PREAMBLE

This Agreement is made and entered into by and between the Defense Contract Management Agency (DCMA), hereinafter referred to as the "Agency," and the American Federation of Government Employees (AFGE) AFL-CIO, and its agent, AFGE Council 170 of DCMA Locals, hereinafter collectively referred to as the "Union".

The parties agree that the provisions of this Agreement apply to all professional and non-professional DCMA employees in the bargaining unit.

The Agency and the Union share the conviction that the public interest can be best served by a constructive labor-management relations (LMR) program that provides for optimum participation of employees, through a cooperative relationship in the formulation and implementation of policies and practices which affect them. Both parties are committed to the development of a program which achieves that objective.

ARTICLE 1

PARTIES TO THE AGREEMENT AND BARGAINING UNIT COVERED

SECTION 1 - EXCLUSIVE REPRESENTATIVE

The sole and exclusive representative and the bargaining unit are defined in FLRA Certificate Case Number WA-RP-07-0073 dated February 1, 2008 and any subsequent amendments thereto.

SECTION 2 - AUTHORITY

As the delegated bargaining agent of AFGE, the AFGE Council has the full authority to meet and confer with the Agency for the purpose of entering into negotiated agreements covering the members of the nationwide unit on all subjects, matters and issues covered by said agreements, and to administer this collective bargaining agreement and all future bargaining agreements covering the nationwide unit. The AFGE Council accepts the obligation to represent all members of the nationwide unit on a fair and impartial basis. This Agreement is the sole and exclusive agreement between the Agency and the Union. Further supplemental agreements are strictly prohibited.

SECTION 3 - DELEGATED AUTHORITY

No other organization, association, or union, or any officer or representative thereof, shall be recognized, in any capacity or for any purpose, as the bargaining agent of the nationwide unit. When either party designates an agent to act on its behalf in filing charges, complaints, petitions or any other documents which have the purpose or the result of involving an outside agency or third party in any labor management relations matter involving the Agency and the Union, each party will notify the other of the name and authority delegated to such agent. Such notification shall be in writing.

SECTION 4 - FUTURE RECOGNITION

A. The AFGE Council and the Agency agree that in the event that AFGE or any local affiliated with AFGE obtains recognition in the future as the exclusive bargaining agent of any group of DCMA employees which are not presently apart of the unit, it will be the joint position of the AFGE Council and the Agency to the Federal Labor Relations Authority that the employees should become a part of the professional and nonprofessional employees' nationwide unit. These employees will automatically be covered by this agreement.

B. The AFGE Council and the Agency agree that, should a new AFGE Council Local be established and the employees they represent become a part of the bargaining unit, the new AFGE Council Local shall be permitted to negotiate on matters relating specifically and solely to the new employees represented as allowed in this agreement.

ARTICLE 2

EFFECT OF THE AGREEMENT

This Agreement hereby revokes, supersedes and replaces any and all oral, written or otherwise implied collective bargaining agreements, supplements, memoranda of understanding, memoranda of agreement and past practices that are in place prior to this agreement's implementation, between the Agency and AFGE Council 170 or its representative at any level in their entirety.

ARTICLE 3

GOVERNING LAWS AND REGULATIONS

SECTION 1- GENERAL

The Agency and the Union shall be governed by all applicable laws of the United States, including those in effect on the effective date of this Agreement and those which are subsequently enacted. They also are and shall be governed by all applicable Government-wide regulations in effect at the time that this Agreement is executed. The Agency will not enforce any Government-wide rule or regulation promulgated after the effective date of this Agreement which is in conflict with the provisions of this Agreement unless such rule or regulation is properly subject to the provisions of 5 U.S.C. § 7116(a)(7).

SECTION 2 - COMPELLING NEED

The Union, however, recognizes that the Agency is a component of the Department of Defense (DoD) and that it must, therefore, operate strictly within the limits of the authority delegated to the Director of the Agency by the Secretary of Defense and that it must comply with and implement all non-discretionary directives issued by the Office of the Secretary of Defense (OSD) concerning matters not covered in this Agreement and not in conflict with this Agreement. At the same time, the Agency recognizes the right of the Union, in any given case, to allege that no compelling need exists for the Agency to implement a specific DoD directive and to seek relief by exercising the privileges accorded to it by 5 U.S.C. Section 7117. Where the DoD, or the Federal Labor Relations Authority, determines that no compelling need for the directive exists, the matter may be negotiated at that time.

SECTION 3 - MANAGEMENT RIGHTS

Nothing in this Agreement does, or ever shall, impinge upon, negate, reduce or detract from the rights and privileges which are vested in the Agency by virtue of the provisions of 5 U.S.C. § 7106, "Management Rights."

Each organization will recognize Union representatives and grant official time, in the amount and circumstances described elsewhere in this Agreement. Official time under this Article will only be used to perform representational duties on behalf of DCMA bargaining unit employees.

- A. All Union representatives are responsible for the judicious use of official time.
- B. Union representatives may not be evaluated on or rewarded for representational activities; however this does not preclude the use of non-monetary awards as a means of recognition.
- C. In accordance with 5 U.S.C. § 7131(b), official time may not be expended for any activities performed by employees relating to internal Union business (including the solicitation of membership, election of Union officials, and collection of dues).

SECTION 2 - COUNCIL PRESIDENT

The President of the AFGE Council or designee, if a member of the bargaining unit and if otherwise in a duty status, will be entitled to 100% official time to:

- A. prepare and represent the Union on grievances filed by the AFGE Council;

- N. perform any other duties and responsibilities allowed per 5 U.S.C. Chapter 71.

SECTION 3 - FULL-TIME REPRESENTATIVES

The President of the AFGE Council or designee (assigned in writing by the AFGE Council President), shall provide a list of fifteen (15) designees to the Agency who will be authorized 100% official time to perform the duties listed in Section 2 and Section 4 of this article or other duties assigned by the AFGE Council. The AFGE Council President, or designee, will provide reasonable advance notice in writing when re-designating Union Representatives identified under this provision.

SECTION 4 - TIME FOR REPRESENTATIONAL DUTIES

A. Local Presidents, Unit Representatives and all other recognized representatives of the Union will be accorded time to perform the following duties:

1. gather input for contract and mid-term negotiations;

2. attend formal discussions as provided by 5 U.S.C. 7114(a)(2)(A);
3. attend meetings arranged by management, when invited by management;
4. participation on committees and panels as authorized by this agreement;
5. attendance at labor management meetings;
6. discuss and investigate specifically identified complaints of employees with respect to matters covered by this Agreement;
7. prepare and present grievances under the negotiated grievance procedure;
8. attend the examination of an employee by a management representative if the examination is in connection with an investigation, if the employee reasonably believes that the examination may result in disciplinary action against the employee, and if the employee requests a Union representative;
9. prepare and present a grievance at an arbitration hearing;
10. prepare and present unfair labor practice cases filed against the Agency;
11. prepare and present a reply to a proposed disciplinary or adverse action;
12. respond to grievances initiated by the Agency;
13. prepare and present unfair labor practice cases filed by the Agency;
14. perform those functions stated elsewhere in this agreement for which official time has been expressly provided;
15. witness preparation time for all hearings required as a part of the Union official's representational duties;
16. Union participation in the development and implementation of instructions/policies promulgated by the Agency which affect the working conditions of bargaining unit employees; and
17. perform any other duties and responsibilities allowed per 5 U.S.C. Chapter 71.

B. Any recognized Union Representative not accorded 100% official time will be accorded a reasonable amount of time up to sixteen (16) hours per pay period to perform those duties in Section 4 A . Representatives may exceed this limit on

official time on a case-by-case basis when required by extenuating circumstances and the parties agree it is of mutual benefit. Disputes over exceeding the limit on official time will be resolved on an expedited basis by the AFGE Council President and the Agency's designee. Any time limits in the Agreement affected by this dispute will be held in abeyance pending resolution.

C. The following representational activities will not be counted against the limitations on official time in Section 4 A:

1. attendance at meetings initiated by management when invited (excludes attendance at formal discussions as provided by 5 U.S.C. § 7114(a)(2)(A) and attendance at the examination of an employee by a management representative if the examination is in connection with an investigation, if the employee reasonably believes that the examination may result in disciplinary action against the employee, and if the employee requests a Union representative); or

2. travel necessary for the performance of representational functions.

SECTION 5 - NUMBER OF REPRESENTATIVES

A. Only one employee may be on official time to represent the Union in the performance of a particular representational function at any given time. Exceptions will be made when:

1. there is a need for training;
2. where a back-up is deemed necessary by the Union;
3. more than one representative has been expressly provided for by this Agreement;
4. more than one representative has been invited by management to attend a meeting; or
5. more than one attendee is mutually agreed to by the parties.

B. The word "representative" as used in this Agreement means one representative. However, the Agency agrees that in those situations when meetings require the attendance of an employee and their representative, the Agency will normally and reasonably limit attendance to not more than two (2) supervisory/managerial employees. When more than two supervisory/managerial personnel are required, the number of AFGE Council representatives may be increased by one (i.e., three management representatives equals an employee plus two AFGE Council representatives). In the event that advisory staff is needed to deal with a matter of mutual concern (i.e., labor relations, safety,

health, etc.) both parties may mutually agree not to count these advisors as supervisory/managerial representatives. The advisory staff will be in a duty status with time charged appropriately.

SECTION 6 - REQUESTING OFFICIAL TIME

Union representatives (except those entitled to 100 percent official time) must seek and obtain the approval of their immediate supervisor before engaging in a representational activity on official time.

1. The representative will advise the supervisor of the estimated amount of official time needed, the date and time when the official time will be used, where the representational function will occur and the reason for which the official time is requested. Permission to conduct official Union business, including representation and assistance activities, will normally be granted unless absence of the representative from his or her work duties would cause substantial adverse effect on the work product of his or her area. In those instances, an alternate time will be authorized.

2. To minimize the amount of official time used and employee absences from assigned duties, contacts between an employee and his or her representative during working time will normally take place at or near the vicinity of the employee's work place. The organization will arrange a private enclosed space suitable for the employee and the representative to meet if requested by the Union representative.

3. TDY may be authorized, as appropriate, when local on-site representation is not available.

SECTION 7 - SECRETARY/TREASURER

The secretary/treasurer of each local and the AFGE Council shall be granted a reasonable amount of official time to maintain records and reports which are required by federal agencies and which are not related to internal Union business within the meaning of 5 U.S.C. § 7131(b).

SECTION 8 - IDENTIFICATION OF UNION REPRESENTATIVES

The AFGE Council will provide the Agency with a current list of representatives and the organization(s) they are assigned to represent. An updated listing will be provided as necessary.

SECTION 9 - SUBJECT MATTER EXPERTS

Where a subject matter expert is critical to the successful representation of employees with the Agency and the expertise is not available from the AFGE

Council representatives in Sections 2 and 4, the Agency will make that individual available and may authorize travel and per diem as appropriate.

SECTION 10 - LEGISLATIVE ACTIVITIES

The Parties agree to abide by current legislation and Federal Labor Relations Authority (FLRA) interpretations (i.e., 54 FLRA 38 & 39) relative to the propriety of using appropriated funds for the purpose of influencing pending legislation. Unless prohibited by the above constraints, the Union will be authorized official time to present the views of the Union to members of Congress on matters affecting the working conditions of bargaining unit employees.

SECTION 11 - WORK CONSIDERATIONS

The Agency shall consider the time utilized by officials to perform labor management/representational duties in assigning workload to support mission accomplishment, so as to ensure that employees are not adversely affected by exercising their right to assist the Union.

SECTION 12 - RECORDING OFFICIAL TIME

All AFGE Council representatives using official time will record their time in the labor accounting system using the categories mutually agreed to by the Agency and the AFGE Council. This labor accounting system is the sole record for the Agency.

SECTION 13 - NATIONAL AFGE REPRESENTATIVES

A. The Agency recognizes that AFGE National is accorded recognition and retains the right for any AFGE National Officer, National Vice President or AFGE staff to conduct business of AFGE.

B. The Agency agrees that duly designated National AFGE representatives will be admitted to the installation for scheduled meetings with management and/or Union representatives during working hours in accordance with local facility security requirements.

ARTICLE 8

- C. Upon request, each organization will provide the Union the following information in electronic format; the organizational structure, assigned office symbol, work location; and the names, series, and grades of all assigned personnel.

SECTION 3 – COMMUNICATION

- A. The Union's access to and use of the Agency's communications resource (e.g. bulletin boards, Intranet, E-mail, 360 SharePoint) shall not interfere with the mission or operation of the Agency.
- B. Any and all Union communication using Agency communication resources or distributed on Agency premises will not violate law, advocate violating the law, or contain items relating to partisan political matters and will not malign, disparage or harm the character of any individual or the Agency.
- C. The Union may distribute internal union material on the Agency's premises in work areas to employees before and after their tour of duty, subject to internal and contractor security requirements if applicable. Distribution of material may also be accomplished in non-work areas provided both the employee distributing and the employee receiving such material are not in a duty status

(e.g. lunch time). All such material will be properly identified as official Union material.

SECTION 4 – MEETINGS BETWEEN THE PARTIES

The following subsections address Union Representative invitations to Agency meetings/conferences.

- A. Where Union representation is appropriate, the AFGE Union Council 170 shall be authorized two (2) representatives to attend Agency-wide meetings (e.g., World Wide Training Conference) and two (2) representatives to attend any other Agency meetings (e.g., Regional Commanders' Forum). Additional representatives may be authorized upon mutual consent. Union representatives will be granted official time, travel and per diem to attend. Conference materials will be provided to all attendees as appropriate.

- B. The AFGE Council President and fifteen AFGE Council Representatives as designated by the AFGE Council President will be authorized travel and per diem to participate in an annual labor-management meeting with the Agency Director and/or Deputy Director for the purpose of addressing and discussing issues and matters affecting all AFGE bargaining unit employees in DCMA.

Agency and the AFGE Council will co-chair the LMRC meeting. Attendance at LMRC meetings by employees who are committee members will be on official time.

3. Additional attendees may be invited to attend the meeting as subject-matter experts or observers with the mutual agreement of both parties.
4. The Agency will be responsible for the administrative arrangements for the meeting. The Agency will be responsible for any other costs such as travel and per diem for current DCMA employees in accordance with the JTR. Travel for committee members will be scheduled to take place during the normal workweek.
5. Official meeting minutes shall be coordinated between the parties prior to distribution. When released the minutes shall be distributed, at a minimum, to the parties and to the Agency Director.

The duration of the meeting will generally be one to two days in length dependent upon the agenda. The location of the quarterly meeting will be rotated within the Agency at a location agreeable to both parties.

A. Private Office Space

The Agency will provide one private office (fully enclosed, where feasible) for each AFGE Council Local, to include furniture, telecommunications equipment, a lockable file cabinet, and supplies. In those instances where the full-time Union representative is not a local president, the full-time Union representative will also be provided a private office as described above. In addition to access during regular duty hours, the Union will be provided access to the office during non-duty hours subject to local security procedures and practices. The work area, equipment, utilities and housekeeping services provided by the Agency will be at no cost to the Union. In those locations where there is no Union office, the organization will arrange for a private, enclosed space suitable for the employee(s) and the representative to meet, when requested by the Union representative.

B. Meeting Space

Upon advance request by the AFGE Council or designee, the Agency will provide private space for meetings with employees for use during non-duty hours, provided that space is available.

C. Telephones and Electronic Communications

Full-time Union representatives will be issued portable computer device, cell phone, and external storage if available. 3. When appropriate, the Agency agrees to provide suitable wall bulletin boards to be placed in locations frequented by bargaining unit employees. The AFGE Council Local or designee may post literature on physical bulletin boards or other authorized areas in accordance with DoD 5500.7-R, Joint Ethics Regulation.

G. Union Office Relocations

When the Union is required to relocate from existing office space, the cognizant organization will notify the appropriate AFGE Local President or his/her representative who will be afforded the opportunity to negotiate the procedures and arrangements for the relocation.

SECTION 8 – DUES WITHHOLDING

A. General

1. For the purpose of this Article:
 - a. The term "employee" refers to any bargaining unit employee who is a member in good standing of any AFGE Council Local.
 - b. The term "servicing payroll office" refers to the Defense Accounting and Finance Service (DFAS), which is responsible for processing the pay of DCMA employees. The Agency acts as a liaison for the process of dues withholding between the Union and DFAS.
 - c. The term "payroll allotment" refers to a voluntary authorization by the employee for a deduction in a specified amount to be made from the employee's pay each pay period for the payment of dues associated with their membership to the AFGE Council Local.

1. The AFGE Council Local is responsible for fully informing the employee that their authorization for a payroll allotment:

- a. Is completely voluntary; and
 - b. Cannot be revoked for a period of 1 year from the date that the Agency receives the assignment. Thereafter, such revocation will not be effective until the first full pay period following September 1, provided the form is received by the Agency no later than September 1 and no earlier than August 1st.
2. When dues are erroneously withheld due to the AFGE Council Local's failure to comply with the procedures contained in this Article, any overpayment of dues by the employee will be a matter solely between the Union and the employee. When dues are erroneously withheld due to the Agency's failure to comply with the procedures contained in this Article, any overpayment of dues by the employee will be the Agency's responsibility.

C. Authorization of Payroll Allotment

1. Only one payroll allotment for dues withholding shall be authorized for an employee.
2. Standard Form (SF) 1187, Request for Payroll Deductions for Labor Organization Dues, or equivalent shall be used. The AFGE Council Local shall distribute this form to the employees.

3. The employee is separated;
4. The employee ceases to be a member of the bargaining unit;

This revocation must be signed by the AFGE Council Local President or designee prior to processing. In this case the termination becomes effective on the first full pay period after the notification is received by the servicing payroll office.

E. Processing Payroll Allotments

1. The parties recognize that payroll processing matters are the exclusive province of the Defense Finance and Accounting Service (DFAS). However, insofar as the Agency is able to request certain action discussed in the provision, it will facilitate them to the extent practicable.
2. Payroll allotments shall be processed at no cost to the AFGE Council Local or the employee.
3. The AFGE Council Locals agree to furnish DFAS with the name and address of the Union Official designated to receive the Union dues withholding monies and the Union dues withholding list.

Dues withholding will be effective at the beginning of the first full pay period after receipt of a certified SF 1187 or equivalent by the Agency.
2. Revocation of dues withholding will be effected by filing an SF 1188 or equivalent with the Agency. Such revocation will not be effective until the first full pay period following one year from the date the Agency received the assignment. (See D.6 above).
3. Termination of dues withholding as a result of the separation of an employee or other action affecting the employee's eligibility for withholding will be effective at the end of the pay period in which the separation or other action occurs.
4. If the Agency fails to process SF 1187s or SF 1188s (or equivalents), and the Local suffers a financial loss, the Agency will reimburse the Local.

ARTICLE 12

EMPLOYEE ASSISTANCE PROGRAM

SECTION 1 - GENERAL

A. The federal Employee Assistance Program (EAP) provides free, confidential short term counseling to identify the employee's problem and, when appropriate, make a referral to an outside organization, facility or program that can assist the employee in resolving his or her problem. It is the employee's responsibility to follow through with this referral, and it is also the employee's responsibility to make the necessary financial arrangements for this treatment, as with any other medical condition.

B. The Agency agrees to implement and promote an EAP for individuals suffering from alcoholism, drug abuse, financial problems or emotional disorders that may affect job performance and to make employees and supervisors aware of the program.

C. Employees suffering from any of the above may request from the EAP information and/or assistance in locating appropriate rehabilitative services or community support groups.

D. The objectives of this program are two-fold: (1) to enhance employee productivity and efficient personnel management by providing a mechanism for dealing with conduct and performance-related employee problems; and (2) to provide professional counseling services. The range of problems includes ANY employee problem which may adversely impact on job behavior, performance or conduct. These problems may include emotional, alcohol and drug-related, familial and marital, financial, legal and other problems.

E. Confidentiality is an essential component of the EAP. All counseling records will be maintained in the strictest confidence.

F. The Agency will insure that no employee will have job security or promotion opportunities jeopardized by a request for counseling or referral services.

SECTION 2 - COUNCIL/AGENCY COOPERATION

The AFGE Council agrees to cooperate fully with the Agency in attempting to rehabilitate and improve the work performance of affected employees who need assistance under the provisions of this program.

SECTION 3 - EMPLOYEE RESPONSIBILITY

A. When an employee's problem interferes with the efficient and proper performance of their duties, reduces their dependability, or reflects discredit upon the Agency, supervisors will either advise or encourage troubled employees to pursue help through the EAP before considering disciplinary or other corrective action.

1. Formal Agency Referrals

a. When the Agency formally refers an employee for EAP counseling, the time associated with the initial assessment/referral and all additional assessment visits with an EAP counselor will be without charge to leave.

b. Subsequent visits to the referred provider for rehabilitation or treatment of an employee problem will be charged to sick leave or other leave at the employee's option.

