This position will be assigned to the U.S. Energy Information Administration (EIA), the independent statistical and analytical agency within the Department of Energy. The Assistant Administrator for Resource and Technology Management, one of 4 direct reports to the EIA Administrator, provides leadership and management in the areas of human resources, procurement, information technology, and budget and financial operations to support EIA's energy information program. He/she interacts with senior EIA managers and DOE executives with Department-wide responsibilities for resource management functions. For more information about EIA, please visit www.eia.gov.
