Additional articles may be reopened by written mutual consent. Either party may give written notice to the other, not more than 105 days nor less than 60 days prior to the four year expiration date and each subsequent expiration date of its desire to renegotiate this agreement. If neither party wishes to renegotiate at the conclusion of the four-year period, this agreement will continue to be renewed every year until one party notifies the other of its desire to re-negotiate.

ARTICLE 4

UNION REPRESENTATION

Section 1.

The Employer recognizes AFGE Local 3034 as the exclusive representative of all employees included in the unit for which it holds certification. The Employer further recognizes the duly elected or appointed officers and stewards as representatives of the Union. The Union shall supply the Employer, in writing, and maintain on a current basis, a list of all its representatives. A copy of such notification will also be provided to the Chief of Administration for the Western PA National Parks.

Section 2.

- a. The Union President and one additional designated representative will be authorized a reasonable amount of official time to perform representation functions, without charge to leave or loss of pay, if otherwise in a duty status. The Union President may designate an alternative in the absence of either representative or change the official representative as needed. ~~Representational functions include, but are not limited to the following activities:~~
1. Resolving grievances, preparing written grievances and representing employees in grievances and appeals;
 2. Negotiating in accordance with the statute over changes in conditions of employment of bargaining unit employees that occur during the term of this agreement;

 3. Preparing responses to management initiated changes in working conditions when written responses are appropriate.
 4. Attendance at management initiated conferences, seminars or meetings;
 5. Participation on committees as agreed upon;
 6. Participation in proceedings before the Federal Labor Relations Authority (FLRA) and Merit Systems Protection Board (MSPB) in accordance with FLRA's and MSPB's rules and regulations;
 7. Negotiating mid-term proposals, or a new contract. Official time and travel will be granted if ~~deemed necessary and authorized by management.~~
- b. The employer shall normally consider the impact to the workload of Union Representatives for the time used by them to perform representational functions.

Section 3.

Official time for representational purposes shall be scheduled in advance with the representative's supervisor. Union representatives and employees will complete the attached form when requesting official time.

Section 4.

Before leaving the worksite, the Union representative will first obtain approval from his/her supervisor. The representative needs to tell the supervisor the general nature of the business, e.g., negotiations, grievance meetings, committee meeting, etc. Since the contract indicates that what constitutes reasonable time takes into consideration the amount of time that is necessary to accomplish the specific task for which time is requested, he/she needs to tell the supervisor approximately how long he/she expects the task to take. When the union officials return to their work-site, they need to advise their supervisor of their return. Employees wishing to meet with their representative will follow the same procedure as above.

Section 5.

Official time will be granted when necessary to bring about prompt disposition of a complaint or grievance. The union is authorized to visit other work areas. Prior to his/her discussion with an employee in another shop, office, or work area, the Union representative will notify the employee's supervisor by telephone or in person. The supervisor will make the employee available at a mutually agreed upon time. In such circumstances, the Union representative will be informed when the employee will be available for discussion. This activity will be conducted without loss of pay or benefits to the employee and the representative.

Section 6.

The Employer agrees to notify the Union of any formal meetings with unit employees.

Section 7.

The Union shall have the opportunity to be represented at any examination of an employee in the unit by a representative of the Employer, in connection with an investigation, if the employee reasonably believes the examination may result in disciplinary action against the employee and the employee requests representation. Through an annual posting requirement, the Employer agrees to inform employees of their Weingarten rights. The Employer agrees that prior to taking a sworn statement from an employee on matters that may lead to disciplinary action, the employee will normally be advised of his/her right to Union representation.

Section 8.

- a. The Union is entitled to data and information required to perform its representational duties as provided in Section 7114 (b)(4) of the Statute.
- b. Management will provide access to all publications and proposed new agency regulations or proposed changes thereto, to the Local President.

Section 9.

Existing employee/management past practices and relationships, as they affect the terms and conditions of employment, will not be altered or superceded without negotiations except as specifically provided in this Agreement.

In accordance with 5 USC 7116 (a)(7), the employer agrees not to enforce any rule or regulation (other than a rule or regulation implementing section 2302 of this title) which is in conflict with this Agreement if the Agreement was in effect before the date the rule or regulation was prescribed. Concerning matters not covered by the Agreement, the parties agree to negotiate any new or substantially changed policies or regulations or any changes to conditions of employment prior to implementation in accordance with the Statute.

ARTICLE 6

LABOR-MANAGEMENT RELATIONS

Section 1.

The Superintendent shall meet with appropriate Local Union Representatives when it is mutually agreed to discuss problems, policy changes and new procedures and subjects that may affect employees of the Unit. An agenda will be presented and subjects discussed and negotiated may include general matters including improvement of working conditions, Quality of Life, joint programs of benefit to employees of the unit and the Employer, and other areas of mutual interest to the parties. The parties agree that meetings will be arranged at mutually agreeable times and places for the purpose of consultation and negotiations. The Employer may prepare minutes to cover issues raised at such meetings.

