Important Notice from Coventry Health Care About

Our Prescription Drug Coverage and Medicare

OPM has determined that the Coventry Health Care prescription drug coverage is, on average, comparable to Medicare Part D prescription drug coverage; thus you do not need to enroll in Medicare Part D and pay extra for prescription drug benefits. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and will coordinate benefits with Medicare.

Remember: If you are an annuitant and you terminate your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage, you will have to pay a higher Part D premium if you go without equivalent prescription drug coverage for a period of 63 days or longer. If you enroll in Medicare Part D at a later date, your premium will increase 1 percent per month for each month you did not have equivalent prescription drug coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what most other people pay. You may also have to wait until the next open enrollment period to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

Introduction

This brochure describes the benefits of under our contract (CS 2892) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. The address for Coventry's administrative offices is:

Coventry Health Care
2751 Centerville Road, Suite 400
Wilmington, DE 19808

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2007, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2007, and changes are summarized on page 8. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Coventry Health Care.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the U.S. Office of Personnel Management, Insurance Services Programs, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Don't give your plan identification (ID) number over the telephone or to people you do not know, except for your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

Call the provider and ask for an explanation. There may be an error.

If the provider does not resolve the matter, call us at 800-833-7423 and explain the situation.

If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

202-418-3300

OR WRITE TO:

United States Office of Personnel Management

Office of the Inspector General Fraud Hotline

1900 E Street NW Room 6400

Washington, DC20415-1100

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing medical mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines that you take, including non-prescription (over-the-counter) medicines.
- Tell them about any drug allergies you have.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.

- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery
 - How can I expect to feel during recovery?
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1 Facts about this HMO plan

General features of our High and Standard Options

The High and Standard Options are individual practice health maintenance organization (HMO) plans. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

Payment for Covered Services will be made by Us directly to the Participating Provider. For Medical Emergency and Urgent Care services, payment will be made by us directly to the Provider or may, at our discretion, be made to you. Participating Providers may not, under any circumstances, seek payment from You except for Copayments, Coinsurance, and payments for Non-authorized or non-Covered Services.

General features of our High Deductible Health Plan (HDHP)

HDHPs have higher annual deductibles and annual out-of-pocket maximum limits than other types of FEHB plans.

Preventive care services

Preventive care services are generally paid as first dollar coverage or after a small deductible or copayment. First dollar coverage may be limited to a maximum dollar amount each year.

Annual deductible

The annual deductible must be met before Plan benefits are paid for care other than preventive care services.

Health Savings Account (HSA)

You are eligible for an HSA if you are enrolled in an HDHP, not covered by any other health plan that is not an HDHP (including a spouse's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term coverage), not enrolled in Medicare, and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense.
- Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by a HDHP.
- You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. In addition, your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA)

If you are not eligible for an HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although an HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed \$4,000 for Self Only enrollment, or \$8,000 family coverage.

Your rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB Web site (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Years in existence
- Profit status

If you want more information about us, call 302-283-6500 in Delaware or 800-833-7423 outside of Delaware or write to Coventry Health Care at 2751 Centerville Road, Suite 400, Wilmington, DE 19808-1627. You may also contact us by fax at 866-858-1522 or visit our Web site at www.chcde.com.

Your medical and claims records are confidential:

We will keep your medical and claims records confidential. Please note that as part of our administration of this contract, we may disclose your medical and claims information (including your prescription drug utilization) to any treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. Our service areas are:

Delaware – All of Delaware

Maryland – All of Maryland.

Southern New Jersey - Camden, Cumberland, Gloucester, & Salem Counties.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or another plan that has agreements with affiliates in other areas. If you or a family member moves, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2 How we change for 2007

Do not rely on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

- Maryland - Your share of the non-Postal premium will not increase for Self Only or for Self and Family

Section 3 How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-833-7423 or write to us

COVENTRYHEALTH CARE

Pencader Corporate Center

211 Lake Drive

Newark, DE 19702-3320

You may also request replacement cards through our Web site at www.chcde.com through My Online Services.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments and coinsurance and you will not have to file claims. If you go to a non-Participating Provider, benefits will be denied, except for Emergency Services and Urgent Care Services outside the Service Area and certain referrals as provided for below.

• Network providers and facilities

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. Members are responsible for verifying provider participation. A member may get information about our participating provider network by checking the Provider Directory; calling our Customer Service Department at 302-283-6500 within our service area or 800-833-7423; or logging on to our website at www.chcde.com. We reserve the right to make changes in our participating provider network as is appropriate or necessary.

We credential plan providers according to national standards. Coventry has been awarded full accreditation under the Health Plan standards of URAC (American Accreditation HealthCare Commission), including provider credentialing.

When services are rendered by a Plan Provider, payment will be made to the Provider for services rendered. Members are responsible for any copayment, deductible, or coinsurance and payment of an unauthorized or non-covered Service.

When a Covered Service is rendered to a Member by a Non-Plan Provider, We shall pay the Out-of-Network Plan Allowance for Covered Services within 30 days after the receipt of a claim. We shall determine, in Our sole discretion, whether to accept assignment of payment of the claim. Therefore, We reserve the right to pay either You or the Non-Plan Provider. In addition, if a Member is covered as a Dependent child under a Qualified Medical Child Support Order or other court or administrative order applicable to the Group, who is not the Subscriber/Member, receives covered expenses on the Dependent child’s behalf, We reserve the right to make payment for these covered expenses to the non-Subscriber/Member parent or the Provider. Payment will, in either case, be full and complete satisfaction of benefit and payment obligations under this Plan.

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. Members are responsible for verifying provider participation. A member may get information about our participating provider network by checking the Provider Directory; calling our Customer Service Department at 302-283-6500 within our service area or 800- 833-7423; or logging on to our website at <http://www.CHCDE.com/>. As noted above, we reserve the right to make changes in our participating provider network as is appropriate or necessary.

- **Out-of-network providers and facilities**

Your benefit plan does not have coverage for out of network facilities or providers without prior authorization from Us, or if in the case on an Emergency situation and Urgent Care Services outside the Service Area.

What you must do to get covered care

Carry your Identification Card at all times; this is your proof of coverage. Always seek care from Participating Providers. The fact that a participating physician may prescribe, order, recommend, or approve a service or supply does not by itself make the charge a covered service. We will not cover a service or supply that is not medically necessary or that is not a covered service, even if it is not specifically listed or described under an exclusion or limitation, unless approved by Us.

