Post Retirement Marriage (PRM) Note

OPM has recently received information that you have married after retirement. As a result, OPM is sending you this information to inform you of your post-retirement survivor annuity election rights.

HOW TO REQUEST INFORMATION

Call or write OPM at the address posted on the bottom of this notice well before the election time limit stated below to ask for information about making a survivor annuity election for your spouse or former spouse. The cost of an election is directly related to the amount of survivor annuity you elect. OPM will send you detailed information about the effect on your annuity and the cost of an election along with an election form to sign and return to us if you want to make an election.

IMPORTANT: A request for information about a survivor election, health benefits coverage, or life insurance beneficiary designations is not an election.

AFTER OPM RECEIVES YOUR REQUEST FOR SURVIVOR BENEFIT INORMATION

How to Make an Election - Sign and date the completed OPM election form that clearly states the election you want to make and submit it to OPM. Your election form must be received at OPM before the expiration of the time limit indicated below. There are no exceptions for late filings.
