KAISER PERMANENTE®

2026

A Health Maintenance Organization (High Option, Standard Option and Prosper)

This plan's health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 7 for details. This plan is accredited. See page 12.

Serving: Most of Washington State and Northern Idaho

Enrollment in this Plan is limited. You must live or work in our geographic service area to enroll. See pages 13 and 14 for requirements.

Postal Employees and Annuitants are no longer eligible for this plan. (unless currently under Temporary Continuation of Coverage)

Enrollment codes for this Plan:

541 High Option - Self Only

543 High Option - Self Plus One

542 High Option - Self and Family

544 Standard Option - Self Only

546 Standard Option - Self Plus One

545 Standard Option - Self and Family

PT4 Prosper - Self Only

PT6 Prosper - Self Plus One

PT5 Prosper - Self and Family

Important Notice from Kaiser Foundation Health Plan of Washington About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that the Kaiser Foundation Health Plan of Washington's Plan prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at <https://www.ssa.gov/> or call the SSA at 800-772-1213, (TTY: 800-325-0778).

Additional Premium for Medicare's High Income Members Income-Related Monthly Adjustment Amount (IRMAA)

The Medicare Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may pay in addition to your FEHB premium to enroll in and maintain Medicare prescription drug coverage. This **additional premium is assessed only to those with higher incomes and is adjusted based on the income reported on your IRS tax return.** You do not make any IRMAA payments to your FEHB plan. Refer to the Part D-IRMAA section of the Medicare website: <https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans> to see if you would be subject to this additional premium.

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE (800-633-4227), (TTY: 877-486-2048).

Introduction

This brochure describes the benefits of Kaiser Permanente - Washington Core under contract (CS 1043) between Kaiser Foundation Health Plan of Washington and the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Member Services may be reached at 888-901-4636 or through our website: www.kp.org/wa. The address for Kaiser Foundation Health Plan of Washington's administrative office is:

Kaiser Foundation Health Plan of Washington

2715 Naches Ave., SW

Renton, WA 98057

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2026, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates for each plan annually. Benefit changes are effective January 1, 2026, and changes are summarized on page 15. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” means Kaiser Foundation Health Plan of Washington.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except to your healthcare providers, authorized health benefits plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:

- Call the provider and ask for an explanation. There may be an error.
- If the provider does not resolve the matter, call us at 888-901-4636 and explain the situation.
- If we do not resolve the issue:

CALL - THE HEALTHCARE FRAUD HOTLINE
877-499-7295

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

Do not maintain as a family member on your policy:

- Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
- Your child age 26 or over (unless they are disabled and incapable of self-support prior to age 26)

We may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a family member, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

We comply with applicable Federal nondiscrimination laws and do not discriminate on the basis of race, color, national origin, age, disability, religion, sex (pregnancy, or genetic information). We do not exclude people or treat them differently because of race, color, national origin, age, disability, religion, or sex (pregnancy, or genetic information).

The health benefits described in this brochure are consistent with applicable laws prohibiting discrimination. All coverage decisions will be based on nondiscriminatory standards and criteria. An individual's protected trait or traits will not be used to deny health benefits for items, supplies, or services that are otherwise covered and determined to be medically necessary.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable death within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medications you take.

- Bring the actual medication or give your doctor and pharmacist a list of all the medications and dosages that you take, including non-prescription (over-the-counter) medication, and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask the pharmacist about your medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions.
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understanding both the generic and brand names for all of your medication(s) is important. This helps ensure you do not receive double dosing from taking both a generic and a brand of the same medication. It also helps you avoid taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:

- "Exactly what will you be doing?"
- "About how long will it take?"
- "What will happen after surgery?"
- "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter a Plan hospital for a covered service, you do not expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called "Never Events" or "Serious Reportable Events." (See Section 10, *Definitions of Terms We Use in This Brochure*.)

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores and fractures; and reduce medical errors that should never happen. When such an event occurs, neither your nor your FEHB plan will incur costs to correct the medical error. If you are charged a cost share for a never event that occurs while you are receiving an inpatient covered service, or for treatment to correct a never event that occurred at a Plan provider, please notify us.

FEHB Facts

Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value, your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program** See www.opm.gov/healthcare-insurance for enrollment information as well as:
 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions and give you other plans' brochures and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

Once enrolled in your FEHB Program Plan, you should contact your carrier directly for updates and questions about your benefit coverage.

