**Important Notice from Calvo's SelectCare Health Plans About
Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that the Calvo's SelectCare prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means that you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage, and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 (TTY: 800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help,
- Call 1-800-MEDICARE (800-633-4227), (TTY): users should call 877-486-2048.

Introduction

This brochure describes the benefits of Calvo's SelectCare, underwritten by Tokio Marine Pacific Insurance (TMPI), under our contract (CS 2928) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 671-477-9808 or through our website: www.calvos.net. The address for Calvo's SelectCare administrative offices is:

Calvo's SelectCare
P.O. Box FJ
Hagatna, Guam 96932

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you are enrolled in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2018, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2018, and changes are summarized on page 14. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Calvo's SelectCare.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 671-477-9808 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

877-499-7295

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise);
 - Your child age 26 or over(unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud includes falsifying a claim to obtain FEHB benefits, or trying to obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. Your provider may bill you for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

Calvo's SelectCare complies with applicable Federal civil rights laws, to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557 Calvo's SelectCare does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex.

Preventing medical mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery
 - How can I expect to feel during recovery?
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you don’t expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

FEHB Facts

Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program** See www.opm.gov/healthcare-insurance for enrollment information as well as:
 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systemsAlso, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:
 - When you may change your enrollment;
 - How you can cover your family members;
 - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
 - When your enrollment ends; and
 - When the next Open Season for enrollment begins.We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

For information on your premium deductions, you must also contact your employing or retirement office.
- **Types of coverage available for you and your family** Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family or Self Plus One enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/insure/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26 th birthday.
Foster children	Foster children are eligible for coverage until their 26 th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26 th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26 th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay. You can find additional information at www.opm.gov/healthcare-insurance.

- **Children’s Equity Act** OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn’t serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2018 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan’s 2017 benefits until the effective date of your coverage with your new plan. Annuitants’ coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends** You will receive an additional 31 days of coverage, for no additional premium, when:
 - Your enrollment ends, unless you cancel your enrollment, or
 - You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

Any person covered under the 31-day extension of coverage who is confined in a hospital or other situation for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31-day temporary extension

You may be eligible for spouse equity coverage or Temporary Continuation coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

- **Upon divorce** If you are divorced from a Federal employee, Tribal employee, or an annuitant, you may not continue to get benefits under your former spouse’s enrollment. This is the case even when the court has ordered your former spouse to provide health coverage to you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse’s employing or retirement office to get information about your coverage choices. You can also visit OPM’s website at www.opm.gov/healthcare-insurance/healthcare/plan-information/.

- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal job or Tribal due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan. as long as you apply within 30 days of losing FEHBP coverage.

The Affordable Care Act Health Insurance Marketplace is not available in our service area.

- **Converting to individual coverage** You may convert to a non-FEHB individual policy if:
 - Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
 - You decided not to receive coverage under TCC or the spouse equity law; or
 - You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and a waiting period will not be imposed and your coverage will not be limited due to pre-existing conditions. When you contact us we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance marketplace in your state. For assistance in finding coverage, please contact us at 671-477-9808 or visit our website at www.calvos.net.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

The Affordable Care Act Health Insurance Marketplace is not available in our service area.

Section 1. How this plan works

This Plan is a health maintenance organization (HMO). OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Calvo's SelectCare holds the following accreditation: Accreditation Association of Ambulatory Health Care. To learn more about this plan's accreditation, please visit the following websites: www.aaahc.org. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. We are solely responsible for the selection of these providers in your area. Contact us for a copy of our most recent provider directory. We give you the choice of enrollment in a High Option or a Standard Option.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

In-Network/Plan Participating Providers

In-Network/Plan Provider means a physician employed by Calvo's SelectCare or any person, organization, health facility, institution or physician who has entered into a contract with Calvo's SelectCare to provide services to our members. Please view or download the most current Calvo's SelectCare Provider Directory at www.calvos.net for the most updated list of Participating Providers.

We encourage you to access your benefits through our Plan/Participating Providers to minimize higher out of pocket expenses for you and your dependents. When you go to a Plan provider, you are assured that your copayments or coinsurance will not be more than the amount shown in this brochure.

Specialty services outside our service area must be prior authorized and approved even if your Plan option has an out-of-network benefit. This is to ensure that these services are covered under your Plan, help you coordinate your care, and minimize your out of pocket expenses. (see Section 3, *You need prior Plan approval for certain services*). Members may coordinate services for their approved referrals with Out-of-Network/Non-Plan/Non-Participating Providers of their choice through their out-of-network benefit. However, because we do not have contracts with out-of-Network/Non-network providers, some **may** require payment from **you** at the time of service. If this occurs, you will need to seek reimbursement from Calvo's SelectCare for the eligible charges (see Section 7 - *Filing a claim for covered services*).

Out-of-Network/Non-Plan/Non-Participating Providers

Out-of-Network/Non-Plan providers means a physician not employed by Calvo's SelectCare or any person, organization health facility, institution, or physician who has not entered into a contract with Calvo's SelectCare to provide services to our members. Because Out-of-Network/Non-Plan providers are not under contract to limit their charges, Members will be held responsible for any charges in excess of eligible charges.

You may go to a Out-of-Network/non-Plan provider; however, the Plan pays a reduced benefit for certain services from Out-of-Network/non-Plan providers. You may have to pay for the services first and file a claim with us in order for the Plan to reimburse you (see Section 7 - *Filing a claim for covered services*). Because Out-of-Network/Non-Plan providers are not under contract to provide specific services, should you decide to go to a Out-of-Network/Non-Plan provider, you may be responsible for coordinating and scheduling services with Out-of-network/Non-Plan providers.

When covered healthcare services are provided outside of the Service Area by Out-of-Network/Non-Plan healthcare providers, the amount you pay for such services will generally be based on either the Out-of-Network/Non-Plan healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you will be liable for the difference between the amount the Out-of-Network/Non-Plan provider bills and the payment we will make for the covered services as set forth in this paragraph. Please be advised that some services may not be covered under your Plan.

