational therapy is limited to services that assist the member to achieve and maintain self-care and improved functioning in other activities of daily living.

**Cardiac rehabilitation** following a heart transplant, bypass surgery or a myocardial infarction is provided for up to 2 months. **You pay** nothing.

Coverage for **orthopedic devices**, **prosthetic devices**, and **durable medical equipment** is limited to the following when authorized by a primary care doctor: crutches, canes, braces, wheelchairs, cardiac pacemakers and artificial limbs and eyes. Braces and covered prosthetic devices, except cardiac pacemakers, are limited to the first such item prescribed. Eyeglasses required following cataract surgery or accident are covered following submission of receipt. **You pay** nothing.

**CARE MUST BE RECEIVED FROM OR ARRANGED BY PLAN DOCTORS**

---

## Medical and Surgical Benefits *continued*

---

- What is not covered**
- Physical examinations that are not necessary for medical reasons, such as those required for obtaining or continuing employment or insurance, attending school or camp, or travel
  - Reversal of voluntary, surgically-induced sterility
  - Surgery primarily for cosmetic purposes
  - Hearing aids
  - Long-term rehabilitative therapy
  - Refractions, including lens prescriptions; eyeglasses and contact lenses
  - Eye and ear screening for members over age 18
  - Homemaker services
  - Foot orthotics
  - Custodial care, rest cures, domiciliary or convalescent care

---

## Hospital/Extended Care Benefits

---

- What is covered**
- Hospital care** The Plan provides a comprehensive range of benefits with no dollar or day limit when you are hospitalized under the care of a Plan doctor. **You pay a \$100 copay per admission up to the out-of-pocket copay maximum. All necessary services are covered,** including:
- Semiprivate room accommodations; when a Plan doctor determines it is medically necessary, the doctor may prescribe private accommodations or private duty nursing care
  - Specialized care units, such as intensive care or cardiac care units.
- Extended care** The Plan provides a comprehensive range of benefits for up to 120 days when full-time skilled nursing care is necessary and confinement in a skilled nursing facility is medically appropriate as determined by a Plan doctor and approved by the Plan. **You pay nothing. All necessary services are covered,** including:
- Bed, board and general nursing care
  - Drugs, biologicals, supplies, and equipment ordinarily provided or arranged by the skilled nursing facility when prescribed by a Plan doctor
- Hospice care** Supportive and palliative care for a terminally ill member is covered in the home or hospice facility. Services include inpatient and outpatient care, and family counseling; these services are provided under the direction of a Plan doctor who certifies that the patient is in the terminal stages of illness, with a life expectancy of approximately six months or less.
- Ambulance service** Benefits are provided for ambulance transportation when ordered or authorized by a Plan doctor.
- Limited benefits**
- Inpatient dental procedures** Hospitalization for certain dental procedures is covered when a Plan doctor determines there is a need for hospitalization for reasons totally unrelated to the dental procedure; the Plan will cover the hospitalization, but not the cost of the professional dental services. Conditions for which hospitalization would be covered include hemophilia and heart disease; the need for anesthesia, by itself, is not such a condition.
- Acute inpatient detoxification** Hospitalization for medical treatment of substance abuse is limited to emergency care, diagnosis, treatment of medical conditions, and medical management of withdrawal symptoms (acute detoxification) if the Plan doctor determines that outpatient management is not medically appropriate. See page 4 for nonmedical substance abuse benefits.
- What is not covered**
- Personal comfort items, such as telephone and television
  - Custodial care, rest cures, domiciliary or convalescent care

---

# Emergency Benefits

---

## What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that the Plan may determine are medical emergencies—what they all have in common is the need for quick action.

## Emergencies within the service area

**If you are in an emergency situation, please call your primary care doctor.** In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member should notify the Plan within 48 hours. It is your responsibility to ensure that the Plan has been timely notified.

If you need to be hospitalized, the Plan **must** be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and Plan doctors believe care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

**To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.**

### Plan pays...

Reasonable charges for emergency services to the extent the services would have been covered if received from plan providers.

### You pay...

\$5 copay per visit for emergency care services received at doctor's office or \$5 per urgent care center visit, \$50 per visit for emergency care services at a hospital. If the emergency results in a direct admission, the emergency care copay is waived. **You pay** any charges for services which are not covered benefits of this Plan.

## Emergencies outside the service area

Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

**To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.**

### Plan pays...

Reasonable charges for emergency services to the extent the services would have been covered if received from plan providers.

