Important Notice from KPS Health Plans About
Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that the KPS Health Plans' prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all Plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB Plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordination Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

Introduction

This brochure describes the benefits of KPS Health Plans under our contract (CS 1767) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 360-478-6796 or toll-free at 1-800-552-7114 or through our website: www.kpshealthplans.com. The address for KPS Health Plans' administrative offices is:

KPS Health Plans
400 Warren Avenue
P.O. Box 339
Bremerton, Washington 98337

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2015, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2015, and changes are summarized on page 15. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirements. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provisions for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member, "we" means KPS Health Plans.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711 and explain the situation.
  - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE
1-877-499-7295

OR go to www.opm.gov/oig

You can also write to:

United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
  - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26)
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That’s about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more, and understanding your risks, you can improve the safety of your own health care and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures.
- Don’t assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Never Events

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, too often patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions.

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores and fractures; and reduce medical errors that should never happen. These conditions and errors are called "Never Events." When a Never Event occurs, neither your FEHB plan nor you will incur cost to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct Never Events, if you use KPS Plan providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

  We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

  Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

- **Minimum value standard**

  Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value, your specific out-of-pocket costs are determined as explained in this brochure.

- **Where you can get information about enrolling in the FEHB Program**

  See www.opm.gov/healthcare-insurance for enrollment information as well as:

  - Information on the FEHB Program and plans available to you
  - A health plan comparison tool
  - A list of agencies that participate in Employee Express
  - A link to Employee Express
  - Information on and links to other electronic enrollment systems

  Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits,* brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

  - When you may change your enrollment
  - How you can cover your family members
  - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
  - What happens when your enrollment ends
  - When the next Open Season for enrollment begins

  We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family**

  Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

  If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren (including qualified children of same-sex domestic partners in certain states) are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children Incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but **NOT** their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;

- **Children's Equity Act (cont.)**
  - If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
  - If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

  As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

- **When benefits and premiums start**

  The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or Plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2015 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2014 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

  If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

  When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

  You will receive an additional 31 days of coverage, for no additional premium, when:
  - Your enrollment ends, unless you cancel your enrollment; or
  - You are a family member no longer eligible for coverage.

  Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce**

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees,* or other information about your coverage choices. You can also download the guide from OPM's website, www.opm.gov/healthcare-insurance/healthcare/plan-information/guides.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees,* from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Finding replacement coverage**

In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711or visit our website at www.kpshealthplans.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.Healthcare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

We are a Prepaid Comprehensive Medical Plan with a Point of Service product. This means that we offer health services in whole or substantial part on a prepaid basis, with professional services provided by individual physicians who agree to accept the payments provided by the Plan and the members' cost-sharing amounts as full payment for covered services. We give you a choice of enrollment in a High Option, a Standard Option, or a High Deductible Health Plan (HDHP).

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join this Plan because you prefer the Plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

Questions regarding what protections apply may be directed to us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. You can also read additional information from the U.S. Department of Health and Human Services at www.healthcare.gov.

General features of our High and Standard Options

Both High and Standard options provide comprehensive medical, surgical and hospitalization benefits in addition to coverage for alternative care providers, dental benefits, mental health care, and an open drug formulary prescription benefit.

We have Point of Service (POS) benefits

Our Plan offers POS benefits. This means you can receive covered services from a non-Plan provider. However, out-of-network benefits may have higher out-of-pocket costs than our in network benefits. Please see High and Standard Option Section 5(i), page 77, for POS benefit details.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your deductible (if applicable), copayments, or coinsurance. We pay dental providers based on a scheduled allowance amount, and you will only be responsible for the deductible (on basic and major dental care only) and charges ***over and above*** the scheduled allowance amount.

We emphasize comprehensive medical and surgical care received from Plan providers. A Plan provider is any facility or licensed practitioner who contracts with KPS, the First Choice Health Network (FCHN), or MultiPlan. A Plan pharmacy is a pharmacy contracted with our pharmacy benefit management company, MedImpact, and a Plan dentist is any licensed dentist within Washington state.

To receive the highest level of benefits, you must use Plan providers, pharmacies, and dentists. When you receive services in Clallam, Jefferson, Kitsap, and Mason counties you must use providers contracted directly with KPS. Outside of those counties, you must use providers contracted with FCHN.

When you reside outside the state of Washington under any of the following conditions, 1) part-time, 2) as a dependent child, or 3) on Temporary Duty Assignment, a Plan provider is a MultiPlan provider; or in Alaska, Idaho, and Oregon, a Plan provider is a First Choice Health Network provider. If you are in an area where Plan providers are difficult to access (e.g., 50 miles from home or work), please contact us to confirm that we will pay a non-Plan provider at the non-Plan provider rate based on the billed amount rather than our allowed amount, which will eliminate the non-Plan provider "balance billing" you. You can reach us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711.

General features of our High Deductible Health Plan (HDHP)

HDHPs have higher annual deductibles and annual out-of-pocket maximum limits than other types of FEHB plans. FEHB Program HDHPs also offer health savings accounts or health reimbursement arrangements. Please see below for more information about these savings features.

Preventive care services: Preventive care services are generally covered with no cost-sharing and are not subject to copayments, deductibles or annual limits when received from a Plan provider. Preventive dental care is paid on a fee basis and may result in "balance billing" by your dentist.

Annual deductible: The annual deductible must be met before Plan benefits are applied, except for preventive medical care services, preventive dental care, and tobacco cessation treatment and medications when received through the Quit For Life® program.

Health Savings Account (HSA):
You are eligible for an HSA if you:

- Are enrolled in an HDHP;
- Are not covered by any other health plan that is not an HDHP (including a spouse's health plan, but not including specific injury insurance and accident, disability, dental care, vision care, or long-term coverage);
- Are not enrolled in Medicare;
- Have not received VA or Indian Health Services (IHS) benefits within the last three months;
- Are not covered by your own or your spouse's flexible spending account (FSA); and
- Are not claimed as a dependent on someone else's tax return.

You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense.

Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by an HDHP.

You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.

For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health Plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. Your HSA dollars earn tax-free interest.

You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA): If you are not eligible for an HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although an HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection: We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed $4,000 for Self Only enrollment, or $8,000 for Self and Family coverage (each applies separately for services received from Plan providers and non-Plan providers).

Health education resources and account management tools: KPS Health Plans has chosen Wells Fargo Bank to be our HSA administrator and HealthSmart Benefit Solutions to be our HRA administrator. As a KPS HDHP enrollee, you will have the following health education resources and account management tools provided or made available to you:

If you are enrolled in a Wells Fargo Health Savings Account (HSA),

- A Wells Fargo new enrollee welcome letter with your account information will be mailed to you shortly after enrolling.
- Convenient access to HSA funds is made available through a Wells Fargo Health Savings Account Visa® debit card.
- At the Wells Fargo website (www.wellsfargo.com/hsa) you can easily view account balances and information, change investment options, download forms and link to a list of covered expenses.

- Through the Wells Fargo toll-free HSA customer service line at 1-866-884-7374 you can access automated information 24 hours a day, or speak with a helpful customer service representative from 5:00 am to 5:00 pm, Monday through Friday, Pacific Time.

If you are enrolled in a Health Reimbursement Arrangement (HRA),

- HealthSmart Benefit Solutions will mail you a Benefits Debit MasterCard® that you can use like a debit card to pay for eligible medical expenses.
- You can access information about your account by going to www.healthsmart.com and clicking on the "Members" box at the bottom of the page.
- HealthSmart Benefit Solutions customer service representatives can be reached at 1-800-503-9098, Monday through Friday, 7:00 am to 7:00 pm, Eastern Time.

Other important tools and information are available by visiting the KPS website at www.kpsfederal.com.

For more details please refer to the HDHP **Section 5(i) Health education resources and account management tools** on page 127**.**

Your rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Years in existence
- Profit status

If you want more information about us, call 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711, or write to P.O. Box 339, Bremerton, Washington 98337. You may also contact us by fax at 360-415-6514 or visit our website at www.kpsfederal.com.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live or work in our service area. This is where our providers practice. Our service area is all of Washington state.

If you receive care from non-Plan providers in our service area, as described in "How we pay providers" on page 12, we will pay benefits based on our contracted rates for Plan providers. You will be responsible for any copayments, coinsurance, deductible, and any additional balance billed by a non-Plan provider. For details regarding out-of-network services, please see Section 5(i), *Point of Service (POS) benefits* for High and Standard Option, page 77, and page 81 for the HDHP *Out-of-network services*.

If you or a covered family member move outside of our service area, you can enroll in another plan. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2015

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program wide changes

Changes to this Plan

- We now cover you for all of the benefits described in this brochure, except for dental care, while traveling. See **Section 5 (h). Special features, Travel benefits/services**, page 75.
- We now cover unlimited acupuncture treatments when used to treat substance use disorders.
- We have updated the dental schedule to omit outdated dental codes.
- We now classify most drugs into one of five tier categories.
- We have clarified that physical, occupational and speech therapies require a prescription prior to obtaining services.
- We have included what is not covered under the Preventive care, children section see pages 31and 91.

Changes to High Option only

- Your share of the non-Postal premium will decrease for both Self Only and Self and Family enrollment. See page 154.
- Your share of the Postal premium will decrease for both Self Only and Self and Family enrollment. See page 154.

Changes to Standard Option only

- Your share of the non-Postal premium will increase for both Self Only and Self and Family enrollment. See page 154.
- Your share of the Postal premium will increase for both Self Only and Self and Family enrollment. See page 154.
- We now cover the professional office visits subject to a $20 copayment.

Changes to our High Deductible Health Plan (HDHP)

- Your share of the non-Postal premium will increase for both Self Only and Self and Family enrollment. See page 154.
- Your share of the Postal premium will increase for both Self Only and Self and Family enrollment. See page 154.

Benefit Clarifications/Correction

- We have clarified non-covered services under **Preventive care, adult**. See pages 31and 91.
- We have clarified that a treatment plan is not required for outpatient mental health **Professional services**. See pages 60 and 118.
- We have clarified that isolated small intestine is covered under the **Organ/tissue transplants** benefit. See pages 46 and 107.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711, or write to us at P.O. Box 339, Bremerton, Washington 98337. You also may request replacement cards through our website at www.kpsfederal.com by logging into **MyKPS** and choosing Resources/Online Customer Service.