B. Employees retain the right to refuse to participate in the EAP. If the Agency refers the employee to EAP and the employee refuses to participate, the Agency is free to pursue disciplinary or other corrective action. Referring an employee for counseling service is not a bar to initiating corrective action. If an employee is referred, but there is still no improvement in performance or conduct, corrective action may be taken as warranted, on the basis of the deficiency.

C. The Agency will utilize a Management-encouraged referral to EAP in those situations when a supervisor becomes aware that an employee is experiencing a personal problem, but the work environment has not been affected. The supervisor will suggest use of the EAP services and offer to assist the employee in obtaining an EAP Counselor. No record will be made of the discussion. The time associated with the initial assessment/referral and all additional assessment visits resulting from Management-encouraged referrals will be without charge to leave. Subsequent visits to the referred provider (non-EAP counselor) for rehabilitation or treatment of an employee problem is charged to sick leave or other leave at the employee's option.

ARTICLE 13

DRUG FREE WORKPLACE PROGRAM

SECTION 1 - GENERAL

The parties recognize that the Agency's principal mission is to protect the national defense. Accomplishment of this mission requires the highest standards of employee competence, reliability and integrity. Illegal use or possession of drugs by employees, on or off duty, is inconsistent with accomplishing the Agency's mission. Such conduct constitutes a hazard to personnel, property and operations; contributes to reduced employee productivity, reliability and increases employee absenteeism; and undermines the morale and discipline of the work force. Deterrence of illegal drug use and detection of employees who illegally use drugs is, therefore in furtherance of the Agency's national defense mission. Accordingly, the Agency, pursuant to Executive Order 12564, has established a Drug Free Workplace Program (DFWP) in furtherance of its national defense mission.

- A. Where an employee is entitled to rely on a management personnel policy, rule or regulation with respect to drug testing, for which the employee derives some benefit; or conversely, where management's noncompliance would cause an adverse effect on the affected employee, management's own compliance with its personnel policy, rule or regulation, shall be subject to the negotiated grievance procedure. The parties recognize that as of the execution date of this Agreement these laws, rules and regulations include: Executive Order 12564, Public Law 100-71, government-wide Department of Health and Human Services (DHHS) and OPM regulations.
- B. Employees are required to refrain from the illegal use or possession of drugs, on or off duty, as a condition of continued employment. Persons who illegally possess or use drugs, on or off duty, are not suitable for federal employment because such conduct is contrary to the efficiency of the service. Employees are required to comply with the DFWP, and refusal to do so will subject the employee to disciplinary action, including removal from the service.
- C. It is agreed that drug abuse or addiction may not be used as an excuse for misconduct or less than fully satisfactory work performance. The employee's cooperation of availing him or herself of assistance will be considered by the Agency when proposing or effecting disciplinary or adverse action, related to conduct or performance of the employee.

SECTION 2 - EMPLOYEES SUBJECT TO TESTING

The goal of the DFWP is deterrence of illegal drug use through a carefully controlled and monitored program of drug testing. The program will include:

- A. Random drug testing of bargaining unit employees in Testing Designated Positions (TDPs) and other bargaining unit employees who volunteer to be included in the random testing program;
- B. Drug testing of any employee when:
 - 1. there is a reasonable suspicion that the employee may be using drugs illegally;
 - 2. the test is authorized as part of an investigation of an accident or unsafe practice and there is a reasonable basis to believe that the employee's actions may have contributed to the incident; or
 - 3. the test is conducted as part of or follow-up to rehabilitation or counseling program under the EAP;
- C. Testing of applicants for appointment (including reassignment, transfer, or detail for more than 120 days) in a TDP; and
- D. All employees required to take a drug test at the direction of the Agency will be in a duty status. If the test extends beyond the regular shift, the employee will receive overtime or compensatory time or be released. When an employee is selected for random testing and is unable to transport themselves (for example, due to being in a car pool) to the collection facility, the Agency will make transportation arrangements to and from the facility. In cases of reasonable suspicion, accident or unsafe practice, or follow-up testing, the Agency will arrange for transportation of the employee to and from the collection site.

SECTION 3 - RANDOM SELECTION FOR TESTING

The Agency agrees that, except for volunteers, only those employees in TDPs will be subject to random selection for drug testing.

- A. TDPs. The Agency agrees that designation of a position as a TDP will be in accordance with applicable law, rule and regulation.
 - 1. An employee occupying a TDP will receive written notice that his or her position has been determined to meet the criteria and justification for random drug testing at least 30 days before the individual is subject to unannounced random testing.

2. Any bargaining unit employees selected for random testing will be selected on the basis of neutral criteria.

B. Volunteers. Any bargaining unit employee who does not occupy a TDP may volunteer to be included in the random testing program by informing the Agency Drug Program Coordinator (DPC) in writing of his or her desire to be included in the pool of TDPs subject to random testing. Employees volunteering to be included in the TDP pool will be subject to the same conditions and procedures for random testing as persons occupying TDPs.

SECTION 4 - SPECIFIC NOTIFICATION OF TEST

Employees selected for drug testing will be specifically informed of any impending test in accordance with applicable regulations. Each employee will be informed reasonably in advance of each of the following:

- A. the reasons for ordering the drug testing and how the employee was selected for the test (e.g., random, reasonable suspicion (must be articulated), investigation of an accident, etc.);
- B. the consequences of a positive result and the consequences of a refusal to cooperate, including possible adverse action(s); and
- C. the right to grieve actions pursuant to the drug testing program under the negotiated grievance procedure and be represented by the Union in those proceedings.

The parties agree that methods and equipment used to test for illegal drug usage will conform to the DHHS mandatory guidelines.

SECTION 5 - COLLECTION PROCEDURES

The Agency agrees that collection procedures will be performed in accordance with applicable law, rule, and regulation.

Employees may refuse OSHA/DoD mandated medical testing, but will not be granted access to the work area where the hazard has been reported until medical testing is completed.
- C. If the employee cannot meet that scheduled date and time, then it will be the employee's responsibility to reschedule the medical testing within an appropriate amount of time. All time associated with obtaining the required medical testing will occur during duty hours. The results of all medical testing will be reported to the employee. Supervisors are expected to follow any recommendations, restrictions and/or limitations. Employees who undergo required medical testing will be provided appropriate baseline, periodic, and exit medical surveillance evaluations as determined by the occupational health physician. Employees may refuse exit testing for any medical surveillance program, but future determinations for exposure or workers' compensation will be based on the last testing results completed. The employee will be informed of this in writing at time of their refusal by the MSP Manager.

- E. The MSP was created for the purpose of providing medical surveillance for the early detection of occupational health issues. In accordance with Federal and DoD requirements, once an occupational health issue is identified, it will be evaluated by the occupational health physician, and reported to the employee. At that point, it is the responsibility of the employee to seek any medical evaluation/treatment through the employee's personal physician, private health insurance carrier, or the employee's FEHBP health insurance carrier. The DCMA MSP does not provide medical treatment.

Excessive deviations from these temperature ranges will be addressed in the most expeditious manner possible. If such accommodation cannot be made, supervisors may release employees from the worksite without charge to leave.
- B. An employee or the union has the right to request the Agency perform a specific location evaluation of air or water quality. The Agency will respond to the request commensurate with the level of risk but no later than ninety (90) days.

C. The Agency will publicize the availability of medical programs (such as flu shots, blood pressure screening, education programs relating to health such as smoking cessation and diet and nutrition) that may be offered to employees as part of a Wellness Program. Participation in such programs is voluntary, is subject to availability of Agency funds, and may be done on duty time if the program is offered during the employee's duty hours.

D. An employee may file a CA-2 for an occupational illness which resulted from a condition produced in the work environment over a period longer than one workday or shift. An occupational illness does not entitle an employee to COP.

E. The Agency will not prevent an employee from filing a claim and will process the claim that has been submitted. However, it is understood the Agency will document its knowledge of the circumstances surrounding the injury, which may be different from the information provided by the employee. If the Agency controverts the OWCP claim, the employee will be provided a copy of all information pertaining to the claim which is retained by the Agency.

F. The HR services provider will assist the employee in contacting appropriate OWCP authorities in an effort to expedite payment of claims. Assistance will also be given to the employee in pursuit of resolution of claims.

- F. Supervisors and employees are responsible for ensuring that complete, accurate, and proper supporting documentation is included in the time and attendance system. Supervisors are responsible for uploading documents if the employee is unable to do so
- G. The definition of "health care provider" will be consistent with the provisions of applicable law.
- H. Scheduled leave is defined as the completion, submission, and approval of a leave request prior to the actual absence.
- I. Unscheduled leave is defined as an absence from work which was not requested or approved in advance.

SECTION 2 - ANNUAL LEAVE

- A. Annual leave is provided and used to allow employees an annual vacation or extended leave for rest and recreation and to provide periods of time off for personal and emergency purposes. The use of accrued annual leave is the right of the employee, subject to the right of the Agency to approve the time at which leave may be taken.
- B. Employees must apply in advance for approval of all anticipated leave to permit the orderly scheduling of leave and to avoid leave forfeiture. The Agency shall make reasonable attempts to approve leave requests such that employees may have an annual vacation period of at least 2 consecutive weeks. Reasonable efforts will be made to accommodate employees who desire leave for special occasions such as religious and other holidays, birthdays and attendance at funerals.
- C. Employees are not required to give reasons for requesting annual leave. All annual leave requests, submitted in advance, will be approved/disapproved within a reasonable time after submission (normally within 24 hours).
- D. The Agency may cancel approved annual leave to meet situations of immediate or pressing operational need or work requirements. Leave must not be canceled for arbitrary or capricious reasons. Cancellation of leave is not disciplinary in character and must not be used as a punitive measure. When previously approved leave must be rescheduled, the employee will be advised in writing of the reason for the change within one work day after the need for the change has been determined. Reasonable efforts shall be made to accommodate the employee's request to reschedule his/her leave.
- E. The agency may consider restoring annual leave that was forfeited due to an administrative error, exigency of the public business, or sickness of the employee only if the annual leave was scheduled before the start of the third biweekly pay period prior to the end of the leave year. While the final date to schedule leave applies only to situations involving the possible forfeiture and restoration of annual leave, employees should be sure to schedule and use annual leave throughout the leave year and not wait until the end of the leave year to schedule annual leave. When an employee makes a timely request for leave, the supervisor must either approve the request and schedule the leave at the time requested by the employee or, if that is not possible because of project related deadlines or the agency's workload, must schedule it at some other time. If the employee forfeits annual leave because the supervisor did not schedule the leave or request a determination that a public exigency exists that would prevent the employee from using the leave, the supervisor's negligence constitutes administrative error and the employee's leave must be restored.

- F. The supervisor should request an advance schedule of leave for periods of high annual leave usage. Leave approval/denial should be provided by the supervisor or designee within 14 calendar days after the suspense date. Initial attempts to resolve scheduling conflicts will occur between the employees. If scheduling conflicts remain, the supervisor will make the final decision based upon the needs of the organization.
- G. In the case of voluntary or involuntary reassignment from one supervisor to another, every reasonable attempt will be made to honor previously-approved leave to the extent that it does not adversely affect the choice of another employee or hamper the mission of the organization.

SECTION 3 - UNSCHEDULED ANNUAL LEAVE

- A. Annual leave may be granted when it is not requested in advance unless an immediate or pressing operational need or work requirement would preclude the granting of leave for the time requested.
- B. The employee must contact their supervisor as soon as possible to request annual leave. Unscheduled annual leave will be approved on a case-by-case basis. Requests will be made via direct conversation, in writing, e-mail or phone/text message. In event of an emergency, approval may be given after-the-fact. The employee will document the request upon returning to work utilizing the agency's time and attendance system.
- C. The supervisor must provide written disapproval with justification to the employee within one work day.

SECTION 4 - ADVANCED ANNUAL LEAVE

Advanced annual leave may be granted in accordance with laws and regulations governing leave and consistent with mission needs.

SECTION 5 - LEAVE FOR RELIGIOUS OBSERVANCES

Employees may utilize annual leave, credit hours, compensatory time or religious compensatory time when their personal religious beliefs require the abstention from work during certain periods of the workday or work week. For the purpose stated, the employee may work religious compensatory time before or after the grant of compensatory time off. A grant of advance religious compensatory time off should be repaid by the appropriate amount of compensatory overtime worked within a reasonable amount of time.

SECTION 6 - SICK LEAVE

A. General

The use of sick leave is an employee benefit. Employees will earn and accrue sick leave in accordance with applicable law and regulations. Employees may utilize sick leave in increments permitted by the Agency's time and attendance system. In accordance with applicable regulation, the Agency will grant sick leave to an employee when the employee meets one of the following conditions:

1. The employee receives medical, dental or optical examination or treatment;
2. The employee is incapacitated for the performance of duties by physical or mental illness, injury, pregnancy or childbirth; or
3. The employee would, as determined by the health authorities having jurisdiction or by a health care provider/practitioner, jeopardize the health of others by his or her presence on the job because of exposure to a communicable disease.

If illness occurs during a period of annual leave, sick leave may be substituted for annual leave. An employee may use annual leave, credit hours or compensatory time in lieu of sick leave.

B. Medical/Practitioner Certificates

1. A certificate in support of an application for sick leave of five consecutive workdays or less will not be required unless the supervisor has reason to believe the employee has abused sick leave. Supervisors may consider employee self- certification as acceptable evidence for absences of any length.
2. An approval from an attending health care provider may be required prior to the employee's return to duty after an absence to ensure they are able to resume work without endangering themselves or other employees.
3. The Agency recognizes that a pandemic may make it difficult for employees to obtain medical certification for illnesses, and will take these issues into account when determining whether certifications are necessary in affected areas.
4. When requested, an employee will provide written medical certification to the Agency, along with the request for leave in a timely manner, but not later than 15 days of the request. If the employee fails to provide the required medical documentation within the 15 day time period, the employee's sick leave request may be denied. Extensions of the 15 day

time period may be granted where the manager determines the particular situation warrants an extension. Medical certification for sick leave will include all of the requirements contained in regulation or other relevant requirements as determined necessary by the Agency.

5. An employee who expects to be absent more than one day will inform the supervisor of the expected date of return to duty. In such cases, daily contacts with the supervisor may not be required. In case of an extended illness (including use of sick leave for family care, bereavement purposes, and family and medical leave under the FMLA), the employee will inform the supervisor as soon as he/she becomes aware of an expected return to duty date.

C. Advanced Sick Leave

1. Advanced sick leave may be granted in accordance with law, government wide rules and regulations. Such requests must be supported by medical certification. Employees are not automatically entitled to advanced sick leave. Denials of requests for advanced sick leave must be conveyed to the employee promptly and contain a specific explanation for the reasons of the denial.
2. When there is reasonable expectation that an employee will return to duty, an employee may be advanced sick leave up to the maximum of 240 hours provided that:
 - a. The employee submits a written request to the supervisor prior to the desired effective date of the advanced leave unless precluded or prevented from doing so by the disability or illness, and it is supported by a physician's/practitioner's statement.
 - b. There is reasonable assurance that the employee will return to duty for a sufficient period of time to earn the sick leave that is advanced; and:
 - c. All earned sick leave is used before the date the advanced leave is to begin.
3. Employees may also want to consider utilizing the Leave Transfer and Donation Program for additional leave

D. Job-Related Medical Examinations

Employees obtaining job related medical examination or treatment at the appropriate health unit will be in a duty status.

E. Leave and Earnings Statement

The Agency and the AFGE Council recognize the privacy of the information, including sick leave balances, contained on individual leave and earnings statements. All parties agree that these statements will be handled in a practical but discreet manner.

SECTION 7 - COURT LEAVE (CL)

- A. In accordance with law, Government wide rules and regulations, an employee with a regularly scheduled tour of duty is entitled to CL. The employee should present a court order, subpoena or summons to his/her supervisor when requesting CL for appearing as a witness or a juror. CL will be approved if the employee is summoned:
1. for jury duty; or
 2. to court to serve in an unofficial capacity as a witness for any party when the United States, the District of Columbia, or a state or local government is a party.
- B. Upon return to duty, the employee must submit written proof of attendance from the court to the supervisor.
- C. Compensation will not be received for serving on jury duty in a Federal court. However, employees may keep expense money received for mileage, parking or required overnight stay. Monies received for performing jury duty in state or local courts are indicated on the pay voucher or check as either "fees for services rendered" or "expense money". "Expense money" may be retained by the employee. "Fees for services rendered" must be submitted to the DCMA Customer Service Representative (CSR). If jury duty is performed during non-workdays, holidays or in LWOP status, fees and allowances may be retained by the employee.
- D. CL is not granted to an employee who appears in court on matters of a personal nature.
- E. When an employee appears in court as a witness in his or her official capacity as a Federal employee, he or she shall be considered in an official duty status, as distinguished from a leave status, "court" or otherwise.
- F. When an employee appears in court as a witness in his or her official capacity on behalf of a private party, he or she shall be considered in an official duty status.

- G. When an employee appears in court as a witness not in his or her official capacity and a party is not the United States, the District of Columbia or a state or local government, his or her absence shall be charged to annual leave or LWOP. In this case, the employee is entitled to the usual fees and expenses related to such witness service.
- H. An employee serving in an official capacity as a Government witness will be compensated by the Agency through overtime pay or compensatory time for time spent in excess of the employee's normal work schedule.

SECTION 8 - FAMILY AND MEDICAL LEAVE ACT

- A. In accordance with applicable regulations, an employee who has completed at least 12 months of Federal service is entitled to a total of 12 weeks (480 hours) of leave without pay (LWOP) during any 12 month period under the Family Medical and Leave Act (FMLA) for one or more of the following reasons:
 - 1. the birth of a son or daughter of the employee and the care of such son or daughter;
 - 2. the placement of a son or daughter with the employee for adoption or foster care;
 - 3. the care of a family member of the employee with a serious health condition. Family member is defined as:
 - a. Spouse (including a legal marriage to a spouse of the same sex);
 - b. Children, including adopted children; or
 - c. Parents or those who stand, or stood, in loco parentis to an employee but not parents-in-law.
 - 4. A serious health condition of the employee that makes the employee unable to perform the essential functions of his or her position.
 - 5. Any qualifying exigency arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty in the Armed Forces).
- B. For part-time employees, the amount of sick leave available to care for a family member with a serious health condition is equal to 12 times the average number of hours in the employee's regularly-scheduled administrative workweek. For example, an employee who works 20 hours a week would be allowed to use up to 240 hours of sick leave per year for a seriously ill family

member.

C. In accordance with applicable regulations, a “serious health condition” is defined as an illness, injury, impairment or physical or mental condition which includes, but is not limited to, the following:

1. Any period of incapacity or treatment in connection with, or consequent to, inpatient care (i.e., an overnight stay) in a hospital, hospice or residential medical care facility; or
2. Continuing treatment by a health care provider that includes (but is not limited to) examination to determine if there is a serious health condition and evaluations of such conditions if the examinations or evaluations determine that a serious health condition exists.

D. Under the Military Caregiver Act (MCA), eligible employees who are the spouse, son, daughter or next of kin of a covered veteran with a serious injury or illness may take up to a total of 26 workweeks of unpaid leave during any 12-month period to care for the veteran.

1. Next of kin under the MCA is the nearest blood relative, other than the veteran’s spouse, child or parent as designated under the order or priority in the MCA.
2. Eligible employees are limited to a combined total of 26 workweeks of leave for any FMLA-qualifying reasons during the single 12-month period. Up to 12 of the 26 weeks may be for an FMLA-qualifying reason other than military caregiver leave.

E. Substitution of Paid Leave

1. The employee may elect to substitute paid leave in accordance with applicable regulation for any part of the applicable period. An employee may not retroactively substitute paid leave for unpaid family and medical leave. An employee may continue to use earned compensatory time and credit hours, subject to supervisory approval, in addition to his/her entitlement to leave under the FMLA.
2. An employee may request leave on an intermittent basis or under a reduced leave schedule. The employee must consult with their supervisor and make a reasonable effort to schedule intermittent LWOP and/or paid leave so as not to disrupt the operations of the Agency.

F. Notice of Leave

1. Requests for leave under the FMLA will be made in the Agency’s time and attendance system. The employee must indicate that they are invoking

their entitlement to family and medical leave for: birth/adoption/foster care, serious health condition of a spouse, son, daughter or parent, or the serious health condition of oneself as appropriate.

2. When the need for unpaid family and medical leave is foreseeable, the employee will provide such notice as is practicable. If the need is foreseeable and the employee fails to give 30 days' notice with no reasonable excuse for the delay of notification, the Agency may delay the taking of leave until at least 30 days after the date the employee provides notice of his or her need for family and medical leave.

