UPMC Health Plan
RI 73-797

Important Notice from UPMC Health Plan About Our Prescription Drug Coverage and Medicare

Office of Personnel Management has determined that the UPMC Health Plan prescription drug coverage is, on average, expected to payout as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at socialsecurity.gov, or call the SSA at 1-800-772-1213, (TTY: 1-800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048).

Introduction

This brochure describes the benefits of UPMC Health Plan under our contract (CS 2856) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 1-877-648-9641 or through our website: www.upmchealthplan.com/FEHB. The address for UPMC Health Plan's administrative office is:

UPMC Health Plan

U.S. Steel Tower
600 Grant Street
Pittsburgh, PA 15219

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in self and family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2015, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2015, and changes are summarized on page 17. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member; “we” means UPMC Health Plan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself from Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-877-648-9641 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

1-877-499-7295 OR go to www.opm.gov/oig

You can also write to:

United States Office of Personnel Management

Office of the Inspector General Fraud Hotline

1900 E Street NW Room 6400

Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
 - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26)
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB program a year. While death is the most tragic outcome, medical mistakes cause other problems, such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more, and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.

- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"
 - "About how long will it take?"
 - "What will happen after surgery?"
 - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications or nutritional supplements you are taking.

Patient Safety Links

- www.ahrq.gov/consumer/. The Agency for Healthcare Research and Quality makes available a wide-ranging list of topics not only to inform consumers about patient safety, but to help choose quality health care providers and improve the quality of care you receive.

- www.ahqa.org. The American Health Quality Association represents organizations and health care professionals working to improve patient safety.

Never Events

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, too often patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions.

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. These conditions and errors are called "Never Events." When a Never Event occurs neither your FEHB plan nor you will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct Never Events, if you use UPMC Health Plan participating providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under the plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/healthcare-insurance for enrollment information as well as:

 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retiring office.

- **Types of coverage available for you and your family**

Self-only coverage is for you alone. Self and family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a self-only enrollment, you may change to a self and family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The self and family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to self and family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) – such as marriage, divorce, or the birth of a child – outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family member coverage**

Family members covered under your self and family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children, and stepchildren (including children of same-sex domestic partners in certain states) are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children Incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children’s Equity Act**

OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for self and family coverage in the FEHB Program if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for self and family coverage in a health plan that provides full benefits in the area where your children live, or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for self and family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.
- If you have a self-only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to self and family in the same option of the same plan.
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to self and family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to self-only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to self-only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2015 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2014 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment
- You are a family member no longer eligible for coverage

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage, or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's Website at www.opm.gov/healthcare-insurance/healthcare/plan-information/guides.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, regardless of marital status, etc. Under TCC, you no longer receive a government contribution, but instead pay the entirety of your premium plus an administration service charge.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Finding replacement coverage**

In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 1-877-648-9641 or visit our website at www.upmchealthplan.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory or visit our website at www.upmchealthplan.com/FEHB. We give you a choice of enrollment in a High Option, a Standard Option, or a High Deductible Health Plan (HDHP).

All plans emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practices when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join a HMO because you prefer the Plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

All of our Plan options include a Health Incentive opportunity

HealthyU.

HealthyU is an insurance plan that rewards you for making healthy choices. By completing healthy activities, you earn reward dollars in a Health Incentive Account (HIA). There are over 150 activities to choose from, each with a reward dollar value. Every time you complete an eligible activity, UPMC Health Plan deposits those reward dollars into your HIA. The reward dollars you earn in your HIA help pay your out-of-pocket medical expenses such as deductible, coinsurance, and pharmacy copayments. You can earn up to \$250 for yourself or \$500 for your family during the plan year. Any unused reward dollars — at a value up to two times your annual deductible — will roll over to the next year.

General features of our High and Standard HMO Options

Under the High and Standard HMO Options, you select a PCP from among the thousands of doctors who participate in the UPMC Health Plan network. You and each of your enrolled family members may select a different PCP. The goal of the PCP is to keep you and your family healthy, not merely to treat you when you are sick.

Preventive care services

Preventive care services are generally covered with no cost-sharing when received from a participating provider.

Calendar year deductible

The calendar year deductible must be met before Plan benefits are paid for care other than preventive care services

Catastrophic protection

You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of coinsurance, copayments and deductibles total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year and prescription drug copayments are waived for the remainder of the calendar year. Under the Standard Option, after your share of coinsurance, copayments and deductibles total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year and prescription drug copayments are waived for the remainder of the calendar year. Funds paid from the HIA apply to the annual out-of-pocket maximum period.

We have Open Access benefits

Our HMO offers Open Access benefits. This means that you can receive covered services from a participating provider without a referral from your primary care physician or by another participating provider in the network.

You pay a coinsurance each time you visit the doctor. Under the High Option HMO, most medical and surgical services are payable at 90% after you meet the plan deductible. Under the Standard Option HMO, most medical and surgical services are payable at 80% after you meet the plan deductible. These benefits include inpatient and outpatient hospital services, diagnostic services, medical therapy (such as radiation and dialysis), and other services prescribed by a participating physician such as home health care or durable medical equipment and supplies.

For non-emergency services, you must use a participating provider. The High and Standard HMO Options cover emergency services at any medical facility, whether or not that medical facility participates in the UPMC Health Plan network.

Using your Health Incentive Account with the High and Standard HMO Options

Reward dollars earned in your health incentive account are automatically applied to your deductible, copayments and coinsurance. Any unused reward dollars at the end of the plan year carry over from year to year, up to two times the annual deductible.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits described in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your deductible, copayments or coinsurance.

General features of our High Deductible Health Plan (HDHP) Option

HDHPs have higher annual deductibles and annual out-of-pocket maximum limits than other types of FEHB plans. FEHB program HDHPs also offer Health Savings Accounts (HSA) or Health Reimbursement Arrangements (HRA). Please see below for more information about these savings features.

Preventive care services

Preventive care services are generally covered with no cost-sharing when received from a participating provider.

Calendar year deductible

The calendar year deductible must be met before Plan benefits are paid for care other than preventive care services.

This plan option is Preferred Provider Organization (PPO)

Our HDHP is a PPO. In-network benefits apply only when you use a participating provider, when a non-participating provider is utilized, out-of-network benefits apply.

You pay a coinsurance each time you visit the doctor. Under the HDHP, most medical and surgical services are payable at 90% after you meet the Plan deductible. If you receive care from an out-of-network provider, coinsurance is 70%. These benefits include inpatient and outpatient hospital services, diagnostic services, medical therapy (such as radiation and dialysis), and other services prescribed by a participating physician such as home health care or durable medical equipment and supplies.

Using your Health Incentive Account with the HDHP Option

Reward dollars earned in your health incentive account (HIA) are automatically applied to your out-of-pocket-expenses: copayments and coinsurance once your plan deductible is met. Any unused reward dollars at the end of the plan year carry over from year to year, up to two times the annual deductible.

HDHP Section 5 (i) describes the health education resources and account management tools available to you to help you manage your health care and health care dollars.

Health Savings Account (HSA)

You are eligible for a HSA if you are enrolled in an HDHP, not covered by any other health plan that is not a HDHP (including a spouse's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term coverage), not enrolled in Medicare, not received VA or Indian Health Services (HIS) benefits within the last three months, not covered by your own or your spouse's flexible spending accounts, and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense.
- Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by an HDHP.
- You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. Your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA)

If you are not eligible for a HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although a HRA is similar to a HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for in-network covered services, including deductibles, coinsurance and copayments, cannot exceed \$4,000 for a self-only enrollment, or \$8,000 for self and family coverage. Your annual out-of-pocket expenses for out-of-network covered services, including deductibles, coinsurance and copayments cannot exceed \$8,000 for a self-only enrollment or \$16,000 for self and family coverage. Funds paid from the HIA apply to the out-of-pocket maximum.

Health education resources and account management tools

We publish periodic newsletters to keep you informed on a variety of issues related to your health. The newsletter is mailed to your home.

Visit our website at www.upmchealthplan.com/FEHB and log in to *MyHealth OnLine* to access tools to help you learn more about your health, including information about specific diseases and conditions. You can also learn about your health plan benefits, and it can even help you track your personal health information. You can view personalized information about your physicians, view an electronic explanation of benefits (EOB), review prescriptions, receive important reminders for preventive screenings, and review options to help you manage your health:

- **Online tools for maximizing your health and wellness** and reaching your personal health goals. You can check your symptoms online, update your medical history, and refill your prescriptions. You can also complete your *MyHealth Questionnaire*, This is *HealthyU's* health assessment. Your answers will automatically customize *MyHealth OnLine* for you. You will receive a summary of your current health status, and practical, personalized recommendations to improve your health and earning reward dollars. You will also earn 50 reward dollars in your HIA for completing the *MyHealth Questionnaire*.
- **Benefits information that helps you manage your health care finances** and maintain control over your health care dollars. You will find links to plan benefits, prescription savings, spending summaries, and claims review. You can also sign up to receive electronic explanation of benefits (EOBs).
- **Expanded online services.** You'll be able to order a new member ID card and select or change your PCP. You'll also be able to read frequently asked questions to popular health questions.

If you have an **HSA**,

- You can receive a monthly statement mailed to your home outlining your account balance and activity for a minimal monthly fee.

- You can also access your account on-line at www.hsamember.com.

If you have an **HRA**,

- Your HRA balance will be available through *MyHealth OnLine*. Visit www.upmchealthplan.com/FEHB and login to *MyHealth OnLine* using the member identification number on your member ID card.

Your rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Years in existence – 18 years
- Profit status – For-profit subsidiary under a non-profit parent company

If you want more information about us, call 1-877-648-9641, or write to UPMC Health Plan Member Services, U.S. Steel Tower, 600 Grant Street, Pittsburgh, PA 15219. You may also contact us by fax at 412-454-8519 or visit our website at www.upmchealthplan.com/FEHB.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is:

Allegheny, Armstrong, Beaver, Bedford, Blair, Butler, Cambria, Cameron, Clarion, Clearfield, Crawford, Elk, Erie, Fayette, Forest, Greene, Huntingdon, Indiana, Jefferson, Lawrence, McKean, Mercer, Potter, Somerset, Venango, Warren, Washington and Westmoreland counties.

Under the High and Standard HMO Options, typically you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior UPMC Health Plan approval. Under the HDHP option, there are out-of-network benefits available if you receive care from providers who do not contract with us.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2015

Do not rely on these change descriptions; this section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to all UPMC Health Plan options

- A facility charge now applies to services that are performed in an outpatient clinic that is owned by a hospital. Coinsurance applies after the deductible is met.
- The Health Incentive Account HIA has an annual maximum of \$250 for self-only enrollment and \$500 for self and family enrollment. Previously, the Health Incentive Account annual maximum was \$500 for self-only enrollment and \$1,000 for self and family enrollment.

Changes to our High Option only

- The annual Out-of-Pocket maximum is \$4,000 for self-only enrollment and \$6,000 for self and family enrollment. The "self and family" Out-of-Pocket maximum must be met by one or more members of the family before benefits will be paid at 100%. Previously, the annual Out-of-Pocket maximum was \$2,500 for an individual and \$5,000 for a family, and one person in a family could meet the individual Out-of-Pocket maximum and receive benefits at 100%.
- Your share of the non-Postal premium will increase for self-only and for self and family. See page 150.

Changes to our Standard Option only

- The annual Out-of-Pocket maximum is \$4,500 for self-only enrollment and \$7,000 for self and family enrollment. The "self and family" Out-of-Pocket maximum must be met by one or more members of the family before benefits will be paid at 100%. Previously, the annual Out-of-Pocket maximum was \$2,500 for an individual and \$5,000 for a family, and one person in a family could meet the individual Out-of-Pocket maximum and receive benefits at 100%.
- Your share of the non-Postal premium will increase for self-only and for self and family. See page 150.