Where you get covered care

In Washington state, you get care from "Plan providers" and "Plan facilities." You will only pay copayments, deductibles, and/or coinsurance, and you will not have to file claims. If you use our Point of Service program, you also can get care from non-Plan providers in Washington state, but it will cost you more.

You get dental care from any licensed dentist within Washington state.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

Our provider directory lists primary care providers with their locations and phone numbers. Provider information is updated on a regular basis and is available on our website at www.kpsfederal.com by clicking on Members/Find a Provider or upon request by calling Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. You also can find out if your doctor participates with us by calling these numbers. If you are interested in receiving care from a **specific** provider who is listed in the directory, call the provider to verify that he or she still participates with us and is accepting new patients.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update on a regular basis. This information also is available on our website at www.kpsfederal.com by clicking on Members/Find a Provider.

What you must do to get covered care

It depends on the type of care you need. You can go to any provider you want but we must approve some care in advance.

- **Primary care**

Primary care providers are family practitioners, general practitioners, pediatricians, obstetricians/gynecologists, naturopaths, physician assistants (under the supervision of a physician), or advanced registered nurse practitioners (ARNPs). If your primary care provider is no longer a Plan provider, the same timeframes described on page 17 under **Specialty care** will apply for you to transfer to a new primary care Plan provider.

- **Specialty care**

  Specialists are listed in our provider directory. No referral is required.

  Here are some other things you should know about specialty care:

  - If you are seeing a specialist and your specialist leaves the Plan, you will be allowed 60 days from the date we notify you that the specialist has left the Plan to either (i) complete your course of treatment, or (ii) appropriately transfer your care to another Plan provider. If, after 60 days, you have not completed your course of treatment or transferred your care to another Plan provider, your benefits will be paid at the lower Point of Service (POS) rate described in Section 5(i), *Point of Service (POS) benefits*, page 77, for High and Standard Option and page 81 for HDHP *Out-of-network services*.
  - If you have a chronic and disabling condition and lose access to your specialist because we:
    - terminate our contract with your specialist for other than cause;
    - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Program plan; or
    - reduce our service area and you enroll in another FEHB plan;

  you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or, if we drop out of the Program, contact your new plan.

  If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Complementary care**

  The term "complementary care" refers to services provided by the following licensed providers when those services are within the scope of their licenses:

  - East Asian Medicine Practitioner (Acupuncturist)
  - Chiropractor
  - Massage therapist

  When receiving services from these providers, you are subject to the same benefit conditions and limitations that exist for other Plan providers. In addition, spinal and extremity manipulations, acupuncture needle treatments; except for the treatment of substance abuse, and massage therapy are each limited to 20 treatments per calendar year.

  The non-Plan provider reduction in benefits applies (see High and Standard Option Section 5(i), *Point of Service benefits*, page 77, and HDHP Section 5, *High Deductible Health Plan Benefits Overview, Out-of-network services*, page 81).

- **Hospital care**

  Your physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins**

  We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Customer Service department immediately at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

  If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

  - you are discharged, not merely moved to an alternative care center;
  - the day your benefits from your former plan run out; or

- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since we do not have a primary care physician or a referral requirement, and we allow you to use non-Plan providers, you need to obtain our approval before you receive certain services. The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services and equipment, are detailed in this section. A pre-service claim is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care, services, or equipment. In other words, a pre-service claim for benefits (1) requires a precertification or prior approval and (2) will result in a denial or reduction of benefits if you do not obtain precertification or prior approval.

- **Inpatient hospital admission**

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. The authorization is valid for 30 days. Approval for each admission or re-admission is required. We will provide coverage only for the number of hospital days that are medically necessary and appropriate for your condition. If your hospital stay is extended due to complications, your Plan provider must obtain benefit authorization for the extension.

After your Plan doctor notifies you that hospitalization or skilled nursing care is necessary, ask your Plan doctor to obtain precertification. Your doctor or care facility must request precertification before admission. This is a feature that allows you to know, prior to admission, which services are considered medically necessary and eligible for payment under this Plan.

We will send you written confirmation of the approved admission, once certification is obtained.

- **Other services**

For certain services or equipment your physician must obtain prior approval from us. Before giving approval, we consider if the service or equipment is covered, medically necessary, and follows generally accepted medical practice. Your physician or medical equipment supplier must obtain prior approval for the services, treatments, or items listed below.

Note: The list is not all inclusive and is subject to change at any time.

- Blepharoplasty
- Bone growth stimulators
- Breast surgeries
- CPM machines
- Depo-Lupron
- Electric scooters
- Enteral therapy
- Genetic testing
- Growth hormone treatment (pre-authorized by MedImpact)
- Home health & hospice
- Home IV infusion
- Hyperbaric oxygen pressurization
- Inpatient services

- Insulin pump
- LAUP
- Medications provided by a Specialty pharmacy
- Medications used for treatment of cancers
- Inpatient mental health & substance abuse treatments
- Organ transplants
- Penile prosthesis
- PET scans
- Pneumatic compression device
- Pulse dye laser
- Removal of scars
- Respiratory syncytial virus agent (RSV)
- Sclerotherapy
- Skilled nursing facility care
- Sleep disorders surgery
- SPECT scans
- Synchromed pump
- UPPP
- Urinary incontinence treatment w/biofeedback
- Ventilators

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, you, or your representative, must call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711 before admission, services, or equipment requiring prior authorization are rendered.

Customer Service will confirm that the service, treatment, or equipment requires preauthorization. If it does, KPS offers several ways to obtain authorization prior to rendering services. Healthcare providers may use the Prior Authorization Request form online at www.kpshealthplans.com. Please fax these requests to Attn: KPS Medical Management at fax number 360-405-9180. Providers also have the option to submit prior authorization requests online through MyKPS. These requests are electronically routed directly to the KPS Medical Management Authorization system. All requests for prior authorization must include the following information:

- enrollee’s name and Plan identification number;
- patient’s name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, surgery, or equipment; and (if applicable)
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

A staff nurse will review the request and send you and your provider notification in writing of the decision. The same process applies when the service or treatment is received from a non-Plan provider; or if an extension to the prior authorization is required.

- **Non-urgent care claims**

  For non-urgent care claims, we will then tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

  If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

  If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

  If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to provide notice of the specific information we need to complete our review of the claim. We will allow you up to 48 hours from the receipt of this notice to provide the necessary information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

  We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

  You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 360-478-6796 or toll-free at 1-800-552-7114. You may also call OPM's Health Insurance 2 at (202) 606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 360-478-6796 or toll-free at 1-800-552-7114. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

  A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

  If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission** — If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- **Maternity care** — Maternity care does not require preauthorization.
- **If your treatment needs to be extended** — If an extension of an ongoing course of treatment is requested at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules

If a service or treatment that requires precertification is performed either by a Plan provider/facility or a non-Plan provider/facility without obtaining the authorization, a retro-review may be done to determine if it is a covered benefit and if it was medically necessary. KPS will not pay for services or treatments that are not covered or that are not medically necessary.

If the hospitalization and treatment is not preauthorized, our allowance for the admitting physician's fees and benefits for the hospital stay will be reduced by 20%. The same reduction applies to inpatient mental health or substance abuse treatment that is not preauthorized.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, equipment, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim** — Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

  In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

  1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, supply, or equipment; or
  2. Ask you or your provider for more information.

     You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

     If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
  3. Write to you and maintain our denial.
- **To reconsider an urgent care claim** — In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Uness we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Help us control costs

Outpatient Surgery: Hospitalization is no longer necessary for many surgical and diagnostic procedures. These procedures can be performed safely and less expensively on an outpatient basis without sacrificing quality of care.

The elective surgeries and diagnostic procedures listed below must be performed in a hospital outpatient unit, surgical center, or Plan doctor's office. These facilities are more convenient than a hospital because surgery can be scheduled easily and quickly, and the patient can return home sooner. The cost of surgery is reduced because hospital room and board charges are eliminated.

If circumstances indicate that it is medically necessary to perform a procedure on an inpatient basis, full Plan benefits will be provided.

If a procedure is performed on an inpatient basis when hospitalization is not medically necessary, benefits for the surgical fee will be reduced by 20% and benefits for the hospital stay will be denied. No reduction in benefits will occur for emergency admissions.

The procedures listed below must be performed on an outpatient basis.

Note: The list is not all inclusive and is subject to change at any time.

To obtain information regarding procedures that must be performed on an outpatient basis, please contact Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711.

- Biopsy procedures
- Breast surgery (minor) (However, anyone who undergoes a mastectomy may, at their option, have this procedure performed on an inpatient basis and remain in the hospital up to 48 hours after the procedure.)
- Diagnostic examination with scopes
- Dilation and curettage (D&C)
- Ear surgery (minor)
- Facial reconstruction surgery
- Hemorrhoid surgery
- Inguinal hernia surgery
- Knee surgery
- Nose surgery
- Removal of bunions, nails, hammertoes, etc.
- Removal of cataracts
- Removal of cysts, ganglions, and lesions
- Sterilization procedures
- Tendon, bone, and joint surgery of the hand and foot
- Tonsillectomy and adenoidectomy

Section 4. Your cost for covered services

This is what you will pay out-of-pocket for covered care:

Cost-sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Copayments

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example:

Under High Option, you pay a copayment of $30 per office visit.

Under Standard Option, you pay a copayment of $20 (no deductible) per office visit.

Under the High Deductible Health Plan (HDHP), once you have met the annual deductible, you pay a $10 copayment for Tier 1 drugs, a $35 copayment for Tier 2 drugs, and a $50 copayment for Tier 3 drugs. (Coinsurance amounts apply to Tier 4 and Tier 5 drugs.).

Deductible

A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- **There is no annual deductible for High Option medical benefits.** You will, however, pay an annual deductible of $25 per member ($50 maximum per family) for basic and major dental care and all charges in excess of the scheduled fee allowance.
- **The Standard Option** calendar year deductible is $350 per person.
- **Under Standard Option Family Enrollment**, the calendar year deductible is considered satisfied for all family members when their combined covered expenses applied to the calendar year deductible reach $700.
- **The Standard Option deductible** is waived for preventive care.
- **The High Deductible Health Plan (HDHP)** calendar year deductible is $1,500 for Self Only enrollment and $3,000 for Self and Family enrollment (each applies separately for services received from Plan providers and non-Plan providers). The Self and Family deductible can be satisfied by one or more family members.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible. You pay 20% coinsurance for most services, except for infertility services that have a 50% coinsurance.

