SECTION 4.12: FULL-TIME COUNCIL REPRESENTATIVES AT AIR FORCE MATERIEL COMMAND HEADQUARTERS

100 percent official time is provided for three union representatives at AFMC headquarters. One of these positions is reserved only for the AFGE Council 214 President, if he/she is assigned to an activity other than WPAFB Ohio. Such official time will be used by the Council President for the performance of council level representational duties while at HQ AFMC, WPAFB Ohio, unless otherwise mutually agreed between the Council 214 President and the Executive Director, HQ AFMC. These representatives are required to report to their work site at the beginning and end of each workday unless other arrangements are agreed to in advance. blocks of official time. Otherwise, representational official time will be granted under section 4.06, but without the limitations in section 4.07.

d. The official time granted for use by full-time representatives is location specific and not transferable (e.g., base closure and/or workload realignment) to any other installation.

e. Full-time representatives retain their officially assigned job title, grade, classification, and pay. These representatives are employees of the organization to which assigned and are bound by rules applicable to all Air Force civilian employees.

f. Employees who are on 100 percent official time shall be provided forms to be annotated daily and maintained in the union offices. The form, along with verification of time, attendance, and leave usage must be signed by the union president or designee. The above will be submitted to the supervisor on the last working day of the pay period, or as otherwise needed, consistent with applicable timekeeping procedures. This section is intended to record only the number of hours per pay period that an employee on 100% official time utilized for official time, annual leave, sick leave or other pay or non-pay status. Supervisors, union representatives, and timekeepers must be made fully aware of their individual responsibility for accurately recording time and attendance related to official time.

g. Full-time representatives, when serving as representatives of the union, are not eligible for overtime, shift differential, environment differential pay, and TDY assignments. Conversely, neither are they subject to call-back requirements. Full-time representatives may flex their daily tour of duty in order to meet labor management obligations.

h. Product acceptance certification of full-time representatives will be managed in accordance with the established PAC program criteria.

i. Full-time representatives may be permanently replaced by the union president or designee at any time. Unless otherwise agreed to, temporary replacement(s) will be recognized for absences of more than 5 work days. Replacements for absences less than 5 work days will be considered as long as there is no adverse mission impact, i.e., one-deep position, mandatory overtime, leave denial. Any replacement will require a 10-work days advance written notice to the activity LRO to ensure proper coordination and workload planning, unless otherwise mutually agreed. It is understood that a temporary replacement must have the ability to perform representational duties in the absence of the full-time representative.

j. At Edwards and Kirtland, temporary replacements will be recognized for absences of more than one day. Any replacement will require a reasonable notice to the activity LRO to ensure proper coordination and workload planning.

k. Official time may only be used for representation within the AFMC bargaining unit as described in Article 2.

l. When traveling for AFMC work related purposes (not for the benefit of the union and at the direction of management) compensatory time for travel may be authorized. ARTICLE 5

DISCIPLINE AND COUNSELING

SECTION 5.01: DEFINITION AND COVERAGE

a. This article sets forth the criteria and comprehensive procedures by which the Employer shall impose discipline upon bargaining unit employees. For the purposes of this Agreement, disciplinary action is defined as those actions within 5 U.S.C. 7512 and lesser penalties, such as an oral admonishment and a written reprimand.

b. Discipline is the responsibility and the right of the Employer. The Employer agrees that disciplinary actions shall be based on just and sufficient cause and in accordance with applicable laws. The Employer further agrees to effect disciplinary actions in an efficient and timely manner. In this respect, when an employee is subject to discipline, the Employer will strive to effect disciplinary action within either 45 days of the offense, the Employer's awareness of the offense, or the completion of an investigation of the matter by other than the supervisor, whichever occurs later. If, for reasons of significantly changed circumstances, further delay in taking the action is anticipated, a written notice from the Employer to the employee advising that disciplinary action is being considered, the general basis for the action, reason for the delay, and that the employee will be informed when a decision has been made satisfies the requirements of this section.

SECTION 5.02: NONDISCIPLINARY COUNSELING

a. The parties recognize the Employer has the obligation and responsibility to conduct nondisciplinary counselings to meet regulatory requirements or to correct misconduct that does not warrant discipline as defined above. These counselings may be verbal or written as required by the circumstances involved.

b. The parties agree these counselings, if written and entered into the Supervisor's Employee Brief (commonly referred to as AF Form 971), will be shown to the employee. The parties further agree the employee shall acknowledge his/her awareness of the entry by dating and signing the Supervisor's Employee Brief. Records of counselings may remain in the Supervisor's Employee Brief for up to one year.

SECTION 5.03: NONFORMAL INVESTIGATORY INTERVIEWS AND REPRESENTATIONAL RIGHTS

a. Before proposing and/or effecting disciplinary action against an employee of the bargaining unit, management officials shall attempt to ascertain all pertinent facts both for and against the employee.

b. When the supervisor becomes aware of a possible or actual infraction of the Employer's rules of conduct, the supervisor may, at his/her discretion, investigate and/or

discuss the matter. Such discussion, where applicable, shall be accomplished informally and in private with the employee(s) involved and the employee representative if requested by the employee.

c. Weingarten Rights: When the Employer or its agents conducts a nonformal investigatory interview, the employee being interviewed is entitled upon request to the presence of a Union representative if the employee reasonably believes that the interview may result in disciplinary action. If representation is requested, no further questioning will take place until the representative is present:

(1) The right to representation in such investigatory interviews arises only when the employee specifically requests union representation.

(2) The Employer reserves the right to cancel the investigatory interview once the employee has requested union representation. A decision by management to cancel an interview on this basis need not be justified in any way, and the Employer may proceed with its investigation and/or disciplinary action on the basis of information from other sources.

d. When all the facts have been gathered and disciplinary action appears to be in order, discipline or a proposed notice thereof, as applicable, will be given to the employee in accordance with the procedures set forth in this Article. Subsequent to issuance, the employee will not be questioned further about the incident if he/she has requested a union representative until the representative is present.

e. Interviews and inquiries shall be conducted privately and in such a manner as to minimize any personal embarrassment to the affected employee(s). Further, if the supervisor has reason to counsel or discipline an employee, such shall be accomplished privately in a manner that will not embarrass the employee(s).

SECTION 5.04: NOTICES OF PROPOSED ACTIONS AND NOTICES OF FINAL DECISIONS

a. The employer will give Notices of Proposed Action for disciplinary actions taken under Section 5.06 of this Agreement. Said notices will advise the employee of his/her right to make a reply. Notices of Final Decision will further advise the employee of his/her right to appeal or grieve as appropriate. Receipt dated notices will be given to employees in duplicate so that they may give one copy to their representative or the union if they desire.

b. The affected employee may submit a written request for a time limit extension to reply to a Notice of Proposed Action. Said written request should be submitted to the designated Deciding Official.

c. The decision to take action must be based on the charge(s) stated in the Notice of Proposed Action.

SECTION 5.05: ORAL ADMONISHMENT

With respect to Oral Admonishments, the Employer shall inform the employee of the reasons for the admonishment and the facts that led the Employer to the conclusion that such action was warranted. The Employer will make a brief entry on the appropriate Supervisor's Employee Brief to document the action and date of occurrence. The employee will sign and date the entry to acknowledge receipt of the action. The employee may subsequently file a written grievance at Step I of the Negotiated Grievance Procedure contesting the action within 20 calendar days of receipt of the action.

SECTION 5.06: WRITTEN REPRIMANDS, SUSPENSIONS AND REMOVALS

- a. For disciplinary actions taken under this section, the Employer shall give the affected employee a Notice of Proposed Action IAW Section 5.04 above. The Notice of Proposed Action will indicate in detail the reasons for the proposed action.
- b. The employee may respond verbally or in writing, or both, to the supervisor designated to hear the reply within 20 calendar days of receipt of the Notice.
- c. Normally the Employer shall issue a written decision within 35 calendar days of the employee's response, or expiration of the time limits in 5.06b above, whichever comes last.
- d. The employee may subsequently file a written grievance at Step I of the Negotiated Grievance Procedure contesting the decision within 20 calendar days of receipt of the Notice of Final Decision, or, if the disciplinary action is a suspension greater than 14 days, a removal, or a reduction in grade or basic rate of pay the affected employee may exercise appeal rights provided by 5 USC 7121.
- e. This Section does not apply to emergency suspensions where the retention of the employee in an active duty status may be injurious to the employee, his/her fellow workers, or the general public; or because of the nature of the employee's offense may reflect unfavorably on the public perception of the Federal Service. In such cases, actions will be taken consistent with applicable laws.

SECTION 5.07: RECORDS OF DISCIPLINARY ACTIONS

a. Records of disciplinary action will be maintained as described below. The record retention period begins on the effective date of the action. Prior offenses may be used in determining the severity of the penalty for a current offense if the prior action falls within the retention period described below:

- (1) Oral Admonishment..... up to 1 year in Supervisor's Brief*

- (2) Reprimand..... up to 2 years in Supervisor's Brief
.....2 years in Official Personnel Folder
 - (3) Suspension.....up to 3 years in Supervisor's Brief
.....SF-50 in Official Personnel Folder
- * Except, if the employee is subject to a second disciplinary action within one year, up to 2 years in Supervisor's Employee Brief

b. Disciplinary Actions, which are removed as a result of a third-party decision, or as a result of a management decision, shall be removed from all of the employee's records. The Employer will make a good faith effort to complete the removal within 10 days of notification of the third party decision.

SECTION 5.08: GRIEVANCES AND APPEALS

All disputes under this Article, except suspensions which exceed 14 days, removals, or a reduction in grade or basic pay in which an employee exercises appeal rights under 5 USC 7121, will be processed under the Negotiated Grievance Procedure. It is understood that proposed letters of reprimand, suspension, removal, or reduction in grade or basic pay are excluded from the Negotiated Grievance Procedure.

SECTION 5.09: LESSER PENALTIES

Where the employer issues a proposed notice of disciplinary or adverse action under the provisions of this Article, it is recognized that the Employer may, after considering an employee's response, subsequently decide or agree to impose a lesser penalty covered by the provisions of this Article. When such occurs, it is agreed that a final decision will be issued without the necessity of issuing an additional proposed notice. Further, the time limits set forth in this Article shall not apply. The employee may subsequently file a written grievance at Step I of the Negotiated Grievance Procedure within 20 calendar days of the final decision.

SECTION 5.10: DECISIONS BY APPROPRIATE AUTHORITY

When, after an adverse action hearing has been conducted under appropriate regulations, the Employer is directed by appropriate authority to impose a lesser action where such disciplinary action is covered under this Article, such decision will be final and not subject to further review under the Grievance Procedure.

SECTION 5.11: LAST CHANCE AGREEMENTS

The parties recognize that last chance agreements are a useful tool to afford an employee an option between rehabilitation and discipline. Upon request of the union, the parties at the local level will negotiate over the implementing procedures for last chance agreements.

ARTICLE 6

NEGOTIATED GRIEVANCE PROCEDURE

SECTION 6.01: SCOPE AND COVERAGE

This Article shall constitute the sole and exclusive procedure available to the Employer, the Union, and employees of the bargaining unit for the resolution of grievances subject to the control of the Employer applicable to any matter involving the interpretation, application, or violation of this Agreement or local supplements thereto, any matter involving working conditions, or any matter involving the interpretation and application of applicable law, policies, regulations, and practices of the Air Force, AFMC, and subordinate AFMC activities not specifically covered by this Agreement.

SECTION 6.02: INFORMAL DISPUTE RESOLUTION

Upon mutual agreement, the parties at the local level may negotiate the use of Alternative Dispute Resolution (ADR).

SECTION 6.03: OPTIONAL USE OF STATUTORY APPEAL PROCEDURES

a. An aggrieved employee affected by a prohibited personnel practice under 5 USC 2302(b)(1) which also falls under coverage of the Negotiated Grievance Procedure (NGP) may raise the matter under a statutory procedure or the negotiated procedure, but not both. Selection of the negotiated procedure in no manner prejudices the right of an aggrieved employee to request the Merit Systems Protection Board to review the final decision pursuant to 5 USC Chapter 77 in the case of any personnel action that could have been appealed to the Board, or, where applicable, to request the Equal Employment Opportunity Commission to review a final decision in any other matter involving a complaint of discrimination of the type prohibited by any law administered by the Equal Employment Opportunity Commission.

b. Matters covered under 5 USC Chapter 43 and Chapter 75 which also fall within the coverage of the negotiated grievance procedure may, at the discretion of the aggrieved employee, be raised either under the appellate procedures of 5 USC Chapter 77 or under the negotiated grievance procedure, but not both.

SECTION 6.04: GRIEVABILITY/ARBITRABILITY DETERMINATIONS

The Employer agrees to furnish the Union a final written decision concerning the non-grievability or non-arbitrability of a grievance initiated under this Article. The decision will provide the union with rationale supporting the grievability/arbitrability issue being raised. Decisions will normally be provided at either the Step I or II written response; however, if an arbitrability issue arises after issuance of the Step II decision, management will issue a separate written notice to the union. All disputes of grievability or arbitrability shall be referred to an arbitrator as a threshold issue of the grievance in accordance with Article 7, Section 7.05. If the arbitrator determines the grievance is

arbitrable, a hearing will be conducted on the merits of the grievance per the applicable section of the Article 7.

SECTION 6.05: EXTENSIONS OF TIME LIMITS

a. Time limits in this Article may be extended by mutual agreement of the Employer and the Union. Mutual agreement must be in writing and signed by the activity Local Union President, or a designated representative, and the activity Labor Relations Officer, or a designated representative. Management's failure to respond or meet will permit the grievance to be elevated to the next step.

b. If the agency fails to respond in a timely manner at Step I, the Union has the right to meet with the respective Directorate (or equivalent) to discuss the matter of timeliness. The meeting will include the directorate official (or equivalent), Step I DMO, Grievant and the Union steward. This meeting does not preclude the union from advancing the grievance to Step II.

c. If the agency fails to respond in a timely manner at Step II, the Union has the option of immediately invoking arbitration or meeting with the Installation Command Section to discuss the matter. The meeting will include the Installation Command Section Official, Step II DMO, Grievant and the Union Steward. The intent of the meeting is to discuss why the response wasn't timely and to seek resolution of the grieved matter. If this meeting does not resolve the issue the Union is free to invoke arbitration, with the timeframes for invoking based on the date of the meeting.

SECTION 6.06: UNION REPRESENTATIVE AT GRIEVANCES WHERE EMPLOYEES REPRESENT THEMSELVES

If a unit employee presents a grievance directly to management, without Union representation, for adjustment consistent with the terms of this Agreement, the Local shall be given an opportunity to have a representative present at any discussion of the grievance on official time if the representative would otherwise be in a duty status.

SECTION 6.07: PROTECTION FROM REPRISAL

The Employer and the Union agree that every effort will be made by management and the aggrieved to settle grievances at the lowest possible level. In as much as dissatisfaction and disagreements arise occasionally among people in any work situation, the filing of a

grievance shall not be construed as reflecting unfavorably on an employee's good standing, performance, loyalty, or desirability to the organization.