Changes to our HDHP only

- The annual in-network Out-of-Pocket maximum is \$4,000 for self-only enrollment and \$8,000 for self and family enrollment. Previously, the annual in-network Out-of-Pocket maximum was \$3,000 for self-only enrollment and \$6,000 for a self and family enrollment.
- The annual out-of-network Out-of-Pocket maximum is \$8,000 for self-only enrollment and \$16,000 for self and family enrollment. Previously, the annual out-of-network Out-of-Pocket maximum was \$6,000 for self-only enrollment and \$12,000 for a self and family enrollment.
- Your share of the non-Postal premium will decrease for self-only and increase for self and family. See page 150.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a participating pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-877-648-9641 or write to us at UPMC Health Plan Member Services, U.S. Steel Tower, 600 Grant Street, Pittsburgh, PA 15219. You may also request replacement cards through our website at www.upmchealthplan.com/FEHB.

Where you get covered care

You get care from "Plan providers" and "Plan facilities." You will only pay prescription drug copayments, deductibles, and/or coinsurance. You can receive covered services from a participating provider without a required referral from your primary care physician or by another participating provider in the network. If you enroll in the HDHP, you can also get care from non-Plan providers but it will cost you more.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website: www.upmchealthplan.com/FEHB.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website. Plan facilities are also referred to as participating providers, plan providers, and in-network providers in this brochure.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care.

- **Primary care**

Your primary care physician can be an internist, pediatrician, family practitioner, or general practitioner. Your primary care physician will provide most of your health care, or refer you to a specialist. Women may select an ob/gyn to provide or coordinate all covered gynecological/obstetrical care. However, women are not required to see the same ob/gyn on a regular basis.

If you are enrolled in the High or Standard HMO option, you must register your selected primary care physician with us. If you want to change your primary care physician, you may do so at any time by contacting Member Services at 1-877-648-9641 or by visiting the website at www.upmchealthplan.com/FEHB. If your primary care physician leaves the Plan, call us and we will help you select a new one.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. However, a referral is not required to see a specialist.

Here are some other things you should know about specialty care

- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician who can recommend another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:

- terminate our contract with your specialist for other than cause; or
- drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Program plan; or
- reduce our service area and you enroll in another FEHB plan;

you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Plan primary care physician or specialist will make the necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Member Services Department immediately at 1-877-648-9641. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center; or
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your primary care physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other services*.

- **Inpatient hospital admission**

Precertification is the process by which, prior to your inpatient hospital admission, we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. Your physician must obtain prior authorization for:

- Abdominoplasty/Panniculectomy
- Acupuncture for Nausea and Vomiting
- Bone Growth Stimulators, Non-Invasive
- Breast Reduction (excluding reconstruction for breast cancer)
- Canaloplasty for Primary Open-Angle Glaucoma
- Carotid Angioplasty with Stenting
- Chiropractic Services (Under 13 years old)
- Clinical Trials Transcatheter Occluders (Amplatzer and Starflex) for Patent Foramen Ovale (PFO)

- Cochlear Implants and Osseointegrated Bone Stimulators (BAHA)
- Continuous Glucose Monitoring, Long Term, Interstitial
- Cranial Remolding Orthosis
- Dental Anesthesia
- External insulin Pumps (for under 13 years old)
- Genetic Testing for Long QT Syndrome
- High Frequency Chest Wall Oscillating Device (formerly called “ThAIRapy Vest”)
- Humanitarian Device Exemption (HDE)
- Implantable Miniature Telescope (IMT) for Macular Degeneration
- Investigational Device Exemption (IDE)
- Lumbar Laminectomy/Hemi-Laminectomy/Discectomy
- Lumbar Spinal Fusion
- Lymphedema Pump and Appliances
- Microprocessor Knee (C-Leg®)
- Molecular Susceptibility Testing for Breast Cancer and/or Ovarian Cancer (BRCA)
- Negative Pressure Wound Therapy
- Nutritional Products
- Oncotype DX Assay for Breast Cancer
- Outpatient/Mobile Real Time Cardiac Surveillance
- Parenteral Nutrition
- Power Mobility Devices (PMDs)
- Pressure Reducing Support Surfaces – Groups 2 and 3
- Private Duty Nursing
- Referrals to Non-Participating Providers
- Selective Internal Radiation Therapy (SIRT)
- Specialized Manual Wheelchairs
- Total Ankle Replacement
- Total Hip Replacement/Arthroplasty
- Total Knee Replacement/Arthroplasty
- Transcatheter Aortic Valve Implantation (TAVI)/Replacement (TAVR)
- Transcatheter Occluder (Amplatzer) for Atrial Septal Defect (ASD)/Ostium Secundum diagnosis
- Transplants (bone marrow, stem cell, and solid organ)
- Ventricular Assist Devices
- Vertebral Augmentation (Percutaneous Kyphoplasty)
- Wearable Cardiac Defibrillator
- Weight Reduction Surgery
- Wheelchair Accessories, Repairs, and Replacement
- Wheelchair Seating
- Wireless Capsule Endoscopy

If you are considering an artificial insemination procedure, see requirements on page 33 or 86.

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, you, or your representative, must call us at 1-877-648-9641 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

• **Non-urgent care claims**

For non-urgent care claims, we will then tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to provide notice of the specific information we need to complete our review of the claim. We will allow you up to 48 hours from the receipt of this notice to provide the necessary information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) to end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 1-877-648-9641. You may also call OPM's Health Insurance at (202) 606-0727 between 8 a.m. and 5 p.m. Eastern Standard Time to ask for a simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you do not indicate that your claim was a claim for urgent care, call us at 1-877-648-9641. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

<ul style="list-style-type: none"> • Concurrent care claims 	<p>A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.</p> <p>If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.</p>
<ul style="list-style-type: none"> • Emergency inpatient admission 	<p>If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.</p>
<ul style="list-style-type: none"> • Maternity care 	<p>You do not need to pre-certify a normal delivery at a network facility.</p>
<ul style="list-style-type: none"> • If your treatment needs to be extended 	<p>If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.</p>
<p>What happens when you do not follow the precertification rules when using non-network facilities</p>	<p>If you are enrolled in the High or Standard HMO, you are responsible for the cost of any admission to a non-network facility, except for emergency care and specialized care that has been precertified by UPMC Health Plan because the necessary care is not available from a network provider.</p> <p>If you enrolled in the HDHP, a \$500 penalty applies when you use an out-of-network facility that has not been precertified, except for emergency care or highly specialized care that has been precertified by UPMC Health Plan because the necessary care is not available from a network provider.</p>
<p>Circumstances beyond our control</p>	<p>Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.</p>
<p>If you disagree with our pre-service claim decision</p>	<p>If you have a pre-service claim and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.</p> <p>If you have already received the service, supply, or treatment, then you have a post-service claim and must follow the entire disputed claims process detailed in Section 8.</p>
<ul style="list-style-type: none"> • To reconsider a non-urgent care claim 	<p>Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.</p> <p>In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to</p> <ol style="list-style-type: none"> 1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or 2. Ask you or your provider for more information. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your cost for covered services

This is what you will pay out-of-pocket for covered care:

Cost-sharing Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance and copayments) for the covered care you receive. Available funds in your Health Incentive Account will reduce your cost-sharing.

Copayments A copayment is a fixed amount of money you pay to the participating pharmacy when you receive covered medications. There are no other copayments associated with this Plan.

Example: When you visit a participating retail pharmacy, you pay \$5 per prescription for generic drugs after the deductible is satisfied.

Deductible A deductible is a fixed expense you must incur for covered services and supplies before we start paying benefits under this plan.

- The calendar year deductible under the High Option HMO is \$500 for a self-only enrollment. Under self and family enrollment, the deductible under the High Option HMO is \$1,000. Under self and family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reaches \$1,000.
- The calendar year deductible under the Standard Option HMO is \$750 for a self-only. Under self and family enrollment, the deductible under the Standard Option HMO is \$1,500. Under self and family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reaches \$1,500.
- The calendar year deductible under the HDHP is \$2,000 for a self-only enrollment. Under self and family enrollment, the deductible under the HDHP is \$4,000. Under self and family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reaches \$4,000. The deductible is combined for services received from both Plan and non-Plan providers.
- The calendar year deductible will be prorated for any mid-year member enrollment.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance Coinsurance is the percentage of our allowance that you must pay for your care. With the exception of preventive care services, coinsurance does not begin until you have met your calendar year deductible.

- Under the High Option HMO, you pay 10% of our allowance for covered services.
- Under the Standard Option HMO, you pay 20% of our allowance for covered services.
- Under the HDHP, you pay 10% of our allowance for services received from participating providers; 30% for non-participating providers.

Differences between our Plan allowance and the bill (applies to HDHP option only)

Under the HDHP, if you receive care from non-Plan providers, benefits are paid at the out-of-network level. Except for in-network preventive care, the deductible must be satisfied before benefits are paid. If you receive services from a non-Plan provider, you may also have to pay the difference between the provider's charge and UPMC Health Plan's allowance (reasonable and customary charge).

Your catastrophic protection out-of-pocket maximum

Under the High Option HMO, after your deductible, copayments and coinsurance total \$4,000 for self-only or \$6,000 for self and family enrollment in any calendar year, you do not have to pay for coinsurance or prescription drug copayments for the remainder of the calendar year. The family out-of-pocket maximum must be met by one or more members of the family before benefits are payable at 100%.

Under the Standard Option HMO, after your deductible, copayments and coinsurance totals \$4,500 for self-only or \$7,000 for self and family enrollment in any calendar year, you do not have to pay for coinsurance or prescription drug copayments for the remainder of the calendar year. The family out-of-pocket maximum must be met by one or more members of the family before benefits are payable at 100%.

Under the HDHP, after your deductible, copayments and coinsurance total \$4,000 for self-only or \$8,000 for self and family enrollment in any calendar year, you do not have to pay any more for covered services when you utilize Plan providers. If you utilize non-Plan providers, you do not have to pay any more for covered services after your deductible, coinsurance, and copayments totals \$8,000 for self-only or \$16,000 for self and family enrollment in any calendar year. The family out-of-pocket maximum, for Plan or non-Plan providers, must be met by one or more members of the family before benefits are payable at 100%. When you utilize non-Plan providers, you will continue to have to pay the difference between the provider's charge and the UPMC Health Plan's allowance (reasonable and customary charge).

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Services are entitled to seek reimbursement for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

High and Standard Option Benefits

See page 17 for how our benefits changed this year. Pages 144 and 146 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Summary of benefits for the High Option HMO of UPMC Health Plan - 2015	144
Summary of benefits for the Standard Option HMO of UPMC Health Plan - 2015	146

Section 5. High and Standard Option Benefits Overview

The Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The HMO Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HMO option benefits, contact us at 1-877-648-9641 or on our website at www.upmchealthplan.com/FEHB.

Your Health Incentive Account

Reward dollars earned in your health incentive account are automatically applied to out-of-pocket-expenses like copays and coinsurance once your plan deductible is met. The reward dollars you earn carry over from year to year, up to two times the annual deductible. See page 70 for more details on earning reward dollars in your Health Incentive Account.

Each option offers unique features:

High Option:

For all services, there is an annual deductible applied before any benefits are paid. Once the deductible is met, you pay 10% of the allowable expense. When your out-of-pocket expense for deductible, prescription drug copayments and coinsurance exceeds \$4,000 for self-only, or \$6,000 for self and family, in any calendar year, your 10% coinsurance and prescription drug copayments are eliminated for the remainder of the calendar year.

The deductible is waived for preventive care services.

Standard Option:

For all services, there is an annual deductible applied before any benefits are paid. Once the deductible is met, you pay 20% of the allowable expense. When your out-of-pocket expense for deductible, prescription drug copayments and coinsurance exceeds \$4,500 for self-only, or \$7,000 for self and family, in any calendar year, your 20% coinsurance and prescription drug copayments are eliminated for the remainder of the calendar year.

The deductible is waived for preventive care services.

If you are retired and covered by Medicare Parts A and B, your coinsurance cost-sharing is waived under the Standard Option.