See *Your catastrophic protection out-of-pocket maximum* at the bottom of this page for more information regarding coinsurance.

Difference between our Plan allowance and the bill

Our "Plan allowance" is the amount we use to calculate our payment for covered services. As a general rule, you may receive care from any licensed or certified health care provider or hospital. *KPS does not require a referral for specialty care.* However, your choice of providers and hospitals affects the level of benefit coverage you receive, as well as your out-of-pocket costs.

When you choose a Plan provider, your out-of-pocket costs are the least. Plan providers agree to limit what they will bill you. Because of that, when you use a Plan provider, your share of covered charges consists only of your deductible (if applicable), coinsurance, or copayment.

If you choose a non-Plan provider, we pay 60% of our allowed amount for covered services. It is your responsibility to pay the difference between the amount billed by the non-Plan provider and the amount allowed by KPS. This is called "balance billing."

In certain instances, the care you receive from a non-Plan provider or facility is not subject to the reduction in the level of benefit coverage described above. Those instances are:

- **Medical Emergency.** Emergency care is covered in full after you have met any applicable deductible, copayment, or coinsurance. If you are admitted to a non-Plan hospital as a result of your emergency, KPS reserves the right to arrange for your transportation to a Plan hospital (see Section 5(d), *Emergency services/accidents*, pages 57 and 116).
- **Services Not Available from Plan Providers/Facilities.** KPS has the right to determine whether care and services are, or are not, available from a Plan provider or facility. If you believe the care or service you require is not available from a Plan provider or facility, please contact KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711 ***before*** obtaining the care or service and ask for a review to determine if it is appropriate for you to see a non-Plan provider. If KPS determines that the care or service you require can only be obtained from a non-Plan provider, your care will be covered in full (if it is a medically necessary/covered benefit) after you have met any applicable deductible, copayment, or coinsurance.

Your catastrophic protection out-of-pocket maximum

For High Option, after your copayments and coinsurance total $5,000 for self only or $5,000 per family enrollment in any calendar year, you do not have to pay any more for covered services, except the applicable charges for the following, which do not apply to your out-of-pocket maximum:

- Services of non-Plan providers and facilities
- Dental services
- Expenses in excess of the Plan's allowable amount or benefit maximum (e.g., dental care fee schedule amounts)

For Standard Option, after your deductible, copayments and coinsurance totals $5,000 for self only or $5,000 per family enrollment in any calendar year, you do not have to pay any more for covered services, except the applicable charges for the following, which do not apply to your out-of-pocket maximum:

- Services of non-Plan providers and facilities
- Dental services
- Expenses in excess of the Plans's allowable amount or benefit maximum (e.g., preventive dental care fee schedule amounts)

For HDHP, after your deductible, coinsurance, and pharmacy copayments total $4,000 for self only or $8,000 per family enrollment (each applies separately for services received from Plan providers and non-Plan providers) in any calendar year, you do not have to pay any more for covered services, except for the following, which do not apply to your out-of-pocket maximum:

- Expenses in excess of the Plan's allowable amount or benefit maximum (e.g., preventive dental care fee schedule amounts)

Carryover

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Right of Recovery

We will make diligent efforts to recover benefit payments we made in good faith but in error. We shall have the right to recover the excess payment amount from you, from your provider, or from another plan, as applicable.

High and Standard Option Benefits

See page 15 for how our benefits changed this year. Page 147 and page 149 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Section 5. High and Standard Option Benefits Overview

This Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711, or on our website at www.kpsfederal.com.

Each option offers unique features.

High Option	- No calendar year deductible - Preventive, basic, and major dental benefits - Alternative care provider coverage - $5 copayment for Tier 1 drugs
Standard Option	- Professional office visits are covered with only a $20 copayment and no deductible - Preventive dental benefit - Alternative care provider coverage - $10 copayment for Tier 1 drugs

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- **Under High Option - We have no calendar year deductible.**
- **Under Standard Option** - The calendar year deductible is: $350 per person ($700 per family). The calendar year deductible applies to almost all benefits in this Section. We added "(No deductible)" to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.
- **For the non-Plan provider benefit see Section 5(i), *Point of Service (POS) benefits*, page 77.**

Blood or marrow stem cell transplants limited to the stages of the following diagnoses. For the diagnoses listed below, the medical necessity limitation is considered satisfied if the patient meets the staging description. Physicians consider many features to determine how diseases will respond to different types of treatment. Some of the features measured are the presence or absence of normal and abnormal chromosomes, the extension of the disease throughout the body, and how fast the tumor cells grow. By analyzing these and other characteristics, physicians can determine which diseases may respond to treatment without transplant and which diseases may respond to transplant. • Allogeneic transplants for - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Advanced Hodgkin's lymphoma with recurrence (relapsed) - Advanced non-Hodgkin's lymphoma with recurrence (relapsed) - Acute myeloid leukemia - Advanced Myeloproliferative Disorders (MPDs)

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area: If you are in an emergency situation, please call your doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room.

If you need to be hospitalized, you or a family member must notify us unless it is not reasonably possible to do so. If you are hospitalized in a non-Plan facility, KPS will work with your doctor to determine when and if it is medically feasible to transfer you to a Plan hospital. You will be transferred when medically feasible with any ambulance charges covered in full.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, you or a family member must notify us unless it is not reasonably possible to do so. If you are hospitalized in a non-Plan facility, KPS will work with your doctor to determine when and if it is medically feasible to transfer you to a Plan hospital. You will be transferred when medically feasible with any ambulance charges covered in full.

Follow-up care received from non-Plan providers and/or at a non-Plan facility when the care could be received from a Plan provider and/or at a Plan facility, will be covered at the Point of Service (POS) benefit level. See Section 5(i), *Point of Service (POS) benefits*, page 77.

Section 5(e). Mental health and substance abuse benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- **Under High Option – We have no calendar year deductible.**
- **Under Standard Option** – The calendar year deductible is $350 per person ($700 per family). The calendar year deductible applies to all benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.
- **YOU MUST GET PREAUTHORIZATION FOR INPATIENT SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan:
- All inpatient stays must be preauthorized by the Plan. You or your mental health or substance abuse provider must obtain preauthorization by calling 1-800-223-6114 before services are provided. If preauthorization is not obtained, a retro-review may be done to determine if the services are covered and if they were medically necessary. Services that are not preauthorized will be reduced by 20%. Please see Section 3, "What happens when you don't follow the precertification rules."

We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.

Note: Preauthorization is not required for treatment rendered by a state hospital when the member has been involuntarily committed.

- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness.
- OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.
- **For non-Plan provider benefit see Section 5(i), *Point of Service (POS) benefits*, page 77.**

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart on page 64.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- There is no calendar year deductible for this benefit.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A physician, podiatrist, advanced registered nurse practitioner (ARNP), physician assistant (PA), midwife, or dentist who is licensed and provided with prescription authority from the jurisdiction of their practice must prescribe your medication.

Note: Some drugs require prior authorization and may be limited to a specific quantity or day supply (see Section 3, **Other services**, regarding prior approval).

- **Where you can obtain them.** You must fill the prescription at a Plan retail pharmacy or through a Plan mail order program, except for emergencies. If you have any questions regarding your pharmacy benefit, please call KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711; or our pharmacy benefit management company, MedImpact, toll-free at 1-800-788-2949.
- **Mail Order Program.** Covered prescription drugs are available through the mail order program. Prescriptions ordered through this program are subject to the same copayments, guidelines, and limitations set forth above.

  For questions regarding the mail order program, contact KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114.

  Order forms are available online at www.kpsfederal.com by clicking on Pharmacy/Mail Order Vendor, or through KPS Customer Service by calling 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711.

- **These are the dispensing limitations.** Prescription drugs will be dispensed for up to a 30-day supply per fill, except for certain Tier 1, Tier 2, and Tier 3 drugs, which may be dispensed on a 90-day supply basis with two (2) copayments. If a drug is a Tier 4 or 5 drug, you will pay the applicable coinsurance. Refills for any prescription drug cannot be obtained until at least 50% of the drug has been used. Drugs designated as specialty may be covered for up to a 30-day supply per fill.
- **A generic equivalent will be dispensed if it is available**, unless your physician specifically requires a name brand. If you receive a name brand drug when a federally approved generic drug is available, and your physician has not specified "Dispense as Written" for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic in addition to applicable copayments.

Under the following circumstances, please contact our pharmacy benefit management company, MedImpact, toll-free at 1-800-788-2949:

- To obtain a 90-day supply of medications if you are called to active military duty.
- To obtain a 30-day supply of medications in times of national or other emergencies.

We have an open Drug Formulary. Drug Formulary (approved drug list) is defined as a list of preferred pharmaceutical products, supplies and devices developed and maintained by KPS. This means we classify MOST drugs into one of five “tier” categories:

- Tier 1 generally includes generic drugs, but may include some brand formulary or preferred brands. Usually represents the lowest copays.
- Tier 2 generally includes brand formulary and preferred brand drugs, but may include some generics and brands not included in Tier 1. Usually represents brand or middle-range copays.
- Tier 3 may include all other covered drugs not on Tiers 1 and 2 (i.e., non-formulary or non-preferred).
- Tier 4 includes preferred specialty drugs.
- Tier 5 includes non-preferred specialty drugs.

Because of their lower cost to you, we recommend that you ask your provider to prescribe Tier 1 or Tier 2 (preferred) drugs rather than Tier 3, Tier 4 and Tier 5 drugs. To order a Drug Formulary, call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. You may also access the Drug Formulary on our website at www.kpsfederal.com.

Preferred drugs are branded, single source or multi-source agents, or generic drugs that are determined to be preferred by us.

Non-preferred drugs are branded, single source or multi-source agents, or generic drugs that are determined to be non-preferred by us.