G. Medical Certification

1. The written medical certification under FMLA for the employee's illness shall include:
 - a. The date the serious health condition commenced;
 - b. The probable duration of the serious health condition or specify that the serious health condition is a chronic or continuing condition with an unknown duration and whether the patient is presently incapacitated and the likely duration and frequency of episodes of incapacity;
 - c. The appropriate medical facts within the knowledge of the health care provider regarding the serious health condition including a general statement as to the incapacitation, examination or treatment that may be required by a health care provider; and
 - d. A statement that the employee is unable to perform one or more of the essential functions of the position or requires medical treatment for a serious health condition based on written information provided by the Agency on the essential functions of the employee's position, or if not provided, discussion with the employee about the essential functions of the position.
2. Medical certification under the FMLA for a family member of the employee, in addition to a through d in 1 above, shall include:
 - a. A statement from the health care provider that the spouse, son, daughter or parent of the employee requires psychological comfort and/or physical care, needs assistance for basic medical, hygienic, nutritional, safety or transportation needs or in making arrangements to meet such needs and would benefit from the employee's care or presence; and
 - b. A statement from the employee on the care he or she will provide and an estimate of the amount of time needed to care for his or her spouse,

son, daughter or parent.

3. In the case of medical certification for intermittent leave or leave on a reduced schedule for either the employee's own illness or a family member's illness, it shall also include the dates (actual or estimates) on which such planned medical treatment is expected to be given, the duration of the treatment and the period of recovery if any, or specify that the serious health condition is a chronic or continuing condition with an unknown duration, whether the patient is presently incapacitated and the likely duration and frequency of episodes of incapacity.
4. If the Agency doubts the validity of the original certification, the Agency may require, per the FMLA provisions and at the Agency's expense, that the employee obtain the opinion of a second health care provider designated by the Agency concerning the information certified.
5. If the employee is unable to provide the requested medical certification before leave begins, or if the agency questions the validity of the original certification provided by the employee and the medical treatment requires the leave to begin, the agency may grant provisional leave pending final written medical certification.
6. An employee must provide the written medical certification signed by a health care provider no later than 15 calendar days after the date the Agency requests such medical certification. If it is not practicable under the particular circumstances to provide the requested medical certification no later than 15 calendar days after the date requested by the Agency, despite the employee's diligent good faith efforts, the employee must provide the medical certification within a reasonable period of time under the circumstances involved, but not later than 30 calendar days after the date the Agency requests such medical certification.
7. If the employee fails to provide the requested medical certification, the Agency may:
 - a. Charge the employee as AWOL or
 - b. Allow the employee to request that the provisional leave be charged as LWOP or charged to the employee's annual and/or sick leave account, as appropriate.

H. Medical Recertification

While an employee is on family and medical leave, the Agency may require subsequent medical recertification from the health care provider if the circumstances described in the original medical certification are subject to change significantly, if the Agency receives bona fide information that casts

doubt upon the continuing validity of the medical certification or for any reason that the Agency determines to be necessary. Such requests for medical recertification will not occur more frequently than every six weeks except as determined necessary by the Agency.

I. Protection of Employment and Benefits

Upon return from family and medical leave, the employee will be returned to the same position as he/she occupied before the leave or to an equivalent position with equivalent benefits, pay status and to the extent possible, other terms and conditions of employment.

SECTION 9 - FAMILY FRIENDLY LEAVE POLICIES

Employees are entitled to use sick leave to care for a family member who is incapacitated as a result of physical or mental illness, injury, pregnancy, childbirth, or who receives medical, dental, or optical examinations or treatment, or attend the funeral of a family member.

- A. For purposes of this section, the definition of “family member” means an individual with any of the following relationships to the employee:
 - 1. Spouse and parents thereof;
 - 2. Children, including adopted children, and spouses thereof;
 - 3. Parents, and spouses thereof;
 - 4. Brothers and sisters, and spouses thereof;
 - 5. Grandparents and grandchildren, and spouse thereof;
 - 6. Domestic partners and parents thereof; including domestic partners of any individual in subparagraphs (2) through (5) above; or
 - 7. Any individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship.

- B. In accordance with applicable regulations, a full time employee may use up to 104 hours of his/her accrued sick leave in a leave year for general family care purposes, including making arrangements for or attending the funeral of a family member. The maximum yearly allowance for general family care purposes is 104 hours, or in the case of a part time employee, the number of sick leave hours accrued during a leave year.

C. Family Friendly and FMLA Leave Usage

1. If, at the time an employee uses FMLA sick leave for a family member's serious health condition, the employee has used any portion of the 104 hours of sick leave allowable for general family care purposes during that leave year, that amount must be subtracted from the maximum number of allowable sick leave hours (480). This will determine the total number of sick leave hours that may be used during the remainder of the leave year for a family member with a serious health condition.
2. An employee may not use more than 12 weeks (480) hours of sick leave each leave year for all family care purposes. Consequently, if an employee previously used 12 weeks of sick leave to care for a family member with a serious health condition, he/she cannot use any additional sick leave under the general family care provisions as noted above.

SECTION 10- SUBMISSION OF MEDICAL INFORMATION/PRIVACY OF RECORDS

Sick leave and medical records of employees are covered under the Privacy Act and the Health Information Privacy and Portability Act (HIPPA) and will be maintained according to applicable law. The employer shall treat as confidential any medical information given by the employee in support of a request for sick leave.

SECTION 11 - ADMINISTRATIVE LEAVE

A. General

For the purpose of this Article, administrative leave is defined as an excused absence from duty without loss of pay and without charge to leave.

B. Registration and Voting

With the exception of those instances when the polls are open for 2 hours before or after the employee's scheduled tour of duty, an employee who desires to vote shall be authorized administrative leave for that purpose.

C. Inclement Weather or Emergency Conditions

1. When it becomes necessary to close any duty station because of inclement weather or any other emergency condition as determined by the local Commander/Director or their designee, the following procedures apply:
 - a. Notification procedures shall be negotiated and established to address each local situation.
 - b. When a facility is officially closed for an entire day, nonemergency

employees, including those on preapproved leave will be granted excused absence for the number of hours they were scheduled to work. This does not apply to employees on leave without pay, worker's compensation, suspension or in another non-pay status. Employees on alternative work schedules (AWS) are not entitled to another AWS day off in lieu of the workday on which the Agency is closed. The status of teleworkers will be determined by their telework agreements IAW with Article 39.

2. When it becomes necessary to close any duty station because of inclement weather or any other emergency condition developing during working hours, whether an employee should or should not be charged leave for an absence depends upon the employee's duty or leave status at the time of dismissal:
 - a. If the employee was in a duty status and was excused, there is no charge to leave for the remaining hours of the work shift following excusal.
 - b. If the employee was in a duty status and departed on leave after official notification was received but before the time set for dismissal, leave is charged only for the time the employee departed until the time set for dismissal.
 - c. If the employee was scheduled to report for duty after a leave period and dismissal is given before the employee can report, leave is charged until the time set for dismissal.
 - d. Employees who are in a telework status will continue to work IAW Article 39 and their respective telework agreements.
3. When a duty station or an assigned site away from the duty station is open, but inclement weather or other emergency conditions affecting travel to the duty station or an assigned site away from the duty station prevents an employee from getting to work on time or at all, the employee may be granted administrative leave on a case-by-case basis, provided that the employee presents a reasonably acceptable explanation and/or documentation related to the inclement weather or other emergency conditions to the supervisor.
4. In those instances where an employee needs to advise management of inclement weather conditions existing in their area, employees will contact their offices utilizing local procedures. The Commander/Director or designee will make the decision as to whether the employee is providing a reasonably acceptable explanation for the purpose of granting administrative leave.

5. If an employee is an Emergency Responder (the definition of Emergency Responder will be negotiated locally), in cases of local or national emergency, the employee will be granted administrative leave in accordance with law, regulation and/or Executive Order.
6. The Commander/Director or designee may excuse, on an individual basis, employee tardiness of less than two (2) hours when emergency conditions exist.

D. Veterans Participating in Military Funeral Ceremonies

Employees who are veterans may be granted administrative leave to enable them to participate as active pallbearers or as members of an honor guard in funeral ceremonies for members of the Armed Forces, subject to applicable law and regulation.

E. Blood Donation

DCMA employees are encouraged to serve as blood and or blood platelet donors. With supervisory approval, employees shall be excused from work for up to four (4) hours without charge to leave for the time necessary to donate blood and platelets, for recuperation following such donations, and for necessary travel to and from the donation site. When unusual circumstances exist, additional time may be authorized on a case-by-case basis.

F. Leave for Bone Marrow or Organ Donation

1. Employees shall be entitled to take up to seven (7) days of paid leave in a calendar year (in addition to sick or annual leave) to serve as a bone marrow donor.
2. Employees shall be entitled to take up to 30 days of paid leave in a calendar year (in addition to sick or annual leave) to serve as an organ donor.

G. Labor Disputes in Contractor's Facility

When employees are prevented from working because of temporary shutdowns or safety issues due to labor disputes at a contractor's facility to which they are assigned, every effort will be made to assign them to other work. If that is not possible, such employees may be dismissed without charge to leave for a maximum of 5 days or until management determines alternate work arrangements.

H. Absences for Emergency Conditions or Other Management Reasons

1. When bargaining unit employees are prevented from working at the location to which they are assigned due to emergency conditions or alerts, scheduled or unscheduled plant closure, or other reasons, and they do not choose to take leave, every effort will be made to assign them to another work site within a reasonable commuting distance to include telework if appropriate. If this is not possible, employees will be excused without charge to leave or loss of pay.
2. Management will ensure the maximum use of alternate work sites.
3. The AFGE Council Local shall be notified as far in advance as possible.

SECTION 12 – LEAVE WITHOUT PAY (LWOP)

Leave without pay (LWOP) is a temporary non-pay status and absence from duty. Employees may request LWOP in accordance with law, government-wide rule and regulation and the provisions of this article. Authorizing LWOP is a matter of supervisor discretion.

SECTION 13 - LEAVE OF ABSENCE WITHOUT PAY TO SERVE AS A NATIONAL OFFICIAL

LWOP will be granted to a bargaining unit employee who is elected to a position of National Officer of the American Federation of Government Employees, AFL-CIO for the purpose of serving full-time in the elected position or who is selected as an AFGE National Union Representative. The Agency shall be given not less than 30 days advance notice. Any LWOP granted or approved in accordance with this article is subject to appropriate Government-wide regulations. To the extent of its authority, the Agency shall place the employee in the position the employee left, or one of like, status, grade, location and pay upon their return to duty.

SECTION 14 - HOLIDAY LEAVE

See Article 37, Hours of Duty, Section (9) Holidays.

ARTICLE 21

POSITION CLASSIFICATION

SECTION 1 - BASIC POLICY

A. The Agency and the AFGE Council endorse the principle of equal pay for substantially equal work.

B. The Agency supports the policy of properly classifying positions consistent with the assigned duties. Supervisors will review all position descriptions annually with their employees in conjunction with the annual performance appraisal to assure that positions accurately reflect the assigned duties.

SECTION 2 - POSITION DESCRIPTIONS

A. The Agency will maintain an accurate position description for each position that will reflect the significant duties to be performed. Position descriptions containing "and other duties as assigned" or similar phrases will not be used as a basis for assigning duties to an employee on a recurring basis which are unrelated to their principal duties.

B. Employees will be furnished a current copy of his/her position description normally within 30 days of assignment. When major changes are made to an employee's position description, they will be fully explained to the employee in advance of the employee undertaking the new duties. When major changes are anticipated in a position description, the affected employee(s) will have input to those changes. New or revised position descriptions will be provided to the employee normally within thirty (30) days.

C. Duties of a physical nature which exceed the normal physical demands of the job will be brought to the attention of the supervisor by the employee. The supervisor will ensure that the safety and health of the employee are protected.

SECTION 3 - POSITION DESCRIPTION ACCURACY

When differences concerning the accuracy of the contents of a position description cannot be resolved between the supervisor and the employee, the employee/AFGE Council Local representative may file a grievance under the negotiated grievance procedure. Such grievances will not include issues concerning the appropriate classification of the title, grade and/or series of the position. The matter concerning content accuracy must be resolved before an employee may file a position classification appeal.

SECTION 4 - CLASSIFICATION ACCURACY

A. An employee who feels his/her position description is improperly classified will meet and discuss this matter with his/her supervisor for clarification. Should the supervisor be unable to answer the employee's questions, the supervisor will arrange for a teleconference with the appropriate position classifier, the supervisor and the employee. The Union shall be afforded an opportunity to participate if requested by the employee. Should this teleconference fail to resolve the employee's classification issues, a face-to-face meeting with all parties involved may be held. This will be jointly determined by the parties. Should the issue remain unresolved to the employee's satisfaction, the employee may file a position classification appeal. Upon written request by the employee or Union in connection with the appeal, the Agency will provide the requestor with an analysis which shall cite the standards used to classify the position being appealed. Position classification standards are available on the OPM website.

B. Upon request, the employee and the Union will be provided copies of documentation and/or status information regarding any classification action affecting the employee's position.

C. If the position description appealed is identical to other encumbered positions in the Agency which may be impacted, the Union will be provided information regarding the results of any review conducted upon request.

D. If requested by the employee who files a classification appeal, the Union may observe any onsite classification audit.

SECTION 5 - SURVEYS

The Agency shall provide the AFGE Council with information on occupational surveys to be conducted or being conducted as a result of OPM direction, OPM issuance of a proposed Government-wide classification standard or development by the Agency of a supplemental classification guideline in accordance with the OPM position classification standards.

SECTION 6 - HAZARDOUS DUTY PAY

Hazardous duty pay for General Schedule employees shall be paid in accordance with governing laws and regulations.

ARTICLE 22

CAREER DEVELOPMENT AND TRAINING

SECTION 1 - GENERAL

A. The Agency will provide training, education and development opportunities in accordance with 5 CFR, Part 410 and subject to the availability of space and funds. The AFGE Council and the Agency shall encourage employees to take advantage of training and educational opportunities. Such training shall add to the skills and qualifications needed to increase their efficiency in the performance of their duties, meet future Agency requirements and qualify for advancement.

B. Where non-job related courses are available only during duty hours at an area institution, the Agency will give appropriate consideration to an employee's request for a special tour of duty to permit the employee to take the course.

C. To the extent practicable, training directed by the Agency will be scheduled within employees' work hours. When it is not possible to do so, the employee's shift may be adjusted to encompass the hours of the training. Overtime pay for training is generally prohibited for FLSA Exempt positions, except as specifically addressed in exceptions described in 5 CFR 410. Overtime pay for training or attending lectures, meetings or conferences for employees covered by FLSA is described in 5 CFR 551.423, which provides for payment of overtime only when the training is directed (rather than permitted) by the Agency and the purpose of the training is to improve the employee's performance of the duties and responsibilities of his/her current position.

D Training classes normally should consist of a combined total of classroom training and outside assignments not to exceed 8 hours per day. For all training classes requiring assignments beyond the 8 hour classroom day, the employee will be compensated in accordance with applicable laws and regulations. On those days when the class is dismissed prior to completion of the 8 hours of training, the employee is required to return to regular duty or take leave for the balance of the day.

E. The Agency agrees to provide appropriate job related training to employees without regard to disability, race, religion, sex, age, national origin or Union affiliation or non-affiliation.

SECTION 2 - INDIVIDUAL DEVELOPMENT

An Individual Development Plan (IDP) will be prepared and/or updated annually and discussed in conjunction with performance evaluation discussions. The Agency will provide access to appropriate sources of formal training (e.g. web

sites, catalogs). Upon an employee's assignment to a new or different position, the Agency will inform him or her of the purpose of an IDP and develop an IDP that outlines the skills or knowledge required for performance in the position and recognizes the employee's development interests. Additionally, the Agency shall make every reasonable effort to provide training and developmental activities identified on each employee's approved IDP when such training is related to the employee's official job duties, subject to the availability of space and funds.

SECTION 3 - EXPENSES

Subject to the availability of funds, the Agency will pay approved job related training and/or formal education expenses. Employees who are interested in pursuing courses of training or higher education at their own expense are encouraged to do so. Employees may document such training in their resumes/job applications and will be given credit for such if appropriate.

SECTION 4 - VOLUNTARY PARTICIPATION/SELECTIONS

Participation in career development programs will be completely voluntary. AFGE Council participation will not be considered when selecting career development program participants.

SECTION 5 - ANNUAL TRAINING REQUIREMENTS

A. The Agency will conduct an annual review of training requirements. The Agency will consider the AFGE Council's views in evaluating training needs, formulating programs to meet those needs and the training program content.

B. The Agency will put the AFGE Council on distribution of all training coordinator guidance related to bargaining unit employee training.

SECTION 6 - TRAINING PROGRAMS

Agency's training programs may include but are not limited to the following:

SECTION 7 - ACCREDITATION

When an institution of higher learning provides for accreditation of on-the-job training or experience, the Agency will, upon request of the institution, seek to have the institution accredit the Agency program. The Agency will assist employees in obtaining the appropriate credit based on their participation.

SECTION 8 - EMPLOYEE ORIENTATION

A. The Union will be given the opportunity to make a presentation at new employee orientation briefings attended by bargaining unit employees. The Union will be provided reasonable advance notice of the orientation sessions so that a representative can be made available.

B. The Agency will provide AFGE Council with a quarterly listing of all newly hired employees. This listing will include the organization, name, title, series and grade of the employees gained during the previous quarter.

SECTION 9 - ADVANCE NOTICE

Normally, employees will be given at least two weeks advance notice of training courses that require TDY. When scheduling training that will require TDY, the Agency will upon request, take into consideration personal hardship or other job related training courses a candidate is enrolled in that would conflict.

SECTION 10 - USE OF FACILITIES AND EQUIPMENT

Supervisors may permit employees the use of Government equipment (i.e., computers, copy machines) if the use serves a legitimate public interest such as enhancing professional skills, or job searching in response to downsizing efforts provided: the use does not adversely affect the performance of official duties by the employee or the employee's organization; the use is of reasonable duration and frequency, and accomplished during the employee's personal time, i.e., before or after duty hours or during lunch periods; the use does not put Federal Government resources to uses that would reflect adversely on DoD; and the use creates no significant additional cost to the Agency.

ARTICLE 23

MEMBERSHIP AND PARTICIPATION IN PROFESSIONAL ASSOCIATIONS

Consistent with ethics laws and regulations, employees are encouraged to join and participate in professional organizations and their functions. Expenses for such membership and/or participation in these meetings, including travel and per diem, will be borne by the employee. When an employee is directed by the Agency to join and participate in professional organizations and their functions, the expenses, including travel and per diem, will be borne by the Agency.

ARTICLE 24
UPWARD MOBILITY

SECTION 1 - GENERAL

The Agency and the AFGE Council agree to the importance of providing lower-graded employees with opportunities to satisfy their career aspirations through competition for positions in career fields in the general schedule (GS-1-12) or at equivalent wage grade full performance levels.

SECTION 2 - UPWARD MOBILITY OPPORTUNITY

A. Upward mobility must support Agency mission and organizational objectives. The Agency and the AFGE Council agree that opportunity for upward mobility is in the best interest of the Agency and the employee. The Agency agrees to provide employees with opportunities to reach their maximum level of job achievement through establishing upward mobility positions whenever reasonable and possible.

B. Upward mobility provides new career opportunities to permanent DCMA employees who occupy positions with limited grade levels by enabling them to compete for positions which offer growth to targeted grade levels.

SECTION 3 - AVAILABILITY

A. Upward mobility is open to all career fields and shall not be limited to any one geographical area.

B. Determination of reasonableness will be based upon: mission requirements, fiscal responsibility, position criticality, overall workforce experience, downsizing, availability of training, etc. The establishment of any position is at the discretion of management.

ARTICLE 25

MERIT PROMOTION

SECTION 1 – GENERAL

- A. The purpose of this Article is to enable the Agency to meet the challenges it faces and to respond quickly and effectively to changes in its mission and priorities through the promotion, reassignment and detail of its employees and to provide a fair and equitable process for the employees. The Agency is committed to employing varied means of hiring and developing a skilled workforce and enhancing career opportunities to include flexibilities such as career ladder positions as appropriate.
- B. Merit system principles will apply to all competitive promotion actions taken under this Article. Promotions will be carried out in accordance with applicable law, Government-wide rule or regulation, Agency merit promotion guidance, and this Article.
- C. Merit promotion procedures will apply to actions effecting the competitive placement (for over 120 days) of employees to positions at grade levels higher than those of their current positions. They will also apply to placement into positions which offer promotion to grades which are higher than the full performance level of any position previously held on a permanent basis. "Position" is defined as a bargaining unit position. This Article does not apply to promotions, reassignments or details for non-bargaining unit positions or bargaining unit positions filled via special hiring authorities.
- D. The Agency retains the right to use any lawful means to fill positions either concurrently with or in lieu of competitive procedures. Toward this end, and in order to meet the total objectives of the organization, the Agency has the right in filling positions, to use means other than the competitive promotion process and to select from appropriate sources such as employees eligible for reinstatement, transfer, reassignment, excepted appointment or those within reach on an appropriate OPM or delegated examining unit certificate.