SECTION 6.08: NEGOTIATED GRIEVANCE PROCEDURE FOR EMPLOYEE GRIEVANCES

a. An employee with a *potential* grievance within the control of the Employer will obtain a AFMC Form 913, Standard Grievance Form from the supervisor or the union, complete Part I and present the AFMC Form 913 to the supervisor within 20 calendar days of the date of the management action giving rise to the potential grievance or reasonable awareness of such action or occurrence. The employee will inform the supervisor of the nature of the complaint. The employee may request consultation with the designated union representative.

b. The first level supervisor will do the following:

- (1) Provide a receipted copy of the AFMC Form 913 to the employee as soon as possible but not later than 1 workday.
- (2) Forward a copy of the AFMC Form 913 to the Union within 3 workdays.
- (3) Forward the AFMC Form 913 to the designated management official (DMO) designated to hear grievances within 3 workdays. The DMO to whom the grievance is referred must not be the official(s) giving rise to the incident being grieved.
- (4) Contact the supervisor of the designated Union steward within 3 workdays to coordinate the steward/employee meeting. If no steward is designated in that area, the supervisor will contact the Union office. Grievance preparation will be conducted as near the work site as possible in an area that provides privacy, e.g., a conference room, vacant office, Union Office, etc. The grievance preparation meeting will normally occur not more than 7 calendar days from the date the Form 913 was submitted to the supervisor.

c. The DMO will arrange for the Step I meeting to be held within 15 calendar days of his/her receipt of the AFMC Form 913 unless otherwise mutually agreed. Prior to the beginning of the Step I meeting, the employee shall affirm in writing the election of the formal negotiated grievance procedure as opposed to statutory procedures. The DMO will discuss the grievance with the grievant(s) and the union representative, and any other person deemed necessary by the DMO for resolution. The grievant can provide a list of witnesses for the DMO's consideration in resolving the case. If the DMO determines he/she does not have the requisite authority to resolve the grievance, the DMO will forward the grievance within 5 calendar days after his/her receipt of the grievance or the meeting to the management official with the requisite authority to make a decision. If the grievance is timely forwarded within the 5 calendar days, the management official with the requisite authority will have 15 calendar days from receipt of the referred grievance to arrange and conduct a meeting.

d. Immediately prior to the end of the Step I meeting the grievant and the union representative will complete Part III of the AFMC Form 913 and return the AFMC Form 913 to the DMO. The DMO will provide a copy of the updated AFMC Form 913 to the grievant and union representative prior to adjourning the Step I meeting.

e. The DMO shall provide a written decision and the original grievance package to the designated representative and a copy of the decision to the grievant within 15 calendar days of the Step I meeting unless otherwise mutually agreed. Rationales for grievance decisions will be provided commensurate with the issues framed in the grievance.

f. Step II. If the DMO denies the grievance at Step I of the NGP the grievant may elevate the grievance to the Installation Commander, or his/her designee. The grievance must be received in the servicing Labor and Employee Relations Section within 15 calendar days of receipt of the Step I decision.

- (1) The Step II grievance packet must include the AFMC Form 913 and any management responses received prior to submission to Step II of the NGP. New issues, i.e., issues not raised as part of the Step I process, shall not be raised.
- (2) If either party desires to hold a meeting, such meeting will be held within 15 calendar days. The Commander, or his/her designee, will issue a written decision to the union representative within 15 calendar days of receipt of the grievance, or within 15 calendar days of the Step II meeting. Rationales for grievance decisions will be provided commensurate with the issues framed in the grievance. This decision will be the Employer's final decision on the grievance for the purpose of invoking arbitration.

SECTION 6.09: UNION OR EMPLOYER GRIEVANCES AT ACTIVITY LEVEL

For grievances between the Employer and the Union at the activity level, the following procedures apply:

a. If the Employer is aggrieved at the subordinate activity level, its representative shall file a written grievance with the president of the Union local representing bargaining unit employees at that particular activity within 20 calendar days of the date of the act or awareness of the act causing said grievance. Representatives of the parties shall meet as soon as possible on a mutually agreeable date, but not later than 20 calendar days from the date of submission of the grievance, at the subordinate AFMC activity to discuss the matter. Within 20 calendar days of said meeting, the local president or designee shall render a decision, in writing, in the matter to the Commander of the subordinate AFMC activity. Rationales for grievance decisions will be provided commensurate with the issues framed in the grievance. If such decision fails to resolve the matter, the Employer may invoke the procedures for activity level arbitration as set forth in Article 7.

b. If the Union is aggrieved, the president or designee of the resident activity AFGE Local shall submit the grievance in writing to the Commander or designee of the activity within 20 calendar days of the act or awareness of the act causing the grievance. The Commander or designee shall contact the President of the AFGE local, or designee, within 20 calendar days to ascertain whether the Union wishes to meet over the matter. If either party desires to hold a meeting, such meeting between the Local Union President, or designee and the Commander or designee will be held within 20 calendar days from the date of receipt of the grievance.

- (1) Within 20 calendar days of the date the grievance was received by the Commander or designee or within 20 calendar days of the date of the meeting, the Commander or his/her designee shall render a written decision to the local Union. Rationales for grievance decisions will be provided commensurate with the issues framed in the grievance.
- (2) If the decision fails to resolve the grievance, the Union may submit the issue to arbitration in accordance with Article 7.
- (3) At the request of the Council President or designee, the AFMC Commander, or designee, will meet to determine whether a Union activity grievance shall be arbitrated for command wide application upon mutual consent of the parties.

SECTION 6.10: UNION OR EMPLOYER GRIEVANCES AT COMMAND LEVEL

Grievances between the Employer and the Union at the Command level shall be filed directly by the aggrieved party as follows:

- a. Within 30 calendar days of the incident or knowledge of the incident, the aggrieved party must file a written grievance with the party alleged to have violated this Agreement stating the basis for the grievance and including any available documentation, information, and correspondence.
- b. The parties, at either the Command or the activity level, will meet informally to discuss and attempt to resolve the matters unless mutually agreed otherwise.
- c. Within 30 calendar days of the date of the initial grievance, the responding party shall issue a final decision in the matter. If the matter is not resolved the aggrieved party may invoke arbitration. Questions of grievability/arbitrability must be raised at this point. The AFGE Council 214 President or designee, and the Chief, Labor and Employee Relations Division, HQ AFMC, or designee, are authorized to file and/or respond to grievances at the Command level for the Union and the Employer respectively.

ARTICLE 7

ARBITRATION

SECTION 7.01: INVOKING REGULAR ARBITRATION AT THE ACTIVITY LEVEL

a. If the Union wishes to invoke arbitration, the Union President or designee, must present the Labor Relations Office a written request for arbitration within 30 calendar days of receipt of the Step II decision, or in the absence of a decision, the date the decision was due. Within 30 calendar days of a request for arbitration, or as otherwise agreed, a hearing will be scheduled on a date mutually convenient to both parties. The parties will strive to have the hearing held no later than 45 calendar days after the request for arbitration or upon notification of the availability of the arbitrator per Section 7.03. If the employer is the moving party, the Labor Relations Officer, or designee, will provide notification to the Union President within the timelines specified above.

b. Arbitration may not be invoked at both the activity and command level on the same grievance.

c. Grievances that have been processed separately through the negotiated grievance procedure may be combined for arbitration only by mutual agreement of the parties. Any such agreement will be in writing.

d. Arbitration Panel: An alphabetized panel of arbitrators will be established at each activity to be used in a fixed rotation. The parties will agree upon the number of arbitrators to maintain on a panel to satisfy local arbitration requirements. Once the panel of permanent arbitrators is established, either the Union or Management may unilaterally remove one arbitrator in a 12-month period. Arbitrators may be removed at any time by mutual written consent. The party initiating a removal from the panel must provide simultaneous notification to the other party and the removed arbitrator. Arbitrators may also remove themselves from the panel.

e. Establishing the Panel: The parties at each activity will exchange a list of 20 arbitrators. Names common to both lists will be placed on the permanent panel. If more than the agreed upon number of names appear on both lists, alternate striking of names will be used to reduce the list (first strike is determined by chance). If insufficient common names appear, alternate striking of names will occur until the appropriate number is reached. First strike will be determined by chance. Once selected, the arbitrators will be provided a copy of this procedure and asked if they desire to participate. At any time the panel of arbitrators contains less than the agreed upon number, the parties will mutually agree to a date to exchange a list of at least 7 names to replenish the permanent panel. If mutually agreed, arbitrators used for expedited arbitrations may be used for regular arbitrations.

SECTION 7.02: INVOKING ARBITRATION AT COMMAND LEVEL

a. Where the Union is the moving party, the Council President may invoke arbitration by sending a copy of the FMCS/AAA form/letter to the AFMC Labor Relations

Officer. Where the Employer is the moving party, the Employer may invoke arbitration by sending a copy of the FMCS/AAA form/letter to the AFGE Council President. The request for arbitration must be made within 30 calendar days of receipt of the decision, or in the absence of a decision the day a decision was due.

b. Arbitration may not be invoked at both activity and command level on the same grievance.

c. Grievances that have been processed separately through the negotiated grievance procedure may be combined for arbitration only by mutual agreement of the parties. Any such agreements will be in writing.

d. Within 40 calendar days of the transmittal date of a list of arbitrators from the selected source, representatives of the parties shall meet to select an impartial arbitrator. Except for excluded issues involving statutory appeals, if an arbitrator is not jointly selected within 40 calendar days of the transmittal date, the party invoking arbitration has 10 calendar days to request a direct designation of an arbitrator, or the request will be considered stale and the grievance closed. The parties empower the selected source to grant the request.

e. Failing to reach agreement on one of the names on the list, representatives of the Union and the Employer shall alternately strike one arbitrator's name from the list of seven arbitrators until only one name remains. Initial striking shall be determined by chance. The remaining name shall be the duly selected arbitrator.

SECTION 7.03: DATE AND SITE OF ARBITRATION

a. Upon notification through the selected source to the arbitrator of selection, representatives of the Employer and Union shall jointly make arrangements for the hearing on a mutually acceptable date. The parties shall schedule arbitrations arising hereunder within 30 calendar days of the notification by the selected arbitrator of his/her availability, unless a question of grievability/arbitrability under Section 7.05 is raised.

b. Arbitrations initiated under provisions of Section 7.01 shall take place at the installation, unless otherwise agreed. Arbitrations initiated under the provisions of Section 7.02 shall be conducted at the Employer's headquarters, unless otherwise agreed. The arbitration hearing shall be conducted during normal working hours.

SECTION 7.04: REGULAR ARBITRATION FEES AND EXPENSES

a. The fee and expense of the arbitrator shall be borne equally by the Employer and the Union.

b. The cost of a shorthand reporter or transcript, where such is mutually agreed upon by the parties or where requested by the arbitrator, shall be shared equally by the parties. Absent mutual agreement, either party may unilaterally request that a transcript be prepared but must bear all costs incurred in its preparation. However, any party

subsequently requesting and receiving a copy of a transcript of an arbitration hearing must pay 50% of all costs incurred in the preparation of such transcript.

c. If a cancellation fee is incurred in either regular or expedited arbitration, the party withdrawing from arbitration shall be responsible for the full cost of such cancellation fee unless the withdrawal is by virtue of a written agreement or a settlement.

SECTION 7.05: QUESTIONS OF GRIEVABILITY/ARBITRABILITY

a. The procedures contained within this section will apply to arbitrations invoked under the terms of this article.

b. The arbitrator shall have the authority to make all grievability and/or arbitrability determinations brought under this article. Threshold questions arising under this section will be submitted to the selected arbitrator by written brief before the arbitration hearing is scheduled. The parties will submit pre-hearing briefs within 30 calendar days of selecting the arbitrator. After briefs are submitted to the arbitrator for consideration, the parties will exchange briefs upon confirmation of receipt from the arbitrator. If the grievance is found to be non-grievable and/or non-arbitrable, a hearing on the merits of the grievance will not be conducted. If the grievance is found to be grievable and/or arbitrable, the next available arbitrator will be scheduled in accordance with the applicable regular or expedited arbitration procedures, to hear the merits of the grievance to avoid a perceived conflict of interest.

c. The party raising the threshold question shall provide the other party sufficient information regarding the threshold question being raised in order to allow the other party to prepare a response for submission to the arbitrator as part of their brief.

SECTION 7.06: REGULAR ARBITRATION –ARBITRATOR’S AUTHORITY - AWARD

a. The arbitrator's authority is limited to deciding only the issue or issues considered in the formal grievance. If the parties fail to agree on a joint stipulation of the issue for arbitration, then each shall submit a separate stipulation and the arbitrator shall determine the issue or issues to be heard. The arbitrator is empowered to fashion an appropriate remedy consistent with the terms of this contract and in accordance with applicable law (e.g. 5 USC 5596), rule or regulation. Either side reserves the right to argue to the arbitrator what such an appropriate remedy should be.

b. The order of the proceedings, subject to the provisions contained within this Article will be determined by the arbitrator.

c. The arbitrator will be requested to render a decision as quickly as possible, but not later than 30 calendar days from conclusion of the hearing or submission of post-hearing briefs, unless the parties mutually agree to extend this time limit.

d. The arbitrator’s award shall be binding on the parties and implemented upon receipt, unless appealed and stayed. Either party may file exceptions to the arbitrator’s award

in accordance with 5 USC Chapter 71.

e. Any dispute over the application or interpretation of an arbitrator's award, including remanded awards shall be returned to the arbitrator for resolution.

f. Arbitration awards rendered at the activity level under the procedure for arbitration as set forth herein shall apply to and be implemented only at the subordinate AFMC activity at which the grievance arose and at which the arbitration hearing was held unless otherwise expressly agreed to by the Employer and the Union. Arbitration awards rendered at the Command level shall be applied Command-wide unless otherwise determined by the arbitrator.

SECTION 7.07: WITNESSES

a. The Employer agrees that a reasonable number of relevant witnesses, to include the grievant, who are employees of the Employer and who are otherwise in a duty status, shall be excused from duty to provide testimony in arbitration hearings. A reasonable amount of duty time, if otherwise in a duty status, and subject to mission requirements, may be granted for a pre-hearing interview(s). Such employees shall not suffer loss of pay or charge to leave.

b. Unless agreed otherwise, the parties must exchange written witness list no later than 14 calendar days prior to the scheduled date of the hearing. If either party does not meet the 14 calendar day time frame, that party will be precluded from calling witnesses. Upon timely receipt of the Union's witness list, the Labor Relations Office will contact the witnesses' and the grievant's supervisor to secure release for the witnesses and the grievant to attend the hearing interviews and/or witness preparation.

c. Either side's representative may interview the other parties witnesses on the witness list provided the witness consents to be interviewed and is advised of the following:

- (1) The cooperation of the witness is completely voluntary
- (2) The witness is free to refuse to cooperate in the interview
- (3) The party seeking the interview will not take any act of reprisal against the witness if the witness decides not to be interviewed.

The contact to determine whether the witness consents to be interviewed shall be by telephone/email, except where the representative and the witness are assigned to the same work area.

SECTION 7.08: EXPEDITED ARBTRATION AT THE ACTIVITY LEVEL

a. The parties agree that individual employee grievances on matters listed below will be arbitrated using the expedited procedure unless the parties mutually agree to the regular arbitration procedure outlined in Section 7.01. Expedited arbitration procedures may not be used for Union or Employer grievances. Group grievances may be included by mutual agreement. Awards rendered in this expedited procedure will have no precedential value.