Note: The Drug Formulary is continually reviewed and revised. We reserve the right to update this list at any time. **For the most up-to-date information about our Drug Formulary, visit our website at www.kpsfederal.com.**

- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the name brand is the name under which the manufacturer advertises and sells a drug. Under Federal law, generic and name brand drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic prescription costs you – and us – less than a name brand prescription.
- **When you do have to file a claim.** When you use a Plan pharmacy, you will not be responsible for submitting a claim form to the Plan. In the event of an accidental injury or medical emergency, you may utilize the services of a non-Plan pharmacy. For reimbursement of non-urgent/emergent pharmacy claims, please submit an itemized claim form to:

  MedImpact
  10680 Treena Street, 5th floor
  San Diego, CA 92131

For reimbursement of urgent or emergent prescription drugs, please provide the following information:

- Member's name and ID#
- Drug name, quantity, prescription number
- Cost of drug and amount you paid
- NDC number
- Drug strength
- Pharmacy name
- Pharmacy address
- Pharmacy NABP number

Submit your request for reimbursement to:

KPS Claim Reimbursement
P.O. Box 34803
Seattle, WA 98124-1803

- **For additional information** on your pharmacy benefits, call Customer Service at 1-800-552-7114.
- **Specialty medications.** Certain medications must be ordered only through our specialty drug pharmacy program. Your physician must obtain preauthorization for these medications. For a list of specialty drugs, please go to Drug Lists on our website at www.kpsfederal.com or call Customer Service toll-free at 1-800-552-7114 or MedImpact at 1-800-788-2949 prior to receiving services.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) dental plan, your FEHB Plan will be first/primary payor of any benefit payments and your FEDVIP plan is secondary to your FEHB Plan. See Section 9, *Coordinating benefits with Medicare and other coverage*.
- **Under High Option,** the calendar year deductible of $25 per member ($50 maximum per family) is required for the services listed under “Basic dental care” and “Major dental care."
- After you have satisfied your annual deductible, **we pay 100% of the Fee Schedule Allowance for each procedure listed**. You are responsible for any amounts billed by your dentist that are greater than the KPS Fee Schedule Allowance.
- **For High Option, the annual maximum amount KPS will pay for all basic and major dental procedures combined is $1,000 per member (maximum does not apply to children through age 17 or preventive dental procedures). You are responsible for all charges once this maximum is met.**
- **Under Standard Option,** only those procedures that are part of a routine/preventive dental exam are covered.
- We cover hospitalization for dental procedures only when a non-dental, physical impairment exists, which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c), page 53, for inpatient hospital benefits.
- The dental procedures listed below are not all-inclusive and are subject to change. Please call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711 for additions/changes to the list of covered American Dental Association (ADA) codes.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

Dental benefits	Major Dental Care Limitations
Restorative	
Restoration of decayed teeth using crowns, inlays or onlays fabricated from gold, porcelain, plastic, gold substitute castings or combinations thereof	Crowns, inlays or onlays on the same tooth are covered once every five (5) calendar years
Prosthodontics	
Full -, immediate- and over-dentures	Root canal therapy performed in conjunction with over-dentures is limited to two (2) teeth per arch. The cost of personalized restorations or specialized techniques is reimbursed at the appropriate fee schedule allowance for full-, immediate- or over-dentures.
Partial dentures	Covered up to the KPS allowance for cast chrome and acrylic partial dentures only.
Denture adjustments and realignment	Adjustments and realignments are covered if done more than six (6) months following the initial placement. Subsequent alignments are covered once every calendar year.
Implants	Implants are not covered. However, the cost of the appliance that is constructed on the implant is reimbursed at the appropriate fee schedule allowance for full or partial dentures.
Adjustment or repair of an existing prosthetic device	Replacement of an existing prosthetic device is covered only if the device is unserviceable and cannot be made serviceable. Prosthetic devices are covered only if five (5) calendar years have elapsed since the prior provision of such a device.

Section 5(h). Special features

Feature	Description
Flexible benefits option	In certain cases, KPS, at its sole discretion, may choose to authorize coverage for benefits or services that are not otherwise included as covered under this Plan. Such authorization is done on a case-by-case basis if a particular benefit or service is judged to be medically necessary, beneficial, and cost effective. However, our decision to authorize services in one instance does not commit us to cover the same or similar services for you in other instances or to cover the same or similar services in any other instance for any other enrollee. Our decision to authorize services does not constitute a waiver of our right to enforce the provisions, limitations, and exclusions of this Plan. Under the flexible benefits option, we determine the most effective way to provide services. • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
Services for deaf and hearing impaired	KPS utilizes the following Washington state relay numbers: 1-800-833-6388 and 711
Travel benefit/services overseas	If you are on Temporary Duty Assignment or reside temporarily outside of Washington state you are covered for all of the benefits described in this brochure, except dental care. You must notify the Plan of the period of time you will be out of the service area. You pay the applicable cost-share per visit for services. For non-urgent/emergent services you should receive care from a Plan provider; in Idaho, Oregon and Alaska a Plan provider is a First Choice Health Network provider and in all other states a Plan provider is a MultiPlan provider. Medications obtained at a participating pharmacy in connection with non-urgent, non-emergent services will also be covered. Outside the service area we will cover non-urgent/emergent services up to the following periods of time: - Temporary Duty Assignment 6 months - Student School term - Temporary Resident (outside Washington) 6 months

	To notify KPS that you'll be out of the state of Washington for a period of time, please complete the Out of Area Notification form found at: www.kpsfederal.com or call Customer Service at 1-800-552-7114 If you need assistance while outside the United States, please call KPS collect at 360-415-4385. If you have questions while in the United States, please contact KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington State's relay line by dialing either 1-800-833-6388 or 711. **Filing Overseas Claims for Urgent or Emergent Care** Most overseas providers are under no obligation to file claims on behalf of our members. **You may need to pay for the services at the time you receive them and then submit a claim to us for reimbursement**. To file a claim for covered urgent or emergent care received outside the United States, send a completed Overseas Claim Form and itemized bills to: KPS Health Plans P.O. Box 339 Bremerton, WA 98337-0039 We will do the translation and currency conversion for you. You may obtain the Overseas Claim Form by calling KPS toll-free at 1-800-552-7114 or from our website at www.kpshealthplans.com, Members/Forms and Information.

Section 5(i). Point of Service (POS) benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- **Under High Option - We have no calendar year deductible.**
- **Under Standard Option** - The calendar year deductible is $350 per person ($700 per family).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

Facts about this Plan's POS option
You may choose to obtain benefits covered by this Plan from non-Plan doctors and hospitals whenever you need care. All copayments, coinsurance, and deductibles apply.

What is covered
All services/treatments listed in this brochure as covered.

What is not covered
All services/treatments listed in this brochure as not covered, including the following:

- Orthopedic and prosthetic devices/supplies and durable medical equipment (DME) purchased through the Internet.
- Expenses in excess of the Plan's allowable amount or benefit maximum (e.g., dental fee schedule amounts).
- The difference between the billed amount and the amount allowed by KPS.

Emergency benefits
Emergency care is always payable at the Plan provider level of benefit. Please see Section 5(d), *Emergency services/accidents*, page 57, for benefit details.

What you pay
When you **choose** to obtain services from a **non-Plan** provider or hospital, KPS will:

- Determine what our allowable amount would have been for a Plan provider*.
- Apply your appropriate cost-sharing (i.e., deductible and/or copayment) to the allowed amount.
- Pay the non-Plan provider 60% of the allowed amount balance.
- The non-Plan provider may balance bill you for the difference between what KPS pays and the original charges.

***Note: If the KPS allowed amount is more than what the non-Plan provider or hospital bills, we will base our payment on their billed amount.**

Summary of benefits for the HDHP of KPS Health Plans - 2015....151

Section 5. High Deductible Health Plan Benefits Overview

This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read *Important things you should keep in mind* at the beginning of each subsection. Also read the general exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711; or visit our website at www.kpsfederal.com.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

Based on your eligibility, when you enroll in this HDHP, you can have either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) account. We automatically pass through a portion of your total health Plan premium to your HSA each month or credit an equal amount to your HRA. Your full annual HRA credit will be available on your effective date of enrollment.

The first year you enroll in this HDHP, funds will be prorated based on your enrollment effective date. If your enrollment is effective other than the first day of a month, your HSA funds (or HRA credit) will be prorated based on the first of the following month. **Before funding for either an HSA or HRA can occur, KPS must receive an HSA Eligibility Worksheet from you** (the worksheet is sent to you with your new member materials or is available on our website at www.kpsfederal.com). If you are eligible for an HSA, in addition to the worksheet, you must complete the HSA enrollment process with Wells Fargo.

With this Plan, preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described on pages 94 - 124. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care; traditional medical coverage health care that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account management tools.

- **Preventive care**

  The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), well-child care, child and adult immunizations, and preventive dental care. These services, except for preventive dental, are covered at 100% if you use a network provider and the services are described in Section 5, page 90, *Preventive care*. ***You do not have to meet the deductible before using these services.***

  The Plan covers the *Quit For Life®* tobacco cessation program, obesity weight loss programs, and nutritional guidance under *Educational classes and programs*. Please see Section 5(a), page 103, for benefit details.

- **Traditional medical coverage**

  After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in *Section 5, Traditional medical coverage subject to the deductible*. The Plan typically pays 80% for in-network and 60% for out-of-network care.

  Covered services include:

  - Medical services and supplies provided by physicians and other health care professionals
  - Surgical and anesthesia services provided by physicians and other health care professionals
  - Hospital and other facility services
  - Ambulance services
  - Emergency services/accidents

- Mental health and substance abuse benefits
- Prescription drug benefits
- Accidental dental injury benefits

- **Out-of-network services**

You may choose to obtain benefits covered by this Plan either in-network from Plan providers or out-of-network from non-Plan providers whenever you need care.

When you use non-Plan providers, your benefits are significantly less than if you use Plan providers. KPS will pay 60% of our allowed amount or the non-Plan provider's billed amount, whichever is less. In addition, it is your responsibility to pay the difference between any amounts billed by the non-Plan provider and the amount allowed by KPS. This is called “balance billing."

What is covered
All services/treatments listed in this brochure as covered under the HDHP, except preventive care, including preventive dental care.

What is not covered
All services/treatments listed in this brochure as not covered including the following:

- Expenses in excess of the Plan’s allowable amount or benefit maximum (e.g., preventive dental care fee schedule amounts).
- The difference between the billed amount and the amount allowed by KPS.