SECTION 2 - POLICY

The Agency and the Union share an interest in a fair and open merit promotion process that provides employees with the opportunity to advance in their careers based on merit. Proper promotion actions are essential to assure that the Agency is being staffed by the best persons available and employees are receiving fair consideration. Violations of the promotion program can have serious impact on personnel management that goes beyond the particular cases involved. As such,

any violation of merit promotion policy or principles will not be tolerated and will be addressed in a thorough and timely manner.

SECTION 3 - PRIORITY CONSIDERATION AND PLACEMENT

A. Definition

For the purpose of this Article, a priority consideration is the consideration for non-competitive selection given to an employee as the result of a previous failure to properly consider the employee for selection because of procedural, regulatory or program violation. Normally, employees will receive priority consideration for each instance of improper consideration. When circumstances warrant, the Agency and AFGE Council agree to consider additional instances of priority consideration. Priority consideration does not give the employee a right or guarantee to be selected for any vacancy.

B. Procedure

Since priority consideration is only granted once each time proper consideration is denied, it is important that the employee is given bonafide consideration. Should more than one employee be entitled to priority consideration on this basis for the same position, they will be considered together. There is no entitlement to selection. The Agency is required to document that the employee received proper consideration for placement.

1. Priority Consideration Only. The situations described in the following categories require only that the selecting official consider the referred individual when a vacancy occurs, but mandatory selection is not required.
 - a. Current employees receiving grade or pay retention at the same duty station as the vacancy.
 - b. Employees granted priority consideration because they did not receive proper consideration for promotion due to a merit staffing regulatory, procedural, program violation, or other error. The AST will determine an entitlement after reviewing the disputed case. Entitlement is limited to the first vacancy in the activity for which consideration was lost that:
 - i. Occurs within 1-year of the determination that the employee was not afforded proper consideration.
 - ii. Is a similar type position in the same pay system as the position for which the employee failed to receive proper consideration.
 - iii. The employee is qualified for and would be in the highly qualified group ranked by a SME or rating official against the occupational questionnaire.
 - iv. Is at the same grade level with no higher potential than the position

for which consideration was lost.

- v. The employee meets selective placement factors, where applicable.

2. Mandatory Placement Actions

- a. If an employee in any of the categories below is available and qualified when a vacancy occurs, that employee must be given appropriate placement entitlement
 - b. Persons with statutory, regulatory, or administrative reemployment or restoration rights. These include employees returning from military service, employees returning from overseas assignments under the terms of a return rights agreement or persons whose names appear on a Reemployment Priority List (RPL). The RPL eligibles are referred for positions at or below the grade last held by the registrants;
 - c. Placement actions required in connection with Reduction in Force (RIF), or placements in lieu of RIF.
 - d. Placement, reassignment or promotion that is directed by OPM, the US Merit System Protection Board (MSPB), the Equal Employment Opportunity Commission (EEOC) or other lawful authority, or settlement agreement to effect a corrective action resulting from an appeal, grievance, EEO complaint decision or to correct a violation of law or regulation;
 - e. Placement of DoD Priority Placement Program (PPP) registrants entitled to mandatory placement action; or
 - f. Placement of qualified recovered disability annuitants of DCMA or DCMA employees who have fully recovered from a job-related injury.
- C. Employees entitled to priority consideration will be notified when they are considered for placement under priority consideration procedures.

SECTION 4 - PERSONNEL ACTIONS COVERED BY THE MERIT PROMOTION PROGRAM (COMPETITIVE ACTIONS)

Competitive actions are a result of competition among applicants and that are based on job related factors, OPM or OPM-approved minimum qualification standards and basic statutory/regulatory eligibility requirements for promotional opportunities. Competitive procedures apply to the following actions:

- 1. Temporary promotion of more than 120 days;

2. Detail for more than 30 days to a higher graded position;
3. Reassignment or change to lower grade to a position with higher potential than the employee's current position (except as permitted by RIF regulations);
4. Transfer to a higher graded position or one with more promotion potential than previously held permanently in the competitive service; or
5. Reinstatement to a permanent or temporary position at a higher grade or with more promotion potential than the highest grade previously held on a permanent basis in the competitive service.

SECTION 5 PERSONNEL ACTIONS NOT REQUIRING COMPETITION UNDER MERIT PROMOTION.

Competitive procedures may not be required for:

1. A promotion resulting from the upgrading of a position without significant change in the duties and responsibilities due to the issuance of a new classification standard or the correction of a prior classification error;
2. A position change permitted by RIF procedures;
3. A promotion resulting from upgrading of a position due to the accretion of duties;
4. Career promotion of an employee without further competition when at an earlier stage the employee was selected from an OPM certificate of eligibles under competitive promotion procedures for an assignment intended to prepare the employee for the position being filled. This includes any promotion up to and including the full performance level of the position;
5. Temporary promotions of 120 days or less;
6. Details for no more than 120 days to a higher-grade position or to a position with higher promotion potential (prior service during the preceding 12 months under noncompetitive details to higher graded positions and noncompetitive time-limited promotions counts toward the 120-day total);
7. Re-promotion of an employee who was demoted without personal cause and not at his or her request. Except for good cause, employees involuntarily downgraded without personal cause will be re-promoted at the first opportunity. Good cause includes but is not limited to management's decision not to fill or to abolish the position or to select a better qualified candidate from any appropriate source. In the event of non-selection for re-

promotion, the employee will be provided written reasons for non-selection as soon as possible, but no later than fourteen (14) days of the decision;

8. Selection of a permanent government employee from OPM delegation of authority registers for higher graded positions or positions with known promotion potential;
9. Promotion of an employee to any position and/or grade level which he or she formerly held on a permanent basis. Since employees already competed at a previous time, they must only meet the basic qualification requirements of the position;
10. Transfer of a current Federal employee or reinstatement of a former Federal employee to a position that is no higher than a position previously held on a permanent basis under a career or career conditional appointment, provided the employee was not demoted or separated from that previous position for cause or for performance deficiencies;
11. Position change (either reassignment, demotion, or promotion) of any permanent employee from a position having known promotion potential to a position having no higher potential; or
12. Selection of an individual accorded priority consideration.

SECTION 6 - RESPONSIBILITIES

A. The Agency will:

1. Administer the Merit Promotion Program and assure adequate advice and assistance is provided to supervisors and employees to enable them to discharge their responsibilities in connection with the program; and
2. Publish job opportunity announcements on USA Jobs or equivalent and provide information to employees with respect to the filing of applications and the regulatory aspects of the promotion program. Additionally, any Agency organization responsible for the recruitment may notify BUEs in the local commuting area of the announcement.

B. The AFGE Council will bring matters of concern regarding the promotion program to the attention of the Agency as early as possible in an effort to reach informal resolutions. The Parties shall address and attempt to resolve the concern prior to commitment of the position. The Agency and the Union will:

1. Encourage and assist employees to improve their potential for promotion

- through self-help activities;
2. Assist employees in identifying appropriate positions for which they are qualified; and
 3. Assist employees to overcome weaknesses, which have been identified as reasons they have not been promoted.

C. Employees are expected to:

1. Ensure the applications filed for consideration are completed accurately and in the detail required to permit a valid evaluation of their qualifications;
2. Ensure that official personnel records, application form, and any other supporting documentation accurately reflect appropriate experience, education, training, and awards;
3. Take advantage of opportunities for self-development to acquire the skills and training necessary for advancement;

SECTION 7 - AREA OF CONSIDERATION

- A. The area of consideration for positions to be filled through competitive promotion procedures must be broad enough to obtain a sufficient number of highly qualified candidates from which to select and to provide adequate promotion opportunities for employees.
- B. The area of consideration in announcing vacancies will be no less than:
 1. Agency-wide and Acquisition and Sustainment (A&S) Workforce in the Department of Defense (DoD) Components outside the military departments for permanent acquisition workforce positions (i.e. Defense Acquisition Workforce Improvement Act (DAWIA)); and

2. Agency-wide for all other permanent bargaining unit positions.
- C. The minimum area of consideration for positions with noncompetitive promotion potential will be based on the target grade.

- G. Amendments, cancellations or extensions will be made available in the same manner as the JOA.
- H. JOAs will remain open for a minimum of five (5) calendar days.

SECTION 9 - EVALUATION, CERTIFICATION AND SELECTION OF APPLICANTS UNDER COMPETITIVE PROCEDURES

- A. The Agency and AFGE Council recognize their shared interest in a consistent and efficient merit promotion system that provides for prompt filling of vacancies with high quality applicants.
- B. The Agency will use USA Staffing or an equivalent automated system for the evaluation of candidates. For each position or group of positions, which will be filled through competitive promotion procedures, the method of rating must be documented. This job analysis will address:
 - 1. the skills identified through job analysis as necessary for successful job performance and the relative weight assigned to each;
 - 2. the measurement methods to be used; and
 - 3. evaluation procedures to be followed and measuring information to be used based solely on job related criteria.
- C. Skills to be used for evaluation purposes must be derived from the official position description for the position being filled.

- D. Candidates who have a current rating of record of Unacceptable will not be certified for promotion consideration. They will be notified that they are ineligible for further consideration.
- E. Candidates referred will be selected based on job – related criteria, considering experience, awards, training, and education pertinent to the job being filled.

SECTION 10 - USE OF PANELS IN THE PROMOTION PROCESS

- A. Panels may be convened to evaluate, rank and review the resumes, interview, and/or recommend candidates for further consideration by the selecting official. The role of the panel is to collectively assess the candidates on the competitive referral list and recommend a reduced number of competitive candidates (known as the “recommended panel list”) to the selecting official for final consideration.
- B. Panels may not function in a way which preempts the selecting official’s authority.
- C. Panel members must be at or above the grade level of the position being filled. The panel membership will be structured to address subject matter expertise, diversity, leadership or leadership potential consideration.

SECTION 11 - REFERRAL OF CANDIDATES FOR SELECTION

- A. A list of the best qualified candidates who meet the cutoff score previously established by the selecting official will be referred by the Army Servicing Team (AST) or equivalent to the selecting official for consideration, along with the corresponding resumes and occupational questionnaire responses.
- B. When a promotion certificate contains at least three qualified promotion candidates, the selecting supervisor may not reject the certificate as inadequate solely on the basis that it contains an insufficient number of eligible candidates.
- C. If the promotion certificate contains fewer than three qualified promotion candidates or if declinations reduce the number to fewer than three, the selecting official may request that recruitment effort be renewed or he/she may proceed with the selection process. If recruitment is renewed, previous applicants need not reapply to receive consideration.
- D. In cases where the position was announced at more than one grade level, the selecting official will be provided a list for each grade level.

SECTION 12 - CANDIDATE INTERVIEWS

- A. The selecting official has the option to interview or not interview the candidates referred. If one bargaining unit candidate on the referral list is interviewed, all bargaining unit candidates will be interviewed.
- B. If a panel has narrowed down the competitive referral list and one bargaining unit candidate on the recommended panel list is interviewed, all bargaining unit candidates will be interviewed.
- C. Interviews will be conducted in essentially the same manner in regard to questions asked and the information being sought so that all candidates are given an equitable opportunity to present themselves and their qualifications.
- D. Employees will be released after making appropriate arrangements with their supervisor for the time necessary for the interview to be conducted.

SECTION 13 – SELECTION

- A. Selecting officials may select any of the candidates referred on the promotion certificates, or any candidate eligible for noncompetitive consideration.
- B. If the vacancy is one for which an under-representation exists and is a targeted occupation as identified in the Affirmative Employment Plan and there are well qualified candidates whose selection would reduce the under-representation, then the selecting official will give the appropriate consideration consistent with the Affirmative Employment Plan.
- C. Supervisors will release employees selected for competitive promotion promptly, normally at the beginning of the second pay period following the selection.

SECTION 14 - RECORDS

Promotion actions will be documented and records maintained in accordance with requirements established by OPM. The AFGE Council Local representative shall have the right to review pertinent promotion records, upon request, subject to the limitations of the Privacy Act.

- A. The Agency and the AFGE Council share an interest in fair consideration of applicants for promotion. The expedited grievance will be presented to the

Labor Relations Officer or his/her designee. This expedited grievance procedure provides a means for rapid review of employee or Union grievances regarding qualifications or rating decisions. This procedure may be used by an employee or by the Union within five (5) workdays from the issuance of the Web Based Referral List or equivalent.

- B. In the event a grievance is filed using this procedure, the Agency will stay the selection process for five (5) workdays or until the grievance decision is rendered whichever occurs first. - C. The Labor Relations Officer or his/her designee will communicate telephonically or in person with the Union/employee(s) to discuss the grievance within three (3) workdays from receipt of the grievance. The Agency will provide a written decision within two (2) workdays of the communication.
- D. A grievance not resolved by this procedure may be advanced to the second step of the negotiated grievance procedure.

ARTICLE 26

PERFORMANCE MANAGEMENT

SECTION 1 – GENERAL

- A. Performance management is the process of creating a work environment or setting in which people are enabled to develop their full potential and perform to the best of their ability. Performance management supports the desire to create a customer serving, motivated, accountable, reliable and dedicated workforce. It provides enough guidance so employees understand what is expected of them. It provides enough flexibility so that individual creativity and strengths are nurtured but enough control so that employees understand organizational missions/goals. A performance management plan contains clear expectations and robust measures that make meaningful distinctions across levels of performance and reinforces accountability. The performance management plan will support human capital decisions such as training and development, succession planning, recognizing top performers, reduction-in-force, etc. Performance plans will be applied so that each employee has the opportunity to excel. The performance management process shall provide for employee participation in the development of performance plans. The Agency performance management system will be administered in accordance with applicable laws, rules and regulations.
- B. The Agency will ensure that employees receive adequate training or orientation concerning the performance management system.
- C. Employees shall be responsible for learning what is expected of them; for discussing their ideas about the work and professional development goals with their supervisors; and for performing to the best of their abilities.

SECTION 2 – TRAINING

- A. The Agency will ensure that employees receive adequate training or orientation concerning the performance management system. The AFGE Council Local will be notified and allowed to attend all formal discussions and/or training with DCMA management and employees.
- B. New employees are expected to complete available training within thirty (30) days of employment if not taken previously.
- C. The Agency will provide links to any performance management system training.

SECTION 3 – ESTABLISHING WRITTEN PERFORMANCE PLANS

- A. A written performance plan provides the employee with clear expectations/goals based on position requirements and a method for the supervisor/manager to objectively rate his/her progress using criteria that is specific, measureable,

achievable, relevant, and timely. The plan consists of a set of rating elements and performance standards used to evaluate such elements.

- B. Performance plans must be current and derived from the duties and responsibilities of the position and be attainable.
- C. Upon request, the Agency will provide the AFGE Council with a copy of the guidance provided to management for developing written performance plans.
- D. Employees will be given the opportunity to participate in the initial development and any revision of performance plans for their positions. The employee may discuss the standards with a Union representative, if desired. The employee will be given a reasonable amount of time, normally no more than five (5) work days to review the proposed plan and submit any recommended changes, deletions or additions, as well as justification for the recommendations.

SECTION 4 – CRITICAL ELEMENTS

- A. Rating elements must address the critical functions of an employee's position. A critical element is a work assignment or responsibility of such importance that unacceptable performance of the element would result in a determination that an employee's overall performance is unacceptable. When developing critical elements, consideration should be given to work quality and productivity for employee performance plans. All performance elements must be critical elements and should be clearly aligned with organizational goals.
- B. Each critical element should identify and measure work outcomes and achievements rather than the work processes employed to produce the results. Organizational goals and metrics used in employees' performance plans should be directly linked to an individual's critical elements, be reasonably attainable and be clearly stated in terms of quality, quantity, timeliness and manner of performance. Critical elements for bargaining unit employees shall address individual performance only.

SECTION 5 – PERFORMANCE AND PROGRESS REVIEW

- A. Performance will be assessed on an annual basis.
- B. Supervisors will hold a minimum of four performance discussions, in a private setting, during the appraisal cycle to include the initial performance plan meeting, two progress review discussions, and a final performance appraisal discussion. Normally each of these discussions should occur every 90 calendar days in the appraisal cycle. Employees may request additional performance discussions at any time throughout the rating period and will be advised of deadlines for input into their appraisal. These performance discussions are designed to provide ongoing, consistent feedback that addresses both

employees strengths and any gaps in their performance.

- C. If an employee requests additional progress reviews, the supervisor will notify the employee within five (5) working days of receipt of that request of the scheduled date and time of the progress review.

SECTION 6 – EVALUATING AND RATING PERFORMANCE AT THE END OF THE RATING PERIOD

- A. Sufficient time shall be scheduled for the employee to discuss his/her performance appraisal.
- B. A written rating of record must be provided at the end of the appraisal cycle for each employee who has been under an approved performance plan for 90 days during the cycle.

SECTION 7 – APPRAISING PERFORMANCE FOR SPECIALLY SITUATED EMPLOYEES

There are a number of special circumstances that may affect an employee's eligibility for a performance rating. These include employees on a detail or matrixed to another organization, employees performing union representational responsibilities, absence for military service, employees on extended leave or long-term training, and employees or supervisors who leave or transfer during the appraisal cycle. In these circumstances, ratings will be provided in accordance with applicable laws, rules and regulations.

SECTION 8 – COMPLETING THE PERFORMANCE EVALUATION

- A. The Agency will use the automated appraisal tool that has been authorized for use in administering and documenting activities under the performance management system.
- B. The tool generates a completed DD Form 2906, "Department of Defense Performance Plan, Progress Review, and Appraisal." If an employee does not have access to the electronic appraisal tool, he/she must use the paper copy of DD Form 2906 to document the performance plan, progress review(s), or rating of record. Management will upload paper copies into the tool within thirty (30) days after issuance to the employee.
- C. The tool and eOPF will maintain ratings of record for a minimum of four (4) years.
- D. Supervisors must annotate the rating level for each critical element in

accordance with the Agency's performance management system.

- E. Employee input, if provided, should be given consideration in developing the performance rating. Employees will not be penalized on their writing ability and if necessary, can receive assistance via skill soft training. Supervisors may not change an employees' input and employees may not change a supervisors input. The notation section of the automated appraisal tool is designed for the employees' private use and is not ordinarily accessible to the supervisor.
- F. Supervisors must discuss the performance evaluations with employees. The performance discussions will incorporate how the employee's position and performance supported the Agency's goals. The supervisor is to obtain the employee's signature on the applicable appraisal form and provide a copy of the completed form to the employee. If the employee refuses to sign the form, the supervisor should annotate the form to that effect.
- G. The employee's signature on the completed form does not imply that the employee agrees with the evaluation. It only verifies that the supervisor has discussed the rating with the employee and that they have received a copy of the evaluation. An employee may add comments to the form.
- H. Discrepancies in written appraisals shall be corrected as soon as possible after they are discovered. Discrepancies can result from causes such as clerical errors that unintentionally changed content; from grievances, appeals, or other complaint procedures; or because of new information which had enough impact on the completed appraisal that it changes the appraisal and/or the rating. Corrective action shall include the following:
 - 1. Preparation of a corrected Performance Rating Form, to include signatures by the ratee and rater.
 - 2. Destruction of official copies of the erroneous performance appraisal.
 - 3. Appropriate distribution of the corrected appraisal.
 - 4. Adjustment to personnel actions which were based on the erroneous overall performance rating.

SECTION 9 – DETERMINATION OF PERFORMANCE AWARD

Employees evaluated as Fully Successful or above are eligible for consideration for performance awards. Employees rated Outstanding may be considered for Quality Step Increases (See Article 27).

SECTION 10 – PROBATIONARY PERIOD EVALUATIONS

Employees appointed to a career or career-conditional position must serve a two-year probationary period. During this probationary period, supervisors must observe the employee's conduct and performance. Supervisors must evaluate the employee's performance against the requirements of the employee's performance plan. Supervisors may separate employees during the probationary period in accordance with applicable regulations.

SECTION 11 – TAKING ACTIONS BASED UPON UNACCEPTABLE PERFORMANCE

- A. Supervisors must warn employees of serious performance deficiencies when they occur and as early as possible during the performance cycle. The following course of action must be taken regardless of whether the employee's performance rating is due:
- B. Counseling sessions will be conducted with the employee concerning his/her performance deficiencies and specifically identify areas of performance that are in danger of failing to meet expectations, explain the required improvements, and identify means to successfully attain the improvements. The supervisor should determine whether training or other skills improvement opportunities would help an employee perform better on the job or to meet a specific performance standard or expectation. These counseling sessions will be conducted on an as-needed basis and a written record will be provided to the employee.
- C. If the employee's performance does not improve as a result of the counseling sessions, the supervisor must notify the employee in writing of an opportunity period to meet expectations. This written notification (Performance Improvement Plan) is a formal warning to the employee that their performance is Unacceptable in one or more critical elements. It should establish a period of reasonable length, normally 90 days, during which the employee is required to improve performance to meet expectations. The written notice must contain:
 - 1. identification of each critical element in which performance is unacceptable, along with specific examples of deficient performance;
 - 2. a statement identifying what the expected performance is on each of those specific critical elements;
 - 3. identification of the assistance which will be provided to the employee to enable the employee to meet expectations;
 - 4. an offer of assistance through the EAP, as appropriate; and

5. a statement regarding the performance based action management may take to reassign, demote or remove from Federal service if the employee's performance does not improve to meet expectations and remains at that level throughout the remainder of the rating period;
- D. During the Performance Improvement Plan opportunity period, the supervisor must periodically counsel the employee. These discussions note improvements and/or continued deficiencies. The supervisor must keep a record of these counseling sessions and provide the employee with a copy, if requested.
 - E. If the annual performance evaluation is due during the opportunity period, the supervisor must extend the rating period until after the opportunity period and notify the employee of such. The supervisor should initiate the opportunity period early in the rating period so as to avoid this type of extension.