In certain situations, we may use other payment bases, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our Service Area and/or by an In-Network provider, or a special negotiated payment, to determine the amount we will pay for services rendered by Out-of-Network/Non-Plan healthcare providers. In these situations, you will be liable for the difference between the amount that the Out-of-Network/Non-Plan healthcare provider bills and the payment we will make for covered services as set forth in this paragraph. Please be advised that some services may not be covered under your Plan.

Preventive care services

Preventive care services are generally covered with no cost-sharing and are not subject to copayments, deductibles or annual limits when received from a network provider in our service area and the Philippines and in accordance with the guidelines set by United States Preventive Services Task Force (USPSTF), the American Academy of Pediatrics, the Health Resources and Services Administration (HRSA), and the Center for Disease Control's (CDC) Advisory Committee on Immunization Practices.

Catastrophic Protection

We protect you against catastrophic out-of-pocket expenses for covered services provided by in-network providers. The IRS limits annual out-of-pocket expenses for covered services, including deductibles and copayments to no more than \$7,350 for Self Only enrollment, and \$14,700 for a Self Plus One or Self and Family enrollment. Your specific plan limits may differ.

The Plan does not have out-of-pocket maximums for any out-of-network covered services.

High Option: After your out-of-pocket expenses for services provided by in-network providers, including any applicable deductibles, copayments and coinsurance total \$2,000 for Self Only, or \$4,000 for a Self Plus One or \$6,000 for Self and Family enrollment in any calendar year, you do not have to pay any more for in-network covered services. ***The maximum annual limitation on cost sharing for in-network services listed under Self Only of \$2,000 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

Standard Option: After your out-of-pocket expenses for services provided by in-network providers, including any applicable deductibles, copayments and coinsurance total \$3,000 for Self Only, or \$6,000 for a Self Plus One or \$8,000 for Self and Family enrollment in any calendar year, you do not have to pay any more for in-network covered services. ***The maximum annual limitation on cost sharing for in-network services listed under Self Only of \$3,000 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

Example Scenario: Your plan has a High Option \$2,000 Self Only maximum out-of-pocket limit for covered services provided by in-network providers, a \$4,000 Self Plus One maximum out-of-pocket limit for covered services provided by in-network providers, and a \$6,000 Self and Family maximum out-of-pocket limit for covered services provided by in-network providers. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$2,000 or more for the calendar year for covered services provided by in-network providers, any remaining qualified medical expenses provided by in-network providers for that individual will be covered fully by your health plan. With a Self Plus One enrollment out-of-pocket maximum of \$4,000, the second family member, or an aggregate of enrollee and designated family member, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of \$4,000 for the calendar year before their qualified in-network medical expenses will begin to be covered in full. With a Self and Family enrollment out-of-pocket maximum of \$6,000, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified in-network medical expenses up to a maximum of \$6,000 for the calendar year before their qualified in-network medical expenses will begin to be covered in full.

High and Standard Options: There is a separate in-network out-of-pocket maximum for prescription drugs. After your out-of-pocket expenses for prescription drugs, including any applicable deductibles, copayments and coinsurance total \$2,000 for Self Only, or \$4,000 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for in-network covered prescription drugs. ***The maximum annual limitation on cost sharing at in-network providers listed under Self Only of \$2,000 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

However, copayments and coinsurance, if applicable for the following services **do not count toward** your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments, coinsurance, and any difference between billed charges and eligible charges for these services:

- Expenses for services and supplies that exceed the stated maximum dollar or day limit
- Expenses from utilizing out-of-network providers
- Expenses for non-covered benefits

Please be advised that the Plan does not have out-of-pocket maximums for any out-of-network covered services.

Be sure to keep accurate records of your coinsurance/copayments to ensure the plan's calculation of your out-of-pocket maximum is reflected accurately.

Your rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Calvo's SelectCare has been operating on Guam for 15 years.
- We are a for-profit organization.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, www.calvos.net. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 671-477-9808, or write to us at P.O. Box FJ, Hagatna, Guam 96932. You may also contact us by fax at 671-477-4141 or visit our website at www.calvos.net.

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website www.calvos.net to obtain a Notice of our Privacy Practices. You can also contact us to request that we mail a you a copy of that Notice.

Your Medical and Claims Records are Confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice.

Our service area is: The island of Guam, the Commonwealth of the Northern Mariana Islands and the Republic of Belau (Palau).

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If your dependent lives out of the service area, he/she must still receive prior approval before being treated by a specialist.

If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2018

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 (*Benefits*) Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

There are no program wide changes for 2018.

Changes to this Plan

Changes to both High and Standard Options

- **Preventive Care Medications** - The Plan is adding coverage for statins to treat cardiovascular disease for adults age 40 to 75 without a copayment as recommended by the United States Preventive Services Task Force (USPSTF) when the following criteria is met:
 - aged 40 to 75 years
 - one or more CVD risk factors (i.e. dyslipidemia, diabetes, hypertension, or smoking); and
 - a calculated 10-year risk of a cardiovascular event of 10% or greater

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 671-477-9808 or write to us at P.O. Box FJ, Hagatna, Guam 96932.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, deductibles, and/or coinsurance. How much you pay depends on whether you use a Plan/Participating provider and facility or non-network provider or facility. If you use your out-of-network program, you can get care from non-Plan providers but it will cost you more.

We look at some or all of the following criteria to determine if a provider is recognized and approved by us:

- Is the provider accredited by a recognized accrediting agency?
- is the provider appropriately licensed?
- Is the provider certified by the proper government authority?
- Are the services rendered within the lawful scope of the provider's respective licensure, certification, and/or accreditation?