### You pay...

\$50 per visit for emergency care centers at a hospital or \$5 per urgent care center visit. If the emergency results in a direct admission, the emergency care copay is waived. **You pay** any charges for services which are not covered benefits of this Plan.

## What is covered

- Emergency care at a doctor's office or an urgent care center
- Emergency care as an outpatient or inpatient at a hospital, including doctors' services
- Ambulance service if approved by the Plan

## What is not covered

- Elective care or nonemergency care
- Emergency care provided outside of the Service Area if the need for care could have been foreseen before departing the Service Area
- Medical and hospital costs resulting from a normal full-term delivery of a baby outside the Service Area

**CARE MUST BE RECEIVED FROM OR ARRANGED BY PLAN DOCTORS**

---

## Emergency Benefits *continued*

---

### Filing claims for non-Plan providers

With your authorization, the Plan will pay benefits directly to the providers of your emergency care upon receipt of their claims, submitted on the HCFA 1500 claim form. If you are required to pay for the services, submit itemized bills and your receipts to the Plan along with an explanation for the services and the identification information from your ID card. A payment will be sent to you (or the provider if you did not pay the bill), unless the claim is denied. If it is denied, you will receive notice of the decision, including the reasons for the denial and the provisions of the contract on which denial was based. If you disagree with the Plan's decision, you may request reconsideration in accordance with the disputed claims procedure described on page 17.

---

## Mental Conditions/Substance Abuse Benefits

---

### Mental conditions

#### What is covered

To the extent shown below, this Plan provides the following services necessary for the diagnosis and treatment of acute psychiatric conditions, including treatment of mental illness or disorders:

The medical management of mental conditions will be covered under this Plan's Medical and Surgical Benefits provisions. Related drug costs will be covered under this Plan's Prescription drug Benefits, any costs for psychological testing or psychotherapy will be covered under this Plan's Mental Conditions Benefits.

Office visits for the medical aspects of treatment do not count toward the 30 outpatient visits limit

- Diagnostic evaluation
- Psychological testing
- Psychiatric treatment (including individual and group therapy)
- Hospitalization (including inpatient professional services)

#### Outpatient care

Up to 30 outpatient visits to Plan doctors, consultants, or other psychiatric personnel each calendar year; **you pay** nothing for the first visit; and a maximum copayment of \$30, or 50% of charges, whichever is less, for each covered visit for visits 2-30 all charges thereafter.

#### Inpatient care

Up to 30 days of hospitalization each calendar year; you pay nothing for covered days—all charges thereafter.

#### What is not covered

- Care for psychiatric conditions which in the professional judgement of Plan doctors are not subject to significant improvement through relatively short-term treatment.
- Psychiatric evaluation or therapy on court order or as a condition of parole or probation, unless determined by a Plan doctor to be necessary and appropriate.
- Psychological testing that is not medically necessary to determine the appropriate treatment of a short-term psychiatric condition.

### Substance abuse

#### What is covered

This Plan provides medical and hospital services such as acute detoxification services for the medical, non-psychiatric aspects of substance abuse, including alcoholism and drug addiction, the same as for any other illness or condition, and, to the extent shown below, the services necessary for diagnosis and treatment.

#### Outpatient care

Up to 30 outpatient visits per calendar year to Plan mental health providers for treatment; **you pay** nothing for the first visit; and a maximum copayment of \$30, or 50% of charges, whichever is less, for each covered visit for visits 2-30 — all charges thereafter.

#### Inpatient care

Lifetime maximum of two 28-day substance abuse rehabilitation (intermediate care) programs in an alcohol detoxification or rehabilitation center approved by the Plan; **you pay** nothing for covered days — all charges thereafter.

#### What is not covered

- Treatment not authorized by a Plan doctor.

**CARE MUST BE RECEIVED FROM OR ARRANGED BY PLAN DOCTORS**

---

# Prescription Drug Benefits

---

## What is covered

Prescription drugs prescribed by a Plan or referral doctor and obtained at a Plan pharmacy will be dispensed for up to a 31-day supply or 100 unit dosage, whichever is less; 240 milliliters of liquid (8oz.); 60 grams of ointment, creams or topical preparation; or one commercially prepared unit (e.g., one inhaler, one vial ophthalmic medication or insulin); **you pay** a \$7 copay per prescription unit or refill for generic drugs or a \$14 copay per prescription unit or refill for name brand drugs. When generic substitution is not available you must pay the brand copay per prescription unit. Covered medications and accessories include:

- Drugs for which a prescription is required by federal law
- Insulin
- Diabetic supplies, including glucose test tablets and test tape, Benedict's solution or equivalent and acetone test tablets
- Disposable needles and syringes needed for injecting covered prescribed medication, including insulin
- Growth hormones
- Intravenous fluids and medications for home use
- Oral and injectable contraceptive drugs
- Contraceptive devices, including implanted devices such as Norplant

## Limited Benefits

- Drugs to treat sexual dysfunction are limited. Contact the Plan for dose limits.