- **Enrollment types available for you and your family** Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee and one or more eligible family members. Family members include your spouse and your children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. We may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your carrier to obtain a Certificate of Creditable Coverage (COCC).

Contact your employing or retirement office if you want to change from Self Only to Self Plus One or Self and Family. If you have a Self and Family enrollment, you may contact us to add a family member.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26. We will send written notice to you 60 days before we proactively disenroll your child on midnight of their 26th birthday unless your child is eligible for continued coverage because they are incapable of self-support due to a physical or mental disability that began before age 26.

If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriages) and children as described in the chart. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described in the chart.

Natural children, adopted children, and stepchildren

Coverage: Natural children, adopted children, and stepchildren are covered until their 26th birthday.

Foster children

Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

Children incapable of self-support

Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

Married children

Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

Children with or eligible for employer-provided health insurance

Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

• Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

• When benefits and premiums start

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2026 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. **However**, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan's 2025 benefits until the effective date of your coverage with your new plan. Annuity coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension. You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce**

If you are an enrollee, and your divorce or annulment is final, your ex-spouse cannot remain covered as a family member under your Self Plus One or Self and Family enrollment.

You must contact us to let us know the date of the divorce or annulment and have us remove your ex-spouse. We may ask for a copy of the divorce decree as proof. In order to change enrollment type, you must contact your employing or retirement office. A change will not automatically be made.

If you were married to an enrollee and your divorce or annulment is final, you may not remain covered as a family member under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you.

However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at <https://www.opm.gov/healthcare-insurance/life-events/memy-family/im-separated-or-im-getting-divorced/>. We may request that you verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, or if you are a covered child and you turn 26.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Converting to individual coverage**

You may convert to a non-FEHBP individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office **will not** notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHBP Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us toll-free at 888-901-4636; for the deaf and hearing-impaired use Washington state's relay line by dialing either 800-833-6388 or 711 or visit our website at www.kp.org/wa.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How This Plan Works

This Plan is a health maintenance organization (HMO). OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Kaiser Foundation Health Plan of Washington holds the following accreditations: National Committee for Quality Assurance (NCQA). To learn more about this plan's accreditation, please visit the following website: www.ncqa.org. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your healthcare services. We are solely responsible for the selection of these providers in your area. Contact us for a copy of our most recent provider directory. We give you a choice of enrollment in High Option, Standard Option, or Prosper.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive covered services from Plan providers, you generally will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the Plan's benefits, not because a particular provider is available. You cannot change plans if a provider leaves our Plan. We cannot guarantee that any one provider, hospital, or other provider will be available and/or remain under contract with us.

General features of our High Option, Standard Option and Prosper

On High Option, Standard Option and Prosper, when you receive covered services, you will be responsible for a copayment or a coinsurance unless the service is covered in full. There is no dental coverage on this Plan. See Section 5 for Plan specifics.

How we pay providers

We contract with individual providers, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

Who provides my healthcare?

Kaiser Foundation Health Plan of Washington is a Mixed Model Prepayment (MMP) Plan. The Plan provides medical care by doctors, nurse practitioners, and other skilled Medical personnel working as medical teams. Specialists are available as part of the medical teams for consultation and treatment.

In some of the Kaiser Foundation Health Plan of Washington Service areas, participating providers are practitioners who provide routine care within their private office settings in the community.

The first and most important decision each member must make is the selection of a primary care provider. The decision is important since it is usually through this provider that all other health services, particularly those of specialists, are obtained. It is the responsibility of your primary care provider to obtain any necessary authorizations from the Plan before referring you to a specialist or making arrangements for hospitalization. Services of other providers are covered only when there has been a Plan approved written referral by the member's primary care provider, with the following exception: a member may see a participating General and Family Practitioner, Physician's Assistant, Gynecologist, Certified Nurse Midwife, Doctor of Osteopathy, Obstetrician or Advanced Registered Nurse Practitioner who provide healthcare services directly, without a referral from their primary care provider, for medically appropriate maternity care, reproductive health services, preventive care and general examination, gynecological care and medically appropriate follow-up visits for the above services. If your chosen provider diagnoses a condition that requires referral to other specialists or hospitalization, you or your chosen provider must obtain preauthorization and care coordination in accordance with applicable Plan requirements.