Section 2.

The Employer will provide the Union with a bulletin board at three mutually agreed upon locations. The bulletin boards will be used for informational purposes only. No negative or derogatory information about park employees or management officials will be posted on the bulletin boards.

Section 3.

The Employer agrees to provide the Union with private office space and facilities in order to perform representational duties. Facilities shall include a desk, chairs, table, locking file cabinet, telephone, a computer and a printer. Upon request, the Employer agrees to furnish an appropriate space for Union meetings during off duty hours to meet with unit employees for informational purposes.

Section 4.

A representative of the Union shall be informed of, and authorized to meet and greet new bargaining unit employees during their orientation.

Section 5.

Official time is not authorized for those activities concerned with organizing efforts and the internal management of the labor organization. Such activities include soliciting of memberships, membership meetings, collecting dues or assessments, campaigning for office, and circulating or posting of internal Union business literature and notices. Any activities performed by an employee relating to the internal business of a labor organization (including solicitation of membership,

elections of labor organization officials, and collection of dues) shall be performed during the time the employee is in a non-duty status.

Section 6.

The union is authorized to appoint a Union designated individual to serve on any committee or board pertaining to conditions of employment. A Union representative will be included as a permanent member of the Safety Committee. Union presence on a committee is to facilitate the collective bargaining process but is not a substitute for collective bargaining under the Statute.

Section 7.

- a. Union officers and stewards who can reasonably be spared will be granted reasonable amounts of official time to attend AFGE sponsored training of mutual benefit to the parties, available at no cost to the Employer, either for tuition or for travel and per diem, subject to operational requirements. Union officers and stewards may be granted reasonable amounts of official time to attend other labor-management training of mutual benefit to the parties, available at no cost to the Employer either for tuition or for travel and per diem. Such training may take the form of seminars, conferences, college sponsored courses and other state and local government offerings.
- b. The Employer may provide travel and per diem for the training of employees who are officials or representatives of the Union to attend NPS sponsored training, which relates to the improvement of Union and Management relations. The Employer and the Union may undertake joint labor management training.
- c. The Employer agrees to authorize 2 days official time to 1 Union Representative once every five years to attend the Union convention. The Employer and the Union recognize that training is provided at such events that are in the interest of both parties.
- d. The Union will provide management a copy of the training agenda prior to the approval of official time.

ARTICLE 7

LEGAL AND REGULATORY REQUISITES

Section 1.

It is agreed and understood by the parties that this Agreement is governed by the provisions of applicable Federal laws and regulations. The employer shall enforce all provisions of the Civil Service Reform Act of 1978.

Section 2.

Nothing in the Agreement shall require an employee to become or to remain a member of a labor organization, or to pay dues to the organization except pursuant to a voluntary, written authorization by a member for the payment of dues through payroll deductions.

Section 3.

The Union will not call or engage in any strike, work stoppage, slowdown, or related picketing engaged in as a substitute for any such strike, work stoppage, or slowdown, against the Government of the United States.

ARTICLE 8

CONSULTATION AND NEGOTIATION

Section 1.

The Employer recognizes that the AFGE Local 3034 represents the unit covered by this Agreement and that the Employer has the responsibility consistent with the Statute to consult and negotiate with the Union over regulations, policies and directives which impact upon conditions of employment of bargaining unit employees. The Employer agrees to give prior notice to the union prior to implementation of new or changed policies, programs and procedures and to furnish "draft" policies if available. If the Union wishes to negotiate they will so notify management within seven (7) calendar days. Negotiations will commence within seven (7) calendar days thereafter unless extended by mutual agreement.

Section 2.

The Employer agrees that it will give prior notice to the Union of implementation of any non-discretionary directive. The rights and responsibilities of the parties are set forth in the Federal Service Labor-Management Relations Statute. These rights and responsibilities include the duty to bargain in good faith, in accordance with the Statute, on matters which are the subject of any rule or regulation only if the rule or regulation is not a Government-wide rule or regulation, subject to the limitations set forth in 5 USC 7117. The Employer recognizes the right of the Union to allege that no compelling need exists for the Employer to implement a specific Department of the Interior or National Park Service directive and to seek relief by exercising the privileges accorded to it by 5 USC 7117.

Section 3.

If the Employer tells a Union official that a proposal or part of a proposal is not negotiable, the Union will request a written declaration by the Employer that the proposal or part of the proposal is outside the duty to bargain. The Employer shall respond in writing within fifteen calendar days of the Union's request. The Employer's written response shall be considered their initial allegation of non-negotiability.

ARTICLE 9

BASIC WORK WEEK AND HOURS OF WORK

Section 1.