SECTION 12 – ACTIONS AT THE END OF THE OPPORTUNITY PERIOD

- A. If the employee's performance has improved to the Fully Successful level during or at the end of the opportunity period, the supervisor must cancel the opportunity period and inform the employee in writing once that determination has been made. The employee must sustain the Fully Successful level of performance for one year from the beginning of the opportunity period. If he/she does not sustain performance at this level for the one-year period, the supervisor may propose a performance-based action without granting a new opportunity period.
- B. If an employee's performance remains Unacceptable at the end of the opportunity period, the supervisor must initiate a performance-based action to reassign, demote to a position where it is considered that they will meet expectations or remove the employee from Federal service.

SECTION 13 – ADVERSE ACTIONS BASED UPON UNACCEPTABLE PERFORMANCE

- A. Supervisors must use the following procedures to take a performance-based action:
 1. Provide a minimum 30-calendar day advance notice. The notice must contain:

- a. identification of the critical elements and performance standards found unacceptable. A description of the facts concerning specific performance deficiencies;
 - b. identification of the specific records or documents used in support of the action; and
 - c. a statement that the employee is entitled to representation by an attorney or other representative of their choice, to include Union representation, when making a reply. If otherwise in a duty status, the employee and his/her representatives are entitled to a reasonable amount of official time to prepare and present a reply to the proposed action.
- B. The deciding official must be at least one level higher than the supervisor who proposed the action and must make the final decision regarding the proposed action. AWARDS AND RECOGNITION

SECTION 1- AWARDS PROGRAM

A. The Incentive Awards Program will be administered in accordance with Agency policy. The parties recognize the importance of teamwork in reaching organizational and Agency goals. The Agency agrees to give due consideration to using group and team awards to foster teamwork and promote overall organizational achievement in recognition of the efforts of groups, organizations, and teams which have enhanced organizational excellence. The Agency has the discretion to use a wide variety of awards to recognize its employees for performance in support of the Agency's mission. The Agency is encouraged to give out awards throughout the year and not be limited to the annual performance rating cycle.

B. An effective awards program recognizes the contribution of the employee in a timely manner. Efforts by authorized approving officials should be directed toward equality of award consideration for employees within their respective organizations.

SECTION 2 - INCENTIVE AWARDS COMMITTEES

Organizations may have incentive awards committees. Incentive awards committees may be used to advise approving officials regarding awards programs and proposed awards. When more than one organization is represented on an incentive awards committee each cognizant AFGE Council Local will be afforded an opportunity to have a representative participate on that incentive awards committee. However, the AFGE Council Local representative may vote only with respect to nominations from the organization he/she represents. Procedures for the organization's incentive awards committee may be negotiated locally.

SECTION 3 - AWARDS PROCESS

A. The following awards may be awarded by the Agency to bargaining unit employees: performance based cash awards, on-the-spot awards, time-off awards, quality step increases, honorary awards, special act or service awards, suggestion/invention award and non-monetary awards.

1. Any employee considered deserving of an award by his/her supervisor will be nominated in a timely manner.

2. Employees evaluated as Fully Successful or above are eligible for consideration for performance based cash awards. However, an appraisal that meets the eligibility requirement for an award does not automatically entitle an employee to an award. The decision whether to approve an award remains a management right and, as such, is not a grievable matter.

3. Performance awards will be approved based on written recommendations that describe objective, verifiable, job-related performance contributions and/or accomplishments. General statements concerning an employee exceeding one or more performance standards will not be considered to be an objective, verifiable statement.

4. Award consideration will be based on performance based criteria. With the exception of exclusions provided for in law and regulation, employees will not be excluded from award consideration solely because the employee was recently promoted, in training, detailed or loaned during the rating cycle, or is a Union official or any other non-merit reasons.

B. In addition to the organization directly awarding the awards listed above, an employee may nominate another employee for an on-the spot award, time-off award or special act or service award. Nominations must be submitted to the nominee's immediate supervisor. In the case of group awards, the nomination must be submitted to the supervisor with overall responsibility for the project, assignment, or initiative. Once a nomination is received, the supervisor will act on the nomination by approving an award (determining the type of award and dollar amount), denying the nomination or forwarding the nomination to the Incentive Awards Committee for consideration. A supervisor is not restricted by the nominator's recommended award type or monetary value in deciding upon the nomination. Timely feedback concerning the outcome of the award recommendation will be given to the individual(s) submitting the recommendation when a recommendation is disapproved.

SECTION 4 - AWARDS REPORT

The Agency will provide the Union with a report showing names, titles, series and grades of bargaining and non-bargaining unit employees, the type of awards received and dollar amount for each organization.

ARTICLE 28
EMPLOYEE RECORDS

SECTION 1 - GENERAL

The Agency will maintain systems of personnel records authorized by the OPM and those Agency systems published in the Federal Register in compliance with the provisions of the Privacy Act of 1974. Personnel records referred to in this Article will be maintained in such a manner so as to prevent disclosure to individuals who do not have an official need for the information.

SECTION 2 – ELECTRONIC OFFICIAL PERSONNEL FOLDER (eOPF)

A. The eOPF is the official repository for records affecting an employee's status and Federal service. The folder provides the basic source of factual data about the employee's Federal employment history and this is used primarily by the HR services provider in screening qualifications, determining status, computing length of service and other information needed in providing personnel services.

B. The Agency shall provide for the maintenance of an eOPF for every employee. Upon request, employees will be informed as to the location of their eOPF.

C. Material will be filed in the eOPF in compliance with applicable rules and regulations of the OPM and 5 CFR Part 293.

D. Each employee and/or their designated representative shall be permitted to review any document appearing in the employee's eOPF upon request. If the representative seeks to review the eOPF without the employee present, the employee must provide written authorization to the Agency.

E. Upon request, an employee will be entitled to a copy of any document in his/her eOPF.

F. Authorized personnel not employed by the Agency may inspect an employee's eOPF only after producing appropriate credentials. As required by the Privacy Act of 1974, an accurate accounting will be made for disclosure of information from the eOPF and the information from this accounting will be made available to the employee.

G. Upon request, employees shall be advised of the length of time the Agency intends to maintain unfavorable material in the eOPF.

H. Records of charges placed in the eOPF determined to be unfounded will be removed. Such charges will not be considered a factor in connection with any future personnel actions.

I. Any adverse material removed from the employee's eOPF will be deleted.

SECTION 3 - SUPERVISOR RECORDS

Derogatory material of any nature shall not be placed in the supervisor's files (memoranda for record, etc.) without the employee's knowledge. When a notation concerning counseling, oral admonishment, disciplinary action, adverse action, etc., is entered into the supervisor's files, the entry will be discussed and the employee shall be advised of their right to make written comments to the file. Upon request, employees shall be furnished copies of any data the supervisor is maintaining concerning their employment. Comments regarding any counseling or oral admonishments and supporting information, may be retained beyond one year provided the supervisor notifies the employee. Should the employee's conduct improve, such notations may be removed from the supervisor's file at any time.

SECTION 4 - SUBMISSION OF MEDICAL INFORMATION/ PRIVACY OF RECORDS

The information collected pursuant to any request for medical information shall go directly and without interception to the Medical Review Officer of the Agency or to such other similarly qualified physician identified by the Agency in advance.

ARTICLE 29

MAINTAINING DISCIPLINE

SECTION 1- DEFINITIONS

- A. Disciplinary Action: Written reprimand or a suspension for 14 calendar days or less. Oral admonishments are not considered disciplinary actions.
- B. Adverse Action: Removal, a suspension for more than 14 calendar days, or a reduction in grade and/or pay taken for cause. For purposes of this Article, the term "adverse action" does not apply to the separation of an employee serving a probationary or trial period under an initial appointment pursuant to 5 U.S.C. § 7511(a)(1)(A), a suspension or removal taken in the interest of national security, an action taken under reduction-in-force procedures, return to the grade formerly held by a supervisor or manager who has not satisfactorily completed his/her supervisory/managerial probationary period, or the reduction-in-grade or removal of employees based on unacceptable performance pursuant to 5 U.S.C. § 4303.
- C. Progressive Discipline: Procedure for evaluation by a management official to decide what the penalty shall be as part of a disciplinary action. Progressive discipline is an element of just cause and provides guidelines in assessing penalties. It does not require any rigid application of a progression of penalties but, rather requires an evaluation of whether the application of the progression of lesser penalties to more harsh penalties is appropriate. More severe, or the harshest of penalties may be appropriate for even a first offense. Under this concept of progressive discipline, a manager may select any penalty considered appropriate, subject to the overall principle of just cause.

SECTION 2 - GENERAL

- A. Employees will not be subject to disciplinary or adverse action except for just and sufficient cause. In keeping with the concept of progressive discipline, actions imposed should be the minimum, in the judgment of the disciplining official, which can reasonably be expected to correct and improve employee behavior and maintain discipline and morale among other employees. All circumstances being the same in an organization disciplinary or adverse action case, the concept of like remedies for like offenses will be applied. This provision shall not prevent the Agency from taking any other appropriate action.
- B. Disciplinary and adverse actions will be taken in a reasonable period of time, considering the circumstances of the individual case.
- C. Weingarten rights will be posted on the DCMA website and will be sent to employees via e-mail annually. An employee will be advised of his/her right to

Union representation prior to the taking of any investigative statement. The parties acknowledge that failure to give the employee such notification will not preclude the use of that statement. An employee may request Union representation at any meeting that he/she reasonably believes may result in disciplinary action. If the employee requests representation, the interview will be discontinued for a reasonable amount of time until the employee's representative is present.

D. If the employee elects AFGE Council Local representation, copies of all correspondence addressed to the employee on the action will be furnished to the representative.

E. The Agency will notify the AFGE Council prior to changing the table of penalties.

SECTION 3 - ORAL ADMONISHMENT

An oral admonishment is used for minor infractions of rules and/or policies. It is intended for those situations that do not merit formal action. Management will inform the employee that he/she is being orally admonished. Oral admonishments will normally be a matter between the employee and their supervisor. Within a reasonable time after discovering an infraction believed to warrant an admonishment, the supervisor will discuss the matter and any necessary corrective action with the employee. Oral admonishments will be done in private.

SECTION 4 - REPRIMAND

A reprimand is a written statement given to an employee for misconduct.

1. The Agency will give the employee at least 7 calendar days written notice of the proposed action.
2. Notices will state the nature and specific reason(s) for the proposed action.
3. The Agency will give the employee at least 7 calendar days to respond orally and/or in writing and to furnish materials to support the reply.
4. Notices will inform the employee of his/her right to consult with a member of the servicing human resources staff regarding procedural adequacy of the proposed action and of the employee's right to reply.
5. Notices will inform the employee of his/her right to representation.

6. Notices will inform the employee that any request for extension of time for reply must be submitted in writing prior to the expiration of the time period that he/she was given to reply.

7. The decision notice will indicate whether the proposed action will be effected, modified, withdrawn or held in abeyance. In no case will the action taken be more severe than that proposed in the advance notice.

8. The notice will inform the employee of his/her grievance rights in accordance with Article 30 of this Agreement.

9. A letter of reprimand will be placed in the employee's eOPF for not more than 12 months unless the employee receives another disciplinary or adverse action for a similar or related offense within the 12 month period. If this occurs it will serve to extend the retention of the former reprimand(s) for another 12 months. In no case, however, will a reprimand remain in an employee's eOPF for more than 24 months.

SECTION 5 - SUSPENSIONS FOR 14 CALENDAR DAYS OR LESS

A. The Agency will give the employee at least 14 calendar days written notice of the proposed action.

B. Notices will state the nature and specific reason(s) for the proposed action.

C. The Agency will give the employee at least 10 calendar days to respond orally and/or in writing and to furnish materials to support the reply.

D. Notices will inform the employee of his/her right to consult with a member of the servicing human resources staff regarding the procedural adequacy of the proposed action and of the employee's right to reply.

E. Notices will inform the employee of his/her right to representation.

F. Notices will inform the employee that any request for extension of time for reply must be submitted in writing prior to the expiration of the time period that he/she was given to reply.

G. The Agency will provide the employee copies of documentation used to support the action. Any material/evidence that is not disclosed to the employee may not be used in support of an action against the employee.

H. The decision notice will indicate whether the proposed action will be effected, modified, withdrawn or held in abeyance. In no case will the action taken be more severe than that proposed in the advance notice.

I. The decision will state the findings with respect to each reason stated in the notice of proposed action.

J. The notice will inform the employee of his/her grievance rights in accordance with Article 30 of this Agreement.

SECTION 6 - REMOVAL, SUSPENSION FOR MORE THAN 14 CALENDAR DAYS AND REDUCTION IN GRADE AND/OR PAY

A. All of the procedural requirements in Section 5 apply except that the advance period will be not less than 30 calendar days, and the employee will be given at least 20 calendar days to respond orally and/or in writing and furnish materials in support of the reply to the proposed action. The response may include written statements of persons having relevant information and/or supportive documents.

B. The 30 calendar day advance written notice period is not required for a removal or an indefinite suspension when there is a reasonable cause to believe the employee has committed a crime for which a sentence of imprisonment may be imposed. In such cases, the advance notice period will be not less than 10 calendar days and the reply period will be not less than 7 calendar days. When circumstances require, the employee may be placed in a non-duty status with pay not to exceed 10 calendar days during the notice period. Such actions under this provision are taken pursuant to 5 U.S.C. § 7513(b).

SECTION 7 - LETTERS OF DISCIPLINE (LOD)

A. LODs may be used in lieu of regular, formal disciplinary actions for suspensions of 14 calendar days or less. Management may elect to use a letter of discipline in lieu of an actual suspension for a particular incident of misconduct. Otherwise, a regular disciplinary action must be used. The use of an LOD for one employee or one incident of misconduct does not obligate management to use them for all such incidents or employees. The Agency has full discretion to decide when it would be appropriate to use an LOD in lieu of a regular disciplinary action. An LOD carries the same weight as an actual suspension of 14 calendar days or less in determining penalties for future offenses.

B. Employees have the right to formally question an LOD using the regular grievance process. Employees must be informed of this right in the letters.

C. Employees have the right to be represented in preparing and filing a grievance concerning an LOD. Information on this right will be included in letters of discipline.

SECTION 8 - LETTER OF WARNING AND INSTRUCTION

A. A letter of warning and instruction is not a disciplinary action, but may be used to clarify procedure, issue specific instruction, or impose certain requirements in an attempt to correct a deficiency in performance or conduct before a disciplinary action becomes necessary.

B. When the Agency issues such a letter, it will fully explain what is required of the employee to correct the noted deficiency. The letter will not be placed in the eOPF. A copy will be placed in the supervisor's file and the employee so notified. Information concerning the letter of warning shall not remain in the employee's file for more than 12 months. At any time after the issuance of the letter, the employee's conduct and/or performance will be reviewed to determine whether there has been sufficient improvement to warrant destruction of the letter.

SECTION 9 - GRIEVANCE/APPEAL RIGHTS

A. An employee who is dissatisfied with the Agency's decision to effect an adverse action may elect to either appeal the decision in accordance with 5 U.S.C. § 7701 or 7702 as applicable or grieve the decision in accordance with the negotiated grievance procedure (Article 30) but not both.

B. An employee who is dissatisfied with the Agency's decision to effect a disciplinary action may elect to grieve the decision in accordance with the negotiated grievance procedure (Article 30).

SECTION 10 - STAYS OF CERTAIN PERSONNEL ACTIONS

An employee has 10 working days after receipt of the notice of decision to file a timely grievance in order to be granted a stay of all personnel actions. In the event the employee requests a stay and has filed a timely grievance, formal disciplinary suspensions and/or adverse actions may be stayed by mutual consent of the parties.

SECTION 11 - LAST CHANCE AGREEMENTS

When an employee elects Union representation, the Union will be allowed full participation in all discussions and meetings involving the Last Chance Agreement.

ARTICLE 30 GRIEVANCE PROCEDURES

SECTION 4- NOTIFICATION PROCESS

- A. The party serving written notice will serve a copy of the notice to the agency representative and the President, AFGE Council 170. Mailing and email addresses, as well as work locations will be included as an attachment to facilitate this delivery. Notice under this section will not be considered complete

until all parties have been served.

- B. The agency representative and the President, AFGE Council 170 will contact an arbitrator in accordance with the procedure in Section 3. They are the sole agents of the parties having authority to contact arbitrators and schedule hearings. Should either party delegate authority to act under this Article, such designation will be in writing, and will include contact information for the designee. Under no circumstances will DCMA organizations or AFGE Council Locals contact an arbitrator from the list or schedule a hearing until an arbitration is assigned by the agency representative and the Council President.
- C. The agency representative and the President, AFGE Council 170 will notify the parties to the arbitration of the arbitrator assigned. Scheduling of a hearing date is the responsibility of the DCMA organization and the AFGE Council local involved in the arbitration case.

SECTION 5 ADMINISTRATION

The Agency shall provide facilities and technical resources at no cost for the arbitration hearing. For local and council grievances, arbitrations will normally be at the site of the organization where the grievance arose or where the decision was made that gave rise to the grievance. For council grievances involving multiple organizations the arbitration will be held at a mutually agreed upon location. Arbitration hearings shall be conducted during duty hours and will encompass a complete duty day unless the business is concluded earlier.

SECTION 6 THRESHOLD ISSUES

- A. Disputes over the grievability or arbitrability of a grievance shall be submitted to the arbitrator as a threshold issue in the dispute. Grievability and arbitrability are preliminary questions that must be resolved at the earliest stage of the process. Arbitrators must attempt to resolve this issue at the earliest possible date so that the parties do not waste resources preparing for their entire case before knowing whether the case is indeed arbitrable. Therefore, when there is a dispute over grievability or arbitrability of any issue, the arbitrator:
 - 1. May request written briefs on the matter in dispute from all parties;
 - 2. May arrange the taking of evidence as part of a pre-hearing session, (telephonic testimony via conference call is acceptable for this purpose) in the event of factual disputes which must be resolved to decide the request;
 - 3. Shall issue a written decision before setting the date for the arbitration hearing ; and
 - 4. Shall not hold the arbitration hearing if the arbitrator decides that the

grievance is not arbitrable or grievable.

- B. All costs associated with resolution of the threshold issue will be borne by the party raising the issue.

SECTION 7 - HEARING PROCEDURES

- A. The procedures to conduct an arbitration hearing shall be determined by the arbitrator and per the AAA Labor Arbitration Rules. When an employee grievance is being arbitrated, the grieving employee shall be in a pay status for the duration of the hearing if currently in a duty status. At least fourteen (14) days prior to the arbitration hearing the parties will exchange :
 - 1. Lists of witnesses whom they expect to testify along with a listing of facts and/or evidence that may be stipulated in advance of the hearing; and
 - 2. Copies of documents or other evidence, with an index, proposed to be offered into evidence, consistent with applicable rules and regulations.
- B. The grievant, their representative, and the individual(s) who are called as witnesses will be in a duty status to participate in the arbitration hearing. All employees will be entitled to per diem and travel in accordance with the Joint Travel Regulation (JTR). Witnesses and representatives will be allowed a reasonable amount of duty time to prepare for the arbitration.
- C. Once an arbitration hearing has been scheduled, it should not be postponed or rescheduled.
- D. Arbitration may be conducted as oral proceedings with no verbatim transcript and no filing of briefs. They may also mutually agree to such other arrangements as waiving post- hearing briefs, requesting an award without opinion or requesting a bench decision.
- E. The arbitrator does not have the authority to compel the taking of a transcript. If the parties mutually agree to the need for an official transcript, the parties will equally share the cost. If only one party wants an official transcript or recording, the requesting party will pay for the cost of the transcript or recording. A copy of any transcript in the possession of the U.S. Government may be obtained consistent with the provisions of the Freedom of Information Act (FOIA).
- F. The arbitrator shall be requested to render and serve the written decision within thirty (30) calendar days after the conclusion of the hearing. The arbitrator's award shall be limited solely to answering the question(s) put to them by the parties' submission. In the event the parties are unable to agree to a submission statement, the arbitrator shall be empowered to formulate their own statement of the issue(s) to be resolved.

