**Important Notice from Blue Shield of California About
Our Prescription Drug Coverage and Medicare**

OPM has determined that the Blue Shield of California's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. Thus you do not need to enroll in Medicare Part D and pay extra for prescription drug benefit coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (November 15th through December 31st) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

Introduction

This brochure describes the benefits of Blue Shield of California Access+ HMO under our contract (CS 2639) with the United States Office of Personnel Management (OPM), as authorized by the Federal Employees Health Benefits law. The address for administrative offices is:

Blue Shield of California
Access+ HMO
50 Beale Street
San Francisco, CA 94105-1808

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2009, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2009, and changes are summarized on page 8. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means Blue Shield of California.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's "Rate Us" feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Insurance Services Programs, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits (FEHB) Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud - Here are some things you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 800-880-8086 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

202-418-3300

OR WRITE TO:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self-support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing medical mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines that you take, including non-prescription (over-the-counter) medicines.
- Tell them about any drug allergies you have.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.

- Make sure your medicine is what the doctor ordered. Ask your pharmacist about the medication if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of test or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:

Exactly what will you be doing?
 About how long will it take?
 What will happen after surgery?
 How can I expect to feel during recovery?

- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1. Facts about this HMO Plan

This plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from plan providers, you will not have to submit claim forms except for your annual eye exam. You only pay the copayments and coinsurance described in this brochure. When you receive emergency services from non-plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

We contract with physicians, medical groups, and hospitals to provide the benefits in this brochure. These plan providers accept a negotiated payment from us, and you will only be responsible for your co-payments or coinsurance.

Your Rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB Web site (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

Corporate Form – Blue Shield of California is a not-for-profit corporation that was founded in 1939.

Fiscal Solvency – Blue Shield of California meets or exceeds California Department of Managed Health Care standards for fiscal solvency, confidentiality of medical records and transfer of medical records.

“Gag Clauses” – A “gag clause” is when a physician does not disclose all treatment options based on cost considerations. You have the right to have a clear understanding of the medical condition and any proposed appropriate necessary treatment alternatives, including available success/outcomes information, regardless of cost or benefit coverage, so you can make an informed decision before receiving treatment.

Medical Records – Access+ HMO members have the right, both under state law and Blue Shield of California policy, to review, summarize and copy their own medical records. Members can request and will receive amendments to their medical records as they are made.

State Licensing – Access+ HMO has been licensed by the State of California since 1978.

If you want more information about us, call us at 800-880-8086, or write to Blue Shield of California Access+ HMO, P.O. Box 7168, San Francisco, CA 94120-7168. You may also contact us by fax at 916-350-8780 or visit our website at www.blueshieldca.com/federal.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians and dispensing pharmacies.

Service Area

To enroll in this plan, you must live in or work in our service area. This is where our providers practice. Our service area is:

Northern California full counties:

Alameda, Butte, Contra Costa, Madera, Marin, Merced, Sacramento, San Francisco, San Joaquin, San Mateo, Santa Clara, Santa Cruz, Solano, Sonoma, Stanislaus, Tulare, and Yolo counties, California

Partial Counties: El Dorado, Nevada, and Placer counties, California. The following ZIP codes are those **excluded** in these partial counties:

EL DORADO:

95619, 95623, 95633, 95636, 95643, 95651, 95656, 95667, 95684, 95709, 95720, 95721, 95726, 95735, and 96150 to 96158

NEVADA:

95724, 95728, 96111 and 96160 to 96162

SAN DIEGO:

91991, 91992, 91993, 91994, and 91995

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will normally pay only for emergency or urgent care. We will not pay for any other health care service, except those that are specifically listed on page 45 under the heading “Medical Care for Vacations, Business Travel and College Students.”

If you or a covered family member move outside the service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO like ours that has agreements with affiliates in other states. See page 45 for details about our HMO medical care available for vacations, business travel and college students coverage. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing agency or retirement office.