When a grievance case involves both expedited and regular arbitration issues, regular arbitration will be used to resolve all the issues framed in the grievance.

b. Grievances involving the following issues must be arbitrated under this procedure, unless otherwise mutually agreed:

- (1) Suspensions of 3 days or less
- (2) Decisions to reprimand
- (3) Oral admonishment
- (4) Entries on Supervisor's Employee Brief (commonly referred to as AF Form 971)
- (5) Matters regarding leave
- (6) AWOL
- (7) Overtime
- (8) Appraisals
- (9) Parking
- (10) Shift Assignment
- (11) Loans, Details, and Reassignments

c. Invoking Expedited Arbitration: If the Union wishes to invoke expedited arbitration, the Local Union President or designee, must present to the activity Labor Relations Office a written request for expedited arbitration within 10 calendar days of receipt of the Step II decision, or in the absence of a decision, the date a decision was due.

d. Date and Site of Expedited Arbitration: The parties will strive to have the hearing scheduled and held no later than 25 calendar days after the request for arbitration or upon notification of the availability from arbitrator, unless agreed otherwise. No more than one expedited hearing will be held each day unless the parties mutually agree. Any such agreement will be in writing. The arbitration hearing shall be held in facilities provided by the employer or the Union during normal working hours.

e. Witnesses and Conduct of Hearing: Either party may use up to five witnesses, in addition to the grievant, unless it is mutually agreed to use more. Witnesses list will be exchanged no later than 10 calendar days prior to the scheduled hearing unless mutually agreed otherwise. If either party does not meet the 10 calendar day time frame, that party will be precluded from calling witnesses. Upon timely receipt of the Union's witness list, the Labor Relations Office will contact the witnesses' and the grievant's supervisors to secure release for the witness and the grievant to attend the hearing, interviews and/or witness/grievant preparation.

f. The order of the proceedings, subject to the provisions contained within this section, will be determined by the arbitrator. However, there will be no formal rules of evidence, hearing transcripts, post-hearing briefs or closing arguments submitted after the conclusion of the hearing. Pre-hearing briefs are permitted, but only to address grievability/arbitrability issues as described in Section 7.05.

g. Expedited Arbitration Panel: A permanent alphabetized panel of 7 arbitrators will be established at each activity to be used in a fixed rotation. The parties at each activity will exchange a list of 20 arbitrators. Names common to both lists will be placed on the permanent panel. If more than 7 names appear on both lists, alternate striking of names will be used to reduce the list (first strike is determined by chance). If insufficient common names appear, alternate striking of names will occur until the appropriate number is reached. First strike will be determined by chance. Once selected, the arbitrators will be provided a copy of this procedure and asked if they desire to participate. Once the panel of seven permanent arbitrators is established, either the union or management may unilaterally remove an arbitrator in a 12 month period. Arbitrators may be removed at any time by mutual consent. Arbitrators may also remove themselves from the panel. The party initiating a removal from the panel must simultaneously notify the other two parties. At any time the panel of arbitrators contains less than seven arbitrators, the parties will mutually agree to a date to exchange a list of at least seven names and use the above procedures to replenish the permanent panel. If mutually agreed upon the panel of arbitrators used for regular arbitrations may be used for expedited arbitrations.

h. Arbitration Fees: Arbitrators under this Section will be compensated at their scheduled rate or \$3000, whichever is less, plus all travel expenses to include, airfare, rental car, food, lodging, parking, mileage. The fee and expense of the arbitrator shall be borne equally by the Employer and the Union. If a cancellation fee is incurred, the party withdrawing, requesting a continuance or rescheduling shall be responsible for the full cost of such fee unless the withdrawal, continuance or rescheduling is by virtue of a written agreement of settlement.

i. Arbitrators awards under this Section will be rendered either:

- (1) from the bench at the close of the hearing, and confirmed in writing within 7 calendar days from the close of the hearing;
- (2) in writing within 10 calendar days after the close of the hearing; or

- d. Announcements will be opened to internal DoD and external applicants.

SECTION 12.04: NONCOMPETITIVE/COMPETITIVE PROCEDURES

- a. Except where otherwise governed by the terms of this Agreement, noncompetitive promotions will be accomplished in accordance with applicable law, rule, and regulation.
- b. Competitive actions will be based on merit promotion principles through the application of evaluation criteria such as training and experience, competencies, and other appropriate selection criteria.

SECTION 12.05: AREA OF CONSIDERATION

- a. The area of consideration is the intensive search for the “best qualified” applicants using a competitive merit promotion process. The area of consideration is DoD-wide, Veterans Employment Opportunities Act (VEOA), transfers and reinstatements for all covered bargaining unit positions being filled on a permanent basis.
- b. When a bargaining unit position is announced using merit promotion procedures, the Employer will request a certificate of internal applicants in addition to any other recruitment sources. However, it is understood that the procedures used to fill non-bargaining positions (e.g., supervisory) will be established by the Employer and/or set forth in other labor agreements.
- c. The Employer agrees to consider the best qualified internal applicants before extending consideration to external DoD applicants. The Employer will establish a certification procedure for the selecting official to document the consideration of internal candidates prior to the consideration of external applicants. The certification documentation will be made available to the union upon request.

SECTION 12.06: CENTRALLY MANAGED

Vacant bargaining unit positions which are to be filled through the use of competitive merit promotion procedures and which are covered by centrally managed programs or promotion plans established by DoD, Air Force, AFMC, or other appropriate authority, shall be filled in accordance with those applicable career field management team policies and procedures. The Employer shall periodically publicize the existence of such programs to eligible bargaining unit employees. Employees in career fields which require government sponsored courses as part of a Job Analysis/Promotion Plan Template (Template) will be given priority consideration for such job-related courses.

SECTION 12.07: JOB ANALYSIS/PROMOTION PLAN TEMPLATES (TEMPLATES)

- a. Candidates for competitive promotion will be screened and evaluated in accordance with applicable regulations. Candidates, who meet basic eligibility and qualification requirements, as set forth in applicable regulations, will be subsequently evaluated in terms of evaluation factors established in Promotion Plan Templates (Templates).

b. A Template is a description of the specific qualifying skills and educational requirements by which employees are screened and evaluated for particular vacancies. Promotion Plan Templates for bargaining unit positions will be valid and job-related in accordance with the requirements of applicable regulations. Templates will be consistent for identical positions.

c. The validity of a new or changed Template will be determined by the Employer and recorded by the activity servicing staffing function. Prior to its use, a new or changed Template which applies to bargaining unit position(s) will be provided to the activity local or council president as applicable. The Union will be afforded an opportunity to review and comment on the Template in a timely manner. Administrative changes to Templates need not be forwarded to the Union. All Templates will be filed in the activity servicing staffing function where applicable, and where they will be available for review. In addition, copies of such Templates will be made available to employees and the Union upon request to the activity servicing staffing function. Applicants will not be screened, evaluated, or non-selected on the basis of factors which are not job-related. An employee's use of approved official time will not be a factor in consideration for promotion.

d. Promotion eligible applicants will be rated against the knowledge, skills and abilities (KSAs), and competencies defined in the template. Applicants will be identified as "best, fully, or basically qualified" based on the scores received in the evaluation process. When less than fifteen (15) applicants are rated as best qualified, the fully qualified applicants will also be referred. An applicant's qualification rating will be determined by using all of the ranking factors listed in the vacancy announcement in the evaluation process. Applicants will be ranked according to their rating scores assigned by the automated hiring system or promotion panel/ranking official.

e. The best qualified threshold score will be set prior to the close of the vacancy.

SECTION 12.08: FILING AN ELECTRONIC APPLICATION

a. The Employer will give bargaining unit employees access to formalized instructions so they may use government computers to complete automated applications under this article. Access includes a reasonable amount of time during an employee's working hours to prepare or modify his or her application and to review vacancy announcements.

b. The Employer will provide appropriate implementation and sustainment training on how to file for a vacancy and how to complete the appropriate form(s). Instructional material on the automated application system will be made available to bargaining unit employees.

SECTION 12.09: PROMOTION CERTIFICATES

The list of names provided to the selecting official will contain all qualified candidates who applied to the vacancy announcement and who meet the qualifications of the position

SECTION 12.10: INTERVIEWS

- a. When a referral certificate is issued, the selecting official must, as a minimum, review the experience, training and competencies of all those referred. If the selecting official chooses to interview, he/she may interview one or more of the candidates on the certificate.
- b. For those candidates interviewed, the same interview questions will be used and all questions used in a selection interview must be job related and tied to competencies and other appropriate selection criteria identified in the core personnel document or template.
- c. If some, but not all, candidates are interviewed, the selecting official must document the reasons for not interviewing and the method used to evaluate the remaining candidates (i.e., records review, reference check).

SECTION 12.11: TIME LIMIT FOR ACTING ON CERTIFICATE

The selecting official is entitled to make a selection, subject to regulatory controls, from any of the candidates certified on a promotion certificate. Once a promotion certificate is issued to the selecting official, that official must take action on the certificate within 30 calendar days unless the vacancy is abolished or affected by some other type of internal or external action which is in compliance with agency (DoD) directives. If the vacancy is abolished or affected by some other internal or external action, or if the selecting official does not make a selection within 30 calendar days, an explanation will be furnished by that official to employees, who were referred for the vacancy.

SECTION 12.12: NOTIFICATION OF SELECTION/ NONSELECTION

When a selection is made, the selecting management official will indicate selection on the promotion certificate. Non-selected candidates will be notified of non-selection. If requested by a non-selected employee, the selecting management official/supervisor will explain the reasons for the non-selection to the employee, within five (5) workdays of the request.

SECTION 12.13: ACCESS TO PROMOTION INFORMATION

Employees or their designated representative may request the following information concerning specific promotion actions in which they are individually affected. The following information will be made available to the employee and the Union representative upon request to the activity servicing staffing function:

- a. Whether the employee was found eligible for the position on the basis of minimum qualification standards and other evaluation factors.
- b. Whether the employee was referred for consideration and ranking (i.e., best, fully, basically qualified).
- c. Reason employee was not selected.
- d. Who was selected for the vacant position in question.
- e. Criteria used to determine those applicants interviewed, the number of applicants interviewed, and the reason.

SECTION 12.14: POST AUDIT OF PROMOTION ACTIONS

To the extent permitted by applicable law, rule or regulation, the Union may post-audit a promotion action in conjunction with the processing of a grievance under the Negotiated Grievance Procedure.

SECTION 12.15: NONCOMPETITIVE PROMOTION

- a. Employees who have competed and were selected for positions with known promotion potential will be promoted when the following conditions are met:
 - (1) The employee has been fully trained to perform the duties of the targeted or next higher grade.
 - (2) The employee has appropriate length and type of experience required by rule or regulation and time-in-grade if applicable.
 - (3) Work is available at the next higher or targeted grade level and the supervisor certifies the employee is capable of performing duties at the next higher grade level.
 - (4) A promotion classification review, when required, verifies that the duty assignment is commensurate with the next higher or targeted grade.

b. Certification by the supervisor and other management personnel required by this section shall not be unreasonably delayed. The promotion normally will be effected at the beginning of the first pay period following the activity servicing staffing function certification that the above conditions have been met.

ARTICLE 13

TEMPORARY PROMOTION

SECTION 13.01: MANDATORY TEMPORARY PROMOTIONS

When an employee is temporarily assigned to a higher graded position or the grade-controlling duties of a higher graded position for more than 30 consecutive calendar days, the employee shall be temporarily promoted into and receive the rate of pay of that position commencing on the 31st day. The employee must be qualified to fill the position on a permanent basis.

SECTION 13.02: FIRST CONSIDERATION

First consideration for bargaining unit employees shall be given to qualified applicants in the lowest organizational segment in which the vacancy exists.

SECTION 13.03: COMPETITIVE SELECTION

If competitive selection procedures are required, they shall be accomplished in accordance with applicable rules, regulations, and Article 12 of this Agreement.

ARTICLE 14

REPROMOTION OF DOWNGRADED EMPLOYEES

SECTION 14.01: PRIORITY CONSIDERATION

a. Employees who have been downgraded without personal cause and not at their own request while serving under a career or career-conditional appointment (or one of equivalent tenure) shall be entitled to priority referral for noncompetitive consideration for permanent promotion prior to a vacancy being filled by competitive promotion under Article 12. Such employees shall be entitled to priority referral and consideration only to vacancies for which the downgraded employee is highly qualified up to the grade level or the equivalent level of the position from which downgraded. Highly qualified repromotion eligibles will be determined by the appropriate progression level as identified in the applicable Promotion Plan Template.

b. AFMC agrees to establish an ad hoc committee, at those facilities where it is deemed appropriate, to review union identified inequities/problems concerning the repromotion of downgraded employees.

(1) This team will consist of equal representation from management and the union.

(2) Recommendations of this team will be made to the Commander.

SECTION 14.02: REFERRAL OF CANDIDATES

A listing of the ten most senior highly qualified downgraded employees will be referred to the selecting management official before a competitive promotion certificate is issued and before referral of other candidates not entitled to preferred placement by applicable regulations (e.g. reassignment eligibles). If there are less than ten highly qualified repromotion eligibles, all highly qualified eligibles will be referred. Senior highly qualified candidates are determined by Service Computation Date (RIF). The Service Computation Date will be applied at the progression level where highly qualified candidates are identified on the appropriate Promotion Plan Template (Template).

SECTION 14.03: SELECTION

If the list of downgraded employees contains five or more highly qualified repromotion eligibles, selection from among those eligibles will be mandatory, unless persuasive reasons for nonselection are provided in writing to the activity Director of Civilian Personnel or designee. A repromotion eligible who declines consideration or selection is removed from consideration at that grade or lower.

ARTICLE 15

EMPLOYEE PERFORMANCE

SECTION 15.01: GENERAL

a. The parties recognize that increased productivity benefits both employees and the Employer under pay-for-performance principles. The Employer will encourage employee productivity through the financial incentive rewards of the Performance Management and Suggestion Programs. The Union and Employer will mutually strive to enhance productivity through improving and maintaining a quality working environment. The local Unions and Council 214 will be invited to attend any and all plenary sessions relative to any innovative programs designed to enhance/increase productivity or improve the quality of the work environment.

b. This article will be applicable to BUEs under the Defense Performance Management and Appraisal Program (DPMAP). Administration of performance management will be in accordance with the governing DoD and Air Force policies and the provisions of this article. Performance management of BUEs under other performance systems (i.e. Lab Demo, Acq Demo, etc.) will be in accordance with the applicable laws, rules, regulations, and negotiated agreements for that system. This program will be managed without regard to politics, race, color, religion, age, sex, marital status, national origin, or handicapping condition. Required or predetermined distributions of performance ratings are prohibited.

c. When the Installation Commander elects to establish a team or committee to recommend the installation award program for the various awards referenced in applicable Air Force performance management and awards policies, the union will be afforded an opportunity to be represented.

