PREAMBLE

The parties to this agreement are Sheppard Air Force Base, Texas herein and hereafter referred to as the Employer, and the American Federation of Government Employees, Local 779, herein and hereafter referred to as the Union, for employees in the unit described in Article 3 of the following agreement hereafter referred to as the Employees.

WHEREAS the mutual interests will be furthered by establishing and maintaining orderly and constructive employee-management cooperation relationships. Participation of employees in the formulation and implementation of personnel policies and practices affecting them contributes to the efficient conduct of Air Force business. It is the intent and purpose of the parties hereto to promote and improve the effective accomplishment of the mission, to provide for the well-being of employees, to maintain high standards of work performance on behalf of the public, to establish a basic understanding relative to personnel policies, practices and procedures, and matters affecting conditions of employment, and to provide a means of amicable discussion for the adjustment of matters of mutual interest.

Subject to law and the paramount requirement of public service, efficient labor-management relations require a clear statement of the respective rights and obligations of the Union and the Employer.

A representational meeting prescribed by agency/activity policy or this Agreement, will be considered a formal discussion and the Union will be notified in advance of such a meeting and of its opportunity to be represented.

SECTION 5. AUTHORIZED OFFICIAL TIME: It is understood that the official time which is granted by this agreement does not include per diem, travel expenses, or overtime. The employer agrees to recognize employees who are local officials and stewards of the Union for official time purposes, when they would otherwise be in a duty status. If supervisors have any questions, they should contact the Labor Relations Officer.

a. The parties agree that the Union President and Vice President shall be granted 50% official time and the remaining eight (8) officers and stewards shall be granted 25% official time per officer/steward for representational functions per year. The overall cap shall be 6240 hours per year. The Employer may grant more official time for training if it would be mutually beneficial to both parties.

d. **PROCEDURES:** Each Official/Steward who is employed by the Employer will coordinate with their supervisor in advance regarding time to be spent on representational activities. Approval will be confirmed via email in advance when practicable or as soon as possible after the time is used. Where circumstances permit, coordination will occur at least 24 hours in advance. The Official/Steward will also indicate the type of representational activity to be conducted and the length of time he anticipates being away from his work area. If additional time is required over and above the supervisor's original approval, the Official/Steward will call to coordinate additional needs with their supervisor. If the employer determines that the Official's/Steward's presence is necessary to meet mission needs of the Employer and denies the request for official time, the supervisor will indicate when it will be granted. If release is not possible within 24 hours, the Union may assign a different representative.

(3) When a Union Representative is representing an employee in a complaint, and the representative and employee are not on the same shift, or either is on other than the regular day shift, the representative and/or employee will be provided sufficient official time on the necessary shift to investigate and meet, as appropriate. The Union will make every effort to assign a representative from the same shift.

If neither party submits a timely agenda, the meeting will be cancelled. Meetings will be conducted during regular duty hours. Emergency meetings will be arranged at the convenience of both parties involved as soon as possible after a request by either party is received. These meetings will not be used to resolve individual grievances or complaints.

SECTION 8. INTERNAL UNION BUSINESS: Internal Union business will not be conducted during the duty hours of the employees involved, nor will Official Time be used for internal business.

SECTION 9. MEMBERSHIP DEVELOPMENT: Upon request and subject to normal safety and security limitations, the Union will be granted authority to conduct two (2) membership drives of up to thirty (30) days duration each per year. These must be held before and after duty hours, during breaks, and during duty free lunch periods. Upon request, use of mutually agreeable facility locations will be provided the Union for use during the membership drives. COMMITTEES/WORKING GROUPS: Where committees, task forces or work groups are established for the purpose of ascertaining bargaining unit employee views concerning conditions of employment, the Union will be advised accordingly and be given an opportunity to designate a representative. Where such committees, task forces or working groups are established to consider changes to working conditions within the bargaining unit, the Union will be notified and given the opportunity to designate a representative, unless conversations of such group are considered to be internal management deliberations.

SECTION 11. UNION SPONSORED TRAINING SESSIONS: The Employer agrees to grant official time to Union officials and stewards for the purpose of attending Union-sponsored training sessions provided the training is of mutual concern to the Employer and the employee in their capacities as Union representatives and training is conducted within the employee's normal duty time. Official time will normally be approved unless mission requirements cannot be met during the requested training period.

SECTION 13. EMPLOYER SPONSORED TRAINING: Union officials and representatives will be authorized official time to attend mutually agreed Employer-sponsored training of concern to the Union in their capacity as representatives of the bargaining unit.

c. All changes will be held in abeyance until negotiations are completed unless the change covers one mandated by law. If, however, the change is of major importance and impacts on the mission, the Employer may implement the change after Union notification. When

negotiations have been completed, the Employer agrees to retroactively apply the change to any adversely impacted employee(s).

d. It is understood that no provisions of this agreement will nullify or invalidate the rights of the employees, Union, or Employer established under the Federal Services Labor Management Relations Statute (FSLMRS), or other laws or executive Orders, or regulations of appropriate authority.

SECTION 3. RESPONSE TIMES:

a. When the Union proposes a change in working conditions as defined by this Agreement but not specifically covered in this Agreement, the Union will notify the Employer, in writing. The Employer will have up to 10 calendar days from the date of notification to review the change and meet to negotiate.

b. When the Employer advises a change in working conditions as defined by this Agreement but not specifically covered in this Agreement, the Employer will notify the Union, in writing. The Union will respond within 7 calendar days of the intent to negotiate, unless an extension is requested and agreed upon. The Union will have up to 10 calendar days from the date of notification to review the change and meet to negotiate. If there is no request to negotiate within the time limit, the change will be implemented on the effective date by the Employer.

If agreement is not reached, the Employer will submit, in writing, an allegation of non-negotiability and include the rationale for such belief. Following the Employers determination of non-negotiability the parties may meet and give further consideration to the issue at any point in the proceedings. The Union has the right to proceed to the Federal Labor Relations Authority (FLRA) in accordance with the FLRA rules and regulations. The parties will sign off on the rest of the agreed to issues pending a decision by the FLRA on negotiability issues.