Section 2. How we change for 2009

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to this Plan

- We have redefined our service areas for this Plan into Northern and Southern California regions. Please see page 7 for a description of the Northern and Southern California counties.
- Your share of the non-Postal premium will increase for Self Only and for Self and Family if you live in the Northern California region, and will increase for Self Only and decrease for Self and Family if you live in the Southern California region.
- We have added benefits for hearing aids for adults. See Section 5(a).
- We have added benefits for audiological exams for adults. See Section 5(a).
- We have added benefits for the use of the nasal influenza vaccine LAIV(FluMist) for healthy children aged 24 through 59 months of age. See Section 5(a).
- We have changed the toll-free number for NurseHelp 24/7. The new toll-free number is 877-304-0504. See Section 5(h).
- We have added the the Healthy Back Program to our Health Support Programs. See Section 5(h).
- We have added the Antidepressant Medication Management (AMM) Program to our Health Support Programs. See Section 5(h).
- We have changed the name of the ParadigmHealth Catastrophic Injury Case Management Program to the Catastrophic Injury Case Management Program. See Section 5(h).
- We have changed the name of the ParadigmHealth Complex Case Management to the Complex Case Management Program. See Section 5(h).
- We have changed the name of the ParadigmHealth Neonatal Intensive Care Unit Case Management programs to the Neonatal Intensive Care Unit (NICU) Case Management Program. See Section 5(h).
- We have changed our website address to www.blueshieldca.com/federal

Section 3. How you get care

Identification cards	<p>We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a plan provider, or fill a prescription at a plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.</p> <p>If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-880-8086.</p>
Where you get covered care	<p>You get care from “plan providers” and “plan facilities.” You will only pay co-payments and/or coinsurance, and you will not have to file claims, except for your annual eye examination.</p>
<ul style="list-style-type: none">• Plan providers	<p>Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. All plan providers are credentialed, according to national standards.</p> <p>We list plan providers in the provider directory, which we update periodically. The list is also on our website, www.blueshieldca.com/federal.</p>
<ul style="list-style-type: none">• Plan facilities	<p>Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website, www.blueshieldca.com/federal.</p>
What you must do to get covered care	<p>It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. You must complete a Primary Care Physician Selection Form.</p>
<ul style="list-style-type: none">• Primary care	<p>Your primary care physician can be a general practitioner, family practitioner, internist, pediatrician, or an OB/GYN. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.</p> <p>If you want to change primary care physicians or if your primary care physician or IPA/Medical Group leaves the plan, call us at 800-880-8086. We will help you select a new one.</p>
<ul style="list-style-type: none">• Specialty care	<p>Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals.</p> <p>The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your primary care physician gives you a referral.</p> <p>The exceptions to this are:</p> <ol style="list-style-type: none">1. for true medical emergencies;2. when another physician is on call for your physician;3. when you self-refer to an Access+ HMO participating specialist (not applicable to infertility, emergency and urgent care and allergy services; mental health and substance abuse Access+ HMO specialist care must be provided by a provider in Blue Shield's Mental Health Services Administrator (MHSA) network. See page 38 for details.); and4. OB/GYN services provided by an obstetrician/gynecologist or family practitioner within the same IPA/Medical Group as your primary care physician.

In all other instances, referral to a specialist is done at the primary care physician's direction; if non-plan specialists or consultants are required, the primary care physician will arrange appropriate referrals.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex or serious medical condition, your primary care physician will develop a treatment plan with you that allows an adequate number of direct access visits with that specialist. Your primary care physician will use our criteria when creating your treatment plan.
- If you are seeing a specialist when you enroll in our plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. We will not pay for you to see a specialist who does not participate with our plan, unless your primary care physician refers you to a non-plan specialist for a second opinion.
- If you are seeing a specialist and your specialist leaves the plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause;
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB plan; or
 - reduce our service area and you enroll in another FEHB plan;

You may be able to continue seeing your specialist for up to 90 days or when clinically appropriate after you receive notice of the change. Contact us or, if we drop out of the program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days. Contact us to coordinate care for these types of cases.

If you are a new Blue Shield of California Access+ HMO member and are currently receiving treatment for a qualifying medical condition from a provider who is not in our network, you may be eligible to complete treatment of your condition with the provider. Or, if you are an existing member and are currently receiving treatment for a qualifying medical condition from a provider who is leaving our network, you may be eligible to complete treatment of your condition with the provider. In order to receive more information about continuity of care and qualifying medical conditions and situations, please contact us at 800-880-8086 and we will assist you.

Continuity of care is also available if you are currently receiving services for a serious mental health condition. To obtain further information, please contact our Mental Health Services Administrator (MHSA), U.S. Behavioral Health Plan, California, directly by calling their Member Services at (877) 263-9952.