SECTION 15.02: PERFORMANCE EVALUATION

a. The purpose of this article is to establish the basis for evaluating employees. Such ratings will be used for:

- (1) Competitive in-service placement actions including promotion.
- (2) Reassignments to positions with known growth potential.
- (3) Selection for training that results in enhancement of career growth.
- (4) Within grade increases.
- (5) Performance awards.

b. The performance plan defines the critical performance elements of a position and the performance standards that apply to each critical element. Performance plans may be

entered into the MyPerformance system or contained on a hard copy of the DD Form 2906. Employees will be given a copy of their performance plan, via the MyPerformance system or hard copy within 30 calendar days of the beginning of the appraisal cycle, when employees are newly assigned to a position, or any time changes are made to the performance elements and/or standards.

c. The parties recognize performance elements are the significant duties and responsibilities on which employee performance is appraised. They are identified through the analysis of the major job requirements of employees' jobs. Performance elements must be consistent with the level of responsibility and duties of the position description.

d. A critical performance element is defined as a work assignment or responsibility of such importance that unacceptable performance on the element would result in a determination that the employee's overall performance is unacceptable.

e. Performance standards are used to measure the performance of the employee against the critical elements in the performance plan. Performance standards must be developed for each critical performance element, defining at least "Fully Successful" performance. Performance standards will be written in a manner such that an employee is able to exceed an element rating of "fully successful" and able to achieve an element rating of "outstanding" consistent with 15.03a. A performance standard will recognize the degree of difficulty and reflect the consequences of the work outcomes to the organization and mission. The performance standard for each performance element must be defined in measurable terms, be job related, meet higher authority criteria and be applied in a fair and valid manner. Exceptions will be permitted where the law authorizes the use of absolute standards.

f. When an individual element is rated "Outstanding" or "Unacceptable," a performance narrative will be written to capture the justification for such rating. Supervisors will be instructed to capture an employee's achievements, contributions, performance as it relates to the specific, measurable, achievable, relevant, and timely (SMART) criteria, and areas for improvement.

g. Upon request, the supervisor will provide clear guidance on how to perform at the "Outstanding" level for each element of the performance plan. Clear guidance is information recorded in the employee's 971 file or on a separate piece of paper for insertion into the 971 file, that briefly and accurately describe the level of the performance required by the employee to perform at the "Outstanding" level for each element of the performance plan. The supervisor will sign and date the written guidance and the employee will sign and date acknowledging receipt. The supervisor will retain a copy in the employee's 971 file and provide a copy to the employee.

h. Supervisors will meet with the individual employee periodically during the appraisal cycle to discuss the employee's performance in relation to the elements of the performance plan and make a sincere effort to assist employees to maximize their job performance. These discussions may also include the adequacy of the performance plan and any changes the supervisor may make to the performance plan. The performance

feedback sessions will be performed face to face, follow the outline prescribed by the MyPerformance system or DD Form 2906, and will be annotated accordingly. Non-face-to-face performance discussions may be used in discussions with geographically separated employees, or in extenuating circumstances (e.g. extended sick leave, absence for military service, etc.).

i. Performance improvement needed against a critical performance element will be noted in the “Performance Element Narrative” section or on the “Continuation Sheet” of the form. A copy of the completed DD Form 2906 shall be provided to the employee, via the MyPerformance system or hard copy, at the time of the feedback session. When used, hard copies of the DD Form 2906 shall be maintained in the Supervisor’s Employee Brief (commonly referred to as AF Form 971).

j. Formal documented feedback sessions will be held at least three times per appraisal cycle. Formal feedback sessions should be documented in writing and be consistent with this Article. Additional formal and informal progress reviews are highly encouraged throughout the appraisal cycle. Further, feedback sessions will clearly outline employee performance as it related to the performance description and the SMART criteria.

k. An employee's annual rating will be the result of the application of the standards against performance as described above. The annual rating will be recorded into the MyPerformance system or be contained on a hard copy of the DD Form 2906. When a hard copy of the DD Form 2906 is used, a copy will be provided to the employee immediately following the annual performance rating discussion.

l. Employees are allowed and encouraged to provide ideas, comments, or recommendations relating to performance elements and standards to supervisors for consideration at any time or when the performance plan is being changed. Any hard copy employee written input will be retained in the Supervisor’s Employee Brief (commonly referred to as AF Form 971), for the life of the plan. When an existing performance plan is issued, employees will be provided a reasonable amount of time to review and provide comments to the performance plan. If changes are made or a new performance plan is issued, employees will be allowed up to 2 hours to review and provide comments to the performance plan.

m. Supervisors must give due consideration to the self-assessments prepared by the employee as a basis for performance evaluation. However, employee self-assessment statements are voluntary and the absence of a self-assessment statement alone will not justify a negative performance review or appraisal result. Employees will be allowed up to 2 hours to prepare input and upload into the system for the progress review (mid-term) and up to 2 hours to prepare input and upload into the system for the appraisal. This time will be at least 30 calendar days prior to employee input being due. Mission permitting, a reasonable amount of duty time will be provided to employees to access and enter their input into the MyPerformance Journal.

n. Employees will have access to training on writing effective “self-assessment” statements and contribution objectives. Employees who inform their supervisor that barriers exist for adequate training and use of the MyPerformance system (i.e.

disability, educational, language, etc.) will be provided additional time, resources, and assistance by management for use of the MyPerformance system or allowed access to alternative methods as permitted.

o. It is understood that an employee's performance is a private matter. Therefore, employees with "Trusted Agent" access to the MyPerformance system will be informed of the expectation they will only use this access for performing the duties associated with being assigned as a "Trusted Agent." The Privacy Act of 1974 applies to all data, regardless whether finalized or not, during the entire performance appraisal process.

p. The MyPerformance system allows for employees to print hard copies of their performance plans and appraisals. Employees without access to MyPerformance may request a hard copy from his or her supervisor, which the supervisor will present to the employee within 3 work days of receipt of the request.

q. If considering a change to an element or standard within 90 calendar days of the end of the appraisal cycle when work requirements change or new duties are assigned, the supervisor may:

- (1) Revise the element or standard at the beginning of the next appraisal cycle;
- (2) Update the plan. If the employee does not have an opportunity to perform the new element(s) for the minimum 90-calendar-day period, do not rate the revised element(s); or
- (3) Extend the appraisal cycle by the amount of time necessary to allow 90 calendar days of observed performance under the revised element or standard. Extending the appraisal cycle will affect the start date of the employee's subsequent appraisal cycle; however, the subsequent appraisal cycle should still end March 31 of the following calendar year.

r. In the application of the overall performance plan the Employer will take into account mitigating factors such as availability of resources, equipment, lack of training, or frequent authorized interruptions of normal work duties.

s. Employees who perform Union representational services on official time as authorized by law, and do not meet the minimum time requirements prescribed by OPM for performing management assigned duties listed in their performance plan for an annual appraisal, shall be appraised in accordance with applicable OPM Government-wide regulations. Authorized time spent performing Union representational functions will not be considered as a negative factor when evaluating any element.

SECTION 15.03: PERFORMANCE RECOGNITION

- a. The primary intent of performance awards is to recognize high levels of employee performance.
- (1) In completing an employee's annual appraisal, the supervisor will provide a brief narrative supporting the rating for elements that were rated as "Outstanding."
 - (2) An employee who is rated "Outstanding" on all critical performance elements shall be given a cash performance award and/or time-off award provided award funds are available.
 - (3) An employee with an overall acceptable performance rating (Outstanding or Fully Successful) and is rated "Outstanding" on one half or more of all critical performance elements should receive a cash performance award and/or time-off award provided award funds are available. Any award at this level must be less than the lowest percentage (cash award, time off award, or a combination of award) presented at the higher level in the same organization.
 - (4) An employee who is rated "Fully Successful" on all critical performance elements may be given a cash performance award and/or time-off award provided award funds are available. Any award at this level must be less than the lowest percentage (cash award, time off award, or a combination of award) presented at the next higher level described above in the same organization.
 - (5) Funding permitting, employees in the same organization who are rated "Outstanding" on one-half or more of their critical performance elements will be given a cash performance award and/or time-off prior to those employees in the same organization who are rated "Fully Successful" on all critical performance elements.
 - (6) When supervisors review employee performance for possible recognition under this program, they will consider employee participation in various Federal, DoD, or Air Force productivity related programs which emphasize increased productivity, reduced costs, or simplified procedures or operations.
- b. The employer agrees that, if an employee is detailed or loaned or is a part-time Union Representative during the rating cycle, it will not affect consideration of that employee to receive an award, if otherwise eligible.
- c. Supervisors will award employees commensurate with performance, and to the extent award funds are available.
- d. All cash awards approved in accordance with governing regulations will be paid to the employee.

e. Upon request the employer shall provide to the Council 214 President or Local President(s) summary reports concerning award programs to the extent such reports are available.

SECTION 15.04: PERFORMANCE PROBLEMS

a. To maintain a quality civilian workforce and encourage employees to strive for top performance, supervisors should take positive action as soon as a performance problem is observed. At any time during the performance appraisal cycle that the employee's performance in one or more critical elements becomes less than "Fully Successful", the supervisor will initiate an opportunity period to give the employee a reasonable amount of time to demonstrate acceptable performance. This means an amount of time commensurate with the duties and responsibilities of the employee's position sufficient to allow the employee to show whether he or she can perform acceptably to the standards.

b. The supervisor will help the employee improve performance during the opportunity period. This can include supervisory instruction and counseling personal demonstration, peer coaching, frequent reporting, special assignments, on-the-job training, etc. Although not required by regulation, formal training may be provided. This training should be given a sufficient high ranking within the appropriate training priorities.

c. If the employee's performance continues to be unacceptable in one or more critical elements after the opportunity to improve period has expired, the supervisor may take one or more of the following actions in accordance with appropriate regulation. The rule of progressive action should be considered to the extent consistent with law, rule and regulation. Selection of the action to be taken shall not be based on arbitrary or capricious reasons.

- (1) Reassignment
- (2) Denial of within grade increase
- (3) Reduction in grade
- (4) Removal

d. Prior to taking any action in paragraph (c) above, the employer shall provide the employee a reasonable opportunity to improve performance as follows:

- (1) Upon determining that the employee is performing at an unacceptable level in regard to one or more critical elements, his/her immediate supervisor shall meet with the employee and identify, in writing, the elements which are not properly being performed, the minimum level of acceptable performance, and the exact manner to which the employee can meet the supervisor's expectation.
- (2) The employee shall be given a reasonable time to demonstrate "Fully Successful" performance, in accordance with 15.04(a) above.

- (3) If during the opportunity period, the employee demonstrates "Fully Successful" performance and continues to perform at a "fully successful" level for one year from the beginning of the opportunity period, all references to unacceptable performance shall be removed from the employee's records after completion of the rating period.
- (4) If the employee's performance improves to a "Fully Successful" level during the advance notice period of removal or demotion after having failed an opportunity to improve period, and continues to be acceptable for 1 year from the beginning date of the advance notice period, the Employer will remove any records of less than acceptable performance from the employee's records.

e. If during the notice period, the employee demonstrates "Fully Successful" performance, the Employer must consider such performance and may rescind the notice of proposed action.

f. Management will take appropriate action to timely effect any changes to an employee's performance records when it has been determined appropriate under the negotiated grievance procedures of the MLA or other appeal process.

SECTION 15.05: WITHIN-GRADE INCREASE

a. Within-grade increases (WGIs) will be processed in accordance with guidelines set forth in law and governing regulations. Denial of a within-grade-increase will be based solely on the employee's performance.

- (1) An employee whose WGI has been withheld may ask for reconsideration. The reconsideration official will be a third party who has no input into the employee's performance rating. If an employee is unable to write, a verbal request for reconsideration will be accepted.
- (2) The reconsideration official shall decide the merits of the case based upon the material provided in the reconsideration file, information provided orally or in writing by the employee or the employee's representative, and if necessary, additional information or explanation relative to the reconsideration file provided by the supervisor(s) involved.
- (3) The reconsideration official must notify the employee of his/her final decision in writing as soon as possible, but not later than 30 calendar days after receipt of the request for reconsideration.

b. If requested in writing by the employee or the employee's designated representative, a copy of all pertinent documents relating to the negative determination contained in the employee Reconsideration file will be provided.

c. If a negative determination is sustained by the reconsideration official, the employee may appeal with the Merit System Protection Board.

SECTION 15.06: PERFORMANCE STUDIES

Studies relating to appraisals of bargaining unit employees will be brought to the attention of the appropriate level of the Union for bargaining to the extent consonant with law.

SECTION 15.07: MEDICAL ISSUES

If an issue is raised concerning whether an employee's unacceptable performance is caused by a medical condition, the procedures contained in 5 CFR Part 432 or other appropriate regulations shall govern.

SECTION 15.08: COMPLIANCE WITH LAW

All performance-based actions, including appraisals, shall be accomplished in accordance with applicable law, rule, regulation and, this Agreement.

SECTION 15.09: EMPLOYEE DISSATISFACTION

Any employee dissatisfied with any aspect of the employee performance procedures outlined in this Article such as periodic performance review, annual rating, performance improvement plan, etc. may file a grievance under the provisions of Article 6. An employee does not forfeit the opportunity to grieve his/her appraisal by not grieving periodic reviews that may have affected that appraisal.

SECTION 15.10: TEAM INCENTIVE AWARDS

- a. AFMC Installation Commander(s) or other appropriate management officials are encouraged to use Team Incentive Time Off Awards (TOA) to build team camaraderie and motivate teams to achieve and/or exceed team metrics. The maximum number of hours granted for Team Incentive TOAs must be in accordance with applicable governing regulations.
- b. Granting bargaining unit employees TOAs in conjunction with a Team Incentive Award is seen as a way to enhance teamwork between members of significant AFMC teams and to improve total workforce quality, performance and morale. Metrics/goals associated with AFMC Team Incentive Awards will be determined locally. Metrics/goals must be established in advance, objective and measurable, represent a significant positive accomplishment, correlate to the agency mission(s), and conform to Chapter 45, 5 USC. Affected employees and the local union will be informed in writing of the metrics/goals and the period of review before the start of a team goal period. The local union will be afforded the opportunity to participate as a partner in the development of Team Incentive Award metrics. Management will give serious consideration to local union proposals for new Team Incentive metrics/goals.
- c. Commanders and other appropriate officials, shall have the discretion to define specific team eligible for Team Incentive TOAs. Such teams will include all members

expected to play a significant role in the achievement of defined, mission-related and measurable goals. Teams may consist of any set of employees significantly involved in meeting a recognized goal or set of goals. Team Incentive TOAs will not be established base-wide, nor at the wing level. They may, however be established for smaller sized organizational units, which are responsible for specific goals (e.g., weapon systems program office or a weapon system maintenance unit). Individuals serving in a Performance Improvement Period (PIP) during the Team Incentive TOA metrics measurement period; or individuals who have been on long term sick leave, or extended leave without pay during the Team Incentive TOA metrics measurement period; and new hire employees, who due to limited service, have not performed sufficient work contributing to the overall achievement of goals, are ineligible to receive a Team Incentive TOA.

All RIFs will be conducted in accordance with law and/or regulation. This article is expressly authorized for negotiations at the local level.

ARTICLE 17

POSITION CLASSIFICATION

SECTION 17.01: CONTENT OF POSITION DESCRIPTION/CORE DOCUMENTS

The purpose of a position description/core document is to describe officially, for pay and classification purposes, the major duties, responsibilities, and supervisory relationships assigned to a position. Such documents do not list every duty an employee may be assigned, but reflect those duties which are pay plan, series and grade-controlling. The phrase "other duties as assigned" shall not be used as the basis for the assignment of duties unrelated to the principal duties of an employee's position, except on an infrequent basis, and only under circumstances in which such assignments can be justified as reasonable.

SECTION 17.02: CHANGES TO POSITION DESCRIPTION/CORE DOCUMENTS

A position description/core document will be based upon the principal duties and responsibilities assigned to a position. All identical positions within the same organizational unit will normally be covered by the same position description or core document. Where management requires a deviation from such standard position descriptions or core documents for a certain position(s), the position(s) will be classified according to the duties and responsibilities actually assigned and performed. Addenda, deletions and amendments to subject documents will be reviewed by a classifier and the impact assessed and recorded. Such changes or documents will be certified by the classifier, signed by the supervisor, and dated by both parties. Changes will be discussed with the employee and the employee will be furnished a copy of the revised or new document.