Medicare beneficiaries may only receive covered services at a Plan participating Medicare-contracted facility in Guam, Saipan, Hawaii, and the Continental United States. Medicare eligible care and services which are rendered at a facility which is not a Medicare contracted facility, or which is rendered by a physician who is not a Medicare contracted physician will not be covered.

• In-network/Plan providers

In-Network/Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential In-Network/Plan providers according to national standards.

We list In-Network/Plan providers in the provider directory, which we update periodically. The list is also on our website.

• In-Network/Plan facilities

In-Network/Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.

• Out-of-Network/Non-Plan providers

Out-of-Network/Non-Plan providers are physician and other health care professionals who are not under contract with this Plan. You can get care from Out-of-Network/non-Plan providers, but it will likely cost you more.

Certain services **always require prior approval**, regardless of whether they are rendered in-network or out-of-network (see Section 3 *You need prior Plan approval for certain services*). If you self-refer to a provider and/or facility for services which require prior authorization, those services will not be covered.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care.

- **Primary care**

Your primary care physician can be a family practitioner, internist, obstetrician/gynecologist, or pediatrician for children under 18 years of age . Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals. The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for return visits unless your primary care physician gives you a referral. However, you may see an OB/GYN within our provider network without a referral.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - Terminate our contract with your specialist for other than cause; or
 - Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program Plan; or
 - Reduce our service area and you enroll in another FEHB Plan,

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are hospitalized when your enrollment begins

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 671-477-9808. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center;
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your primary care physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other Services*.

The pre-service claim approval process for services is detailed in this Section. A pre-service claim is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires pre certification or prior approval and (2) will result in a denial or reduction of benefits if you do not obtain precertification or prior approval.

• **Inpatient hospital admission**

Precertification is the process by which - prior to your inpatient hospital admission - we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

• **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. You must obtain prior authorization for:

- Allergy testing and allergy serum
- All diagnostic and surgical procedures performed in a surgical facility
- Audiological exams
- Bariatric surgery
- Bone density studies
- Certain drugs listed in our Prescription Drug Formulary (see Section 5(f))
- Chemotherapy Agents
- CT scans
- Durable medical equipment
- Genetic Testing
- Growth Hormone Therapy (GHT)
- Home Health services
- Hospitalization
- Infertility Services and Infertility Drugs
- MRIs
- Non-routine mammograms
- Off-island services (except for preventive service) and consultations
- Oncology consultations
- Orthopedic, Prosthetic, and Implantable devices
- Out-of-area hospitalization

- Plastic/reconstructive consultation and procedures
- Therapy treatments beyond five (5) sessions - occupational therapy, physical therapy, speech therapy
- Podiatry consultations and procedures
- Sleep studies
- Specialty care referrals, consultations and procedures
- Transplants
- Ultrasounds, sonograms including echocardiogram
- Other procedures including colonoscopy and endoscopy (except for preventive services)

Emergency services do not require pre certification. However, you or your family member must notify the Plan within 48 hours, or as soon as is reasonably possible, in order for the services to be covered.

The list of services requiring prior approval may change periodically. To ensure your treatment or procedure is covered, call us at 671-477-9808.

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, or your representative, must call us at 671-477-9808 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay

• **Non-urgent care claims**

For non-urgent care claims, we will then tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e. when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is and urgent care claims by applying the judgement of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 671-477-9808. You may also call OPM's Health Insurance 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 671-477-9808. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must contact us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

Failure to obtain prior approval may result in a denial of benefits if the services or devices do not meet Calvo's SelectCare payment determination criteria.

Circumstances beyond our control

Under certain circumstances such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within six months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay, or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply, or
2. Ask you or your provider for more information. You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days. If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within six months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file and appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for covered care:

Coinsurance	<p>Coinsurance is the percentage of our allowance that you must pay for your care.</p> <p>Example: In our Plan, you pay 30% of eligible charges and any difference between eligible charges and billed charges for out-of-network services.</p>
Copayments	<p>A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.</p> <p>Example: When you see your primary care physician, you pay a copayment of \$15 per office visit, and when you go in the hospital, you pay \$200 per admission.</p>
Cost-sharing	<p>Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.</p>
Deductible	<p>A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.</p> <ul style="list-style-type: none">• In-network - No deductible.• Out-of-network - The calendar year deductible is \$500 per person under the High and Standard Option. Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expenses applied to the calendar year out-of-network deductible for your enrollment reach \$500 under High and Standard Option. Under a Self Plus One enrollment, the deductible is considered satisfied and benefits are payable for you and one other eligible family member when the combined covered expenses applied to the calendar year out-of-network deductible for your enrollment reach \$1,000 under High and Standard Option. Under a Self and Family enrollment, the deductible is considered satisfied and benefits are payable for you and one other eligible family member when the combined covered expenses applied to the calendar year out-of-network deductible for your enrollment reach \$1,500 under High and Standard Option. <p>A Calvo's SelectCare deductible claim form should be filled out immediately and kept safe to ensure accurate and complete information on all doctors, lab or pharmacy visits. It is your responsibility to track and submit deductible expenses (e.g. encounter tickets, invoices, receipts) and the required documentation. All claims forms should be submitted to the Calvo's SelectCare Customer Service Department.</p>
Eligible Charges	<p>For most medical services, we calculate our payment and your copayment/coinsurance based on eligible charges. The eligible charge is the lower of either the provider's actual charge or the amount we established as the <i>maximum allowable fee</i>.</p> <p>Non-plan providers are not under contract to limit their charges to our eligible charges. You are responsible for any charges in excess of eligible charges.</p>
Your catastrophic protection out-of-pocket maximum	<p>High Option: After your medical copayments and coinsurance for in-network covered services total \$2,000 for self only or \$2,000 per person for Self Plus One or \$6,000 per Self and Family enrollment in any calendar year, you do not have to pay any more for in-network covered medical services. However, please note that the Plan does not have out-of-pocket maximums for any out-of-network services.</p> <p>Standard Option: After your medical copayments and coinsurance for in-network covered services total \$3,000 for self only or \$3,000 per person for Self Plus One or \$8,000 per Self and Family enrollment in any calendar year, you do not have to pay any more for in-network covered medical services. However, please note that the Plan does not have out-of-pocket maximums for any out-of-network services.</p>

There is a separate out-of-pocket maximum for prescription drugs. After your prescription copayments and coinsurance at in-network pharmacies total \$2,000 for Self only or \$2,000 per person for Self Plus One or \$4,000 per family enrollment in any calendar year, you do not have to pay any more for covered prescription drugs at in-network pharmacies.

