Introduction

Hawaii Medical Service Association
818 Keeaumoku Street
Honolulu, Hawaii 96814

This brochure describes the benefits of Hawaii Medical Service Association (HMSA), an independent licensee of the Blue Cross and Blue Shield Association under our contract (CS 1058) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2002, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2002, and changes are summarized on page 8. Rates are shown at the end of this brochure.

Plain Language

Teams of Government and health plans' staff worked on all FEHB brochures to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means HMSA.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's "Rate Us" feedback area at www.opm.gov/insure or e-mail OPM us at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW Washington, DC 20415-3650.

Inspector General Advisory

Stop health care fraud!

Fraud increases the cost of health care for everyone. If you suspect that a physician, pharmacy, or hospital has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at 808/948-5166 and explain the situation.
- If we do not resolve the issue, call or write

**THE HEALTH CARE FRAUD HOTLINE

Washington, DC 20415

Inspector General Advisory *(continued)*

Penalties for Fraud

Anyone who falsifies a claim to obtain FEHB Program benefits can be prosecuted for fraud. Also, the Inspector General may investigate anyone who uses an ID card if the person tries to obtain services for someone who is not an eligible family member, or is no longer enrolled in the Plan and tries to obtain benefits. Your agency may also take administrative action against you.

Section 1. Facts about this HMO Plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the Plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

We also have Point-of-Service (POS) benefits

Our HMO offers Point-of-Service (POS) benefits. This means you can receive covered services from a participating provider without a referral, or from a non-participating provider. These out-of-network benefits have higher out-of-pocket costs than our in-network benefits.

How we pay providers

We have over 3,500 Plan doctors, dentists, and other health care providers in Hawaii who agree to keep their charges for covered services below our eligible charge guidelines. When you go to a Plan provider, you are assured that your copayments or coinsurance will not be more than the amount shown in this brochure.

You may go to a non-Plan provider, however, the Plan pays a reduced benefit for certain services from non-Plan providers. In addition, because non-Plan providers are not under contract to limit their charges, you are responsible for any charges in excess of eligible charges.

When you need covered services outside the state of Hawaii, you are encouraged to contact out-of-state Blue Cross and/or Blue Shield Plans for information regarding specific Plan providers in their area. Benefit payment for covered services received out-of-state are based on contracts negotiated between the out-of-state Blue Cross and/or Blue Shield Plans and their Plan providers.

When out-of-state Blue Cross and/or Blue Shield Plan providers participate in the BlueCard Program, the amount you pay for covered services provided by these Plan providers is usually calculated on the lower of: 1) the actual billed charges for your covered services, or 2) the negotiated price that the on-site Blue Cross and/or Blue Shield Plan passes on to us.

In some cases, this "negotiated price" is a simple discount. In other cases, the negotiated price may be an estimate. In calculating this estimated price, we may consider the following factors:

- Expected settlements with Plan providers
- An average expected savings
- Prior price estimations

A few states do not allow Blue Cross/or Blue Shield Plans to calculate your payment based on the methods outlined above. When you receive covered health care services in one of these states, your payment will be calculated according to the law of that state.

Continued on next page

Section 1. Facts about this HMO Plan *(continued)*

In order to receive Plan Provider benefits for covered out-of-state services under this Plan, the services you receive must be rendered by a BlueCard PPO provider. Non-Plan provider benefits are applied for covered services rendered by non-PPO providers, even if they participate in other Blue Cross and/or Blue Shield programs.

Your Rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- We are currently in compliance with state licensing requirements.
- We are in our 63rd year of continuous service to the people of Hawaii.
- We were founded in 1938 as a non-profit mutual benefit society.

If you want more information about us, call 808/948-6499, or write to P.O. Box 860, Honolulu, HI 96808. You may also contact us by fax at 808/948-5567 or visit our website at www.hmsa.com.

Service Area

To enroll with us, you must live in our service area. This is where our providers practice. Our service area is the islands of Hawaii, Kauai, Maui, Oahu, Molokai and Lanai.

If you or a covered family member move outside of our service area, you may remain in the Plan or you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you may remain in the Plan or you can consider enrolling in a fee-for-service Plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. How we change for 2002

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We changed the address for sending disputed claims to OPM. (Section 8)