SECTION 17.03: COMPLAINTS OVER POSITION DESCRIPTION/CORE DOCUMENTS

An employee who feels that his/her position description or duties in his/her core document is inaccurate may meet and discuss this matter with his/her supervisor for clarification. When differences concerning the accuracy of subject documents cannot be resolved between the supervisor and the employee, the employee may file a grievance under the Negotiated Grievance Procedure. Any employee who believes his/her position description/core document is inaccurate may have a union representative present during a position audit if he or she requests representation when notified of an audit.

SECTION 17.04: CLASSIFICATION COMPLAINTS

An employee who feels his/her position description/core document is improperly classified may meet and discuss this matter with his/her supervisor. At the employee's request the supervisor will arrange for a meeting with a position classifier, the supervisor, and the employee. If the employee states the meeting is intended to be a part of the informal procedure of a classification appeal, the employee's representative may attend the meeting if the employee so desires. Should this meeting fail to answer the employee's questions, the employee may file a position classification appeal in accordance with governing regulations. Upon written request, the Employer will provide the Union president or designee with an analysis that explains why positions that seem identical are classified differently. The request will identify the specific positions in question, and include a statement setting forth the Union's concerns and why the positions appear to be the same.

SECTION 17.05: CLASSIFICATION SURVEYS

Classification surveys will be conducted as deemed necessary by the position classification specialist or management. When a survey involves Unit employees, the Union is permitted to have a representative present at the opening of the survey. The supervisor and the Union will be notified in advance of the opening of a classification survey.

SECTION 17.06: SURVEY RESULTS

Following the classification survey and upon completion of the survey documentation, management will advise the union representative who was present at the survey opening of the survey results. Confidential or privileged information learned during the course of the survey will not be disclosed except to those officials with an official need to know. Upon notification of the survey results, the Union may request a meeting.

SECTION 17.07: APPLICATION OF NEW POSITION CLASSIFICATION STANDARDS

- a. New classification standards issued by the Office of Personnel Management will be applied fairly and equitably to all applicable positions, vacant or encumbered.
- b. Notices of grade and pay retention (pursuant to Public Law 95-454, Title VIII, Subchapter VI) will be issued as appropriate to employees whose positions are reclassified at a lower grade as a result of application of new classification standards.
- c. Employees' training agreements will be honored consistent with the implementation of new classification standards.

- d. An employee may seek review of the accuracy or classification of his/her position description/core document through the provisions of Section 17.03 or Section 17.04, as appropriate.
- e. Every reasonable effort will be made to avoid adversely affecting any employee in connection with application of new position classification standards.
- f. An employee on grade retention as the result of application of new classification standards will be referred for placement on positions for which they qualify in accordance with the priority order as established by Air Force regulation, instruction or policy. All names on the referral certificate will be listed in order by Service Computation Date (SCD).
- g. Diligent effort will be made to expedite repromotion of downgraded employees through the priority consideration, referral, and selection provisions of Article 14 of the Master Labor Agreement.
- h. Upon receiving approval from higher authority, if required, to implement the results of application of a new classification standard, existing unsupportable vacant positions will be downgraded, upgraded, or canceled, as appropriate, prior to the issuance of notices placing incumbents of unsupportable positions on grade retention.

SECTION 17.08: REFORM

The Union will be given notice and an opportunity to negotiate classification and pay system changes prior to implementation.

ARTICLE 18

TRAINING

SECTION 18.01: GENERAL

The Employer and the Union agree that the training and development of all employees within the bargaining unit will improve the effectiveness of each AFMC activity. To effectuate and further this policy, management will provide training programs to further develop employees to keep abreast of workload changes.

SECTION 18.02: TRAINING/RETRAINING IN CRITICAL SKILLS

- a. The Employer will identify and publicize critical skill areas through the use of open continuous vacancy announcements through appropriate medium (e.g. base paper, marquee, social media, email). The Employer will advise eligible employees of applicable training opportunities in those critical areas at each subordinate activity.
- b. When advance knowledge of the impact of pending changes is available, the Union will be notified of retraining opportunities to be afforded employees. Upon request, the Union may bargain on procedures to implement the retraining program.
- c. To the extent practicable, cross-training will be utilized to provide adequate training commensurate with workload and mission requirements. Management will make every reasonable effort to assist employees in partaking of training necessary to improve individual performance, potential, and efficiency.
- d. The Employer recognizes that morale can be harmed by requiring employees to train other employees of a higher grade. In view of this, the Employer will avoid such situations insofar as circumstances permit.
- e. When an employee is officially assigned to a position with minimum qualifications, training will be provided in the new job functions. This training will begin within 90 days after assignment, unless there are valid reasons why this time period should be extended. In such cases the employee will be notified of the date the training will start.

SECTION 18.03: IDENTIFICATION OF TRAINING NEEDS

The Employer recognizes its continuing responsibility to have a well-trained workforce. Supervisors will identify training needs of employees, and upon request will discuss expected needs of the organization with the appropriate steward.

SECTION 18.04: RETRAINING ON TECHNOLOGICAL CHANGE

In recognition of the possible impact of technological developments upon the workforce, the Employer agrees to make maximum efforts to minimize the impact of the introduction of new equipment processes and workload changes by retraining of adversely affected employees or other means as appropriate.

SECTION 18.05: EMPLOYER AND EMPLOYEE RESPONSIBILITIES

- a. The Employer and the Union recognize that each employee is responsible for applying effort, time, and initiative in increasing his/her potential value through self-development and training. The Employer and the Union agree to encourage employees to take maximum advantage of training and education opportunities which will add to the skills and qualifications needed to increase their efficiency.
- b. The Employer will identify and publicize essential skill areas and advise employees in the bargaining unit of training opportunities available in local educational institutions in the vicinity of activities.
- c. Information on current training courses being offered by local government agencies or educational institutions will be disseminated within the bargaining unit at activities in the vicinity of such training.

SECTION 18.06: ON-THE-JOB TRAINING/RECORDS

- a. Consistent with Agency policy, the Employer agrees to continue the policy of providing on-the-job training for employees and paying related training expenses in accordance with mission requirements, law, and/or regulation. All on-the-job training will be provided in support of current or future mission requirements.
- b. Training will be recorded on the supervisor's record of the employee and filed in his/her official personnel folder in accordance with applicable regulations.

SECTION 18.07: TRAINING NEEDS

The Employer will provide training opportunities to employees of the unit in accordance with existing laws and regulations, and without regard to race, color, age, religion, sex, or national origin. Employees may apply for training for which they qualify and are free to discuss training needs with their supervisors and with employee development specialists or staffing specialists servicing their organizations.

SECTION 18.08: OFF-BASE JOB-RELATED TRAINING

In accordance with budget limitations, regulations, and mission requirements, job-related educational courses at local colleges and universities will be made available to employees at government expense. Application and acceptance by the university will be the employee's responsibility. Registration dates for each educational institution quarter/semester will be advertised in the base bulletin and will be submitted to the local base paper for publication as soon as practical after information is received from the local education institution. Although training or education will not be provided solely for the purpose of obtaining an academic degree, this prohibition does not limit authority to assign employees to training to develop skills, abilities, and knowledge for the performance of official duties.

SECTION 18.09: SPECIAL SHIFT ARRANGEMENTS

The Employer will make every reasonable effort to arrange employees' hours of work to accommodate employees pursuing education and training which is of mutual benefit to the Employer and employees, consistent with mission requirements. Special arrangements made in accordance with this Section will not interfere with the rights of employees under shift staffing provisions of local supplements.

SECTION 18.10: TRAINING RECORDS

Records of training will be made available to the Union upon request, in accordance with applicable laws.

ARTICLE 19

SECTION 19.02: POLICY AND PROGRAM OBJECTIVES

The parties agree that they will give full support to the equal opportunity policy and program objectives established by Equal Employment Opportunity Commission directives, Air Force regulations, and this Agreement. - f. HQ AFMC will provide Command EO data to AFGE Council 214 as it becomes available.
- g. The parties agree to provide, to their respective constituents, feedback information gathered at EO Advisory Committee Meetings.
- h. The Employer accepts full responsibility for implementation and administration of AFMC's Affirmative Employment and EO plan and objectives.

SECTION 19.03: EO ADVISORY COMMITTEES

- a. The Union will be entitled to have a representative or representative on the activity EO Advisory Committee(s) in accordance with the past practice at each activity.
- b. The Union representative(s) will have a full and active role on the committee and will be responsible for providing Union positions on all matters addressed by the Advisory Committee. Such representative(s) will ensure that Union positions and proposals are provided in a timely manner.
- c. Members of committees shall have access to quarterly reports and other assessments of EO progress.

SECTION 19.04: RESPONSIBILITIES OF SUPERVISORS

Supervisors are responsible for making a positive commitment to manage all human resources effectively in carrying out the Air Force mission and for achieving their share of program objectives. This responsibility requires that all supervisors must:

- b. Become aware of EO goals, objectives, and principles in order to assist in making the Air Force EO Program credible and effective.
- c. When EO complaints and class action allegations are being processed, furnish prompt and accurate responses to inquiries without fear of reprisal.

SECTION 19.06: CHANGES IN AFFIRMATIVE EMPLOYMENT PLANS

When any changes to Activity Affirmative Employment plans are made which affect working conditions, the local union will be provided notice and an opportunity to bargain in accordance with the statute.

ARTICLE 20

DETAILS TO BARGAINING UNIT POSITIONS

SECTION 20.01: GENERAL

- a. A detail exists when an employee continues in the employee's current status and pay and is temporarily assigned to:
- (1) An established position, or the grade-controlling duties of such position or an identical one with a higher or lower basic pay rate, or one requiring different qualifications from those now required in the employee's official position assignment.
 - (2) An unestablished position, that is, one whose duties and responsibilities have not been rated under a classification system and the necessary approvals for its establishment have not been obtained. This type would be in a different occupational line of work, or one that required different qualifications from those required in the official position assignment.
- b. Details to higher grade positions which constitute temporary promotions will be effected in accordance with Article 13.
- c. Details shall be fairly and equitably distributed among employees with requisite skills. Employees will be afforded an opportunity to be made aware of the requirements for a particular detail, for example, the requisite skills, qualifications and availability, before the selection is made for that detail. Upon request, an employee not selected for a detail will be given the reason for the non-selection.
- d. Under no circumstances will details be used for purposes of reprisal.
- e. It is understood that qualifications and requisite skills are determined by the Employer.

SECTION 20.02: DETAIL SELECTION PROCESS

Selection for a Detail shall be determined as described below:

- a. Supervisors shall list their employees in descending seniority order using leave SCD. Supervisors will solicit volunteers from among available employees with the requisite skills and qualifications before drafting.

- (1) If there are more volunteers than needed for the detail, the detail will be considered favorable. The supervisor will select the most senior skilled, qualified, and available volunteer(s) to meet the requirement.
- (2) If there are fewer volunteers than needed for the detail, the detail will be considered unfavorable. The supervisor will accept any volunteers then draft the least senior skilled, qualified, and available employee(s) using leave SCD to meet the requirement.

b. The Employer shall establish rosters available to the Union to implement the requirements of this section of this Article.

c. Exceptions to this roster may be made for employees who are handicapped or who have been assigned to light duty for medical reasons. Exceptions will be made in situations that require immediate response.

d. The Employer recognizes the need to afford employees the opportunity to develop additional skills when there are recurring needs for those skills. There may be opportunities to develop skills through the use of details when there are recurring needs for those skills. However, skills development is not the primary purpose of details.

ARTICLE 21

LOANS OF BARGAINING UNIT EMPLOYEES

SECTION 21.01: DEFINITION

A loan is the assignment of an employee to another supervisor or organization to meet temporary or limited emergency work situations where the position has the same grade, series, and basic duties as his/her regularly assigned position.

SECTION 21.02: DISTRIBUTION OF LOANS

Loans will be fairly and equitably distributed among qualified employees. Employees will be afforded an opportunity to be made aware of the requirements for a particular loan, for example, the requisite skills, qualifications and availability, before the selection is made for that loan. Upon request, an employee not selected for a loan will be given the reason for the non-selection.

SECTION 21.03: LOANS OUTSIDE THE BARGAINING UNIT

When a bargaining unit employee is to be temporarily assigned to a position outside the unit, the Employer will inform the employee of working conditions which are different at the receiving location.

SECTION 21.04: DURATION OF LOANS

Loans shall be effected in accordance with applicable rules and regulations. Loans will be limited to the shortest practicable time and, upon request, the Employer will inform the employee of the anticipated duration and working conditions which are different at the receiving location.

SECTION 21.05: LOAN SELECTION PROCESS

Selection for a Loan shall be determined as described below:

a. Supervisors shall list their employees in descending seniority order using leave SCD. Supervisors will solicit volunteers from among available employees with the requisite skills and qualifications before drafting.

- (1) If there are more volunteers than needed for the loan, the loan will be considered favorable. The supervisor will select the most senior skilled, qualified, and available volunteer(s) to meet the requirement.
- (2) If there are fewer volunteers than needed for the loan, the loan will be considered unfavorable. The supervisor will accept any volunteers then draft

the least senior skilled, qualified, and available employee(s) using leave SCD to meet the requirement.

- b. The Employer shall establish rosters available to the Union to implement the requirements of this section of this Article.
- c. Exceptions to this roster may be made for employees who are handicapped or who have been assigned to light duty for medical reasons. Exceptions will be made in situations that require immediate response.
- d. The Employer recognizes the need to afford employees the opportunity to develop additional skills when there are recurring needs for those skills. There may be opportunities to develop skills through the use of loans when there are recurring needs for those skills. However, skills development is not the primary purpose of loans.

ARTICLE 22

TRAVEL/TDY

SECTION 22.01: SCHEDULING AND COMPENSATION FOR OFFICIAL TRAVEL

- a. If administratively controllable and/or unless mission requirements dictate otherwise, travel will be scheduled during an employee's basic work week. It is recognized that situations will develop when the employee will be required to travel away from his/her official duty station outside his/her regularly scheduled work hours.
- b. Employees are entitled to earn compensatory time off for travel in accordance with law and government wide regulation. Compensatory time off for travel is earned by an employee for time spent in travel status away from the employee's official duty station when such time is not otherwise compensable.

SECTION 22.02: CONTENTS OF TRAVEL ORDERS

A standard travel order will be issued to employees whenever possible for travel beyond the local area of the subordinate AFMC activity. The travel order will contain the following:

- a. Purpose of travel assignments
- b. Days on which travel is scheduled
- c. Anticipated duration of assignment
- d. Mode of transportation to the destination

SECTION 22.03: TRAVEL FUNDS

- a. Bargaining unit employees will use the Government-issued travel charge card for the purpose of traveling on official Government business, except for those exemptions in the Federal Travel Regulations.
- b. When a bargaining unit employee uses a Government-issued travel charge card, the following procedures will apply:
 - (1) The employee will use the charge card for lodging expenses and other expenses related to the official travel.
 - (2) The use of the Government-issued travel charge card is limited to expenses incurred in connection with officially authorized Government travel.