- **Second Opinions** If there is a question about your diagnosis or if additional information concerning your condition would be helpful in determining the most appropriate plan of treatment, your primary care physician will, upon request, refer you to another physician for a second medical opinion. If you are requesting a second opinion about care you received from your primary care physician, a physician within the same Medical Group\IPA as your primary care physician will provide the second opinion. If you are requesting a second opinion about care received from a specialist, any plan specialist of the same equivalent specialty may provide the second opinion. We must authorize all second opinion consultations.

- **Urgent Care** We have made arrangements for an added benefit for you and your family for your urgent care needs when you or your family are temporarily traveling outside of your primary care physician's service area.

When you are traveling outside of California, you can get urgent care services across the country and around the world through the BlueCard® Program. While traveling within the United States, you can locate a BlueCard provider any time by calling 1-800-810-BLUE (2583) or by going to www.blueshieldca.com/federal. If you are traveling outside of the United States you can call (804) 673-1177 collect 24 hours a day to locate BlueCard Worldwide® Network Provider.

When you are traveling within California but you are outside of your primary care physician's service area, you should call Blue Shield Member Services at 800-880-8086 for assistance in receiving Urgent Care through a Blue Shield of California plan provider. You may also locate a plan provider by visiting our web site at www.blueshieldca.com/federal. Remember that when you are within your primary care physician's service area, Urgent Care must be provided or authorized by your primary care physician just like all other non-emergency services of the plan.

- **Hospital Care** Your plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins** We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our plan begins, call our member service department immediately at 800-880-8086. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

 - You are discharged, not merely moved to an alternative care center;
 - The day your benefits from your former plan run out; or
 - The 92nd day after you become a member of this plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new benefit plan begin on the effective date of enrollment.

- Circumstances beyond our control** Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

Your primary care physician must obtain a preauthorization from us for: (1) selected drugs and drug dosages which require prior authorization for medical necessity, including most home self-administered injectable drugs, (2) growth hormone therapy (GHT) (3) organ transplants (4) bone marrow transplants (5) cancer clinical trials (6) skilled nursing facility care and hospice care and (7) mental health and substance abuse services.

Refer to Section 5(b) for the preauthorization process for organ and bone marrow transplants.

Refer to Section 5(c) for preauthorization process for extended care/skilled nursing care facility and hospice care benefits.

Refer to Section 5(e) for preauthorization process for mental health and substance abuse benefits.

Refer to Section 5(f) for preauthorization process for drugs and drug dosages including home self-administered injectable drugs.

Section 4. Your costs for covered services

You must share the costs of some services. You are responsible for:

Copayments

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your primary care physician you pay a copayment of \$15 per office visit.

Coinsurance

Coinsurance is the percentage of our allowable fee that you must pay for your care.

Example: In our plan, you pay 50% of our allowance for infertility services or durable medical equipment.

Cost-sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Your catastrophic protection out-of-pocket maximum

After your co-payments and your coinsurance for medical and surgical services total \$2,000 per person or \$4,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. However, the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay co-payments and/or coinsurance for these services:

1. your prescription drugs
2. infertility services
3. the Access+ HMO self-referral specialty visit co-payments.

For mental health and substance abuse benefits, you pay \$2,000 in co-payments or coinsurance for a Self Only enrollment or \$4,000 for a Self and Family enrollment. After that you do not have to make any further payments the rest of the year for authorized treatment or services. However, you must continue to pay co-payments for prescription drugs.

Be sure to keep accurate records of your co-payments and coinsurances since you are responsible for informing us when you reach the maximum. You must notify Blue Shield Member Services in writing when you feel that your catastrophic protection out-of-pocket maximum has been reached. At that time, you must submit complete and accurate records to us substantiating your copay and/or coinsurance expenditures. Receipts and/or statements must include: name of patient, date of service and amount paid.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

Section 5. Benefits - OVERVIEW

Section 5(d). Emergency services/accidents

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- No prior authorization is required.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care, including active labor, and a psychiatric medical condition. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area

If you are in an emergency situation, please call your local emergency system (e.g., the 911 telephone system), where available, or go to the nearest hospital emergency room. Please call your primary care physician as soon as it is reasonably possible. Be sure to tell the emergency room personnel that you are a plan member so they can notify us. You or a family member should notify us. It is your responsibility to ensure that we have been notified.