Emergency benefits
Emergency care is always payable at the in-network benefit level. Please see Section 5(d), *Emergency services/accidents,* page 116, for benefit details.

- **Savings**

Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see page 86 for more details).

Health Savings Accounts (HSAs)

By law, HSAs are available to members who:

- Are not enrolled in Medicare;
- Cannot be claimed as a dependent on someone else’s tax return;
- Have not received VA and/or Indian Health Services (IHS) benefits within the last three months; or
- Do not have other health insurance coverage other than another high deductible health plan.

In 2015, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA $62.50 per month for a Self Only enrollment or $125 per month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is $3,350 for an individual and $6,650 for a family. See maximum contribution information on page 85. You can use funds in your HSA to help pay your health Plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

NOTE: When you enroll in this HDHP, KPS will send you an HSA Eligibility Worksheet and instructions on how to enroll in an HSA with Wells Fargo. The worksheet is sent to you with your new member materials or is available on our website at www.kpsfederal.com. The first year you enroll in this HDHP, funds will be prorated based on your enrollment effective date. If your enrollment is effective other than the first day of a month, your HSA funds will be prorated based on the first of the following month. Before funding for an HSA can occur, KPS must receive the HSA Eligibility Worksheet. In addition to the worksheet, you must complete the HSA enrollment process with Wells Fargo.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- Your HSA is administered by Wells Fargo Bank.
- Your contributions to the HSA are tax deductible.
- You may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.).
- Your HSA earns tax-free interest.
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses).
- Your unused HSA funds and interest accumulate from year to year.
- It's portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire.
- When you need them, your funds are available up to the actual HSA balance.

Important consideration if you want to participate in a Health Care Flexible Spending Account (HCFSA): If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a HCFSA (such as FSAFEDS offers – see *Section 11, Other Federal Programs*), this HDHP cannot continue to contribute to your HSA. Similarly, you cannot contribute to an HSA if your spouse enrolls in an HCFSA. Instead, when you inform us of your coverage in an HCFSA, we will establish a Health Reimbursement Arrangement (HRA) account for you.

Health Reimbursement Arrangements (HRA)

If you aren't eligible for an HSA, for example you are enrolled in Medicare or are covered on another health plan, we will establish an HRA for you instead. You must notify us that you are ineligible for an HSA by returning the HSA Eligibility Worksheet from your new member materials; the worksheet also is available on our website at www.kpsfederal.com.

In 2015, we will give you an HRA credit of $750 per year for a Self Only enrollment and $1,500 per year for a Self and Family enrollment (these amounts may be prorated the first year you are enrolled in this HDHP). You can use funds in your HRA to help pay your Plan deductible and/or for certain expenses that do not count toward the deductible.

HRA features include:

- Your HRA is administered by HealthSmart Benefit Solutions.
- Your entire HRA credit is funded from your HDHP enrollment effective date to the end of the Plan year.

  NOTE: If your enrollment in this HDHP becomes effective other than the first day of a month, your HRA credit will be prorated based on the first of the following month.

- The tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP.
- Unused credits carryover from year to year.

- The HRA credit does not earn interest.
- The HRA credit is forfeited if you leave Federal employment or switch health insurance plans.
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements.

- **Catastrophic protection for out-of-pocket expenses**

  Your annual maximum for out-of-pocket expenses (deductibles, coinsurance, and copayments) for covered services is limited to $4,000 per person or $8,000 per family enrollment (each applies separately for services received from Plan providers and non-Plan providers). However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowable amount or benefit maximum). Refer to Section 4, *Your catastrophic protection out-of-pocket maximum*, page 24, for more details.

- **Health education resources and account management tools**

  HDHP Section 5(i), page 127, describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

Section 5. Savings – HSAs and HRAs

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA) Provided when you are ineligible for an HSA
Administrator	The Plan will establish an HSA for you with Wells Fargo Bank, this HDHP's fiduciary (an administrator, trustee or custodian as defined by Federal tax code and approved by IRS.)	HealthSmart Benefit Solutions is the HRA fiduciary for this Plan.
Fees	Set-up fee and $3.75 per month administrative fee charged by the fiduciary is paid by the Plan.	Set-up fee is paid by the Plan.
Eligibility	You must: • Enroll in this HDHP • Have no other health insurance coverage (does not apply to specific injury, accident, disability, dental, vision, or long-term care coverage) • Not be enrolled in Medicare • Not be claimed as a dependent on someone else's tax return • Not have received VA and/or Indian Health Services (IHS) benefits in the last three months • Complete and return the HSA Eligibility Worksheet to the Plan	You must: • Enroll in this HDHP • Complete and return the HSA Eligibility Worksheet to the Plan
Funding	If you are eligible for HSA contributions, a portion of your monthly health Plan premium is deposited to your HSA each month. Premium pass through contributions are based on the effective date of your enrollment in the HDHP. In addition, you may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.). **NOTE: If your enrollment effective date in this HDHP is other than the first day of a month, you will be eligible to receive the premium pass through contribution beginning the first of the following month.**	The entire amount of your HRA will be available to you upon your enrollment and prorated based on how long you are enrolled. **NOTE: If your enrollment effective date in this HDHP is other than the first day of a month, funding for your HRA will be prorated based on the first of the following month.**

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA)
• **Self Only enrollment**	For 2015, a monthly premium pass through of $62.50 will be made by the HDHP directly into your HSA each month.	For 2015, your HRA annual credit is $750 (based on your HDHP enrollment effective date).
• **Self and Family enrollment**	For 2015, a monthly premium pass through of $125 will be made by the HDHP directly into your HSA each month.	For 2015, your HRA annual credit is $1,500 (based on your HDHP enrollment effective date).
Contributions/credits	The maximum that can be contributed to your HSA is an annual combination of the HDHP premium pass through and enrollee contribution funds, which when combined, do not exceed the maximum contribution amount set by the IRS of $3,350 for an individual and $6,650 for a family. If you enroll during Open Season, you are eligible to fund your account up to the maximum contribution limit set by the IRS. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum allowable contribution. You are eligible to contribute up to the IRS limit for partial year coverage as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. To determine the amount you may contribute, take the IRS limit and subtract the amount the Plan will contribute to your account for the year. If you do not meet the 12 month requirement, the maximum contribution amount is reduced by 1/12 for any month you were ineligible to contribute to an HSA. If you exceed the maximum contribution amount, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability. You may rollover funds you have in other HSAs to this HDHP HSA (rollover funds do not affect your annual maximum contribution under this HDHP).	The full HRA credit will be available, subject to proration, on the effective date of enrollment. The HRA does not earn interest. **NOTE: If your enrollment effective date in this HDHP is other than the first day of a month, funding for your HRA will be prorated based on the first of the following month.**

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA)
• **Contributions/ credits (cont.)**	HSAs earn tax-free interest (interest does not affect your annual maximum contribution). Catch-up contributions are discussed on page 88.	
• **Self Only enrollment**	You may make an annual maximum contribution of $2,550 if your enrollment effective date is January 1.	You cannot contribute to the HRA.
• **Self and Family enrollment**	You may make an annual maximum contribution of $5,050 if your enrollment effective date is January 1.	You cannot contribute to the HRA.
Access funds	You can access your HSA by the following methods: • Health Savings Account debit Visa® card • Withdrawal form	You can access your HRA by the following methods: • Benefits Debit MasterCard® • Withdrawal form
Distributions/ withdrawals • **Medical**	You can pay the out-of-pocket expenses for yourself, your spouse, or your dependents (even if they are not covered by the HDHP) from the funds available in your HSA. See IRS Publication 502 for a list of eligible medical expenses.	You can pay the out-of-pocket expenses for qualified medical expenses for individuals covered under the HDHP. Non-reimbursed qualified medical expenses are allowable if they occur after the effective date of your enrollment in this Plan. See *Availability of funds*, page 87, for information on when funds are available in the HRA. See IRS Publication 502 for a list of eligible medical expenses. Physician prescribed over-the-counter drugs and Medicare premiums are also reimbursable. Most other types of medical insurance premiums are not reimbursable.
• **Non-medical**	If you are under age 65, withdrawal of funds for non-medical expenses will create a 20% income tax penalty in addition to any other income taxes you may owe on the withdrawn funds. When you turn age 65, distributions can be used for any reason without being subject to the 20% penalty; however, they will be subject to ordinary income tax.	Not applicable – distributions will not be made for anything other than non-reimbursed qualified medical expenses.

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA)
Availability of funds	Funds are not available for withdrawal until all the following steps are completed: • Your enrollment in this HDHP is effective (effective date is determined by your agency in accord with the event permitting the enrollment change). • The Plan receives record of your enrollment. • The Plan sends you an HSA Eligibility Worksheet and instructions on how to enroll in an HSA with Wells Fargo. • You return the HSA Eligibility Worksheet to the Plan, confirming you meet the HSA eligibility requirements. • You enroll in an HSA with Wells Fargo. • The Plan confirms your HSA enrollment with Wells Fargo. • The Plan initiates premium pass through contributions to your HSA. **NOTE: If your enrollment effective date in this HDHP is other than the first day of a month, you will be eligible to receive funding for your HSA the first of the following month.**	Funds are not available for withdrawal until all the following steps are completed: • Your enrollment in this HDHP is effective (effective date is determined by your agency in accord with the event permitting the enrollment change). • The Plan receives record of your enrollment. • The Plan sends you an HSA Eligibility Worksheet for you to complete. • You return the completed worksheet to the Plan, showing you are *not* eligible for an HSA. • The Plan forwards your enrollment information to HealthSmart Benefit Solutions and establishes your HRA account. The entire amount of your HRA will be available to you the first of the month following the Plan's receipt of the HSA Eligibility Worksheet. **NOTE: If your enrollment effective date in this HDHP is other than the first day of a month, funding for your HRA will be prorated based on the first of the following month.**

Portable	You can take this account with you when you change plans, separate, or retire. If you do not enroll in another HDHP, you can no longer contribute to your HSA. See page 81 for HSA eligibility.	If you retire and remain in this HDHP, you may continue to use and accumulate credits in your HRA. If you terminate employment or change health plans, only eligible expenses incurred while covered under the HDHP will be eligible for reimbursement, subject to timely filing requirements. Unused funds are forfeited.