Changes to this Plan

- Your share of the non-Postal premium will increase by 9% for Self Only or 9% for Self and Family.
- We changed speech therapy benefits by removing the requirement that services must be required to restore functional speech. (Section 5(a))
- We now cover speech therapy up to 25 visits per calendar year.
- We now cover certain intestinal transplants. (Section 5(b))
- We are offering a Reminder for Screening and Vaccination Program. If you have not already received these specific preventive screening tests according to medical recommendations for periodicity, age and gender, you may receive reminder(s) for breast, cervical and/or colorectal cancer, cholesterol and diabetes screenings, and for influenza and pneumococcal immunizations.
- We no longer cover the services of private duty nursing in the hospital.
- We are removing the extended dispensing limit benefit in your prescription drug benefit. You are now responsible for additional copayments for each 30-day supply or a fraction thereof.
- Your copayments for drug benefits have been changed:
 - The copayments from Plan Pharmacies for Preferred Brand Name Drugs, Other Brand Insulin and Other Brand Diabetic Supplies have been changed from \$10 to \$15
 - The copayments from Plan Pharmacies for Other Brand Name Drugs have changed from 50% of eligible charges not less than \$10 to 50% of eligible charges not less than \$15
 - The copayments from non-Plan Pharmacies for Preferred Brand Name Drugs, Other Brand Insulin and Other Brand Diabetic Supplies have been changed from \$10 plus 20% of remaining eligible charge and any difference between the actual and eligible charge to \$15 plus 20% of remaining eligible charge and any difference between the actual and eligible charge
 - The copayments from non-Plan Pharmacies for Other Brand Name Drugs have changed from 50% of eligible charge not less than \$10 to 50% of eligible charge not less than \$15
 - The copayments for the Mail Order Program have been changed. The copayments for Preferred Brand Name Drugs, Other Brand Insulin, and Other Brand Name Diabetic Supplies have changed from \$20 to \$35; Other Brand Name Drugs has changed from \$45 to \$60.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 808/948-6499.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments and/or coinsurance, and you will not have to file claims. If you use our Point-of-service program, you can also get care from non-Plan providers, but it will cost you more.

We look at some or all the following criteria to determine if a provider is recognized and approved by us:

- Is the provider accredited by a recognized accrediting agency?
- Is the provider appropriately licensed?
- Is the provider certified by the proper government authority?
- Are the services rendered within the lawful scope of the provider’s respective licensure, certification, and /or accreditation?

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

In order to receive Plan Provider benefits for covered out-of-state services under this Plan, the services must be provided by a BlueCard PPO provider.

We list Plan providers in a provider directory, which we update periodically.

- **Non-Plan providers**

Non-Plan providers are physicians and other health care professionals who are not under contract with this Plan.

For out-of-state services under this Plan, non-Plan provider benefits are applied for covered services rendered by non-Blue Cross and/or Blue Shield programs.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically.

What you must do to get covered care

You are encouraged to coordinate your care with a primary care physician who will provide or arrange most of your health care.

- **Primary care**

Your primary care physician can be a family practitioner, internist obstetrician/gynecologist or pediatrician. Your primary care physician will provide most of your health care, or can refer you to see a specialist.

Section 3. How you get care *(continued)*

- **Specialty care** You have direct access to Plan specialists when needed. However, you may wish to coordinate your specialty care with your primary care physician, who can help you arrange for the specialty care service you will need.

Here are other things you should know about specialty care:

- If you are seeing a specialist when you enroll in our Plan, you are encouraged to coordinate your specialty care with your primary care physician. If he or she decides to refer you to a different specialist, you may ask to see your current specialist.
- If you are seeing a specialist and your specialist leaves our Plan, talk to your primary care physician, who will arrange for you to see another specialist. If you decide to continue seeing your specialist, you will pay a copayment/coinsurance plus the difference between the eligible charge and the specialist billed charge.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause; or
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
 - reduce our service area and you enroll in another FEHB Plan,you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.
- If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care** Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person.

Section 3. How you get care *(continued)*

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services. For certain services, however, you or your physician must obtain approval from us. Before giving approval, we consider if the service is covered, and follows generally accepted medical practice.

We call this review and approval process precertification. Precertification is a special approval process to ensure that certain medical treatments, procedures, place of treatment or devices meet payment determination criteria prior to the services being rendered. If you are under the care of:

- An HMSA participating physician or contracting physician, he or she will :
 - obtain approval for you; and
 - accept any penalties for failure to obtain approval.
- A BlueCard PPO, BlueCard Plan provider or a non-Plan provider you are responsible for obtaining precertification. If you do not receive precertification and receive any of the services described in this Section, benefits may be denied.

You or your physician must obtain precertification for the following services such as:

- Autologous chondrocyte implants
- Custom durable medical equipment
- Growth hormone therapy
- In vitro fertilization
- Integrated Case Management
- Magnetic Resonance Angiography (MRA)
- Mental Health Treatment – inpatient
- Mental Health Treatment – outpatient
 - You must receive approval from HMSA’s benefit manager for any outpatient visits beyond the first 6 hours.
- Organ and tissue transplants listed in Section 5 of this brochure
- Physical Therapy Visits
 - You must receive approval from HMSA for any outpatient visits beyond the first 10 visits.
- Positron Emission Tomography (PET)
- Stereo radiosurgery utilizing particle beams
- Substance Abuse Treatment - inpatient or outpatient
- Surgeries, therapies or procedures employing new technology
- Surgery to correct morbid obesity
- Transplant evaluations, except for cornea and kidney transplant evaluations
- Wound VAC (Vacuum-assisted closure of chronic wound)

This list of services requiring precertification may change periodically. To ensure your treatment or procedure is covered, call us at 808/948-6499.