## What is not covered

- Drugs available without a prescription or for which there is a non-prescription equivalent available
- Drugs obtained at a non-Plan pharmacy except for out-of-area emergencies
- Vitamins and nutritional substances that can be purchased without a prescription
- Medical supplies such as dressings and antiseptics
- Drugs for cosmetic purposes
- Drugs to enhance athletic performance
- Fertility drugs
- Drugs to aid in smoking cessation, including nicotine patches

---

# Other Benefits

---

## Dental care

### Accidental injury benefit

Restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth are covered. The need for these services must result from an accidental injury, not biting or chewing, occurring while the member is covered under the FEHB Program; **you pay** nothing.

**CARE MUST BE RECEIVED FROM OR ARRANGED BY PLAN DOCTORS**

## Non-FEHB Benefits Available to Plan Members

The benefits described on this page are neither offered nor guaranteed under the contract with the FEHB program, but are made available to all enrollees and family members who are members of this Plan. The cost of the benefits described on this page is not included in the FEHB premium; any charge for these services does not count toward any FEHB deductibles, out-of-pocket maximum copay charges, etc. These benefits are not subject to the FEHB disputed claims procedures.

**Medicare prepaid plan enrollment** – This Plan offers Medicare recipients the opportunity to enroll in the Plan through Medicare. As indicated on page 4, annuitants and former spouses with FEHB coverage and Medicare Part B may elect to drop their FEHB coverage and enroll in a Medicare prepaid plan when one is available in their area. They may then later re-enroll in the FEHB Program. Most Federal annuitants have Medicare Part A. Those *without* Medicare Part A may join this Medicare prepaid plan but will probably have to pay for hospital coverage in addition to the Part B premium. **Before** you join the plan, ask whether the plan covers hospital benefits and, if so, what you will have to pay. Contact your retirement system for information on dropping your FEHB enrollment and changing to a Medicare prepaid plan. Contact us at 1-800-876-2227 for information on the Medicare prepaid plan and the cost of that enrollment.

**Vision Care Program** Health Options members receive special prices and discounts at participating Cole Optical vision centers. There are over 1700 participating providers such as Sears, Montgomery Ward and J. C. Penney. Services available at a discount include:

- Eye exams by participating independent doctors of Optometry
- Contact Lens exam, fitting and follow-up care
- Eyeglass package
- Eyeglass lenses
- Frames
- Contact Lenses
- Sunglasses and accessories

**Healthy Addition®** We offer a customized, prenatal education program for expectant parents. Specialized nurses, in cooperation with the Obstetrician, help members have healthy babies through one-on-one prenatal education and follow-up. This voluntary service is provided at no additional cost.

**Tele-Orientation Program** Health Options' experience has shown that the more our members are educated and made aware of their health care plan, the more comfortable and satisfied they are with Health Options. Therefore, Health Options has created a program called Tele-Orientation.

The Tele-Orientation program is a phone orientation designed to welcome each Plan member to Health Options. Each member will be contacted following the initial enrollment. At this time, a brief introduction of the plan will be communicated to each member along with a summary of the benefits.

**Dental Plan** Health Options, Inc. (HOI) is offering all Federal employees and annuitants expanded Dental benefits through American Dental Plan or Oral Health Services.

### **ADVANTAGES OF ADP:**

- No deductibles
- No claim forms
- No waiting periods
- No pre-existing conditions
- No lifetime maximum
- Friendly, efficient Customer Service

To enroll, call 1-800-342-5209

### **ADVANTAGES OF ORAL HEALTH SERVICES:**

- No Deductible
- No claim forms to complete
- No exclusions for pre-existing conditions
- Unlimited annual benefits
- Orthodontic benefits
- Full coverage for diagnostic and preventive procedures
- Your choice of dentist from our list of participating, private practice dental offices
- An affordable, quality dental care plan designed to simplify and reduce the high cost associated with maintaining good dental health

To enroll, call 1-800-432-3376 or 305-262-7329

***Benefits on this page are not part of the FEHB Contract.***

---

# How to Obtain Benefits

---

## Questions

If you have a question concerning Plan benefits or how to arrange for care, contact the Plan's Membership Services Office at 813/882-0632 or 800/583-9072 Tampa or you may write the Plan at 4904 Eisenhower Blvd, Suite 200 Tampa, Florida 33643; or 800/964-6595 Miami or you may write the Plan at 8400 NW 33<sup>rd</sup> St., Suite 100, Miami, Florida 33122-1932.