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility charge applies to services that appear in this section if the services are performed in an ambulatory surgical center, outpatient department of a hospital, or an outpatient clinic owned by a hospital.
- The calendar year deductible is \$500 self-only or \$1,000, self and family under the High Option, and \$750 self-only \$1,500 self and family under the Standard Option. Your actual deductible may be reduced by your participation in activities that fund your Health Incentive Account (HIA). Preventive screenings are covered at 100% and not subject to the deductible. We added "(No deductible)" to show when the calendar year deductible does not apply.
- You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Under Standard Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum, such as expenses in excess of the Plan's benefit maximum, amounts in excess of the Plan allowance, or if you use non-participating providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay After the calendar year deductible...	
Note: The calendar year deductible applies to many of the benefits in this Section. We say "(No deductible)" when it does not apply.		
Diagnostic and treatment services	High Option	Standard Option

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The calendar year deductible is \$500 self-only or \$1000, self and family under the High Option and \$750 self-only \$1500 self and family under the Standard Option. Your actual deductible may be reduced by your participation in activities that fund your Health Incentive Account (HIA). Preventive screenings are covered at 100% and not subject to the deductible. We added "(No deductible)" to show when the calendar year deductible does not apply.
- You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Under Standard Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum, such as expenses in excess of the Plan's benefit maximum, amounts in excess of the Plan allowance, or if you use non-participating providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e., hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRIOR AUTHORIZATION FOR SOME SURGICAL PROCEDURES.** Please refer to the prior authorization information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Section 5(d). Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is \$500 self-only or \$1,000, self and family under the High Option and \$750 self-only or \$1,500 self and family under the Standard Option. Your actual deductible may be reduced by your participation in activities that fund your Health Incentive Account (HIA).
- You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Under Standard Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum, such as expenses in excess of the Plan's benefit maximum, amounts in excess of the Plan allowance, or if you use non-participating providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area

If you feel you need emergency care and you are able, you should attempt to call your physician to explain the symptoms and provide any other information necessary to help determine the appropriate action. You should go to the nearest emergency facility for the following situations:

- Your PCP tells you to
- You cannot reach your personal physician and you believe that your health is in jeopardy

You have the right to summon emergency help by calling 911, any other emergency telephone number, and a licensed ambulance service without getting any prior approvals.

After you receive emergency room treatment or are admitted to the hospital, contact your personal physician as soon as possible.

Emergencies outside our service area

If you are outside of the Plan's service area (outside of Western Pennsylvania) at the time you need emergency care, you should seek emergency care immediately from the nearest emergency facility. You have the right to summon emergency help by calling 911, any other emergency telephone number, and a licensed ambulance service without getting any prior approvals.

After you receive emergency room treatment or are admitted to the hospital, contact your PCP to arrange for any necessary follow-up care when you return to the service area.

Section 5(e). Mental health and substance abuse benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to all benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan:
 - **Prior authorization:** To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following network authorization processes. Call UPMC Health Plan Behavioral Health Services at 1-888-251-0083 to locate a Plan provider and for assistance with required prior authorization.
 - **Limitation:** We may limit your benefits if you do not obtain a treatment plan.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members, or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorization for certain prescription drugs and supplies before coverage applies. Prior approval/authorization must be renewed periodically.
- The calendar year deductible is \$500 self-only or \$1,000, self and family under the High Option and \$750 self-only or \$1,500 self and family under the Standard Option. Your actual deductible may be reduced by your participation in activities that fund your Health Incentive Account (HIA).
- You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Under Standard Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum, such as expenses in excess of the Plan's benefit maximum, amounts in excess of the Plan allowance, or if you use non-participating providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Some drugs may require prior authorization. If a drug requires prior authorization, your doctor must consult with the Plan before prescribing it. Prior authorizations are set on a drug-by-drug basis and require specific criteria for approval based upon FDA and manufacturer guidelines, medical literature, safety concerns, and appropriate use. See *Other services* under *You need prior Plan approval for certain services* on page 19.
- Some drugs may require step therapy. This means that you must try specific medications first before we will cover the drug that requires step therapy. Step therapy is built into the electronic system that checks your medication history. A drug with step therapy will be automatically approved if there is a record that you have already tried the preferred drug(s). If there is no record that you tried the preferred drug(s) in your medication history, your physician must submit relevant clinical information to the UPMC Health Plan Pharmacy Services Department before it will be covered.

There are important features you should be aware of. These include:

- **Who can write your prescription?** A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them?** You must fill the prescription at a participating retail pharmacy, or by mail for maintenance and specialty drugs. Participating retail pharmacies include most national chains as well as many independent pharmacies. Call Member Services at 1-877-648-9641 or visit www.upmchealthplan.com/FEHB for assistance in locating a participating pharmacy near you.

- **We use a formulary.** The *Your Choice* formulary applies. If your physician believes a name brand product is necessary or there is no generic available, your physician may prescribe a name brand drug from a formulary list. This list of name brand drugs is a preferred list of drugs that we selected to meet patient needs at a lower cost. Non-preferred brand-name drugs are also included on the formulary, but you will pay a higher copayment for non-preferred brand-name drugs. To request a Pharmacy Benefit Guide, call Member Services at 1-877-648-9641. You can also visit www.upmchealthplan.com/FEHB. UPMC Health Plan makes changes to its formulary each January 1 and July 1. Changes are outlined in a newsletter we will mail to your home. You will be notified by a separate letter if the prescription drug you are taking is affected by a formulary change.
- **There are dispensing limitations.** Covered prescription drugs obtained at a participating retail pharmacy will be dispensed for a 30 day supply for one copayment or a 90 day supply for three copayments. Controlled substance medications are limited to a 30 day supply. Specialty prescription drugs obtained through the Plan's specialty pharmacy will be dispensed for up to a 30 day supply. Prescriptions for maintenance drugs obtained through the Plan's mail order pharmacy will be dispensed up to a 90 day supply. Medications will be dispensed based on FDA guidelines.

If you will be away from home for an extended period of time, or if you will be traveling outside of the country, consider using mail-order so that you can receive a 90 day supply prior to traveling. If you need an emergency supply of medication, call Member Services at 1-877-648-9641.
- **A generic equivalent will be dispensed if it is available**, unless your physician specifically requires a brand-name. If you receive a brand-name drug when a federally-approved generic drug is available, you have to pay the difference in cost between the brand-name drug and the generic. If your physician has specified "Dispense as Written" for a brand-name drug when a generic is available, your physician must submit information to UPMC Health Plan stating that the brand-name drug is medically necessary and the reasons why the generic equivalent was ineffective. If approved by UPMC Health Plan, you will pay the non-preferred brand-name copayment for your brand-name medication.
- **Why use generic drugs?** A generic drug is the chemical equivalent of a corresponding brand-name drug. Generic drugs are less expensive than brand-name drugs, so the copayment is lower. You can lower your out-of-pocket expense by using generic drugs, when available.
- **When you do have to file a claim?** You typically pay your copayment at the point of purchase. However, if there is a circumstance in which you pay the full cost out-of-pocket, you can be reimbursed by completing a prescription drug reimbursement form. You will be reimbursed 100% of the prescription cost less the applicable deductible and/or copayment as long as you used a participating pharmacy. Call Member Services at 1-877-648-9641 or visit www.upmchealthplan.com/FEHB to obtain a prescription drug reimbursement form.

These nutritional foods or formulas are not covered, except as medically necessary formulas that are equivalent to a prescription drug for the treatment of phenylketonuria (PKU) branched-chain ketonuria, galactosemia, and homocystinuria as administered under the direction of a physician</i> • <i>Nonprescription medicines, except those listed on the Your Choice Formulary</i> • <i>Medications prescribed for foreign travel</i> 	<i>All charges</i>	<i>All charges</i>

Important telephone numbers:

For questions about your pharmacy benefits and participating retail locations, call UPMC Health Plan at: **1-877-648-9641**

For specialty drug orders, call CuraScript at **1-877-787-6279**.

For mail-order maintenance drug orders, call Express Scripts at **1-877-787-6279**.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payer of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9, *Coordinating benefits with other coverage*.
- The calendar year deductible is \$500 self-only or \$1,000, self and family under the High Option and \$750 self-only or \$1,500 self and family under the Standard Option. Your actual deductible may be reduced by your participation in activities that fund your Health Incentive Account (HIA).
- You are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. Under the High Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,000 for self-only, or \$6,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Under Standard Option, after your share of deductibles, prescription drug copayments and coinsurance total \$4,500 for self-only, or \$7,000 for self and family in any calendar year, benefits for covered services increases to 100% for the remainder of the calendar year. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum, such as expenses in excess of the Plan's benefit maximum, amounts in excess of the Plan allowance, or if you use non-participating providers.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You Pay After the calendar year deductible...	
	High Option	Standard Option

We have no other dental benefits.

Section 5(h). Special features

Feature	Description
Feature	High and Standard Option
Health Care Concierge Team	<p>You and your family members can call Member Services with questions or concerns. Our Health Care Concierge team delivers fast, personal service, and strives to answer your question on the first call. To speak with a Health Care Concierge, call 1-877-648-9641. Our Health Care Concierge team is available Monday through Friday from 7 a.m. to 7 p.m. and Saturday from 8 a.m. to 3 p.m. TTY/TDD users should call 1-800-361-2629.</p>
Health Incentive Account	<p>You and your family can earn reward dollars in a health incentive account by participating in healthy activities throughout the year. These activities have been specially designed by our team of doctors, nurses, nutritionists, exercise physiologists, and behavioral health experts. They will alert you to potential health issues and provide tools to help you address the issues. Here are some of the most popular activities:</p> <ul style="list-style-type: none"> • MyHealth Questionnaire: The confidential health risk assessment, powered by WebMD®, is a 20-minute online survey you take once a year. The results can help you understand your health status and suggest ways to make improvements. You can earn 50 reward dollars if completed in the 90 days of your effective date. You will earn 25 reward dollars if completed after 90 days. • Biometric Screening: This health screening measures your total cholesterol level and glucose level. Your doctor will also check your blood pressure, height, weight, and body mass index (BMI). It is a simple assessment that can be done at your doctor's office, a lab, or some convenience care clinics. Biometric screenings are recommended once every three years. You will earn 25 reward dollars for completing the screening. • Condition or Lifestyle Management Coaching: A health coach for condition management will help you manage a chronic condition so you can live your healthiest life possible. Chronic conditions include heart disease, diabetes, asthma, COPD, and depression. Lifestyle programs include smoking cessation, stress management, physician activity, weight management, and nutrition. You will earn up to 150 reward dollars for completing a condition management program, and up to 145 reward dollars for completing a lifestyle management program. • You will also receive reward dollars for activities you are probably already doing, like having a periodic physical exam, receiving immunizations or health screenings, getting a flu shot, or visiting the dentist. <p>You will find a full list of eligible activities by logging in to MyHealth OnLine, UPMC Health Plan's member website. There are more than 150 activities you can choose from.</p>

Feature	Description
Feature (cont.)	High and Standard Option
	<p>The reward dollars you earn automatically help pay your out-of-pocket medical expenses such as deductible, copayments and coinsurance. In one Plan year, you can earn up to \$250 for self-only coverage or \$500 for self and family coverage. Any unused reward dollars — up to two times your annual deductible — automatically roll over to the next year.</p> <p>The Plan will prorate any mid-year member enrollment deductibles, out-of-pocket costs and Health Incentive Account funds.</p> <p>To learn more about <i>HealthyU</i>, visit www.upmchealthplan.com/FEHB or call a Health Care Concierge at 1-877-648-9641.</p>
MyHealth Health and Wellness	<p>You and your family members have access to <i>MyHealth</i>, an integrated health and wellness program with online programs, tools, and over-the-phone advice. As a part of your coverage, health coaching is available for health conditions and lifestyle changes.</p>
MyHealth OnLine	<p><i>MyHealth OnLine</i> is where you can go every day for practical tips, tools, and strategies for better health. You can also find a doctor, view your medical history, and get information on your health plan benefits. The site keeps all your health information, all in one place. At <i>MyHealth OnLine</i>, you can:</p> <p><i>Earn and track your reward dollars</i>, so you know exactly how much you have in your account to spend on health care. (Remember, with <i>HealthyU</i>, you earn reward dollars when you do healthy activities throughout the year.)</p> <p><i>Discounts and savings</i>: Through <i>MyHealth Community</i>, you'll receive discounts at health-related businesses such as gyms, spas, salons, health food stores, sporting goods stores, and more.</p> <p><i>Manage your health care information</i>: Access your doctor's contact information, plan benefits, research prescription and treatment options, savings information, and view your spending summary and claims. You can even order a new member ID card if you lose it.</p> <p>You can also chat online with a Health Care Concierge or Health Coach, read blogs from health experts, get advice on medical screenings and healthy activities, and set personal goals for managing your health.</p> <p>To get the most out of your benefits, log in to <i>MyHealth OnLine</i> at www.upmchealthplan.com/FEHB. To create an account click on Sign Up and use the number on your member ID card to register.</p>
MyHealth Questionnaire	<p>Once you log in to <i>MyHealth OnLine</i>, complete your <i>MyHealth Questionnaire</i>. Not only will you earn reward dollars in your Health Incentive Account, but your answers generate a summary of your current health status and customize <i>MyHealth OnLine</i> with activities that benefit you the most.</p>