- a. It is recognized that the Western Pennsylvania National Parks are open seven days a week with hours of operation from 9:00 A.M. to 5:00 P.M. These operational hours are subject to change to meet changing operational needs and/or special circumstances. The use of alternative work arrangements is in support of operational needs. It is further recognized that the use of alternative work arrangements is limited by the Western Pennsylvania National Park's mission to provide visitor/resource services/protection 24 hours per day, 7 days a week, 52 weeks a year.
- b. It is recognized that some alternate work schedules may be appropriate for some employees and not appropriate for others depending on their jobs and functions.
- c. The parties recognize the use of alternate work arrangements enables employees to better balance their work and family responsibilities and increase employee effectiveness and job satisfaction, while decreasing turnover rates and absenteeism.
- d. This Article gives unit employees choice and flexibility in their hours of work consistent with the Executive Order for a "family friendly workplace" and compatible with the schedules in accordance with NPS directives and policy, unless operational needs would be adversely impacted.

Section 2. - The Following Work Schedules are Available

- a. Fixed Eight-Hour Work Schedule: A fixed, non-flexible schedule, which means that it does not vary from day to day. The arrival and departure times are according to a set, written schedule requested by the employee and approved by the supervisor in advance. The schedule includes five (5) workdays in each workweek. Each workday is eight (8) hours in length excluding the scheduled lunch period. A lunch period must be, between 11:00 a.m. and 1:00 p.m., or mid-shift, and be at least thirty (30) minutes in length. The scheduled lunch period may be as long as one (1) hour, provided the schedule still includes eight (8) hours of actual work time, excluding the lunch period. Under special circumstances a lunch period of up to 2 hours may be approved provided the employee documents the need for a longer lunch period and operational requirements permit granting the longer lunch period. Once the schedule is requested and approved, the length of the lunch period is fixed and must be the same length each workday. Each workweek will include 2 consecutive non-work days.
- b. Ten-Hour Schedule (Compressed): This is fixed, non-flexible schedule, which means that it does not vary from day to day. The arrival and departure times are according to a set, written schedule requested by the employee and approved by the supervisor in advance.

The schedule includes four (4) workdays in each workweek. Each workday is ten (10) hours in length excluding any scheduled lunch period. A lunch period must be scheduled between 11:00 a.m. and 1:00 p.m., or mid-shift, and be at least thirty (30) minutes in length. The scheduled lunch period may be as long as one (1) hour, provided the schedule still includes ten (10) hours of actual work time, excluding the lunch period. Under special circumstances a lunch period of up to 2 hours may be approved provided the employee documents the need for a longer lunch period and operational requirements permit granting the longer lunch period. Once the schedule is requested and approved, the length of the lunch period is fixed and may not vary from day to day. Each workweek will normally include three (3) consecutive non-work days.

- c. Five-Four-Nine Schedule (Compressed): A fixed, non-flexible schedule, which means that it does not vary from day to day. The arrival and departure times are according to a set, written schedule requested by the employee and approved by the supervisor in advance. The schedule includes nine (9) workdays in each pay period. Eight (8) of the workdays are nine (9) hours in length and one (1) workday is eight (8) hours in length. A lunch period must be scheduled between 11:00 a.m. and 1:00 p.m., or mid-shift, and must be at least thirty (30) minutes in length. The scheduled lunch period may be as long as one (1) hour provided the schedule still includes nine (9) hours of actual work time on eight (8) days, and eight (8) hours of work on one (1) day, excluding the lunch period. Under special circumstances a lunch period of up to 2 hours may be approved provided the employee documents the need for a longer lunch period and operational requirements permit granting the longer lunch period. Once the schedule has been approved, the length of the lunch period is fixed and must be the same length each workday. The pay period will also include five (5) non-workdays. Non-workdays will normally be Saturday and Sunday, and either Monday or Friday.

- d. Maxi-flex Schedule: A schedule approved in advance by the supervisor, which includes a minimum of eighty (80) hours of work time within each pay period. The arrival and departure times may vary from day to day within a flexible band at the beginning and end of each day. Each day will contain set core hours, from 9:00 AM to 3:00 PM, during which all employees scheduled to work that day must be on the job. Employees may begin work as early as 6:30 AM and end as late as 6:00 PM. A lunch period must be scheduled in advance for mid-day, or mid-shift, and be at least thirty (30) minutes in length. The scheduled lunch period may be as long as one (1) hour. Under special circumstances a lunch period of up to 2 hours may be approved provided the employee documents the need for a longer lunch period and operational requirements permit granting the longer lunch period. Employees who fail to complete eighty (80) hours of work time in the pay period must use (subject to supervisory approval) either annual leave, sick leave (for periods of incapacitation due to illness or doctor's appointments), accrued credit hours, accrued compensatory time, or leave without pay, to complete the eighty (80) hour requirement of each pay period. Forms of these schedules are sometimes referred to as "variable day" or "variable week" schedules. With the approval of his/her supervisor, an employee may work in excess of eighty (80) hours in a pay period and accrue credit hours. Credit hours may be carried over to the next pay period and may be used in the same manner as annual leave, when approved by the employee's supervisor. A full-time employee may carry over no more than twenty-four (24) credit hours from one pay period to the next. Credit hours accrued should be used in the same manner as annual leave. A part time employee may accumulate and carry over no more than one-fourth of the hours in his/her biweekly work requirement.