To obtain benefits provided by this agreement, the member is subject to all terms, conditions, limitations, and exclusions in this agreement. The member is also subject to all of our rules and regulations. We retain the right to make all final decisions concerning covered services.

- **Primary care**

Our plan does not require you to pick a primary care physician, however you will need to use a physician in the Coventry Health Care network.

Some participating provider services require authorization by us. See “Services Requiring Our Approval” below for more information.

- **Specialty care**

Our plan does not require You to obtain referrals to see specialists, however the provider must be in Our network. If you go to a non-participating provider, benefits will be denied, except for Emergency Services and Urgent Care Services outside the Service Area and certain referrals as provided for below.

Members may be covered for services rendered by a Non-Plan Provider if:

- The Member is diagnosed with a condition or disease that requires specialist medical care and We do not have a Plan Provider with the professional training and expertise to treat the condition or disease; and
- The Non-Plan Provider agrees to accept the same reimbursement as would be provided to a Provider who is part of Our provider panel.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.

- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - Terminate our contract with your specialist for other than cause; or
 - Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program Plan; or
 - Reduce our service area and you enroll in another FEHB Plan,

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

If hospitalization is required, a Participating Physician will arrange admission to one of Our Participating Hospitals. A Participating Physician will care for You, or You will be referred to a Participating Provider who will manage Your care. **All non-emergency Hospital admissions must be Authorized by a Participating Physician and Coventry Health Care prior to admission.**

• **If you are hospitalized when your enrollment begins**

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process precertification. Your physician must obtain approval for the following list of services:

- Ambulance Transport (except for emergency situations)
- Certain Prescription Drugs
- Chemotherapy
- Computed Tomography Scans (CT Scans)
- Durable Medical Equipment purchase price greater than \$200 – all rentals require authorization (personal, comfort and convenience items are a benefit exclusion)
- Eye Glasses or Corrective Lenses Required after Cataract Surgery

- Genetic Counseling
- Habilitative Services for Children under age 19
- Hair Prosthesis
- Hearing Aids for Minor Children
- Home Health Care
- Home Infusion Therapy
- Hospice
- Infertility Services
- Injectables other than those covered under CHCDE's Formulary
- Inpatient Admission (i.e., Hospitals, Rehabilitation, Surgery, Skilled Nursing Facilities and Sub-Acute Facilities)
- In Vitro Fertilization
- Magnetic Resonance Angiography (MRA)
- Magnetic Resonance Imaging (MRI)
- Maternity Care
- Mental Health and Substance Abuse Services
- Morbid Obesity Treatment
- Non-Participating Providers (except for Emergency Services)
- Nutritional Counseling performed by Providers other than Participating Physicians
- Outpatient procedures and surgical services performed in a hospital
- Plastic/Cosmetic Surgery and Procedures
- Positron Emission Tomography (PET Scans)
- Therapies (i.e., Speech Therapy, Physical Therapy, Occupational Therapy, Cardiac Rehabilitation/Therapy and Pulmonary Rehabilitation)
- Transplant and Transplant Evaluation

Authorization Process

The Participating Provider calls Us for an Authorization within 10 days of the scheduled admission or service. The Health Plan will:

- inform the Member's Provider within 3 calendar days of the Authorization request when we do not have enough information to make a decision;
- make a decision for a scheduled admission or service within 2 working days of receiving the necessary information;
- make a decision for an extended stay in a health care facility within one working day after receiving the necessary information;
- make a decision to provide additional services or extend the time for such services within one working day after receiving the necessary information; and
- promptly notify the Member and the Member's Provider of the decision.

If We do not authorize the care, We will notify the Member and the Member's Provider of the decision within 5 days after the decision has been made. If the Member's Provider disagrees with the decision, he or she may ask us to reconsider. We will give the Provider the opportunity to speak with the physician who made the decision, by telephone, within 24 hours of when the Provider asked for reconsideration.

We will waive the prior authorization requirements for emergency admissions and urgent care. However, the Member, a family member or the Provider needs to call us within 48 hours or as soon as possible to advise us of an emergency hospital admission.

Mental Health Admissions

Emergency mental health admissions do not require Authorization. We will not deny a mental health admission during the first 24 hours of the inpatient admission when

- The Member is admitted because he or she is a danger to self or others;
- The Member's Physician or psychologist consults with a medical staff member of the facility who has admitting privileges and they determine the admission is necessary; and
- The hospital notifies Us immediately that the Member has been admitted and the reason for the admission.

Emergency Admissions

For emergency inpatient admissions, We will not render an adverse decision solely because the hospital did not notify Us of the emergency admission within 48 hours after that admission if the patient's medical condition prevented the hospital from determining:

- the patient's insurance status; and
- Our emergency admission notification requirements.

Retroactive Adverse Decisions for Authorized Care

- Except as provided in the bullets below, if a course of treatment has been authorized for a Member, We will not make an adverse decision for the authorized services.
- We may retrospectively render an adverse decision for authorized services if:
- the information submitted to Us regarding the Member's services was fraudulent or intentionally misrepresentative;
- critical information requested by Us regarding the Member's services was omitted and Our determination would have been different had We known the critical information; or
- the Provider did not substantially follow the approved treatment plan for the Member.

Section 4 Your costs for covered services

You must share the cost of some service. You are responsible for:

Copayments

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

High Option and Standard Option: Example: when you see your primary care physician you pay a copayment of \$10 per office visit – and when you visit a specialist the copayment is \$20 per visit.

High Deductible Health Plan: Example: when you see your primary care physician for routine physicals you pay a copayment of \$15 per visit.

Deductible

A deductible is a fixed amount you must incur for certain covered services and supplies before we pay benefits for them. Copayments do not count toward any deductible.

High Option: There is no plan deductible.

Standard Option: The deductible amount for this plan is \$250 for individual coverage and \$500 for family coverage. The Plan will not pay benefits, until the deductible is met. The time period for accumulating amounts applied to the deductible is a Calendar or Contract Year.

When the Member incurs expenses in the last three (3) months of a year which are applied to the Member's Deductible for that year, the Deductible amounts are also applied to the Member's Deductible amount due for the following year, if the prior year Deductible has not been satisfied in full.