If you have an HSA

- **Contributions**

  All contributions are aggregated and cannot exceed the maximum contribution amount set by the IRS. You may contribute your own money to your account through payroll deductions, or you may make lump sum contributions at any time, in any amount not to exceed an annual maximum limit. If you contribute, you can claim the total amount you contributed for the year as a tax deduction when you file your income taxes. Your own HSA contributions are tax deductible. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum contribution amount set by the IRS. You have until April 15 of the following year to make HSA contributions for the current year.

  If you newly enroll in an HDHP during Open Season and your effective date is after January 1st, or you otherwise have partial year coverage, you are eligible to fund your account up to the maximum contribution limit set by the IRS as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. If you do not meet this requirement, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.

  Contact Wells Fargo Bank toll-free at 1-866-884-7374 for more details.

- **Catch-up contributions**

  If you are age 55 or older, the IRS permits you to make additional "catch-up" contributions to your HSA. The allowable catch-up contribution is $1,000. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury website at www.ustreas.gov/offices/public-affairs/hsa.

- **If you die**

  If you have not named beneficiary and you are married, your HSA becomes your spouse's; otherwise, your HSA becomes part of your taxable estate.

- **Qualified expenses**

  You can pay for "qualified medical expenses," as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, **physician prescribed** over-the-counter drugs, LASIK surgery, and some nursing services.

  When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you are enrolled in Medicare.

  For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS website at www.irs.gov and click on "Forms and Publications." Note: Although **physician prescribed** over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

- **Non-qualified expenses**

  You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.

- **Tracking your HSA balance**

  You will receive a periodic statement that shows the "premium pass through," withdrawals, and interest earned on your account. In addition, you will receive an Explanation of Payment statement when you withdraw money from your HSA.

- **Minimum reimbursements from your HSA**

  You can request reimbursement in any amount.

If you have an HRA

- **Why an HRA is established**

  If you don't qualify for an HSA when you enroll in this HDHP, or later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.

- **How an HRA differs**

  Please review the chart on page 84, which details the differences between an HRA and an HSA. The major differences are:

  - you cannot make contributions to an HRA,
  - funds are forfeited if you leave the HDHP,
  - an HRA does not earn interest,
  - HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses for individuals covered by the HDHP. FEHB law does not permit qualified medical expenses to include services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.

Section 5. Traditional medical coverage subject to the deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network preventive care is covered at 100% (see page 90) and is not subject to the calendar year deductible.
- The deductible is $1,500 per person or $3,000 per family enrollment (each applies separately for services received from Plan providers and non-Plan providers). The family deductible can be satisfied by one or more family members. The deductible applies to all benefits under Traditional medical coverage. You must pay your deductible before your Traditional medical coverage may begin.
- Under Traditional medical coverage, you are responsible for your coinsurance and copayments for covered expenses.
- You are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments, and deductibles total $4,000 per person or $8,000 per family enrollment (each applies separately for services received from Plan providers and non-Plan providers) in any calendar year, you do not have to pay any more for covered services. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's benefit maximum or amounts in excess of the Plan allowance).
- In-network benefits apply only when you use a network provider. When a network provider is not available, out-of-network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

Benefit Description	You pay After the calendar year deductible…
Deductible before Traditional medical coverage begins	
The deductible applies to almost all benefits in this Section. In the **You pay** column, we say "No deductible" when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.	100% of allowable charges until you meet the deductible of $1,500 per person or $3,000 per family enrollment.
After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.	**In-network:** After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. You may choose to pay the coinsurance and copayments from your HSA or HRA, or you can pay for them out-of-pocket. **Out-of-network:** After you meet the deductible, you pay the indicated coinsurance based on our Plan allowance and any difference between our allowance and the billed amount.

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is $1,500 for Self Only enrollment and $3,000 for Self and Family enrollment (each applies separately for services received from Plan providers and non-Plan providers) each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to most benefits in this Section, unless we indicate differently.
- After you have satisfied your deductible, coverage begins for traditional medical services.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

For the diagnoses listed below, the medical necessity limitation is considered satisfied if the patient meets the staging description. Physicians consider many features to determine how diseases will respond to different types of treatment. Some of the features measured are the presence or absence of normal and abnormal chromosomes, the extension of the disease throughout the body, and how fast the tumor cells grow. By analyzing these and other characteristics, physicians can determine which diseases may respond to treatment without transplant and which diseases may respond to transplant. • Allogeneic transplants for - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Advanced Hodgkin's lymphoma with recurrence (relapsed) - Advanced non-Hodgkin's lymphoma with recurrence (relapsed) - Acute myeloid leukemia - Advanced Myeloproliferative Disorders (MPDs) - Advanced neuroblastoma - Amyloidosis - Chronic lymphocytic leukemia/small lymphocytic lymphoma (CLL/SLL) - Hemoglobinopathy - Infantile malignant osteopetrosis - Kostmann’s syndrome - Leukocyte adhesion deficiencies - Marrow failure and related disorders (i.e., Fanconi’s, PNH, Pure Red Cell Aplasia) - Mucolipidosis (e.g., Gaucher’s disease, metachromatic leukodystrophy, adrenoleukodystrophy) - Mucopolysaccharidosis (e.g., Hunter’s syndrome, Hurler’s syndrome, Sanfillippo’s syndrome, Maroteaux-Lamy syndrome variants)	In-network: 20% of Plan allowance Out-of-network: 40% of Plan allowance

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area: If you are in an emergency situation, please call your doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room.

If you need to be hospitalized, you or a family member must notify us unless it is not reasonably possible to do so. If you are hospitalized in a non-Plan facility, KPS will work with your doctor to determine when and if it is medically feasible to transfer you to a Plan hospital. You will be transferred when medically feasible with any ambulance charges covered in full.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, you or a family member must notify us unless it is not reasonably possible to do so. If you are hospitalized in a non-Plan facility, KPS will work with your doctor to determine when and if it is medically feasible to transfer you to a Plan hospital. You will be transferred when medically feasible with any ambulance charges covered in full.

Follow-up care received from non-Plan providers and/or at a non-Plan facility when the care could be received from a Plan provider and/or at a Plan facility, will be covered at the out-of-network benefit level.

Section 5(e). Mental health and substance abuse benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is $1,500 for Self Only enrollment and $3,000 for Self and Family enrollment (each applies separately for services received from Plan providers and non-Plan providers). The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.
- **YOU MUST GET PREAUTHORIZATION FOR INPATIENT SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan:
- All inpatient stays must be preauthorized by the Plan. You or your mental health or substance abuse provider must obtain preauthorization by calling 1-800-223-6114 before services are provided. If preauthorization is not obtained, a retro-review may be done to determine if the services are covered and if they were medically necessary. Services that are not preauthorized will be reduced by 20%. Please see Section 3, "What happens when you don't follow the preauthorization rules."

We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required

Note: Preauthorization is not required for treatment rendered by a state hospital when the member has been involuntarily committed.

- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness.
- OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart on page 122.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- The deductible is $1,500 for Self Only enrollment and $3,000 for Self and Family enrollment (each applies separately for services received from Plan providers and non-Plan providers) each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible prescriptions.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A physician, podiatrist, advanced registered nurse practitioner (ARNP), physician assistant (PA), midwife, or dentist who is licensed and provided with prescription authority from the jurisdiction of their practice must prescribe your medication.

Note: Some drugs require prior authorization and may be limited to a specific quantity or day supply (see Section 3. **Other services**, regarding prior approval.

- **Where you can obtain them.** You must fill the prescription at a Plan retail pharmacy or through a Plan mail order program, except for emergencies. If you have any questions regarding your pharmacy benefit, please call KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711; or our pharmacy benefit management company, MedImpact, toll-free at 1-800-788-2949.
- **Mail Order Program.** Covered prescription drugs are available through the mail order program. Prescriptions ordered through this program are subject to the same copayments, guidelines, and limitations set forth above.

  For questions regarding the mail order program, contact KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114.

  Order forms are available online at www.kpsfederal.com by clicking on Pharmacy/Mail Order Vendor, or through KPS Customer Service by calling 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711.

- **These are the dispensing limitations.** Prescription drugs will be dispensed for up to a 30-day supply per fill, except for certain Tier 1, Tier 2, and Tier 3 drugs, which may be dispensed on a 90-day supply basis with two (2) copayments. If a drug is a Tier 4 or Tier 5 drug, you will pay the applicable coinsurance. Refills for any prescription drug cannot be obtained until at least 50% of the drug has been used. Drugs designated as specialty may be covered for up to a 30-day supply per fill.
- **A generic equivalent will be dispensed if it is available**, unless your physician specifically requires a name brand. If you receive a name brand drug when a federally approved generic drug is available, and your physician has not specified "Dispense as Written" for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic in addition to applicable copayments.

Under the following circumstances, please contact our pharmacy benefit management company, MedImpact, toll-free at 1-800-788-2949:

- To obtain a 90-day supply of medications if you are called to active military duty.
- To obtain a 30-day supply of medications in times of national or other emergencies.

We have an open Drug Formulary. Drug Formulary (approved drug list) is defined as a list of preferred pharmaceutical products, supplies and devices developed and maintained by KPS. This means we classify MOST drugs into one of five "tier" categories:

- Tier 1 generally includes generic drugs, but may include some brand formulary or preferred brands. Usually represents the lowest copays.
- Tier 2 generally includes brand formulary and preferred brand drugs, but may include some generics and brands not included in Tier 1. Usually represents brand or middle-range copays.
- Tier 3 may include all other covered drugs not on tiers 1 and 2 (i.e., non-formulary or non-preferred).
- Tier 4 includes preferred specialty drugs.
- Tier 5 includes non-preferred specialty drugs.

Because of their lower cost to you, we recommend that you ask your provider to prescribe Tier 1 or Tier 2 (preferred) drugs rather than Tier 3 (non-preferred) drugs. To order a Drug Formulary, call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. You may also access the Drug Formulary on our website at www.kpsfederal.com.

Preferred drugs are branded, single source or multi-source agents, or generic drugs that are determined to be preferred by us.

Non-preferred drugs are branded, single source or multi-source agents, or generic drugs that are determined to be non-preferred by us.