If you need to be hospitalized, we must be notified immediately following your admission, unless it was not reasonably possible to notify us within that time. If you are hospitalized in a non-plan facility and a plan physician believes care can be better provided in a plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-plan providers in a medical emergency only if delay in reaching a plan provider would result in death, disability or significant jeopardy to your condition. Any follow-up care recommended by non-plan providers must be approved by us or provided by plan providers.

We pay reasonable charges for emergency services to the extent the services would have been covered if received from plan providers. If the emergency results in admission to a hospital, any applicable copayment is waived.

Emergencies outside our service area

Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, we must be notified immediately following your admissions, unless it was not reasonably possible to notify us within that time. If you are hospitalized in a non-plan facility and a plan physician believes care can be better provided in a plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Reasonable charges for emergency care services to the extent the services would have been covered if received from plan providers.

Note: If the emergency results in admission to a hospital, the copayment is waived.

Section 5(e). Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- Please remember that benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including Medicare.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** See the instructions after the benefits description below.

Section 5(f). Prescription drug benefits

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We cover prescribed drugs and medications, including most home self-administered injectable drugs, as described in the chart beginning on the next page.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should know about your prescription drug benefit. These include:

- **Who can write your prescription?** A licensed physician, or other covered provider acting within the scope of their license.
- **Where can you obtain your prescriptions?** You must fill the prescription at a retail plan pharmacy, or plan mail service pharmacy for a maintenance medication; however, home self-administered injectable medications must be filled by a Plan Specialty pharmacy.
- **We use a formulary.** Prescription drug coverage is based on the use of the prescription drug formulary, a copy of which is available to you. Medications are selected for inclusion in Blue Shield's Outpatient Prescription Drug Formulary based on safety, efficacy, and FDA bio-equivalency data. The Blue Shield Pharmacy and Therapeutics Committee reviews new drugs and clinical data four times a year. Members may call Blue Shield Member Services at 800-880-8086 to find out if a specific drug is included in the formulary. Formulary information is available on Blue Shield's website at www.blueshieldca.com/federal. Non-formulary drugs are always covered at the non-formulary copayment, unless excluded from the prescription drug benefit.

Selected drugs and drug dosages and most home self-administered injectable medications require prior authorization for medical necessity. You should not become directly involved with us for this pre-authorization process. Your physician is responsible for obtaining prior authorization and documenting medical necessity. If all necessary documentation is available from your physician, prior authorization approval or denial will be provided to your physician within two working days of the request.

Home self-administered injectable medications are defined as those drugs that are medically necessary, administered more often than once a month by patient or family member and administered subcutaneously or intramuscularly. Your physician is responsible for obtaining prior authorization for home self-administered injectable medications. Your physician will then contact a Specialty Network Pharmacy via fax or phone for home delivery. The Specialty Pharmacy usually delivers to your home or location of your choice through next day or two day Federal Express mail.

Blue Shield Specialty Pharmacies are selected participating pharmacies contracted by Blue Shield to provide covered home self-administered injectables. These pharmacies offer 24-hour clinical services and provide prompt home delivery of home self-administered injectables. To select a Specialty Pharmacy you may go to www.blueshieldca.com/federal or call toll-free Member Services at 1-800-880-8086.

If you require a home self-administered injectable medication the same day, two options are available:

1. The Blue Shield Pharmacy Services Prior Authorization Unit is available from 8:30 AM to 5:00 PM, Monday thru Friday, to assist you with a prior authorization override to enable you to have the medication filled at any Blue Shield participating pharmacy and pay the applicable co-payment (or)
2. If necessary, you can pay the cost for the medication, complete and submit a Direct Member Reimbursement Claim Form with a copy of your receipt and a brief explanation to Blue Shield to receive reimbursement.

If you must pay the cost for an emergency fill of a home self-administered injectable medication, from either a participating or a non-participating pharmacy, we will reimburse you for the cost minus your applicable copayment.