Your Rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You can also find out about Care Management, which includes medical practice guidelines, disease management programs and how we determine if procedures are experimental or investigational. OPM's FEHB website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- We are a health maintenance organization that has provided healthcare services to Washingtonians since 1947.
- This medical benefit plan is provided by Kaiser Foundation Health Plan of Washington. Medical, hospital and administrative services are provided through our integrated healthcare delivery organization known as Kaiser Permanente. Kaiser Permanente is composed of Kaiser Foundation Health Plan, Inc. (a not-for-profit organization), and the Washington Permanente Medical Group (a for-profit Washington-based partnership) which operates Plan medical offices throughout Washington.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our Kaiser Permanente Washington Core website at www.kp.org/feds/wa-core. You can also contact us to request that we mail a copy to you.

If you would like more information about us, call 888-901-4636, or write to Kaiser Foundation Health Plan of Washington, Member Services, P.O. Box 34590, Seattle WA 98124-1590. You may also visit our website at www.kp.org/feds/wa-core to get information about us, our networks, providers and facilities.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at www.kp.org/feds/wa-core to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Language interpretation services

Language interpretation services are available to assist non-English speaking members. Please call our Language interpretation services line at 888-901-4636 (TTY: 711).

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live or work in our service area. Kaiser Foundation Health Plan of Washington providers practice in the following areas. Our service area is:

Western Washington (entire counties): Island, King, Kitsap, Lewis, Mason, Pierce, Skagit, Snohomish, Thurston, and Whatcom.

In Grays Harbor County, the following cities, by Zip Code:

- Elma (98541)
- Malone (98559)
- McCleary (98557)
- Oakville (98568)

In Jefferson County, the following cities, by Zip Code:

- Brinnon (98320)

- Chimacum (98325)
- Hadlock (98339)
- Nordland (98358)
- Port Ludlow (98365)
- Port Townsend (98368)
- Quilcene (98376)

Central and Eastern Washington (entire counties): Benton, Columbia, Franklin, Kittitas, Spokane, Walla Walla, Whitman, and Yakima.

Northern Idaho (entire counties): Kootenai and Latah

Ordinarily, you must receive your care from physicians, hospitals, and other providers who contract with us. However, we are part of the Kaiser Permanente Medical Care Program, and if you are visiting another Kaiser Permanente region, you can receive visiting member care from designated providers in that area. See Section 5(h), *Special features*, for more details. We also pay for certain follow-up services or continuing care services while you are traveling outside the service area, as described in Section 5(h); and for emergency care obtained from any non-Plan provider, as described in Section 5(d), *Emergency services/accidents*. We will not pay for any other healthcare services out of our service area unless the services have prior Plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your covered family members live out of the service area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2026

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to High Option, Standard Option and Prosper

- **Premium.** Your share of the premium rate may increase or decrease depending on your Plan option and enrollment type. For details, see page 105.
- **Weight management drugs.** We increased the amount you pay for a 30-day supply of anti-obesity medications to 50% of our allowance for a 30-day supply. Additionally, we increased the amount you pay for GLP-1 drugs prescribed for weight loss management to 50% of our allowance for a 30-day supply. See Page 69.
- **Gender Dysphoria Care.** We excluded coverage for surgical and hormone treatments intended for gender transition for all covered individuals, regardless of age. See Page 17.
- **Maintenance drugs.** We changed the tier structure to match standard prescription drug tiers: Preferred generic formulary drugs, non-preferred generic formulary drugs, preferred brand name formulary drugs, non-preferred brand name formulary drugs, preferred specialty drugs, and non-preferred specialty drugs. See Page 69.
- **Breast cancer screening.** We added, without cost sharing, additional imaging (e.g. MRI, ultrasound, mammography) and pathology exams as indicated to complete the screening process for women at average risk of breast cancer. See Page 30.
- **Patient navigation for breast & cervical cancer screening.** We added without cost sharing patient navigation services for breast and cervical cancer screening and follow-up, as needed based on assessment, to increase utilization of screening recommendations.
- **Foot care.** We expanded coverage for routine foot care to include clinical conditions that affect sensation and circulation to the feet, when approved by the Plan's medical director. We removed the limitation that routine foot care is covered only when under active treatment for a metabolic or peripheral vascular disease, such as diabetes. Routine foot care will still be subject to applicable cost sharing. See Page 44.
- **Hearing aids.** We removed the hearing aid allowance of \$3,000 per hearing aid per ear every 36 months. You will pay 20% of our allowance (deductible does not apply in Prosper) if enrolled in High Option, Standard Option, or Prosper per hearing aid per ear every 36 months. See Page 43.