Be sure to keep accurate records of your copayments/coinsurance. We will also keep records of your in-network coinsurance/copayments and track your in-network catastrophic protection maximums.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

When Government Facilities Bill Us

Facilities of the Department Government Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from for certain services and supplies they provide to you or a family member. They may not seek more than the governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

High and Standard Option Benefits

See page 14 for how our benefits changed this year. Page 91 is a benefits summary of the High and Standard options. Make sure that you review the benefits that are available under the option in which you are enrolled.

Section 5. High and Standard Option Benefits Overview	24
Section 5(a). Medical services and supplies provided by physicians and other health care professionals.....	28
Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals	44
Section 5(c). Services provided by a hospital or other facility, and ambulance services	54
Section 5(d). Emergency services/accidents	57
Section 5(e). Mental health and substance misuse disorder benefits.....	59
Section 5(f). Prescription drug benefits	61
Section 5(g). Dental benefits.....	65
Section 5(h). Wellness and Other Special features	66
Summary of benefits for the High and Standard Option of Calvo's SelectCare - 2018.....	91

Section 5. High and Standard Option Benefits Overview

This Plan offers High and Standard Options. Both options are described in this Section. Make sure that you review the benefits that are available under the Option in which you are enrolled.

Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the General exclusions in **Section 6**; they apply to the benefits in the following subsections.

To obtain claim forms, claims filling advice, or more information about High and Standard Option benefits, contact us at 671-477-9808 or at our Website at www.calvos.net.

Each option offers unique features.

Benefit Description	You pay	
	High	Standard

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The services listed below are for the charges billed by a physician or other health care professional for medical services and supplies. See Section 5(b) for charges associated with surgical and anesthesia services provided by physicians and other health care professionals. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services the Plan does have a calendar year deductible of \$500 for Self Only and \$1,500 for Self Plus One and Self and Family enrollment.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services, the Plan does have a calendar year deductible of \$500 per person (\$1,000 per Self Plus One enrollment or \$1,500 per Self and Family enrollment).

YOUR PHYSICIAN MUST GET PRIOR PLAN APPROVAL FOR SURGICAL PROCEDURES. Please refer to the precertification and prior approval information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification and prior approval.

Benefit Description	You pay	
	High	Standard
Surgical procedures		
A comprehensive range of services, such as: <ul style="list-style-type: none"> • Operative procedures • Treatment of fractures, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Circumcision - up to 90 days from date of birth • Removal of tumors and cysts • Correction of congenital anomalies (<i>Reconstructive surgery</i>) • Surgical treatment of morbid obesity (bariatric surgery); surgery is limited to Roux-en-Y bypass and vertical banded gastroplasty • Insertion of internal prosthetic devices . Section 5(c). Services provided by a hospital or other facility, and ambulance services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care and you must be hospitalized in a Plan facility.
- Be sure to read Section 4, *Your costs for covered services* for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services, the Plan does have a calendar year deductible of \$500 per person (\$1,000 per Self Plus One enrollment or \$1,500 per Self and Family enrollment).

YOUR PHYSICIAN MUST GET PRECERTIFICATION OF HOSPITAL STAYS. Please refer to Section 3 to be sure which services require precertification.

Section 5(d). Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services, the Plan does have a calendar year deductible of \$500 per person (\$1,000 per Self Plus One enrollment or \$1,500 per Self and Family enrollment).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

An emergency medical condition is a medical condition so severe that a prudent layperson could reasonably expect that the lack of immediate medical attention would result in (a) placing the patient's health in serious jeopardy, (b) seriously impairing the patient's physical or mental functions, or (c) seriously impairing any of the patient's bodily organs or parts. Medical emergencies include heart attacks, cardiovascular accidents, loss of consciousness or respiration, convulsions, and such other acute conditions that we determine to be medical emergencies.

What to do in case of emergency: In a life or limb threatening emergency, call 911 or go to the nearest hospital emergency room or other facility for treatment. You do not need authorization from your primary care physician (PCP) before you go. A true emergency is covered no matter where you are.

Emergencies within our service area: If you receive emergency care within our service area that results in your hospitalization, you must contact the Calvo's SelectCare Customer Service Department at 671-477-9808 within 48 hours unless it was not reasonably possible to do so.

When you are sick or injured, you may have an urgent care need. An urgent care need is one that requires prompt medical attention, but is not a medical emergency. When you need urgent care while you are in our service area, call your PCP. Your PCP can assess the situation and decide what type of care you need. Ask your PCP about after-hours and "on-call" procedures now, before you need these services. If you PCP's office is closed, you may access a clinic that provides urgent care services or an urgent care center.

Emergencies outside our service area: If you receive emergency or urgency care outside our service area, you must contact the Calvo's SelectCare Customer Service department at 671-477-9808 within 48 hours, unless it was not reasonably possible to do so, to let us know what has happened and where you went for care.

Benefit Description	You pay	
	High	Standard
Emergency care at a doctor's office	\$15 copayment per doctor's office visit	20% coinsurance per doctor's office visit
Emergency care as an outpatient at a hospital, including doctor's services	\$100 copayment per emergency room visit	20% coinsurance per emergency room visit

Section 5(e). Mental health and substance misuse disorder benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services, the Plan does have a calendar year deductible of \$500 per person (\$1,000 per Self Plus One enrollment or \$1,500 per Self and Family enrollment).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment in favor of another.