- **In lieu of brand name drugs, generic drugs will be dispensed** when substitution is permissible by the physician. If you request a brand name drug when a generic drug is available, you pay the difference between the cost of the brand name drug and its equivalent generic drug, plus the generic copayment.
- **Prescription Days Supply Covered:** A retail plan pharmacy may dispense up to a 30-day supply for the appropriate copayment. Some prescriptions have specific limits on how much of the medication you can get with each prescription or refill. This is to ensure that you receive the recommended and proper dose and length of drug therapy for your condition. Quantity limits are based on medical necessity and appropriateness of therapy as determined by Blue Shield’s Pharmacy and Therapeutics Committee. You will pay the appropriate copayment per prescription for out-of-state emergencies. Only maintenance drugs are available for up to a 90-day supply at the appropriate copayment per prescription through the plan mail service pharmacy. Maintenance drugs are drugs commonly prescribed for six months or longer to treat a chronic condition and are administered continuously rather than intermittently. Call Member Services at 800-880-8086 to receive a packet for ordering prescriptions through the mail.

Note: Home self-administered injectable drugs, except for insulin and glucagon, are not available through the Mail Service Prescription Drug Program.

If a member requires an interim supply of medication due to an active military duty assignment or if there is a national emergency, up to a 90-day supply will be approved for covered medications. Contact Member Services at 800-880-8086 for immediate assistance.

- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the brand name is the name under which the manufacturer advertises and sells a drug. Under federal law, generic and brand name drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic prescription costs you -- and us -- less than a brand name prescription.

Benefit Description	You pay
Covered medications and supplies	High Option
<p>We cover the following medications and supplies prescribed by a plan physician and obtained from a retail plan pharmacy or through our mail service pharmacy:</p> <ul style="list-style-type: none"> • Diabetic supplies limited to disposable insulin syringes, needles, pen delivery systems for the administration of insulin as determined by Blue Shield to be medically necessary and glucose testing tablets and strips • Smoking cessation medication requiring a prescription (limited to one 12-week course of treatment per calendar year) • Formulary and non-formulary drugs for sexual dysfunction or sexual inadequacies will be covered when the dysfunction is caused by medically documented organic disease. Prior plan approval is required and the maximum dosage dispensed will be limited by the protocols established by us. Certain drugs for these conditions are not available through the Mail Service option. • Formulary and non-formulary drugs and medicines that by federal law of the United States require a physician’s prescription for their purchase, except as excluded below. • Insulin • Disposable needles and syringes for the administration of covered medications • Inhalers and inhaler spacers for the management and treatment of asthma. • Formulary and non-formulary oral contraceptive drugs and diaphragms. 	<p>\$10 per generic formulary retail plan pharmacy prescription</p> <p>\$35 per brand name formulary retail plan pharmacy prescription</p> <p>\$50 per non-formulary retail plan pharmacy prescription</p> <p>\$20 per generic formulary mail service prescription</p> <p>\$70 per brand name formulary mail service prescription</p> <p>\$100 per non-formulary mail service prescription</p> <p>\$25 per specialty plan pharmacy prescription (30 days) for home self-administered injectables</p>

Section 5(g). Dental benefits

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payer of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.
- Plan providers must provide or arrange your care.
- We have no calendar year deductible.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient; we do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Flexible Benefits Option	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to traditional care and coordinate other benefits as a less costly alternative benefit. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we cannot guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process.

Non-FEHB benefits available to Plan members

The benefits described on this page are neither offered nor guaranteed under the contract with FEHB, but are made available to all enrollees and family members who are members of this plan. The cost of the benefits described on this page is not included in the FEHB premium and any charges for these services do not count toward any FEHB deductibles or out-of-pocket maximums. These benefits are not subject to the FEHB disputed claims procedure.

Blue Shield of California Dental Options - Blue Shield offers a dental HMO plan and a PPO dental plan with out of network benefits.

When you select the Blue Shield Dental HMO and have a dental center provide and coordinate all of your family's dental care, you get the advantages of no deductibles, virtually no claim forms, no waiting periods and no plan maximums.

When you select the Blue Shield Dental PPO, you can see any dentist whenever you need covered dental services. To access care at the lowest out of pocket expense under this plan you should use a participating dentist.

Monthly or Quarterly Dental Coverage Rates:

	Dental PPO Monthly	Dental PPO Quarterly	Dental HMO Monthly	Dental HMO Quarterly
Individual (Adult)	\$39.45	\$118.35	\$21.65	\$64.95
Two-Party	\$74.55	\$223.65	\$41.45	\$124.35
Family	\$116.10	\$348.30	\$60.65	\$181.95

Call 888-271-4929 for a list of dentists, summary of benefits and an enrollment form.

