b. The fact that the Labor Organization agrees to published agency policies and regulations in existence at the time the agreement is approved does not preclude the Labor Organization from meeting and conferring, upon request, after official notification, on any agency policy and/or regulation.

Section 1-3 Duration and Changes:

a. The effective date of this agreement shall be the date of final approval of all Articles by the Defense Civilian Personnel Management Service (DCPMS). It is understood by the parties hereto that this Agreement shall terminate at any time that it is determined that the Labor Organization is no longer entitled to exclusive recognition under Title 5, US Code, Chapter 71, as amended.

c. Amendments to this Agreement may be negotiated at any time during the life of this Agreement by mutual consent of the parties. No amendment may be put into effect without written concurrence of both parties and final approval of the DCPMS in accordance with Section 1-3a above. The party desiring an amendment will notify the other party of its desires at least thirty (30) calendar days prior to the requested date of meeting. Such notification will be in writing and will state the proposed items to be negotiated.

d. This Agreement is further subject to opening as follows: amendment(s) may be required because of changes made in applicable laws or executive orders after the effective date of this Agreement. final and complete agreement on all aspects of the topics included in the agreement for the life of the contract. The purpose of the parties in entering into this is to, but not limited to:

g. Any amendments to this Agreement will become effective on the date they are approved by the DCPMS and will remain in effect until this Agreement expires or is terminated, unless it is determined within thirty (30) calendar days from the date of its execution that the Amendment does not conform to applicable laws, or existing published agency regulations or other appropriate authorities. Such formal records will include dates, those in attendance, subjects discussed, a summary of the discussion, and decision reached, if any.

c. It is recognized that this Agreement is not all inclusive and the fact that certain working conditions have not been specifically covered in the agreement does not lessen the responsibility, but rather compels either party to meet with the other for discussion and exchange of views in an effort to find mutually satisfactory solutions to matters not covered by this Agreement.

d. Mid-term negotiations between the parties will be governed by latest ground rule procedures executed between both parties. Replies to proposed changes will be made within fifteen (15) calendar days.

Upon notification by the labor organization, management agrees to meet and confer as soon as practicable, date and time by mutual consent. The employer and the labor organization agree to resolve all issues prior to the tentative effective date of implementation unless both parties agree to extend the deadline. If the parties reach impasse following good faith I&I bargaining and either party seeks FMCS/FSIP assistance during the notice period, the deadline may be extended.

Both parties shall take the necessary actions required to assure that employees in the unit are apprised of their rights under this section; and that no interference, restraint, coercion, or discrimination is practiced by the Employer or the Union to encourage or discourage membership in a labor organization.

b. Any employee, regardless of Labor Organization membership, shall have the right to bring matters of personal concern to the attention of appropriate officials under applicable laws, rules, regulations, or established agency policies.

c. Paragraph (a), above, does not authorize participation in the management of a labor organization or acting as a representative of such an organization by a supervisor, or by an employee when the participation or activity would result in a conflict or apparent conflict of interest or otherwise be incompatible with law or with the official duties of the employee. It is specifically agreed that any employee whose assigned duties require that he present the interests of the Employer in consultation or negotiation with any labor organization may not participate in the management of the Labor Organization or act as a representative of such organization.

d. Nothing in this Agreement shall require an employee to become or remain a member of a labor organization, or to pay money to the organization except pursuant to a voluntary, written authorization by a member for the payment of dues through payroll deduction.

e. When the Employer conducts an examination of a unit employee, the employee being interviewed is entitled, upon the employee's request, to the presence of a Labor Organization representative if the employee has reasonable grounds to believe that the interview may result in disciplinary action against him or her. The employee will be informed of his/her right to representation prior to questioning.

Section 1-8 Union Rights and Obligations:

e. The Employer may change employees' shifts without notice where the Agency may be seriously handicapped in carrying out its functions, or that costs would be substantially increased.

a. The payment of compensation for overtime worked is prohibited. Employees are, therefore, entitled to an amount of compensatory time at least equal to the amount of time worked in excess of the established duty day in accordance with applicable regulations and laws.

c. Employees re-called in to work other than their regular hours of work shall be compensated for a minimum of two (2) hours in accordance with the provisions of regulations, regardless of whether the employee is required to work the entire two (2) hours. Approval of requests for annual leave for unforeseen emergency reasons will be considered as the circumstances warrant. Employees will make every effort to contact the supervisor before the start of the workday, but no later than one hour after the start of duty. If the first line supervisor is unavailable, the employee will notify the next level supervisor or designated supervisor. On a case by case basis where the employee finds it impossible to contact someone in the supervisory chain or the department administrator, a two hour grace period may be allowed.
- c. An employee may request annual leave restoration, after forfeiture. It must be scheduled and used not later than the end of the leave year ending two (2) years as determined by the employer.
- d. An Employee may be called back from leave due to a declared emergency or there is a change to the Agency's workload or staffing needs.
- e. Annual leave requests of one or more work weeks must be submitted in writing as far in advance as possible, but no less than two calendar weeks prior to the requested start date. Annual leave approvals will be based on the projected work load during the requested time period, and the availability of other employees with the minimum required skills to meet the workload. Approved leave may be adjusted or cancelled in the event of a State or Federal emergency. The employer agrees that efforts will be taken to prevent the need to adjust or cancel an approved leave.
- f. Forfeited annual leave may be restored in accordance with VANGTPR 630.