After all negotiable items on which agreement can be reached have been disposed of; the parties will again attempt to resolve any impasse. At this time, either or both parties may seek the services of the Federal Mediation and Conciliation Service (FMCS). If the services of the FMCS do not resolve the impasse, either party may seek the services of the Federal Services Impasse Panel (FSIP).

ARTICLE 9

GRIEVANCES

SECTION 1. COMMON GOAL: The purpose of this article is to provide a mutually acceptable method for prompt and orderly settlement of grievances. The parties agree that cooperative discussions of disputes should occur whenever possible and that every effort will be made to resolve disputes or grievances informally and at the lowest level of supervision. This negotiated procedure shall be the exclusive procedure for processing grievances for bargaining unit employees.

SECTION 2. SCOPE: A grievance is any complaint:

SECTION 5. REPRESENTATION: Any employee or group of employees

in the bargaining unit may file a grievance under this procedure. If Union representation is requested, it may be provided. A bargaining unit employee or a group of bargaining unit employees may file a grievance without the direct involvement of the Union. In such cases, the Union will be notified and given the opportunity to be present as an observer at any discussions, including the informal step, between the grievant and Employer concerning the adjustment of a grievance which affects the employee or other employees of the bargaining unit. To the maximum extent possible, the Employer agrees to provide space for the use of the employee and Union representative that will afford privacy for the discussion and preparation of a grievance.

SECTION 6. UNION DESIGNATION OF REPRESENTATIVE:

a. When requesting Union representation under this article, the employee will prepare and present to the Union a signed complaint form specifying the problem and the requested remedy. For each accepted complaint, the Union will designate a representative.

SECTION 7. GRIEVANCE PROCEDURES: The following procedures are established for the resolution of grievances.

a. **ALTERNATE DISPUTE RESOLUTION (ADR):** In each case before formal grievance procedures are begun, ADR may be considered through the Federal Mediation and Conciliation Service (FMCS).

b. **INFORMAL PROCEDURE:**

STEP 1. A grievance concerning a particular occurrence or act shall be presented within 15 calendar days after the date of that act or occurrence or when the employee became aware of the occurrence. The grievance will be presented in writing to the employee's supervisor or other appropriate management official who will act promptly to resolve the grievance. The supervisor will issue a response in writing within 15 calendar days after presentation of the informal grievance. If satisfaction cannot be obtained, the Union may ask for oral discussions among the Labor Relations Officer, the Union, the employee, the supervisor, and/or next higher level manager in an effort to avoid a formal grievance. These informal discussions will take place within 15 calendar days of the date of the meeting between the supervisor and the employee. If the employee is not satisfied, the employee may submit a formal grievance for consideration in accordance with the procedures set forth below. An employee must seek informal resolution of a grievance before requesting relief through the formal grievance process except in those situations described in Section 9b of this article.

c. **FORMAL PROCEDURE:**

(1) Formal grievances must be signed by the grievant(s) or the representative and must include the following data:

(i) The grievant's name, position title, grade, and organization.

(ii) A description of the basis for the grievance including, when appropriate, facts such as times, dates, names and similar pertinent data.

(iii) The personal remedy being sought.

(iv) If known, the specific section(s) of the Article(s) of this agreement or law or regulation with respect to the personnel policy, practices or other matters affecting the conditions of employment that is the subject of the grievance.

(2) Except with respect to a removal action or a compensation issue, a grievance under the negotiated procedure will be canceled at the employee's written request or upon the employee's reassignment out of the bargaining unit.

STEP 2.

(1) If an employee or group of employees is dissatisfied with the response received in Step 1, they may, within 15 calendar days, alone or with a representative, present the grievance in writing for further consideration to the Squadron Commander (or designee).

(2) The Employer will promptly furnish the Union a copy of the grievance when the Union has not been named as the representative.

(3) A meeting may be held at the request of the Squadron Commander (or designee) or employee. If the employee desires to have a meeting, the employee should request one in the written grievance. If a meeting is to be held, the Squadron Commander (or designee) should arrange such within 7 calendar days after the receipt of the grievance.

(4) The Squadron Commander (or designee) will give a written response to the grievant(s) within 15 calendar days after the date of the meeting, or if a meeting is not held, within 15 calendar days after receipt of the grievance. A copy of this response will be furnished to the Union.

STEP 3. If the grievance is not settled at Step 2, the grievant may submit the grievance in writing to the Group Commander within 15 calendar days after receipt of the Step 2 response. The Group Commander (or designee) will provide a written response within 15 calendar days.

STEP 4. If the grievance is not settled at Step 3, the grievant may submit the grievance in writing to the Vice Wing Commander for further consideration. The employee's written grievance must be submitted within 15 calendar days after receipt of the Step 3 response.

STEP 5. A grievance not satisfactorily resolved at Step 4 may be referred to arbitration in accordance with the procedures specified in the Arbitration Article in this Agreement.

If Step 2 was filed against the Group Commander, Step 3 will be bypassed and the issue will be filed with the Vice Wing Commander.

SECTION 8. UNION/EMPLOYER GRIEVANCE PROCEDURE:

Should a dispute arise between the Employer and the Union over the interpretation, application, or violation of this collective bargaining agreement the complaining party will give the other party written notification of the issue in dispute. to which they are reassigned, unless extenuating circumstances exist and a modification of qualification requirements is made.

SECTION 7. NON-COMPETITIVE RE-PROMOTION: Employees who have previously held a higher-graded position on a permanent basis under a career or career-conditional appointment may be non-competitively promoted up to the highest grade formerly held if the employee meets all requirements for promotion. Employees may self-nominate for positions in USAJOBS that meet this criteria.

SECTION 8. DETAILS AND TEMPORARY PROMOTIONS:

a. Placement of an employee into a new position will be in accordance with this Article. A detail is the temporary assignment of an employee to duties not within their job description. A detail does not change the employee's official title, grade, or pay rate.

b. Details should be consistent with employee qualifications and skills, and without discrimination or personal favoritism. Details should not be used as forms of reward or punishment. Repeated renewals of details, an excessive number of details and prolonged period of details are discouraged.

c. Details in excess of 30 continuous days will be recorded on Standard Form 50 for inclusion in the employee's official personnel folder. Any detail less than 30 continuous days will be recorded on AF Form 971.

d. Normally, a temporary promotion instead of a detail will be made when:

(1) The employee is fully qualified for promotion; and,

(2) The assignment to a higher graded position is expected to last for 120 days or more.

e. In assigning details, the Employer will consider the employee's personal circumstances.

f. Attempts to resolve employee's dissatisfaction concerning details will include informal discussions between the appropriate supervisor, employee, and Union representative upon request by any of the above parties.

