Introduction

Blue Choice
165 Court Street
Rochester, NY 14647

This brochure describes the benefits of Blue Choice under our contract (CS 2506) with the Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled for Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2002, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2002, and changes are summarized on page 7. Rates are shown at the end of this brochure.

Plain Language

Teams of Government and health plans' staff worked on all FEHB brochures to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means *Blue Choice*.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's "[Rate Us](http://www.opm.gov/insure)" feedback area at www.opm.gov/insure or e-mail us at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Office of Insurance Planning and Evaluation Division, 1900 E Street, NW Washington, DC 20415-3650.

Inspector General Advisory

Stop health care fraud Fraud increases the cost of health care for everyone. If you suspect that a physician, pharmacy, or hospital has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at 716/238-4466 and explain the situation.
- If we do not resolve the issue, call or write

THE HEALTH CARE FRAUD HOTLINE 202/418-3300

The United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, NW, Room 6400
Washington, DC 20415

Penalties for Fraud Anyone who falsifies a claim to obtain FEHB Program benefits can be prosecuted for fraud. Also, the Inspector General may investigate anyone who uses an ID card if the person tries to obtain services for someone who is not an eligible family member, or is no longer enrolled in the Plan and tries to obtain benefits. Your agency may also take administrative actions against you.

Section 1. Facts about this HMO plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments or coinsurance.

Your Rights

Blue Choice, a health care plan of Blue Cross and Blue Shield of the Rochester Area is a Health Maintenance Organization (HMO) that emphasizes comprehensive medical, surgical and preventive care through an IPA network of more than 2,500 area physicians in private offices and a multi-specialty group practice at the Plan's four health centers.

Each member selects their own primary care doctor from within the private office option or from the medical center option. Members of the same family can select different delivery systems. To be eligible for coverage, all services, except for emergency care, must be provided, arranged, or authorized in advance by the member's primary care physician.

A woman may see her Plan obstetrician/gynecologist or certified nurse midwife directly with no need to be referred by her primary care doctor. Routine exams are limited to two per year

Benefits for urgent care outside of this Plan's may be covered. This Plan is affiliated with HMO-USA, a network of BlueCross and BlueShield HMOs that can coordinate your medical care. If you need more information, this Plan can tell you more about its reciprocity benefits.

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- There are New York State laws that BlueCross BlueShield of the Rochester Area administers to protect your private health information.
- BlueCross BlueShield of the Rochester Area has been serving the Rochester community for over 60 years, with products such as Blue Choice, the area's largest health care plan.
- Blue Choice is a Non-Profit organization

If you want more information about us, call 800/462-0108, or write to Blue Choice Member Services, 165 Court Street, Rochester, NY 14647. You may also contact us by fax at 716/238-3659 or visit our website at www.bcbsra.com.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. Our service area is: the New York counties of Monroe, Livingston, Wayne, Ontario, Seneca and Yates.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. How we change for 2002

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We changed speech therapy benefits by removing the requirement that services must be required to restore functional speech. (Section 5(a))

Changes to this Plan

- Your share of the non-Postal premium will increase by 24.5% for Self Only or 37.6% for Self and Family.
- We no longer limit total blood cholesterol tests to certain age groups. (Section 5(a))
- We now cover certain intestinal transplants. (Section 5(b))
- We now cover prescription drugs under a three-tier copayment arrangement. Your copayments will vary depending on how you purchase your medication. When you purchase medication at a retail pharmacy or through the mail order program, you pay \$5 for generic prescription or refill, \$15 for each preferred brand name prescription or refill, or \$30 for each non-preferred brand name prescription or refill, for each 30-day supply.
- Smoking cessation drugs are now covered under prescription drugs.
- Durable medical equipment is now covered at 80% when purchased from a participating provider.
- We now cover ambulance service in full after a \$25 copayment.
- We now cover second surgical opinions with an office visit copayment of \$10.
- We now cover emergency room department triage with a \$50 member copayment and urgent care facility with a \$25 member copayment.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 716/454-4810.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, and/or coinsurance and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website at www.bcbsra.com.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website at www.bcbsra.com.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. To determine if a physician is a participating provider and accepting new patients, you can refer to our Provider Directory or contact us at 716/454-4810

- **Primary care**

Your primary care physician can be a family practitioner, internal medicine, pediatrician, general medicine or obstetrician/gynecologist. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals. The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your primary care physician gives you a referral. However, you may see *your eye doctor once every 24 months or an acupuncturist* without a referral.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause; or
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
 - reduce our service area and you enroll in another FEHB Plan,you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 716/454-4810. If you are new to the FEHB Program, we will arrange for you to receive care.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person..

