PIN NUMBER:					

Dear :

As you may know, the Office of Personnel Management (OPM) was the target of a malicious cyber intrusion carried out against the U.S. Government, which resulted in the theft of background investigation records.

You are receiving this notification because we have determined that your Social Security Number and other personal information was included in the intrusion. As someone whose information was also taken, I share your concern and frustration and want you to know we are working hard to help those impacted by this incident. The Federal government will provide you and your dependent minor children with comprehensive identity theft protection and monitoring services, at no cost to you.

Since you applied for a position or submitted a background investigation form, the information in our records may include your name, Social Security number, address, date and place of birth, residency, educational, and employment history, personal foreign travel history, information about immediate family as well as business and personal acquaintances, and other information used to conduct and adjudicate your background investigation.

Our records also indicate your fingerprints were likely compromised during the cyber intrusion. Federal experts believe the ability to misuse fingerprint data is currently limited. However, this could change over time as technology evolves. Therefore, we are working with law enforcement and national security experts to review the potential ways fingerprint data could be misused now and in the future, and will seek to prevent such misuse. If new means are identified to misuse fingerprint data, additional information and guidance will be made available.

While we are not aware of any misuse of your information, we are providing a comprehensive suite of identity theft protection and monitoring services. We are offering you, and any of your dependent children who were under the age of 18 as of July 1, 2015, credit monitoring, identity monitoring, identity theft insurance and identity restoration services for the next three years through ID Experts, a company that specializes in identity theft protection. The identity theft insurance and identity restoration service coverage has already begun. You have access to these services at any time during the next three years if your identity is compromised.

To take advantage of the additional credit and identity monitoring services, you must enroll with ID Experts using the PIN code at the top of this letter. To enroll go to <https://www.opm.gov/cybersecurity>. You may also call 800-750-3004 to enroll in or ask questions about these services. I hope you will take advantage of these services.

Please note that OPM and ID Experts will not contact you to confirm any personal information. If you are contacted by anyone asking for your personal information in relation to this incident, do not provide it. For additional resources such as information you may share with people listed on your forms, sample background investigation forms, types of information which may have been taken, and tips on how to protect your personal information, visit <https://www.opm.gov/cybersecurity>.

Sincerely

Beth F. Cobert
Acting Director
Office of Personnel Management