Section 3. - Range of Work Hours/Core Hours

- a. The core hours for all work schedules are from 9:00 a.m. - 3:00 p.m.
- b. The range of work hours is from 6:30 a.m. to 9:00 a.m. arrival and 3:00 p.m. to 5:00 p.m. departure.

Section 4. - Requesting a Work Schedule

- a. Eligible employees may request a new work schedule two times per year. An employee may continue on his/her current work schedule by taking no action. Employees will request changes to their work schedules prior to March 15 and September 15 each year. Employees who wish to change their work schedule will submit an Alternate Work Schedule Request Form to their supervisors. Request will include:
 1. 8-Hour Schedule: Include proposed arrival and departure time, the lunch time and duration, each of which will be the same for each day.
 2. 4/10 Schedule: Include the proposed day off which must be the same day each week. Also include the arrival and departure times, the lunch time and duration, each of which must be the same for each day.
 3. 5/4/9 Schedule: Include the proposed 8-hour day and the day off. Also include the arrival and departure times, the lunch time and duration, each of which must be the same for all 9-hour days.
 4. Maxi-flex Schedule: Include the proposed schedule. Also include the arrival and departure times, the lunch time and duration for each work day.
- b. Supervisors will approve/disapprove requested work schedules on the alternate work schedule request form by April 1 and October 1. Approved schedules will become effective the first full pay period of April and October respectively. The supervisors will review the proposed schedule subject to the following criteria:
 1. It is the responsibility of the supervisor to assure that any approved schedules do not interfere with the mission of the organization which he or she supervises. The supervisor should carefully review each request for an alternative schedule to determine if it is consistent with operational needs.
 2. Employees already on an alternative work schedule will not have their schedule affected by employees requesting to be placed on an alternative work schedule.
 3. If more employees request the same day(s) off than can be accommodated, application of seniority based on Service Computation Date (SCD-Leave) will determine who can

have the day(s) requested. Seniority may only be exercised once per calendar year. When an employee's choice of schedule cannot be approved, the employee may propose an alternative schedule or days off. This provision in no way implies that two or more employees can not schedule the same day off if mission needs permit.

4. A previously approved alternate work schedule may be changed if the schedule has an adverse impact on mission needs. In addition, specific schedules may be denied or changed due to abuse of procedures, and/or performance or conduct problems. The supervisor will advise the employee of the reasons for changing or canceling a schedule and provide the employee with reasonable advance notice of the change or cancellation whenever practicable.

5. Supervisor may also change the schedule of any employee to meet unforeseen circumstances. These changes will generally be of short duration. If the change is involuntary, the employee will receive notice of the change and of the reason for it. Whenever possible, the supervisor should notify the employee in advance of the change.

6. The supervisor is responsible for verifying that the time recorded on the Time and Attendance Report is correct. It is very important that the actual hours worked on each day of the pay period are accurately recorded. Any hours not worked must be recorded as the appropriate type of leave.

Section 5. - Travel or Training

- a. Employees on travel must adjust their schedule to accommodate the schedule and circumstances associated with their travel. Employees on travel may remain on their existing schedule only when it coincides with their travel schedule.
- b. Employees attending training must temporarily adhere to the hours set for the training.

Section 6. - Leave and Holidays

- a. When an employee is on leave for an entire day, he/she is charged the number of hours scheduled to work on that day.
- b. In Lieu of Days: The parties will follow the criteria which entitle employees to "Lieu Days" contained in 5 USC 6103 and Executive Order 11582.

1. An employee on an alternate work schedule who is relieved or prevented from working on a day designated as a holiday, is entitled to the number of hours that he/she was scheduled to work on that day.
2. When a holiday falls on a day that an employee is regularly scheduled to work, the scheduled workday is the employee's holiday. When a holiday falls on a non-workday, the following applies:
 - (a) The holiday falls on Sunday, the first regularly scheduled workday following the Sunday holiday is the employee's in lieu of holiday (according to law).
 - (b) The holiday is not a Sunday, the last regularly scheduled workday preceding the holiday is the employee's in lieu of holiday (according to law).

Section 7. - Management Scheduled Meetings

Employees will be entitled to appropriate compensation if required to attend meetings outside their scheduled hours of work.

Section 8. - Rest Periods and Clean Up Time

The Employer agrees that employees will receive two breaks per day at the work site of 15 minutes, one in the morning and one in the afternoon. In addition, supervisors will authorize maintenance employees to leave the work site 5 minutes before the beginning of the lunch period and to leave the work site 5 minutes before the end of the work shift to clean up from particularly dirty work. The Union agrees to support the Employer in enforcement of this section.