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services.

For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process *pre-certification*. Your physician must obtain pre-certification for the following services:

1. Air ambulance,
2. All inpatient admissions,
3. All referrals to non-participating providers,
4. Ambulatory surgery,
5. Chemotherapy & radiation treatment,
6. Colonoscopy & endoscopy procedures,
7. Diabetic equipment,
8. Home health care,
9. Home infusion therapy,
10. Inpatient physical rehabilitation,
11. Kidney dialysis,
12. Magnetic resonance imaging (MRI) and magnetic resonance angiography (MRA),
13. Mental health services,
14. Nutritional counseling,
15. Organ & bone marrow transplants,
16. Outpatient alcohol or drug abuse,
17. Pain management,
18. Short term therapy,
19. Skilled nursing facility care, and
20. Sleep apnea studies.

Section 4. Your costs for covered services

You must share the cost of some services. You are responsible for:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc. when you receive services.

Example: When you see your primary care physician you pay a copayment of \$10 per office visit and when you go in the hospital, you pay nothing.

- **Coinsurance**

Coinsurance is the percentage of our negotiated fee that you must pay for your care

Example: In our Plan, you pay 50% of our allowance for acupuncture services and 20% for Prosthetic and Orthopedic Devices

Your out-of-pocket catastrophic protection maximum

We do not have an out-of-pocket maximum.

Section 5. Benefits -- OVERVIEW

(See page 7 for how our benefits changed this year and page 49 for a benefits summary.)

NOTE: This benefits section is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claims forms, claims filing advice, or more information about our benefits, contact us at (716) 454-4810 or at our website at www.bcbsra.com.

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- Be sure to read Section 4, *Your costs for covered services* for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area: If you are in an emergency situation, please call your primary care doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member must notify the Plan within 48 hours. It is your responsibility to ensure that the Plan has been timely notified.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and Plan doctors believe care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

If the emergency results in admission to a hospital, the emergency care copay is waived.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, Any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

If the emergency results in admission to a hospital, the emergency care copay is waived.

When you get our approval for services and follow a treatment plan we approve, cost sharing and limitations for Plan mental health and substance benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- All benefits are subject to the definitions, limitations, and exclusions in this brochure.
- Be sure to read Section 4, *Your costs for covered services* for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Preauthorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes:

- The Pre-authorization procedure must be followed regardless whether the Member is within The Plan's Service Area or not. Pre-authorization need not be obtained for Emergency care. In making the determination to issue Pre-authorization The Plan will examine the circumstances surrounding the Member's condition and the care provided; including reasons for providing or prescribing the care; and any unusual circumstances. However, the fact that the Member's Doctor prescribed the care does not automatically mean that the care qualifies for The Plan's payments under this Certificate. The provider, prior to recommending or ordering any pre-authorized services, must call Blue Choice at (716) 454-4591. For obtaining provider directories, call Member Service Department at (716) 454-4810.

Limitation

We may limit your benefits if you do not obtain a treatment plan.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician must write the prescription – or – A plan physician or licensed dentist must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a participation pharmacy or by mail. A generic equivalent will be dispensed if it is available, unless your physician specifically requires a name brand. If you receive a name brand drug when a Federally-approved generic drug is available, and your physician has not specified Dispense as Written for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic.
- **We have an open formulary.** If your physician believes a name brand product is necessary or there is no generic available, your physician may prescribe a name brand drug from a formulary list. This list of name brand drugs is a preferred list of drugs that we selected to meet patient needs at a lower cost. To order a prescription drug brochure, call (716) 454-4810.
- **These are the dispensing limitations.** Retail and Mail Order – Prescription drugs are dispensed per 30 day supply, maximum 90-day supply. You will pay either a \$5, \$15 or \$30 copayment for each for each 30 day supply
- **Why use generic drugs?** Generic drugs are lower priced drugs that are the therapeutic equivalent to more expensive brand name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand name product. Generics cost less than the equivalent brand name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that the drugs meet the same standards of quality and strength as brand name drugs.