Section 4-2 Sick Leave:

- a. Employees will accrue sick leave in accordance with applicable laws and regulations. The Union joins the Employer in recognizing the insurance value of sick leave and agrees to encourage employees to conserve such leave so it will be available to them in case of extended illness.
- b. Accrued sick leave shall be granted to employees when they are incapacitated for the performance of their duties, provided that employees not reporting for work because of incapacitation for duty furnish notice to the supervisor or the supervisor's designee by telephone or other appropriate means as soon as possible prior to the start of employee's shift but not later

than two (2) hours after the start of the duty if circumstances preclude such advance notification. In the event the employee is unable to contact the first line supervisor, the employee will notify the next available supervisor in the chain of command. If unable to contact anyone in the chain of command, the employee should contact the department administrator.

c. Sick leave, if available, shall be granted to employees in accordance with regulations when they are incapacitated for performance of their duties by sickness, injury, or pregnancy; for medical, dental, or optical examination or treatment; or when exposed to contagious disease, as determined by local health authorities, when the presence of the employee at his/her post of duty would jeopardize the health of co-workers. Requests for sick leave for medical, dental, or optical examination or treatment shall be submitted for approval in advance of the appointment.

d. The Employer may require medical documentation for an absence of any duration in accordance with applicable regulations.

e. In the event the Employer has reason to suspect abuse of sick leave privilege, the Employer may require an employee to supply a certificate from a physician or practitioner or other acceptable evidence stating the reason for the absence. When such an abuse is suspected, the Employer will notify the employee in writing in advance of the certificate requirement.

(3) Annual leave that would otherwise be forfeited is used.

(4) There is reasonable assurance that the technician will return to duty to earn and repay advance credits. (An employee holding a limited appointment may be advanced sick leave only in the amount which will be earned during the remaining period of employment).

g. The Employer agrees that when an employee is given a medical certificate directing temporary light duty by a physician, light duty will be assigned to the employee for a reasonable period of time if such is available. However, if no light duty is available in the employee's functional area, the supervisor will attempt to find light duty work in some other location.

h. No employee's annual leave will be forfeited because sick leave has been granted, provided that the annual leave had been scheduled in advance and the employee's illness was of such duration as to preclude the employee from taking sufficient annual leave prior to the end of the leave year. Civil Service Regulation provides for the restoration of annual leave forfeited due to administrative error, sickness, or exigencies of the public business. Annual leave restored must be scheduled and used no later than the end of the leave year ending two years after:

(1) the date of restoration of the annual leave forfeited because of administrative error; or

(2) the date fixed by the agency head or his designated official as the termination date of the exigency of the public business which resulted in forfeiture of the annual leave; or

(3) the date the employee is determined to be recovered and able to return to duty if the leave was forfeited because of sickness.

i. In the event a person is incapacitated while on official travel, the Employee will call the Employer as notification of the Employees inability to perform assigned duties. If no DSN communication network exists the Employee will contact the Fort Pickett DSN commercial number. It is the responsibility of the Employee to verify this number prior to departing on official travel.

j. All employees' sick leave requests will be considered as personal, need to know information. Official sick leave records will also be maintained in this respect. Sick leave requests and records will be protected in accordance with the Privacy Act.

Witness fees are payable but must be turned in to Technician Payroll Office. Government travel expenses are payable less those travel expenses payable by the court.

c. When an employee is excused as a juror or witness for any day or substantial portion of a day, and the place where the jury or witness service is being performed is within reasonable proximity to the employer's premises, the employee shall be required to return to duty or be charged leave for the period of his/her working day not spent as a juror or witness; a reasonable time for travel back to the Employer's premises shall be permitted without charge to leave.

Section 4-5 Charitable and Civic Responsibilities:

a. The parties recognize the importance of employee participation in authorized charitable fund raising campaigns, savings programs, and other charitable and humanitarian activities. It is agreed that such participation shall always be voluntary and that the Employer and the Labor Organization shall refrain from exerting pressure upon employees to participate. The Labor Organization agrees to support such campaigns and encourage participation.

b. The Employer and the Labor Organization will encourage employees in the unit to exercise their voting rights.

c. Grants of excused absence for the purpose of voting and registering or taking physical examinations to determine eligibility for retention in the Armed Forces will be made in accordance with applicable government wide regulations.