Changes to Standard Option and Prosper

- **Maintenance drugs.** We removed the preventive generic formulary drugs tier from Standard Option and Prosper. See Page 69.

Changes to Medicare Advantage (MAPD) High Option, Standard Option and Prosper

- **Medicare Advantage Prescription Drug Plans (Part D).** We added Medicare Advantage with Part D Prescription Drug plans for Medicare-eligible FEHB members residing in the Medicare-approved service area in Washington Core Region:
 - High Option Medicare Advantage 1
 - High Option Medicare Advantage 2 (this plan has Part B premium reimbursement)
 - Standard Option Medicare Advantage 1
 - Standard Option Medicare Advantage 2 (this plan has Part B premium reimbursement)
 - Prosper Medicare Advantage

Section 3. How You Get Care

Identification cards	We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter. If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, please call Member Services at 888-901-4636 or write to us at Kaiser Foundation Health Plan of Washington, Member Services, P.O. Box 34590, Seattle WA 98124-1590. You may also request replacement cards through our website, www.kp.org/wa
Where you get covered care	You get care from "Plan providers" and "Plan facilities." You will only pay copayments, deductibles, and/or coinsurance as described in Section 4. <i>Your Cost for Covered Services</i>.
Balance Billing Protection	FEHB Carriers must have clauses in their plan provider agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the plan provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If a plan provider bills you for covered services over your normal cost share (deductible, copay, co-insurance), contact your Carrier to enforce the terms of its provider contract.
• Plan Providers	Plan providers are physicians and other healthcare professionals in our service area that we contract with to provide covered services to our members. We contract with Washington Permanente Medical Group (Medical Group) to provide or arrange covered services for our members. Medical care is provided through physicians, nurse practitioners, physician assistants, and other skilled medical personnel. Specialists in most major specialties are available as part of the medical teams for consultation and treatment. We credential Plan providers according to national standards. We list Plan providers in the provider directory, which we update periodically. Directories are available at the time of enrollment or upon request by calling our Member Service at 888-901-4636 (TTY: 711). The list is also on our website at www.kp.org/feds/wa-core. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex, pregnancy or genetic information. Kaiser Permanente primary care providers provide care coordination for complex conditions. For assistance please contact your provider or member services at 888-901-4636 (TTY: 711).
• Plan facilities	Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. Kaiser Permanente offers comprehensive healthcare at Plan facilities conveniently located throughout our service areas. We list Plan facilities in the facility directory, with their locations and phone numbers. Directories are updated on a regular basis and are available at the time of enrollment or upon request by calling our Member Service Call Center at 800-464-4000 (TTY: 711). The list is also on our website at www.kp.org/feds/wa-core.

You must receive your health services at Plan facilities, except if you have an emergency, authorized referral, or out-of-area urgent care. If you are visiting another Kaiser Permanente or allied plan service area, you may receive healthcare services at those Kaiser Permanente facilities. See Section 5(h), *Special features*, for more details. Under the circumstances specified in this brochure, you may receive follow-up or continuing care while you travel anywhere.

What you must do to get covered care

You and each family member should choose a primary care provider. This decision is important since your primary care provider provides or arranges for most of your healthcare. There are several ways to select a physician; you may contact Member Services at 888-901-4636 or your chosen Plan facility for assistance.

- **Primary care**

Your primary care provider (such as family practitioner or pediatrician) will arrange for most of your healthcare, or give you a referral to see a specialist.

If you want to change primary care providers or if your primary care provider leaves the Plan, call Member Services at 888-901-4636 or contact your chosen Plan facility. We will help you select a new one.