Section 4. Your costs for covered services

You must share the cost of some services.

- **Copayments**

You are responsible for:

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

Example: When you use your Plan pharmacy, you pay a copayment of \$5 for generic drugs.

- **Deductible**

We do not have a deductible.

- **Eligible Charges**

We calculate our payment and your copayment/coinsurance based on eligible charges. The eligible charge is the lower of either the provider's actual charge or the amount we established as the maximum allowable fee.

Non-Plan providers are not under contract to limit their charges to our eligible charges. You are responsible for any charges in excess of eligible charges.

- **Coinsurance**

Coinsurance is the percentage of our eligible charge that you must pay for your care.

Example: When you see your physician, you pay a coinsurance of 20% per office visit.

Your catastrophic protection out-of-pocket maximum for coinsurance and copayments

After your coinsurance totals \$2,500 per person or \$7,500 per family enrollment in any calendar year, you do not have to pay any more for covered services. However, coinsurances/copayments for the following services do not count toward your out-of-pocket maximum, and you must continue to pay coinsurances/copayments for these services:

- Dental Care
- Prescription Drugs
- Vision Care

Any payment from the difference of the actual and eligible charge for non-Plan service does not count toward meeting your out-of-pocket maximum.

Be sure to keep accurate records of your coinsurance/copayment. We will keep track of when you reach your maximum.

Section 5. Benefits – OVERVIEW

(See page 8 for how our benefits changed this year and page 63 for a benefits summary.)

Note: This benefits section is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claims forms, claims filing advice, or more information about our benefits, contact us at 808/948-6499 or at our website at www.hmsa.com.

(a) Medical services and supplies provided by physicians and other health care professionals	14-25
• Diagnostic and treatment services	• Speech therapy
• Lab, X-ray, and other diagnostic tests	• Hearing services (testing, treatment, and supplies)
• Preventive care, adult	• Vision services (testing, treatment, and supplies)
• Preventive care, children	• Foot care
• Maternity care	• Orthopedic and prosthetic devices
• Family planning	• Durable medical equipment (DME)
• Infertility services	• Home health services
• Allergy care	• Chiropractic
• Treatment therapies.	• Alternate treatments
• Physical and occupational therapies	• Educational classes and programs
(b) Surgical and anesthesia services provided by physicians and other health care professionals.....	26-29
• Surgical procedures	• Organ/tissue transplants
• Reconstructive surgery	• Anesthesia
• Oral and maxillofacial surgery

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If you are in an emergency situation, please call your primary care doctor. Your primary care doctor will provide the necessary care, refer you to other Plan providers or make arrangements with other providers. If you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. If you are hospitalized in non-Plan facilities and Plan doctors believe care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Emergencies within and outside our service area:

Emergency care is covered the same as routine care provided by Plan providers, regardless of whether a Plan provider or non-Plan provider is used. Benefits are the same within or outside our Service Area.

Benefit Description	You pay
Emergency within our service area	
<ul style="list-style-type: none"> • Emergency care at a doctor's office • Emergency care at an urgent care center • Emergency care as an outpatient or inpatient at a hospital, including doctors' services • Emergency care in an emergency room 	<p>Plan Provider 20% of eligible charges</p> <p>Non-Plan Provider 20% of eligible charges</p>

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- All benefits are subject to the definitions, limitations, and exclusions in this brochure
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PRECERTIFICATION FOR THESE SERVICES.** See the instructions after the benefits description below.

Description	You pay
Mental health and substance abuse benefits	
<p>All diagnostic and treatment services recommended by a provider and contained in a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure.</p> <p>Note: Plan benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve.</p>	<p>Your cost sharing responsibilities are no greater than for other illnesses or conditions</p>
<ul style="list-style-type: none"> • Professional services, including individual or group therapy by providers such as psychiatrists, psychologists, clinical social workers, or advanced practice registered nurses (APRN) • Medication management • Diagnostic tests • Services provided by a hospital or other facility • Services in approved alternative care settings such as partial hospitalization, residential treatment, full-day hospitalization 	<p>Plan Provider 20% of eligible charges</p> <p>Non-Plan Provider 30% of eligible charges and any difference between our payment and the actual charge</p>
<p><i>Not covered: Services we have not approved</i></p> <p><i>Note: OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.</i></p>	<p><i>All charges</i></p>

Mental health and substance abuse benefits - *continued on next page*

Mental health and substance abuse benefits *(continued)*

Precertification

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following precertification processes as applicable.