High Deductible Health Plan: The deductible amount for this plan is \$1,500 for individual coverage (subscribers covering no spouse or dependents) and \$3,000 for family coverage (subscribers covering spouse and/or family).

The Plan will not pay benefits until the Deductible is met. The time period for accumulating amounts applied to the Deductible is a Calendar or Contract Year. The entire family deductible must be met before individual family members are eligible for benefits.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

And, if you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you meet your deductible.

High Option: Example: you pay 20% of our allowance for durable medical equipment.

Standard Option: Example: you pay 20% of our allowance after your deductible for inpatient hospitalization.

High Deductible Health Plan: Example: you pay 15% of our allowance for durable medical equipment after you have met the deductible.

Note: If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 15% coinsurance, the actual charge is \$70. We will pay \$59.50 (85% of the actual charge of \$70).

Differences between our Plan allowance and the bill

In-network providers agree to limit what they will bill you. Because of that, when you use a network provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see a network physician who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, you pay just – 15% of our \$100 allowance (\$15). Because of the agreement, your network physician will not bill you for the \$50 difference between our allowance and his bill.

Your catastrophic protection out-of-pocket maximum

High Option: After your coinsurances total \$1,000 per person or \$3,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. The calendar year out-of-pocket maximum does not include any copayments except those for emergency room or urgent care center. In addition, coinsurances for infertility treatment do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay coinsurance for these services.

Be sure to keep accurate records of your copayments and coinsurances since you are responsible for informing us when you reach the maximum.

Standard Option: After your coinsurances total \$1,000 per person or \$3,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. The calendar year out-of-pocket maximum does not include any deductibles or copayments except those for emergency room or urgent care center. In addition, coinsurances for infertility treatment do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay coinsurance for these services.

High Deductible Health Plan: Your out-of pocket maximum for this plan is \$4,000 per individual and \$8,000 per family.

The individual Out-of-Pocket Maximum is a limit on the amount You must pay out of Your pocket for specific Covered Services in a calendar year. The family Out-of-Pocket Maximum is the limit on the total amount Members of the same family must pay for specific Covered Services in a calendar year. Once the Out-of-Pocket Maximum is met, Covered Services are paid at 100% for the remainder of the calendar year.

The out of pocket maximum includes all deductibles, copayments and coinsurance as applied by this plan.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

High and Standard Option Benefits

See page 8 for how our benefits changed this year. Page 119 and page 120 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Section 5 High and Standard Option Benefits Overview

This Plan offers a High Option. Our benefit package is described in Section 5. Make sure that you review the benefits carefully.

The High Option Section 5 is divided into subsections. Please read the important things you should keep in mind at the beginning of the subsections. Also read the General exclusions in Section 6, they apply to the benefits in the following subsections. To obtain claim forms, claims filling advice, or more information about High Option benefits, contact us at 800-833-7423 or at our Web site at www.chcde.com.

Our benefit package offers the following unique features:

- **High Option**

The High Option is an individual practice health maintenance organization (HMO) plan. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

- **Standard Option**

The Standard Option HMO works similarly to the High Option plans, however the benefits are not as rich, but the premiums are lower. Members use the same provider network and preventive care is emphasized. However, some services will be subject to a deductible and coinsurance. Basic care, such as, office visits, laboratory and x-rays, are not subject to the deductible and have only a minimal copayment.

**Section 5(a) Medical services and supplies
provided by physicians and other health care professionals**

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- High Option: We have no Deductible.
- Standard Option: The calendar year deductible is: \$250 per person (\$500 per family). The calendar year deductible applies to almost all benefits in this section. Copayments do not count toward your deductible. **Note: We added “(No deductible)” to show when the calendar year deductible does not apply.**
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b) Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- High Option: We have no deductible.
- Standard Option: The calendar year deductible is: \$250 per person (\$500 per family). The calendar year deductible only applies to the Standard Option Plan. Copayments do not apply towards the deductible. **Note: The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” when it does not apply.**
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION OF SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In a life-threatening emergency, call the local emergency system (e.g. the local 911-telephone system), or go to the nearest emergency facility. If an ambulance comes, tell the paramedics that the person who needs help is a Coventry Health Care member.

Emergencies within our service area:

When a need for Emergency Services occurs in the Service Area, a member should seek medical attention immediately from a hospital, physician’s office or other emergency facility. The determination of covered benefits for services rendered in an emergency facility is based on our review of the member’s emergency room medical records, along with those relevant symptoms and circumstances that preceded the provision of care. Services provided by an emergency facility for non-Emergency Services are not covered except if you are directed to an emergency room by us or a physician and the care is deemed not to be an emergency. Coverage will also be provided for Emergency Services in cases where you do not have 24-hour access to a physician, even if those services are deemed not to be an emergency.

Emergencies outside our service area:

The member may be transported from outside the service area to the service area for continued medical management of an emergency services condition at the option of the Medical Director or Medical Director’s Designee. We will only exercise this option when the Medical Director or Medical Director’s Designee decides that such action will not have a detrimental effect on the Member’s medical condition. Ground ambulance transportation to return a member to a participating provider is covered when authorized by us. Refusal to be transferred may result in loss of benefits.

Section 5(e) Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- High Option: We have no deductible.
- Standard Option: The calendar year deductible or, for facility care, the inpatient deductible applies only to the Standard Option Plan. Limitation	We may limit your benefits if you do not obtain a treatment plan.	

Section 5(f) Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- High and Standard Option: We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** You may obtain a prescription from a prescribing physician or other health care professional who is licensed and who, in the usual course of business, may legally prescribe prescription drugs.
- **Where you can obtain them.** You may fill the prescription at a participating pharmacy, including a participating mail order or specialty pharmacy, except for Emergency or Urgent Care Services, out of the service area. A “specialty pharmacy” is a pharmacy from which you may obtain self-administered injectable drugs. You may obtain maintenance medication through Caremark, our mail order prescription program. Caremark’s Customer Service number is 800-378-7040.
- **We use a formulary.** A formulary is a list of specific generic and brand name prescription drugs authorized by the Health plan and subject to periodic review and modification. Since there may be more than one brand name of a prescription drug, not all brands of the same prescription drug may be included in the formulary. If you would like information on whether a specific drug is included in our drug formulary, please call our Customer Service Department at 302-283-6500 within our service area or 800-833-7423.
- **There are dispensing limitations.** These are the dispensing and quantity limitations. **Prescription drugs will be dispensed in the quantity determined by Us.** In order for Prescription Drugs to be covered in excess of the specific quantity limit, your physician must call Us before you fill the Prescription Order or Refill for a drug that exceeds the specific quantity limit.

