

# How do you honor the oath of office each day?

All Federal employees take an oath of office as they begin their careers in public service. From FDA food safety inspectors to DOJ civil rights attorneys, from NASA astronauts to the President of the United States, we all swear to support and defend the Constitution.

As Federal employees, we are connected by this oath. No matter our role in government, we share this unique and significant responsibility. And through the work we do each and every day to serve the American people, we honor the oath.

**Share the story of a co-worker who honors the oath on social media with [#HonortheOath](#).**