Generally, if your provider is a Plan provider, he or she will obtain approval for you and submit a treatment plan, as applicable, to a benefit manager designated by HMSA. If your provider is a non-Plan provider, he or she will not necessarily obtain approval for you. You are responsible for ensuring that approval is obtained. Unless otherwise stated, approval must first be obtained before treatment. Without approval, benefits are not available.

- Approval for outpatient mental health

You may go to any provider for your first 6 hours of outpatient mental health treatment. However, benefits for additional hours require that you receive approval from the benefit manager.

- Approval for inpatient mental health

In case of emergency, your provider must contact the benefit manager within 48 hours or on the first working day thereafter, whichever is later.

- Approval for inpatient and outpatient substance abuse
-

Section 5 (f). Prescription drug benefits

I
M

T

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on page 38.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

I

P
O
R
T
A
N
T

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed practitioner who has the legal authority to prescribe medication.
- **Where you can obtain them.** You may fill the prescription at a Plan or non-Plan pharmacy, by mail or by a Plan or non-Plan physician. We pay a higher level of benefits when you use a Plan provider than if you use a non-Plan provider .
- **We use a formulary.** Our formulary, called the HMSA Select Prescription Drug formulary is a book that we publish which contains a list of drugs by therapeutic category, and is meant to assist physicians in their selection of drugs for your treatment. Our formulary consists of:
 - **Generic Drugs.** A drug, which is prescribed or dispensed under its commonly used generic (chemical) name, no longer protected by patent laws or as determined by us.
 - **Preferred Drugs.** A Brand Name Drug, contraceptive, supply, or insulin that is listed on the HMSA Select Prescription Drug Formulary as Preferred.
 - **Other Brand Drugs.** A brand Name Drug, contraceptive, supply, or insulin that is not classified as Preferred on the HMSA Select Prescription Drug Formulary.

We have an open formulary. If your physician believes a name brand product is necessary or there is no generic available, your physician may prescribe a name brand drug from a formulary list. The list of name brand drugs includes a preferred list of drugs that have been selected to meet patients' clinical and financial needs. Discuss your options with your physician when you need a new prescription.

- **These are the dispensing limitations.**
 - Prescription drugs prescribed by a doctor and obtained at a pharmacy will be dispensed with a maximum limit of a 30-day supply or fraction thereof.
 - Refills are available if indicated on the original prescription, provided that the refill prescription is purchased only after two-thirds of the original prescription has already been used.
 - A generic equivalent will be dispensed if it is available, unless your physician specifically requires a name brand. If you receive a name brand drug when a federally-approved generic drug is available, and your physician has not specified Dispense as Written for the name brand drug, you have to pay the full eligible charge of the brand drug. You will then be reimbursed for the value of the generic drug. The total cost to you will be the generic copayment plus the difference in cost between the name brand drug and the generic.

Prescription drug benefits - *continued on next page*

Section 5 (f). Prescription drug benefits *(continued)*

- Mail order prescriptions are limited to prescribed maintenance medications
- Mail order prescription drugs are available only from contracted providers. For a list of contracted providers call us at 808/948-6499.
- Mail order prescription drug copayment amounts are for a maximum 90-day supply or a fraction thereof. However, if your physician prescribes medication of less than a 90-day supply, mail order drug pharmacies must, by Federal law, fill that prescription in the exact quantity specified by the physician.
- **Why use generic drugs?** Generic drugs on the formulary are therapeutically equivalent to the brand name drugs and are less expensive. You may reduce your out-of-pocket costs by choosing to use a generic drug.

When you have to file a claim. Refer to Section 7 “*Filing a claim for covered services.*”

Benefit Description	You pay
Covered medications and supplies	
<p>We cover the following medications and supplies prescribed by a licensed practitioner and obtained from a Plan or non-Plan Pharmacy or through our mail order program:</p> <ul style="list-style-type: none"> • Drugs and medications that by Federal law of the United States require a physician’s prescription for their purchase, except those listed as <i>Not covered</i> • Injectable drugs limited to: <ul style="list-style-type: none"> – Imitrex – Epinephrine emergency kit – Glucagon <p>Note: Self administered injectable medication and intravenous fluids and medication for home use are covered under your medical coverage. Section 5 (g). Special features

Feature	Description
Integrated Case Management	<p>Integrated Case Management is a special program for certain medical conditions that may require costly, long-term care. A hospital may not be the most appropriate setting for your treatment. That's why your coverage provides you with the opportunity to receive alternative benefits to help meet health care needs resulting from extreme illness or injury (providing costs do not exceed inpatient facility costs). You, your physician, and the hospital can work with our case managers to identify and arrange alternative treatment plans to meet your special needs and to assist in preserving your health care benefits.</p>
Drug Benefits Management Program	<p>Plan Pharmacists will dispense a maximum of a 30-day supply or fraction thereof for first time prescriptions of maintenance drugs. For subsequent refills, the Plan pharmacist may dispense a maximum 90-day supply or fraction thereof after confirming that:</p> <ul style="list-style-type: none">• You have tolerated the drug without adverse side effects that may cause you to discontinue using the drug, and• Your doctor has determined that the drug is effective.