Benefit Description	You pay	
Professional services	High	Standard
<p>When part of a treatment plan we approve, we cover professional services by a licensed professional mental health and substance misuse disorder practitioners when acting within the scope of their license, such as psychiatrists, psychologists, clinical social workers, licensed professional counselors, or marriage and family therapists.</p> <p>Diagnosis and treatment of psychiatric conditions, mental illness, or mental disorders. Services include:</p> <ul style="list-style-type: none"> • Diagnostic evaluation • Crisis intervention and stabilization for acute episodes • Medication evaluation and management (pharmacotherapy) • Psychological and neuropsychological testing necessary to determine the appropriate psychiatric treatment • Treatment and counseling (including individual or group therapy visits) • Diagnosis and treatment of alcoholism and drug misuse, including detoxification, treatment and counseling • Professional charges for intensive outpatient treatment in a provider's office or other professional setting • Electroconvulsive therapy 	<p>Your cost-sharing responsibilities are no greater than for other illnesses or conditions.</p>	<p>Your cost-sharing responsibilities are no greater than for other illnesses or conditions.</p>

Benefit Description	You pay	
Diagnostics	High	Standard
<ul style="list-style-type: none"> • Outpatient diagnostic tests provided and billed by a licensed mental health and substance misuse disorder practitioner • Outpatient diagnostic tests provided and billed by a laboratory, hospital or other covered facility • Inpatient diagnostic tests provided and billed by a hospital or other covered entity 	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.
Inpatient Hospital or other covered facility	High	Standard
<p>Inpatient services provided and billed by a hospital or other covered facility</p> <ul style="list-style-type: none"> • Room and board, such as semiprivate or intensive accommodations, general nursing care, meals and special diets, and other hospital services 	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.

<p>Outpatient services provided and billed by a hospital or other covered facility</p> <ul style="list-style-type: none"> • Services in approved treatment programs, such as partial hospitalization, half-way house, residential treatment, full-day hospitalization, or facility-based intensive outpatient treatment 	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.
<p><i>Not covered:</i></p> <p><i>Services that require pre-authorization but are not pre-authorized before the services are rendered.</i></p>	<i>All charges</i>	<i>All charges</i>

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians **obtain prior approval / authorizations for certain prescription drugs and supplies** before coverage applies. Prior approval/authorization must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- The Plan does not have a calendar year deductible for in-network covered services. However, for out-of-network covered services, the Plan does have a calendar year deductible of \$500 per person (\$1,000 per Self Plus One enrollment or \$1,500 per Self and Family enrollment).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication. Your provider must obtain prior approval for certain drugs (see Section 3 *You need prior Plan approval for certain services*)
- **Where you can obtain them.** You must fill the prescription at a plan pharmacy, or by mail for a maintenance medication.
- **We use a formulary.** The Calvo's SelectCare Formulary is a list of prescription drugs that Plan physicians use as a guide when prescribing medications for patients. The list of name brand and generic drugs includes a preferred list of drugs that have been selected to meet patients' clinical and financial needs. The formulary plays an important role in providing safe, effective and affordable prescription drugs to Calvo's SelectCare members. It also allows us to work together with physicians and pharmacies to ensure that our members are getting the drug therapy they need. Certain drugs require prior authorization from the Plan. A Plan physician may initiate the prior authorization request simply by phoning, faxing, or emailing the request. Discuss your options with your physician when you need a new prescription.
- **These are the dispensing limitations.** Prescription drugs will be dispensed for up to a 30-day supply or one commercially prepared unit per copayment (i.e. one inhaler, one vial of ophthalmic medication, one tube of ointment). For drugs that could be habit forming, the prescription unit is set at a smaller quantity for the protection and safety of our members.
- **A generic equivalent will be dispensed if it is available**, unless your physician specifically requires a name brand. If you receive a name brand drug when a Federally-approved generic drug is available, and your physician has not specified Dispensed as Written for the name brand drug, you have to pay the non-formulary copayment.
- Updating of prior authorizations may be required. Clinical edits (limitations) can be used for safety reasons, quantity limitations and benefit plan exclusions and may require prior authorization.
- Prescription drugs can also be obtained through the mail order program for up to a 90-day supply of oral medication: six vials of insulin or three commercially prepared units (i.e. inhaler, vials of ophthalmic medication, or topical ointments or creams). Call 1-800-881-1966 for mail order customer service. You pay **one** copayment for a 90-day supply of medication through mail order.
- For **prescription drugs purchased at overseas pharmacies**, reimbursement is limited to a 30-day supply. Members are responsible for coinsurance. Drugs purchased overseas must be the equivalent to drugs that by Federal law of the United States require a prescription. To file a claim for covered drugs and supplies you purchase from pharmacies outside the United States, Guam, and the Commonwealth of the Northern Mariana Islands, send a completed Calvo's Selectcare Deductible / Reimbursement Form, along with an original prescription, official itemized pharmacy receipts to: Calvo's SelectCare, P.O. Box FJ, Hagatna, Guam 96932 or submit to our office at 115 Chalan Santo Papa, Hagatna, Guam 96910. Reimbursement requests must be submitted within 90 days of the service.

Why use generic drugs? Generic drugs on the formulary are the therapeutically equivalent to the brand name drugs and are less expensive. You may reduce your out-of-pocket costs by choosing to use a generic drug.