ARTICLE 14

GRIEVANCE PROCEDURE

Section 1. - Purpose

The purpose of this Article is to provide a mutually acceptable method for prompt and equitable settlement of grievances.

Section 2. -Scope

- a. A grievance means any complaint:
1. by any employee concerning any matter relating to the employment of the employee;
 2. by the Union concerning any matter relating to the employment of the employee;
 3. by the Union or the Employer concerning:
 - (a) the effect of interpretation of a claim of breach of the Collective Bargaining Agreement;
 - (b) any claimed violation, misinterpretation, or misapplication of any law, rule, or regulation affecting conditions of employment;
 4. except that it shall not include a grievance concerning:
 - (a) any claimed violation relating to prohibited political activities;
 - (b) retirement, life insurance, or health insurance;
 - (c) a suspension or removal for National Security reasons, Sec. 7532;
 - (d) any examination, certification, or appointment including the termination of a probationary/trial period employee;
 - (e) the classification of any position which does not result in the reduction in grade or pay of any employee;
 - (f) termination of a temporary promotion or time limited appointment; or,
 - (g) reassignment or demotion of an employee to a non-supervisory position during the probationary period required for new supervisors.

- (h) any matter based solely on allegations of discrimination because of race, color, sex, religion, national origin, or disability.

This negotiated procedure shall be the exclusive procedure available to the Union, the employees in the Bargaining Unit and the Employer for resolving such grievances except as provided in Section 2.a.4. of this Article.

Section 4.

In the case of any grievance which the Union may have against the Employer, or which the Employer may have against the Union, the procedure for such grievance shall be in accordance with Section 9 of this article.

Section 5. - Appeal and/or Grievance

An aggrieved employee affected by discrimination, (other than as described in Section 2. a. 4.) a removal or reduction in grade based on unacceptable performance, or adverse action may at his/her option raise the matter under a statutory procedure, appellate procedure or the negotiated grievance procedure, but only one. For the purpose of this section, and pursuant to Section 7121 subsections (d) and (e) of the Act, an employee shall be deemed to have exercised his/her option under this section only when the employee files a timely notice of appeal under the appellate procedure, files a timely grievance in writing under the negotiated grievance procedure, or files an Administrative EEO complaint. The selection of these procedures in no manner prejudices the right of an aggrieved employee to request the MSPB, FLRA, or EEOC, in accordance with law, to review a final decision of an arbitrator.

Section 6.

In the event either party should declare a grievance non-arbitrable under this Article, the original grievance shall be considered amended to include this issue. The Employer and the Union agree to raise the question of arbitrability as a threshold issue when the grievance reaches arbitration.

Section 7.

Most grievances arise from misunderstandings or disputes that can be settled promptly and satisfactorily on an informal basis at the immediate supervisory level. The Employer and the Union agree that every effort will be made by management and the aggrieved party(ies) to settle grievances at the lowest possible level. Inasmuch as dissatisfactions and disagreements arise occasionally among people in any work situation, the filing of a grievance shall not be construed as

reflecting unfavorably on an employee's good standing, his/her performance, or his/her loyalty or desirability to the organization.

Section 8.

The employer recognizes that an aggrieved employee may be represented by the Union, or he/she may represent himself/herself, in filing a grievance under this procedure. Union representation is assumed unless the employee states that he/she does not want representation. The Union has the right to request the employee to put his/her wishes in writing. In the event the employee chooses self-representation, the Union, as the exclusive representative, shall be given the opportunity to be represented at all steps of the procedure held between the Employer and the employee concerning the grievance, and any resulting resolution of the grievance will be consistent with the terms of this Agreement. In processing a grievance under this procedure, the employee who desires to be represented must use a representative approved by the Union.

Section 9.

Step 1: Normally, any grievance shall first be taken up orally by the concerned employee or Union representative with the first line supervisor in an attempt to settle the matter. Grievances must be presented within fifteen (15) calendar days from the date of the incident or the date the employee becomes aware of the incident. The first line supervisor will render his/her decision in seven (7) calendar days after notification from the employee or Union representative.

Step 2: If the matter is not satisfactorily settled following the initial discussion, the Union representative or employee may, within seven (7) calendar days, submit the matter in writing, to the Superintendent or his/her designee. It is understood that a grievance, once reduced to writing, cannot be altered or amended without the mutual consent of both parties. The Superintendent or his/her designee will meet with the Union representative and aggrieved employee within seven (7) calendar days after receipt of the grievance. The Superintendent shall give his/her written answer within seven (7) calendar days after the meeting. The written grievance will include the following:

1. The name, title, series and grade of the grievant(s);
2. The exact nature of the grievance;

Section 11. - Extension of Time Limits

All time limits in this article may be extended by mutual consent.