Note: The Drug Formulary is continually reviewed and revised. We reserve the right to update this list at any time. **For the most up-to-date information about our Drug Formulary, visit our website at www.kpsfederal.com.**

- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the name brand is the name under which the manufacturer advertises and sells a drug. Under Federal law, generic and name brand drugs must meet the same standards for safety, purity, strength, and effectiveness. A generic prescription costs you – and us – less than a name brand prescription.
- **When you do have to file a claim.** When you use a Plan pharmacy, you will not be responsible for submitting a claim form to the Plan. In the event of an accidental injury or medical emergency, you may utilize the services of a non-Plan pharmacy. For reimbursement of non-urgent/emergent pharmacy claims, please submit an itemized claim form to:

  MedImpact
  10680 Treena Street, 5th floor
  San Diego, CA 92131

For reimbursement of urgent or emergent prescription drugs, please provide the following information:

- Member's name and ID#
- Drug name, quantity, prescription number
- Cost of drug and amount you paid
- NDC number
- Drug strength
- Pharmacy name
- Pharmacy address
- Pharmacy NABP number

Submit your request for reimbursement to:

KPS Claim Reimbursement
P.O. Box 34803
Seattle, WA 98124-1803

- **For additional information** on your pharmacy benefits, call Customer Service at 1-800-552-7114.
- **Specialty medications.** Certain medications must be ordered only through our specialty drug pharmacy program. Your physician must obtain preauthorization for these medications. For a list of specialty drugs, please go to Drug Lists on our website at www.kpsfederal.com or call Customer Service toll-free at 1-800-552-7114 or MedImpact at 1-800-788-2949 prior to receiving services.

• *Compounded drugs for hormone replacement therapy* • *Drugs that are not medically necessary according to accepted medical, dental or psychiatric practice as determined by the Plan* • *Lost or stolen medications* • *Non-self administered medications (e.g., intramuscular, intravenous, intrathecal)* • *Weight loss medications* *Note: Over-the-counter and prescription drugs authorized by the Quit For Life® program and approved by the FDA to treat tobacco dependence are covered under the Tobacco Cessation benefit (see Educational classes and programs, page 103).*	*All Charges*

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) dental plan, your FEHB Plan will be the first/primary payor of any benefit payments and your FEDVIP plan is secondary to your FEHB Plan. See Section 9, *Coordinating benefits with Medicare and other coverage*.
- The deductible is $1,500 for Self Only enrollment and $3,000 for Self and Family enrollment (each applies separately for services received from Plan providers and non-Plan providers) each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this Section.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c), page 113, for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services,* for valuable information about how cost-sharing works. Also, read Section 9, *Coordinating benefits with Medicare and other coverage*.

Accidental injury benefit	You Pay
We cover restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth. Sound natural teeth are those that do not have any restoration. (See Section 10, *Definitions of terms we use in this brochure*.) The need for these services must result from an accidental injury (not biting or chewing). All services must be performed and completed within 12 months of the date of injury. Note: This benefit is not part of the *Dental preventive care* benefit.	In-network: 20% of Plan allowance Out-of-network: 40% of Plan allowance

Dental benefits	
See *Dental preventive care*, page 91. We have no other dental benefits.	

Section 5(h). Special features

Feature	Description
Flexible benefits option	In certain cases, KPS, at its sole discretion, may choose to authorize coverage for benefits or services that are not otherwise included as covered under this Plan. Such authorization is done on a case-by-case basis if a particular benefit or service is judged to be medically necessary, beneficial and cost effective. However, our decision to authorize services in one instance does not commit us to cover the same or similar services for you in other instances, or to cover the same or similar services in any other instance for any other enrollee. Our decision to authorize services does not constitute a waiver of our right to enforce the provisions, limitations and exclusions of this Plan. Under the flexible benefits option, we determine the most effective way to provide services. • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
Services for deaf and hearing impaired	KPS utilizes the following Washington state relay numbers: 1-800-833-6388 and 711
Travel benefit/services overseas	If you are on Temporary Duty Assignment or reside temporarily outside of Washington state you are covered for all of the benefits described in this brochure, except dental care. You must notify the Plan of the period of time you will be out of the service area. You pay the applicable cost-share per visit for services. For non-urgent/emergent services you should receive care from a Plan provider; in Idaho, Oregon and Alaska a Plan provider is a First Choice Health Network provider and in all other states a Plan provider is a MultiPlan provider. Medications obtained at a participating pharmacy in connection with non-urgent, non-emergent services will also be covered. Outside the service area we will cover non-urgent/emergent services up to the following periods of time: • Temporary Duty Assignment 6 months • Student School term • Temporary Resident (outside Washington) 6 months

	To notify KPS that you'll be out of the state of Washington for a period of time, please complete the Out of Area Notification Form found at: www.kpsfederal.com or call Customer Service at 1-800-552-7114 If you need assistance while outside the United States, please call KPS collect at 360-415-4385. If you have questions while in the United States, please contact KPS Customer Service at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington State's relay line by dialing either 1-800-833-6388 or 711. **Filing Overseas Claims for Urgent or Emergent Care** Most overseas providers are under no obligation to file claims on behalf of our members. **You may need to pay for the services at the time you receive them and then submit a claim to us for reimbursement**. To file a claim for urgent or emergent care received outside the United States, send a completed Overseas Claim Form and itemized bills to: KPS Health Plans P.O. Box 339 Bremerton, WA 98337-0039 We will do the translation and currency conversion for you. You may obtain the Overseas Claim Form by calling KPS toll-free at 1-800-552-7114 or from our website at www.kpshealthplans.com, Members/Forms and Information.

Section 5(i). Health education resources and account management tools

Special features	Description
Health education resources	Through **MyKPS** on our website at www.kpsfederal.com you will find information on: • General health topics • Links to health care news • Cancer and other specific diseases • Drugs/medication interactions • Kids' health • Patient safety information • Helpful website links
Account management tools	For each HSA account holder, complete payment history and balance information can be found online through www.wellsfargo.com/hsa. For each HRA account holder, complete payment history and balance information can be found online through www.healthsmart.com. This information is also available by calling the Wells Fargo HSA customer service line toll-free at 1-866-884-7374 or the HealthSmart Benefit Solutions customer service line at 1-800-503-9098. You will receive a quarterly statement outlining your account balance and activity for the previous quarter. You will also receive an explanation of benefits (EOB) after every manual (non-debit card) transaction where a check is issued or funds are direct deposited. If you have an HSA, you may also change your investment options online at www.wellsfargo.com/hsa.
Consumer choice information	As a member of this HDHP, you may choose any provider. However, you will pay less out-of-pocket when using a network provider. Directories are available online at www.kpsfederal.com by clicking on Members/Find a Provider. See pages 12 and 16 for further information. Pricing information for prescription drugs and a link to our online pharmacy are available at www.kpsfederal.com by clicking on Pharmacy. Educational materials regarding HSAs are available at www.wellsfargo.com/hsa.
Care support	Patient safety information is available online through **MyKPS** on our website at www.kpsfederal.com.

Section 6. General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.** For information on obtaining prior approval for specific services, such as transplants, see Section 3 *You need prior Plan approval for certain services*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary as determined by the Plan.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices as determined by the Plan (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies related to sex transformations.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Research costs for clinical trials (see Section 9, page 136, and Section 10, page 141).
- Applied Behavior Analysis (ABA)

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs, equipment, or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs, equipment, or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible (if applicable).

You will only need to file a claim when you receive emergency services from non-Plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing 1-800-833-6388 or 711, or at our website at www.kpsfederal.com.

When you must file a claim – such as for services you receive outside the Plan's service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name, date of birth, address, phone number and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

KPS Health Plans
Attn: Customer Service
PO Box 339
Bremerton, WA 98337

Prescription drugs

When you must file a claim – such as for prescriptions you receive from an out-of-state non-Plan pharmacy due to an emergency – submit it on a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Member's name and ID number
- Drug name, quantity, prescription number
- Cost of drug and amount you paid
- NDC number
- Drug strength
- Pharmacy name
- Pharmacy address
- Pharmacy NABP number

Submit your claims to:

KPS Claim Reimbursement
P.O. Box 34803
Seattle, WA 98124-1803

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The disputed claims process

You may be able to appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit www.kpsfederal.com.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs, equipment or supplies have already been provided). In Section 3, *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs, equipment or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing to KPS Health Plans, P.O. Box 34593, Seattle, WA 98124-1593 or calling 1-800-552-7114.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/ investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration decision will not afford deference to the initial decision and will be conducted by a plan representative who is neither the individual who made the initial decision that is the subject of the reconsideration, nor the subordinate of that individual.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Disagreements between you and the HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

Step	Description
1	Ask us in writing to reconsider our initial decision. You must: a) Write to us within 6 months from the date of our decision; and b) Send your request to us at: KPS Appeals Department PO Box 34593 Seattle, WA 98124-1593 or fax your request to: 206-901-7340; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Include your email address (optional), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

2 In the case of a post-service claim, we have 30 days from the date we receive your request to:

a) Pay the claim; or

b) Write to you and maintain our denial; or

c) Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3 If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 2, 1900 E Street NW, Washington, DC 20415-3620.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4 OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied preauthorization or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 1-877-828-4514. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 2 at (202) 606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about Plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this Plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called "double coverage."

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit the NAIC website at http://www.NAIC.org.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance. When we are the secondary payor, we will coordinate benefits with the primary payor allowing up to our Plan's benefit visit maximum.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers' Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Coverage under this Plan is excluded for expenses incurred or services rendered if your illness or injury is caused (or alleged by you to be caused) by another party, to the extent that benefits are available under the terms of any other insurance coverage or source of payment, including but not limited to: personal injury ("PIP"), no-fault medical, uninsured or underinsured motorist, workers' compensation insurance or benefits and third party liability insurance, or similar contract of insurance.

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. This is called subrogation.