	<ul style="list-style-type: none"> • And much more.
Tobacco Cessation	UPMC Health Plan offers the <i>MyHealth Ready to Quit™</i> health coaching program. The program will help you to quit using tobacco with a personal action plan that includes behavior modification strategies and tools based on the latest research. You will also receive reward dollars in your HIA by participating in the program.
Beating the Blues <i>US</i>	<p>UPMC Health Plan offers Beating the Blues, US™, a free, eight session online program for members who are dealing with stress, mild depression, or anxiety. Making use of cognitive behavior therapy (CBT), Beating the Blues, US is based on the concept that changing your thoughts can change your feelings and behaviors as well.</p> <p>Beating the Blues will show you how to:</p> <ul style="list-style-type: none"> • Better understand your feelings. • Identify negative thoughts, and replace them with more helpful, positive thoughts. • Focus on what is happening right now, rather than on the past. <p>Beating the Blues <i>US</i> is completely confidential and available 24/7, so you can complete the program at your own pace. You will also receive reward dollars in your HIA by participating in the program.</p>
Assist America	<p>UPMC Health Plan offers a travel assistance plan through Assist America, a global emergency assistance program for members who are traveling more than 100 miles from home. Assist America can help locate qualified doctors and hospitals, replace forgotten prescriptions, provide emergency medical evacuation and arrange for transportation so family members can be with injured relatives. Support is accessible 24 hours a day, 365 days a year. For a complete list of Assist America services visit www.assistamerica.com.</p> <p>To receive services, contact Assist America at 1-800-872-1414 in the USA, or at 1-609-986-1234 outside of the USA. The Assist America reference number for UPMC Health Plan members is 01-AA-UP-156243.</p>
Services for Members who have a Hearing Impairment	UPMC Health Plan communicates by telephone with our members who have a hearing impairment through TTY. If you have a hearing impairment, call our TTY number at 1-800-361-2629.
Flexible Benefits Option	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue.

Feature - continued on next page

Feature	Description
Feature (cont.)	High and Standard Option
	<ul style="list-style-type: none"> • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed- upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).

Summary of benefits for the HDHP of UPMC Health Plan - 2015	148

Section 5. High Deductible Health Plan Benefits Overview

This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read *Important things you should keep in mind* at the beginning of each subsection. Also read the *general exclusions* in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 1-877-648-9641 or on our website at www.upmchealthplan.com/FEHB.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

When you enroll in this HDHP, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health Plan premium to your HSA or credit an equal amount to your HRA based upon your eligibility. Your full annual HRA credit will be available on your effective date of enrollment.

With this Plan, preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described on page 79. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care, traditional medical coverage health care that is subject to the deductible, savings, catastrophic protection for out-of-pocket expenses, and health education resources and account management tools.

- **Preventive care**

The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations, tobacco cessation programs, obesity weight loss programs, disease management and wellness programs. These services are covered at 100%. Note that some services require you to use a Plan provider in order for the preventive care to be covered. The coverage is fully described in Section 5, *Preventive care*. *You do not have to meet the deductible before using these services.*
- **Traditional medical coverage**

After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in Section 5. The Plan typically pays 90% for in-network and 70% for out-of-network care.

Covered services include:

 - Medical services and supplies provided by physicians and other health care professionals
 - Surgical and anesthesia services provided by physicians and other health care professionals
 - Hospital services; other facility or ambulance services
 - Emergency services/accidents
 - Mental health and substance abuse benefits
 - Prescription drug benefits
 - Dental benefits
- **Your Health Incentive Account**

Reward dollars earned in your health incentive account are automatically applied to copays and coinsurance once your plan deductible is met. The reward dollars you earn carry over from year to year, up to two times the annual deductible. See page 63 for more details on earning reward dollars in your Health Incentive Account.
- **Savings**

Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see page 73 for more details).

• **Health Savings Accounts (HSAs)**

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else's tax return, have not received VA and/or Indian Health Services (IHS) benefits within the last three months or do not have other health insurance coverage other than another high deductible health plan. In 2015, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$83 per month for a self-only enrollment or \$166 per month for a self and family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$3,350 for an individual and \$6,650 for a family. See maximum contribution information on page 74. You can use funds in your HSA to help pay your coinsurance, copayments, and other qualified expenses. You own your HSA, so the funds can go with you if you change plans or employment. The Plan will establish an HSA for you with BenefitWallet, this HDHP's fiduciary (an administrator, trustee, or custodian as defined by Federal tax code and approved by the IRS.)

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- Your HSA is administered by BenefitWallet
- Your contributions to the HSA are tax deductible
- You may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits, using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.)
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It's portable - the HSA is owned by you and is yours to keep, even when you leave federal employment or retire
- When you need it, funds up to the actual HSA balance are available

Important consideration if you want to participate in a Health Care Flexible Spending Account (HCFSAs): If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a HCFSAs (such as FSAFEDS offers – see Section 11), this HDHP cannot continue to contribute to your HSA. Similarly, you cannot contribute to an HSA if your spouse enrolls in an HCFSAs. Instead, when you inform us of your coverage in an HCFSAs, we will establish an HRA for you.

• **Health Reimbursement Arrangements (HRA)**

If you aren't eligible for an HSA, for example you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us that you are ineligible for an HSA.

In 2015, we will give you an HRA credit of \$1,000 per calendar year for a self-only enrollment and \$2,000 per calendar year for a self and family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don't count toward the deductible.

HRA features include:

- For our HDHP option, the HRA is administered by UPMC Health Plan

- Entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP
- Unused credits carryover from year to year
- HRA credit does not earn interest
- HRA credit is forfeited if you leave federal employment or switch health insurance plans.
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFA). However, you must meet FSAFEDS eligibility requirements.

• **Catastrophic protection for out-of-pocket expenses**

When you use participating providers, your annual limit for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$4,000 for self-only or \$8,000 for self and family enrollment. When you use out-of-network providers, your annual limit for out-of-pocket expenses (deductibles and coinsurance) for covered services is limited to \$8,000 for self or \$16,000 for self and family enrollment. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's allowable amount or benefit maximum). Also, the family out-of-pocket maximum must be met by one or more members of the family before benefits are payable at 100%. Refer to Section 4, *Your catastrophic protection out-of-pocket maximum*, and HDHP Section 5, *Traditional medical coverage subject to the deductible*, for more details.

• **Health education resources and account management tools**

HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

Section 5. Savings – HSAs and HRAs

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA) Provided when you are ineligible for an HSA
Administrator	The Plan will establish an HSA for you with BenefitWallet, this is the HDHP's fiduciary (an administrator, trustee, or custodian as defined by Federal tax code and approved by the IRS.)	UPMC Health Plan is the HRA fiduciary for this Plan.
Fees	Set-up and monthly service fee is paid by the HDHP.	None.
Eligibility	<p>You must:</p> <ul style="list-style-type: none"> • Enroll in this HDHP • Have no other health insurance coverage, including an FSA (does not apply to specific injury, accident, disability, dental, vision or long-term care coverage) • Not be enrolled in Medicare • Not be claimed as a dependent on someone else's tax return • Not have received VA and/or Indian Health Services (IHS) benefits in the last three months • Complete and return all banking paperwork. <p>Eligibility for contributions is determined on the first day of the month following your effective date of enrollment and will be prorated for length of enrollment.</p>	<p>You must enroll in this HDHP.</p> <p>Eligibility is determined on the first day of the month following your effective day of enrollment and will be prorated for length of enrollment.</p>
Funding	<p>If you are eligible for HSA contributions, a portion of your monthly health plan premium is deposited to your HSA each month. Premium pass-through contributions are based on the effective date of your enrollment in the HDHP.</p> <p>In addition, you may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.).</p>	<p>Eligibility for the annual credit will be determined on the first day of the month and will be prorated for length of enrollment. The entire amount of your HRA will be available to you upon your enrollment.</p>
<ul style="list-style-type: none"> • Self Only enrollment 	<p>For 2015, a monthly premium pass-through of \$83 will be made by the HDHP directly into your HSA each month.</p>	<p>For 2015, your HRA annual credit is \$1,000 (prorated for midyear enrollment).</p>
<ul style="list-style-type: none"> • Self and Family enrollment 	<p>For 2015, a monthly premium pass-through of \$166 will be made by the HDHP directly into your HSA each month.</p>	<p>For 2015, your HRA annual credit is \$2,000 (prorated for midyear enrollment).</p>

Feature Comparison	Health Savings Account (HSA)	Health Reimbursement Arrangement (HRA) Provided when you are ineligible for an HSA
Contributions/credits	<p>The maximum that can be contributed to your HSA is an annual combination of HDHP premium pass-through and enrollee contribution funds, which when combined do not exceed the maximum contribution amount set by the IRS, \$3,350 for an individual and \$6,650 for a family.</p> <p>If you enroll during Open Season, you are eligible to fund your account up to the maximum contribution limit set by the IRS. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum allowable contribution.</p> <p>You are eligible to contribute up to the IRS limit for partial-year coverage as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. To determine the amount you may contribute, take the IRS limit and subtract the amount the Plan will contribute to your account for the year.</p> <p>If you do not meet the 12-month requirement, the maximum contribution amount is reduced by 1/12 for any month you were ineligible to contribute to an HSA. If you exceed the maximum contribution amount, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.</p> <p>You may rollover funds you have in other HSAs to this HDHP HSA (rollover funds do not affect your annual maximum contribution under this HDHP).</p> <p>HSAs earn tax-free interest (does not affect your annual maximum contribution).</p> <p>Catch-up contributions are discussed on page 77.</p>	<p>The full HRA credit will be available, subject to proration, on the effective date of enrollment. The HRA does not earn interest.</p>
Self Only enrollment	<p>You may make an annual maximum contribution of \$2,350.</p>	<p>You cannot contribute to the HRA.</p>
Self and Family enrollment	<p>You may make an annual maximum contribution of \$4,650.</p>	<p>You cannot contribute to the HRA.</p>
Access funds	<p>You can access your HSA by the following methods:</p> <ul style="list-style-type: none"> • Debit card • Checks 	

		For qualified medical expenses under your HDHP, you will be automatically reimbursed when claims are submitted through the HDHP. The only exception is for prescription drugs. Until you meet the deductible, you must file a reimbursement form for prescription expenses. For expenses not covered by the HDHP, such as orthodontia, a reimbursement form must also be submitted.
Distributions/ withdrawals <ul style="list-style-type: none"> • Medical 	<p>You can pay the out-of-pocket expenses for yourself, your spouse, or your dependents (even if they are not covered by the HDHP) from the funds available in your HSA.</p> <p>See IRS Publication 502 for a list of eligible medical expenses.</p>	<p>You can pay the out-of-pocket expenses for qualified medical expenses for individuals covered under the HDHP.</p> <p>Non-reimbursed qualified medical expenses are allowable if they occur after the effective date of your enrollment in this Plan.</p> <p>See <i>Availability of funds</i> below for information on when funds are available in the HRA.</p> <p>See IRS Publication 502 for a list of eligible medical expenses. Physician prescribed over-the-counter drugs and Medicare premiums are also reimbursable. Most other types of medical insurance premiums are not reimbursable.</p>
<ul style="list-style-type: none"> • Non-medical 	<p>If you are under age 65, withdrawal of funds for non-medical expenses will create a 20% income tax penalty in addition to any other income taxes you may owe on the withdrawn funds.</p> <p>When you turn age 65, distributions can be used for any reason without being subject to the 20% penalty; however they will be subject to ordinary income tax.</p>	Not applicable – distributions will not be made for anything other than non-reimbursed qualified medical expenses.
Availability of funds	<p>Funds are not available for withdrawal until all the following steps are completed:</p> <ul style="list-style-type: none"> • Your enrollment in this HDHP is effective (effective date is determined by your agency in accord with the event permitting the enrollment change). • The HDHP receives record of your enrollment and initially establishes your HSA account with the fiduciary by providing information it must furnish and by contributing the minimum amount required to establish an HSA. • The fiduciary sends you HSA paperwork for you to complete and the fiduciary receives the completed paperwork back from you. 	The entire amount of your HRA will be available to you upon your enrollment in the HDHP.
Account owner	FEHB enrollee	HDHP