Section 12. - Special Circumstances

If an employee resigns, dies, or is separated by any action other than removal before a decision is reached on a grievance being processed under the terms of this Agreement, and no compensation issue is involved, action will be stopped and all interested parties will be notified that because of the separation, the case is being closed without a decision. If the grievance is not settled by this method, the initiating party may invoke the arbitration procedures in this Agreement by written notification to the other party within ten (10) calendar days of the meeting. Nothing in this section will preclude either party from attempting to settle such grievance informally at a lower level, and such efforts are encouraged.

Section 15. - Information and Documentation from Official Records

ARTICLE 30
TELECOMMUTING

Section 1

The Western Pennsylvania National Parks and the American Federation of Government Employees, Local 3034, support the Flexible Workplace Program (FWP) concept for employees through two methods. The FWP provides for reasonable accommodation of employees with disabilities who may experience some difficulties traveling to and from work or working in a particular environment. This program may be used to accommodate employees who are recovering from illness or injury. The FWP also provides for work-at-home arrangements for project work.

There are positive aspects of this program that will be welcomed, and pitfalls that need to be addressed and avoided. Program benefits include an increase in productivity, a reduction in turnover, and improved morale. Potential difficulties may be the scheduling of employee meetings and the decrease in face-to-face exchange of ideas.

Work at home arrangements are not for everyone. The work must be conducive to being done at home, there must be a reasonable means to measure productivity, and the employee must have a good work history and possess the right personal characteristics.

Section 2

- a. Telecommuting is a management option rather than an employee benefit and does not change the terms and conditions of appointment. Employees may request participation in the program, but management retains ultimate responsibility for determining if a position and employee are suitable for off-site work.
- b. FWP arrangements may involve accommodating an illness or injury that requires working one or more days at home or in an office very near home, on a short-term basis. Work can be done on an "as-conditions-permit" basis, and the time employee does not work must be charged to leave. Work can also be done partly at home and in the office, depending on the employee's individual situation. **The main issue is whether there is sufficient productive work that can be done at home to occupy at least part of the employee's regular work schedule while away from the office.**
- c. Potential uses of this program include:
 1. Provide reasonable accommodation of employees with disabilities who may experience some difficulties traveling to and from work, or working in a particular environment.
 2. Work at home while recovering from illness or injury or for temporary absences (such as pregnancy complications). In situations involving an employee's illness or injury, the employee must provide certification from the employee's physician. The certification

must substantiate the employee's illness or injury, specify the expected length of the absence, indicate that the employee is physically able to perform work at home, and identify any work restrictions.

3. Work on individual projects that are conducive to being accomplished in a work atmosphere with fewer interruptions and not requiring excessive additional equipment to be permanently assigned to another work site. Even though general approval is given, each instance in which the employee works at home should receive at least prior supervisory approval.

Section 3

The basic criteria for FWP arrangements focuses on whether there is sufficient productive work that can be done at home to occupy at least part of the employee's regular work schedule while away from the office. There are some basic factors that should be considered by the employee's supervisor and managers before approving any Work-at-Home agreement. Factors are listed below:

- a. Work situation. The primary consideration that must be taken into account is whether the duties performed by the employee in his or her official position can be accomplished at home or at another location in a successful manner. If the work cannot be accomplished away from the main work site, no other factors need to be considered. Situations that might preclude working away from the main work site include a requirement for continuing personal contact with their supervisor and other employees or the public, the need to work with coworkers in a team situation, the need for special equipment/documents to perform the duties of the position that cannot be made available at the alternative work site, supervisory duties, the need to work with park resources, systems or facilities, etc.
- b. Employee Considerations: In order to participate in a FWP, the employee's past performance and conduct must demonstrate the level of reliability, independence, responsibility, and trustworthiness necessary for successful performance away from the permanent workplace and on-site supervision. At a minimum, the employee must maintain an overall performance rating of "Results Achieved," and not have any disciplinary or conduct issues. Telecommuting is not suitable for employees with a disciplinary record, who do not have a good record of attendance or do not have good work habits.
- c. Work Measurement. There must be a way for the employee's supervisor to assess the amount of work produced at home or alternative worksite to ensure that it is comparable to that which would be produced over a similar period of time at the main work site. Supervisors may measure employee productivity through review of completed work products, overall work statistics, etc. A work log will be kept by the employee. They may also visit the employee at home or alternative work site during scheduled work hours.
- d. Work Site. The home workplace must be reasonably safe and conducive to efficient, productive work by the employee. The employee must be able to work without being

distracted or interrupted by undue noise, child-care responsibilities, visits from neighbors, friends, etc. Work at home arrangements are not to be used as an alternative to child or other dependent-care responsibilities. Child-care arrangements must be provided for.

- e. Cost Effectiveness. Any additional government costs for working at home or an alternative work site beyond those for working at the official duty station must also be taken into account in determining if the FWP arrangement is beneficial to the Government.
- f. Performance: Telecommuting should not adversely affect the performance of the employee who is telecommuting or his or her coworkers.

Section 4

To be eligible for FWP policy, you must meet the following criteria and assume the following costs.