Section 4-6 Holidays:

a. Employees shall be entitled to all holidays now prescribed by law and any that may be later added by law and all holidays that may be designated by Executive Order.

b. Employees in a pay status shall receive pay at their regular hourly rate for all periods defined as holidays that they are not required to work.

c. All employees who work on a holiday during their regular shift shall receive holiday pay computed in accordance with applicable government wide regulations.

d. Federal holidays will be observed as non-work days except for those employees considered essential to carry out the Employer's mission. When a holiday falls on Saturday, the holiday will be observed on the preceding Friday; likewise when a holiday falls on a Sunday, it will be observed on the following Monday for employees whose tour of duty is Monday through Friday.

e. Except in cases of sickness or verified emergency a unit employee who fails to report to work on a holiday when required to do so shall be subject to loss of pay for the day and may be disciplined for unauthorized absence.

f. Any employee having annual leave to his credit may apply forty-eight (48) hours prior to the holiday for leave in conjunction with the holiday.

g. The Employer will make a reasonable effort to grant annual leave to employees, upon request, for any religious holiday associated with the religious faith of the employee in the event the employee elects not to use compensatory time in accordance with 5 CFR 550.1002.

Section 4-7 Adverse Weather:

a. When the Employer decides during duty hours to grant personnel administrative leave, employees will be notified as promptly as possible through their respective supervisor.

b. When the Employer decides during non-duty hours to operate on a reduced basis or close the installation due to adverse weather conditions, the Employer will disseminate the information immediately after the decision is made. Annually, the Employer will post at all work sites a list of stations that may carry this information and will make every effort to ensure it is announced as early as possible on the day being curtailed.

c. When the Employer decides that activities must be curtailed due to inclement weather, power failure, or other interruptions, employees considered essential, as determined by the Employer, will be required to report or remain on duty. All other employees will be

administratively excused without charge to leave or loss of pay. When administrative leave is authorized at the beginning of the shift, all non-essential employees who report for work will be excused without charge to leave for that portion of the shift for which leave is authorized. All other absences will be appropriately charged, depending on the circumstances involved.

d. When it has been determined that activities must be curtailed due to adverse weather conditions, mission-essential employees are expected to make every reasonable effort to report for duty.

e. If in the event the installation is open, all employees are expected to report to work as scheduled. The employer may authorize a reasonable amount of excused absence to employees who are unavoidably delayed in arriving for work.

f. During adverse weather conditions and when no decision has been made to close the installation and the employee believes conditions make it unsafe to attempt to drive to work, the employee is encouraged to contact their supervisor and request leave. A liberal leave policy may be in effect during these conditions.

g. The Employer will inform the Labor Organization of curtailment of operations due to adverse conditions.

Section 4-8 Military Leave:

a. An eligible technician may be granted any military leave that is available whenever ordered to active duty, active duty for training or inactive duty for training.

b. Upon being ordered to Active Duty (AD), Annual Training (AT), Active Duty Special Work (ADSW), Temporary Tour of Active Duty (TTAD) or Inactive Duty Training (IDT) a technician with accrued military leave may use other leave first, i.e. annual leave, compensatory leave or leave without pay (LWOP) for the performance of such duty.

c. Military leave can only be used for periods of absence from the technician position, to include a reasonable amount of travel time, to perform military duty. A period of technician duty and a period of military duty may be credited on the same calendar day. A technician performing military duty may use military leave to cover their absence from their technician position for only the period of time required to perform the military duty (to include a reasonable amount of travel time). Hours in the technician workday that are not chargeable to military leave must be worked or charged to another leave category, such as annual leave, compensatory time or leave without pay.

d. Military leave is chargeable on an hourly basis.

e. Full time technicians will accrue 120 hours of military leave in a fiscal year with carryover of unused military leave for up to a maximum of 120 additional hours. Full-time technicians therefore, have the potential of 240 hours of military leave during a fiscal year.

Section 4-9 Family Friendly Leave Policies:

a. Family Medical Leave Act:

(1) Eligible technicians are entitled to up to twelve (12) weeks of unpaid leave during a twelve (12) month period for certain family and medical reasons. Authorized use includes the birth and care of a child; making arrangements for adoption or foster care; the care of a spouse, son, daughter or parent of the employee with serious health problems; or a serious health condition that makes the employee unable to perform the essential function of the employee's position.

(2) A technician may use annual leave, sick leave, or compensatory time in lieu of unpaid leave for family medical leave situations, and will be required to provide advance leave notice and may be required to provide medical certification.

(3) Health insurance benefits will be continued under the same conditions as would be in effect if the employee has continued on the job.

(4) Technicians using unpaid leave will generally be restored to their same position and are entitled to be restored to the same or equivalent position with equivalent benefits, pay, status, and other terms of employment.