Portable	<p>You can take this account with you when you change plans, separate or retire.</p> <p>If you do not enroll in another HDHP, you can no longer contribute to your HSA. See page 73 for HSA eligibility.</p>	<p>If you retire and remain in this HDHP, you may continue to use and accumulate credits in your HRA.</p> <p>If you terminate employment or change health plans, only eligible expenses incurred while covered under the HDHP will be eligible for reimbursement subject to timely filing requirements. Unused funds are forfeited.</p>
Annual rollover	Yes, accumulates without a maximum cap.	Yes, accumulates without a maximum cap.
Health Incentive Account	<p>Reward dollars earned in your health incentive account are automatically applied to copays and coinsurance once your plan deductible is met. The reward dollars you earn carry over from year to year, up to two times the annual deductible. For the HDHP option, you must meet your deductible first, before you can use HIA dollars.</p>	<p>Reward dollars earned in your health incentive account are automatically applied to copays and coinsurance once your plan deductible is met. The reward dollars you earn carry over from year to year, up to two times the annual deductible. For the HDHP option, you must meet your deductible first, before you can use HIA dollars.</p>

If You Have an HSA

If you have an HSA

- **Contributions**

All contributions are aggregated and cannot exceed the maximum contribution amount set by the IRS. You may contribute your own money to your account through payroll deductions, or you may make lump sum contributions of any amount at any time, but cannot exceed an annual maximum limit. If you contribute, you can claim the total amount you contributed for the year as a tax deduction when you file your income taxes.

Your own HSA contributions are either tax-deductible or pre-tax (if made by payroll deduction). You receive tax advantages in any case. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum contribution amount set by the IRS. You have until April 15 of the following year to make HSA contributions for the current year.

If you are newly enrolled in a HDHP during Open Season and your effective date is after January 1st or you otherwise have partial-year coverage, you are eligible to fund your account up to the maximum contribution limit set by the IRS, as long as you maintain your HDHP enrollment for 12 months following the last month of the year of your first year of eligibility. If you do not meet this requirement, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.

- **Catch-up contributions**

If you are age 55 or older, the IRS permits you to make additional “catch-up” contributions to your HSA. The allowable catch-up contribution will be \$1,000 in 2015 and beyond. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury Website at www.ustreas.gov/offices/public-affairs/hsa/.

- **If you die**

If you have not named a beneficiary and you are married, your HSA becomes your spouse's; otherwise, your HSA becomes part of your taxable estate.

- **Qualified expenses**

You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, physician prescribed over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase any health insurance other than a Medigap policy. You can no longer contribute to your HSA once you are enrolled in Medicare.

For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS Website at www.irs.gov and click on “Forms and Publications.” Note: Although physician prescribed over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

- **Non-qualified expenses**

You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax, and, if you are under 65 years old, an additional 20% penalty tax on the amount withdrawn.

- **Tracking your HSA balance**

You will receive a periodic statement that shows the “premium pass-through,” withdrawals, and interest earned on your account. In addition, you will receive an Explanation of Payment statement when you withdraw money from your HSA.

- **Minimum reimbursements from your HSA**

You can request reimbursement in any amount. However, disbursements not processed through a debit card transaction or check will be assessed a \$25 disbursement fee.

If You Have an HRA

- **Why an HRA is established**

If you don't qualify for an HSA when you enroll in this HDHP, or you later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA, and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.
- **How an HRA differs**

Please review the chart on page 73 which details the differences between an HRA and an HSA. The major differences are:

 - you cannot make contributions to an HRA
 - funds are forfeited if you leave the HDHP
 - an HRA does not earn interest
 - HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP. FEHB law does not permit qualified medical expenses to include services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.

Section 5. Preventive care

Important things you should keep in mind about these benefits:

- Preventive care services listed in this Section are not subject to the deductible.
- For adult routine physicals and well-child office visits, you must use providers that are part of our network.
- For all other covered expenses, please see Section 5 — *Traditional medical coverage subject to the deductible*.

Benefit Description	You pay
Preventive care, adult	High Option
Routine screenings, such as: <ul style="list-style-type: none"> • Blood tests • Urinalysis • Total Blood Cholesterol • Routine Prostate Specific Antigen (PSA) test — one annually for men age 50 and older • Colorectal Cancer Screening, including <ul style="list-style-type: none"> - Fecal occult blood test yearly starting at age 50 - Sigmoidoscopy screening — every five years starting at age 50 - Colonoscopy screening — every 10 years starting at age 50 • Routine annual digital rectal exam (DRE) for men age 40 and older • Routine well-woman exam including Pap test, one visit every 12 months from last date of service • Routine mammogram - covered for women age 35 and older, as follows: <ul style="list-style-type: none"> - From age 35 through 39, one during this five year period - From age 40 through 64, one every calendar year - At age 65 and older, one every two consecutive calendar years 	In-Network: Nothing Out-of-Network Colonoscopy screening: <i>All charges</i> Other Out-of-Network services: 30%
Well woman care; including, but not limited to: <ul style="list-style-type: none"> • Routine Pap test • Human papillomavirus testing for women age 30 and up once every three years • Annual counseling for sexually transmitted infections • Annual counseling and screening for human immune-deficiency virus • Contraceptive methods and counseling • Screening and counseling for interpersonal and domestic violence 	In-Network: Nothing Out-of-Network: 30%

Section 5. Traditional medical coverage subject to the deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network preventive care is covered at 100% (see page 79) and is not subject to the calendar year deductible.
- The deductible is \$2,000 for self-only enrollment or \$4,000 self and family enrollment. The family deductible can be satisfied by one or more members of the family. The deductible applies to almost all benefits under the Traditional medical coverage.
- You must pay your annual deductible before your Traditional medical coverage begins.
- Under Traditional medical coverage, you are responsible for your coinsurance for covered expenses. Coinsurance applies to services you receive from in- and out-of-network providers.
- When you use network providers, you are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. After your coinsurance, prescription copayments and deductibles total \$4,000 for self-only enrollment or \$8,000 for self and family enrollment in any calendar year, you do not have to pay any more for covered services from network providers. After your coinsurance and deductibles total \$8,000 for self-only enrollment or \$16,000 for self and family enrollment in any calendar year, you do not have to pay any more for covered services from out-of-network providers. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's benefit maximum, or if you use out-of-network providers, and amounts in excess of the Plan allowance). Note that the family out-of-pocket maximum must be met by one or more members of the family before benefits will be paid at 100%.
- In-network benefits apply only when you use a network provider. When a network provider is not available, out-of-network benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about *Coordinating benefits with other coverage*, including with Medicare.

Benefit Description	You pay After the calendar year deductible...
Deductible before Traditional medical coverage begins	
<p>The deductible applies to almost all benefits in this Section. In the You pay column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.</p> <p>After you met the deductible, if you have available funds in your Health Incentive Account, your HIA will pay your out-of-pocket expenses to extent that funds are available.</p>	<p>100% of allowable charges until you meet the deductible of \$2,000 for self-only enrollment or \$4,000 for self and family enrollment</p> <p>In-network: After you meet the deductible, you pay only the coinsurance or copayment for covered services. If you have available funds in your Health Incentive Account (HIA), the coinsurance or copayment will be paid automatically from the funds available in your HIA. If your HIA has been exhausted, you may choose to pay the coinsurance or copayment from your HSA. If your HIA has been exhausted, your HRA will pay the coinsurance or copayment if funds are available.</p>

Deductible before Traditional medical coverage begins - continued on next page

Benefit Description	You pay After the calendar year deductible...
Deductible before Traditional medical coverage begins (cont.)	
	<p>Out-of-network: After you meet the deductible, you pay copayments or coinsurance on our Plan allowance and any difference between our allowance and the billed amount. If you have available funds in your Health Incentive Account (HIA), the coinsurance balance or copayment will be paid automatically from the funds available in your HIA. If your HIA has been exhausted, you may choose to pay the coinsurance or copayment from your HSA. If your HIA has been exhausted, your HRA will pay the coinsurance or copayment if funds are available.</p>
<p>After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.</p>	<p>In-network: After you meet the deductible, you pay only the coinsurance or copayments for covered services. If your HIA has been exhausted, you may choose to pay the coinsurance or copayments from your HSA. If your HIA has been exhausted, your HRA will pay the coinsurance or copayment if funds are available. You may also pay for these expenses out-of-pocket, with your HSA.</p> <p>Out-of-network: After you meet the deductible, you pay copayments or coinsurance on our Plan allowance and any difference between our allowance and the billed amount. If you have available funds in your Health Incentive Account (HIA), the coinsurance balance or copayment will be paid automatically from the funds available in your HIA. Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- A facility charge applies to services that appear in this section if the services are performed in an ambulatory surgical center, outpatient department of a hospital, or an outpatient clinic owned by a hospital.
- The deductible is \$2,000 for self-only enrollment only or \$4,000 self and family enrollment each calendar year. The self and family deductible must be satisfied by one or more family members.
- The deductible applies to all benefits in this section unless we indicate differently.
- After you have satisfied your annual deductible, coverage begins for Traditional medical services.
- Under Traditional medical coverage, you are responsible for your coinsurance for covered expenses. You are also responsible for copayments for eligible prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay After the calendar year deductible...
Diagnostic and treatment services	
Professional services of physicians <ul style="list-style-type: none"> • In physician's office • In an urgent care center • In a convenience care clinic • eVisit • During a hospital stay • In a skilled nursing facility. Limited to 100 days per calendar year combined with Extended care facility admissions. • Office medical consultants • Second surgical opinion 	In-Network: 10% Out-of-Network: 30%

Educational classes and programs	
<p>Lifestyle Modification Program for Reversing Heart Disease - a comprehensive lifestyle modification program designed to assist in the management of coronary artery disease by emphasizing nutritional counseling, therapeutic exercise, stress management techniques, and regular participation in a professionally supervised support group, on an outpatient basis.</p>	In-Network: 10% Out-of-Network: Not covered

Educational classes and programs - continued on next page

Benefit Description	You pay After the calendar year deductible...
Educational classes and programs (cont.)	
<p>Coverage will be provided if patient meets specific benefit eligibility criteria and is certified for participation by his/her attending physician.</p> <p>The program requires a one-year minimum participation commitment and must be provided by a Lifestyle Modification Program participating provider.</p> <p>Coverage is limited to one-time enrollment in the program per lifetime, regardless of whether the patient completes the program. This program is only offered at selected participating sites; class size may be limited.</p>	<p>In-Network: 10%</p> <p>Out-of-Network: Not covered</p>
<p>Nutritional Counseling - the assessment of a person's overall nutritional status followed by the assignment of an individualized diet, counseling, and/or nutrition therapies to treat a chronic illness or condition. Services must be delivered by a dietitian or facility-based program, ordered by a participating physician and offered by a participating provider. Coverage is limited to two visits per calendar year. Also see <i>Medical nutrition therapy</i> under <i>Treatment therapies</i> on page 87.</p>	<p>In-Network: 10%</p> <p>Out-of-Network: 30%</p>
<p>Tobacco Cessation - individual/group telephone counseling provided by UPMC Health Plan (call 1-800-807-0751), and over-the-counter (OTC) and prescription drugs approved by the FDA to treat tobacco dependence. You must have a written prescription from your doctor for all medications, including OTC, in order to obtain coverage. See <i>Prescription drug benefits</i>.</p>	<p>Nothing (No deductible)</p>