You can save money by using generic drugs. However, you and your physician have the option to request a brand name if a generic option is available. Using the most cost-effective medication saves money.

When generic substitution is permissible, (i.e., a generic is available and the prescribing doctor does not require the use of a brand name drug), but you request the name brand drug. You pay the \$5 copay for prescription drugs plus the price difference between the generic and the name brand drug.
- **When you have to file a claim.** You will have no claims to file unless you use a non-participating pharmacy..

Prescription drug benefits begin on the next page.

Section 5 (i). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or out-of-pocket maximums.

Member Rewards has been developed by Blue Choice to introduce you to selected local resources that will help you get into shape, have more energy, deal more effectively with life's problems and increase your chances of preventing heart disease, cancer or stroke. Take advantage of the health and wellness programs offered to Blue Choice members.

Private office option Member Rewards offers most health and wellness programs for just \$5 a session. Topics include nutrition, smoking cessation, first aid/safety, back care, stress management, general wellness and family life.

Choice discounts Member Rewards offers Choice Discounts that provide savings on health and fitness club membership, exercise programs, and sports equipment, ranging from footwear to cardiovascular exercise machines. To obtain a list of Member Rewards and Choice Discounts, call 716/454-4810.

To further promote wellness and preventive care, members may enroll in health education programs at the health centers. These programs are professionally led courses on nutrition, back care, smoking cessation, stress management and many other topics. Most programs cost just \$5.

Section 6. General exclusions – things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest ;
- Services, drugs, or supplies related to sex transformations; or
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at (716) 454-4810.

When you must file a claim -- such as for out-of-area care -- submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer --such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

**Submit your claims to: Blue Choice
165 Court Street
Rochester, NY 14647**

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization:

The Disputed Claim process *continued*

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5 OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

6 If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at (716) 454-4810 and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You can call OPM's Health Benefits Contracts Division 3 at 202/606-0737 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage You must tell us if you are covered or a family member is covered under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

•What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan is available everywhere in the United States. It is the way everyone used to get Medicare plan benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs

When you are enrolled in Original Medicare, along with this plan you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your Plan PCP.

(Primary payer chart begins on next page.)

The following chart illustrates whether the Original Medicare plan or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

Claims process when you have the Original Medicare Plan -- You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claims will be coordinated automatically and we will pay the balance of covered charges. You will not need to do anything. To find out if you need to do something about filing your claims, call us at (716) 454-4810 or on the web at: www.bcbsra.com.

We waive some costs when you have the Original Medicare Plan -- When Medicare is the primary payer, we will waive some out-of-pocket costs, as follows:

- Medical services and supplies provided by physicians and other health care professionals.

• Medicare managed care plan

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare managed care plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare managed care plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare managed care plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare managed care plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare managed care plan, the following options are available to you:

This Plan and our Medicare managed care plan: You may enroll in our Medicare managed care plan and also remain enrolled in our FEHB plan. In this case, we do/do not waive any of our copayments, coinsurance, or deductibles for your FEHB coverage.

This Plan and another plan's Medicare managed care plan: You may enroll in another plan's Medicare managed care plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare managed care plan is primary, even out of the managed care plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare managed care plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare managed care plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage and a Medicare managed care plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare managed care plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare managed care plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Managed Care Plan service area.

• If you do not enrollment in Medicare Part A or Part B

If you do not have one or both Parts of Medicare, you can still be covered under the FEHB Program. We will not require you to enroll in Medicare Part B and, if you can't get premium-free Part A, we will not ask you to enroll in it.

TRICARE

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. If both TRICARE and this Plan cover you, we pay first. See your TRICARE Health Benefits Advisor if you have questions about TRICARE coverage.

Workers' Compensation

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this Plan and Medicaid, we pay first.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. See page 11.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 11.
Covered services	Care we provide benefits for, as described in this brochure.
Experimental or Investigational	Blue Choice uses published peer-reviewed medical literature about the efficiency and improvement outcomes of technology, along with the United States Food and Drug Administration approval for marketing of medical devices, drugs or biologicals for a particular diagnosis or condition.
Medical necessity	Medically Necessary Care is care which, according to The Plan's criteria is: (a) Consistent with the symptoms or diagnosis and treatment of the Member's condition, disease, ailment or injury, (b) in accordance with standards of acceptable medical practice, (c) not solely for the Member's convenience, or that of the Member's Doctor or other Provider, (d) the most appropriate supply, place of service, or level of service which can safely be provided to the Member, (e) provided for the diagnosis or the direct care and treatment of the Member's condition, illness, disease or injury, and (f) when applied to hospitalization, the Member requires acute care as a bed patient due to the nature of the services rendered, or the Member's condition, and the Member could not have received safe or adequate care in any other setting (e.g. as an outpatient).
Us/We	Us and we refer to <i>Blue Choice</i>
You	You refers to the enrollee and each covered family member.