- **Specialty care**

Your primary care provider will refer you to a specialist for needed care, but you may also self-refer to many specialists at Kaiser Foundation Health Plan of Washington facilities. When you receive a referral from your primary care provider, you must return to the primary care provider after the consultation, unless your primary care provider authorized a certain number of visits without additional referrals. However, you may see a woman's healthcare specialist or a mental health provider without a referral, namely a participating General or Family Practitioner, Physician's Assistant, Gynecologist, Certified Nurse Midwife, Doctor of Osteopathy, Obstetrician or Advanced Registered Nurse Practitioner for medically appropriate maternity care, reproductive health services, preventive care and general examination, gynecological care, and medically appropriate follow-up visits for the above services. If the chosen provider diagnoses a condition that requires a referral to other specialists or hospitalization, you or your chosen provider must obtain preauthorization and care coordination in accordance with applicable Plan requirements.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care provider will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care provider will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).

Your primary care provider will create your treatment plan. The physician may have to get an authorization or approval beforehand. If you are seeing a specialist when you enroll in our Plan, talk to your primary care provider. If they decide to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.

- If you are seeing a specialist and your specialist leaves the Plan, call your primary care provider, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- You may continue seeing your specialist for up to 90 days if you are undergoing treatment for a chronic or disabling condition and you lose access to your specialist because:
 - we terminate our contract with your specialist for other than cause;
 - we drop out of the Federal Employees Health Benefits (FEHB) Program, and you enroll in another FEHB Plan; or

- we reduce our service area and you enroll in another FEHB plan

Contact our Member Services Department at 1-888-901-4636 (TTY: 711) or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

Note: If you lose access to your specialist because you changed your carrier or plan option enrollment, contact your new plan.

Sex-Trait Modification: If you are mid-treatment under this Plan, within a surgical or chemical regimen for Sex-Trait Modification for diagnosed gender dysphoria, for services for which you received coverage formerly covered under the 2025 Plan brochure, you may seek an exception to continue care for that treatment. Please call our Members Services Department at 888-901-4636 or visit kp.org/feds for the exception process. If you disagree with our decision on your exception, please see Section 8 of this brochure for the disputed claims process.

Individuals under age 19 are not eligible for exceptions related to services for ongoing surgical or hormonal treatment for diagnosed gender dysphoria.

- **Hospital care**

Your Plan primary care provider or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Member Services department immediately at 888-901-4636. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB Plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new Plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Your primary care provider arranges most referrals to specialists. For certain services, your Plan physician must obtain approval from us. Before we approve a referral, we consider if the item or service is medically necessary, and meets other coverage requirements. We call this review and approval process "prior authorization". Once the referral is approved, we will notify you that we have authorized your referral. Your Plan physician must obtain prior authorization for:

- Specialty care
- Inpatient hospital
- Surgical treatment of morbid obesity
- Certain prescription medications as identified on our formulary
- Non-emergency ambulance

- Durable Medical Equipment
- Infusion therapy

To confirm if a referral has been approved for a service or item that requires prior authorization, please call Member Service at 888-901-4636 (TTY: 711). Prior authorization determinations are made based on the information available at the time the service or item is requested. We will not cover the service or item unless you are a Plan member on the date you receive the service or item.

**How to request
Precertification for an
admission or get prior
authorization for Other
services**

First, your physician, your hospital, you, or your representative, must call us at 888-901-4636 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

• **Non-urgent care
claims**

For non-urgent claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possess an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow-up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 888-901-4636. You may also call OPM's FEHB 3 at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review.

We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 888-901-4636. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must phone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

Maternity care

You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, your physician or the hospital must contact us for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother's hospital stay, the newborn is considered a patient in their own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

What happens when you do not follow the Precertification rules when using non-Plan facilities

You must receive your health services at Plan facilities, except if you have an emergency, authorized referral, or out-of-area urgent care. Your primary care provider will provide most of your healthcare, or give you a referral to see a specialist. If you do not obtain a referral from us for services or items that require a referral, we will not pay any amount for those services or items and you may be liable for the full price of those services or items. This also includes any residual amounts, such as deductibles, copayments or coinsurance that are not covered or not paid by any other insurance plan you use to pay for those services or items.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification on an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive call 888-901-4636.

If you have already received the service, supply or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written request for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in section 8 of this brochure

Section 4. Your Costs for Covered Services

This is what you will pay out-of-pocket for covered care:

Cost-sharing Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Copayments A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services. The amount of copayment will depend upon whether you are enrolled in the High Option, Standard Option or Prosper, the type of provider, and the service or supply that you receive.

You pay a primary care provider copayment when you visit any primary care provider as described in Section 3, How you get care. You pay a specialist copayment when you receive care from a specialist as described in Section 3.

