## Section 2. How we change for 2008

---

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### **Program-wide changes**

- United States Postal Service non-law enforcement career employees may now be covered by either Postal Category 1 or Postal Category 2 premium rates. See page 59.

### **Changes to this Plan**

- Your share of the non-Postal premium will (increase/decrease/stay the same) for Self only or (increase/decrease/stay the same) for Self and Family. See Page 59.
- Genetic testing will be covered in certain circumstances. Previously Genetic counseling was not covered. See page 19.
- Infertility services will be covered at 50% coinsurance. Previously there was an office visit copay per visit, etc. See page 20.
- We have restated coverage for Cochlear Implants and Bone Anchored Hearing Aids. Bilateral Cochlear Implants and Bilateral Bone Anchored Hearing Aids (BAHA) are not covered. See page 21.
- We are adding coverage for Breast Reduction (Mammoplasty) surgical services. Previously this procedure was not covered. See page 26.
- Anesthesia services will be covered at 100%. Previously there was a copay for certain locations. See page 29.
- We have expanded coverage for Foot Orthotics. Previously they were available only to patients with certain conditions. See page 22.