Retail Drugs

In general, the quantity of a Prescription Drug dispensed by a Retail Pharmacy for each Prescription Order or Refill is limited to the lesser of:

- The amount determined by Us to be a 30-day supply
- The amount prescribed in the Prescription Order or Refill; or
- Depending on the form and packaging of the product, the following:
100 tablets/capsules, or
480 cc of oral liquids; or
A single commercially prepackaged item (including but not limited to inhalers, topicals, and vials).

Mail Order Drugs

The quantity of a Prescription Drug dispensed by the Mail Order Pharmacy for one Prescription Order or Refill for a Maintenance Drug is limited to the lesser of:

- The amount prescribed in the Prescription Order or Refill; or
- The amount determined by Us to be Medically Necessary; or
- The amount determined by Us to be a 90-day supply; or

- Depending on the form and packaging of the product, the following:
 300 tablets/capsules, or
 1,440 cc of oral liquids; or
 three (3) single commercially prepackaged items (including but not limited to inhalers, topicals, and vials).

The following Member payments shall apply:

1. One (1) copayment (\$10 for generic prescriptions; \$20 for preferred brand name prescriptions, \$45 for non-preferred brand name prescriptions) or the cost of the prescription drug, whichever is less, is due each time a prescription is filled or refilled at a retail or specialty pharmacy.
2. Formulary maintenance drugs obtained through a mail order pharmacy designated by the Health Plan may be dispensed with two (2) copayments for a ninety- (90) day's supply (\$20 copayment for generic prescriptions; \$40 for preferred brand name prescriptions). Non-preferred brand name prescriptions are not available by mail order. **To order prescription drugs or refills please contact Caremark's Customer Service at 800-378-7040 or visit the website www.rxrequest.com. This service is available 24 hours a day – 7 days a week.**
3. Total member payments shall not exceed the price of the prescription drug. Copayments and Ancillary Charges do not apply do the member's Out-of-Pocket Maximum.

Why use generic drugs? Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs.

You can save money by using generic drugs. However, you and your physician have the option to request a name brand if a generic option is available. Using the most cost-effective medication saves money.

When you do have to file a claim? When you receive drugs from a plan pharmacy you do not have to file a claim. For a covered out-of-area emergency, you will need to file a claim when you receive drugs from a non-plan pharmacy. To file a pharmacy claim, call Caremark at 800-378-7040.

Section 5(h) Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- Plan providers must provide or arrange your care.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 10 about coordinating benefits with other coverage, including with Medicare.

Summary of benefits for the HDHP of Coventry Health Care - 2007116

Section 5 High Deductible Health Plan Benefits Overview

This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 800-833-7423 or at our Web site at www.chcde.com.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

When you enroll in this HDHP, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health Plan premium to your HSA or HRA based upon your eligibility.

With this Plan, preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described on page 65. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care; traditional medical coverage health care that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account management tools.

- **Preventive care** The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations, tobacco cessation programs, obesity weight loss programs, disease management and wellness programs. These services are covered at 100% after a \$15 copayment if you use a network provider and are fully described in Section 5 *Preventive care*. *You do not have to meet the deductible before using these services.*
- **Traditional medical coverage** After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in Section 5. The Plan typically pays 100% of allowable charges for in-network and 70% for out-of-network care.

 - Covered services include:
 - Medical services and supplies provided by physicians and other health care professionals
 - Surgical and anesthesia services provided by physicians and other health care professionals
 - Hospital services; other facility or ambulance services
 - Emergency services/accidents
 - Mental health and substance abuse benefits
 - Prescription drug benefits
 - Dental benefits.
- **Savings** Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see page 58 for more details).

• **Health Savings Accounts (HSA)**

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else’s tax return, have not received VA benefits within the last three months or do not have other health insurance coverage other than another high deductible health plan. In 2007, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$41.67 per month for a Self Only enrollment or \$83.33 per month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$1500 for an individual plan and \$3000 for a family. See maximum contribution information on page. You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don’t deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- CBSA Inc. administers your HSA. (Corporate Benefit Services of America, Inc.)
- Your contributions to the HSA are tax deductible
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It’s portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available.

Important consideration if you want to participate in a Health Care Flexible Spending Account:

If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a health care flexible spending account (such as FSAFEDS offers – see Section 12), this HDHP cannot continue to contribute to your HSA. Instead, when you inform us of your coverage in an FSA, we will establish an HRA for you.

• **Health Reimbursement Arrangements (HRA)**

If you aren’t eligible for an HSA, for example you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us that you are ineligible for an HSA.

In 2007, we will give you an HRA credit of \$500 per year for a Self Only enrollment and \$1000 per year for a Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don’t count toward the deductible.

HRA features include:

- For our HDHP option, CBSA Inc. administers the HRA. (Corporate Benefit Services of America, Inc.)
- Entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP

- Unused credits carryover from year to year
- HRA credit does not earn interest
- HRA credit is forfeited if you leave Federal employment or switch health insurance plans.
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements.

See *Who is eligible to enroll?* In Section 12 under The Federal Flexible Spending Account. Program – *FSAFEDS*.

• **Catastrophic protection for out-of-pocket expenses**

When you use network providers, your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$ 4,000 per person or \$ 8,000 per family enrollment. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s allowable amount or benefit maximum). Refer to Section 4 Your catastrophic protection out-of-pocket maximum and HDHP Section 5 *Traditional medical coverage subject to the deductible* for more details.

• **Health education resources and account management tools**

HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

If You Have an HSA

If you have an HSA

- **Contributions** All contributions are aggregated and cannot exceed the annual maximum contribution. You may contribute your own money to your account through payroll deductions (if available), or you may make lump sum contributions at any time, in any amount not to exceed an annual maximum limit. If you contribute, you can claim the total amount you contributed for the year as a tax deduction when you file your income taxes. You receive tax advantages in any case. You have until April 15 of the following year to make HSA contributions for the current year.

IRS contribution rules reduce the total annual maximum contribution if you are not eligible for the HDHP during the whole month. For instance, if your enrollment in this Plan was effective after January 1, 2007, you would need to deduct 1/12 of the annual maximum contribution. Contact CBSA Inc. for more details.