Section 5 (i). Point-of-service benefits

Point-of-service (POS) Benefits

Facts about this Plan's POS option

At your option, you may choose to obtain benefits covered by this Plan from non-Plan doctors and hospitals whenever you need care. When you obtain covered non-emergency medical treatment from a non-Plan doctor, you are subject to a higher copayment/coinsurance.

Non-Plan providers are physicians and other health care professionals who are not under contract with this Plan.

For out-of-state services under this Plan, non-Plan provider benefits are applied for covered services rendered by non-Blue Cross and/or Blue Shield programs.

What is covered

- Medical services and supplies (Section 5(a))
- Surgical and anesthesia services (Section 5(b))
- Services provided by a hospital or other facility, and ambulance service (Section 5(c))
- Emergency services/accidents (Section 5(d))
- Mental health and substance abuse benefits (Section 5(e))
- Prescription drug benefits (Section 5(f))

Precertification

You or your physician must obtain precertification for the services listed in Section 3. A non-Plan provider may not necessarily obtain a precertification on your behalf. You are responsible for ensuring that the services are precertified. Services may not be covered if you do not obtain precertification. If you need more information, call us at 808/948-6499.

You may receive services from a non-Plan provider without a referral. Non-Plan provider services have higher out-of-pocket cost. Please refer to the non-Plan provider benefits in Section 5.

Your cost for covered services from non-Plan providers

There is no calendar year deductible for non-Plan provider services.

We calculate our payment and your copayment/coinsurance based on eligible charges. The eligible charge is the lower of either the provider's actual charge or the amount we established as the maximum allowable fee.

Non-Plan providers are not under contract to limit their charges to our eligible charges. You are responsible for any charges in excess of eligible charges.

Coinsurance is the percentage of our eligible charge that you must pay for your care. After your coinsurance totals \$2,500 per person or \$7,500 per family enrollment in any calendar year, you are no longer responsible for coinsurances/copayments. However, when you receive services from a non-Plan provider, you are also responsible for any charges in excess of the eligible charge. In addition coinsurances/copayments for the following services do not count toward your out-of-pocket maximum, and you must continue to pay coinsurances/copayments for these services:

- Dental Care
- Prescription Drugs
- Vision Care

Any payment from the difference of the actual and eligible charge for non-Plan service does not count toward meeting your out-of-pocket maximum.

Be sure to keep accurate records of your coinsurances/copayment. We will keep track of when you reach your maximum.

Continued on next page

(Continued)

Hospital/extended care

Your coinsurance for services from a non-Plan facility is 30% of the eligible charges and any difference between our payment and the actual charge (based on semiprivate room rate). See Section 5(c). The facility's charge does not include any charges for physician's services. Benefits for physician's services will depend on whether the physician is a Plan provider or non-Plan provider and will be paid according to the benefits listed in Section 5(a). We cannot guarantee that a participating hospital will have participating physicians on staff. Benefits will be paid according to each individual provider and the type of service rendered by the provider.

Emergency benefits

Emergency care is covered the same as routine care provided by Plan providers, regardless of whether a Plan provider or non-Plan provider is used.

Section 5 (j). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or out-of-pocket maximums.

CancerCare Plan

Benefit Services of Hawaii, a subsidiary of Blue Cross and Blue Shield of Hawaii, is pleased to make available a supplemental plan called **CancerCare**, a cancer and specified disease protection plan.

CancerCare provides inpatient and outpatient benefits for cancer and 34 specified diseases. The Plan pays cash benefits directly to you regardless of any other coverage you may already have. The extra funds can help pay for any out-of-pocket medical expenses and many non-medical expenses such as rent or mortgage, utility bills, etc.

Plan Features:	Hospital confinement	Surgery
	Experimental treatment	Radiation/Chemotherapy
	Blood Plasma	Transportation cost

Two **CancerCare** Plans are available which vary in benefits and rates. You may also choose two optional riders, the Cancer Diagnosis Benefit Rider and the Intensive Care/Coronary Care Rider.

If you are a Hawaii resident under the age 65, you can apply for coverage for yourself and your eligible family members. Please call us at 808/538-8900 for more information.

Section 6. General exclusions -- things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury or condition.**

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan
- Services, drugs, or supplies that are not medically necessary
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice
- Experimental or investigational procedures, treatments, drugs or devices
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest
- Services, drugs, or supplies related to sex transformations
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program
- Professional services or supplies when furnished to you by a provider who is within your immediate family (i.e., parent, child, or spouse)
- Services when someone else has the legal obligation to pay for your care, and when, in the absence of this brochure, you would not be charged

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, or coinsurance.