When you do have to file a claim. Refer to Section 7 *Filing a claim for covered services*

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary. If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 *Coordinating Benefits with other coverage*.
- Plan dentists must provide or arrange your care.
- The Plan does not have a calendar year deductible for in-network covered dental services.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Service	You Pay

<p>We have no other dental benefits.</p>		

Section 5(h). Wellness and Other Special features

Feature	Description
<p>Flexible benefits option</p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for a stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. <p>Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).</p>
<p>Airfare Benefit</p>	<p>The airfare benefit applies when a member has a catastrophic illness which requires Qualified Medical Treatment or Procedures that are not available on Guam. This benefit cannot be used in conjunction with the Travel Benefit.</p> <p>When approved in advance by Calvo’s SelectCare, the Airfare Benefit specifically covers the economy round-trip airfare for the member, a companion, and a medical attendant, if required. If the member qualifies for the Airfare Benefit, Calvo’s SelectCare will only pay or reimburse the member the actual cost or the lowest medical economy rate, whichever is lower. Airfare penalties are excluded from this benefit.</p> <p>The Plan will only pay charges under this benefit if the proposed services are performed at direct-contracted Network Providers AND if the proposed services meet one of the following Qualifying Conditions / Procedures: Open Heart Surgery, Oncology Surgery, Aneurysmectomy, Pneumectomy, Intra-cranial Surgery, Acute Leukemia, Gamma Knife Surgery, NICU level III care.</p> <p><u>FEHB Members covered by Medicare:</u> Medicare beneficiaries may only receive services at a Plan participating Medicare-contracted facility in Guam, Saipan, Hawaii, and the Continental United States. Medicare eligible care and services which are rendered at a facility which is not a Medicare contracted facility, or which is rendered by a physician who is not a Medicare contracted physician will not be covered. FEHB members with Medicare as their primary payer are only eligible for the Airfare Benefit to direct-contracted Network providers in the Continental United States.</p> <p>For more information about this benefit, contact Calvo's SelectCare Customer service at (671) 477-9808.</p>

Feature	Description
<p>Travel Benefit</p>	<p>For pre-authorized, elective, in-patient or out-patient</p> <ul style="list-style-type: none"> • Surgical procedures • High-level specialist consultations (including but not limited to cardiology, oncology, hepatology, hematology, neurology, orthopedics, etc.) • High-level radiology diagnostic services (including but not limited to PET scans, MRIs, etc.) <p>at participating providers in the Philippines, excluding emergencies, preventive services, home health, hospice or maternity-related services, Calvo's SelectCare offers a travel benefit of up to \$500 per member (one travel benefit per member per year) on a reimbursement basis and to be applied toward the cost of round-trip airfare between Guam and Manila, Philippines or ground transportation between airport and the hospital or lodging in Manila during the same time period as the procedure / consultation / diagnostic service. This benefit cannot be used in conjunction with the Airfare Benefit. Benefit is limited to one (1) travel benefit per member per year.</p> <p>In order for the procedure, service or specialist consultation to be authorized, the following are required:</p> <ul style="list-style-type: none"> • Referrals and medical notes from primary care providers (or specialists, if applicable) to determine medical necessity • Must meet medical necessity criteria and • Approval request must be submitted to and approved by Plan before departure to the Philippines <p>Upon return from the Philippines, the documents that members must submit to Calvo's SelectCare for reimbursement are the following:</p> <ul style="list-style-type: none"> • Completed reimbursement form • Pre-authorization document • Letter of authorization from Plan's Philippine offices, and • Receipts for airfare or lodging or transportation which clearly detail dates of travel / stay / transfers, amounts paid, and names of persons who made payments <p>Members are responsible for making their travel arrangements. Members are also responsible for any transportation and lodging expenses in excess of \$500 and any penalties/fees incurred due to member changes. Calvo's SelectCare will reimburse members up to the \$500 allowance under this travel benefit.</p> <p><u>FEHB members covered by Medicare:</u> Medicare beneficiaries may only receive services at a Plan participation Medicare-contracted facility in Guam, Saipan, Hawaii, and the continental United States. Medicare eligible care and services which are rendered at a facility which is not a Medicare contracted facility or which is rendered by a physician who is not a Medicare contracted physician will not be covered. FEHB members with Medicare as their primary payer are not eligible for the Travel Benefit to Manila.</p>
<p>Wellness Incentives</p>	<p>Calvo's SelectCare provides a program that offers members the encouragement and rewards to help members, 18 years old and above, improve or maintain their health. The Plan offers multiple wellness incentives that will allow members to earn up to a maximum value of \$200 per enrollee and \$400 for self plus one and self and family per benefit year. Earned Incentive amounts will be applied to a Calvo's SelectCare Wellness Debit Card and can only be used for qualified medical expenses.</p>

	<p>Incentives in the form of gift cards are limited to \$75 per individual or \$200 per family per benefit year. Qualifying activities must be completed within the benefit year. Incentive rewards include the following:</p> <ul style="list-style-type: none"> • Auto-substantiated debit card for qualified medical services payments <p>Incentive amounts will be calculated 60 days after the end of the current policy period and application to debit card accounts will be made within 30 days after the calculation date. Members must complete a claim reimbursement form and submit to Calvo's SelectCare along with proper documentation in order to claim benefit. Claims must be submitted to us no later than 90 days after the end of the policy period</p>
<ul style="list-style-type: none"> • Health Risk Assessment 	<p>Completion of the SelectCare Online Health Risk Assessment (HRA) by covered adults, age 18 and older, once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Biometric Testing Incentive 	<p>Completion of biometric screening (weigh, blood pressure, glucose, cholesterol and Body Mass Index) by covered adults, age 18 and older, once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Diabetes Wellness Incentive 	<p>Annual physician office visit for diabetes with HgbA1c, LDL C and annual eye exam testing by covered individuals with Diabetes Type 2, once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Cardiovascular Wellness Incentive 	<p>Annual physician office visit for cardiovascular conditions with LDL C testing by adults, age 18 and older, once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Breast Cancer Screening Incentive 	<p>Annual physician office visit for women, ages 42-69, for breast cancer and screening mammogram once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Colorectal Cancer Screening Incentive 	<p>Annual physician office visit for colorectal cancer for ages 50 and above with any of the following services: colonoscopy, sigmoidoscopy and fecal occult blood test once per benefit year.</p> <p>High Option: \$25</p> <p>Standard Option: \$25</p>
<ul style="list-style-type: none"> • Cervical Cancer Screening Incentive 	<p>Annual physician office visit for cervical cancer for women, ages 21 -64, with pap smear once per benefit year.</p>

	High Option: \$25 Standard Option: \$25
<ul style="list-style-type: none">• Smoking Cessation Program Incentive	Completion of SelectCare's Smoking Cessation Program by adults, age 18 and older, once per benefit year. High Option: \$25 Standard Option: \$25

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 671-477-9808 or visit their website at www.calvos.net.