SECTION 9. MANDATORY PLACEMENT: Mandatory placement will be given to employees in accordance with Article 32, Reduction in Force (RIF). Employee declination of an offer at an intervening grade results in termination of consideration at grade level declined and below. If an intervening grade level offer is accepted, mandatory selection for promotion to the former grade will continue.

SECTION 10. WITHIN GRADE INCREASE (WGI): Employee within grade increase shall be awarded when the employee has:

- a. Met the waiting period requirement;
- b. A successful performance rating, and
- c. Not received a promotion during the period.

When the employee has met all of the above requirements and fails to receive their within grade increase due to oversight, error, or delay, the increase shall be granted retroactive to the date due.

ACTIONS BASED ON UNACCEPTABLE PERFORMANCE

SECTION 1. COUNSELING TO IMPROVE DEFICIENT PERFORMANCE

Supervisors should counsel employees about specific performance deficiencies as soon as they arise, document same in the Employee Work Folder (EWF/AF Form 971), and offer appropriate assistance to ensure they meet standards outlined in their position description (core document).

SECTION 2. NOTICE OF OPPORTUNITY TO IMPROVE PERFORMANCE

a. If at any time an employee's performance does not meet standard(s) in one or more duties, the supervisor will afford the employee, in writing, an opportunity to demonstrate acceptable performance. The notice of opportunity to improve performance will inform the employee:

(1) of the specific instances of unacceptable performance by the employee on which the proposed action is based;

(2) of the duty/duties and performance standard(s) of the employee's position involved in each instance of unacceptable performance;

(3) of a reasonable time, minimum of sixty (60) days (except for positions involving life, health and safety), based on the work requirements of the unit and the nature of the employee's duties and responsibilities, in which to meet performance standards;

(4) how the work supervisor will assist the employee in that effort;

(5) what the employee must do to bring performance to an acceptable level in the period; and

(6) that the employee's performance will be reviewed periodically; normally weekly.

b. During the improvement period, the employee will be given the opportunity to work on those portions of the job that are unacceptable, but not to the exclusion of other work assignments.

SECTION 3. ACTIONS BASED ON UNACCEPTABLE PERFORMANCE

a. An employee may be reassigned, demoted, or removed from the Federal service because they do not meet standard(s) in one or more duties. A decision for such action may be based on instances of unacceptable performance which occurred within a one year period ending on the date of the notice of proposed action.

b. When proposing to take an action under 5 CFR Part 432, the following procedures will be followed:

(1) a 30 calendar day advance notice of the proposed action;

(2) a charge of unacceptable performance. The description of the charge must identify each unacceptable duty and accompanying standard(s) of the employee's position description (core doc) and the specific instances of unacceptable performance by the employee on which the proposed action is based.

(3) ten calendar days to answer the notice of proposed action orally and/or in writing, after receipt of documents under (5) below

(4) representation by a Union or other representative of their choice.

(5) copies of documents relied upon to support the charge; and

(6) a final written decision on the proposal which;

(a) in the case of reduction in grade or removal, specifies the instances of unacceptable performance by the employee on which the reduction in grade or removal is based; and

(b) addresses the efforts that were made to rehabilitate the employee.

c. The decision to take the action must be concurred on by a supervisor (reviewing official) who is in a higher position than the supervisor (rater) who proposed the action, unless proposed by the Squadron Commander or equivalent. The deciding official will be an individual who was not involved in directing the action or did not attend meetings where such a decision was made.

d. The employee will be notified, in writing, when it is decided to cancel the proposed action.

e. A performance-based action may also be taken under 5 CFR, part 752.

EQUAL OPPORTUNITY

SECTION 1: Discrimination in personnel management is prohibited by several Federal laws. These include:

- Race, color, religion, sex, or national origin, as prohibited under Title VII of the Civil Rights Act of 1964.
- Age, as prohibited under the Age Discrimination in Employment Act.
- Handicapping condition, as prohibited under the Rehabilitation.
- Marital status or political affiliation, as prohibited under any Federal law, rule or regulation
- Sexual orientation, gender identity, parental status, and disability, as prohibited by Executive Order 11478.
- Pregnancy, childbirth, or a medical condition related to pregnancy or childbirth, as prohibited by the Pregnancy Discrimination Act (amendment to Title VII of the Civil Rights Act of 1964).

It is the Employer's policy that total personnel management be accomplished in a manner that is free from discrimination and to provide equal opportunity for all applicants and employees.

The GOAL is to provide a work environment where all civilian personnel can participate and advance to their highest potential and be judged on individual merit.

SECTION 2. SEXUAL HARRASSMENT: Sexual Harassment undermines the integrity of the employment relationship. All employees are entitled to work in an environment free from unsolicited and unwelcomed sexual overtures.

Sexual Harassment is a form of sex discrimination that involves unwelcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- a. submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of a person's job, pay or career, or
- b. submission to or rejection of such conduct by a person is used as a basis for career or employment decisions affecting that person, or

c. such conduct interferes with an individual's performance or creates an intimidating, hostile, or offensive environment, or

d. any person in a supervisory or command position uses or condones implicit or explicit sexual behavior to control, influence or affect the career, pay or job of a civilian employee, or

e. any military member or civilian employee makes deliberate or repeated unwelcomed verbal comments, gestures, or physical contact of a sexual nature.

SECTION 3. TRAINING: Nominations and selections of employees for training, career development programs, courses and seminars will be made without discrimination.

SECTION 4. DISCIPLINARY ACTION: Prohibited discriminatory practices by anyone may be subject to disciplinary or corrective action.

SECTION 5. MUTUAL CONCERN: During Labor Management Forum meetings, Employer and Union will, as necessary, discuss matters that contribute to the full elimination of procedures or practices that may result in discrimination.