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$2,000 for self-only or \$4,000 self and family enrollment. The family deductible can be met by one or more members of the family. The deductible applies to all benefits in this section.
- After you have satisfied your annual deductible, coverage begins for Traditional medical services.
- Under Traditional medical coverage, you are responsible for your coinsurance amounts for covered expenses. You are also responsible for copayments for eligible prescriptions.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e., hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRIOR AUTHORIZATION FOR SOME SURGICAL PROCEDURES.** Please refer to the prior authorization information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Benefit Description	You pay After the calendar year deductible...
Surgical procedures	
<p>A comprehensive range of services, such as:</p> <ul style="list-style-type: none"> • Operative procedures • Treatment of fractures, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies (see <i>Reconstructive surgery</i>) • Surgical treatment of morbid obesity (bariatric surgery) • Insertion of internal prosthetic devices . See 5(a) <i>Orthopedic and prosthetic devices</i> for device coverage information • Voluntary sterilization (e.g., vasectomy) • Treatment of burns <p>Note: Generally, we pay for internal prostheses (devices) according to where the procedure is done. For example, we pay Hospital benefits for a pacemaker and Surgery benefits for insertion of the pacemaker.</p>	<p>In-Network: 10%</p> <p>Out-of-Network: 30%</p>

Benefit Description	You pay After the calendar year deductible...
Surgical procedures (cont.)	
<p><i>Not covered:</i></p> <ul style="list-style-type: none"> • <i>Reversal of voluntary sterilization</i> • <i>Routine treatment of conditions of the foot; see Foot care</i> 	<i>All charges</i>
Reconstructive surgery	
<ul style="list-style-type: none"> • Surgery to correct a functional defect • Surgery to correct a condition caused by injury or illness if: <ul style="list-style-type: none"> - the condition produced a major effect on the member's appearance and - the condition can reasonably be expected to be corrected by such surgery • Surgery to correct a condition that existed at or from birth and is a significant deviation from the common form or norm. Examples of congenital anomalies are: protruding ear deformities, cleft lip, cleft palate, birth marks, and webbed fingers and toes. • All stages of breast reconstruction surgery following a mastectomy, such as: <ul style="list-style-type: none"> - surgery to produce a symmetrical appearance of breasts - treatment of any physical complications, such as lymphedemas - breast prostheses and surgical bras and replacements (see <i>Prosthetic devices</i>) <p>Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the hospital up to 48 hours after the procedure.</p>	<p>In-Network: 10%</p> <p>Out-of-Network: 30%</p>

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area

If you feel you need emergency care and you are able, you should attempt to call your physician to explain the symptoms and provide any other information necessary to help determine the appropriate action. You should go to the nearest emergency facility for the following situations:

- Your doctor tells you to
- You cannot reach your personal physician and you believe that your health is in jeopardy

You have the right to summon emergency help by calling 911, any other emergency telephone number, and a licensed ambulance service without getting any prior approvals.

After your receive emergency room treatment or are admitted to the hospital, contact your personal physician as soon as possible.

Emergencies outside our service area

If you are outside of the Plan's service area (outside of Western Pennsylvania) at the time you need emergency care, you should seek emergency care immediately from the nearest emergency facility.

If you are admitted to the hospital, contact our Member Services Department at 1-877-648-9641 within 48 hours.

Benefit Description	You pay After the calendar year deductible...
Emergency within our service area	
<ul style="list-style-type: none"> Emergency care at a doctor's office Emergency care at an urgent care center Emergency care as an outpatient in a hospital, including doctors' services 	10%
<i>Not covered: Elective care or non-emergency care</i>	<i>All charges</i>

Ambulance	
Professional ambulance service when medically appropriate Note: See 5(c) for non-emergency service	10%
Accidental injury	
Accidental injury	10%

Section 5(e). Mental health and substance abuse benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to all benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition and only when you receive the care as part of a treatment plan that we approve. The treatment plan may include services, drugs, and supplies described elsewhere in this brochure. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan:
 - **Prior authorization:** To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following network authorization processes. Call UPMC Health Plan Behavioral Health Services at 1-888-251-0083 to locate a Plan provider and for assistance with required prior authorization.
 - **Limitation:** We may limit your benefits if you do not obtain a treatment plan.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members, or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Benefit Description	You pay After the calendar year deductible...
Professional services	
<p>We cover professional services by licensed professional mental health and substance abuse practitioners when acting within the scope of their license, such as psychiatrists, psychologists, clinical social workers, licensed professional counselors, or marriage and family therapists.</p> <p>Diagnosis and treatment of psychiatric conditions, mental illness, or mental disorders. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.</i></p>	<p><i>All charges</i></p>

Section 5(f). Prescription drug benefits

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart on page 59.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorization for certain prescription drugs and supplies before coverage applies. Prior approval/authorization must be renewed periodically.
- The deductible is \$2,000 for self only enrollment or \$4,000 self and family enrollment. The family deductible can be satisfied by one or more members of the family. The deductible applies to all benefits in this section.
- After you have satisfied your annual deductible, coverage begins for Traditional medical services, including prescription drugs.
- Your covered prescription expense can be applied toward satisfaction of the deductible.
- Once you've met the deductible, there is no out-of-network coverage for prescription drugs. The prescription drug network is a nationwide network.
- You are responsible for copayments for eligible prescriptions after the deductible is met.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Some drugs may require prior authorization. If a drug requires prior authorization, your doctor must consult with the Plan before prescribing it. Prior authorizations are set on a drug-by-drug basis and require specific criteria for approval based upon FDA and manufacturer guidelines, medical literature, safety concerns, and appropriate use.
- Some drugs may require step therapy. This means that you must try specific medications first before we will cover the drug that requires step therapy. Step therapy is built into the electronic system that checks your medication history. A drug with step therapy will be automatically approved if there is a record that you have already tried the preferred drug(s). If there is no record that you tried the preferred drug(s) in your medication history, your physician must submit relevant clinical information to the UPMC Health Plan Pharmacy Services Department before it will be covered.

There are important features you should be aware of. These include:

- **Who can write your prescription?** A licensed physician or dentist, and in states allowing it, licensed or certified Physical Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them?** Covered prescription drugs obtained from a participating pharmacy will apply toward the deductible. Once you've met the deductible, you must fill the prescription at a participating retail pharmacy or by mail for maintenance and specialty drugs. Participating retail pharmacies include most national chains as well as many independent pharmacies. Call Member Services at 1-877-648-9641 or visit www.upmchealthplan.com/FEHB for assistance in locating a participating pharmacy near you.
- **We use a formulary.** The **Your Choice** formulary applies. If your physician believes a brand-name product is necessary or there is no generic available, your physician may prescribe a brand-name drug from a formulary list. This list of brand-name drugs is a preferred list of drugs that we selected to meet patient needs at a lower cost. Non-preferred brand-name drugs are also included on the formulary, but you will pay a higher copayment for non-preferred brand-name drugs. To request a Pharmacy Benefit Guide, call Member Services at 1-877-648-9641. You can also visit www.upmchealthplan.com/FEHB. UPMC Health Plan makes changes to its formulary each January 1 and July 1. Changes are outlined in a newsletter we will mail to your home. You will be notified by a separate letter if the prescription drug you are taking is affected by a formulary change.

- **These are the dispensing limitations.** Covered prescription drugs obtained at a participating retail pharmacy will be dispensed for a 30 day supply for one copayment or a 90 day supply for three copayments. Controlled substance medications are limited to a 30 day supply. Specialty prescription drugs obtained through the Plan's specialty pharmacy will be dispensed for up to a 30 day supply. Prescriptions for maintenance drugs obtained through the Plan's mail order pharmacy will be dispensed up to a 90 day supply. Medications will be dispensed based on FDA guidelines.

If you travel away from home for an extended period of time, or if you will be traveling outside of the country, consider using mail-order so that you receive a 90 day supply prior to traveling. If you need an emergency supply of medication, call Member Services at 1-877-648-9641.

- **A generic equivalent will be dispensed if it is available,** unless your physician specifically requires a brand-name. If you receive a brand-name drug when a Federally-approved generic drug is available you have to pay the difference in cost between the brand-name drug and the generic. If your physician has specified "Dispense as Written" for a brand name drug when a generic is available, your physician must submit information to UPMC Health Plan stating that the brand name drug is medically necessary and the reasons why the generic equivalent was ineffective. If approved by UPMC Health Plan, you will pay the non-preferred brand name copayment for your brand name medication.
- **Why use generic drugs?** A generic drug is the chemical equivalent of a corresponding brand-name drug. Generic drugs are less expensive than brand-name drugs, so the cost is lower. You can lower your out-of-pocket expense by using generic drugs, when available.
- **When you do have to file a claim.** If you are enrolled in an HRA, you will need to file an HRA reimbursement form until you meet your deductible. Once your deductible is met, you will pay your copayment at the point of purchase. If you are enrolled in an HSA, you can use your debit card or HSA checkbook to pay for your prescription or copayment. Once your deductible is met, if there is a circumstance in which you pay the full cost out-of-pocket, you can be reimbursed by completing a prescription drug reimbursement form. You will be reimbursed 100% of the covered prescription cost less the applicable copayment as long as you used a participating pharmacy. Call Member Services at 1-877-648-9641 or visit www.upmchealthplan.com/FEHB to obtain a prescription drug reimbursement form.

How to use your prescription drug benefits:

If you...	HSA have not yet met the annual deductible	HSA have met the annual self/ self and family deductible	HSA have met the annual out-of-pocket maximum for self/ self and family	HRA have not yet met the annual deductible	HRA have met the annual self/ self and family deductible	HRA have met the annual out-of-pocket maximum for self/ self and family
You must:						
Use a participating pharmacy	yes	yes	yes	yes	yes	yes
Show your UPMC Health Plan identification card at point of purchase	yes	yes	yes	yes	yes	yes
Pay the entire cost of your covered prescription at the point of purchase	yes, you can use your checkbook or debit card	no	no	yes	no	no

Covered medications and supplies (The Your Choice Formulary applies) - continued on next page

Benefit Description	You pay After the calendar year deductible...
Covered medications and supplies (The Your Choice Formulary applies) (cont.)	
<ul style="list-style-type: none"> • <i>Vitamins, nutrients, and food supplements even if a physician prescribers or administers them except as required by the Affordable Care Act. These nutritional foods or formulas are not covered, except as medically necessary formulas that are equivalent to a prescription drug for the treatment of phenylketonuria (PKU) branched-chain ketonuria, galactosemia, and homocystinuria as administered under the direction of a physician.</i> • <i>Non-prescription medicines, except those listed on the Your Choice formulary</i> • <i>Medications prescribed for foreign travel</i> 	<i>All charges</i>

Important telephone numbers:

For questions about your pharmacy benefits and participating retail locations, call UPMC Health Plan at: **1-877-648-9641**

For specialty drug orders, call CuraScript at **1-877-787-6279**.

For mail-order maintenance drug orders, call Express Scripts at **1-877-787-6279**.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payer of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 *Coordinating benefits with other coverage*.
- The deductible is \$2,000 for self-only enrollment or \$4,000 for self and family enrollment. The family deductible can be met by one or more members of the family. The deductible applies to all benefits in this section.
- After you have satisfied your annual deductible, coverage begins for Traditional medical services.
- Under Traditional medical coverage, you are responsible for your coinsurance for covered expenses. You are also responsible for copayments for eligible prescriptions.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with other coverage*, including with Medicare.

Accidental injury benefit	You Pay after the calendar year deductible...
We cover restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth. The need for these services must result from an accidental injury.	In-Network: 10% Out-of-Network: 30%
Dental benefits	
We have no other dental benefits.	