- a. Core Hours: Work Schedules must include park core hours (9:00 a.m. - 3:30 p.m.) Changes beyond an agreed upon schedule will need prior approval from supervisor (i.e. comp time, overtime, etc.)
- b. Telecommunications: Separate phone line for data transmissions is required. This would be a personal expense.
- c. Equipment:
 - 1. PC Computer up to date, comparable to office computers (currently 586 or better)
 - 2. Printer
 - 3. Modem
 - 3. Software comparable to office
 - 5. PC Anywhere (Gov't provided) and associated training
 - 6. Word (Gov't provided)
 - 7. DGS or another software owned by NPS - (Government provided)
- d. Call in on FWP Day: If you are called into the office or have to travel on your FWP day, you lose the option to work at home that day. You don't get another day in lieu of that day.
- e. Snow Days: If the office is closed and it is your FWP day, you are required to work. If for some reason you cannot work that day (sick, day-care issues, other responsibilities) then you must take appropriate leave for that day.
- f. Annual/Sick Leave: To the maximum extent possible, attempts should be made to schedule annual or sick leave for FWP day to minimize days out of the park.
 - g. Workload Impacts: During periods of heavy workload, FWP may be suspended.

Section 5

- a. The first-level supervisor reviews an employee's request for FWP situations, recommends approval or disapproval, and submits the request through appropriate management channels.
- b. ~~The approving official is the park Superintendent or his/her designee.~~
- c. Requests for approval may be processed by using the forms provided. No additional correspondence or narrative justification should be needed. For example, the request form provides a space for a concisely stated reason for the request. Forms may be handwritten.
- d. The forms listed below must be submitted to the approving official. The forms can be requested from the Administrative Office at the park.
 1. Request/Approval (FWP-1)
 2. Work Agreement (FWP-2)
 3. Supervisory/Employee Checkout (FWP-3)
 4. FWP Program Safety Checklist (FWP-4)
 5. FWP Report Form (FWP-5)
- e. Participants in the FWP are required to self-certify their time and attendance work sheet each pay period. Participants who are recovering from illness or injury may normally not work overtime without specific medical documentation.
- f. FWP arrangements are not an employee's right or condition of employment. FWP arrangements end when the work or personal situation for which it was approved no longer applies.
- g. Termination of FWP
 1. Management may end participation at any time and for any reason. Examples of reasons for termination include but are not limited to: a decline in performance, a determination that the program failed to benefit the organization, communications problems, conduct problems, disciplinary issues, etc.
 2. Whenever feasible, management will provide a written advance notice of termination, but termination may be immediate and without prior written notification or justification if circumstances interfere with providing advance notice.
 3. Employees may also request to end participation in the FWP at any time. In this situation, management will make arrangements for the employee to return to the main work site as quickly as possible.

- h. A file containing the completed FWP-1, Request/Approval; FWP-2, Work Agreement; FWP-3, Supervisory/Employee Checkout; Medical Certification (if appropriate); FWP-4, Program Safety Checklist; and FWP-5, Report, is required to be maintained for each employee participating in the program. The file should be submitted to the Park Personnel Administrator prior to participation in the program.
- i. Equipment needs arising from medical conditions to facilitate reasonable accommodations, and to meet special financial hardship requirements will be considered on a case-by-case basis. Any needed equipment may be supplied by the employee on his/her own volition and at his/her own expense, but it will **not** be covered under government tort claim provisions. Any software licenses pertaining to personally owned equipment must not be violated. Maintenance and repair of personally owned equipment will be the responsibility of the employee.

Office supplies should normally be obtained at the regular work site. In unusual cases, miscellaneous expenses will be reimbursed by obtaining an approved DI-1 with appropriate Procurement signatures.

- k. All computer security regulations, procedures, and guidelines apply and must be complied with to protect sensitive information and computer hardware and software. The appropriate computer security representative should be consulted to review regulations, procedures, and guidelines. Software licensing agreements must be strictly observed as outlined in the agreement.
- l. Tax deductions normally do not apply for use of the home as a place of work under the FWP Program. Employees should be encouraged to seek tax advice if needed to determine any entitlements as a result of working at home.
- m. Home Owner's Insurance. Employees should notify their insurance companies.
- n. OSHA requirements apply and employees who work at home are covered by workers' compensation. **This is one of the primary reasons that the safety checklist must be accomplished in each case.**
- o. Participants should be advised to check such items as zoning regulations and protective covenants with respect to working at home. However, the FWP Program is viewed as an alternative work site and not a business operated from or based in the home.

TOUR OF DUTY:

The following constitutes an agreement between the Employee and the Western Pennsylvania National Parks, and the National Park Service, on the terms and conditions of participation in the FWP.