SECTION 6. EEO COMPLAINTS: Employees may grieve an act of discrimination in employment under the negotiated grievance provisions or through the Agency's EEO program under Equal Employment Opportunity Commission rules by filing an EEO Complaint, but not both.

a. The first filing of either a written grievance under the negotiated grievance procedure or a formal EEO complaint will be a firm election of the complaint process.

b. Complainant must contact an EEO counselor within 45 calendar days of the triggering event in order for the complaint to be timely.

SECTION 7. REPRESENTATION: An employee may designate a representative for assistance in the Complaint process.

a. A person filing an EEO complaint under the negotiated grievance procedure should refer to Article 9, Grievance, for guidance in securing representation.

b. If the complaint is filed under EEO Commission procedures then the complaint may either represent himself or designate any employee or person to assist as his personal representative. The initial designation and any changes in representation must be made, by the complainant, in writing to the Chief EEO Counselor, Investigator, or DOD Office of Complaint Investigation. If selected, an employee may decline to serve as a representative. When the representative for either party in the complaint process is an attorney, the other party will be notified.

SECTION 8. OFFICIAL TIME:

a. **NEGOTIATED PROCEDURES:** Official time will be granted employees in accordance with Article 6, Section 6, Authorized Official Time, of this Agreement when an issue has been filed under negotiated procedures.

b. **EEOC PROCEDURES UNDER 29 CFR 1614:** Official time will be granted to a personal representative appointed under the EEO complaint procedure in accordance with 29 CFR 1614.605.

ARTICLE 26

HOURS, LOCATION AND TOUR OF DUTY

SECTION 1. STANDARD WORK WEEK:

a. **WORK WEEK:** The standard work week and tour of duty is 0730-1630, Monday through Friday, unless mission requires a different workweek or the employee is on an approved alternative work schedule.

b. **NOTIFICATION OF WORK HOUR, LOCATION AND TOUR OF DUTY CHANGES:** The Employer will notify the Union in accordance with Article 8, Section 3, of permanent changes in tour of duty, permanent change of duty location, or changes to different hours of duty, unless the mission would be seriously handicapped in carrying out its functions or costs would be substantially increased. The Union may negotiate the implementation when the Employer either establishes a new basic workweek or makes substantial changes to one in existence. The Union agrees to support the Employer in emergency situations concerning changes.

SECTION 2. SHIFT AND TOUR WORK:

For employees not on a Standard work week, supervisors will post (physically or digitally) or distribute copies of work schedules, to include five (5) consecutive work days, no later than fourteen (14) days prior to the first day of the duty week. The notice should include employee's name, work hours, location, etc. When it is determined that the agency would be seriously handicapped in carrying out its functions or that costs would be substantially increased, then the change of shift will be given to the employee(s) as soon as the need is known.

a. **ROTATIONAL SHIFTS:** When the employer uses shifts to accomplish the mission, rotational changes should coincide with the established duty free days. Rotational changes should not occur more frequently than 40 hours of scheduled work, unless dictated by mission necessity.

b. **SHIFT ASSIGNMENTS:** Shift assignments will normally depend on skill needs from qualified volunteers. If there are not enough volunteers, then assignments will be made on a rotational basis from a list of employees who are qualified, in reverse order of seniority.

Impairment of health, religious obligations or practices, and hardship will be considered and weighed against operational needs.

c. **WEEKEND DUTY:** Weekend duty should be rotated among all qualified employees.

d. **TWENTY-FOUR HOUR SHIFTS:** Shifts for employees who work twenty-four hour tours of duty consist of work time, standby, and sleep. During standby time and within the confines of the base, employees will be permitted to utilize appropriate on-base recreation and rest provided it does not interfere with their response to mission calls.

e. **KELLY DAYS (FIREFIGHTERS ONLY):** Regular Kelly days may be exchanged by employees as long as the days are within the pay period and a timely request is made to the appropriate supervisor in advance and mission requirements on the requested days are met.

SECTION 3. ALTERNATIVE WORK SCHEDULES (AWS): Work schedules made up of flexible or compressed schedules as defined by Office of Personnel Management (OPM) “Handbook on Alternative Work Schedules.”

a. It is understood that the Employer is authorized by law and regulation to establish an AWS. The determination to participate in an AWS will be made by the Group Commander for their group or any part of the group. The reasons for not participating in an AWS will be based on adverse impact. The parties recognize that an AWS will give employees greater control of their time, the ability to balance work and family responsibilities better, and take advantage of educational opportunities.

b. Adverse impact is defined as:

- (i) reduction of the Employer’s productivity;
- (ii) a diminished level of services furnished to the public; or
- (iii) an increase in operations cost (other than an administrative cost to process the establishment of an AWS program).

c. Employees may submit written requests to their immediate supervisor to participate in an AWS to be considered by the Group Commander. Attempts to accommodate the employees’ requests should be made absent an adverse impact on the group mission or any other group’s mission.

d. **IMPLEMENTATION AND EXECUTION OF AN AWS:** If the Group Commander establishes an AWS within their group or any part of the group, the Employer shall:

(1) Notify the Union of the establishment an AWS (and its parameters) in the group as of implementation.

(2) Notify the employees of the decision to establish an AWS, the start date of the AWS implementation, the type of OPM defined AWS being implemented, and all parameters of the AWS (work week, core hours, tour of duty, lunch hour, etc.).

Additionally;

(1) Terms of the AWS should be annotated on the 971 in the Employee's Work Folder and signed/dated by the supervisor and employee.

(2) Disputes over days off and reporting time between employees will be settled initially by seniority and then by rotation thereafter. However, workload consideration will be the overriding factor.

(3) Regular break days may be exchanged by an employee as long as the days are within the pay period and a timely request is made to the appropriate supervisor in advance and mission requirements on the requested days are met.

(4) Employees participating in an AWS will normally remain on the plan elected for a minimum period of (120) days. An attempt should be made to accommodate an individual's request for an exception to this rule on a case-by-case basis.

(5) An employee and the Union will be notified of any modifications to the parameters of an employee's AWS in accordance with Article 8, Section 3.