(5) The Employer agrees to administer the Family Medical Leave Act in accordance with statutory and regulatory criteria.

b. Use of Sick Leave to Care for Family Member Policies:

(1) Sick Leave to Care for a Family Member

(a) Eligible technicians may use a total of up to 104 hours of sick leave each leave year to:

1. provide care for a family member who is incapacitated as a result of a physical or mental illness, injury, pregnancy, or childbirth;

2. provide care for a family member as a result of medical, dental, or optical examination or treatment; or

3. make arrangements necessitated by the death of a family member or attend a funeral of a family member.

(b) A covered full time employee may use 40 hours of sick leave each leave year for the above purposes. An additional 64 hours of sick leave may be used each year.

(c) The agency may require medical certification of illness under these terms.

(2) Sick Leave to Care for a Family Member with a Serious Health Condition

(a) Eligible technicians may use a total of up to 12 administrative workweeks of sick leave each leave year to care for a family member with a serious health condition. If an employee previously has used any portion of the 104 hours of sick leave for general family care or bereavement purposes in a leave year, that amount must be subtracted from the 12 week entitlement. If an employee has already used 12 weeks of sick leave to care for a family member with a serious health condition, he or she cannot use an additional 104 hours in the same leave year for general family care purposes.

(b) Family member is defined as:

1. spouse (and parents thereof),
2. natural or adopted son or daughter (and spouses thereof)
3. parents,
4. brothers and sisters (and spouses thereof), and
5. any individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship.

(c) Serious Health Condition has the same meaning as found in OPM's Regulations at 5 CFR 630.1202 for administering the Family and Medical Leave Act of 1993, to include, cancer, heart attacks, strokes, severe injuries, Alzheimer's disease, pregnancy, and childbirth. The term "serious health condition" is not intended to cover short-term conditions for which treatment and recovery are very brief. The agency may require medical certification of a serious health condition.

(d) A covered full-time employee may use 40 hours of sick leave each leave year for the above purposes. An employee may use additional sick leave for general family care or bereavement purposes or to care for a family member with a serious health condition.

Section 4-10 Leave Without Pay (LWOP):

a. Leave Without Pay (LWOP) is a temporary nonpaid status and absence from duty requested by the Technician. The granting of LWOP is a matter of administrative discretion of the Employer.

b. LWOP may be granted for extended periods of time. Examples of extended periods of LWOP are:

- (1) Education which would result in increased job proficiency and ability.
- (2) Recovery from illness or disability not of a permanent or disqualifying nature when immediate return of the technician to duty would impair the employee's health or jeopardize the health of other technicians.

(3) To provide the retention of a qualified technician on the employed rolls pending final action on claim for employment connected disability or disability retirement.

c. LWOP will be charged in multiples of one hour. LWOP will be requested and processed in accordance with VaNGTPR 630.

d. A technician who is elected or appointed to serve full time as national or state representative or officer with the Labor Organization, at the discretion of the Agency, may be granted LWOP for one (1) year. Extensions for one (1) year periods may be granted upon request of the technician thirty (30) days prior to the end of the first year, with the approval of the Agency. The technician's rights and privileges will be protected under the provisions of the applicable portions of the Code of Federal Regulations.

ARTICLE 5

DISCIPLINE

Section 5-1 General:

a. This article applies to matters of conduct only. Actions that relate to job performance will be accomplished in accordance with the agency performance appraisal system and this contract. It is acknowledged that in some cases disciplinary actions are necessary. The parties agree that discipline and adverse actions will be based on just cause and promote the efficiency of the federal service in accordance with applicable laws and regulations.

b. The parties recognize that there are two types of technician disciplinary actions that may be appropriate; i.e., informal disciplinary action and formal disciplinary action. Disciplinary action will be for the purposes of correcting offending technician and problem situations and maintaining discipline and morale among other technicians. The immediate supervisor or designee should consider a closer degree of individual supervision and/or warnings to effect corrective action prior to undertaking a formal disciplinary action.

c. In order to be effective, constructive discipline must be timely. Whenever possible disciplinary action should be initiated within a reasonable period of time after the offense becomes known to the individual's immediate supervisor.

d. To protect the confidentiality of the records (NGB Form 904-1) and to preserve the privacy of the individual, records will be maintained at the lowest level of supervision excluded from the bargaining unit and access will be limited to individuals with a valid need and/or individuals to whom the technician has given written permission.

e. The Table of Penalties located in TPR 752 is the Agency's accepted guide for discipline, and may be referenced for suggested penalties based on the nature of the offense; however it is the Employer's right to determine final disciplinary actions in accordance with applicable laws, regulations and this article.

Section 5-2 Representation:

a. Prior to discussions that will lead to disciplinary or adverse actions; the immediate supervisor or his designee or person/persons performing an investigation role for the agency will notify the technician of the right to labor organization representation.

b. If the employee requests representation, no further questioning will take place until the representative is present. If the technician chooses not to have representation the waiver of representation should be in writing. The immediate-supervisor or designee will retain the waiver in the employee's work folder.

c. An investigation interview will, if representation is requested, be delayed for a reasonable amount of time until the employee(s) representative can be present. The Employer will determine the amount of time that is reasonable so as not to impede the investigation.