- **Catch-up contributions** If you are age 55 or older, the IRS permits you to make additional “catch-up” contributions to your HSA. In 2007, you may contribute up to \$800 in catch-up contributions. Catch-up contributions in later years increase up to a maximum of \$1,000 in 2009 and beyond. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury Web site at www.ustreas.gov/offices/public-affairs/hsa/.

- **If you die** If you do not have a named beneficiary, if you are married, it becomes your spouse’s HSA; otherwise, it becomes part of your taxable estate.

- **Qualified expenses** You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase any health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you are enrolled in Medicare.

For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS Web site at www.irs.gov and click on “Forms and Publications.” Note: Although over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

- **Non-qualified expenses** You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.

- **Tracking your HSA balance** You will receive a periodic statement that shows the “premium pass through”, withdrawals, and interest earned on your account. In addition, you will receive an Explanation of Payment statement when you withdraw money from your HSA.

- **Minimum reimbursements from your HSA** You can request reimbursement in any amount.

If You Have an HRA

• **Why an HRA is established** If you don't qualify for an HSA when you enroll in this HDHP, or later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.

• **How an HRA differs** Please review the chart on page 60 which details the differences between an HRA and an HSA. The major differences are:

- You cannot make contributions to an HRA
- Funds are forfeited if you leave the HDHP
- An HRA does not earn interest, and

HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP.

Section 5 Preventive care

Important things you should keep in mind about these benefits:

- Preventive care services listed in this Section are not subject to the deductible if you use network providers. You only owe your copay for covered in-network preventive care services.
- You must use providers that are part of our network.
- For all other covered expenses, please see Section 5 – *Traditional medical coverage subject to the deductible.*

Section 5 Traditional medical coverage subject to the deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network preventive care is covered at 100% of allowable charges (see page 63) up to the annual limit and is not subject to the calendar year deductible.
- The deductible is \$1500 per person or \$3000 per family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits under Traditional medical coverage. You must pay your deductible before your Traditional medical coverage may begin.
- Under Traditional medical coverage, you are responsible for your coinsurance and copayments for covered expenses.
- When you use network providers, you are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total \$4,000 per person or \$8,000 per family enrollment in any calendar year, you do not have to pay any more for covered services from network providers. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum, or if you use out-of-network providers, amounts in excess of the Plan allowance).
- In-network benefits apply only when you use a network provider. When a network provider is not available, out-of-network benefits apply and are covered at 30% after the deductible has been met.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay
Deductible before Traditional medical coverage begins	
The deductible applies to almost all benefits in this Section. In the You pay column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.	100% of allowable charges until you meet the deductible of \$1,500 per person or \$3,000 per family enrollment
After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.	<p>In-network: After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. You may choose to pay the coinsurance and copayments from your HSA or HRA, or you can pay for them out-of-pocket.</p> <p>Out-of-network: After you meet the deductible, you pay the 30% coinsurance based on our Plan allowance and any difference between our allowance and the billed amount.</p>

**Section 5(a) Medical services and supplies

Section 5(d) Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,500 for Self Only enrollment and \$3,000 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In a life-threatening emergency, call the local emergency system (e.g. the local 911 telephone system), or go to the nearest emergency facility. If an ambulance comes, tell the paramedics that the person who needs help is a Coventry Health Care member.

Emergencies within our service area:

When a need for Emergency Services occurs in the Service Area, a member should seek medical attention immediately from a hospital, physician’s office or other emergency facility. The determination of covered benefits for services rendered in an emergency facility is based on our review of the member’s emergency room medical records, along with those relevant symptoms and circumstances that preceded the provision of care. Services provided by an emergency facility for non-Emergency Services are not covered except if you are directed to an emergency room by us or a physician and the care is deemed not to be an emergency. Coverage will also be provided for Emergency Services in cases where you do not have 24-hour access to a physician, even if those services are deemed not to be an emergency.

Emergencies outside our service area:

The member may be transported from outside the service area to the service area for continued medical management of an emergency services condition at the option of the Medical Director or Medical Director’s Designee. We will only exercise this option when the Medical Director or Medical Director’s Designee decides that such action will not have a detrimental effect on the Member’s medical condition. Ground ambulance transportation to return a member to a participating provider is covered when authorized by us. Refusal to be transferred may result in loss of benefits.

Section 5(e) Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,500 for Self Only enrollment and \$3,000 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits description below.

Preauthorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following network authorization processes:

United Behavioral Health, Inc. is contracted by CHCDE to provide a network of providers who offer a variety of therapeutic services on an inpatient and outpatient basis. All inpatient and outpatient treatment must be authorized by United Behavioral Health at 1-866-808-2808.

Limitation

We may limit your benefits if you do not obtain a treatment plan.

Section 5(f) Prescription drug benefits

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,500 for Self Only enrollment and \$3,000 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts for eligible medical expenses or copayments for eligible prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** You may obtain a prescription from a prescribing physician or other health care professional who is licensed and who, in the usual course of business, may legally prescribe prescription drugs.
- **Where you can obtain them.** You may fill the prescription at a participating pharmacy, including a participating mail order or specialty pharmacy, except for Emergency or Urgent Care Services, out of the service area. A “specialty pharmacy” is a pharmacy from which you may obtain self-administered injectable drugs. You may obtain maintenance medication through Caremark, our mail order prescription program. Caremark’s Customer Service number is 800-378-7040.
- **We use a formulary.** A formulary is a list of specific generic and brand name prescription drugs authorized by the Health plan and subject to periodic review and modification. Since there may be more than one brand name of a prescription drug, not all brands of the same prescription drug may be included in the formulary. If you would like information on whether a specific drug is included in our drug formulary, please call our Customer Service Department at 302-283-6500 within our service area or 800-833-7423.
- **There are dispensing limitations.** These are the dispensing and quantity limitations. **Prescription drugs will be dispensed in the quantity determined by Us.** In order for Prescription Drugs to be covered in excess of the specific quantity limit, your physician must call Us before you fill the Prescription Order or Refill for a drug that exceeds the specific quantity limit.

Retail Drugs

In general, the quantity of a Prescription Drug dispensed by a Retail Pharmacy for each Prescription Order or Refill is limited to the lesser of:

- The amount determined by Us to be a 30-day supply
- The amount prescribed in the Prescription Order or Refill; or
- Depending on the form and packaging of the product, the following:
 - 100 tablets/capsules, or
 - 480 cc of oral liquids; or
 - A single commercially prepackaged item (including but not limited to inhalers, topicals, and vials).

