

Coaching in Government

Group Charter

This document outlines the hopes, goals, and overall structure of the Coaching in Government working group. The document is intended to be modified as the group and its mission evolve over time.

Our purpose

We are committed to bringing together coaching leaders within Federal Agencies to discuss strategic challenges and opportunities related to running a coaching program while, at the same time, attending to broader goals such as collaboration between agencies, innovation in developing leaders, and identifying efficiencies within Government. More specifically, to provide a forum to:

- Share best practices, resources, and technologies related to Coaching;
- Increase collaboration among Federal agencies through Coaching.
- Discuss pertinent issues, challenges, and opportunities in running an effective coaching program.

Participation

Participation in the Coaching in Government group is open to any Federal Agency. Topics are most relevant to employees holding a leadership role within the Coaching Program at their Agency.

Structure

The Coaching in Government group meets face-to-face on a Quarterly basis at various locations in Washington, DC. Other methods of communication include periodic telecoms and discussions related to specific topics, a Facebook group, and other virtual methods of communication.