- G. In arbitrating a grievance, no arbitrator has the authority to render an award that would add to, subtract from, modify or violate the Agreement.
- H. The arbitrator shall retain jurisdiction over a case when necessary to clarify the award, and will retain jurisdiction in all cases where exceptions are taken to an award and the Federal Labor Relations Authority (FLRA) sets aside all or a portion of the award.
- I. If exceptions are not filed within the time limit established by statute and/or FLRA regulation, the award is final and binding. The appropriate party will take the actions in accordance with the requirements set forth in the award.

SECTION 8 - COSTS

- A. The parties shall share the arbitrator's fees and expenses equally unless otherwise specified in this Article. If, prior to the arbitration hearing, the Parties resolve the grievance, any hearing cancellation fees shall be borne equally by both Parties. If a Party requests postponement, that Party shall bear the full cost of any rescheduling fees or postponement fees.
- B. The Agency will fund travel expenses including travel-related cancellation fees for the arbitrators.

SECTION 9 - ISSUES

The parties shall attempt to jointly frame the issues for the arbitrator. If they cannot agree on the framing of the issues, each party shall separately frame the issues and the arbitrator shall determine the issues to be heard. Once the arbitrator is selected, neither party will initiate communication with the arbitrator unless both parties participate in the communication.

SECTION 10 - EFFECT OF AWARD

The arbitrator's award shall be binding on the parties. However, either party may file exceptions to an award with the Federal Labor Relations Authority (FLRA) under regulations prescribed by the Authority.

SECTION 11- CLARIFICATION

Disputes between the parties over the application of an arbitrator's award may be returned for clarification. The party seeking clarification shall bear the full cost of such clarification.

ARTICLE 32

ALTERNATIVE DISPUTE RESOLUTION (ADR)

SECTION 1 - INTERPRETATION OF HIGHER LEVEL REGULATION OR POLICY

The parties may attempt to resolve disputes of Agency or higher level regulation or policy by mutually developing a request for a non-binding interpretation, which will be forwarded by the Agency to the office responsible for issuing the regulation or policy in dispute. If agreement cannot be reached on a mutually developed request, the parties may develop separate statements, which will be forwarded simultaneously by the Agency to the office responsible for the interpretation.

SECTION 2 - MEDIATION

Should the parties determine that mediation by a neutral third party would be of benefit, they will jointly contact the FMCS or other selected source. No transcript will be made nor will there be any persons in attendance other than the designated representatives of the parties.

SECTION 3 - EXPEDITED ARBITRATION

A. Both parties support the resolution of disputes where accommodation of concerns can be accomplished most expeditiously. Consequently, the parties agree that expedited third-party resolution processes may provide swift and economical methods for settling disputes and are authorized on a case-by-case basis in lieu of the more formal procedures in Article 31.

B. In those situations where both parties agree to pursue an expedited arbitration process, they may utilize the following procedures. Select an arbitrator from the approved list and advise him or her that an expedited process is being used. Request a bench decision immediately after a hearing or request a decision on the record without a hearing with or without the submission of briefs. The parties may also agree to use any other ADR process that would result in a more expeditious resolution of the dispute.

SECTION 4 - DISPUTE RESOLUTION AGREEMENTS

Any negotiated dispute resolution that impacts the bargaining unit shall be provided to the Union for review and negotiation of appropriate arrangements prior to final approval, if necessary.

ARTICLE 33 OFFICIAL TRAVEL

SECTION 1 – GENERAL

- A. The Agency and the AFGE Council recognize that employees may be required to travel from their official duty station on official government business and that employees will be compensated for approved travel expenses in accordance with law and existing regulations.
- B. An employee who is authorized official travel shall exercise the same care in the incurrence of expenses and accomplishing a mission that a prudent person would use if traveling on personal business. In this connection, excess costs, circuitous routes, delays or luxury accommodations, which are unnecessary or unjustified in the performance of a mission, are not considered acceptable as the application of prudence by the employee.
- C. Employees will not be required to travel away from their duty station without appropriate temporary duty (TDY) orders or other written authorization when it is reasonably foreseeable in advance that they will be away from their duty station for more than twelve (12) hours. Allowances consistent with applicable law, rule, regulation and the terms of this Agreement will also apply.
- D. Bargaining unit employees traveling on official business for any purpose may elect to stay in non-government lodging. Lodging reimbursement will be limited to the amount the Government would have paid if directed lodging was used. Employees will be responsible for any difference in cost.
- E. The Agency will authorize appropriate transportation to employees when on TDY in accordance with the JTR.

SECTION 2 – TRAVEL TIME

- A. Travel shall be scheduled so that the employee performs travel during their regularly scheduled work hours. Should this not be possible and the resultant travel meets the criteria of 5 U.S.C. § 5542 or the Fair Labor Standards Act, the employee shall be compensated accordingly. When governing laws and/or Government-wide regulations preclude the payment of overtime, the Agency shall inform the employee of the rationale. Employees will not incur uncompensated time.
- B. When travel on official government business results from an event that cannot be scheduled or controlled administratively, such travel shall be considered hours of work for pay purposes in accordance with law and existing regulations.

SECTION 3 – AUTOMATED TRAVEL SYSTEM

- A. Employees will arrange travel and transportation using the automated travel system in effect for the DoD. The Agency will provide training on the use of the system as well as any subsequent updates.
- B. If TDY travel including advances are not approved three (3) working days prior to the date on which travel is to begin, employees should contact their assigned Organizational Defense Travel Administrator (ODTA).
- C. Local travel authorizations that approve the use of a privately owned conveyance (POC) by the employee as being more advantageous to the Government or for the convenience of the Government shall be issued in advance. Use of a POC cannot be mandated.

SECTION 4 – TRAVEL ADVANCES

Employees will be advanced travel expenses as follows:

- 1. Employees who have a Government Travel Charge Card (GTCC) will follow the requirements of the GTCC program; or
- 2. Employees who do not have a GTCC, travel advances will be provided by Defense Finance Accounting System (DFAS) at the standard rate (normally 80% of the estimated per diem and miscellaneous expenses and 100% of the estimated transportation costs) provided that the request for the advance is made in sufficient time to permit the advance to be processed. Travel advances will be deposited directly to the employee's designated account by electronic funds transfer (EFT). Normally, travel advances will not be made for travel expenses of less than fifty (50) dollars unless a specific request with supporting justification is made.

SECTION 5 – REIMBURSEMENT FOR OFFICIAL TRAVEL EXPENSES

- A. Upon completion of official travel, the employee shall promptly submit vouchers for reimbursement to the appropriate authorizing official for processing.
- B. If more than one TDY occurs back-to-back, the travel voucher may be submitted within five (5) working days at the end of the TDY assignments.
 - 1. If not using Defense Travel System (DTS), TDY in excess of thirty (30) calendar days will have travel vouchers submitted at the end of each 30-day cycle as well as at the end of the TDY assignment.

2. If using DTS and travel is more than forty-five (45) calendar days, the system will set up partial payments every thirty (30) calendar days to pay for the traveler's hotel and M&IE. Vouchers should only be submitted once the TDY is completed. The employee should notify the credit card company of any anticipated delays in reimbursement from the Agency.
- C. The resolution of financial computations shall be a matter solely between the employee and the Defense Finance and Accounting Service (DFAS) through the Agency's Financial Liaison Office. The employee shall be permitted to resolve this matter during their regularly scheduled work hours without loss of pay or charge to leave.
- D. Employees with government-issued mobile phones may use them for personal calls in accordance with the Joint Ethics Regulation (JER) while in a travel status (CONUS/OCONUS). Expenses for personal phone calls are considered incidental expenses (M&IE) and are not reimbursable.
- E. In the event that a question arises about a claimed expense on the voucher, the employee will be allowed to self-certify the expense. Such self-certification will contain the amount and nature of the expense.
- F. An employee on TDY in excess of twelve (12) hours is entitled to per diem in accordance with the Joint Travel Regulation (JTR).
- G. Organizations shall define the local commuting area within which the commuting public travels during normal business hours. Such negotiations shall be conducted between the Agency and the AFGE Council Local Union President.

SECTION 6 – PRIVATELY OWNED VEHICLES (POVs)

- A. Use of a privately owned vehicle (POV) is not a condition of employment. POV use by employees for official government business is voluntary.
- B. If an employee chooses not to use a POV for official government travel, the Agency shall authorize and provide a government-owned vehicle.
- C. When an employee elects to use a POV and that use is authorized by the Agency as being in the best interest of the government, the maximum mileage allowance and related expenses allowed by applicable law, rule, and regulation will be authorized.
- D. An employee authorized to use a POV will not be required to carry a passenger(s). If an employee agrees to transport an employee(s) on official business, those employees will be covered by the Federal Employees Compensation Act if an injury occurs.

SECTION 7 – GOVERNMENT TRAVEL CREDIT CARD PROGRAM (GTCC)

- A. The GTCC is a Government-issued credit card for official business only and is not a personal credit card of the employee.
- B. The employee will not be personally bound by the terms and conditions of any vendor agreement between the Agency and the vendor. The employee is responsible for, and bound by, the terms and conditions of his or her agreement with the credit card company with respect to the use of the GTCC. GTCC accounts are individually billed to the employee.
- C. Employees will not be required to use their personal credit cards or advance their personal funds for Government business.
- D. Employees who are expected to travel on official temporary duty will be informed by their organization to apply for a GTCC. Employees who secure this card are eligible for travel advances in accordance with the policies of the GTCC program and the JTR. Employees who are not eligible for a GTCC or whose use of the card has been revoked may be authorized travel advances when requested in accordance with applicable regulations.
- E. Eligible employees will be assigned either a restricted or a standard account. Restricted accounts generally have lower credit limits and are subject to more restrictions on their use. Circumstances wherein a restricted account may be established include, but are not limited to:
 - 1. When the cardholder has instructed the vendor not to obtain credit reports;
or
 - 2. When the program coordinator has requested or approved a restricted card.
- F. The Agency shall inform each employee applying for a GTCC that a credit check will be performed. Employees have the option to decline the credit check; however, if the employee declines the credit check, a restricted card with a reduced limit will be issued.–The limit on a restricted card may be temporarily raised with appropriate Agency approval to meet specific mission requirements. Should the employee opt to receive the restricted credit card, he/she shall self-certify as to their creditworthiness.
- G. An employee's ineligibility to obtain a GTCC will not serve as a basis for adverse action against the employee.
- H. It is the general policy of DoD that employees use the travel card for all expenses (travel advances, lodging, transportation, rental cars, meals and other incidental expenses), except when the GTCC is not accepted or its use is

impractical. Authorized expenses will be paid by split disbursement with the Government forwarding the amount indicated by the employee on the voucher directly to the GTCC contractor or to the employee via electronic funds transfer. Employees will be responsible for paying all travel card charges not covered by the Government's remittance to the GTCC Contractor under the split disbursement process.

- I. In the event of a billing dispute or other disagreement with the terms and conditions governing use of the card, the employee is responsible for notifying the vendor of the nature of the dispute within sixty (60) days of the charge appearing on the statement. The employee may request the assistance of the Agency's local travel card program coordinator in filing a dispute. Employees are obligated to cooperate fully in pursuing resolution of disputes. Official time is authorized for handling billing disputes.
- J. All information related to the employee government travel card shall be subject to requirements of the Privacy Act.
- K. The Agency will provide training to all employees on the use of the GTCC as well as on any subsequent updates to the program. This training will include the potential impact on a cardholder's credit rating.
- L. Upon request of the employee to the supervisor, the travel card issuing agent or Agency Program Coordinator (APC) may authorize a temporary increase in ATM cash withdrawal limits as needed to meet mission requirements utilizing the GTCC temporary credit-cash increase request form located on the GTCC resource page.
- M. Any fees incurred by the employee as a result of a cancellation/change of TDY, either by the direction of the Agency or as the result of an approved request from the employee, will be reimbursed to the employee. Employees are required to notify the approving official as soon as possible of any circumstance that may warrant the cancellation/change of TDY.
- N. The employee may pay the balance due by mail, phone or via the internet.
- O. Employees who file timely travel claims upon completion of travel to be within five (5) working days of return to the Permanent Duty Station) but fail to receive the allowable reimbursement in a timely manner (after thirty (30) calendar days of receipt of the travel claim) and who incur late fees in such cases from the card issuer will be authorized to submit a supplemental travel voucher to the servicing travel pay office for the reimbursement for the late fees assessed. This reimbursement provision also applies when an employee cannot file a timely claim due to actions of the Agency (e.g., delays in processing vouchers or issuing travel orders).

P. Outstanding Indebtedness and Delinquency Management:

1. In the event an employee's account becomes sixty (60) days past due the Agency will contact the employee upon receipt of the sixty-one (61) day notice. Employees will be contacted by the APC via email (when available) and advised that the employee should contact the APC as soon as possible to discuss an urgent matter related to their travel card. When email is not available, the Agency will advise the employee via telephone or in writing of the delinquency. Written notices or emails will provide the name and phone number of the APC or other official the employee should contact to discuss the matter.
2. Prior to an employee becoming subject to salary offset, the employee will be notified in writing of his/her due process rights under the Debt Collection Act of 1982. The Agency will provide such employees with the procedures used for salary offset and will respond to questions from the employee regarding the process. In the event of an erroneous salary offset, the Agency will provide assistance to the employee to resolve the matter, including speaking with and writing to the servicing travel pay office on the employee's behalf. For purposes of this paragraph, e-mail is a suitable means of communicating in writing. The employee will be provided a copy of the written communication.
3. When mission-critical travel precludes filing of travel vouchers, including interim vouchers, and thereby precludes prompt payment of travel charge card bills, the APC is authorized, with the approval of the cardholder's supervisor, to advise the card contractor and ensure that the cardholder's account is designated by the card contractor as mission critical status by utilizing the PCS/Mission Critical status request form located on the GTCC resource page. Mission-critical travel is defined as travel performed by DoD personnel under competent orders and performing duties that, through no fault of their own, prevents the traveler from filing travel vouchers and paying the travel card bills. Mission critical status must be reflected on the travel orders in order for the traveler to be reimbursed for any late charges incurred while in this status. An individual charge card account must have been placed in mission critical status before the account was suspended. Should there be outstanding charges, they shall be settled within forty-five (45) days of removal from this status. The APC should work with the traveler and supervisor to ensure interim vouchers can be processed. Expenses incurred prior to a deployment should be processed for payment through split disbursement before the individual departs for his/her assignment.
4. While in a long-term travel status, the traveler shall file interim vouchers every thirty (30) days with split disbursement as the preferred means of settlement.

Q. A travel claim with an omission or an error will be returned to the traveler within a 7-day period. The notification will include the reason(s) why the travel claim is

not correct.

- R. Employees may be subject to discipline or other appropriate measures to ensure compliance with the proper use of the credit card.
- S. In the event of the death of the cardholder, the Agency will notify the cardholder's family of any possible death benefits associated with the card.

SECTION 8 – TEMPORARY DUTY ASSIGNMENTS

In accordance with the JTR, when the TDY assignment requires the employee to be away from their permanent duty station for more than thirty (30) days and the assignment does not require the employee to remain at the place of TDY on non- workdays:

1. The approving official may direct, in the TDY orders, that the employee return to their permanent duty station for the non-workdays provided that the cost to the Government for round trip transportation and per diem or actual expense allowance is less than the per diem or actual expense allowance that would have been payable had the employee remained at the place of TDY and the employee's availability for duty on the scheduled TDY workdays is not affected adversely; or
2. The employee may voluntarily return to their permanent duty station provided that their availability for duty on the scheduled TDY workdays is not affected adversely. In the instances of voluntary return, the maximum reimbursement to the employee for the round trip shall not exceed the per diem or actual expense allowance to which the employee would have been entitled had they remained at the place of TDY.

SECTION 9 – MODES OF TRANSPORTATION

- A. In accordance with the JTR, the approving official shall determine the mode of transportation which is most advantageous to the Government. In selecting the particular method of transportation to be used, the approving official shall consider the nature and duties of the employee requiring travel, the total cost to the Government, the total distance of travel, the number of points to be visited and energy conservation.
- B. If an approving official determines that a vehicle is required for travel, a Government-provided vehicle may be used whenever it is available. The use of a POC may be authorized only if it is more advantageous to the Government or for the convenience of the Government. The Agency will not direct the use of a POC by an employee as either a driver or as a passenger.
- C. When an employee checks out a GOV that is equipped with a vehicular monitoring system (telematics), the employee will be provided a discernable

notification on the key chain indicating that the vehicle is equipped with Telematics. Telematics is a way of monitoring the status, movement, location and behavior of a vehicle dealing with long-distance transmission of vehicle information.

- D. When an employee elects to travel by a method of transportation other than that officially approved, reimbursement to the employee shall be limited to the cost on a constructive basis that would have been incurred by the Government for the officially approved mode of transportation or the actual cost incurred by the employee, whichever is less.

SECTION 10 – PERSONAL ACCOMMODATIONS

Employees on TDY travel will be authorized private sleeping and bathroom facilities. In circumstances beyond the Agency's control, employees may be required to utilize shared accommodations and/or facilities.

SECTION 11 – TRAVEL RELATED SAFETY AND HEALTH

- A. Employees will report any problems associated with Government vehicles for further investigation. The Agency will investigate and take appropriate action. If an employee reasonably believes a vehicle is unsafe for operation, the employee may elect to not utilize that vehicle.
- B. Government vehicles reported and verified as unsafe for operation shall not be issued for further use until repaired.
- C. Employees are required to report accidents and mishaps that occur while TDY as soon as possible.
- D. In cases of unanticipated absences, illness or injury while on TDY, the employee is responsible for contacting the TDY location point of contact and the employee's supervisor. If the employee fails to report for duty, the Agency TDY location point of contact will contact the employee's supervisor who will then attempt to account for the missing employee.
- E. Cell phone or other communication devices, unless hands-free, shall not be used by the driver while operating GOVs or POCs on official travel in accordance with DoD policy.
- F. When an employee is officially authorized to use their POC for the convenience of the Government and that vehicle breaks down or is otherwise inoperative, the employee shall be in a duty status in connection with emergency repairs to the vehicle if the breakdown occurs while the employee is in an official travel status. In such situations, the employee will, as soon as practicable, provide the supervisor with an estimate of the situation and obtain appropriate instructions. POC repair costs are the responsibility of the owner

or operator and not reimbursable.

- G. The Agency will provide employees with information on what to do if they are quarantined at a TDY location.

SECTION 12 – MISCELLANEOUS REIMBURSABLE EXPENSES FOR TRAVELERS WITH MEDICAL OR SPECIAL NEEDS

- A. A traveler with medical or special needs (to include traveler's height or weight) may receive reimbursement for the following additional transportation-related miscellaneous costs:
1. Specialized services provided by a commercial carrier that are necessary to accommodate the traveler's disability or special need, such as specialized transportation to, from, or at a TDY location;
 2. The cost of renting or transporting specialized equipment, such as a wheel chair, needed in transit or at the TDY location;
 3. Baggage check-in fee at curbside;
 4. Baggage handling tips for a traveler with a disability; and
 5. An attendant or escort may be authorized per the JTR.
- B. Any accommodation for a medical or special need that is not clearly visible or discernable requires that a medical authority provide a written certification of a medical condition or special need.

ARTICLE 34

TRAVEL GAIN-SHARING AWARDS

SECTION 1 - GENERAL

A. The Government Employees Incentive Awards Act, 5 U.S.C. § 4501-4507, authorizes an Agency to pay a cash award for efficiency or economy. The Agency will begin a program that rewards employees who save the Agency money from the use of less expensive lodging while on TDY.

B. Employee participation in this program is voluntary.

SECTION 2 - TYPES OF COSTS COVERED

Only lodging expenses associated with TDY will be covered under this program.

SECTION 3 - LODGING SAVINGS

A. The amount of the award for the employee will be 50 percent of the savings on lodging expenses. Taxes will be withheld (Federal, State, local, FICA) on the award amount.

B. In most cases, the cumulative savings to the Agency must be at least \$400 before the employee is eligible to receive an award. Awards will be processed prior to reaching the minimum dollar limit when:

1. the employee leaves the Agency; or
2. it is the end of the fiscal year.

C. Lodging savings may occur:

1. when employees stay with relatives or friends while on official travel and avoid lodging expenses. These employees will receive one-half of the lodging rate for the locality toward the travel savings award;

2. when savings result from shared accommodations; or

3. when savings result from staying at a hotel with rates less than the government contract rates for the per diem.

D. Lodging savings will not occur:

1. when an employee is on travel where lodging was prepaid or prearranged through contractual arrangements with the hotel except if savings result from shared accommodations;

2. for lodging savings at hotels identified under the General Services Administration Federal Premier Lodging Program, unless accommodations are shared with another employee on travel;

3. for lodging costs incurred on personal time such as annual leave during official travel or any other type of personal preference travel used in conjunction with official travel; or

4. when lodging for extended TDY has been contracted by the employee's organization through a lease or purchase order.