If you need to file the claim, here is the process:

Medical, Hospital and Drug Benefits

In most cases, providers, facilities and pharmacies file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form, facilities must file on the UB-92 form, dental services must be on the American Dental Association (ADA) form and pharmacies must file on the Universal Drug form. For claims questions and assistance, call us at 808/948-6499.

When you must file a claim -- such as for out-of-area care -- submit it on the forms indicated below. Bills and receipts should be itemized and show:

- Covered member's name and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payer -- such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Submit your claims to:

**For Physician claims
HMSA-HCFA 1500 claims
P.O. Box 44500
Honolulu, Hawaii 96804-4500**

**For Facility claims
HMSA-UB92 claims
P.O. Box 32700
Honolulu, Hawaii 96803-2700**

**For Dental claims
HMSA-Dental claims
P.O. Box 13400
Honolulu, Hawaii 96801-3400**

**For Pharmacy claims
HMSA-Drug claims
P.O. Box 13400
Honolulu, Hawaii 96801-3400**

Continued on next page

Section 7. Filing a claim for covered services *(continued)*

Deadline for filing your claim

All Plan and most non-Plan providers in the State of Hawaii file claims for you. If your non-Plan provider does not file the claim for you, you must submit an itemized bill and receipt for the services you received by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible. File a separate claim for each covered family member and each provider. For more information, please call us at 808/948-6499.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for precertification:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">(a) Write to us within 6 months from the date of our decision; and(b) Send your request to us at: Hawaii Medical Service Association, P.O. Box 860, Honolulu, Hawaii 96808, and(c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and(d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">(a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or(b) Write to you and maintain our denial -- go to step 4; or(c) Ask you or your medical provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: Office of Personnel Management, Office of Insurance Programs, Contracts Division 2, 1900 E Street, NW, Washington, DC 20415-3620.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none">• A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;• Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;• Copies of all letters you sent to us about the claim;• Copies of all letters we sent to you about the claim; and• Your daytime phone number and the best time to call. <p>Note: If you want OPM to review different claims, you must clearly identify which documents apply to which claim.</p>

Continued on next page

Section 8. The disputed claims process *(continued)*

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

- 5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.
- 6** If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in federal court by December 31 of the third year after the year in which you received the disputed services, drugs or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, federal law governs your lawsuit, benefits, and payment of benefits. The federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or precertification/prior approval, then call us at 808/948-6499 and we will expedite our review; or
- (b) We denied your initial request for care or precertification/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You can call OPM's Health Benefits Contracts Division 2 at 202/606-3818 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you are covered or a family member is covered under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will pay after the primary plan pays. We will pay what is left, up to our eligible charge.

The benefits payable under this plan, when combined with benefits paid under your other coverage, will not exceed the lesser of:

- 100 percent of eligible charge, or
- the amount payable by your other coverage plus any deductible and copayment you would owe if the other coverage were your only coverage.

• What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance (Someone who was a federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 800/MEDICARE (800/633-4227) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare+Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages show how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Original Medicare does not cover everything, like hearing aids.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be precertified as required.

We will not waive any of our copayment/coinsurance for services or supplies that are not covered by Original Medicare (for example, hearing aids).

The following chart illustrates whether **the Original Medicare Plan** or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

Primary Payer Chart		
A. When either you -- or your covered spouse -- are age 65 or over and ...	Then the primary payer is...	
	Original Medicare	This Plan
1) Are an active employee with the Federal government (including when you or a family member are eligible for Medicare solely because of a disability),		✓
2) Are an annuitant,	✓	
3) Are a reemployed annuitant with the Federal government when... a) The position is excluded from FEHB, or b) The position is not excluded from FEHB (Ask your employing office which of these applies to you.)	✓	✓
4) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge),	✓	
5) Are enrolled in Part B only, regardless of your employment status,	✓ (for Part B services)	✓ (for other services)
6) Are a former Federal employee receiving Workers' Compensation and the Office of Workers' Compensation Programs has determined that you are unable to return to duty,	✓ (except for claims related to Workers' Compensation.)	
B. When you -- or a covered family member -- have Medicare based on end stage renal disease (ESRD) and...		
1) Are within the first 30 months of eligibility to receive Part A benefits solely because of ESRD,		✓
2) Have completed the 30-month ESRD coordination period and are still eligible for Medicare due to ESRD,	✓	
3) Become eligible for Medicare due to ESRD after Medicare became primary for you under another provision,	✓	
C. When you or a covered family member have FEHB and...		
1) Are eligible for Medicare based on disability, and a) Are an annuitant, or b) Are an active employee, or	✓	✓
c) Are a former spouse of an annuitant, or	✓	
d) Are a former spouse of an active employee		✓

Note: If your Plan physician does not participate in Medicare, you will have to file a claim with Medicare.