Section 5-3 Informal Action:

a. This type of action will consist of a counseling interview with the technician by his immediate supervisor or designee. The technician will be advised of the specific infraction or breach of conduct and when it occurred. A counseling interview is a private matter between the supervisor and the employee and is intended to be a friendly business-like exchange to resolve a problem; management or the employee may request a labor organization representative be present provided the content of the interview will lead to disciplinary or adverse action. Requests for representation will be in accordance with applicable regulations and this Article.

b. Counseling interviews will be recorded on NGB Form 904-1, in pencil, and retained until the supervisor determines it is no longer needed or relevant to a continuing problem normally not to exceed 12 months. If an appraisal evaluation falls within the 12 month period a reference to the annotated problem will only be considered once.

c. An appeal of a counseling interview may be made through the negotiated grievance procedure. A successful appeal could cause any record of the counseling to be deleted.

d. Oral counseling and on the spot corrections are intended for immediate resolution of a problem which does not warrant a written record, and as such does not require labor organization representation.

Section 5-4 Formal Disciplinary Action:

a. Formal disciplinary action consists of oral admonishments and written reprimands.

b. Before disciplining a technician, the immediate supervisor or his designee will gather all available facts and discuss them with the technician, informing the technician of the reason for the investigation. After considering the technician's response, the supervisor will then advise the technician if the discussion resolved the matter. If an oral admonishment or letter of reprimand is decided upon the following procedure will apply:

(1) An oral admonishment:

(a) Is a disciplinary action that notifies a technician to desist from a certain course of action. The supervisor will describe the offense in sufficient detail to enable the technician to understand why the admonishment is necessary. The technician may have a Labor Organization representative present if so requested.

(b) Will be annotated in pencil (date and subject) on the NGB Form 904-1, and retained until the supervisor determines it is no longer needed or relevant to a continuing

problem normally not to exceed 12 months. If an appraisal evaluation falls within the 12 month period a reference to the annotated problem will only be considered once.

(2) Written reprimand will:

(a) Be signed by the appropriate supervisor as determined by the Employer.

(b) The technician may have a Labor Organization representative present if so requested.

(c) Describe the offense in sufficient detail to enable the technician to understand why the reprimand is necessary.

(d) Inform the technician that the letter will be filed as a temporary document in the Official Personnel Folder (OPF) until a specific date. Normally, the retention period is twelve (12) months. Justification for selecting a retention period greater than 12 months will be provided in the letter of reprimand. A maximum amount of time for retention of a letter of reprimand typically shall not exceed 3 years.

(3) An appeal of an oral admonishment or a letter of reprimand may be made through the negotiated grievance procedure. A successful appeal could cause the action to be withdrawn and any record of the action to be deleted.

Section 5-5 Adverse Actions:

a. Adverse Action is an administrative action that results in removal, suspension, or reduction in grade of any technician.

(1) There must be a reason for taking adverse action; that reason is commonly referred to as a "cause" and is defined as "an offense against the employer/employee relationship." What constitutes a "cause" is a decision that must be made on the merits of each situation.

(2) Having a "cause" is not sufficient to warrant an adverse action. Management must also conclude that taking an adverse action will promote the efficiency of the service. This is done by establishing a relationship between the "cause" and its impact or effect upon the efficiency of the service (i.e., the technician's ability to perform his duties; the agency's ability to fulfill its mission, etc.).

b. The sequence of events for an adverse action will be in accordance with TPR 752 and this article:

(1) Technicians will be given a notice of proposed adverse action, signed by the individual proposing the action. The technician or the representative will be given twenty (20) calendar days to reply to the charges, in writing and/or in person, to the reviewing official.

(2) The technician will be given a Notice of Original Decision, signed by the Reviewing Official that will state the specific action being taken. Upon receipt of the decision the technician has twenty (20) calendar days to file for either an appellant review by the Adjutant General, or an Administrative Hearing conducted by a National Guard hearing examiner, but not both.

(a) Technicians requesting an appeal shall state their dissatisfaction and include with the appeal any proof or other supportive documents. The appeal letter will also include whether or not the individual requests representation.

(b) If the technician requests a hearing, the HRO will submit a written request to NGB for a list of examiners. In-turn, the NGB will provide a list of hearing examiners for consideration. The employer's representative and employee's representative will discuss the selection of the hearing examiner and mutually agree on the selection. A letter will be sent advising the appellant of the name of the hearing examiner.

(c) The hearing will be before the selected hearing examiner who will provide a recommendation to The Adjutant General. The Adjutant General will consider the recommendation in making the final decision. The hearing examiner's per diem and travel expenses will be paid by management.