(6) An employee on a temporary duty (TDY) assignment will follow the work schedule used at the temporary work site.

e. **TERMINATION OF AN AWS:** If the Group Commander determines that a flexible or compressed work schedule has had or would have an adverse impact on the group, or any section within the group, the Group Commander will notify the employee and the Union of their decision to terminate the existing AWS prior to taking any action.

SECTION 4. TELEWORK: May be available to employees in accordance with applicable guidance.

SECTION 5. LUNCH PERIODS:

a. **DUTY FREE LUNCH PERIOD:** The lunch period, when an employee is entirely free of duties, is not considered duty time for which compensation is paid. It will normally not exceed one hour and should be scheduled sometime around the midpoint of the shift (except where not possible due to Enhanced Training Day [ETD]). Should unusual circumstances prevent the normal observance of a lunch period, the employer will arrange for a substitute to relieve the affected employee.

b. **PAID LUNCH PERIOD:** Where there is more than one (1) 8-hour shift in a 24-hour period and an overlapping of shifts to permit time off for lunch is not possible, employees should

be authorized an on-the-job lunch period of 20 minutes. On-the-job lunch periods require that employees spend their on-the-job lunch at or near their work stations. Under these conditions, the time covered by the 20 minute on-the-job lunch period is compensable. The Employer, subject to availability of facility space, will provide a clean, suitable break or lunch area within the work section when employees are prevented from leaving their immediate work area for lunch or breaks.

SECTION 6. REST BREAK: For those employees who are unable to take a short break, as needed, a fifteen minute rest period for each four (4) hours of continuous work may be allowed. In formal training environments, rest breaks may vary to coincide with training schedules.

SECTION 7. RELIGIOUS OBSERVANCES: When requested in advance, an employee may be granted short periods of approved leave or leave without pay (LWOP) in order to observe religious holidays.

ARTICLE 27

LEAVE

SECTION 1. ANNUAL LEAVE: The following principles shall be followed in scheduling and taking annual leave:

a. Each employee will submit a proposed schedule of leave to be taken during the year to the supervisor prior to the end of January. The employer, or its designee, will prepare a tentative leave schedule not later than 15 February of each year for the employees, de-conflicting duplicate requested dates by seniority. Other leave dates requested during the year that conflict will be approved in the order in which received. The leave schedule will be re-verified by 30 August to ensure that all employees are given an opportunity to use annual leave.

1. Determination as to the time and amount of annual leave which is granted generally should be on the basis of mutual agreement between the employee and immediate supervisor. To the extent permitted by work conditions, each employee will be allowed to schedule an extended period of leave for vacation purposes.

2. Employees are responsible for ensuring that all use or lose leave is scheduled. The leave schedule must provide for all employees to take all leave which would otherwise be forfeit at the end of the leave year. An employee may be expected to use their annual leave as scheduled; however, if this is not possible (because of work related reasons or personal reasons), the Employer and employee will reschedule use or lose leave to avoid forfeiture.

b. Annual leave is subject to prior approval by the immediate supervisor. Application for leave and its approval is made in the electronic leave system.

c. An employee requiring unscheduled annual leave will notify the supervisor prior to the start of the scheduled duty day, under most circumstances, or within two hours after the beginning of duty time on the first day of absence. Requests for unscheduled leave should be granted unless precluded by work circumstances. Employees are responsible for keeping unscheduled leave requests to a minimum.

d. The minimum charge for annual leave is fifteen (15) minutes.

e. In the case of transfer of an employee from one organizational element to another, the Employer will give every possible consideration to approve previously scheduled leave.

SECTION 2. SICK LEAVE:

a. Sick leave is earned in accordance with appropriate directives. Normally medical certification will be required for approval of sick leave for an absence in excess of three (3) days.

1. Employees may use sick leave for medical, dental, or optical appointments and when incapacitated for duty due to sickness, injury, and pregnancy.

2. Sick leave may also be granted an employee that has been exposed to a contagious disease or the illness of a member of the immediate family with a contagious disease. This type of absence requires supporting medical documentation regardless of the length of the absence (Family Medical Leave Act of 1993 and Family Friendly Sick Leave Act of 1994).

b. The Union acknowledges its obligation to promote the proper use of sick leave among employees. However, when an employee is suspected of abusing sick leave, the employee should be counseled concerning the abuse and that abuse may be subject to disciplinary action. The employee may be required to furnish medical documentation that must be administratively acceptable to the Employer. If the situation improves, the requirement may be removed at any time; however, it will be reviewed at least every six months to determine if sick leave abuse has continued prior to extending the need for a doctor's certification.

c. Prolonged Absence. In cases of prolonged absence due to illness, a medical certification from the attending physician must be submitted at intervals of one (1) month unless the initial certificate specifies the length of time the employee will be incapacitated.

d. A maximum of 30 days sick leave may be advanced to an employee in cases of serious illness or disability, including pregnancy, in accordance with applicable regulations.

e. Minimum charge for sick leave is in fifteen (15) minute increments.

f. The parties recognize that the death of a spouse, child, parent, or other close member of the immediate family may result in the incapacitation of the employee and the use of sick leave is appropriate (Family Friendly Sick Leave Act of 1994).

g. Employee or a responsible person acting for the employee will, under appropriate circumstances, contact the proper leave approving official within two hours after the beginning of the employee's normal tour of duty.

h. Sick leave for scheduled medical examinations and appointments will be requested in advance of the required date.

SECTION 3. LEAVE FOR PARENTAL AND FAMILY RESPONSIBILITIES:

a. Absences due to pregnancy may be charged to annual, sick, or LWOP or any combination thereof. Charges to sick leave are authorized only when the conditions of Section 2 above are met.

b. The Employer recognizes that new parents may need time to adjust to a new family member, develop relationships, and provide for additional responsibilities. To assist employees in meeting these needs, the employer will give due consideration to requests for annual, sick leave, or leave without pay when related to the birth or adoption of a child.

SECTION 4. LEAVE WITHOUT PAY (LWOP): LWOP is a temporary non-pay status and absence from duty which may be granted. LWOP will be administered in accordance with current policy and guidance. Except for exceptions specified in law (disabled veterans requiring medical treatment, reservists and National Guardsmen, and injury compensation recipients), employees are not entitled to be granted LWOP as a matter of right.