Section 11. FEHB facts

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage

Your medical and claims records are confidential

We will keep your medical and claims information confidential. Only the following will have access to it:

- OPM, this Plan, and subcontractors when they administer this contract;
- This Plan and appropriate third parties, such as other insurance plans and the Office of Workers' Compensation Programs (OWCP), when coordinating benefit payments and subrogating claims;
- Law enforcement officials when investigating and/or prosecuting alleged civil or criminal actions;
- OPM and the General Accounting Office when conducting audits;
- Individuals involved in bona fide medical research or education that does not disclose your identity; or
- OPM, when reviewing a disputed claim or defending litigation about a claim.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

•When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage.

• Spouse equity coverage

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. But, you may be eligible for your own FEHB coverage under the spouse equity law. If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices.

•Temporary continuation of coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends. (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Plan Coverage

The Health Insurance Portability and Accountability Act of 1996 offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB web site (www.opm.gov/insure/health); refer to the "TCC and HIPAA" frequently asked question. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

Long Term Care Insurance Is Coming Later in 2002!

- Many FEHB enrollees think that their health plan and/or Medicare will cover their long-term care needs. Unfortunately, they are *WRONG!*
- How are YOU planning to pay for the future custodial or chronic care you may need?
- You should consider buying long-term care insurance.

The Office of Personnel Management (OPM) will sponsor a high-quality long term care insurance program effective in October 2002. As part of its educational effort, OPM asks you to consider these questions:

What is long term care (LTC) insurance?

- It's insurance to help pay for long term care services you may need if you can't take care of yourself because of an extended illness or injury, or an age-related disease such as Alzheimer's.
- LTC insurance can provide broad, flexible benefits for nursing home care, care in an assisted living facility, care in your home, adult day care, hospice care, and more. LTC insurance can supplement care provided by family members, reducing the burden you place on them.

I'm healthy. I won't need long term care. Or, will I?

- Welcome to the club!
- 76% of Americans believe they will never need long term care, but the facts are that about half of them will. And it's not just the old folks. About 40% of people needing long term care are under age 65. They may need chronic care due to a serious accident, a stroke, or developing multiple sclerosis, etc.
- We hope you will never need long term care, but everyone should have a plan just in case. Many people now consider long term care insurance to be vital to their financial and retirement planning.

Is long term care expensive?

- Yes, it can be very expensive. A year in a nursing home can exceed \$50,000. Home care for only three 8- hour shifts a week can exceed \$20,000 a year. And that's before inflation!
- Long term care can easily exhaust your savings. *Long term care insurance can protect your savings.*

But won't my FEHB plan, Medicare or Medicaid cover my long term care?

- Not FEHB. Look at the "*Not covered*" blocks in sections 5(a) and 5(c) of your FEHB brochure. Health plans don't cover custodial care or a stay in an assisted living facility or a continuing need for a home health aide to help you get in and out of bed and with other activities of daily living. Limited stays in skilled nursing facilities can be covered in some circumstances.
- Medicare only covers skilled nursing home care (the highest level of nursing care) after a hospitalization for those who are blind, age 65 or older or fully disabled. It also has a 100 day limit.
- Medicaid covers long term care for those who meet their state's poverty guidelines, but has restrictions on covered services and where they can be received. Long term care insurance can provide choices of care and preserve your independence..

When will I get more information on how to apply for this new insurance coverage?

- Employees will get more information from their agencies during the LTC open enrollment period in the late summer/early fall of 2002.
- Retirees will receive information at home.

How can I find out more about the program NOW?

- Our toll-free teleservice center will begin in mid-2002. In the meantime, you can learn more about the program on our web site at www.opm.gov/insure/ltc.

2002 Rate Information for Blue Choice

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and special FEHB guides are published for Postal Service Nurses, RI 70-2B; and for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.