Section 5-6 Records:

a. In any disciplinary action, an employee will, upon written request, be furnished a copy of all written documents in the employers' files which contain evidence used by the employer to support any disciplinary or adverse action. Any such records or diaries shall not be used as a basis to support any disciplinary or adverse action against an employee unless the employee has been shown and, if requested, provided a copy of such record, note or diary. Informal notes made by supervisors that allege infractions, tardiness, and the like, cannot be used in proceedings against employees, unless timely disclosed beforehand.

b. No written entry will be made in an employee's files concerning disciplinary matters without the knowledge of the employee. The employee should initial the entry. The employee's initials acknowledge only that the employee knows that an entry was made, but in no circumstance may initialing the entry be considered as an agreement with the entry or an admission of guilt.

Section 5-7: The Employer agrees to furnish the Labor Organization a copy of all decisions on disciplinary actions where the employee elects to be represented by the Labor Organization.

Section 5-8: It is agreed that disciplinary actions are grievable under the Negotiated Grievance Procedure except for adverse actions taken pursuant to 32 USC 709 (f) which are excluded in accordance with Article 6 of this Agreement.

Section 5-9: An adverse action will be carried out unless a technician has filed an appeal in accordance with provisions of TPR 752 or the appeal procedures, in accordance with TPR 752, have been exhausted and the action upheld.

ARTICLE 6

NEGOTIATED GRIEVANCE PROCEDURE

Section 6-1: General

A grievance means any complaint:

- a. By any unit employee concerning any matter relating to the employment of the employee;
- b. By the Labor Organization concerning any matter relating to employment of any unit employee(s); or
- c. By any unit employee, the Labor Organization or the Employer concerning-
 - (1) the effect or interpretation, or a claim of breach of this agreement; or
 - (2) any claimed violation, misinterpretation, or misapplication of any law, rule, or regulation affecting conditions of employment.
- d. The employer and the Labor Organization agree that the negotiated procedure is the exclusive procedure available to the Labor Organization and the technicians in the bargaining unit for the processing of a grievance.
- e. The employer and the Labor Organization agree that normal day-to-day discussions between technicians and supervisors are the most constructive means of developing effective work relationships. This procedure provides a means for the prompt and orderly consideration and resolution of technician grievances.
- f. It is the policy of the Employer that all technicians have a right to present their grievances to the appropriate management officials for prompt consideration and equitable decision. In exercising this right the technician and his/her representative will be free from restraint, coercion, discrimination, or reprisal.
- g. An individual's NGB Form 904-1 will not be disclosed without consent of the individual in accordance with the Privacy Act of 1974.
- h. The Employer and the Labor Organization agree that all employees in the unit will be treated fairly and equitably. Every attempt will be made by the Labor Organization and Management officials to adjust grievances informally and promptly in the interest of good employee-management relations and the mission of the organization.
- i. Grievability/arbitrability issues if unresolved will be handled as threshold issues at arbitration.

j. Grievances not resolved through the provisions of this Article may be referred to arbitration by either the Labor Organization or Employer.

Section 6-2: Exclusions:

Certain matters are excluded from coverage by this Grievance Procedure, and from coverage by the arbitration procedure, either because they are not grievable or arbitral matters or because they are matters which are subject to final administrative review outside the Agency under law or regulations. The following matters are subject to such exclusion:

- a. Political activities.
- b. Retirement, life or health insurance.
- c. Suspension or removal for national security reasons.
- d. Examination, certification, or appointment.
- e. Position classification which does not result in reduction in grade or pay of an employee.
- f. Non-selection for promotion from a group of properly ranked and certified candidates. Procedural violations may be grieved.
- g. Actions taken pursuant to 32 US Code, 709(f) to include adverse actions involving discharge, suspension, furlough without pay or reduction.
- h. Performance appraisals.

Section 6-3: Coverage:

Any employee or group of employees covered by this Agreement may present a grievance involving matters relating to personnel policies and practices and work conditions. Such grievances may be adjusted with or without Labor Organization representation, at the grievant's discretion. However, the Labor Organization shall have the right to have its representative present during the grievance process. Any adjustment of the grievance will not be inconsistent with the terms of this Agreement, and the appropriate Labor Organization representative must be given the opportunity to be present at the time of adjustment. This right to individual representation does not include the right to take the matter to arbitration, unless the Labor Organization agrees to do so.

Section 6-4: Official Time:

A reasonable amount of official time will be granted an aggrieved employee and the appropriate Labor Organization representative to investigate, prepare, and present a grievance on the Employer's premises through the Negotiated Grievance Procedure; however, no compensatory

time will be granted to any such employee or Labor Organization representative to accomplish these functions. An employee or Union Representative desiring official time for either of the foregoing purposes shall inform his immediate supervisor if available, or the next higher level of line supervision who is available of the reason and anticipated duration of the absence from his/her work site. A request for official time will be completed in accordance with applicable regulation.

