For an employee with prior creditable service, the service computation date is constructed by totaling the days, months and years of the employee's creditable civilian and military service and subtracting that total from the effective date of the employee's most recent appointment. For example, if an employee is appointed on 10-12-1998 and has 4 years, 3 months and 3 days of prior service that is creditable, the service computation date will be constructed as follows:

When service credit of 4 years, 3 months, and 3 days, is subtracted from the date, 1998-10-12, the result is 1994-07-09. Thus, the service computation date will then be 07-09-1994.
