The Federal Employees Health Benefits Program (FEHB) and the Federal Flexible Spending Account Program (FSAFEDS)

## Save Money on PRESCRIPTION DRUGS

Prescription drugs can be expensive. Your FEHB health plan helps you pay for them, but you usually still have to pay out-of-pocket each time you visit the pharmacy. This can add up to hundreds or even thousands of dollars each year.

**Thousands of Federal employees save on prescriptions** by using FSAFEDS. With FSAFEDS, the income you spend on prescriptions and many other health care expenses is **tax-free**. Not paying taxes on the money you spend at the pharmacy, for most employees, **is like getting a 30% discount on prescriptions**.