- (3) The employee is expected to submit vouchers promptly upon completion of travel.

c. When preparing an electronic travel voucher, employees are encouraged to designate the amount of the reimbursement, or a portion of that amount, to be paid directly to the travel charge card contractor. After the traveler has designated the amount of the reimbursement to be paid directly to the travel charge card contractor and employee, an e-mail message confirming the date and the amount of the reimbursement paid to the employee will be sent. It is the intention of the Parties that utilization of this procedure will help employees avoid delinquencies in the payment of the amount owed on their government travel charge cards, and will help to reduce the incidence of disciplinary action against employees for travel charge card delinquency.

The parties affirm that travel-related debts can be collected through a salary offset procedure where necessary. Garnishments of employee pay arising from travel card delinquencies will adhere to applicable laws and governing regulations. The authority to develop and implement a salary offset procedure is found in Public Law 105-264, the Travel and Transportation Reform Act of 1998 (TTRA). With respect to the possible use of a salary offset procedure, the parties agree that:

- (1) The card provider or Employer will forward to the bargaining unit member a written notification of delinquent debt (i.e. 30 or more days past due).
- (2) Employees are encouraged to contact their travel advisor over non-payment of filed travel vouchers. Travel advisors will assist employees in resolving such issues. The Employer will thus ensure the timely reimbursement of qualifying expenses for associated travel to bargaining unit members who properly and timely filed their vouchers.
- (3) Refunds will be provided by the card provider as soon as possible to any bargaining unit employee where salary offset has been initiated in error and employee has properly requested refund.
- (4) A bargaining unit employee contesting a delinquency may request an oral hearing under the Debt Collection Act of 1982 at the employee's option. Oral hearings will be held consistent with applicable agency regulations and/or guidelines. Nothing in this Section restricts the employee's right to grieve a debt collection action.

d. When requested, management will continue to provide assistance to employees for the purpose of preparing travel orders and travel vouchers. If requested by employees, assistance with respect to the inputting of this information into the Defense Travel System (DTS) or alternative systems will be provided.

SECTION 22:04: DEFENSE TRAVEL SYSTEM

a. The parties reaffirm the implementation of the Defense Travel System (DTS) as a seamless, paperless, temporary duty (TDY) system to meet the needs of individual travelers, commanders/ supervisors and process owners. The Parties affirm that DTS is

used for the creation of travel orders prior to travel and for the creation of vouchers upon travel completion. Given that DTS is designed as a totally-electronic Travel System, it is agreed that bargaining unit members will be required to maintain required travel receipts consistent with governing U.S. Internal Revenue Service income tax laws, rules and regulations. Should a bargaining unit member foresee any problems retaining the necessary receipts, the employee is encouraged to contact their immediate supervisor for purposes of discussing the problem. Personal information submitted via DTS, to include one's Social Security number, will be used only for purposes of processing official travel and administering the DTS program and will not violate the provisions of the Privacy Act of 1974 (5 U.S.C., section 552a As Amended).

b. The Employer is committed to taking those necessary actions which will allow employees to timely arrange official travel and thereafter to timely file related vouchers. Those actions will include as needed providing government personal computers and trained individuals to assist the Union bargaining unit members in the preparation of travel authorization including flight, hotel and rental car arrangements, and the completion of travel voucher and all other DTS requirements. Employees will be provided a reasonable amount of duty time to prepare the travel authorization and complete the travel voucher. The Employer will maintain an assistance office or identify an organizational representative to assist with these DTS functions on behalf of employees not skilled in the use of DTS.

SECTION 22.05: USE OF GOVERNMENT QUARTERS

The Parties agree to comply with requirements as outlined in the Joint Travel Regulation (JTR) in regards to Government Quarters.

SECTION 22.06: PROCEDURES FOR INADEQUATE QUARTERS COMPLAINTS

Should the employee, upon arrival, find that the facilities and quarters are not adequate under applicable law, DOD Joint Travel Regulations, Air Force regulations, or the provisions of this contract, they may immediately notify the order issuing authority. The order issuing authority will make a determination within one (1) workday in accordance with the criteria in this Article as to whether government or nongovernment quarters should be used or whether the employee should return home. Disputes will be resolved under the Negotiated Grievance Procedure. Employees may volunteer to use government quarters which do not meet the standards set forth in applicable law, regulation, and/or this Agreement.

SECTION 22.07: STANDARDS OF ADEQUACY

The parties agree that the use of government quarters of the TDY station would adversely affect the performance of the TDY assignment where:

- a. Such quarters cannot be reserved prior to the employee's departure and for the duration of the TDY assignments; or
- b. Such quarters do not meet the following minimum standards for adequacy (the following adequacy standards shall be applicable only in the absence of adequacy

standards set by law and/or regulation of appropriate authority):

- (1) If available, every employee shall be quartered in a private room.
- (2) Quarters shall be clean and in good condition, with furniture to include but not be limited to beds, facilities for storage of clothing, bedding, and window shades and screens.
- (3) Bathrooms shall be clean and sanitary and shall provide for privacy when in use.
- (4) All rooms where employees are quartered shall have door locks and keys in good condition. Facilities where employees can secure their personal belongings from theft or vandalism will also be available.
- (5) Quarters shall be free from undue or unreasonable noise and disturbance so as to provide for adequate sleep and rest during normal sleeping hours.
- (6) There shall be a telephone in each room or in the immediate vicinity of the employee's room. Provisions will be made for television in the employee's room, if television reception and sets are available.

SECTION 22.08: EATING FACILITIES

Normally suitable meals will be available at the TDY station. However, where such meals are not available on base, government transportation may be provided for employees to transport them to suitable eating facilities off base. Where both suitable on base meals and government transportation are unavailable, employees will be reimbursed for transportation expenses incurred in traveling to an off base eating facility in accordance with applicable regulations.

SECTION 22.09: MODE OF TRAVEL

The employee will have a choice of mode of travel where mission requirements permit and the choice does not adversely affect another employee's leave.

SECTION 22.10: SELECTION PROCEDURES

a. TDY will be rotated among qualified and available employees with requisite skills on a fair and equitable basis. The determination as to "available" and "requisite skills" shall not be arbitrary and/or capricious. Employees may volunteer for TDY and such assignments will be rotated among the qualified and available employees with requisite skills on the basis of seniority (leave SCD). If there are insufficient volunteers, inverse seniority (leave SCD) will be used among those available with the requisite skills.

b. Separate overseas and stateside TDY rosters will be maintained. The roster shall contain the location and date of each trip. Any employee who declines a TDY assignment will initial or sign the roster. An employee who wishes to withdraw as a TDY volunteer

will initial or sign the roster.

c. Exceptions will be made for compassionate reasons.

d. This section does not apply to training assignments involving TDY.

e. Employees who are loaned or detailed shall maintain their position on the TDY roster of the assigned organization. They will not be arbitrarily or capriciously denied TDY. Employees determined to be not available will maintain their position on TDY rosters until they are available to accept or decline a TDY.

SECTION 22.11: TDY SHIFT ASSIGNMENTS

Employees selected for TDY will be advised before departure of the shifts they will be working while on TDY. To the extent operationally feasible, employees will be assigned to the same shift while on TDY as they occupy at their regular duty station.

SECTION 22.12: RETURN TRAVEL

a. If a temporary duty assignment requires a traveler to be away from his/her official duty station for more than 30 calendar days, management will, to the extent possible, permit an employee to voluntarily return to his/her official duty station during nonworkdays. In accordance with applicable laws and regulations, the employer will pay travel expenses equal to the amount of per diem an employee would have received while on TDY.

b. When an emergency arises during TDY which involves a member of an employee's immediate family, they shall be returned to their official duty station. The Employer will provide transportation when possible or authorize payment for travel to the extent possible under applicable laws and regulations.

SECTION 22.13: TDY RECORDS

Records of TDY assignments will be maintained for a period of 18 months and will be made available to the Union for inspection upon request.

SECTION 22.14: RECOVERY TIME

The following provisions provide for recovery time following TDY travel when the employee is adversely affected by fatigue:

a. When an employee begins or ends temporary duty travel by commercial carrier during regularly scheduled hours of duty, supervisors may excuse the employee for up to 3 hours without charge to leave.

b. When extensive temporary duty travel outside of regularly scheduled hours of duty is required, employees are authorized to be absent from work without charge to leave or loss of pay for a reasonable time to recuperate from fatigue or loss of sleep. In

determining "reasonable time" the supervisor considers the adverse effect on work performance, health, or well being, and any safety hazard which might result from working while fatigued.

c. When the total elapsed travel time exceeds 20 consecutive hours, as in the case of travel between the continental United States and either Pacific or European bases, up to 8 hours of duty time may be excused for recuperation. When requested, supervisors are encouraged to grant unscheduled leave.

SECTION 22.15: VICINITY TRAVEL

When a privately owned conveyance is used in the accomplishment of agency assigned duties for travel between an employee's residence or the permanent duty station and one or more work sites within the local area, the employee will be paid mileage for the distance that exceeds the employee's commuting distance.

ARTICLE 23

ANNUAL LEAVE

SECTION 23.01: ANNUAL LEAVE APPROVAL

The use of annual leave is a right of the employee in that the employee is either given an opportunity to use the annual leave, or to the extent permitted by law, is paid for it at the time of separation. Supervisors consider the employees' desires and personal convenience as well as workload considerations when granting leave. They must not make arbitrary decisions to deny leave. However, the final determination as to the scheduling and the amount of annual leave granted at any specific time is made by the supervisor authorized to approve leave.

SECTION 23.02: SCHEDULING

Annual leave schedules will be established in January of each year to ensure that all employees are given an opportunity to schedule and to use any leave available to them for the year. Leave for more than 30 consecutive calendar days may be scheduled subject to approval for specific situations. Employees will be notified by the supervisor not later than 15 February of any problems arising from the initial leave schedules and appropriate action will be taken not later than the last day of February to resolve the problem.

SECTION 23.03: CONFLICTS OVER SCHEDULED LEAVE

When conflicts in leave schedules occur and the conflict cannot be resolved by mutual agreement, the employee with the longest service as determined by leave SCD will be entitled to the requested leave. Employees shall be permitted to exercise this entitlement for all leave scheduled in January each calendar year. Thereafter, requests for leave not scheduled in January will be scheduled on a first-come, first-approved basis.

SECTION 23.04: CANCELING/RESCHEDULING

The Employer reserves the right to cancel previously scheduled or requested annual leave in accordance with appropriate laws and regulations when workload necessitates such action. The supervisor will notify the employee at such time as situations develop which require rescheduling or cancellation of leave and will provide the employee specific reasons as to the need for these actions. Employees whose leave is canceled under this section may reschedule their leave in accordance with Section 23.03 above.

SECTION 23.05: CHANGES TO LEAVE SCHEDULES

Once employees have made their leave selection, they shall not be permitted to change this selection when such change will disturb the choice of another employee. Employees may be permitted to change their selection when it does not disturb the choice of another employee.

SECTION 23.06: PROCEDURE FOR REQUESTING UNSCHEDULED ANNUAL LEAVE

Employees should request emergency/unscheduled annual leave by contacting their immediate supervisor, or other person designated by management to receive such requests. These requests will occur as soon as possible, but no later than two hours after the start of the employee's shift. Employees will provide a reason(s) for the request, a call back number, and the anticipated duration of the absence.

a. Methods for requests may include telephone calls, email, voice mail, and text. Requests prior to the start of the employee's regular shift may be authorized if dictated by mission requirements. Supervisors will ensure employees are informed, in writing, of acceptable means of contact and other person designated by management to receive such requests. This information will be updated and provided to employees in writing prior to any changes in contact methods.

b. If the requested duration of leave cannot be granted, the supervisor will contact the employee within 1.5 hours of the request or within 1.5 hours of the start of the employee's shift, whichever is later. The supervisor will contact the employee within the timeframe specified above if the leave cannot be granted, otherwise the employee may assume approval for the period requested, up to three work days.

c. If the employee is not able to make the request, someone else may make the request on their behalf consistent with the requirements of this article.

d. An employee may submit an OPM Form 71 requesting leave. The supervisor will approve or disapprove, including the reasons for disapproval, and return it to the employee within one workday after the receipt by the supervisor.

SECTION 23.07: LEAVE FOR DEATH IN IMMEDIATE FAMILY

In case of death in the immediate family, the death of a relative, or the death of a significant other, annual leave or leave without pay will be granted.

SECTION 23.08: LEAVE FOR RELIGIOUS HOLIDAY

Leave will normally be approved for any workday which occurs on a religious holiday associated with the religious faith of the employee, unless the granting of such leave would adversely affect accomplishment of mission requirements. Under no circumstances will the employer question the employee about their religious beliefs if the holiday is included in the leave schedule submitted to the supervisor each January as noted in Section 23.02.

SECTION 23.09: LEAVE/WORK DURING ACTIVITY SHUTDOWN

a. If for any reason the Employer schedules or effects shutdown of activities, a reasonable effort will be made to provide work for employees not having annual leave to their credit. If work cannot be provided for such employees, annual leave may be advanced or Leave Without Pay (LWOP) may be approved to the extent determined appropriate by the Employer.

b. This article does not limit commanders' authority to excuse employees on administrative leave for emergency shutdown due to weather, power outages or other reasons described in law or regulation.

SECTION 23.10: ACCRUAL/AVAILABILITY OF LEAVE

Annual leave to be accrued during the leave year becomes available to the employee on the first leave day of the year.

SECTION 23.11: LEAVE FOR INTERNAL UNION FUNCTIONS

An employee who is a steward or Union official will be granted annual leave to attend internal Union functions which are not covered by official time. Normally, one week advance notice will be required and such leave will be approved subject to workload considerations.

ARTICLE 24

SICK

LEAVE

SECTION 24.01: PROCEDURE FOR REQUESTING SICK LEAVE

This article sets forth comprehensive policies and procedures pertaining to the approval and use of sick leave by bargaining unit employees. Employees shall earn and be granted sick leave in accordance with applicable law, regulations and the provisions of this Article. Sick leave will become available for use at the beginning of the pay period during which it is earned. Sick leave requests shall be approved for employees when they are incapacitated for performance of their duties by sickness, injury, pregnancy, confinement, or to care for a member of the employee's immediate family when afflicted with a medical condition or contagious disease.

a. Employees should request emergency/unscheduled sick leave by contacting their immediate supervisor, or other person designated by management to receive such requests. These requests will occur as soon as possible, but no later than two hours after the start of the employee's shift. Employees will provide a reason(s) for the request, a call back number, and the anticipated duration of the absence.

b. Methods for requests may include telephone calls, email, voice mail, and text. Requests prior to the start of the employee's regular shift may be authorized. Supervisors will ensure employees are informed, in writing, of acceptable means of contact and other person designated by management to receive such requests. This information will be updated and provided to employees in writing prior to any changes in contact methods.

c. If the requested duration of leave cannot be granted, the supervisor will contact the employee within 1.5 hours of the request or within 1.5 hours of the start of the employee's shift, whichever is later. The supervisor will contact the employee within the timeframe specified above if the leave cannot be granted, otherwise the employee may assume approval for the period requested, up to three work days.

d. If the employee is not able to make the request, someone else may make the request on their behalf consistent with the requirements of this article.

e. An employee may submit an OPM Form 71 requesting leave. The supervisor will approve or disapprove, including the reasons for disapproval, and return it to the employee within one workday after the receipt by the supervisor.

f. The supervisor will relieve the employee of the above contact requirements in Section 24.01(a) upon receipt of medical documentation from the treating physician stating that the employee is incapacitated for duty and may not return to work until a specified date. Approval of sick leave for prearranged medical appointments will be secured from the Employer in advance of the absence, except in emergency situations.