For example, for diagnostic and treatment services as described in Section 5(a):

- Under the High Option, you pay a \$25 copayment when you receive diagnostic and treatment services in a physician's office.
- Under the Standard Option, you pay a \$25 copayment when you receive diagnostic and treatment services from a primary care provider or a \$35 copayment when you receive diagnostic and treatment services from a specialty care provider.
- Under Prosper, you pay a \$15 copayment when you receive diagnostic and treatment services from a primary care provider and a \$40 copayment when you receive these services from a specialty care provider.

Deductible A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- We do not have a deductible for the High Option and Standard Option.
- The calendar year deductible for Prosper is \$250 per person. Under a Self Plus One or Self and Family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$500.

Annual Deductible Carryover: Under Prosper, charges from the last 3 months of the prior year which were applied toward the individual annual deductible will also apply to the current year individual annual deductible. The individual annual deductible carryover will apply only when expenses incurred have been paid in full. The Family deductible does not carry over into the next year.

Note: If you change plans during Open Season, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance We have different coinsurance percentages for some benefits, and in those cases, we specify the percentage that you must pay. For example, there is a 50% coinsurance for certain types of infertility services. Durable medical equipment and ambulance services are other services that require you to pay a coinsurance.

Your catastrophic protection out-of-pocket maximum

After your (deductible, copayments and coinsurance) reaches the out-of-pocket maximum you do not have to pay any more for covered services, with the exception of certain cost sharing for the services below which do not count toward your catastrophic protection out-of-pocket maximum.

High Option

\$3,000 per person up to \$6,000 per family enrollment

Standard Option

\$5,000 per person or \$10,000 per family enrollment

Prosper

\$6,000 per person up to \$12,000 per family enrollment

For members enrolled in our Plan's associated MA-PD or PDP EGWP, we are required to accumulate all members' actual out-of-pocket costs for Medicare-covered drugs, services and supplies toward the FEHB catastrophic maximum(s), unless indicated in Section 5(f) (a), PDP EGWP Prescription Drug Benefits.

If you are enrolled in our Medicare Prescription Drug Plan (PDP) Employer Group Waiver Plan (EGWP), the prescription drug true out-of-pocket (TrOOP) is \$2,100. After this is met, we pay 100% of all eligible covered prescription drug benefits.

Carryover

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services or supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Important Notice About Surprise Billing – Know Your Rights

The No Surprises Act (NSA) is a federal law that provides you with protections against "surprise billing" and "balance billing" for out-of-network emergency services; out-of-network non-emergency services provided with respect to a visit to a participating health care facility; and out-of-network air ambulance services.

A surprise bill is an unexpected bill you receive for:

- emergency care – when you have little or no say in the facility or provider from whom you receive care, or for
- non-emergency services furnished by non-Plan providers with respect to patient visits to Plan health care facilities, or for
- air ambulance services furnished by non-Plan providers of air ambulance

Balance billing happens when you receive a bill from the non-Plan provider, facility, or air ambulance service for the difference between the non-Plan provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from surprise bills.

In addition, your health plan complies with the surprise billing laws of Washington and RCW 48.49.030(2).

For specific information on surprise billing, the rights and protections you have, and your responsibilities go to www.kp.org/feds or contact the health plan at 800-464-4000.

**The Federal Flexible
Spending Account
Program – *FSAFEDS***

- **Healthcare FSA (HCFSAs)** – Reimburses an FSA participant for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, over-the-counter drugs and medications, vision and dental expenses, and much more) for their tax dependents, and their adult children (through the end of the calendar year in which they turn 26).
- **FSAFEDS** offers paperless reimbursement for your HCFSAs through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

Section 5. High Option, Standard Option and Prosper Benefits

See page 15 for how our benefits changed this year. Page 102 - page 104 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

- Summary of Benefits for Standard Option Kaiser Permanente - Washington Core 2026103
- Summary of Benefits for Prosper Kaiser Permanente - Washington Core 2026104

Section 5. High Option, Standard Option and Prosper Benefits Overview

This Plan offers High Option, Standard Option and Prosper. These benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

High Option, Standard Option and Prosper Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about our benefits, contact us at 888-901-4636 or on our website at www.kp.org/feds/wa-core.

Each option offers unique features.