In order for our agreement to advance medical expenses involving a claim against a third party or its insurers, you agree to make a claim against the responsible party and its insurers for any and all amounts advanced by us. By providing benefits under this provision, we are fulfilling our obligations under this Plan. However, by so doing, we do not waive any rights to reimbursement or subrogation. If you are injured by a third party, benefits of this Plan will be advanced to you before compensation is recovered from the third party or its insurers, only under the following conditions:

- You and your representative(s) must fully cooperate with us in recovering payment of medical bills paid, and to be paid by us, from the parties who allegedly caused the injury or illness, including but not limited to their liability insurance carriers, any applicable PIP, uninsured or underinsured motorist policy, homeowners policy, workers compensation or any other reachable assets of the responsible party or parties;
- You notify us, in writing, of the details of the injury or illness, the names and addresses of the parties believed to be responsible and the names and addresses of the responsible party's insurers, if known;
- Any claim or lawsuit filed by you against the third party or the third party's insurer(s) must include a demand for repayment of benefits paid, or to be paid, by us on your behalf; or
- You must agree to assign to us your right to recover compensation for medical costs paid (subrogation), or to be paid, by us as a result of injuries caused by the third party responsible for the injury;
- You must agree to reimburse us for the cost of medical care provided by us as a result of the injury, from the settlement, judgment, insurance proceeds or other recovery obtained by you from any third party or its insurers.

You or your representative(s) must obtain a written agreement from us prior to settling any claim if you want us to share, on an equitable basis, any reasonable attorney fees incurred by you in pursuit of any subrogation or reimbursement claim. In the absence of a prior written agreement, we, at our sole discretion, will determine whether or not to reduce our reimbursement amount in order to share, on an equitable basis, any reasonable attorney fees incurred by you. However, such a reduction will only be considered if we have benefited from the services of your attorney. In no event will our reimbursement be reduced by more than 20% to offset attorney fees incurred by you, and we will not pay for other costs incurred by you.

You and your representative(s) must deal in good faith with us by adhering to all of the conditions set forth in this Section. In turn, we agree to cooperate with you and your representative(s) in your effort to recover reimbursement, and will advance payments on your behalf for injuries or medical conditions caused, or alleged by you to be caused, by any third party. You and your representative(s) must cooperate fully with us in protecting, preserving, and recovering the amounts we have paid or will pay on your behalf under this Plan. Failure to cooperate may result in the denial of coverage for injuries or conditions caused, or asserted by you to be caused by any third party, to the extent that coverage or payment for such injuries or illnesses is, or would have been, available under the terms of any other insurance coverage or source of payment.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health Plan will provide related care as follows, if it is not provided by the clinical trial:

- **Routine care costs** – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.
- **Extra care costs** – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial but not as part of the patient's routine care. This Plan covers some of these costs, providing the Plan determines the services are medically necessary. For more specific information, we encourage you to contact the Plan to discuss specific services if you participate in a clinical trial.
- **Research costs** – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials, this Plan **does not** cover these costs.

When you have Medicare

- **What is Medicare?**

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY 1-800-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We do not offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on page 138.

- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 (TTY 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses, as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711, or see our website at www.kpsfederal.com.

We waive some costs if the Original Medicare Plan is your primary payor.

If you have both Part A and Part B of Medicare, and Original Medicare is your primary payor, we will waive your out-of-pocket costs as follows:

High Option
- Medical and surgical care coinsurance and copayments
- Inpatient hospital coinsurance

Standard Option
- Deductible
- Medical and surgical care coinsurance and copayments
- Inpatient hospital coinsurance

If you have Medicare Part A only, and Original Medicare is your primary payor, we will waive deductible, coinsurance, and copayments for Part A services **only** (such as inpatient hospital care, home health, hospice, or skilled nursing care).

If you have Medicare Part B only, and Original Medicare is your primary payor, we will waive deductible, coinsurance, and copayments for Part B services **only** (such as outpatient medical or surgical care).

We will not waive the following:

- Non-Medicare member's cost-shares
- Prescription drug copayments per prescription or per refill
- The HDHP deductible and coinsurance

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country.

To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY 1-800-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB Plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

	Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.
• **Medicare prescription drug coverage (Part D)**	When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB Plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Section 10. Definitions of terms we use in this brochure

Calendar year

January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.

Clinical Trials Cost Categories

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life threatening disease or condition and is either Federally funded, conducted under an investigational new drug application reviewed by the Food and Drug Administration, or is a drug trial that is exempt from the requirement of an investigational new drug application.

- **Routine care costs** – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy.
- **Extra care costs** – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.
- **Research costs** – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 23.

Copayment

A copayment is a fixed amount of money you pay when you receive covered services. See page 23.

Cost-sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Covered services

Care we provide benefits for, as described in this brochure.

Custodial care

Care you receive in an institution, such as room and board or other supportive care, or in your home that does not require the regular services of trained medical or allied health care professionals and that is designed primarily to assist you in activities of daily living. Activities of daily living include but are not limited to: help in walking, getting in and out of bed, bathing, dressing, feeding, preparation of special diets, and supervision of medications that you would normally self-administer. Custodial care that lasts 90 days or more is sometimes known as long term care.

Deductible

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 23.

Experimental or investigational services

A drug, device or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished.

An FDA-approved drug, device or biological product or medical treatment or procedure is experimental or investigational if:

1) Reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety; or

2) Reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device or medical treatment or procedure.

FDA-approved drugs, devices, or biological products used for their intended purposes and labeled indication and those that have received FDA approval subject to post-marketing approval clinical trials, and devices classified by the FDA as "Category B Non-experimental/investigational Devices" are not considered experimental or investigational.

Health care professional A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

Medical necessity A service or supply which meets all of the following criteria:

1) It is consistent with the symptom or diagnosis and treatment of the condition;

2) It is the most appropriate supply or level of service that is essential to the member's needs;

3) When applied to an inpatient, it cannot be safely provided to the member as an outpatient;

4) It is appropriate with regard to good medical practice;

5) It is not primarily for the convenience of the member or provider; and

6) It is the most cost-effective of the alternative levels of service or supplies that are adequate and available.

The fact that a service or supply may have been furnished, prescribed, recommended or approved by a doctor or other provider does not of itself make it medically necessary. A service or supply may be medically necessary in part only.

Plan allowance Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Plans determine their allowances in different ways. We determine our allowance as follows:

1) **Plan providers:** Our allowance is the amount agreed upon between the Plan provider and us. Plan providers (except dentists) agree not to bill you for any charges above our allowance.

2) **Non-Plan providers:** We pay 60% of our allowance when you see a non-Plan provider, except in an emergency. You are responsible for all charges above our allowance.

Sound natural tooth A sound natural tooth is a tooth that is whole or properly restored (restoration with amalgams/resin-based composites only); is without impairment, periodontal, or other conditions; and is not in need of the treatment provided for any reason other than an accidental injury. A tooth previously restored with a crown, inlay, onlay, or porcelain restoration, or treated by endodontics is not considered a sound natural tooth.

Post-service claims Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims	Those claims (1) that require precertification or prior approval and (2) where failure to obtain precertification or prior approval results in a reduction of benefits.
Us/We	Us and We refer to KPS Health Plans.
You	You refers to the enrollee and each covered family member.
Urgent care claims	A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts: • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. Urgent care claims usually involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine. If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 360-478-6796 or toll-free at 1-800-552-7114; for the deaf and hearing-impaired use Washington state's relay line by dialing either 1-800-833-6388 or 711. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

High Deductible Health Plan (HDHP) Definitions

Calendar year deductible	The fixed amount of covered expenses you must incur during the calendar year for certain covered services and supplies before we start paying benefits for those services. See page 23 for more information.
Catastrophic limit	The maximum amount you will have to pay in a calendar year towards copayments, coinsurance, and deductible for certain covered services. See page 24 for more information.
Health Reimbursement Arrangement (HRA)	An HRA allows you to pay for certain medical expenses using funds contributed by the Plan. Money left at the end of the year may be rolled over to the following year as long as you remain with the Plan. See page 89 for more information.
Health Savings Account (HSA)	An HSA allows you to pay for certain medical expenses using funds contributed by the Plan and/or yourself as long as you are covered only by a High Deductible Health Plan (HDHP). Money left at the end of the year may be rolled over to the following year and remains yours even if you leave the Plan. See page 88 for more information.
Premium contribution to HSA/HRA	The amount of money from your premium payment that the Plan contributes to your HSA or HRA account. See page 85 for more information.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about three Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of $100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is $2,500 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is $5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).

  FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.
- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.
- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?	Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 1-800-952-0450.

The Federal Empolyees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan's brochure for information on this benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for your choice of either lenses and frames or for contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/dental and www.opm.gov/vision. These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY 1-877-889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself – or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combination of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337), (TTY 1-800-843-3557), or visit www.ltfeds.com.

Summary of benefits for the HDHP of KPS Health Plans - 2015

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside. If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

In 2015, for each month you are eligible for a Health Savings Account (HSA), KPS will deposit $62.50 per month for Self Only enrollment or $125 per month for Self and Family enrollment into your HSA. For the High Deductible Health Plan (HDHP), you may use your HSA or pay out of pocket to satisfy your calendar year deductible of $1,500 for Self Only and $3,000 for Self and Family (each applies separately for services received from Plan providers and non-Plan providers). Once you satisfy your calendar year deductible, Traditional medical coverage begins.

If you are not eligible for an HSA, KPS will establish a Health Reimbursement Arrangement (HRA) account for you with an annual credit of $750 for Self Only enrollment and $1,500 for Self and Family enrollment.

Below, an asterisk (*) means the item is subject to the $1,500 per person ($3,000 per family) calendar year deductible.

Notes

2015 Rate Information for KPS Health Plans

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the *Guide to Federal Benefits* for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to Postal Service employees. They are shown in special Guides published for APWU (including Material Distribution Canter and Operating Services) NALC, NPMHU and NRLCA Career Postal employees (see RI 70-2A); Information Technology/Accounting Services employees (see RI 70-2IT); Nurses (see RI 70-2N); Postal Service Inspectors and Office of Inspector General (OIG) law enforcement employees and Postal Career Executive Service employees (see RI 70-2IN); and non-career employees (see RI 70-8PS).

Postal Category 1 apply to career employees who are members of the APWU, NALC, NPMHU, or NRLCA bargaining units.

Postal Category 2 rates apply to career non-bargaining unit, non-executive, non-law enforcement and non-law enforcement Inspection Service and Forensics employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center
1-877-477-3273, option 5
TTY: 1-866-260-7507

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable *Guide to Federal Benefits*.

Premiums for Tribal employees are shown under the monthly non-postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