Section 9. Coordinating benefits with other coverage *(continued)*

Claims process when you have the Original Medicare Plan: You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will pay the balance of covered charges. You will not need to do anything. To find out if you need to do something about filing your claims, call us at 808/948-6499.

We waive some costs when you have the Original Medicare Plan. In this case we do not waive any out-of-pocket costs for services and supplies that are not covered by Medicare, for example, hearing aids.

Facilities or Providers Not Eligible or Entitled to Medicare Payment.

When services are rendered at a facility or by a provider that is not eligible or entitled to receive reimbursement from Medicare, and Medicare is allowed by law to be the primary payer, we will limit payment to an amount that supplements the benefits that would have been payable by Medicare had the facility or provider been eligible or entitled to receive such payments, regardless of whether or not Medicare benefits are paid.

- **Medicare managed care plan**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from another type of Medicare+Choice plan – a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 800/MEDICARE (800/633-4227) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and our Medicare managed care plan: You may enroll in our Medicare managed care plan and also remain enrolled in our FEHB Plan. In this case, we do not waive any of our copayments or coinsurance for your FEHB coverage.

This Plan and another plan's Medicare managed care plan: You may enroll in another plan's Medicare managed care plan and also remain enrolled in our FEHB Plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan's network and/or service area, but we will not waive any of our copayments or coinsurance. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare managed care plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare managed care plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare managed care plan premium). For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Medicare managed care plan's service area.

Continued on next page

Section 9. Coordinating benefits with other coverage *(continued)*

- **If you do not enroll in Medicare Part A or Part B**

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can't get premium-free Part A, we will not ask you to enroll in it.

TRICARE

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. If both TRICARE and this Plan cover you, we pay first. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

We may cover your medical or hospital care for an injury or illness that may have been caused by another person. However, you must first fill out and return to us all papers we require to secure our reimbursement from you for the amounts we paid. We will cover the cost of treatment that exceeds the amount you received in the settlement. If you need more information, contact us for third party liability procedures.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. See page 12.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 12.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Helps you meet your daily living activities. This type of care does not require the continuing attention and assistance of licensed medical or trained paramedical personnel.
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. We do not have a deductible.
Eligible Charge	<p>Eligible charge is the amount we use to determine our payment and your coinsurance for covered services. We determine our eligible charge as the lower of either the provider's actual charge or the amount we establish as the maximum allowable fee.</p> <p>Plan providers agree to accept the eligible charge for covered services. Non-Plan providers generally do not. Therefore, if you received services from a non-Plan provider you are responsible for any difference between the actual charge and the eligible charge.</p>
Experimental or investigational services	<p>A medical treatment, procedure, drug, device, or care is experimental or investigative if:</p> <ul style="list-style-type: none">• The drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug administration and approval for marketing has not been given at the time the drug or device is furnished; or• The drug, device, medical treatment, or procedure, or the patient informed consent document utilized with the drug, device, treatment, or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function, or if federal law requires such review and approval; or• Reliable evidence shows that the drug, device, medical treatment or procedure is the subject of ongoing phase I or phase II clinical trials, is for the research, experimental, study or investigational arm or ongoing phase III clinical trials, or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis; or• Reliable evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, toxicity, safety, efficacy, or its efficacy compared with a standard means of treatment or diagnosis.

Section 10. Definitions of terms we use in this brochure *(continued)*

Medical necessity

Services, drugs, supplies or equipment recommended by your treating provider and approved by our medical director, and are:

- For the purpose of treating a medical condition;
- The most appropriate delivery or level of service, considering potential benefits and harms to the patient;
- Cost-effective for the medical condition being treated compared to alternative health interventions, including no intervention. Cost-effective shall not necessarily mean the lowest price; and
- Known to be effective. Effectiveness is determined first by criteria below in the following order:
 - Scientific evidence
 - Professional standards of care
 - Expert opinion

Us/We

Us and we refer to HMSA.

You

You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- When your enrollment ends
- When the next open season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB Plan, that person may not be enrolled in or covered as a family member by another FEHB Plan.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

Continued on next page

Section 11. FEHB facts *(continued)*

Your medical and claims records are confidential

We will keep your medical and claims information confidential. Only the following will have access to it:

- OPM, this Plan, and subcontractors when they administer this contract
- This Plan and appropriate third parties, such as other insurance plans and the Office of Workers' Compensation Programs (OWCP), when coordinating benefit payments and subrogating claims
- Law enforcement officials when investigating and/or prosecuting alleged civil or criminal actions
- OPM and the General Accounting Office when conducting audits
- Individuals involved in bona fide medical research or education that does not disclose your identity
- OPM, when reviewing a disputed claim or defending litigation about a claim

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

- **Spouse equity coverage**

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices.