• High Option

The High Option covers most outpatient services subject to a copayment. Select services are covered subject either to a copayment or to a coinsurance and some services are covered in full. See Section 5 for Plan specifics.

Specific benefits of our High Option include:

- No deductible
- Primary care office visit copayment is \$25
- Specialty care office visit copayment is \$25
- Drug cost-sharing: \$20 for preferred generic drugs, \$60 for non-preferred generic drugs, \$40 for preferred brand name drugs, \$60 for non-preferred brand name drugs, and 25% of our allowance up to \$200 for preferred specialty drugs per prescription or refill for up to a 30-day supply at a Plan pharmacy.
- No cost for routine prenatal care and postpartum visit

• Standard Option

The Standard Option covers some services, such as specialty care and hospital services, at a higher copayment than on the High Option. Select services are covered subject either to a copayment or to a coinsurance and some services are covered in full. See Section 5 for Plan specifics.

Specific benefits of our Standard Option include:

- Primary care office visit copayment is \$25, and nothing for children through age 17.
- Specialty care office visit copayment is \$35
- Drug cost-sharing: \$20 for preferred generic drugs, \$60 for non-preferred generic drugs, \$40 for preferred brand name drugs, \$60 for non-preferred brand name drugs, and 25% of our allowance up to \$200 for preferred specialty drugs per prescription or refill for up to a 30-day supply at a Plan pharmacy.
- No cost for routine prenatal care and postpartum visit

• Prosper

With Prosper, there is a calendar year deductible of \$250 per person (\$500 per Self Plus One or Self and Family) and your cost-sharing may be higher than for the Standard Option; however, your bi-weekly premium contribution is lower.

Specific benefits of Prosper include:

- Primary care office visit copayment is \$15
- Specialty care office visit copayment is \$40
- Drug cost-sharing: \$20 for preferred generic drugs, \$100 for non-preferred generic drugs, \$60 for preferred brand name drugs, \$100 for non-preferred brand name drugs, and 35% of our allowance up to \$300 for preferred specialty drugs per prescription or refill for up to a 30-day supply at a Plan pharmacy.

- No cost for routine prenatal care and postpartum visit

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible for High Option and Standard Option.
- The calendar year deductible for Prosper is \$250 per person (\$500 for Self Plus One enrollment or \$500 Self and Family enrollment). The calendar year deductible applies to some benefits in this Section. We added "after the deductible" when the calendar year deductible applies.
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).

Benefit Description	You pay		
Note: The Prosper calendar year deductible applies to some benefits in this Section. We say “after the deductible” when the calendar year deductible applies.			
Diagnostic and treatment services	High Option	Standard Option	Prosper
Professional services of physicians and other healthcare professionals • In provider’s office • In an urgent care center • Office medical consultation • Second surgical opinion	\$25 per office visit	\$25 per primary care office visit (nothing for children through age 17) \$35 per specialty care office visit	\$15 per primary care office visit \$40 per specialty care office visit
Procedures received during an office visit	Nothing after you pay the office visit copayment	Nothing after you pay the office visit copayment	Nothing after the deductible
Professional services of physicians • During a hospital stay • In a skilled nursing facility • Advanced care planning • At home	Nothing	Nothing	Nothing
Telehealth services	High Option	Standard Option	Prosper
Professional services of physicians and other healthcare professionals delivered through telehealth, such as: • Interactive videos • Phone visits • Email Note: Visits may be limited by provider type, location and benefit specific limitations, such as visit limits.	Nothing	Nothing	Nothing

