

FERS Deposit/ Redeposit Letter

The deposit/redeposit amounts due and the rates of annuity payable to you depending on whether you make payments are shown below. If you elect to make a deposit and/or redeposit, go to OPM.gov/payment and select the link under Annuitant Service Credit Deposit to pay on-line or click this Pay.gov link. Please note you may need to contact your bank for a preauthorization if the payment amount is over your bank's daily limits. Installment payments are not permitted. Please mark your election in the appropriate block and return this form with a copy of your receipt, if applicable, to your case specialist. If we do not receive your reply within 30 days of the date of this notice, we will process your claim at the rate of annuity without any deposit and/or redeposit. We will not provide you with another opportunity to make any deposit and/or redeposit.

Your election is irrevocable and cannot be changed after final adjudication of your claim. Final adjudication is the date 30 days after the date of your first regular annuity payment.

You can expedite the processing of your retirement application by returning this election form and if applicable making your on-line payment immediately. If you do not return the form, we will take no further action until the 30 day time limit has expired.