## Disputed claims review

### Plan consideration

If a claim for payment or services is denied by the Plan, you must ask the plan in writing within six months of the denial, to reconsider its denial before you request a review by OPM. (This time limit may be extended if you show you were prevented by circumstances beyond your control from making your request within the time limit.) OPM will not review your request unless you demonstrate that you gave the Plan an opportunity to reconsider your claim. Your written request to the Plan must state why, based on specific benefit provision in this brochure, you believe the denied claim for payment or service should have been paid or provided.

Within 30 days after receipt of your request for reconsideration, the Plan must affirm the denial in writing to you, pay the claim, provide the service, or request additional information reasonably necessary to make a determination. If the Plan asks a provider for information it will send you a copy of this request at the same time. The Plan has 30 days after receiving the information to give its decision. If this information is not supplied within 60 days, the Plan will base its decision on the information it has on hand.

### OPM review

If the Plan affirms its denial, you have a right to request a review by OPM to determine whether the Plan's actions are in accordance with the terms of its contract. You must request the review within 90 days after the date of the Plan's letter affirming its initial denial.

You may also ask OPM for a review if the Plan fails to respond within 30 days of your written request for reconsideration or 30 days after you have supplied additional information to the Plan. In this case, OPM must receive a request for review within 120 days of your request to the Plan for reconsideration or of the date you were notified that the Plan needed additional information, either from you or from your doctor or hospital. This right is available only to you or the executor of a deceased claimant's estate. Providers, legal counsel, and other interested parties may act as your representative and request an OPM review on your behalf and with your written consent. OPM must receive a copy of your written consent with their request for review.

Your written request for an OPM review must state why, based on specific benefit provision in this brochure, you believe the denied claim for payment or service should have been paid or provided. If the Plan has reconsidered and denied more than one related claim, clearly identify the documents for each claim.

Your request must include the following information or it will be returned by OPM:

- A copy of your letter to the Plan requesting reconsideration;
- A copy of the Plan's reconsideration decision (If the Plan failed to respond, provide instead (a) the date of your request to the Plan, or (b) the dates the Plan requested and you provided additional information to the Plan);
- Copies of documents that support your claim (such as doctors' letters, operative reports, bills, medical records, Explanation of Benefit (EOB) forms, etc.); and
- Your daytime phone number.

Medical documentation received from you or the Plan during the review process becomes a permanent part of the disputed claim file, subject to the provisions of the Freedom of Information Act and the Privacy Act.

Send your request for review to: Office of Personnel Management, Office of Insurance Programs, Contracts Division 234, P.O. Box 436, Washington, DC 20044.

You (or a person acting on your behalf) may not bring a lawsuit to recover on a claim for treatment, service, supplies or drugs covered by this Plan until you have exhausted the OPM review procedure, established at section 890.105, title 5, Code of Federal Regulations (CFR). If OPM upholds the Plan's decision on your claim, and you decide to bring a lawsuit based on the denial, the lawsuit must be brought no later than December 31 of the third year after the year in which the services or supplies upon which the claim is predicated were provided. Pursuant to section 890.107, title 5, CFR, such a lawsuit must be brought against the Office of Personnel Management in Federal Court.

---

## How to Obtain Benefits *continued*

---

Federal law exclusively governs all claims for relief in a lawsuit that relates to this Plan's benefits or coverage or payments with respect to those benefits. Judicial action on such claims is limited to the record that was before OPM when it rendered its decision affirming the Plan's denial of the benefit. The recovery in such a suit is limited to the amount of benefits in dispute.

**Privacy Act statement** — If you ask OPM to review a denial of a claim for payment or services, OPM is authorized by chapter 89 of title 5, U.S.C., to use the information collected from you and the Plan to determine if the Plan has acted properly in denying you the payment or service, and the information so collected may be disclosed to you and/or the Plan in support of OPM's decision on the disputed claim.

---

## How Health Options Changes January 1999

---

Do not rely on this page; it is not the official statement of benefits.

Several changes have been made to comply with the President's mandate to implement the recommendations of the Patient's Bill Rights.