Section 6-5: Multiple Grievances:

If two or more employees initiate identical grievances (where the basis for the grievance and corrective action being sought are identical), the Labor Organization, if it has been designated as representative, will call the employees together and encourage them to select one of the grievances for processing. The decision made on the grievance selected for processing will be equally applicable to all of the other identical grievances.

Section 6-6: Witnesses:

At each step of this Negotiated Grievance Procedure, the aggrieved employee, his/her representative, and the management official of the Employer holding the meeting will be permitted to call as witnesses a reasonable number of persons having personal knowledge of facts and circumstances bearing upon the matter which formed the basis for the grievance. Such witnesses who are employees of the Employer and who are in an active paid status at the time of the meeting will suffer no loss of pay or leave for the time they spend in attendance at the meetings. Obtaining relevant witnesses who are not employees of the Employer will be the responsibility of and at the expense of the individual calling such witnesses.

Section 6-7: Presentation:

In presenting a grievance at any step of this Negotiated Grievance Procedure, the aggrieved employee or his/her representative will inform the appropriate management official of the Employer that he/she is presenting a grievance for processing under the Negotiated Grievance Procedure, and the corrective action being sought. The management official of the Employer to whom this information is presented may seek advice from the Human Resource Office as to whether the grievance is considered appropriate for processing through this Negotiated Grievance Procedure. If the Labor Organization has been designated as the aggrieved employee's representative, the Employer will not make a final determination that the matter is not grievable through this Negotiated Grievance Procedure until after the question has been discussed with either the President, Vice President, or Chief Steward of the Union. If the matter is not grievable, as determined by the Employer or by the Employer and Labor Organization in consultation, the management official to whom the matter was presented for resolution will inform the aggrieved employee of the proper procedure available, if any, through which the dissatisfaction may be processed.

Section 6-8: Official Records:

At any step of this Negotiated Grievance Procedure, upon request, appropriate management officials of the Employer will produce payroll and other records personal to the aggrieved employee for review by the employee and his/her representative; however, this provision will be subject to necessary requirements as to security and confidentiality of information, Privacy Act and Freedom of Information Act.

Section 6-9: Conduct:

All persons involved at any step of this Negotiated Grievance Procedure are expected to act in a manner designed to create an atmosphere free from hostility and personal recrimination.

Section 6-10: Time Limits:

Once a grievance has been accepted for processing under this Negotiated Grievance Procedure, failure of the aggrieved employee or the Union to comply with any applicable time limit terminates further consideration of the grievance. Failure of a management official to comply with any applicable processing time limit will constitute a valid basis for the grievance to be promptly advanced to the next higher step of the Negotiated Grievance Procedure. Any step or time limit stated in this article may be adjusted or extended by mutual agreement of the parties.

Section 6-11: Employee Grievance Process:

The following are the steps of this Negotiated Grievance Procedure:

Step 1. A grievance will be (informally and orally) presented to the employee's immediate supervisor normally not later than fifteen (15) workdays after the grievance took place or the individual becomes aware of the events that constitute the grievance, whichever is later. The aggrieved employee may be represented by the Union, if requested by the employee. The immediate supervisor or his designee will consider all information presented during the meeting and will check further into the matter to such extent as his/her judgment dictates is appropriate under the circumstances. Within five (5) workdays following the date the grievance was initially presented for his/her consideration, the supervisor will orally inform the aggrieved employee and the appropriate representative of his/her findings and conclusion on the matter which formed the basis for the grievance; if it is within his/her authority to grant the corrective action sought, he/she will also orally inform the employee and the representative of his/her decision and the basis therefore.

Step 2. If the grievance is not satisfactorily settled following the supervisory response in Step 1 and the employee(s) wishes to pursue the grievance further, the grievance then must be reduced to writing (formal grievance) to the next appropriate level supervisor, within ten (10) workdays. The written grievance must be specific with regard to the time, place, names of employees, and management officials involved; the nature of the grievance; and the personal relief desired. A designated Employer official will meet with the employee(s) and the

employee's representative, discuss the grievance, and give a written answer to the employee(s) and representative within ten (10) workdays after receipt of the grievance.

Step 3. If the grievance is not settled at Step 2 the Employee(s) and the Union representative may, within five (5) workdays after receipt of the Step 2 official's reply, forward the written grievance, including a copy of all replies received from the Employer's officials, to the next level supervisor. The grievance shall specify the points the decision in Step 2 failed to resolve. The next level supervisor or his designated representative shall, within seven (7) workdays, meet and discuss the grievance. The section supervisor will have the matter investigated and render a written decision within ten (10) workdays after receipt of the grievance. If not resolved, the grievance will then be submitted to the G6. The same response times from the previous step apply to this step. If not resolved, the grievance will then be submitted to the Adjutant General.

Step 4: If a grievance is forwarded to the Adjutant General, this will be accomplished within five (5) workdays after receipt of the decision from the G6. The Adjutant General will take the actions considered necessary and will render a decision within fifteen (15) workdays after receipt of the grievance. The decision of the Adjutant General will be addressed to the grievant(s) with a copy to the Labor Organization.