E. Employees should not incur additional expenses in transportation or other miscellaneous costs in effort to reduce lodging expenses. Employees who incur additional transportation expenses must have those expenses deducted from their lodging savings. Examples of excess transportation costs include, but are not limited to, renting a vehicle (when one would not normally be rented) at a TDY site to travel to a place of free or reduced lodging; when driving a privately owned vehicle (POV) more miles than would normally be traveled to/from the TDY site to obtain free or reduced lodging; or where a taxi fare is incurred which would not normally have been incurred to obtain free or reduced lodging. Additional duty time for travel is considered an additional expense. The approving official must determine if other transportation expenses incurred were excessive.

F. All employees must utilize hotels/motels that meet the requirements of the Hotel and Motel Fire Safety Act of 1990. The list may be accessed through the Internet at <http://www.usfa.fema.gov/hotel/index/htm>.

G. All TDY travel with lodging expenses, foreign and domestic, will be covered under this program. PCS travel is excluded from the gainsharing program.

H. The first 30 days of extended TDY travel (e.g., a detail of more than 30 days where a reduced per diem amount is required) qualify for gainsharing, except when lodging has been contracted by an employee's organization through a lease or purchase order.

ARTICLE 35

SECTION 3 - UNUSED VOUCHERS

If an employee purchases their pass/voucher in good faith to use for work but is unable to use the pass/voucher due to events that were unforeseen at the time of purchase, i.e., illness, TDY assignments, weather, etc., the employee will turn in the unused pass/voucher and the authorizing official will approve the request in the same good faith and allow for reimbursement.

SECTION 4 - REIMBURSEMENT

Reimbursement will be claimed in quarterly increments for actual costs incurred up to the maximum allowable amount via SF 1164, Claim for Reimbursement for Expenditures On Official Business. If the request for reimbursement is denied the employee may file a grievance in accordance with Article 30.

SECTION 7 - REPRESENTATION

A. In accordance with Article 1, bargaining unit employees will continue to be represented by AFGE while deployed. The Agency will provide the AFGE Council with a copy of the BCOT briefing when updates are made.

B. Changes in employment conditions of bargaining unit employees deployed require notification to the Union and an opportunity to bargain. During a contingency or emergency, management officials may take actions requiring an immediate response even if conditions of employment of bargaining unit members are affected. In such cases, the Union should be advised of the immediate changes being made and offered an opportunity for post-implementation bargaining at the earliest possible date. Any agreement reached during this bargaining should be applied retroactively, if practical.

SECTION 8 - REOPENER

Should the Agency find it necessary to designate all acquisition positions as Emergency Essential, the Union shall have the right to renegotiate this article.

SECTION 9 - INVOLUNTARY DEPLOYMENT

A. Should the Agency determine it is necessary to deploy bargaining unit employees involuntarily, TDY in the employee's current position will be considered before reassignments or details to EE positions.

B. Involuntary TDY assignments will be rotated among equally qualified (based on knowledge, skills, and abilities) and available employees with requisite skills in inverse order of seniority, based on SCD.

C. Reassignments and details for involuntary deployments will be implemented in accordance with the criteria in this agreement.

D. Management will consider personal hardships when deploying bargaining unit employees.

ARTICLE 37 HOURS OF DUTY

SECTION 1 – GENERAL

The Agency encourages supervisors to allow flexibility in an employee's choice of work schedules as long as mission objectives are met. Allowing flexibility promotes the Agency as an employer of choice, improves the recruitment and retention of high-quality employees and demonstrates support of "family friendly" initiatives. The Agency and the Union agree the establishment and modification of work weeks, tours of duty, and schedules will be in accordance with the procedures set forth in this Article.

SECTION 2 – DEFINITIONS

A. WORK SCHEDULE REQUIREMENTS

1. **ADMINISTRATIVE WORK WEEK:** The normal administrative workweek is Monday through Friday.
2. **BASIC WORK REQUIREMENT (BWR):** the number of hours, excluding overtime hours, an employee is required to work or to account for by charging leave, credit hours, excused absence, holiday hours, compensatory time off, or time off as an award.
3. **BASELINE WORK SCHEDULE (BWS):** A written work schedule proposed by an employee that has been approved in writing by the supervisor or designee. Baseline schedules will be proposed and approved using the time accounting system.
4. **CORE HOURS:** Hours of duty between 0830 -1100 and 1300 -1430 when the employee must be available for duty. Core hours are only applicable to the flexible work schedules (FWS).
5. **DUTY HOURS:** Hours that employees must work that are normally between 0600-1800 with a mandatory lunch period of no less than 30 minutes for tours of 6 hours or greater.
6. **FLEXIBLE TIME BANDS:** The hours between 0600-0830 and 1430-1800, during which an employee covered by FWS may choose to vary his/her times of arrival to and departure from the work site consistent with the duties and requirements of the position.
7. **LUNCH BREAKS:** Lunch breaks shall normally be taken between 1100 and 1300. Normally, an employee may not be required to work more than 6 hours without a lunch break. All daily work schedules in excess of 6 hours must include a minimum 30-minute unpaid lunch break in addition to the daily work hours. If he/she is required to perform official duties during a lunch break, the employee is entitled to pay for that period. Lunch breaks

for CWS and Standard Work Schedules are limited to 1 hour. Lunch breaks for FWS are limited to 2 hours. Any agency-sponsored event (e.g. Brown Bag Lunch), held during a lunch period that an employee voluntarily attends, is in a non-duty status, during his/her own lunch period.

8. **TOUR OF DUTY:** Under a FWS means the limits set by the Agency within which an employee must complete his/her basic work requirement. Under a CWS or Standard Work Schedule, tour of duty is synonymous with basic work requirement.

B. TYPES OF WORK SCHEDULES

1. **STANDARD WORK SCHEDULES:** Means eight hours a day, five days a week, with set arrival and departure times.
2. **COMPRESSED WORK SCHEDULE:**
 - a. In the case of a full-time employee, an 80-hour biweekly basic work requirement which is scheduled for less than 10 workdays and, in the case of a part-time employee, a biweekly basic work requirement of less than 80 hours that is scheduled for less than 10 workdays and that may require the employee to work more than 8 hours in a day.
 - b. Compressed work schedules are always fixed schedules. Examples of which are:
 - 1) 4/10: Employees work four (4) ten-hour days and schedule one (1) day per week off.
 - 2) 5/4/9: The schedule covers a two-week period where the employee works eight (8) nine-hour days and one (1) eight-hour day with one day off scheduled during that biweekly pay period.
3. **FLEXIBLE WORK SCHEDULES (FWS)** A work schedule that has an 80 hour biweekly basic work requirement that allows an employee to determine his/her own schedule within the limits set by the Agency.
 - a. **MAXI-FLEX WORK SCHEDULE (MAXI-FWS):** A type of FWS that may contain core hours on fewer than 10 workdays in the biweekly pay period and in which a full-time employee has a basic work requirement of 80 hours for the biweekly pay period, but in which an employee may vary the number of hours worked on a given workday or the number of hours each week within the limits established by the Agency.
 - b. **VARIABLE DAY SCHEDULE (VDS):** A type of FWS containing core hours on each workday in the week and in which a full-time employee has a basic work requirement of 40 hours in each week of the bi-weekly

pay period, but in which an employee may vary the number of hours worked on a given workday within the week within the limits established for the organization.

C. MISCELLANEOUS

1. **CREDIT HOURS:** The hours within a Flexible Work Schedule that an employee elects to work in excess of an Employee's BWR so as to vary the length of a work week or work day.
2. **REGULAR DAY OFF (RDO):** A scheduled non-work day applicable to a CWS.
3. **ROTATING TOUR OF DUTY:** A regularly scheduled tour that periodically requires service on a different shift.
4. **TIME ACCOUNTING SYSTEM:** The Agency-wide process for employees to record and report their time will be via the DAI system or any subsequent advance in technology adopted by the agency or new system mandated by the Department of Defense. No other time accounting method is authorized. All employees are required to record and report all leave used as well as all compensatory time and overtime earned and used. Additionally, employees on FWS will record all earned and used credit hours per pay cycle.

SECTION 3 – GENERAL PROCEDURES FOR ESTABLISHING OR CHANGING WORK SCHEDULES

- A. All employees will submit their proposed work schedule to their supervisor or designee. The following is a list of common occurrences (not all-inclusive) that require work schedule submissions:
 1. Upon entry on duty;
 2. Employee requests a change to their work schedule;
 3. Employee is reassigned to another team/organization or
 4. At the request of the supervisor.
- B. The supervisor or designee will approve the proposed work schedule, in writing, within 5 days or less. Once a proposed work schedule is approved it will become the baseline work schedule.
- C. Supervisors may adjust an employee's work schedule/tour of duty to meet mission needs, or for performance or conduct problems. The employee will receive notice of the change and the reason for it, at least two weeks in advance of the effective date of the change. In the event of a mission need,

notification may be shorter. When possible, management directed changes will indicate the duration of the required change. Denial/changes to a work schedule/tour of duty will include the specific rationale for the decision in writing.

- D. If more employees request the same work schedule or day(s) off than can be accommodated, application of seniority based on leave service computation date (SCD) will determine which employees will have the work schedules and/or day off. This will not affect employees with previously approved schedules.
- E. Any unresolved issues can be pursued through normal grievance procedures.
- F. Basic work week cannot be rescheduled to avoid paying holiday pay or overtime.

SECTION 4 – STANDARD WORK SCHEDULES

- A. Procedures for establishing/changing Standard Work Schedule/tour of duty shall be in accordance with Section 3.
- B. Consistent with regulations, unless a manager finds that it would adversely impact his/her organization in carrying out its function or would substantially increase operating costs, the following rules apply to standard work schedules/tour of duty within an organization.
 - 1. Approve tours of duty at least one week in advance.
 - 2. Schedule work on 5 days, Monday through Friday, when possible, with two (2) consecutive days off.
 - 3. Set consistent working hours anywhere between the hours of 0600 and 1800.
 - 4. Workday may not exceed 8 hours without incurring overtime entitlements.

SECTION 5 – COMPRESSED WORK SCHEDULE (CWS)

- A. Procedures for establishing/changing compressed work schedules/tour of duty shall be in accordance with Section 3.
- B. Employees may request a 4/10 or 5/4/9 CWS. Under a 4/10 CWS, employees work four (4) ten-hour days and schedule one (1) day off per week. Under a 5/4/9 CWS employees work eight (8) nine-hour days and one (1) eight-hour day with one (1) day off scheduled per pay period.

SECTION 6 – MAXI-FLEX WORK SCHEDULES (Maxi-FWS)

A. Procedures for establishing/changing Maxi-FWS/tour of duty shall be in accordance with Section 3.

B. General Maxi- FWS Rules:

1. Employees are limited to working a maximum of 12 hours per day (including the lunch period) toward meeting the basic work requirement of 80 hours. An employee's schedule may contain core hours on fewer than 10 workdays in the biweekly pay period.
2. With supervisory approval an employee may vary the number of hours worked on a given workday, the number of hours each week, and the daily arrival and departure times within the flexible time bands of 0600-0830 and 1430 -1800 as identified in the employee's tour of duty.
3. Employees are free to vary their arrival and departure times by 1 hour without supervisory approval. The Agency reserves the right to suspend this allowance (in writing) if mandated by specialized mission requirement or business exigency. Any arrival or departure in excess of 1 hour of their approved schedule, requires prior supervisory approval. The employee must also receive prior supervisory approval if the adjustment results in early fulfillment of the employee's 80 hour BWR, which causes an employee to be absent from the workplace on a scheduled workday.
4. Employees are permitted to shift some flexible hours from the 1st week of the pay period to the 2nd week of the pay period. As long as the employee completes his or her 80 hour BWR during the pay period, this can be done with no charge to leave.

SECTION 7 – VARIABLE DAY SCHEDULES (VDS)

Procedures for establishing/changing Variable Day schedules/tour of duty shall be in accordance with Section 3.

A. General VDS Rules:

1. Employees must adhere to a Basic Work Requirement (BWR) of 40 hours per week.
2. An employee may adjust the length of the workday by varying the daily arrival and departure times within the flexible time bands of 0600-0830 and 1430-1800 as identified in the employee's tour of duty.
3. Employees are free to vary their arrival and departure times by 1 hour without supervisory approval. The Agency reserves the right to suspend this allowance (in writing) if mandated by specialized mission requirement or

business exigency. Any arrival or departure in excess of 1 hour of their approved schedule, requires prior supervisory approval.

4. An employee is limited to working a maximum of 12 hours per day (including the lunch period).
5. An employee's schedule must contain core hours on each workday unless on approved leave, credit hours, or compensatory time off.

SECTION 8 – PROCEDURES FOR ESTABLISHING SPECIAL TEMPORARY WORK SCHEDULES

- A. Special Tour of Duty for Educational Purposes – Managers may establish work schedules that allow an employee to take courses at a college, university or educational institution. The courses taken need not be directly related to the work of DCMA nor be considered training under law, but they should contribute to making the employee a more effective worker in DCMA. Under these circumstances, rescheduling the customary workweek is permitted when it does not significantly interfere with the employee completing work assignments. The employee is still responsible for a full 40 hour work week. Premium pay may not be paid for those duty hours that are rescheduled.
- B. Time on Official Travel - To the maximum extent possible, managers should schedule travel within an employee's regularly scheduled workweek. In scheduling temporary duty travel for employees, managers and supervisors should comply with this guideline. Compensatory time for travel will be earned in accordance with governing laws and regulations.
- C. Temporary Duty - When an employee is assigned to a temporary duty station using another schedule, either standard or AWS, the agency may allow the employee to continue to use the schedule used at his or her permanent work site (if suitable) or require the employee to change the schedule to conform to operations at the temporary work site.
- D. Adjustment of Work Schedules For Religious Observances – To the extent that modifications in work schedules do not interfere with the efficient accomplishment of an agency's mission, an employee whose personal religious beliefs require that he/she abstain from work at certain times of the workday or workweek must be permitted to work alternative hours so that the employee can meet the religious obligation. The hours worked in lieu of the normal work schedule do not create any entitlement to premium pay (including overtime pay).

SECTION 9 – CREDIT HOURS

- A. Credit hours may only be worked by employees covered by a FWS. Employees may request to work credit hours subject to advance supervisory approval. When circumstances preclude obtaining approval in advance, approval may be given after the fact.
- B. Employees may earn no more than 4 credit hours daily during the administrative work week subject to the 12-hour maximum workday limit. Credit hours can be earned on an employee's day off or weekends in excess of 4 hours with advance supervisory approval. In accordance with applicable law, a full-time employee may only carry up to 24 hours from a biweekly pay period to a succeeding biweekly pay period.
- C. When employees use accrued credit hours, such hours are counted as a part of the basic work requirement for the pay period to which they are applied. Employees are entitled to their rate of basic pay for credit hours, and credit hours may not be used by employees to create or increase entitlement to overtime pay. When an employee is no longer working a FWS, he/she must be paid for accumulated credit hours at his/her current rate of pay. An employee may not be compensated for credit hours for any other reason. Payment for accumulated credit hours is limited to 24 hours for a full-time employee.
- D. Approval for the use of credit hours will be subject to the same criteria as annual or sick leave. Credit hours must be earned before they may be used. An employee may use earned credit hours for all or any part of any approved leave.
- E. A union representative may request to earn credit hours to participate in management-initiated meetings or in other circumstances where representational activities could not be accomplished during the regular duty day.

SECTION 10 – HOLIDAYS

- A. General

The number of hours an employee is entitled to for holiday leave is treated differently for employees on FWS and CWS.
- B. Full-Time Employees
 - 1. FWS – An employee on a FWS who is relieved or prevented from working on a day designated as a holiday:
 - a. Is entitled to eight hours of basic pay for that day regardless of the individual tour
 - b. May take leave for the additional hour or hours necessary to complete 80

hours BWR for the pay period, or

- c. With supervisory approval, may work the additional hour(s) to make up the difference.
2. Compressed Work Schedules – An employee on a compressed work schedule who is relieved or prevented from working on a day designated as a holiday is entitled to basic pay for the number of hours that they were scheduled to work on that day, not to exceed 10 hours.
 - a. When a holiday falls on a day that an employee is regularly scheduled to work, the scheduled workday is the employee’s holiday. When a holiday falls on a non-workday, the following applies:
 - 1) If the holiday falls on a Sunday, the first regularly scheduled workday following the Sunday holiday is the employee’s “in lieu of” holiday.
 - 2) If the holiday is not a Sunday, the last regularly scheduled workday preceding the holiday is the employee’s “in lieu of” holiday.

C. Part-Time Employees

1. Part-time employees are not entitled to an “in lieu of day” for a holiday that falls on an employee’s day off.
2. Part-time employees receive their regular pay for holidays falling on their regularly scheduled workdays. When an installation is closed for an “in lieu of “ holiday that falls on a part-time employee’s regularly scheduled workday and the employee is prevented from working on that day, the Agency will grant the employee administrative leave for the hours scheduled to be worked on that day. An employee who is in a pay status either immediately preceding or succeeding a holiday is entitled to pay for the holiday.

SECTION 11 – REASONABLE ACCOMMODATION

The flexibilities of this Article may be used to address an employee or family member’s permanent or temporary disabilities IAW the Agency’s Reasonable Accommodation policy.

ARTICLE 38

OVERTIME ASSIGNMENTS

SECTION 1 - GENERAL

A. As a general rule, overtime work means each hour of work in excess of the employee's normal tour of duty in an administrative work week that is officially ordered and approved by management and performed by an employee. It is work that is not part of an employee's regularly scheduled administrative workweek and for which an employee must be compensated.

B. Payment for overtime worked or earning compensatory time in lieu thereof shall be in accordance with applicable laws and Government-wide regulations.

SECTION 2 - SCHEDULING AND APPROVAL OF OVERTIME

A. Whenever possible and as determined by the approving official, overtime work shall be scheduled in advance of and approved in writing (email is acceptable) prior to the date on which the overtime is to be worked. Where circumstances preclude the advance scheduling, overtime work may be approved orally and the oral approval reduced to writing prior to the submission of the Time and Attendance Report.

B. To the maximum extent possible, overtime work shall be scheduled and approved in time periods of 15 minutes or multiples thereof.

C. In assignment of overtime, the Agency agrees to provide the employee with advance notice whenever possible. Any employee designated to work overtime on Saturday or Sunday normally will be notified by noon Thursday. When overtime is to be performed on a holiday, normally two (2) workdays advance notice will be given to the employee.

SECTION 3 - OVERTIME ROSTERS

When necessary, overtime rosters may be established at the level of the immediate supervisor prior to overtime being worked as follows:

1. if a roster is established, all employees performing the same or similar duties on a regular basis are to be included on the same overtime roster, and are to be listed in order of their service computation date (unadjusted, from most to least senior). The overtime rosters will be made available to the employees on the roster;

2. rosters for each job category will be maintained and labeled "voluntary overtime" and another for each job category will be maintained and labeled "mandatory overtime". If needed, another will be maintained and labeled "call-back overtime";

3. employees assigned (either on a permanent or a temporary basis) to a supervisor's work unit after the rosters are established will be placed at the bottom of the roster; and

4. if an employee is detailed or otherwise temporarily reassigned out of a supervisor's work unit, the employee shall not be considered available for overtime assignment under the losing supervisor's overtime roster for the duration of such temporary assignment.

SECTION 4 - DISTRIBUTION

A. A rotational system will be established whereby every fully qualified employee, including detailed-in personnel within a team, will be given the opportunity to work overtime assignments.

1. Overtime assignments shall not be made as a reward or punishment.

2. The use of official time during a pay period shall not be sufficient cause to exclude an employee from working overtime.

3. Refusal to work voluntary overtime shall not reflect unfavorably on an employee's performance appraisal or the option to work future overtime.

B. When overtime is required and familiarity with the project or particular expertise are required for continuity or efficiency, employees normally assigned to the duties will perform the overtime work.

C. When particular expertise or familiarity with the project are not required for the performance of an overtime assignment, supervisors will solicit volunteers for such overtime assignments by announcing the particulars of the overtime assignment to the employees in the needed job category who are on duty at the time.

1. If more employees volunteer than are needed, the supervisor shall go to the voluntary overtime roster, as provided in Section 3 above, and assign the overtime to the volunteer (or volunteers if more than one employee is needed) beginning with the name immediately below the last person on the roster to have worked a voluntary overtime assignment.

2. If there are insufficient volunteers and employees have to be directed to work overtime assignments, the supervisor shall go to the "mandatory overtime roster", as provided in Section 3 above, and assign the overtime to the employee (or employees) beginning with the employee immediately below the last person on the "mandatory overtime roster" to have worked a mandatory overtime assignment. The supervisor will notify the Union as soon as possible when using a "mandatory overtime roster".