Mail Order Drugs

The quantity of a Prescription Drug dispensed by the Mail Order Pharmacy for one Prescription Order or Refill for a Maintenance Drug is limited to the lesser of:

- The amount prescribed in the Prescription Order or Refill; or
- The amount determined by Us to be Medically Necessary; or
- The amount determined by Us to be a 90-day supply; or
- Depending on the form and packaging of the product, the following:
 - 300 tablets/capsules, or
 - 1,440 cc of oral liquids; or
 - three (3) single commercially prepackaged items (including but not limited to inhalers, topicals, and vials).

The following Member payments shall apply:

1. One (1) copayment (\$10 for generic prescriptions; \$20 for preferred brand name prescriptions, \$45 for non-preferred brand name prescriptions) or the cost of the prescription drug, whichever is less, is due each time a prescription is filled or refilled at a retail or specialty pharmacy.
2. Formulary maintenance drugs obtained through a mail order pharmacy designated by the Health Plan may be dispensed with two (2) copayments for a ninety- (90) day's supply (\$20 copayment for generic prescriptions; \$40 for preferred brand name prescriptions). Non-preferred brand name prescriptions are not available by mail order. **To order prescription drugs or refills please contact Caremark's Customer Service at 800-378-7040 or visit the website www.rxrequest.com. This service is available 24 hours a day – 7 days a week.**
3. Total member payments shall not exceed the price of the prescription drug. Copayments and Ancillary Charges do not apply do the member's Out-of-Pocket Maximum.

A generic equivalent will be dispensed if it is available. If the brand name prescription drug is dispensed and an equivalent generic prescription drug is available, the member shall pay an "ancillary charge" in addition to the brand name copayment. The ancillary charge will be due regardless of whether or not the prescribing physician indicates that the pharmacy is to "Dispense as Written." **The Ancillary Charge is the difference between the price of the brand name and generic.**

Why use generic drugs? Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs.

- You can save money by using generic drugs. However, you and your physician have the option to request a name brand if a generic option is available. Using the most cost-effective medication saves money.

When you do have to file a claim? When you receive drugs from a plan pharmacy you do not have to file a claim. For a covered out-of-area emergency, you will need to file a claim when you receive drugs from a non-plan pharmacy. To file a pharmacy claim, call Caremark at 800-378-7040.

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums.

For the 2007 plan year, Coventry Health Care is offering a stand-alone voluntary dental plan for the FEHBP.

Take care of your teeth with Coventry Health Care and Dominion Dental Services

Dental disease is preventable. DOMINION plans encourage the early detection of dental problems and routine maintenance. We can help you take better care of your teeth and now it can cost you less to do it!

Dominion Dental Services (DOMINION) is pleased to offer dental benefits to federal employees and their family members. Employees may select either a DHMO Plan or a PPO Plan. There are two methods of payment – Credit Card or Bank Draft. The application and payment authorization form are included. When you enroll, you will receive dental ID cards and detailed plan information at your home address. The dental benefits you have been waiting for are now available.

Visit www.DominionDental.com for a complete listing of DHMO and PPO network dentists.

Who is eligible?

You and your dependents are eligible. Dependents include your spouse, unmarried children less than age 19, and unmarried children who are full-time students (up to age 23).

When will benefits begin?

The sooner you apply, the sooner you will be eligible for benefits. If your application is received by the 15th of any given month, then your coverage will become effective the 1st of the next month.

How do I join?

- 1) Fill out the Enrollment Card (available in the paper copies of this booklet). Be sure to list all dependents, if covered, and the dental office of your choice (DHMO subscribers only).
- 2) Fill out the Monthly Payment Authorization form.
- 3) Go to www.chcde.com, click on Federal Employees and follow links to Dental.

A Membership Card and Certificate of Coverage will be mailed to you on or before your first day of eligibility.

Your premium per month will be as follows if you choose this product:

Subscriber Only: \$28.04 per month

Subscriber and One Dependent: \$53.82

Family Plan: \$75.11

Payments to this plan can be made by direct debit from either a credit card or checking account.

This plan is an optional, stand-alone Dental product available to Federal Employees who choose to also enroll in the Coventry Health Care Dental Plan. Enrolling in the Coventry High, Standard, or HDHP option does NOT automatically enroll you in this dental product. You must enroll as listed above to receive these Dental benefits.

Section 6 General exclusions – things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-plan providers except for authorized referrals or emergencies (see *Emergency services/accidents*);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7 Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

To obtain claim forms or other claims filing advice or answers about our benefits, call our Customer Service Department at 302-283-6500 within the service area or 800-833-7423 or log on our Web site at www.chcde.com.

In most cases, providers and facilities file claims for you. Your physician must file on the form HCFA-1500, Health Insurance Claim Form. Your facility must file on the UB-92 form. For claims questions and assistance, call us at 302-283-6500.

When you must file a claim – such as for services you receive outside of the Plan’s service area– submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply; and
- Receipts, if you paid for your services. Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Mail the claim to:

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Overseas Claims

For covered services, you receive in hospitals outside the United States and Puerto Rico and performed by physicians outside the United States, send a completed Overseas Claim Form and the itemized bills to: Coventry Health Care; PO Box 7712, London, KY 40742. Send any written inquiries concerning the processing of overseas claims to this address. Obtain Overseas Claim Forms from us by calling our Customer Service Department at 302-283-6500 within the service area or 800-833-7423.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond.

Section 8 The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization/prior approval. Disagreements between you and the CDHP or HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

- 1** Ask us in writing to reconsider our initial decision. You must:
 - a) Write to us within 6 months from the date of our decision; and
 - b) Send your request to us at: Coventry Health Care, 2751 Centerville Road, Suite 400, Wilmington, DE 19808 ; and
 - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
 - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.

- 2** We have 30 days from the date we receive your request to:
 - a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or
 - b) Write to you and maintain our denial - go to step 4; or
 - c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.

- 3** You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.

We will write to you with our decision.

- 4** If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within

 - 90 days after the date of our letter upholding our initial decision; or
 - 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or
 - 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group x, 1900 E Street, NW, Washington, DC 20415-xxxx.