Section 5(h). Special features

Feature	Description
Health Care Concierge Team	<p>You and your family members can call Member Services with questions or concerns. Our Health Care Concierge team delivers fast, personal service, and strives to answer your question on the first call. To speak with a Health Care Concierge, call 1-877-648-9641. Our Health Care Concierge team is available Monday through Friday from 7 a.m. to 7 p.m. and Saturday from 8 a.m. to 3 p.m. TTY/TDD users should call 1-800-361-2629.</p>
Health Incentive Account	<p>You and your family can earn reward dollars in a health incentive account by completing healthy activities throughout the year. These activities have been specially designed by our team of doctors, nurses, nutritionists, exercise physiologists, and behavioral health experts. They will alert you to potential health issues and provide tools to help you address the issues. Here are some of the most popular activities:</p> <ul style="list-style-type: none"> • MyHealth Questionnaire: The confidential health risk assessment, powered by WebMD®, is a 20-minute online survey you take once a year. The results can help you understand your health status and suggest ways to make improvements. You can earn 50 reward dollars if completed in the 90 days of your effective date. You will earn 25 reward dollars if completed after 90 days. • Biometric Screening: This health screening measures your total cholesterol level and glucose level. Your doctor will also check your blood pressure, height, weight, and body mass index (BMI). It is a simple assessment that can be done at your doctor's office, a lab, or some convenience care clinics. Biometric screenings are recommended once every three years. You will earn 25 reward dollars for completing the screening. • Condition or Lifestyle Management Coaching: A health coach for condition management will help you manage a chronic condition so you can live your healthiest life possible. Chronic conditions include heart disease, diabetes, asthma, COPD, and depression. Lifestyle programs include smoking cessation, stress management, physician activity, weight management, and nutrition. You will earn up to 150 reward dollars for completing a condition management program, and up to 145 reward dollars for completing a lifestyle management program. • You will also receive reward dollars for activities you are probably already doing, like having a periodic physical exam, receiving immunizations or health screenings, getting a flu shot, or visiting the dentist. <p>You will find a full list of eligible activities by logging in to MyHealth OnLine, UPMC Health Plan's member website. There are more than 150 activities you can choose from.</p>

	<p>The reward dollars you earn apply to your copayments and coinsurance after your deductible is met. In one plan year, you can earn up to \$250 for self- only coverage or \$500 for self and family coverage. Any unused reward dollars — at a value up to two times your annual deductible —automatically roll over to the next year.</p> <p>The Plan will prorate any mid-year member enrollment deductibles, out-of-pocket costs and Health Incentive Account funds.</p> <p>To learn more about <i>HealthyU</i>, visit www.upmchealthplan.com/FEHB or call a Health Care Concierge at 1-877-648-9641.</p>
MyHealth Health and Wellness	<p>You and your family members have access to <i>MyHealth</i>, A nationally acclaimed health and wellness program. <i>MyHealth</i> guides and motivates you to live your healthiest life possible through online programs, tools, and over-the-phone advice. <i>MyHealth</i> was developed by UPMC, one of the nation's top hospital systems. This gives us in-house expertise in condition management and lifestyle behavior change that no other health plan can match.</p> <p><i>MyHealth</i> includes:</p> <ul style="list-style-type: none"> • <i>MyHealth</i> OnLine • <i>MyHealth</i> Questionnaire • <i>MyHealth</i> Community • Health Coaching • <i>MyHealth</i> Advice Line <p>For detailed descriptions, see below.</p>
MyHealth OnLine	<p><i>MyHealth</i> OnLine is where you can go every day for practical tips, tools, and strategies for better health. You can also find a doctor, view your medical history, and get information on your health plan benefits. The site keeps all your health information, all in one place. At <i>MyHealth</i> OnLine, you can:</p> <p><i>Earn and track your reward dollars</i>, so you know exactly how much you have in your account to spend on health care. (Remember, with <i>HealthyU</i>, you earn reward dollars when you do healthy activities throughout the year.)</p> <p><i>Enjoy discounts and savings</i>: Through <i>MyHealth</i> Community, you'll receive discounts at health-related businesses such as gyms, spas, salons, health food stores, sporting goods stores, and more.</p> <p><i>Manage your health care information</i>: Access your doctor's contact information, plan benefits, research prescription and treatment options, savings information, and view your spending summary and claims. You can even order a new member ID card if you lose it.</p> <p>You can also chat online with a Health Care Concierge or Health Coach, read blogs from health experts, get advice on medical screenings and healthy activities, and set personal goals for managing your health.</p>

	To get the most out of your benefits, log in to MyHealth OnLine at www.upmchealthplan.com/FEHB . To create an account click on Sign Up and use the number on your member ID card to register.
MyHealth Questionnaire	Once you log in to MyHealth OnLine, complete your MyHealth Questionnaire. Not only will you earn reward dollars in your Health Incentive Account, but your answers generate a simple summary of your current health status and customize MyHealth OnLine with activities that benefit you the most.
MyHealth Community	<p>You and your family can receive valuable discounts through MyHealth Community. Show your UPMC Health Plan member ID card at the time of purchase and save at participating businesses that encourage a healthy lifestyle: gyms, spas, salons, dance studios, martial arts schools, health food stores, sporting goods stores and more.</p> <p>For participating facilities throughout western Pennsylvania, visit www.upmchealthplan.com/FEHB, log in to MyHealth OnLine, and select MyHealth Community. Use the online tool to enter your ZIP code and view health and wellness products and services close to your home or work.</p>
Health Coaching	<p>A UPMC Health Plan health coach can get you started on a healthy living plan today.</p> <p>Enroll in one of our proven six-week or eight-week lifestyle or chronic condition coaching programs and earn reward dollars in your Health Incentive Account. A health coach can help you manage a variety of conditions, including asthma, diabetes, hypertension and low back pain. They can also help you lose weight, quit smoking, eat healthier, reduce stress, and make other lifestyle changes to improve your health. You can also choose to do a one-time visit by phone or connect via live chat. Participating in these programs also give you the opportunity to earn reward dollars in your Health Incentive Account.</p> <p>To get started, call a health coach at 1-800-807-0751.</p>
MyHealth Advice Line	For immediate access to free health care advice 24 hours a day, seven days a week call the MyHealth Advice Line at 1-866-918-1591. From general health information to help with a specific sickness or injury, an experienced registered nurse will provide you with prompt and efficient service.
UPMC Anywhere Care	<p>With UPMC Health Plan coverage, provider access becomes almost instantaneous. If you can't see your regular provider right away for such things as flu or cold symptoms, a sore throat, even pink eye or a bad sunburn, now you can e-visit a UPMC provider straight from your computer. Anytime, day or night.</p> <p>It's convenient, affordable, and you don't have to wait. Any prescriptions will be sent to your directly to your local pharmacy.</p> <p>To access UPMC Anywhere Care:</p> <ol style="list-style-type: none"> 1. Log in to UPMC AnywhereCare through MyUPMC.com. 2. Describe your symptoms in a brief questionnaire.

	3. Receive a personalized care plan, and a prescription, if needed, from a UPMC provider — <i>usually within 30 minutes.</i>
Mobile Health Plan Mobile App	When you download this free app to your smartphone, you can: <ul style="list-style-type: none"> • Access your UPMC Health Plan member ID card. • Contact your providers from a personalized list. • Check the status of your claims. • And much more.
Tobacco Cessation	UPMC Health Plan offers the <i>MyHealth Ready to Quit™</i> health coaching program. The program will help you to quit using tobacco with a personal action plan that includes behavior modification strategies and tools based on the latest research. You will also receive reward dollars in your HIA by participating in the program.
Beating the Blues <i>Us</i>	UPMC Health Plan offers Beating the Blues, US™, a free, eight session online program for members who are dealing with stress, mild depression, or anxiety. Making use of cognitive behavior therapy (CBT), Beating the Blues, US is based on the concept that changing your thoughts can change your feelings and behaviors as well. <p>Beating the Blues will show you how to:</p> <ul style="list-style-type: none"> • Better understand your feelings. • Identify negative thoughts, and replace them with more helpful, positive thoughts. • Focus on what is happening right now, rather than on the past. <p>Beating the Blues <i>US</i> is completely confidential and available 24/7, so you can complete the program at your own pace. You will also receive reward dollars in your HIA by participating in the program.</p>
Assist America	UPMC Health Plan offers a travel assistance plan through Assist America, a global emergency assistance program for members who are traveling more than 100 miles from home. Assist America can help locate qualified doctors and hospitals, replace forgotten prescriptions, provide emergency medical evacuation and arrange for transportation so family members can be with injured relatives. Support is accessible 24 hours a day, 365 days a year. For a complete list of Assist America services visit www.assistamerica.com . <p>To receive services, contact Assist America at 1-800-872-1414 in the USA, or at 1-609-986-1234 outside of the USA. The Assist America reference number for UPMC Health Plan members is 01-AA-UP-156243.</p>
Services for Members who have a Hearing Impairment	UPMC Health Plan communicates by telephone with our members who have a hearing impairment through TTY. If you have a hearing impairment, call our TTY number at 1-800-361-2629.
Flexible Benefits Option	Under the flexible benefits option, we determine the most effective way to provide services.

	<ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed- upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).

Care support	<p>Patient safety information is available online at www.upmchealthplan.com/FEHB.</p> <p>Case managers may be contacted by calling Member Services at 1-877-648-9641 and asking to be connected with our care management area.</p>

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines.

Dental Benefits - Limited dental coverage is included with your enrollment in a UPMC Health Plan HMO or HDHP through Avesis. The program provides full benefits for a defined list of preventive dental services. Discounts are available for other dental services. You must use a participating Avesis dental provider in order to obtain preventive care benefits and discounts.

Discounts are based on a fee schedule, which is subject to change. Prior to receiving services, please contact your participating dentist or Avesis to determine what your financial responsibility will be.

You can present your UPMC Health Plan identification card at the time of service. There is no additional enrollment form or ID card needed. A complete listing of participating dentists and a description of the benefits is included in your UPMC Health Plan enrollment packet. You can also visit the Avesis website at <http://www.avesis.com/> or contact UPMC Health Plan by telephone at 1-877-648-9641 for information. Representatives are available Monday through Friday from 7 a.m. to 7 p.m. and Saturday from 8 a.m. to 3 p.m.

UPMC Vision Advantage: Members are eligible for a 20% discount on frames and lenses for glasses when received from a participating provider. 20% discount does not apply to contact lenses. UPMC Vision *Advantage* participants are eligible for discounts on LASIK surgery when received by one of the following preferred providers: UPMC Eye Center, TLC Vision, or QualSight.

UPMC Advantage: If you or a family member is without coverage, UPMC Health Plan offers UPMC *Advantage* for direct purchase. This product is also available to non-FEHB members, such as domestic partners of FEHB members. All prospective purchasers of UPMC *Advantage* can shop for plans during Healthcare Exchange Open Enrollment or may qualify for a Special Enrollment Period, depending on circumstances, outside of this period. UPMC *Advantage* includes coverage for:

- Preventive care
- Physical exams and office visits
- Hospital and emergency services
- Other medical services, including diagnostic, behavioral health and women's care
- Prescriptions drugs

You may learn more about UPMC *Advantage* by visiting www.upmchealthplan.com or healthcare.gov, calling our offices at 1-877-563-0292 or contacting an insurance broker.

Section 6. General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services*.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies in the High Option and Standard Option (see *Emergency services/accidents*)
- Services, drugs, or supplies you receive while you are not enrolled in this Plan
- Services, drugs, or supplies not medically necessary
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants)
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest
- Services, drugs, or supplies related to sex transformations
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program
- Services, drugs, or supplies you receive without charge while in active military service

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs, or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs, or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-participating providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 1-877-648-9641 or at our website at www.upmchealthplan.com/FEHB.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number, and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

**UPMC Health Plan
Claims Department
P.O. Box 2999
Pittsburgh, PA 15230-2939**

Prescription drugs

Submit your claims to:

**UPMC Health Plan
Claims Department
P.O. Box 2999
Pittsburgh, PA 15230-2939**

Other supplies or services

Submit your claims to:

**UPMC Health Plan
Claims Department
P.O. Box 2999
Pittsburgh, PA 15230-2939**

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English version of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and the procedure codes.

Section 8. The disputed claims process

You may be able to appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit www.upmchealthplan.com/FEHB.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Member Services Department by writing to UPMC Health Plan, Claims Department, P.O. Box 2939, Pittsburgh, PA 15230-2939 or 1-877-648-9641.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or part) on medical judgment (i.e. medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgement and who was not involved in making the initial decision.

Our reconsideration decision will not afford deference to the initial decision and will be conducted by a plan representative who is neither the individual who made the initial decision that is subject of the reconsideration, nor the subordinate of that individual.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of the benefits.

Disagreements between you and the HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

1

Ask us in writing to reconsider our initial decision. You must:

- a) Write to us within 6 months from the date of our decision; and
- b) Send your request to us at:

**UPMC Health Plan
Claims Department
P.O. Box 2939
Pittsburgh, PA 15230-2939**

c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and

d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.

e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

2

In the case of a post-service claim, we have 30 days from the date we receive your request to:

- a) Pay the claim or
- b) Write to you and maintain our denial or
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

If you do not agree with our decisions, you may ask OPM to review it.