Air Ambulance Discount	A fifty percent (50%) discount is offered for air ambulance transportation services from Guam, the CNMI, and Palau to the Philippines, Japan, Taipei, or Honolulu for certain qualifying medical conditions. Pre-arrangements must be made with the plan and the air ambulance company.
Gym Membership	Calvo's SelectCare provides 100% coverage of the cost of gym memberships (subscribers and dependents) only at partner fitness centers . Coverage is limited to benefit year (January to December 2017). Members are limited to enrolling in one partner gym per year.
Calvo's Lifestyle Club Membership	The Lifestyle Club is a Membership Rewards Program for Calvo's SelectCare FEHB members (subscriber only). Members enjoy benefits and discounts from participating shopping, dining, gym, gas partners. Go to www.calvosinsurance.com for more information about the program.
Supplemental Dental Coverage	Calvo's SelectCare offers a dental plan to supplement the dental coverage provided in the Calvo's SelectCare FEHB plan option you have selected. Supplemental dental coverage will be coordinated with your FEHB dental coverage. The supplemental dental plan provides coverage as follows:

Supplemental Dental Benefits	Member Pays	
Covered Services	In-network	Out-of-network
DEDUCTIBLE	Nothing	Nothing
RESTORATIVE SERVICE Routine fillings (silver amalgam and anterior composite). Posterior composites are not covered, however, an allowance for a comparable silver amalgam restoration will be made. The difference in fees is the member's responsibility.	20% coinsurance of covered charges	60% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges
SIMPLE EXTRACTIONS Simple non-surgical extractions of fully erupted teeth only. Extractions solely for purposes of orthodontic treatment are not covered. Surgical extractions of unerupted or impacted teeth and general anesthesia are not covered.	20% coinsurance of covered charges	60% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges
ENDODONTICS Complete root canal therapy (including pulpectomy and intra-operative radiographs), pulpotomy and pulpal therapy	20% coinsurance of covered charges	60% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges

Covered Services - continued on next page

Occlusal guards are not covered.</p>	50% coinsurance of covered charges	75% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges
<p>SEDATION</p> <ul style="list-style-type: none"> • General anesthesia when specifically recommended by the dentist as a necessity • Nitrous oxide or analgesia for member under 13 years old 	20% coinsurance of covered charges	40% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges
<p>ORAL SURGERY</p> <ul style="list-style-type: none"> • Surgery for impacted teeth and complicated extractions 	20% coinsurance of covered charges	60% coinsurance of Usual, Customary, and Regular (UCR) charges plus and difference between UCR charges and billed charges
<p>ORTHODONTICS</p>	\$1,500 Lifetime maximum payable to provider in quarterly installments of \$187.50	All charges

Dental Plan Maximum - The supplemental dental plan will pay a maximum benefit of \$1,500 per member per calendar year.

Supplemental Dental Plan Premiums:

Self Only: \$39.00 per month
 Self Plus One: \$78.00 per month
 Self and Family: \$123.50 per month

Effective Dates:

New medical plan enrollees: 1st day of the first pay period of the year to December 31
 Current members: January 1 to December 31

Notes:

- Members are "locked in" for the full benefit year except in non-payment situations.
- Non-payment will result in termination of coverage.
- For automatic deductions pre-payment is deducted on the 30th day of the previous month (e.g., coverage starting in January 2018 will be deducted on December 30, 2017.)

For more information on payment arrangements and enrollment please see the Calvo's SelectCare Supplemental Dental Plan brochure.

Section 6. General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-plan providers except for authorized referrals or emergencies (see *Emergency services/accidents*);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service;
- Services or supplies furnished by yourself, immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage or adoption.

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs, or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 671-477-9808.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN);
- Receipts, if you paid for your services;
- Medical records

Mail your claims to: Calvo's SelectCare Customer Service, P.O. Box FJ, Hagatna, Guam 96932

Or

Submit your claims at: Calvo's SelectCare Customer Service, 115 Chalan Santo Papa, Hagatna, Guam 96910

Prescription drugs

Mail your claims to: Calvo's SelectCare Customer Service, P.O. Box FJ, Hagatna, Guam 96932

Or

Submit your claims at: Calvo's SelectCare Customer Service, 115 Chalan Santo Papa, Hagatna, Guam 96910

Other supplies or services

Mail your claims to: Calvo's SelectCare Customer Service, P.O. Box FJ, Hagatna, Guam 96932

Or

Submit your claims at: Calvo's SelectCare Customer Service, 115 Chalan Santo Papa, Hagatna, Guam 96910

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The disputed claims process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situation in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7, and 8 of this brochure, please visit www.calvos.net.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing us at Calvo's SelectCare Customer Service, P.O. Box FJ, Hagatna, Guam 96932 or calling our Customer Service Department at 671-477-9808.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgement (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgement and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

- 1** Ask us in writing to reconsider our initial decision. You must:
 - a) Write to us within 6 months from the date of our decision; and
 - b) Send your request to us at Calvo's SelectCare Customer Service Department, P.O. Box FJ, Hagatna, Guam 96932; and
 - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
 - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
 - e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us our email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

- 2** In the case of a post-service claim, we have 30 days from the date we receive your request to:
 - a) Pay the claim; or
 - b) Write to you and maintain our denial; or
 - c) Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

If you do not agree with our decision, you may ask OPM to review it.