Section 6-12: Employer Grievance Process:

a. Employer grievances shall be filed in writing with the Labor Organization President and Labor Organization grievances shall be filed in writing with the appropriate management official, normally not later than fifteen (15) workdays after the grievance took place or the filing party becomes aware of the events that constitute the grievance, whichever is later.

b. The management official receiving the grievance will have five (5) workdays in which to determine if he/she is the proper official to receive the grievance. If not, the official will provide the labor organization a written answer identifying the appropriate official. If the management official returns the grievance, the labor organization will be granted additional time in which to file the grievance equal to the amount of time the management official took to return the grievance. If he/she is the appropriate official, a meeting to discuss the grievance will be held within (ten) 10 workdays of filing of the grievance.

c. The grievance shall specify the basis for the grievance and the corrective relief sought. The responding party shall issue a written decision within (fifteen) 15 workdays of receipt of the grievance. If a grievance is unresolved it will be forwarded to the next higher management official within fifteen (15) workdays after receipt of the decision from the respondent. The next higher management official will take the actions considered necessary and will render a decision within fifteen (15) workdays after receipt of the grievance.

d. If a grievance is unresolved it will be forwarded to the Adjutant General within fifteen (15) workdays after receipt of the decision from the respondent. The Adjutant General will take the actions considered necessary and will render a decision within fifteen (15) workdays after receipt of the grievance. The decision of the Adjutant General will be addressed to the grievant.

ARTICLE 7

ARBITRATION

Section 7-1: General:

a. When a matter pursued through the Negotiated Grievance Procedure, Article VI, is not satisfactorily resolved, the grievance may be referred to arbitration upon written request of the Employer or the Labor Organization. The request to invoke arbitration must be submitted within fifteen (15) workdays of receipt of the decision completing the negotiated grievance procedure. Only the parties to this Agreement may invoke arbitration.

b. If either party questions the arbitrability of a matter because of alleged conflicts with applicable existing law or circumstance(s), the arbitrator will simultaneously hear the question of arbitrability and the merit(s) of the case. The arbitrator will then rule on the question of arbitrability and when applicable, the subsequent question(s) on the merits of the case.

c. Certificate of compliance with the decision of the arbitrator, if required, to include corrective action where appropriate, shall be provided to the other party as soon as practical.

Section 7-2: Selection Of An Arbitrator:

Within five (5) workdays from the date of receipt of the request to invoke arbitration the parties shall meet to jointly request the Federal Mediation and Conciliation Service to provide a list of seven (7) arbitrators. Representatives of the parties will meet within seven workdays of receipt of the list of arbitrators to select one to hear the grievance. One party will strike a name from the list and the other party will strike a name. This process will be repeated until there is but one name left, who is the person who shall be requested to arbitrate the matter. A flip of a coin will decide which party strikes first. If either party refuses to participate in the selection of an Arbitrator as stipulated above, the Arbitrator shall be selected by the other party.

Section 7-3: Official Transcripts:

The parties agree the cost of an official recording made by a certified court reporter of an arbitration proceeding shall be borne by the party requesting the court reporter. A verbatim transcript of the arbitration will be made when requested by either party, the expense of which shall be borne by the requesting party. If either parties or the arbitrator request or obtain a copy of the transcript, the cost shall be shared equally by the Labor Organization and the Employer.

Section 7-4: Fees And Expenses:

The fee and expenses of the arbitration process shall be borne equally by the Labor Organization and the Employer, except the cost associated with the presentation of the other parties' case.

Section 7-5: Hearing:

Arbitration hearings shall be held at a mutually agreed upon Virginia Army National Guard facility during the regular, scheduled workweek. Employees in a duty status that have a relevant role in the proceedings shall be excused from duty for the time necessary to participate in the hearing without charge to leave or loss of pay. However, in no event will an employee be paid overtime by reason of this participation in the hearing. Witnesses will be present only while testifying, except as otherwise agreed to by the parties.

Section 7-6: Decision:

- a. The arbitrator shall be requested by the parties to render his award as soon as possible and if at all possible, to do so within thirty calendar days.

a. Technicians will be given continuing assistance in improving areas of unacceptable performance through counseling, direct increased supervisory assistance, and additional training efforts. Such assistance is not intended as a recurring inspection of deficiencies, but as a

dedicated and cooperative effort on the part of both the supervisor and the technician to improve performance to attain a Fully Successful level.

b. If a technician's performance in the critical elements of the employee's position continues to be unacceptable, despite effort by the supervisor or management to improve said performance, the technician may be reduced in grade (demoted) or removed from employment.

Section 9-11 Appraisals of Union Officials: The time spent by union representatives in the performance of their representational duties should not be taken into account when accomplishing a performance appraisal. Rather, the performance appraisal will be based solely on performance of their officially assigned work.