D. Trainees may be considered for overtime assignments provided they are fully qualified to perform the necessary duties. Those employees on detail will be considered for overtime assignments in their detailed section/unit/work area provided they are fully qualified to perform the necessary duties.

SECTION 5 - CALL-BACK

A. "Call-back overtime" is defined as irregular or occasional overtime work performed by an employee for which they are required to return to the place of employment to perform the work or on a day when work was not scheduled for them.

B. Employees shall be provided advance notice, whenever possible of the requirement to perform callback overtime work.

C. An employee who is called back to work at a time outside of and unconnected with his or her scheduled hours of work within the basic work week will receive a minimum of 2 hours of overtime pay.

D. Unless a "call-back overtime" assignment requires special skill, familiarity with the work or quick responses, call-back overtime will be rotated among employees pursuant to Section 4 C.

E. When it is first determined that call-back assignments are necessary, the official responsible for call-back will use the call-back roster and make the assignment starting with the first name on the roster that he or she is able to contact. As successive call-back assignments are necessary, the official responsible for call-back will commence calling or making assignments with the name immediately below that person who last worked a call-back assignment and make the assignment to the first employee or employees that he or she is able to contact.

SECTION 6 - TIME SPENT ON STANDBY DUTY AND OR IN AN ON-CALL STATUS

A. On-call status is defined as those occasional situations when an employee is notified that they are subject to call during a specified period of time outside their normal tour of duty. Overtime shall be approved only for the specified period of

the on-call condition which qualifies as “hours of work” as defined by the governing laws and regulations.

B. An employee will be considered off duty and time spent in an on-call status shall not be considered hours of work if:

1. the employee is allowed to leave a telephone number or to carry an electronic device for the purpose of being contacted, even though the employee is required to remain within a reasonable call-back radius; or

2. the employee is allowed to make arrangements such that any work which may arise during the on-call period will be performed by another person.

C. Standby Duty - an employee is on duty, and time spent on standby duty is hours of work if, for work-related reasons, the employee is restricted by official order to a designated post of duty and is assigned to be in a state of readiness to perform work with limitations on the employee’s activities so substantial that the employee cannot use the time effectively for his or her own purposes. A finding that an employee’s activities are substantially limited may not be based on the fact that an employee is subject to restrictions necessary to ensure that the employee will be able to perform his or her duties and responsibilities, such as restrictions on alcohol consumption or use of certain medications. An employee is not considered restricted for work-related reasons if, for example, the employee remains at the post of duty voluntarily or if the restriction is a natural result of geographic isolation or the fact that the employee resides on the Agency’s premises.

D. Compensation for time spent in On-Call Status and Standby Duty will be determined in accordance with applicable laws and regulations.

SECTION 7 - CHANGES TO EMPLOYEE’S WORK SCHEDULES

An employee’s work schedule may be changed to meet mission/operational needs. An employee’s regularly scheduled workday or workweek shall not be changed solely to avoid payment of overtime or earning of compensatory time.

SECTION 8 - COMPENSATORY TIME

A. FLSA Non-Exempt employees may elect to earn compensatory time in lieu of being paid overtime.

B. The employee may request that accrued compensatory time be charged in lieu of annual leave, sick leave, or leave without pay.

C. Compensatory time earned by employees must be used within 26 pay periods. At the end of twenty-six (26) pay periods, compensatory time not used will be paid to the employee at the overtime rate in effect at the time it was earned.

SECTION 9 - UNCOMPENSATED WORK

A. The Agency will not permit performance of work without compensation.

B. Supervisors shall not direct, request, suggest, authorize or take any action which implies approval for employees to perform gratuitous services.

ARTICLE 39 TELEWORK

SECTION 1 – GENERAL

- A. The Agency and the AFGE Council jointly recognize the mutual benefits of telework to the Agency and its employees. Employee participation in the DCMA Telework Program is voluntary.
- B. The telework program will be administered in accordance with the Agency's and OPM's approved telework guidance. DCMA shall actively promote telework consistent with accomplishing its assigned mission, and make every effort to overcome artificial barriers to telework program implementation.
- C. With respect to meetings, the parties acknowledge that management has the option of planning meetings that accommodate employees on telework. To the extent possible, maximum consideration should be given to arranging meetings that accommodate telework schedules, provided it does not impede or interfere with mission requirements. This may include adjusting the schedule itself or use of alternative means such as teleconference, video conference, or eConnect.

SECTION 2 – TYPES OF TELEWORK

- A. **Routine Telework** - an approved work arrangement where eligible employees work at an alternate worksite as part of an ongoing, regular or recurring schedule, typically on an approved day or days during a biweekly pay period.
- B. **Situational Telework** - telework that is approved on a case-by-case basis, where the hours worked were not part of a previously approved, ongoing and regular telework schedule (e.g., telework as a result of inclement weather, medical appointment, special work assignments or to accommodate special circumstances). Telework is also considered situational even though it may occur continuously for a specific period and is also referred to as episodic, intermittent, unscheduled, or ad hoc telework.

SECTION 3 – TASKS ELIGIBLE FOR TELEWORK

The parties recognize that some tasks and functions are ideal for telework and include, but are not limited to:

1. thinking and writing;
2. policy development;
3. research;
4. analysis;
5. report writing;
6. telephone-intensive tasks;
7. computer-oriented tasks;
8. data processing; or
9. computer-based training.

SECTION 4 – UNION REPRESENTATIVE TELEWORK ELIGIBILITY

Representational duties may be performed while in a telework status.

SECTION 5 – TELEWORK EQUIPMENT

The Information Technology Directorate (DCMA-IT), and any successor organization, will be responsible for the service and maintenance of Government Furnished Equipment (GFE). Should this equipment fail, the employee will contact his or her supervisor for further instruction.

SECTION 6 – EMPLOYEE RESPONSIBILITY

Prior to each instance of Telework, the employee will leave a message on office telephone voicemail with the appropriate contact information to include a telephone number if required by the supervisor. An employee should forward calls from the office phone if the capability is available. A written message should also be posted in a conspicuous location for walk-up customers at the employee's permanent duty station. These messages should convey that the employee is out of office, but is teleworking at another site and is available to be contacted for official business.

SECTION 7 – AGENCY TELEWORK WORKING GROUP

The Agency may establish a working group responsible for monitoring the Agency's telework program. AFGE Council 170 is authorized to provide a representative to any Agency telework working group and will have access to all reports generated.

SECTION 8 – HEALTH AND SAFETY

DCMA employees continue to be covered by the Federal Employees Compensation Act (FECA) when injured or suffering from work-related illnesses while conducting official Government business regardless of the location.-

SECTION 9 – REPORTS

The Agency will provide an annual report (in spreadsheet format) on participation rates in the DCMA Telework Program to the AFGE Council President. The report will include name, type of telework recorded, and total hours teleworked for each employee by organization name. The Agency will also provide a copy of any annual report submitted to DoD on the DCMA Telework Program to the AFGE Council President.

ARTICLE 40
REASSIGNMENTS

SECTION 1 – GENERAL

- A. A reassignment is defined as any change of an employee from one position to another without promotion or change to lower grade within the Agency. It includes:
1. Reassignment to a position in a new occupational series or to another position in the same series;
 2. Reassignment to a position that has been re-described due to the introduction of a new or revised classification or job grading standard;
 3. Reassignment to a position that has been re-described/reclassified as a result of a position review; and
 4. Movement to a different position at the same grade, but with a change in salary that is a result of a different local prevailing wage rate or different locality payment.
- B. A reassignment is considered voluntary if made at the request of the employee and approved by the Agency.
- C. The Agency has the right to involuntarily reassign an employee through a Management-Directed Reassignment (MDR) when the Agency has a legitimate organizational reason for the reassignment, and the vacant position is at the same grade or rate of pay. The AFGE Council Local President will receive the same notification afforded the affected employee. The Agency will provide written rationale for this action upon request from the AFGE Council Local President.
- D. The AFGE Council Local President should be invited by management to provide input on reassignments within their organization.

SECTION 2 – PROCEDURES

- A. The Agency has the right to select employees for reassignment based on mission requirements and other bona fide management considerations. These procedures shall be applied consistently across the Agency. In exercising its right, the Agency may ask for volunteers via email, post a vacancy announcement, direct a reassignment, or use other means of identifying candidates. Should the Agency elect to solicit volunteers, the Agency has the sole discretion to:

1. Determine the area of consideration within the Agency from which volunteers will be sought to include the local commuting area, at a minimum;
 2. Determine the knowledge, skills, abilities, and other characteristics required for the position(s); and
 3. Assess the qualifications of the volunteers.
- B. When management determines it will fill vacancies by soliciting volunteers, the following procedures will be used:
1. Employees shall be notified by electronic posting to include email.
 2. The notifications will be posted for 15 days in order to permit interested employees to respond and will include instructions on the application format. Options for application include but are not limited to a resume or providing a written statement of interest.
 3. Employees will apply using the format specified in the posting.
 4. All qualified employees within the area of consideration defined in A(1) above who submit a timely application will be considered.
 5. Selections will be in accordance with paragraph A above. Document all criteria used for this process, maintain documents for one (1) year, and share with the union upon request.
- C. In those cases where positions are being abolished and the Agency has solicited volunteers for placement in vacant positions and determines that a tie breaker is necessary to select from among equally qualified volunteers, selections will be based on the highest leave Service Computation Date (SCD). When there are no volunteers and it becomes necessary for the agency to involuntarily reassign employees, the Agency will consider employee qualifications and capabilities, requirements of the position (knowledge, skills, and abilities), location of position, employee requests, and commuting distance. Equally qualified candidates for an involuntary reassignment will be reassigned in inverse order of seniority based on leave SCD. The Agency will ensure that the needs of employees with disabilities/reasonable accommodations are considered in reassignment actions.
- D. Employees desiring a voluntary reassignment within their current organization may apply directly to the supervisor of the vacant position for consideration. If the employee is selected for the reassignment, the employee normally will be released within thirty (30) days from the selection notification date. For employees who wish to be considered for a voluntary reassignment to vacant positions in another organization, the employee may register on the Agency's

Voluntary Reassignment Website or may forward a resume to the organization's Deputy Commander/Director.

- E. The employee shall be notified in writing at least fifteen (15) days prior to an MDR, unless prevented by extenuating circumstances. The AFGE Council Local President will receive the same notification provided to the affected employee. The Agency will explain the rationale for the MDR upon request from the AFGE Council Local President.
- F. The Agency will notify the impacted employees in writing at least fifteen (15) days in advance of any permanent changes in assignment of their supervisor or team leader, unless prevented by extenuating circumstances.
- G. When an employee is reassigned to a different position/series, or to one previously held, the employee will be provided a reasonable period of time in which to complete training and obtain required certifications for the position.
- H. If the employee cannot attain satisfactory performance, refer to the process contained in Article 26 Performance Management.

ARTICLE 41

CONTRACTING OUT AND OUTSOURCING

SECTION 1 - GENERAL

For the purposes of this Article, the term contracting out refers to decisions made by the Agency subject to the A-76 process. The term outsource as defined here applies when the Agency decides to use contractor support to supplement its current workforce in addressing fluctuations in mission workload. It is understood that the Agency retains the right to contract out work in accordance with 5 U.S.C. §7106(a)(2)(b). The decision to contract out is not subject to the negotiated grievance procedure.

The work and the positions performing the work are moved to ABC in Western USA which is a separate competitive area where contract administration has not been previously performed.

2. Takes place when the entire competitive area moves to a different local commuting area without any additional organizational change.

Example: A contract administration office is in DEF, a stand-alone competitive area. The office is moved to GHI which is in a different local commuting area and the office remains as a separate stand-alone competitive area.

3. Occurs when a function is transferred from one Agency to another. Such a transfer requires specific statutory authorization.

The Agency is responsible for assuring that applicable regulations and this Article are uniformly and consistently applied to any one RIF.

SECTION 2 - DEFINITION

A RIF occurs when the Agency releases an employee from his/her competitive level by separation, demotion, furlough for more than thirty (30) calendar days, or reassignment requiring displacement because of lack of work or funds, reorganization, change to lower grade based on reclassification of an employee's position due to erosion of duties when such action will take place after the Agency has formally announced a RIF in the employee's competitive area and when the RIF will take effect within 180 days or when the need to make a place for a person exercising reemployment rights requires the Agency to release the employee.

SECTION 3 - NOTIFICATION

Whenever the Agency has determined to initiate a RIF or takes any action which results in a RIF, it shall notify the AFGE Council in order to negotiate appropriate arrangements arising from unforeseen circumstances surrounding the specific RIF. Such notice shall be given at least 90 days in advance of the RIF unless the Agency has not officially determined that far in advance to conduct a RIF. Affected employees will be notified not less than 60 calendar days prior to the effective date. To the extent practicable, RIF notices will be delivered in person. The Union will be provided at least two (2) working days advance notification of distribution. The notification shall include the approximate effective date of the RIF, the approximate number of positions that will be abolished and the reason for the RIF. The Agency agrees to furnish the AFGE Council all information pertinent to the cause of any RIF or reduction in grade or pay or reorganization in accordance with laws governing public information and existing rules and regulations. In the event of a RIF, the following process will be followed by the Agency:

1. Upon receipt of the listings of excess positions and existing vacancies, if any, from the affected organizations in the competitive area, the Agency will

determine the rights and entitlements of each employee using the information available in the retention register and eOPF. A copy of this listing will be provided to the AFGE Council.

SECTION 8 - OFFER OF POSITION

A. The Agency shall make a best offer of employment to each employee adversely affected by the RIF consistent with 5 CFR 351. C. The Agency will consider placing employees in existing vacant positions within the employee's competitive area provided the employee is qualified for the position and would otherwise be removed or reduced in grade as a result of the RIF.

3. offering and funding early out incentives as permitted by law; and

4. voluntary RIF.

SECTION 9 - EMPLOYEE RIGHTS

A. The Agency will make reasonable effort to find employment in other Federal agencies within the commuting area for those employees separated in a RIF. Employees for whom no positions are found may be counseled by a representative of the Agency on the benefits to which they may be entitled, including information concerning early retirement with discontinued service annuity, where applicable. SECTION 11 - RETENTION REGISTERS AND RIF REGULATIONS

Employees in receipt of a RIF notice shall have the right to review pertinent retention registers and applicable RIF regulations. In viewing these documents, the employee shall have the right to be accompanied by a Union representative and both persons shall be in a duty status for this purpose. In accordance with applicable regulations, when the Agency is unable to offer an assignment, the Agency may waive qualifications of employees who will be separated due to RIF for vacant positions which do not contain selective placement factors, provided the Agency determines the employee is able to perform the work of the position without “undue interruption” to the mission of the Agency, the employee meets any OPM-established minimum education requirements and the Agency determines that the employee has the capacity, adaptability and special skills needed to satisfactorily perform the duties and responsibilities of the position. Undue interruption means a degree of interruption that would prevent the completion of required work by the employee 90 days after the employee has been placed in the position.

B. The AFGE Council will be informed when a bargaining unit position is filled by a waiver of qualifications.

C. Vacant positions which contain selective placement factors will be reviewed jointly by the Agency and the AFGE Council to determine if these factors are required or can be waived.

SECTION 16 - DISPLACEMENT

A. The Agency will not fill a vacant bargaining unit position within the area in which the RIF is taking place until it has considered all reasonable alternatives to reduce the adverse effects on BUEs who are to be displaced as a result of the RIF. In considering these alternatives, the Agency will review the possibility and feasibility of redesigning a vacant position.

B. The AFGE Council shall be advised of any action to fill any bargaining unit position prior to the action being taken.

ARTICLE 47
REORGANIZATION

SECTION 1 - GENERAL

Reorganization is defined as the planned elimination, addition, consolidation, redistribution or realignment of significant functions or duties in an organization.

SECTION 2 - NOTICE

A. The AFGE Council shall be notified as soon as feasible of planned significant changes in the organization.

B. The Agency shall provide the appropriate Union representative with notice of reorganization not less than 30 days prior to the effective date of the action. The notice will include the rationale for the reorganization, a description of the proposed changes and affected positions.

SECTION 3 - PROCEDURES

If reorganization requires the application of adverse action, RIF, transfer of function or transfer of work procedures, they will be executed in accordance with applicable law, regulations and the appropriate provisions of this Agreement. If requested, either party may enter into negotiations with the other party.

SECTION 4 - SUCCESSOR POSITIONS

When a position in an organization is abolished as a result of a reorganization and an identical position is to be established at the same grade within 30 days in a new organization within the Agency, the incumbent of the old position will be accorded priority consideration for assignment to the newly established position, unless this would conflict with the assignment rights of another employee. The foregoing is subject to Agency's discretion to decide to fill the newly established position and also subject to the incumbent of the old position being qualified for the newly established position.

ARTICLE 48
DETAILS AND TEMPORARY PROMOTIONS

SECTION 1 – GENERAL

- A. A detail is the temporary assignment of an employee without change of civil service status or pay to a different position other than his/her official position, for a specified period of time, with the employee returning to his/her regular duties at the end of the detail. There is no formal position change. Employees do not need to meet qualification standards in order to be detailed. Employees must meet positive education requirements and special licensure requirements in order to be detailed into a position with these requirements.
- B. Details are intended for meeting temporary needs of the agency's work, program, or mission requirements, when necessary services cannot be provided by other means. In addition to helping meet mission needs, details are a way of broadening experience and demonstrating the ability to perform at a higher level. Disabilities will not preclude an employee from being considered for a detail. Volunteers for details may be considered.
- C. An employee who continues to carry out the duties of the position to which permanently assigned and also performs some of the duties of another position for a limited time (thirty (30) days or less) generally is not considered to be on detail. Details to higher-level positions should be made competitively when the duration of the detail and the nature of the assignment are such that the employee can be expected to perform the majority of the grade-controlling duties for more than 120 days.
- D. An employee will be notified in writing at least fifteen (15) calendar days prior to a detail that is expected to last more than thirty (30) days except under extenuating circumstances. The AFGE Council Local President will receive the same notification afforded the affected employee. The Agency/Organization will explain the rationale for this action upon request from the AFGE Council Local President.
- E. Whenever possible, the Agency will consider making details on a rotational basis among employees given the nature and location of the duties to be performed and the duration of the anticipated assignment.

SECTION 2 – PROCEDURES FOR DETAILS

- A. The Agency has the right to direct employees to perform detail assignments as well as the obligation to make judicious use of this authority. Consideration may be given to the current performance of the employee, location of the position, the interest and availability of eligible employees, and/or their SCDs. The Agency shall inform the employee of the reason for the detail, including a written

description of the duties, work direction, supervision, and expected duration. Details will not be used as a substitute for a permanent personnel action such as promotion, reassignment, or appointment. A detail will be limited to the shortest practical time limits and will be terminated as soon as the need for the detail no longer exists.

- B. If allegations or accusations are made against employees (including employees duty-stationed at contractor facilities) and management determines it is in the best interests of the Government or for the protection of the employee to do so, the employee may be detailed or reassigned. Upon completion of the investigation, the Agency will determine the appropriate course of action.
- C. Details of thirty (30) calendar days or less do not require formal documentation and may be informally arranged between supervisors. Details of more than thirty (30) days must be processed in increments of no more than 120 days, and will be documented using a formal personnel action (the effective date is the date on which the detail began). Upon the detailed employee's request, a detail of less than thirty (30) days may be documented.
- D. Feedback on the employee's performance during the detail will be provided to the employee's rating official with a copy to the employee.

SECTION 3 – TEMPORARY PROMOTIONS

- A. Temporary promotions will not be used for the sole purpose of qualifying or enhancing an employee's qualifications to permanently fill the position to which they are detailed.
- B. A temporary promotion is the temporary assignment of an employee to a higher graded position for a specified period of time, with the employee returning to his/her permanent position upon the expiration of the temporary action. In order for an employee to be temporarily promoted, he/she must meet the same qualification requirements that are necessary for a permanent promotion.
- C. Temporary promotions are intended for meeting temporary needs of the agency's work program when necessary services cannot be provided by other means. Temporary promotions can be used to:
 - 1. fill temporary positions;
 - 2. accomplish project work;
 - 3. fill positions temporarily pending reorganization or downsizing; or
 - 4. or meet other temporary needs.
- D. The initial 120 days of a temporary promotion may be made noncompetitively. All time spent on noncompetitive temporary promotions and details to higher graded positions during the preceding 12 months counts toward the 120-day total. If the temporary promotion is extended beyond 120 days, competition is

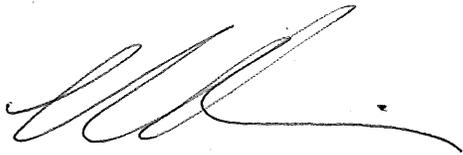

required in accordance with Article 25 Merit Promotion.

- E. A temporary promotion may be made permanent without further competition provided the temporary promotion was originally made under competitive procedures in accordance with Article 25 Merit Promotion and the fact that it might lead to a permanent promotion was made known to all potential candidates.