3

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after your first wrote to us--if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim; and
- Your daytime phone number and the best time to call
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 671-477-9808. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Worker's Compensation programs if you are receiving Worker's Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under any other health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at www.calvos.net.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums). For information on suspending your FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Worker's Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgement, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connections with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgement, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone at 877-888-3337, (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs - costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy.
- Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.
- Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

- **What is Medicare?**

Medicare is a Health Insurance Program for:

- People 65 years of age or older;
- Some people with disabilities under 65 years of age; and

- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We do not offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for Medicare prescription drug plan is available. For more information about this extra help, visit Social Security Association online at www.socialsecurity.gov, or call them at 800-772-1213 (TTY: 800-325-0778).

• **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 800-772-1213 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within eight months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

• **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payer, we process the claim first.

When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 671-477-9808 or see our Web site at www.calvos.net.

We waive some costs if the Original Medicare Plan is your primary payor - We will waive some out-of-pocket costs as follows:

- Medical services and supplies provided by physicians and other health care professionals
- Outpatient surgery

Please review the following table. It illustrates your cost share if you are enrolled in Medicare Part B. Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare's assignment.

Benefit Description

	Member Cost without Medicare	Member Cost with Medicare Part B
Deductible	\$0	\$0
Out of Pocket Maximum	High Option: \$2,000 Self Only, \$4,000 Self Plus One, \$6,000 Self and Family (subject to a maximum of \$6,850 per enrollee) Standard Option: \$3,000 Self Only, \$6,000 Self Plus One, \$8,000 Self and Family (subject to a maximum of \$6,850 per enrollee)	High Option: \$2,000 Self Only, \$4,000 Self Plus One, \$6,000 Self and Family (subject to a maximum of \$6,850 per enrollee) Standard Option: \$3,000 Self Only, \$6,000 Self Plus One, \$8,000 Self and Family (subject to a maximum of \$6,850 per enrollee)
Primary Care Physician	\$15 copay High Option / \$20 copay Standard Option	\$0
Specialist	\$40 copay High Option / \$40 copay Standard Option	\$0

You can find more information about how our plan coordinates benefits with Medicare at www.calvos.net.

Tell us about your Medicare coverage

You must tell us if you or a covered family member has Medicare coverage and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have as this coverage may affect the primary / secondary status of this plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payer, we process the claim first. If you enroll in Medicare Part D and we are the secondary payer, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓ *	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical trials cost categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none">• Routine care costs - costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 21.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., coinsurance/copayments) for covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial Care	Helps you meet your daily living activities. This type of care does not require the continuing attention and assistance of licensed medical or trained paramedical personnel. Custodial care lasting 90 days or more is sometimes known as long term care.
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 21.
Experimental or investigational service	Services, supplies, devices, procedures, drugs, or treatment that is not yet accepted as common medical practice.
Group health coverage	An insurance plan that provides health care coverage to a select group of people
Health care professional	A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.
Medical necessity	<p>Medical necessity refers to medical services or hospital services which are determined by us to be:</p> <ul style="list-style-type: none">• Rendered for the treatment or diagnosis of an injury or illness; and• Appropriate for the symptom, consistent with diagnosis, and otherwise in accordance with sufficient scientific evidence and professionally recognized standards; and• Not furnished primarily for the convenience of the member, the attending physician, or other provider of service; and• Furnished in the most economically efficient manner which may be provided safely and effectively to the member.

Plan allowance Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Plans determine their allowances in different ways. We determine our allowance as follows:

The payment we would make if the healthcare services had been obtained within our Service Area and/or by an In-Network provider, or a special negotiated payment or Medicare rates

Post-service claims Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

Reimbursement A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

Subrogation A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.

Us/We Us and We refer to Calvo's SelectCare

You You refers to the enrollee and each covered family member.

Urgent care claims A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately without the care or treatment that is the subject of the claim.

Urgent care claim usually involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgement of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department by telephone at 671-477-9808 or by mail at P.O. Box FJ, Hagatna, Guam 96932. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no Government contribution.

Important information about four Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money to from your salary to reimburse you for eligible dependent care and/or health care expenses. The result can be a discount of 20% to more than 40% on services you routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under **FEDVIP** you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** helps cover long term care costs, which are not covered under the FEHB Program.

Fourth, the **Federal Employees' Group Life Insurance Program (FEGLI)** can help protect your family from burdensome funeral costs and the unexpected loss of your income.

The Federal Flexible Spending Account Program – FSAFEDS

What is FSA?

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses.

There are three types of FSAs offered by FSAFEDS. The minimum annual election for FSA has changed to \$100. The maximum annual election for health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,600.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, insulin, prescriptions, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).

FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year) or attending school full-time to be eligible for a DCFSA.

- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFA or LEXHCFA and / or DCFA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com

or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS, 1-877-372-3337 (TTY: 866-353-8058), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program and was established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic, evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as filling prefabricated stainless steel crowns, periodontal scaling, tooth extractions and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia but it may be limited. Review your FEDVIP dental plan's brochure for information on the benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/insure/vision and www.opm.gov/healthcare-insurance/dental-vision. These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337, (TTY: 1-877-889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help protect you from the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. Long term care can be received in your home, in a nursing home, in an assisted living facility or in adult day care. You must apply, answer health questions (called underwriting) and be approved for enrollment. Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives, are eligible to apply. Your qualified relatives can apply even if you do not. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337), (TTY: 1-800-843-3557) or visit www.ltcfeds.com.

Peace of Mind for You and Your Family

The Federal Employees' Group Life Insurance Program (FEGLI) can help protect your family from burdensome funeral costs and the unexpected loss of your income. You can get life insurance coverage starting at one year's salary to more than six times your salary and many options in between. You can also get coverage on the lives of your spouse and unmarried dependent children under age 22. You can continue your coverage into retirement if you meet certain requirements. For more information, visit www.opm.gov/life.