Receive Discounts through the Eye Care Network/Medical Eye Services (ECN/MESVision) on Frames and Lenses. As a Blue Shield of California member, you can enjoy discounts of up to 20% on the following products and services through the Eye Care Network (ECN) discount program: frames and eye glass lenses; contact lenses; photochromatic lenses; and tints and coatings.

For coverage of eye refractions through MESVision see page 20. Most of the providers in MESVision network also agree under their ECN agreement to offer this discount. ECN/MESVision provider directories can be accessed through www.blueshieldca.com/federal or ordered by calling Blue Shield Member Service at 800-880-8086.

To receive discounts from ECN/MESVision providers you simply present your Blue Shield ID card when purchasing the products or services listed here. You pay the participating provider's published fees - less the 20% discount. There is no need to file a claim - you are responsible for all incurred charges.

Receive Discounts through the *mylifepath* Alternative Health Services Discount Program - Acupuncture, Chiropractic and Massage Therapy. We offer the types of non-traditional medical services that our members want, at a generous reduction in cost. They are available nationwide to members with a Blue Shield of California member identification card. Members can get 25 percent off or more from the practitioner's published fees on these alternative care services. You will be responsible for all charges remaining after the discounts are applied. For more details on all features, please call 888-999-9452 or visit our website at www.blueshieldca.com/wellnessdiscounts for health information and news about value-added features, including discounts on memberships at Weight Watchers and 24-Hour Fitness.

Medical Care for Vacations, Business Travel and College Students. You and your eligible family members are covered for urgent and emergency care in all 50 states while you are on vacation or business travel. There are no additional premiums for this coverage. Away from Home Care is also available on a temporary basis for members and dependents who will be living away from home and who need a local primary care provider. You pay office copayments, which vary from state to state (\$5 to \$25) for guest visits and \$15 for urgent care visits. For additional information on these coverages, call 800-622-9402.

Benefits on this page are not part of the FEHB Contract

Section 6. General exclusions – things we don't cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless your plan physician determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury or condition.**

We do not cover the following:

- Care by non-plan providers except for authorized referrals or emergencies (see Emergency services/accidents);
- Services, drugs, or supplies you receive while you are not enrolled in this plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or mental health practice;
- Experimental or investigational services except for services for members who have been accepted into an approved clinical trial for cancer as provided under covered services (Section 5(a)). (Also, see specifics regarding transplants in Section 5(b)).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program;
- Services, drugs, or supplies related to sexual dysfunction or sexual inadequacies (including penile prostheses) except as provided for medically documented treatment of organically based conditions;
- Services performed by a close relative (the spouse, child, brother, sister, or parent of a member) or a person who ordinarily resides in the member's home; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7. Filing a claim for covered services

When you see plan physicians, receive services at plan hospitals and facilities, or obtain your prescription drugs at plan pharmacies, you will not have to file claims except for your annual eye examination. Just present your Blue Shield identification card and pay your copayment or coinsurance.

You will also need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at 800-880-8086.

When you must file a claim -- such as for out-of-area care -- submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer -- such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to:

Blue Shield of California
Access+ HMO Member Services
P.O. Box 272550
Chico, CA 95927

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization required by Section 3:

Step	Description
1	<p>You may appeal by either calling or writing the Member Services Department requesting Blue Shield of California to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">a) Write or call us within 6 months from the date of our decision;b) Send your written request to us at: Blue Shield of California, Member Services Department, P.O. Box 272550, Chico, CA 95927. You may call our member service department at 800-880-8086.c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; andd) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); orb) Write to you and maintain our denial -- go to step 4; orc) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group II, 1900 E Street, NW, Washington, DC 20415-3620.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none">• A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;• Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;• Copies of all letters you sent to us about the claim;• Copies of all letters we sent to you about the claim; and• Your daytime phone number and the best time to call.

The disputed claims process(*continued*)

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at 800-880-8086 and we will expedite our review; or
- b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Insurance Group II at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Standard Time

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you has double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age or older;
- Some people with disabilities under 65 years of age; and
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. If you have limited savings and a low income, you may be eligible for Medicare’s Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778). Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. The notice will give you guidance on enrolling in Medicare Part D.

• Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

When you are enrolled in Original Medicare along with this plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your plan primary care physician.

If your Plan physician does not participate in Medicare, you will have to file a claim with Medicare

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payer, we process the claim first.

When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 800-880-8066.

We do not waive any costs if the Original Medicare Plan is your primary payer.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in our Medicare Advantage plan and also remain enrolled in our FEHB plan. In this case, we do not waive cost-sharing for your FEHB coverage.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payer, we process the claim first. If you enroll in Medicare Part D and we are the secondary payer, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

**TRICARE and
CHAMPVA**

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your Tricare or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

**When other Government
agencies are responsible
for your care**

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

**When others are
responsible for injuries**

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us at 530-666-2238 for our subrogation procedures.

**When you have Federal
Employees Dental and
Vision Insurance Plan
(FEDVIP) coverage**

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See Section 4.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Experimental or investigational service	Access+ HMO covers drugs, devices that are medically indicated and biological products no longer considered to be investigational by the Food and Drug Administration. Coverage for other procedures are reviewed by and decided by the Blue Shield of California Medical Policy Committee. The primary criteria are that the proposed new procedures are safe and effective.
Medical necessity	<p>Services, drugs, supplies or equipment which are medically necessary include only those which have been established as safe and effective, are furnished under generally accepted professional standards to treat illness, injury or medical condition, and which, as determined by us, are:</p> <ul style="list-style-type: none">a. consistent with standards of good medical practices in the U.S.;b. consistent with the symptoms or diagnosis;c. not furnished primarily for the convenience of the patient, the attending physician or other provider; andd. furnished at the most appropriate level, which can be provided safely and effectively to the patient. As an inpatient, this means that your medical symptoms or conditions require that the diagnosis, treatment or service cannot be safely provided to you as an outpatient. <p>Hospital Inpatient Services which are medically necessary include only those services which satisfy the above requirements, require the acute bed-patient (overnight) setting, and which could not have been provided in the physician's office, the outpatient department of a hospital, or in another lesser facility without adversely affecting the patient's condition or the quality of medical care rendered.</p> <p>We reserve the right to review all claims to determine whether services are medically necessary, and may use the services of physician consultants, peer review committees of professional societies or hospitals, and other consultants.</p>
Plan allowance	Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. These are negotiated lower provider rates and savings are passed on to you.
Us/We	Us and we refer to Blue Shield of California Access+ HMO or Blue Shield's Mental Health Services Administrator (MHSA) for mental health and substance abuse coverage.
You	You refers to the enrollee and each covered family member.

Section 11. FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/insure/health for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- What happens when your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2008 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2008 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

- **Upon divorce** If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse’s enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse’s employing or retirement office to get RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM’s Web site, www.opm.gov/insure.

- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage** You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB Web site at www.opm.gov/insure/health; refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

Section 12. Three Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you are aware of three Federal programs that complement the FEHB Program.

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependant care and/or health care expenses. You pay less in taxes so you save money. The result can be a discount of 20% to more than 40% on services/products you routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program– *FSAFEDS*

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$250 and a maximum annual election of \$5,000.

- **Health Care FSA (HCFSA)** - Reimburses you for eligible health care expenses (such as copayments, deductibles, over-the-counter medications and products, vision and dental expenses, and much more) for you and your dependents, which are not covered or reimbursed by FEHBP or FEDVIP coverage or any other insurance.
- **Limited Expense Health Care FSA (LEX HCFSA)** - Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for your and your dependents which are covered or reimbursed by FEHBP or FEDVIP coverage or any other insurance.
- **Dependant Care FSA (DCFSA)** - Reimburses you for eligible non-medical day care expenses for your child(ren) under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.

- **Where can I get more information about FSAFEDS?**

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern time. TTY: 1-800-952-0450.

The Federal Employees Dental and Vision Insurance Program - *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is a program, separate and different from the FEHB Program, established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004. This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations.

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

Dental plans provide a comprehensive range of services, including all of the following:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 24-month waiting period.

Vision Insurance

Vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/insure/dentalvision. This site also provides links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY number, 1-877-889-5680).

The Federal Long Term Care Insurance Program - *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help you pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living - such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. To request an Information Kit and application, call 1-800-LTC-FEDS (1-800-582-3337) (TTY 1-800-843-3557) or visit www.ltcfeds.com.