SECTION 5. EXCUSED ABSENCES: Excused absences are treated as time worked for all purposes, except that the employee is excused from his regular assigned duties. Excused absences will be granted under the following circumstances:

a. Blood donations: Time may be granted for the employee to donate blood, plus time for travel, up to four (4) hours.

b. For voting in Federal, state and local elections an appropriate amount of excused absence time may be granted when the polls are not open either three (3) hours before or after the regular duty hours of an employee.

c. Court attendance as a witness in the employee's official capacity or serving as a witness where the agency or the United States is a party, in compliance with applicable regulations.

d. Supervisors may approve brief periods of absence up to fifty-nine (59) minutes.

e. Attendance at officially sponsored unit activities is considered duty time. Employees who do not attend may elect to remain in the work place on duty or take leave.

f. Other excused leave may be granted at the Employer's discretion.

SECTION 6. ADMINISTRATIVE DISMISSAL:

Group dismissal or closure may be necessary due to severe environmental disturbances, such as floods, snow or ice storms, tornados, etc. In such situations the Employer may grant excused absence for limited periods. The Employer recognizes that there may be cases of natural disasters that require employees be released from their duties to attend to the damage or destruction of their homes.

SECTION 7. COURT LEAVE: Court leave is leave of absence from duty without loss of pay or charge to annual leave to perform jury duty in a Federal, state, or municipal court or to serve as a witness for the United States, a state, or local government.

a. Employees excused for court duty when one or more hours remain in the workday are expected to return to duty unless extenuating circumstances (distance from home, duty station, court, etc.) make returning impractical.

b. Employees will present a copy of their summons to court service to their supervisor immediately upon receipt. Upon completion of court duty, employees will obtain a Certificate of Service from the court clerk and deliver it to their supervisor with a copy to the civilian payroll office.

ARTICLE 28

SURVEYS AND QUESTIONNAIRES

SECTION 1. ADVANCE COPY TO UNION: Employer shall have the right to conduct surveys and/or distribute questionnaires. Except in cases beyond the control of local authorities, union will be provided an advance copy of surveys and questionnaires prior to distribution.

SECTION 2. DUTY TIME/VOLUNTARY SURVEYS: Surveys and questionnaires will be conducted on employee's duty time. Employees will not be disciplined for refusal to participate in a voluntary survey or questionnaire.

SECTION 3. CONFIDENTIALITY/EQUIPMENT: Individual employee response will be confidential, unless the parties agree otherwise. Employer agrees to make a government computer available to any bargaining unit employee who does not otherwise have one for the purposes of taking an agency or agency-sponsored survey or questionnaire, provided such survey or questionnaire is to be completed electronically.

SECTION 4. SURVEY RESULTS: The results of surveys and questionnaires, irrespective of whether in-house or third party, will be shared with the Union and bargaining unit employees as soon as possible after completion.

ARTICLE 29

AIR FORCE PERSONNEL ACCOUNTABILITY AND ASSESSMENT SYSTEM

SECTION 1. CONTACT: If and when the situation arises, Employer will endeavor to contact employees to share information about inclement weather leading to base closure, emergencies, or other real world disasters using the Air Force Personnel Accountability and Assessment System (AFPAAS). To facilitate that effort, Employer and the Union encourage employees to register, update, and verify the currency of their contact information in AFPAAS when asked to do so by Employer during duty hours. In addition to phone numbers, contact information may also include location of employee, identity of family members, and their location for the purpose of immediate assistance.

SECTION 2. SAFEGUARDING INFORMATION: Employer agrees to safeguard contact information provided by bargaining unit employees and protect its release in accordance with the terms of the Privacy Act.

SECTION 3. EQUIPMENT: Employer agrees to make a government computer available to any bargaining unit employee who does not otherwise have one for the purpose of logging into AFPAAS to register, update, and/or verify their contact information.

ARTICLE 30

OVERTIME

SECTION 1. ASSIGNMENT OF OVERTIME: The assignment of overtime work is a function of management, and management officials are required to keep overtime work to a minimum consistent with the accomplishment of the Employer's mission. Therefore, supervisors are expected to assign overtime work in such a way as to accomplish work as efficiently and expeditiously as practicable. In no case will overtime be assigned to any employee as a reward or punishment. The assignment of overtime work should be kept to a minimum.

SECTION 2. EMPLOYEE ASSIGNMENT: As a general rule, first consideration for overtime will be given to those qualified employees who are currently assigned to the job. Second consideration will be given to those other employees in the skill area who are best qualified to do the job where the overtime is required. In keeping with these considerations, overtime work will be accomplished by volunteers in the appropriate skills required, as far as practicable.

a. In the event an employee does not desire to work overtime, the Employer will attempt to accommodate the employee's request to be excused from overtime work provided that another qualified employee is available for the overtime. If an employee has a scheduled vacation, he should not be required to work overtime unless he volunteers or it is necessary for the employee to perform the duties required and no one else is available.

b. Prior to assigning mandatory Sunday overtime, the Employer will seek qualified volunteers.

c. Employees will be given as much advance notice as possible, normally, at least one week in advance.

d. If an employee is required to work overtime due to the unexpected absence of another employee scheduled to work the shift immediately following that shift, that employee will be relieved as soon as possible, if there is a qualified and available substitute to take the employee's place.

SECTION 3. COMPENSATION: Overtime worked will be compensated in accordance with the Fair Labor Standards Act (FLSA), applicable laws, and/or regulations. All employees are entitled to overtime compensation for work authorized and approved by the Employer which is in excess of the normally assigned work shift per day or normally assigned workweek. An employee will be neither compelled nor permitted to work overtime without being provided compensatory time off, credit hours or paid overtime. The parties agree that duty free lunch periods during an overtime assignment are not compensable.

a. Employees who are classified non-exempt under the FLSA should not perform work outside normal working hours unless specifically ordered or authorized by the Employer to do so. If the Employer suffers and permits these employees to work overtime, they must be granted compensation in accordance with law.

b. All employees called in or scheduled to work outside of, and unconnected with their basic workweek, are entitled to a minimum of two (2) hours overtime pay.

c. Employees will not be assigned work to take home without compensation.

d. Employees will be compensated for any partial hour worked in increments of fifteen (15) minutes.