SECTION 24.02: DOCUMENTATION FOR SICK LEAVE OF MORE THAN 3 DAYS

An employee may be required to furnish a doctor's certificate to substantiate a request for more than 3 consecutive workdays of sick leave. Normally, the employer will not require a doctor's certificate for a lesser period but reserves the right to do so when as determined necessary by the employer. If the employee is not attended by a physician, the employee's personal written self-certification as to the nature of the illness, or incapacitation for duty will be accepted in lieu of a doctor's certificate, except as set forth in Section 24.03 below.

SECTION 24.03: IDENTIFICATION AND CORRECTION OF SICK LEAVE ABUSE

a. An employee will be required to furnish a doctor's certificate to substantiate a request for sick leave for any duration when there is a documented reason to believe the employee is misusing sick leave, or a trend of abusing sick leave develops as set forth in the examples below:

- (1) Absence after paydays
- (2) Sick leave before or after holidays
- (3) In conjunction with regular days off or weekends
- (4) Consecutive work days
- (5) Absences during heavy workloads or undesirable duties
- (6) Recurring sick leave use of short duration
- (7) Sick leave being used as soon as it is accrued

b. A low sick leave balance alone may not be reason for considering an employee a leave abuser. The supervisor must consider if the low balance was caused by extended or lingering illness and/or recovery from surgery or accident. If it appears an employee may be abusing sick leave, the supervisor should look further into the individual's past leave records, using available sick leave data to provide more information. The supervisor will also explore the causes of the employee's chronic absenteeism and assist in resolving the conflict, provide additional personal reminders of the importance of careful use of sick leave, etc.

c. Once a supervisor has identified sick leave abuse, the supervisor will counsel the employee with respect to the use of sick leave, and a record of the counseling will be recorded on the Supervisor's Employee Brief (commonly referred to as AF Form 971). Bargaining unit employees will not be required to provide doctor's certificates for sick leave requests solely on the basis of a mechanized leave usage report that indicates the employee's use of sick leave is abnormal.

d. If the sick leave record subsequent to the counseling does not show elimination of sick leave abuse, the employee should be given written notification requiring the employee to provide doctor's certificates for all absences for which sick leave is requested. This notice must contain justification as to why the employee was given the additional requirement, such as stating the number of hours of sick leave used in a specific period, the employee's sick leave pattern, balance, etc. This notice will state that sick leave must be requested on the first day of the absence and on every additional day of absence, unless the supervisor expressly relieves the employee of this requirement. The supervisor will relieve the employee of this requirement on receipt of medical documentation from the treating physician stating the employee is incapacitated for duty and may not return to work until a specified date. The requirement to furnish doctor's certificates, once imposed, will be reviewed at least every 3 months to determine if it should be continued. At the time of the review, the employee will be counseled and advised in writing if the requirement is to be continued or canceled. The supervisor should take care to be firm, fair, and consistent not only in resolving sick leave abuse but in all aspects of sick leave administration.

SECTION 24.04: RELEASES BY BASE MEDICAL FACILITY

Employees who are released from duty on advice of the Base Medical Authority because of illness shall not be required to furnish medical certificates to substantiate sick leave for the day they were released from duty.

SECTION 24.05: PRIVACY OF RECORDS

Records of employee sick leave balances will be restricted to those with a need to know. A low sick leave balance by itself shall not be used as a basis for promotion consideration.

SECTION 24.06: ADVANCE SICK LEAVE FOR SERIOUS DISABILITY OR ILLNESS

In cases of serious disability or illness employees may be advanced up to 240 hours sick leave. A request for advance sick leave of up to 240 hours will be made by the employee in writing, and it will include a certificate from a competent medical authority describing why the employee should be granted the absence and the doctor's professional opinion as to the employee's expected ability to return to duty following the absence. These requests will be approved or disapproved in writing. If disapproved, an employee will be given a copy of the reasons in writing. An advance of sick leave is not granted if it is considered likely that the employee will not return to duty for a sufficient period of time to earn the leave.

HEALTH AND SAFETY

SECTION 25.01: GENERAL POLICY

The Employer agrees to establish and maintain a comprehensive occupational safety and health program, and to make every effort to provide safe and healthful workplaces and working conditions as required by applicable regulations. The Employer and the Union agree to cooperate in a continuing effort to avoid, reduce the possibility of, and/or eliminate accidents, injuries, and health hazards in all areas under the Employer's control. The Employer agrees to comply fully with all provisions of Executive Order No. 12196 as implemented within DOD and 29 CFR Part 1960.

SECTION 25.02: PUBLICITY

The parties agree to publicize on a recurring basis all safety awareness programs and the provisions and procedures for elimination of safety and health hazards under the USAF Hazard Reporting Program.

SECTION 25.03: LOCAL ACTIVITY COMMITTEES

a. The Employer will maintain an Environmental Safety and Occupational Health Committee at each subordinate AFMC activity. Such activity committee will be chaired by the Commander of the subordinate AFMC activity or designee. Meetings will be scheduled at least quarterly on dates scheduled by the chairman. Additional meetings will be held upon mutual agreement of the parties to consider serious safety matters that arise between the regular scheduled meetings. Two representatives of the union shall be entitled to permanent membership on such committees and will have equal status with other committee members. In addition, the Union will be permitted the presence of a technical advisor on an as-needed basis, provided the request is made at the same time as agenda items are submitted. Official time entitlements to allow representation under this article will be as authorized under Article 4.

b. The purpose of such committee shall be to consider occupational safety and health matters brought to its attention, make recommendations thereon to the Commander of the subordinate AFMC activity, and perform such additional tasks as the Commander or the committee chairman may direct. The committee may also review matters such as occupational safety and health training programs.

c. An agenda for each committee meeting shall be prepared in advance; either party may propose subjects for discussion by submitting such to the activity Safety Office at least 15 workdays prior to the scheduled meeting date of the committee. Additional agenda items may be submitted on health and safety issues that arise subsequent to the 15 day requirement. Minutes of all meetings will be taken and will be distributed to all attendees.

Minutes will be signed by the committee chairman and will include appropriate committee recommendations, the appropriate priority of each recommendation as determined by the chairman, and the action office assigned to implement adopted recommendations.

d. Each member of the committee shall have the right, if desired, to file a dissenting report to each committee's full report or any part thereof, and that dissent shall become a part of the official record of the report on the subject.

e. This section does not preclude a Union representative from attending organizational safety meetings below the activity level.

SECTION 25.04: HEALTH AND SAFETY STANDARDS

The Employer and the Union agree that applicable Air Force guidance on safety and health are minimal safety standards. In the absence of Air Force guidance, applicable OSHA standards will govern, and if there is no applicable OSHA standard, nationally recognized sources of health and safety criteria will be utilized.

SECTION 25.05: PROTECTIVE CLOTHING, EQUIPMENT, TOOLS

The Employer agrees to provide to employees any required tools and safety or protective equipment, reasonably fitted safety clothing, and devices necessary to provide protection of employees from hazardous conditions encountered during the performance of official duties. Such equipment will be provided as authorized by applicable Air Force regulations and directives (such as Technical Orders, Table of Allowances and local supplements thereto, etc.), and issuances shall be strictly governed by criteria contained in those authorities. The Union agrees to assist the Employer in aggressively publicizing the benefits of the use of protective devices and equipment by employees, and their adhering to good safety practices, policies, and procedures.

SECTION 25.06: EMPLOYEE SAFETY TRAINING

Wherever employees are required to perform duties which involve real or potential hazards, the Employer will provide adequate training to said employees. An employee should not be required to work on a job or machine with which he or she is unfamiliar until the Employer has provided adequate training and instructions to safely perform the job. Such training shall include instruction, proper work methods to be used, and proper use of protective equipment.

SECTION 25.07: REPAIR OF OPERATING EQUIPMENT

Repair or adjustments to operating machines or energized circuits will be conducted strictly in accordance with applicable Technical Orders or other validated operating instructions.

SECTION 25.08: TOXIC OR FLAMMABLE VAPORS

Where work is required to be performed in enclosed areas where flammable or toxic vapors may exist, the Employer agrees such areas will be maintained such that vapor levels remain within acceptable safety parameters as set forth by applicable safety standards.

SECTION 25.09: TEMPERATURE CONDITIONS

The parties recognize that temperature conditions in and around work areas can have a direct bearing on employees' comfort, morale, health and safety. In determining the stress that temperature extremes may place upon an individual employee, the personal comfort and health of the employee will be taken into consideration as well as related factors such as wind chill factor, air flow, the work to be performed, and similar considerations. Where the Employer's Bioenvironmental Office determines that the effective temperature in a particular work area or site exceeds recognized standards for the degree of work being performed, the Employer will take precautionary measures to reduce the risk to employees so exposed. Such measures will include reduction of work being performed, increased frequency or duration of rest periods, etc. This Section shall apply to both heat and cold exposure situations. Protective clothing for such situations will be provided where authorized in accordance with Section 25.05.

SECTION 25.10: EXPOSURE TO HAZARDOUS CONDITIONS

The Employer agrees that methods and operating procedures will be such that personnel will not be unnecessarily exposed to occupational safety/health hazards, except where such exposure is a necessary part of the employee's official duties. Employees performing such duties will be compensated in accordance with Article 26, Hazard and Environmental Pay, and applicable regulations cited therein.

SECTION 25.11: IMMINENT DANGER SITUATIONS

When an employee, during the course of performance of official duties, believes he or she is exposed to a health or safety hazard which presents an imminent danger which may cause death, injury, occupational illness, loss of a facility, or major property damage, said employee shall cease the activity and immediately contact the nearest available supervisor. The supervisor shall then make an evaluation of the situation after discussion with appropriate safety personnel and decide as to whether work may proceed. The union will be advised and specific information provided. The Employer shall ensure local notification procedures are established for timely union notification.

SECTION 25.12: NOTIFICATION OF DANGEROUS CONDITION

When the Employer determines that a dangerous or potentially dangerous condition arises or is present at a particular worksite, employees at that worksite and the union will

be notified as soon as possible so precautionary steps can be taken. Final evaluation of the condition will not be delayed due to unavailability of the union representative.

SECTION 25.13: POSTING NOTICE OF HAZARDOUS CONDITION

The Employer agrees to post notice of hazardous conditions discovered in a work place as required by applicable regulations. The notice shall be posted, with a copy to the union office when requested, at or near the location of the hazard and shall remain posted until the cited condition has been corrected. Such notices shall contain a warning and description of the unsafe or unhealthful working condition and any required precautions to the full extent required by applicable regulations.

SECTION 25.14: INSPECTIONS

a. Safety and health inspections or surveys will be conducted by the Employer as required to maintain a safe and healthful workplace. They will be in accordance with applicable regulations.

b. When a scheduled worksite inspection is conducted by a safety organization external to the directorate or equivalent, as part of a regular recurring requirement, the Union will be notified and given an opportunity to have union representation to accompany the Employer's Inspector(s). Where the inspection is conducted by the Activity's Safety Committee the Union's permanent member(s) may accompany the inspection team. The union will also be notified upon learning of an unscheduled worksite inspection and given an opportunity to have a union representative accompany the employer's inspector(s).

c. The Union agrees to provide, in advance, one telephone number and one alternate number at each subordinate AFMC activity whereby the Employer will give notice to the Union of an impending inspection of a particular work area. Inspections will not be delayed due to unavailability of the Union representative.

d. Inspections shall be conducted in a manner so as to preclude any disruption of the operations of the worksite being inspected. The Employer's Inspector(s) and accompanying Union representatives may discuss with worksite personnel any matters affecting their safety and health and may offer said personnel the opportunity to identify alleged unsafe or unhealthful working conditions.

SECTION 25.15: ACCIDENT INVESTIGATIONS

When the Employer conducts an industrial accident investigation involving or impacting bargaining unit employees, the Union shall be notified and permitted at its request to meet with the safety and/or management official or officials in charge of such investigation and provide recommendations or information to that official regarding the investigation (e.g., prospective witnesses, work practices which may have led to the accident, etc.).

SECTION 25.16: REPORTING HAZARDOUS CONDITIONS

- a. All employees have the right and will be encouraged by the parties to responsibly report all alleged hazardous situations.
- b. The parties agree that alleged hazards of an imminent danger to employees will be promptly reported orally to the supervisor. Procedures in 25.16.c. may apply. Employees may utilize Air Force Form 457, USAF Hazard Report, to report such alleged hazards to the subordinate AFMC activity Safety Office. Such reports shall be processed in accordance with applicable regulations, including 29 CFR Part 1960 where appropriate. Employees filing such hazard reports may request that their identity not be revealed to anyone other than the officials processing the report, and the Employer will maintain maximum confidentiality following such request.
- c. Employees who file complaints over alleged health and safety violations under the provisions of 29 CFR Part 1960 are precluded from filing a grievance over the same incident. Health and safety grievances filed by the Union or employees will not be affected where other employees file health and safety violations under 29 CFR Part 1960.

SECTION 25.17: REPORTS TO UNION

Upon request, consistent with 5 USC 7114(b)(4), the Union shall be advised by the Employer of any action taken as the result of a hazard report and/or a safety inspection concerning a safety matter affecting bargaining unit employees. If the inspection is the result of a hazard report, and the employee who filed the report or the Union is not satisfied with the action taken, the report of alleged hazard may be further processed in accordance with Section 25.16 above.

SECTION 25.18: TRAINING FOR UNION MEMBERS OF SAFETY COMMITTEE

The Employer, to the extent provided in applicable regulations, agrees to offer the following training for the Union's permanent representatives on the activity Environmental Safety and Occupational Health Committee and full-time representatives at each subordinate AFMC activity to enable such representatives to participate fully in the activity's safety and health program aimed at assuring a safe and healthful work environment: Supervisor Safety Training (SST), Unit Safety Representative Training, the OSHA 10 hour course, and seats in any safety or health course that is sponsored by the installation. Such training shall be provided without loss of pay or charge to leave for specified Union representatives.

SECTION 25.21: NOTICES TO UNION OF ON-THE-JOB INJURY/ILLNESS

The Employer shall ensure local notification procedures are established for timely union notification in the event of an on-the-job injury/illness. In the event of a serious injury/illness or death, union notification to include name of the employee involved, will occur after contact has been made with the employee's emergency addressee.

SECTION 25.22: WORK IN REMOTE AREAS

When work is required to be accomplished in enclosed or remote spaces where unobserved injury or illness may occur, the provisions of Section 25.11 shall apply.

SECTION 25.23: LOCAL SUPPLEMENTATION FOR UTAH TEST AND TRAINING RANGE

All employees shall be provided an informational review of their rights and responsibilities with regard to compensation procedures and/or guidelines on an annual basis. The manner used to provide this review requirement will be left to the discretion of the Employer.