3

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 1, 1900 E Street, NW, Washington, DC 20415-3610.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 1-877-648-9641. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 1 at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Standard Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You may raise eligibility issues with your Agency personal/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordination of benefits, visit the NAIC website at <http://www.NAIC.org>.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or a similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this Health Plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This Plan covers some of these costs, providing the Plan determines the services are medically necessary. For more specific information. We encourage you to contact us to discuss specific services if you participate in a clinical trial.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan does not cover these costs.

When You have Medicare

What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) for more information.

- **Part B (Medical Insurance).** Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- **Part C (Medicare Advantage).** You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- **Part D (Medicare prescription drug coverage).** There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at www.socialsecurity.gov, or call them at 1-800-772-1213, (TTY: 1-800-325-0778).

• **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number at 1-800-772-1213, (TTY: 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

• **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan — You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 1-877-648-9641 or see our website at www.upmchealthplan.com/FEHB.

Under the Standard Option HMO: If you are enrolled in Original Medicare Parts A and B, member coinsurance is waived if Medicare is your primary payor.

Under the High Option HMO, if Original Medicare is your primary payor then no costs are waived.

You can find more information about how our plan coordinates benefits with Medicare at www.upmchealthplan.com/FEHB.

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare as we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in UPMC Health Plan's Medicare Advantage plan (UPMC *for Life*) and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payer, we process the claim first. If you enroll in Medicare Part D and we are the secondary payer, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓ *	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Calendar year deductible	If you enroll for family coverage, the family deductible must be met by one or more members of the family before any benefits will be paid.
Catastrophic Limits	When you use participating providers, you are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. After your coinsurance, prescription copayments, and deductibles total the out-of-pocket limit, you do not have to pay any more for covered services. There are separate out-of-pocket limits for self-only and family coverage, as well as network and out-of-network expenses. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's benefit maximum, or if you use out-of-network providers, or amounts in excess of the Plan allowance). The family out-of-pocket maximum must be met by one or more members of the family before benefits will be paid at 100%.
Clinical Trial Cost Categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 24.
Copayment	A copayment is a fixed amount of money you pay to the participating pharmacy when you receive covered medications after your deductible is met.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Care that does not require the continuing services of a skilled medical facility or health care professional and which is furnished primarily to provide room and board, education, assistance with the activities of daily living, or other non-skilled care for mentally or physically disabled persons.
Deductible	A deductible is a fixed amount of covered expenses you must incur each year for certain covered services and supplies before we start paying benefits for those services. See page 24.

**Experimental or
investigational service**

Experimental/Investigative is the use of any treatment, service, procedure, facility, equipment, drug, device or supply (intervention), which is not determined by UPMC Health Plan or its designated agent to be medically effective for the condition (including diagnosis and stage of illness) being treated. UPMC Health Plan will consider an intervention to be Experimental/Investigative if, at the time of service:

1. The intervention does not have FDA approval to market for the specific relevant indication(s); or
2. Available scientific evidence and/or prevailing peer review medical literature do not indicate that the treatment is safe and effective for treating or diagnosing the relevant medical condition or illness; or
3. The intervention is not proven to be as safe or as effective in achieving an outcome equal to or exceeding the outcome of alternative therapies; or
4. The intervention does not improve health outcomes; or
5. The intervention is not proven to be able to be replicated outside the research setting.

If an intervention as defined above is determined to be Experimental/Investigative at the time of service, it will not receive retroactive coverage even if it is found to be in accordance with the above criteria at a later date.

Group health coverage

Group health coverage is coverage offered through an employment relationship to employees or former employees of that organization and their eligible dependents or Medicare.

Health care professional

A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

Medical necessity

Medically necessary are services or supplies that are determined to be:

1. Commonly recognized throughout the physician's specialty as appropriate for the diagnosis and/or treatment of the member's condition, illness, disease or injury
2. Provided in accordance with standards of good medical practice and consistent with scientifically based guidelines of medical, research, or health care coverage organizations or governmental agencies that are accepted by UPMC Health Plan
3. Can reasonably be expected to improve an individual's condition or level of functioning; and
4. Is in conformity, at the time of treatment, with medical management criteria/guidelines adopted by UPMC Health Plan or its designee
5. Not provided only as a convenience or comfort measure or to improve physical appearance; and
6. Rendered in the most cost-efficient manner and setting appropriate for the delivery of the health service.

UPMC Health Plan reserves the right to determine in its sole judgment whether a service meets these criteria and will be authorized for payment. Authorization for payment decisions shall be made by UPMC Health Plan with input from the member's PCP, or other physician providing the service. Independent consultation with a physician other than the PCP or attending physician may be obtained at the discretion of UPMC Health Plan.

The fact that a physician or other health care provider may order, prescribe, recommend, or approve a service, supply, or therapeutic regime does not, of itself, determine Medical Necessity and Appropriateness or make such a service, supply, or treatment a Covered Service.

Plan allowance	<p>Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Participating providers accept our plan allowance, so you will be billed no more than the applicable cost-sharing amount when you utilize participating providers.</p> <p>If you are enrolled in the HDHP, you may also obtain services from non-participating providers. If you utilize non-participating providers, you will be responsible for the out-of-network cost-sharing as well as any amounts in excess of the plan allowance.</p>
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Us/We	Us and We refer to UPMC Health Plan.
You	You refers to the enrollee and each covered family member.
Urgent care claims	<p>A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.</p> <p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. <p>Urgent care claims usually involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.</p> <p>If you believe your claim qualifies as an urgent care claim, please contact our Member Service Department at 1-877-648-9641. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.</p>

High Deductible Health Plan (HDHP) Definitions

Calendar year deductible	If you enroll for family coverage, the family deductible must be met by one or more members of the family before any benefits will be paid. The deductible is combined for services received from both network and out-of-network providers.
Catastrophic limit	When you use participating providers, you are protected by an annual catastrophic limit for out-of-pocket expenses for covered services. After your coinsurance, prescription copayments, and deductibles total the out-of-pocket limit, you do not have to pay any more for covered services. There are separate out-of-pocket limits for self-only and family coverage, as well as network and out-of-network expenses. Certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan's benefit maximum, or if you use out-of-network providers, or amounts in excess of the Plan allowance). The family out-of-pocket maximum must be met by one or more members of the family before benefits will be paid at 100%.
Copayment (prescription drugs)	A copayment is a fixed amount of money you pay to the participating pharmacy when you receive covered medications after your deductible is met.
Deductible	A deductible is a fixed expense you must incur each year for covered services and supplies before we start paying benefits for them.
Health Reimbursement Arrangement (HRA)	<p>Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses. If you enroll in the HDHP option and you are not eligible for a Health Savings Account (HSA), an HRA will be provided instead. You can use funds in your HRA to help pay your health plan deductible, and/or for certain expenses that don't count toward the deductible.</p> <p>HRA features include:</p> <ol style="list-style-type: none">1. Entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment2. Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP3. Unused credits carryover from year to year4. HRA credit does not earn interest5. HRA credit is forfeited if you leave Federal employment or switch health insurance plans
Health Savings Account (HSA)	<p>Health Savings Accounts provide a means to help you pay out-of-pocket expenses.</p> <p>By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else's tax return, have not received VA benefits within the last three months, or do not have other health insurance coverage other than another high deductible health plan. In addition to the monthly contribution the HDHP will make to your HSA, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law. You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.</p> <p>There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after-tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.</p>

HSA features include:

1. Your contributions to the HSA are tax deductible
2. Your HSA earns tax-free interest
3. You can make tax-free withdrawals for qualified medical expenses for you, your spouse, and dependents (see IRS publication 502 for a complete list of eligible expenses)
4. Your unused HSA funds and interest accumulate from year to year
5. It's portable — the HSA is owned by you and is yours to keep, even when you leave federal employment or retire
6. When you need it, funds up to the actual HSA balance are available

Premium contribution to HSA/HRA

When you enroll in an HDHP, a monthly contribution will be made to your HSA. If you are not eligible for an HSA, a contribution in the form of an annual credit will be made to an HRA (prorated for length of enrollment).

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no Government contribution.

Important information about three Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as FSAFEDS, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program – FSAFEDS

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSAs) or a limited expense health care spending account (LEX HCFSAs) \$2,500. The maximum annual election for a dependent care flexible spending account (DCFSAs) is \$5,000 per household.

- **Health Care FSA (HCFSAs)** — Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).

FSAFEDS offers paperless reimbursement for your HCFSAs through a number of FEHB and FEDVIP plans. This means that when you or a provider files claims with your FEHB or FEHBVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSAs)** — Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSAs)** — Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSAs.

- If you are a new or newly eligible employee, you have 60 days from your hire date to enroll in an HCFSa or LEX HCFSa and/or DCFSa, but you must enroll before October 1. If you are hired or become eligible on or after October 1, you must wait and enroll during the Federal Benefits Open Season held each fall. FSAFEDS offers paperless reimbursement for your HCFSa through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 1-800-952-0450.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. This program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery and bridges, and prosthodontic services such as complete dentures
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan's brochure for information on this benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/dental and www.opm.gov/vision. These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY: 1-877- 889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337), (TTY 1-800-843-3557), or visit www.ltcfeds.com.

Summary of benefits for the High Option HMO of UPMC Health Plan - 2015

- **Do not rely on this chart alone.** All benefits are provided in full unless indicated and are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside.
- If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.
- We only cover services provided or arranged by Plan physicians, except in emergencies.
- Below, an asterisk (*) means the item is subject to the \$500 self-only/\$1,000 self and family calendar year deductible.

High Option Benefits	You Pay	Page
Medical services provided by physicians*:		
Diagnostic and treatment services provided in the office	10% of the Plan allowance	29
Services provided by a hospital*:		
• Inpatient	10% of the Plan allowance	50

Summary of benefits for the Standard Option HMO of UPMC Health Plan - 2015

- **Do not rely on this chart alone.** All benefits are provided in full unless indicated and are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside.
- If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.
- We only cover services provided or arranged by Plan physicians, except in emergencies.
- Below, an asterisk (*) means the item is subject to the \$750 self-only/\$1,500 self and family calendar year deductible.

Summary of benefits for the HDHP of UPMC Health Plan - 2015

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions in this brochure. On this page we summarize specific expenses we cover; for more detail, look inside. If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

In 2015 for each month you are eligible for the Health Savings Account (HSA), we will deposit \$83 per month for self-only Only enrollment or \$166 per month for self and family enrollment to your HSA. For the HSA, you must use your HSA or pay out of pocket to satisfy your calendar year deductible of \$2,000 for self-only and \$4,000 for self and family. Once you satisfy your calendar year deductible, Traditional medical coverage begins.

For the Health Reimbursement Arrangement (HRA), your health charges are applied to your annual HRA Fund of \$1,000 for self-only and \$2,000 for self and family. Once your HRA is exhausted, you must satisfy your calendar year deductible. Once your calendar year deductible is satisfied, Traditional medical coverage begins.

Below, an asterisk (*) means the item is subject to the calendar year deductible. And, after we pay, you generally pay any difference between our allowance and the billed amount if you use an out-of-network physician or other health care professional.

HDHP Benefits	You Pay	Page
In-network medical and dental preventive care	Nothing	79
Medical services provided by physicians*:	In-Network: 10% Out-of-Network: 30%	84

2015 Rate Information for UPMC Health Plan

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the *Guide to Federal Benefits* for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to Postal Service employees. They are shown in special Guides published for APWU (including Material Distribution Center and Operating Services) NALC, NPMHU, and NRLCA Career Postal Employees (see RI 70-2A); Information Technology/Accounting Services employees (see RI 70-2IT); Nurses (see RI 70-2N); Postal Service Inspectors and Office of Inspector General (OIG) law enforcement employees and Postal Career Executive Service employees (see RI 70-2IN); and non-career employees (see RI 70-8PS).

Postal Category 1 applies to career employees who are members of the APWU, NALC, NPMHU, or NRLCA bargaining units.

Postal Category 2 rates apply to career non-bargaining unit, non-executive, non-law enforcement employees, and non-law enforcement Inspection Service and Forensics employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center
1-877-477-3273, option 5
TTY: 1-866-260-7507

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable *Guide to Federal Benefits*.

Premiums for Tribal employees are shown under the monthly non-postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