SECTION 4. COMPENSATORY TIME: Compensatory time should be used within 26 pay periods after it is earned.

SECTION 5. RECORDS: Overtime records will be maintained for two (2) years and will be readily available to provide the Union necessary and pertinent information concerning overtime hours worked to aid in resolving alleged inequities in overtime distribution.

SECTION 6. TRAVEL: Travel will normally be scheduled during an employee's regular tour of duty. Employees will be paid for travel during regular duty hours on non-duty days to the extent allowed by law and regulation.

SECTION 7. ON CALL: Designated employees are on notice that, if mission needs dictate they may be required to report for duty during their normal off-duty time. In these situations, the

employees are not required to remain at a designated official duty location or their living quarters, but may be required to leave a telephone number where they may be reached, or carry an electronic device for the purpose of being contacted and remain within a reasonable call-back radius of the official duty location. As circumstances may dictate, the designated on-call employee is allowed to make arrangements such that any work that may arise during this on-call period will be performed by another person. Under these conditions, the hours during the on-call period are not hours of work. Employees required to report for duty are compensated according to the applicable pay and overtime rules, but not less than two (2) hours minimum.

SECTION 8. TELEPHONE CONSULTS: Employer contact with an off-duty or on-call employee does not trigger compensation unless such contact results in actual work performance by the employee in their principal activities. A telephone consult with an off-duty or on-call employee to address a principal activity triggers overtime payment in 15-minute increments.

ARTICLE 31

DISCIPLINARY AND ADVERSE ACTIONS

SECTION 1. GENERAL

a. Maintaining discipline is not normally a problem in work environments where reasonable rules and standards of conduct and performance are clearly communicated and consistently enforced; where supervisors set a good example; where aspects of conduct and performance needing improvement are identified in a way that respects the employee's dignity; where employees are treated fairly and are encouraged to improve; and where good performers are recognized. Constructive discipline is preventive in nature and seeks to develop, correct, and rehabilitate employees; to encourage their acceptance of appropriate responsibilities; and to prevent, if possible, situations where there is no alternative but to penalize.

b. For the purposes of this agreement, counseling sessions conducted by management officials with unit employees; or entries on the AF Form 971 recording such counseling; or letters of counseling or warning are not considered to be disciplinary actions. AF Form 971 entries and letters of a derogatory nature will be discussed with the affected employee(s). The employee will be given an opportunity to initial and date the derogatory information. The employee's initials will signify knowledge of, not necessarily concurrence with, the information. Employee rebuttal information can be placed into the AF Form 971 when disciplinary and/or derogatory entries are annotated on this form.

SECTION 2. PRE-PROPOSAL ACTIONS

a. When the supervisor becomes knowledgeable of a possible or actual infraction of the Employer's rules of conduct, the supervisor may, at their discretion, discuss the matter with the employee and/or investigate. Such discussion, where applicable, shall be accomplished

informally and in private with the employee(s) involved and the employee representative, if requested by the employee. The Employer reserves the right to cancel the investigatory interview once the employee has requested union representation. A decision by management to cancel an interview on this basis need not be justified in any way, and the Employer may proceed with its investigation and/or disciplinary action on the basis of information from other sources.

b. Disciplinary or adverse actions will normally be initiated within sixty days (60) after the incident in question or within sixty days (60) after the Employer knew or reasonably should have known of the incident. In cases where disciplinary or adverse actions may be taken based upon formal investigative or civil actions generated at the Commander's level or third party, the period may be adjusted accordingly. If a delay in affecting the action beyond this time limit is anticipated, the Employer will inform the employee in writing of the reasons for the delay.

SECTION 3. ORAL ADMONISHMENTS: An oral admonishment is an informal disciplinary discussion between the Employer and an employee in which the employee is informed that they have been disciplined by receipt of an oral admonishment. The Employer will inform the employee of the reason for the admonishment and the facts that lead the Employer to the conclusion that the action is warranted. Oral admonishments will be recorded on the AF Form 971 and the employee will be afforded the opportunity to acknowledge by initialing the entry. The employee's initials will signify knowledge of, not necessarily concurrence with, the annotation.

SECTION 4. DISCIPLINARY ACTIONS

a. Letters of Reprimand. A letter of reprimand is a formal disciplinary letter. An employee who is issued a written reprimand is entitled to the specific reasons for the reprimand and the copy of the complete case file upon issuance of the notice.

b. Suspensions of fourteen (14) days or less. An employee against whom a suspension of 14 days or less is proposed is entitled to:

(1) a written proposed notice stating the specific reason(s) for the proposed action and a copy of the complete case file upon issuance of the notice;

(2) fourteen (14) calendar days to answer orally and in writing and to furnish affidavits and other documentary evidence in support of the answer. This period may be extended upon written request by either party;

(3) representation by the Union or another individual of their choosing (with certain restrictions);

(4) the right to review the material which is relied on to support the reason(s) for actions given in the notice; and,

(5) a written decision. The written decision will inform the employee of the right to grieve the action under the negotiated grievance procedure.

SECTION 5. ADVERSE ACTIONS: Adverse actions will be effected in accordance with applicable laws, rules, and regulations, and according to the following procedures. An employee against whom an adverse action is proposed is entitled to:

a. a thirty (30) calendar day advance notice stating the specific reasons for the proposed action. The thirty (30) calendar day advance notice is not required if there is reasonable cause to believe the employee has committed a crime for which a sentence of imprisonment may be imposed and except for furloughs due to unforeseeable circumstances;

REDUCTION IN FORCE (RIF)

SECTION 1. GENERAL:

a. A "reduction-in-force" occurs when the Employer releases an employee from his or her competitive level by separation, demotion, furlough for more than 30 days, or reassignment requiring displacement because of lack of work or funds, reorganization, change to lower grade based on reclassification of an employee's position due to erosion of duties when such action will take place after the Employer has formally announced a reduction-in-force will take effect within 180 days, or when the need to make a place for a person exercising re-employment rights requires the Employer to release the employee. Reduction-in-force procedures do not apply to the return of an employee to his or her regular position following a temporary promotion or to the release of a re-employed annuitant. Reductions-in-force do not include the reclassification of a position resulting in a downgrade other than as provided in 5 CFR Part 351 or appropriate regulations.

b. Reductions-in-force will be conducted in accordance with 5 CFR Part 351 or appropriate regulations.