SECTION 27.02: ELECTION OF BENEFITS

An employee with a job-connected disability may elect to be placed on sick or annual leave instead of leave without pay pending approval of his/her compensation claim. Leave without pay must be substituted for sick or annual leave upon approval of a claim before compensation is paid. The parties recognize that the Office of Worker's Compensation Programs (OWCP) approves or disapproves compensation claims and the amount to be paid. Employees making claims will be advised of the estimated amount of the compensation payment and will be given an opportunity to elect a combination of sick leave or annual leave and leave without pay to minimize the amount to be repaid if the claim is approved

SECTION 27.03: TRAUMATIC INJURIES

SECTION 27.06: DISABILITY RETIREMENT COUNSELING

Activity-wide changes in local conditions of employment, not covered by this MLA nor as a result of Command-wide negotiations under Section 33.02.b. above, which are within the discretion of the subordinate activity commander, will be brought to the attention of local Union President prior to implementation in accordance with law and regulations. The Union will be given a specified reasonable implementation date as determined by mission requirements and the urgency for implementation.

- (1) If the Union wishes to negotiate, in accordance with 5 USC Chapter 71 the Union will submit written proposals to the activity labor relations office within 10 workdays of the date of notification if circumstances permit that much time. The local parties will determine a date on which negotiations will take place, the persons to be involved, the location, and the implementation procedures.

- (2) Upon notification that activities and local Unions have been delegated negotiation responsibilities in accordance with Section 33.02.e, the activity will provide notice of the new or revised issuance or directive to the local president together with a specified reasonable implementation date. If the Union wishes to negotiate, it will respond in accordance with Section 33.03.a(1) above and the provisions of that Section will be followed in discharging the bargaining obligations.

b. Changes in local conditions of employment at echelons below the activity commander will be brought to the attention of the Union President. Arrangements will be made by such officials, if bargaining is requested, to discharge the bargaining obligation in a time frame consistent with the circumstances causing the needed change. Agreements reached may not violate any provisions of this MLA or Local Supplements. Locally negotiated agreements may not impose restrictions or limits on provisions negotiated at Command level.

c. When a bargaining obligation is generated by the union over a condition of employment which has not been covered by the contract and was not the subject of a matter previously submitted, but withdrawn, during negotiations, the following procedures will apply:

- (1) After review by the Council 214 President, the local Union President will notify, in writing, the Labor Relations Officer of the intended changes in conditions of employment. A reasonable time period/date following the notification will be identified as the proposed implementation date. The Labor Relations Officer or designee may request and be granted a meeting to discuss the change.
- (2) If management wishes to negotiate, in accordance with entitlements under the 5 USC Chapter 71, concerning the union's proposed changes, management will submit written counterproposals to the union not later than 15 workdays after receipt of the union's written notification. Negotiations will normally begin within five workdays after receipt by the union of the timely proposals. If necessary, the identified implementation date may be postponed to complete negotiations.

d. There shall be no implied consent or constructive implementation of any union proposal.

e. Agreements reached under this Section will be promptly implemented by the Employer in the appropriate form such as regulation, letter, or operating instruction. Disputes over the application of the implementing directive will be subject to resolution under Article 6 (Grievance Procedure).

SECTION 33.04: DISPUTES AND IMPASSES IN MIDTERM NEGOTIATIONS

In the event the negotiating parties at any level cannot reach agreement, the following procedures will be applied if either party wishes to pursue final resolution:

- a. If the dispute involves statutory or regulatory negotiability issues, they will be processed as prescribed in 5 USC Chapter 71 and implementing regulations.
- b. Either party may seek the assistance of the FMCS or the FSIP in accordance with the rules and regulations of those agencies.

ARTICLE 34

LOCAL SUPPLEMENTS TO THE MASTER AGREEMENT

SECTION 34.01: DEFINITION AND SCOPE OF LOCAL SUPPLEMENTS

- a. The Employer and the Union agree that this Agreement shall constitute the Master Labor Agreement between the parties and shall be applicable to all AFMC activities and employees included in the bargaining unit as defined in Article 2, Recognition and Coverage. The articles of this Master Labor Agreement may not be supplemented in local agreements, except as specifically authorized in the Master Labor Agreement.
- b. In an effort to continue to develop a productive labor-management relationship which benefits employees and their Union and the Employer, it is the intent of this subsection to encourage supplemental negotiations over matters within the scope of negotiations under subsection 33.01.b.
- (1) It is understood that neither party waives any rights under the Federal Service Labor-Management Relations Statute.
 - (2) The parties do not intend to renegotiate the articles and provisions which already have been negotiated in this Agreement. The parties agree to engage in supplemental negotiations authorized under subsection 33.01.b. unless the matter is expressly contained in the contract.

SECTION 34.02: COVERAGE OF ARTICLE

This Article shall apply to written supplements to this Agreement negotiated at the activity level pursuant to the terms of this article. One supplemental agreement may be negotiated at each subordinate AFMC activity. Each such written local supplemental agreement is construed to be part of this Agreement negotiated at the subordinate AFMC activity level, and each shall be applicable only to the subordinate activity at which such supplement is negotiated.

SECTION 34.03: PARTIES TO LOCAL SUPPLEMENTS

Local supplements to this Agreement shall be between representatives of the commanders of subordinate AFMC activities and the appropriate AFGE local at such activities and shall be enforceable under the Negotiated Grievance Procedure and Arbitration articles of this Agreement. Provisions of local supplements in effect at the effective date of this Agreement that could not be part of a supplemental agreement under section 34.01 are null and void on the effective date of this Agreement.

SECTION 34.04: AFMC REGULATIONS

Supplemental agreements under this section shall not conflict with regulations and policies of the Employer (HQ AFMC) that are in existence at the time of the effective date of this Agreement. This Agreement takes precedent over Employer (HQ AFMC) regulations and policies that conflict with this Agreement.

SECTION 34.05: CONTINUATION OF LOCAL AGREEMENTS AS SUPPLEMENTS

Each activity-wide or multi-unit labor agreement with AFGE in effect on the effective date of this Agreement shall remain in full force and effect and shall be the particular activity supplement to this Agreement, insofar as such agreements are in compliance with Section 34.03 of this article. Those provisions of each activity labor agreement which are not in conformity with this article shall be superseded on the effective date of the Master Agreement.

SECTION 34.06: REVIEW OF CURRENT ACTIVITY AGREEMENTS

The parties shall meet following agreement on all items in this Agreement, except those that remain unresolved in the Master Agreement, to review current local activity agreements and identify those articles and provisions which are in conformity with this Master Agreement. Those articles and provisions of an activity agreement so identified will constitute the activity supplement to this Agreement until such time as the supplement is renegotiated in accordance with Section 34.08 below.

SECTION 34.07: DISPUTES OVER CONTENT OF LOCAL SUPPLEMENTS

Disputes over the review of current activity agreements set forth in Section 34.06 above may be submitted to arbitration at the appropriate subordinate AFMC activity under the provisions of Article 7, Arbitration. Disputed provisions will be incorporated in the appropriate activity supplement only where an arbitrator determines that such provisions are in compliance with this Article. Provisions in question shall become effective or superseded, as appropriate, on the date of receipt of the arbitrator's decision by the parties.

SECTION 34.08: RENEGOTIATION OF LOCAL SUPPLEMENTS

No earlier than 30 calendar days nor later than 60 calendar days after the effective date of this Agreement, activity representatives of either party may serve notice on the other party of an intent to reopen and amend the appropriate activity supplement or negotiate additional subjects for inclusion therein, where such subjects are expressly authorized by this Agreement. Procedures for local supplement negotiations, including the dates for exchanging supplement proposals, may be negotiated locally. Issues unresolved through negotiations conducted under this Section shall be referred to the Federal Mediation and Conciliation Service and/or the Federal Service Impasses Panel as appropriate for resolution.

SECTION 34.09: REVIEW, APPROVAL, EFFECTIVE DATE

Each activity local supplement must, upon date of execution, be forwarded to the respective headquarters of the Employer and Council 214 for review and approval within 30 calendar days. Local supplements shall become effective upon date of approval by the Employer and Council 214 and shall remain in effect for the duration of this Agreement, and will automatically continue in effect until renewed or renegotiated, in accordance with Article 35, Duration. Either party is authorized to disapprove a local supplement on the basis that such supplement is not in conformance with this Article. Disputes over the appropriateness of such disapprovals may be processed through the Negotiated Grievance Procedure. Such disputes shall be entered at the last step of that procedure at the activity level. Any required arbitration between the approving parties shall be held at the activity level, unless otherwise agreed.

SECTION 34.10: LAW AND REGULATIONS

The Employer shall also review local supplements to assure compliance with regulations and law in accordance with Title VII. Disapproval of local supplements on the basis of such review will not be subject to arbitration but may be processed as a negotiability appeal. Review and approval or disapproval of local supplements pursuant to this Section must be accomplished within 30 calendar days of the date of execution of the local agreement. Nothing in this Article or Agreement shall preclude either party from contending at any time that a provision of a local supplement or application thereof is in conflict with the Master Agreement. Such disputes shall be resolved through the Grievance Procedure and Arbitration Articles of this Agreement.

ARTICLE 35

DURATION

SECTION 35.01: DURATION

The MLA shall remain in effect for 36 months from the date of execution by the parties.

SECTION 35.02: RENEWAL

This Agreement shall be automatically renewed for equivalent three-year periods, subject to applicable law and regulation, unless either party gives written notice to the other party of its intention to change this Agreement. Such notice must be given and received not more than 120 nor less than 90 calendar days prior to the expiration date of this Agreement.

SECTION 35.03: GROUND RULES FOR NEW AGREEMENT

- a. Ground rules negotiations shall commence no later than 30 calendar days after receipt of the request to bargain provided for in Section 35.02 by the parties exchanging their ground rules negotiation proposals.
- b. If re-negotiations fail to achieve a settlement by the expiration date, provisions of the Agreement consistent with applicable law and this Article remain in full force and effect until a new agreement becomes effective.

ARTICLE 36

CALL-BACK, STANDBY, AND ON-CALL DUTY

SECTION 36.01: GENERAL

The Parties recognize that mission requirements may require designated employees to remain available to report for duty as needs may dictate. These mission needs may be met through one of the arrangements described below.

SECTION 36.02: CALL-BACK

Employees are contacted in a prearranged order (i.e. overtime procedures) within each skill specialty and requested to report for duty. Normally, no specified employee availability conditions exist. Employees required to report for duty are compensated according to the applicable pay and overtime rules.

SECTION 36.03: STANDBY TIME

Designated employees may be restricted to the official duty station, required to remain in a state of readiness to perform work, and have their activities substantially limited such that they cannot use the time effectively for their own purposes. In these situations, all time spent on standby is considered hours of work.

SECTION 36.04: ON-CALL

Employees will be designated in an on-call status in a prearranged rotational order based on skill specialty and leave SCD. Employees required to report for duty are compensated according to the applicable pay and overtime rules. The employee is allowed to make arrangements such that any work which may arise during the on-call period will be performed by another qualified person.

ARTICLE 37

CHILD CARE SERVICES

- a. Child care services expanded or initiated as a result of the 1989 Master Labor Agreement between AFMC and AFGE Council 214 have adequately met the need for child care services for civilian employees at activities covered by this Agreement. However, the need for child care services may be increased/decreased as fluctuations in workforce numbers occur at activities covered by this Agreement.

- b. A child care committee will be established at each AFMC facility. The respective Base Commander or designee, and local Union President or designee will serve as co-chairs of the child care committee. The committee will consist of equal representatives from union and management. All functions performed by AFGE Council 214 Union officials will be on official time.

- c. Fees for child care services shall be set and implemented in accordance with the Military Child Care Act and Department of Defense and Department of the Air Force regulations and directives. Fees shall be the same for military members and civilian employees or in the same categories established by the Military Child Care Act. The child care committee will establish fees for child care services, including any required changes. Actions of the committee shall fulfill all bargaining requirements pertaining to these fees.

ARTICLE 38

REASSIGNMENT TO BARGAINING UNIT POSITIONS

SECTION 38.01: DEFINITION AND SCOPE

- a. A reassignment is when an employee moves to another position at the same grade on a permanent basis and a SF-50 is generated.
- b. The intent of this Article is to allow supervisors to reassign employees in a transparent and expeditious manner to meet mission requirements. It is not intended to reassign employees in a piecemeal fashion to avoid the procedures outlined below, when there is a known need.

SECTION 38.02: PROCEDURES FOR REASSIGNMENT

- a. In the event two (2) or more employees are simultaneously reassigned from one supervisor to another resulting in a change to conditions of employment/working conditions the following procedure will be used:
 - (1) Supervisors shall list their employees in descending seniority order using leave SCD. Supervisors will solicit volunteers from amongst available employees with the requisite skills and qualifications before drafting. It is understood that the Employer determines the availability and requisite skills.
 - (a) If there are more volunteers than needed for the reassignment, the reassignment will be considered favorable. The supervisor will select the most senior skilled, qualified, available volunteer(s) using leave SCD to meet the requirement.
 - (b) If there are fewer volunteers than needed for the reassignment the reassignment will be considered unfavorable. The supervisor will accept any volunteers then draft the least senior skilled, qualified, and available employee(s) using leave SCD to meet the requirement.
 - (c) The supervisor will retain the seniority roster used to make their decision for reassignment, which will be available to the Union upon request.
 - (2) The Employer retains the right to make and change employee assignments. Where significant changes to conditions of employment/working conditions are anticipated, management will notify the union IAW Article 33, subject to the exceptions in paragraph b. The parties will normally engage in pre-implementation bargaining; however, when mission dictates, the parties will engage in post implementation bargaining over the results of the reassignments, at the request of the union. Typical changes of conditions of employment may include significant changes in geographical location, access to the work place, working environment, parking, and eating facilities.

b. This article does not apply to reassignments at the employee's request, competitive reassignments, reassignments resulting from an EO Settlement or Grievance Settlement, medical accommodations, Reduction-In-Force, emergency situations, formalized training programs, career broadening programs, or reorganizations.

ARTICLE 39

BASE CLOSURE

SECTION 39.01: COMMUNICATIONS

- a. In the event of base closure, the parties agree there will be an open door policy between the Employer and the Union. Either party may request a meeting to discuss problems/situations requiring immediate attention.
- b. The Employer will maintain open communications with employees and the Union concerning the base closure. The Union will be provided an advance copy of any written informational material intended for distribution to the bargaining unit employees.
- c. An employee assistance office will be established and available to provide information on employment. Employees will be granted a reasonable amount of on duty time to visit the employee assistance office to review job vacancy announcements. Such visits will be by prescheduled appointments, based on workload requirements.
- d. The Employer will inform the Union in writing if the employer plans to utilize a private sector contractor to perform base closure functions. In the event bargaining unit employees are used, the Employer will provide the union a list of such employees assigned to these duties.

SECTION 39.02: MASTER LABOR AGREEMENT

The Master Labor Agreement and local supplements will continue to be applicable during base closure.

SECTION 39.03: DoD PRIORITY PLACEMENT PROGRAM

- a. Displaced employees will be afforded placement opportunities to the extent provided by the DoD Program for Stability of Civilian Employment.
- b. Applicable procedures outlined in DoD 1400.20-1M will be followed.

SECTION 39.04: JOINT TRAVEL REGULATIONS

Permanent change of station (PCS) relocation expenses may be paid if authorized in accordance with Vol II JTR (Joint Travel Regulations) for an employee who accepts another Federal position. These entitlements may include real estate, temporary quarters, temporary storage of household goods, travel and per diem, and miscellaneous expenses. The JTR will be made available for review at the Employee Assistance Office.

SECTION 39.05: OFFICIAL TIME DURING BASE CLOSURE

Within 6 months of a scheduled base closure, either of the local parties may reopen negotiations on the official time for the affected base set forth in section 4.13.