- **Temporary continuation of coverage (TCC)**

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc..

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

Section 11. FEHB facts *(continued)*

- **Converting to individual coverage** You may convert to a non-FEHB individual policy if:
 - Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
 - You decided not to receive coverage under TCC or the spouse equity law; or
 - You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Plan Coverage

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site (www.opm.gov/insure/health); refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

Long Term Care Insurance Is Coming Later in 2002!

- Many FEHB enrollees think that their health plan and/or Medicare will cover their long-term care needs. Unfortunately, they are WRONG!
- How are YOU planning to pay for the future custodial or chronic care you may need?
- You should consider buying long-term care insurance.

The Office of Personnel Management (OPM) will sponsor a high-quality long term care insurance program effective in October 2002. As part of its educational effort, OPM asks you to consider these questions:

What is long term care (LTC) insurance?

- It's insurance to help pay for long term care services you may need if you can't take care of yourself because of an extended illness or injury, or an age-related disease such as Alzheimer's.
- LTC insurance can provide broad, flexible benefits for nursing home care, care in an assisted living facility, care in your home, adult day care, hospice care, and more. *LTC insurance can supplement care provided by family members, reducing the burden you place on them.*

I'm healthy. I won't need long term care. Or, will I?

- Welcome to the club!
- 76% of Americans believe they will never need long term, but the facts are that about half of them will. And it's not just the old folks. About 40% of people needing long term care are under age 65. They may need chronic care due to a serious accident, a stroke, or developing multiple sclerosis, etc.
- We hope you will never need long term care, but everyone should have a plan just in case. *Many people now consider long term care insurance to be vital to their financial and retirement planning.*

Is long term care expensive?

- Yes, it can be expensive. A year in a nursing home can exceed \$50,000. Home care for only three 8- hour shifts a week can exceed \$20,000 a year. And that's before inflation!
- Long term care can easily exhaust your savings. *Long term care insurance can protect your savings.*

But won't my FEHB plan, Medicare or Medicaid cover my long term care?

- Not FEHB. Look at the "Not covered" blocks in sections 5(a) and 5(c) of your FEHB brochure. Health plans don't cover custodial care or a stay in an assisted living facility or a continuing need for a home health aide to help you get in and out of bed and with other activities of daily living. Limited stays in skilled nursing facilities can be covered in some circumstances.
- Medicare only covers skilled nursing home care (the highest level of nursing care) after a hospitalization for those who are blind, age 65 or older or fully disabled. It also has a 100 day limit.
- Medicaid covers long term care for those who meet their state's poverty guidelines, but has restrictions on covered services and where they can be received. *Long term care insurance can provide choices of care and preserve your independence.*

When will I get more information on how to apply for this new insurance coverage?

- Employees will get more information from their agencies during the LTC open enrollment period in the late summer/early fall of 2002.
- Retirees will receive information at home.

How can I find out more about the program NOW?

- Our toll-free teleservice center will begin in mid-2002. In the meantime, you can learn more about the program on our web site at www.opm.gov/insure/ltc.

Summary of benefits for the HMSA Plan – 2002

- **Do not rely on this chart alone.** All benefits are provided in full unless indicated and are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside.
- If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.
- When you receive services from a non-Plan provider you have a higher out-of-pocket cost. You generally must pay any difference between our eligible charge and the billed amount.

Benefits	You Pay for Plan Providers	Page
Medical services provided by physicians:		
• Diagnostic and treatment services provided in the office.....	20% of eligible charges	14
Services provided by a hospital:		
• Inpatient	Nothing	30
• Outpatient.....	Nothing	31
Emergency benefits:		
• In-area	20% of eligible charges	33
• Out-of-area.....	20% of eligible charges	33
Mental health and substance abuse treatment	Regular benefits	35
Prescription drugs.....	\$5 copayment for generic drugs \$15 copayment for preferred name brand drugs 50% copayment of eligible charges not less than \$15 copayment for other brand name drugs	37
Dental Care.....	Nothing for preventive dental care	42
Vision Care.....	\$7 copayment for optometrist 20% of eligible charges for other Plan providers	21
Point of Service benefits – Yes		44
Your out-of-pocket maximum.....	Nothing after \$2,500/Self-Only or \$7,500/Family enrollment per year Some costs do not count toward this protection	12

2002 Rate Information for Hawaii Medical Service Association Plan

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses, see RI 70-2B; and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.

Type of Enrollment	Code	Non-Postal Premium				Postal Premium	
		Biweekly		Monthly		Biweekly	
		Gov't Share	Your Share	Gov't Share	Your Share	USPS Share	Your Share

All of Hawaii

Self Only	871	\$80.68	\$26.89	\$174.80	\$58.27	\$95.47	\$12.10
Self and Family	872	\$179.58	\$59.86	\$389.09	\$129.70	\$212.50	\$26.94