1. Employee participates in this program on a voluntary basis and agrees to adhere to the guidelines and policies.
2. Normal overtime, credit hours, compensatory time, etc., rules and procedures apply for FWP participants.
3. Employee's official duty station and FWP location are listed above. All pay, leave, and travel entitlements will be based on the employee's official duty station.
4. Employee's timekeeper will have a copy of the employee's FWP schedule. Employee's time and attendance will be recorded as performing official duties at the official duty station. Employee must certify Time and Attendance worksheets/reports.
5. Employee's FWP schedule and FWP phone number will be a matter of information to be shared with persons conducting business with the employee/employer.
6. Employees must obtain supervisory approval before taking leave in accordance with established office procedures. **If an emergency closing of the regular work site occurs, or if employees are excused from reporting due to severe weather, etc., employees working under FWP, and who were scheduled to spend that entire day working at home, may not be excused.** By signing this agreement, employee agrees to follow established procedures for requesting and obtaining approval of leave.

7. If the employee works overtime that has been ordered and approved in advance he/she will be compensated in accordance with applicable law, regulation and guidance. By signing this agreement, employee agrees that performing unauthorized overtime work may result in his/her termination from the FWP Program or other appropriate action.
8. If Government equipment is provided for use by the employee, the employee must obtain written permission in accordance with Department of Interior Manual 410. Use and protection of Government equipment must be in accordance with FIRMR Bulletin 30, October 15, 1985; NPS-44; Contracting and Property Management Numbered Memorandum NAR-ACP-34, dated December 31, 1993, and Contracting and Procurement Numbered Memorandum NAR-ACP-82, dated June 12, 1992. Government-owned equipment will be serviced and maintained by the Government. Government-procured software for use at the FWP location will be licensed to the Government. Employee must comply with software license agreements. If employee provides own equipment, he/she is responsible for servicing and maintaining it. To the extent possible, computer security policies and guidelines will be implemented at the FWP location to protect the hardware, software, and data. Backup copies of software and data will be created periodically (normally daily, but at least weekly). Computer virus requirements and procedures will be complied with.
9. Provided the employee is given advance notice (usually at least 24 hours), the employee agrees to permit periodic home inspections by the employer of the employee's FWP work site at periodic intervals during the employee's normal working hours to ensure proper maintenance of Government-owned property and work site conformance with safety standards and other specifications in these guidelines.
10. Any accident or injury occurring at the FWP location must be brought to the immediate attention of the supervisor. Because an employment-related accident sustained by a FWP employee will occur outside of the premises of the official duty station, the supervisor must investigate all reports immediately following notification.
11. Employee agrees that his/her residence, if it is the FWP duty location, is a safe work environment.
12. The Government will not be liable for damages to an employee's personal or real property during the course of performance of official duties or while using Government equipment in the employee's residence, except to the extent the Government is held liable by Federal Tort Claims Act claims or claims arising under the Military Personnel and Civilian Employees Claims Act.
13. The Government will not be responsible for operating costs, home maintenance, or any other incidental cost (e.g., utilities) whatsoever, associated with the use of the employee's residence. By participating in this program the employee does not relinquish any entitlement to reimbursement for authorized expenses incurred while conducting business for the Government, as provided for by statute and implementing regulations. If the employee is authorized miscellaneous expenditures, the employee will promptly file claims for reimbursement of miscellaneous expenses using the appropriate form.

14. Employee is covered under the Federal Employee's Compensation Act if injured in the course of actually performing official duties at the official duty station or the FWP location.
15. Employee will meet the supervisor to receive assignments and to review completed work as necessary or appropriate.
16. Employee will complete all assigned work according to work procedures and according to guidelines and standards stated in the employee's performance plan.
17. Employee's job performance will be evaluated based on the performance plan (standards) established by the supervisor. The employee must maintain an overall performance rating of "Results Achieved."
18. As requested, the supervisor and the employee may be asked to complete surveys and performance ratings which summarize FWP impact on the office, the employee, the supervisor, and other organizational elements. Employee and supervisor agree to promptly complete and submit evaluation materials and to attend periodic meetings as required.
19. Employee will apply approved safeguards to protect Government agency records from unauthorized disclosure or damage and will comply with the Privacy Act requirements set forth in the Privacy Act of 1974, Public Law 93-579, codified at Section 552a, Title 5 U.S.C.
20. Employee may terminate participation in this program at any time. Management has the right to remove the employee from the program if the employee's performance declines or if the work at home assignment fails to meet organizational needs, or for other reasons.
21. Employee who is nonexempt from the Fair Labor Standards Act agrees to limit performance of officially assigned duties to the official duty station or to the FWP location, in accordance with the official work schedule on record. Failure to comply with this provision may result in loss of pay, termination of the FWP arrangement, and/or other appropriate action including disciplinary action.
22. FWP work agreements are initially approved for no more than 6 months. Upon an evaluation by the first-line supervisor that shows positive reasons for renewal, the FWP Request/Approval (FWP-1) must be submitted for approval. Renewals are for no more than 1-year at a time and the employee must sign a new FWP Work Agreement (FWP-2).