SECTION 2. STATEMENT OF PRINCIPLES

a. When the Employer becomes aware of the necessity to conduct a reduction-in-force, it will attempt to minimize the adverse effect on bargaining unit employees through appropriate means as reassignment, attrition, and positive placement efforts.

b. Where possible and practical, any reduction in personnel will be attained through normal attrition and/or by assignments to vacant positions for which the employees are qualified and eligible.

c. When a date is established for issuance of a specific notice of reduction-in-force, the Employer will consider placement opportunities for all RIF or possible RIF employees prior to utilizing outside recruitment and competitive promotion actions to fill vacant positions. Placement from these sources will be made only if it is determined that the intended applicant or promotion eligible has skills or abilities not available from current employees who have been (or will be) adversely affected by RIF.

SECTION 3. NOTIFICATION: The Employer and the Union share the common purposes of minimizing adverse impact on bargaining unit employees affected by any reduction-in-force, and of accommodating the administrative needs of the Employer.

a. The Employer will use every good faith effort to notify (in writing) the Union of any reduction-in-force at the earliest possible date in order to negotiate the impact and procedures for

implementation of the reduction. Attendant to the circumstances of the situation prior to the effective date, the period of notice to the Union will be at least 30 calendar days before the notice to the employees or the earliest possible time, whichever provides the most advance notice.

b. Affected employees will be notified in writing at the earliest possible date but not less than 60 calendar days prior to the effective date.

SECTION 4. DOCUMENTATION: Following notification of a reduction-in-force, the Employer shall furnish to the Union, all relevant and available documents or information concerning the reduction-in-force, subject to any limitations mandated by law.

SECTION 5. EFFECTIVE DATES The Employer shall provide a specific written notice to each employee affected by the reduction-in-force. The notice shall state specifically what action is being taken, the effective date of the action, the employee's total credit for retention, extra retention credit for performance, the competitive level, and competitive area. It shall state why any lower standing employee is retained in his or her competitive level. An extra copy of this notice will be given to the employee should he desire to have Union representation.

SECTION 6. PERSONNEL FILES: The Union and Employer will jointly encourage each employee to see that his personnel file and SF-171 are as up-to-date as possible as soon as the RIF or reorganization is announced. The Employer will add to the personnel file appropriate changes or amendments the employee provides. The Official Personnel File, to include the SF-171, will be used to match employees with vacancies.

SECTION 7. OFFER OF POSITION

a. The Employer shall make a best offer of employment to each employee adversely affected by the reduction-in-force consistent with 5 CFR Part 351 or appropriate regulations. An offer, if made, shall be to a position with either no reduction in grade or pay, or with the least reduction possible in consideration of positions available, employee qualifications, and the retention standing of other competing employees.

b. Employees being reassigned or demoted by reduction-in-force may, within the specified time period for reply, request in writing, assignment to a vacant position at the same or lower grade with any pay retention to which they may be entitled. Any such request shall be answered in writing within fifteen (15) workdays.

c. Trainee positions will be filled at the full performance level to provide positions for employees who may be adversely affected.

SECTION 8. RESPONSE TO OFFER Employees shall respond to an offer of employment to another position in writing within the specified time period after receipt of a written offer. Failure to respond within the specified time period shall be considered a rejection of the offer. The specified time period for an employee's response will be ten (10) workdays.

SECTION 9. COMPETITIVE LEVELS AND RETENTION REGISTERS: The Employer shall establish competitive levels and retention registers in accordance with applicable laws and regulations. A Union official and the affected employee shall have the right to review competitive levels and retention registers as may be applicable to the employee. All information pertaining to a reduction-in-force shall be maintained by the Employer for one (1) year following the effective date of the reduction-in-force.

SECTION 10. SEPARATION:

a. The Employer shall strive to find employment in other Federal agencies within the commuting area for employees who are identified for separation through reduction-in-force. Employees for whom no positions are found will be counseled by a representative of the Employer (AFPC) on the benefits to which they may be entitled, including information concerning early retirement with discontinued service annuity, where applicable. Re-employment lists shall be established for employees who cannot be retained.

b. In a RIF, the Employer will contact the appropriate State Employment Service to obtain available information of training programs for which affected employees may be eligible, and inform them how they may apply.

SECTION 11. WAIVER OF QUALIFICATIONS: When the Employer (HR) is unable to offer an assignment, the Employer (supervisor) may waive qualifications of a vacant position, which does not contain selective placement factors for an employee who will be separated due to RIF. This is provided the Employer (supervisor) determines the employee is able to perform the work of the position within 90 days of placement in the organization, and the employee meets OPM minimum requirements.

SECTION 12. INFORMATION TO EMPLOYEES: Upon request, the Employer shall provide information needed by employees to understand fully the RIF and how and why they are affected. The Employer shall provide equitable treatment for all employees and make every effort to retain status employees during a reduction-in-force.

SECTION 16. OUT PLACEMENT:

a. The Employer agrees that in the event of a RIF, adversely affected employees may be registered in the Department of Defense Priority Placement Program and any other Federal placement program in accordance with applicable policies and procedures. The Priority Placement Program shall be maintained to minimize adverse effects on employees.

b. Employees possessing skills in more than one area will designate those areas in which they wish to be matched for consideration for vacancies in the Priority Placement Program, Reemployment Priority List, or other federal placement programs.

SECTION 9. After completion of studies, the Employer will provide the Union with appropriate information on decisions affecting unit employees. This includes information on decisions to keep the function in-house or to contract it out.

b. Employees who are adversely affected by the decision to contract out will be advised of their rights pertaining to the right of first refusal, reduction-in-force (RIF), and severance pay.

SECTION 12. The Employer recognizes the "right of first refusal" which provides that the contractor will grant affected employees, displaced by direct result of contracting out, the right of first refusal of employment openings created by the contractor.