Send OPM the following information:

 - A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
 - Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
 - Copies of all letters you sent to us about the claim;
 - Copies of all letters we sent to you about the claim; and
 - Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 800-833-7423 and we will expedite our review; or
- b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Insurance Group x at 202/606-0737 between 8 a.m. and 5 p.m. eastern time.

Section 9 Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under any other health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age or older;
- Some people with disabilities under 65 years of age; and
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. If you have limited savings and a low income, you may be eligible for Medicare’s Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778). Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. The notice will give you guidance on enrolling in Medicare Part D.

• Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payer, we process the claim first.

When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 800-833-7423 or see our Web site at www.chcde.com.

We waive some costs if the Original Medicare Plan is your primary payer – We will waive some out-of-pocket costs as follows:

- Medical services and supplies provided by physicians and other health care professionals.

We do not waive any costs if the Original Medicare Plan is your primary payer.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payer, we process the claim first. If you enroll in Medicare Part D and we are the secondary payer, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

Primary Payer Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you?	The primary payer for the individual with Medicare is?	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee or through your spouse who is an active employee		✓

D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

**TRICARE and
CHAMPVA**

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

**When other Government
agencies are responsible
for your care**

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

**When others are
responsible for injuries**

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10 Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See section 4.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See section 4.
Covered services	Care we provide benefits for, as described in this brochure.
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See section 4.
Experimental or investigational service	<p>Experimental or investigational services includes medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Health Plan makes a determination regarding coverage in a particular phase, is determined to be:</p> <ul style="list-style-type: none">• Not approved by the U.S. Food and Drug Administration (“FDA”) to be lawfully marketed for the proposed use and not identified in the <i>American Hospital Formulary Service</i>, the <i>United States Pharmacopoeia Dispensing Information</i>, or in the medical literature as appropriate for the proposed use; or• Subject to review and approval by the institutional review board of the treating facility for the proposed use; or• The subject of a written protocol used by the treating facility for research, clinical trials or other tests or studies to evaluate its safety, effectiveness, toxicity or efficacy, as evidenced in the protocol itself or in the written content form used by the treating facility; or• Not demonstrated through prevailing peer-reviewed medical literature to be safe and effective for treating or diagnosing the condition or illness for which its use is proposed. <p>The Health Plan, in its judgment, may deem an Experimental Investigational or Unproven Service a Covered Health Service for treating a life threatening Sickness or condition if it is determined by the Plan that the Experimental, Investigational or Unproven Service at the time of the determination:</p> <ul style="list-style-type: none">• Is safe with promising efficacy; and• Is provided in a clinically controlled research setting; and• Uses a specific research protocol that meets standards equivalent to those defined by the National Institute of Health. <p>(For the purpose of this definition, the term “life threatening” is used to describe Sickness or conditions that are more likely than not to cause death within one year of the date of the request for treatment.)</p> <p>This definition does not include Covered Health Services in a Medical Clinical Trial.</p>
Medical necessity	<p>Any service or supply for the prevention, diagnosis or treatment which is:</p> <ul style="list-style-type: none">• consistent with Illness, Injury or condition of the Member; and

- according to the approved and generally accepted medical or surgical practice prevailing in the geographical locality where, and at the time when, the service or supply is ordered, and for a condition which is treatable and subject to clinical improvement with active medical intervention. Determination of “generally accepted practice” and “treatable” is at the discretion of the Medical Director or Designee. Upon disagreement between a Member and a Participating Physician as to the Medical Necessity of a particular service, the Medical Director or Designee shall make the final determination.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways.

Participating Provider

When services are rendered by a Participating Provider, payment will be made to the Provider for services rendered, based on the contract we have with the provider.

Non-Participating Provider

When services are rendered by a Non-Participating Provider, we will pay our Out-of-Network Plan Allowance for covered services. The Out-of-Network Plan Allowance is the maximum amount covered by Us for approved out-of-network services.

For more information, see *Differences between our allowance and the bill* in Section 4.

Us/We

“Us” and “We” refer to Coventry Health Care.

You

You refers to the enrollee and each covered family member.

High Deductible Health Plan (HDHP) Definitions

- Calendar year deductible** A deductible is a fixed amount of covered expenses you must incur covered services and supplies before we start paying benefits for those services, See Section 4.
- Catastrophic limit** The maximum you will pay out of pocket before ALL services are covered at 100%. For the HDHP, the individual catastrophic limit is \$4,000 for in-network services. For a family, the catastrophic limit is \$8,000 for in-network services.

Section 11 FEHB Facts

Coverage information

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure/health for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2007 benefits of your old plan or option. However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2006 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

Upon divorce

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage to you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide To Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's Web site, www.opm.gov/insure.

Temporary Continuation of Coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

Converting to individual coverage

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Plan Coverage

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB Web site at www.opm.gov/insure/health; refer to the "TCC and HIPAA" frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

Section 12 Three Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you are aware of three Federal programs that complement the FEHB Program.

First, the **Federal Long Term Care Insurance Program (FLTCIP)** helps cover long term care costs, which are not covered under the FEHB Program.

Second, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money to pay for health and dependent care expenses. The result can be a discount of 20% to more than 40% on services you routinely pay for out-of-pocket.

Third, the new **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, offers a variety of dental plans and vision plans to anyone who is eligible to enroll in the Federal Employees Health Benefits Program. Under **FEDVIP** you may choose self only, self plus one, or self and family coverage for yourself and any qualified dependents. Premiums are on an enrollee-pays-all basis

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

Why should you consider applying for coverage under the **Federal Long Term Care Insurance Program(FLTCIP)**?

- **FEHB plans do not cover the cost of long term care.** Also called “custodial care,” long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment. The need for long term care can strike anyone at any age and the cost of care can be substantial.
- **The Federal Long Term Care Insurance Program can help protect you from the potentially high cost of long term care.** This coverage gives you options regarding the type of care you receive and where you receive it. With FLTCIP coverage, you won't have to worry about relying on your loved ones to provide or pay for your care.
- **It's to your advantage to apply sooner rather than later.** In order to qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. By applying while you're in good health, you could avoid the risk of having a future change in your health disqualify you from obtaining coverage. Also, the younger you are when you apply, the lower your premiums.
- **You don't have to wait for an open season to apply.** The Federal Long Term Care Insurance Program accepts applications from eligible persons at any time. You will have to complete a full underwriting application, which asks a number of questions about your health. However, if you are a new or newly eligible employee, you (and your spouse, if applicable) have a limited opportunity to apply using the abbreviated underwriting application, which asks fewer questions. Newly married spouses of employees also have a limited opportunity to apply using abbreviated underwriting.
- **Qualified relatives are also eligible to apply.** Qualified relatives include spouses and adult children of employees and annuitants, and parents, parents-in-law, and stepparents of employees.
- **To request an Information Kit and application.** Call 1-800-LTC-FEDS (1-800-582-3337) (TTY 1-800-843-3557) or visit www.ltcfeds.com.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses.