A medical emergency is defined as the sudden and unexpected onset of a condition or injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. (See page 14)

- The diagnosis, evaluation, and medical management of certain mental conditions will be covered under this Plan's Medical and Surgical Benefits. Related drug costs will be covered under this Plan's Prescription Drug Benefits, and any costs for psychological testing or psychotherapy will be covered under this Plan's Mental Conditions Benefits. Office visits for the medical aspects of treatment do not count toward the 30 outpatient Mental Conditions visit limit.
- Oral and injectable contraceptive drugs will be covered under this Plan's Prescription Drug Benefits.
- Contraceptive devices, including implanted devices such as Norplant will be covered under this Plan's Medical and Surgical Benefits.
- The Plan has eliminated enrollment codes E8 service areas: Alachua, Baker, Bradford, Clay, Columbia, Dixie, Duval, Gilchrist, Levy, Nassau and St. Johns counties; XN service areas: Escambia, Okaloosa, Santa Rosa and Walton Counties; TH service areas: Brevard, Orange, Osceola and Seminole counties.

### **Changes to this Plan**

The Plan has reduced its service and enrollment area: Codes E8, XN, and TH have been eliminated. You must enroll in another health plan under the FEHB Program for continued coverage.

# Summary of Benefits for Health Options 1999

**Do not rely on this chart alone.** All benefits are provided in full unless otherwise indicated, subject to the definitions, limitations, and exclusions set forth in the brochure. This chart merely summarizes certain important expenses covered by the Plan. If you wish to enroll or change your enrollment in this Plan, be sure to indicate the correct enrollment code on your enrollment form (codes appear on the cover of this brochure). **ALL SERVICES COVERED UNDER THIS PLAN, WITH THE EXCEPTION OF EMERGENCY CARE, ARE COVERED ONLY WHEN PROVIDED OR ARRANGED BY PLAN DOCTORS.**

Benefits	Plan pays/provides	Page
<b>Inpatient care</b>	<b>Hospital</b> Comprehensive range of medical and surgical services without dollar or day limit. Includes in-hospital doctor care, room and board, general nursing care, private room and private nursing care if medically necessary, diagnostic tests, drugs and medical supplies, use of operating room, intensive care and complete maternity care. <b>You pay</b> a \$100 copayment per admission.....	13
	<b>Extended Care</b> All necessary services, no dollar or day limit. <b>You pay</b> nothing .....	13
	<b>Mental Conditions</b> Diagnosis and treatment of acute psychiatric conditions for up to 30 days of inpatient care per year. <b>You pay</b> nothing .....	15
	<b>Substance Abuse</b> Up to 30 days per year in a substance abuse treatment program. <b>You pay</b> nothing .....	15
<b>Outpatient care</b>	Comprehensive range of services such as diagnosis and treatment of illness or injury, including specialist's care; preventive care, including well-baby care, periodic check-ups and routine immunizations; laboratory tests and X-rays; complete maternity care. <b>You pay</b> a \$5 copay per office visit; \$5 per annual self-referred visit to Plan gynecologist; nothing per home visit .....	11, 12
	<b>Home Health Care</b> All necessary visits by nurses and health aides. <b>You pay</b> nothing .....	11, 12
	<b>Mental Conditions</b> Up to 30 visits per year; <b>you pay</b> nothing for the first visit and a copay of up to \$30 or 50% of charges, whichever is less, for each covered visit for visits 2–30—all charges thereafter .....	15
	<b>Substance Abuse</b> Up to 30 visits per year; <b>you pay</b> nothing for the first visit and a copay of up to \$30 or 50% of charges, whichever is less, for each covered visit for visits 2-30 all charges thereafter .....	15
<b>Emergency care</b>	Reasonable charges for services and supplies required because of a medical emergency. <b>You pay</b> a \$50 copay to the hospital for each emergency room visit (waived if hospitalized), a \$5 copay for visit to Plan primary care doctor's office .....	14

<b>Dental care</b>	Accidental injury benefit; <b>you pay</b> nothing.....	16
<b>Out-of-pocket limit</b>	Copayments are required for a few benefits; however, after your out-of-pocket expenses reach a maximum of \$1,500 per Self Only or \$3,000 per Self and Family enrollment per calendar year, covered benefits will be provided at 100%. This copay maximum does not include prescription drugs or dental services .....	8

# 1999 Rate Information For Health Options

**Non-Postal rates** apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

**Postal rates** apply to most career U.S. Postal Service employees, but do not apply to non-career Postal employees, Postal retirees, certain special Postal employment categories or associate members of any Postal employee organization. If you are in a special Postal employment category, refer to the FEHB Guide for that category.

Type of Enrollment	Code	Non-Postal Premium				Postal Premium	
		<i>Biweekly</i>		<i>Monthly</i>		<i>Biweekly</i>