There are four types of FSAs offered by FSAFEDS. The maximum election is \$5,000 per year.

- **Health Care FSA (HCFSA)** – Pays for eligible health care expenses for you and your dependents which are not covered by FEHBP coverage or other insurance.
- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for you and your dependents, which are not covered or reimbursed, by FEHBP or FEDVIP coverage or other insurance.
- **Dependent Care FSA (DCFSA)** – Pays for eligible dependent care expenses that allow you (and your spouse if married) to work, look for work (as long as you have earned income for the year), or attend school full-time.

What expenses can I pay with an FSAFEDS account?

For the HCFSA and LEN HCFSA – Health plan copayments, deductibles, over-the-counter medications and products, sunscreen, eyeglasses, contacts, other vision and dental expenses (but not insurance premiums).

For the LEX HCFSA – Dental and vision care expenses (but not insurance premiums)

For the DCFSA – daycare expenses (including summer camp) for your child(ren) under age 13, dependent care expenses for dependents unable to care for themselves

AND MUCH MORE! Visit www.FSAFEDS.com

Who is eligible to enroll?

Most Federal employees in the Executive branch and many in non-Executive branch agencies are eligible. For specifics on eligibility, visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., EST. TTY: 1-800-952-0450.

When can I enroll?

If you wish to participate, you must make an election to enroll each year by visiting www.FSAFEDS.com or calling the number above during the FEHB Open Season or within 60 days of employment (for new employees).

Even if you enrolled for 2006, you must make a new election to continue participating in 2007. Enrollment DOES NOT carry over from year to year.

Who is SHPS?

SHPS is the Third Party Administrator hired by OPM to manage the FSAFEDS Program. SHPS is responsible for enrollment, claims processing, customer service, and day-to-day operations of FSAFEDS.

Who is BENEFEDS?

BENEFEDS is the name of the voluntary benefits portal hired by OPM to work with the FSAFEDS Program to set up payroll deductions for FSAFEDS allotments.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is a new program, separate and different from the FEHB Program, established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004.

OPM has contracted with several insurance carriers to make supplemental dental and vision benefits available to eligible Federal and USPS employees, annuitants, and their eligible family members.

Dental Insurance

Dental plans will provide a comprehensive range of services, including the following:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.

- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with a 24-month waiting period

Please review the dental plans' benefits material for detailed information on the benefits covered, cost-sharing requirements, and preferred provider listings.

Vision Insurance

Vision plans will provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Please review the vision plans' benefits material for detailed information on the benefits covered, cost-sharing requirements, and preferred provider listings.

What plans are available?

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/insure/dentalvision. This site also provides links to each plan's website, where you can view detailed information about benefits and preferred providers.

Premiums

The premiums will vary by plan and by enrollment type (self, self plus one, or self and family). There is no government contribution to the premiums. If you are an active employee, your premiums will be taken from your salary on a pre-tax basis when your salary is sufficient to make the premium withholding. If you are an annuitant, premiums will be withheld from your monthly annuity check when your annuity is sufficient. Pre-tax premiums are not available to annuitants. For information on each plan's specific premiums, visit www.opm.gov/insure/dentalvision.

Who is eligible to enroll?

Federal and Postal Service employees eligible for FEHB coverage (whether or not enrolled) and annuitants (regardless of FEHB status) are eligible to enroll in a dental plan and/or a vision plan.

Enrollment types available

- Self-only, which covers only the enrolled employee or annuitant;
- Self plus one, which covers the enrolled employee or annuitant plus one eligible family member specified by the enrollee; and
- Self and family, which covers the enrolled employee or annuitant and all eligible family members.

Which family members are eligible to enroll?

Eligible family members include your spouse, unmarried dependent children under age 22, and unmarried dependent children age 22 or over incapable of self-support because of a mental or physical disability that existed before age 22.

When can I enroll?

Eligible employees and annuitants can enroll in a dental and/or vision plan during this open season -- November 13 to December 11, 2006. You can enroll, disenroll, or change your enrollment during subsequent annual open seasons, or because of a qualified life event. New employees will have 60 days from their first eligibility date to enroll.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. BENEFEDS is a secure enrollment website sponsored by OPM where you enter your name, personal information like address and Social Security Number, the agency you work for (or retirement plan that pays your annuity), and the dental and/or vision plan you select. For those without access to a computer, call 1-877-888- FEDS (TTY number, 1-877-TTY-5680). If you do not have access to a computer or a phone, contact your employing office or retirement system for guidance on how to enroll.

You cannot enroll in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDS.

When will coverage be effective?

The new Program will be effective December 31, 2006. Coverage for those who enroll during this year's open season (November 13 – December 11, 2006) will be effective December 31, 2006. Coverage for any other enrollments will be effective on/or after December 31, 2006.

How does this coverage work with my FEHB plan's dental or vision coverage?

Some FEHB plans already cover some dental and vision services. When you are covered by more than one health/dental plan, federal law permits your insurers to follow a procedure called "coordination of benefits" to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered expenses.

Coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information will reduce your out-of-pocket cost.

In 2007 for each month you are eligible for the HSA, will deposit \$500 per month for Self Only enrollment or \$1,000 per month for Self and Family enrollment to your HSA. For the Health Savings Account (HSA), you must satisfy your calendar year deductible of \$1500 for Self Only and \$3000 for Self and Family before using your HSA. Once you satisfy your calendar year deductible, Traditional medical coverage begins.

For the Health Reimbursement Arrangement (HRA), your health charges are applied to your annual HRA Fund of \$500 for Self Only and \$1,000 for Self and Family. Once your HRA is exhausted, you must satisfy your calendar year deductible. Once your calendar year deductible is satisfied, Traditional medical coverage begins.

2007 Rate Information for Coventry Health Care

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and a special FEHB guide is published for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.