Benefit Description	You pay		
	High Option	Standard Option	Prosper
Lab, X-ray and other diagnostic tests			
Tests, such as: • Blood test • Urinalysis • Non-routine pap test • Pathology	Nothing	Nothing	Nothing
• X-ray, including diagnostic mammography and digital breast tomosynthesis/3D mammography following a breast cancer diagnosis • Ultrasound, including breast ultrasound following a breast cancer diagnosis • Electrocardiogram, EEG and echocardiogram	Nothing	Nothing	\$50 per visit
• CT/CAT scan • MRI, including breast magnetic resonance imaging (MRI) following a breast cancer diagnosis • PET scan	Nothing	\$100 per visit	\$150 per visit
Preventive care, adult	High Option	Standard Option	Prosper
Routine physical according to the Plan's adult well-care schedule The following preventive services are covered at the time interval recommended at each of the links below: • U.S. Preventive Services Task Force (USPSTF) A and B recommended screenings such as cancer, osteoporosis, depression, diabetes, high blood pressure, total blood cholesterol, HIV, and colorectal cancer. For a complete list of screenings go to the website at https://www.uspreventiveservicestaskforce.org/uspstf/recommendation-topics/uspstf-a-and-b-recommendations • Screenings such as cancer, osteoporosis, depression, diabetes, high blood pressure, total blood cholesterol, HIV, and colorectal cancer screening. - Intensive nutrition and behavioral weight-loss counseling therapy. Kaiser Permanente’s unique integrated model of care and coverage enables us to provide whole-person care that meets the unique needs of each individual patient, without coverage limitations or strict eligibility criteria. Our approach to weight management with our patients includes lifestyle modification programs when clinically appropriate. All Kaiser Permanente regions offer lifestyle programs that align with USPSTF recommendations for program duration, including providing the required 26 or more contact hours over 3 to 12 months, to support members in their weight management journey. Additionally, our physicians work with patients to determine the appropriate length of program participation to meet their unique needs. We offer several aspects of an Intensive Behavioral Treatment program to our adolescent and pediatric members, including: medical nutritional therapy by registered dietitians, behavioral therapy by a pediatric psychologist, and supervised physical activity by a pediatric physical therapist. Members are offered individual or group-based training. - Family centered programs when medically identified to support obesity prevention and management by an in-network provider. Family-centered programs include The Healthy Eating, Active Living (HEAL) program offered by Kaiser Permanente to help children and teens aged 3-17 years old and their families make lasting healthy lifestyle choices to help maintain a healthy weight. HEAL offers 6–12-month programs on healthy lifestyle changes, healthy cooking courses, and recommended physical activity. The HEAL program is available to any patient with a BMI>85%. Kaiser Permanente physicians work with our members using a shared decision-making model to develop individualized treatment plans to address clinical condition(s) and personal goals and provide access to other weight management experts when needed, including dietitians and behavioral health coaches. Kaiser Permanente also offers healthy weight, nutrition, and exercise programs and resources to instill healthy lifestyle behaviors and promote good health. Program offerings may include: • In-person and virtual classes • Wellness coaching by phone • Healthy lifestyle programs • Fitness programs Visit kp.org/classes for more information, or see Section 5(h), <i>Wellness and Other Special Features</i>, for nutritional and behavioral lifestyle support details. • Visit kp.org/feds to review additional information on Kaiser Permanente's requirements for weight loss medications and weight loss programs. Notes: • There are no frequency/visit limitations, services are based on medical necessity • See Section 5(h) for additional optional programs under <i>Wellness and Other Special Features</i> • When anti-obesity medication is prescribed see Section 5(f) • When Bariatric or Metabolic surgical treatment or intervention is indicated for severe obesity, see section 5(b)	Nothing	Nothing	Nothing
Notes: • You may pay cost-sharing for any procedure, injection, diagnostic service, laboratory or X-ray service that is provided in conjunction with a routine physical exam and not included in the preventive recommended listing of services. • You should consult with your physician to determine what is appropriate for you. Family planning	High Option	Standard Option	Prosper
A range of voluntary family planning services, without cost sharing, that includes at least one form of contraception in each of the categories in the HRSA supported guidelines. This list includes: - Contraceptive counseling - Voluntary female sterilization and vasectomy - Intrauterine devices (IUDs) - insertion - Diaphragms - fittings - Oral contraceptives - Implantable contraceptives - Injectable contraceptives (such as Depo Provera) Notes: - See additional Family Planning and Prescription drug coverage in Section 5(f). - Section 5(b), <i>Surgical and Anesthesia Services</i> for coverage of voluntary sterilization for males and females and section 5 (f), <i>Prescription Drug Benefits</i> for oral contraceptives and devices such as diaphragms	Nothing	Nothing	Nothing

Family planning - continued on next page

Benefit Description	You pay		
Family planning (cont.)	High Option	Standard Option	Prosper
- Your plan offers some type of voluntary female sterilization surgery coverage at no cost to members. The contraceptive benefit includes at least one option in each of the HRSA- supported categories of contraception (as well as the screening, education, counseling, and follow-up care). Any type of voluntary female sterilization surgery that is not already available without cost sharing can be accessed through the contraceptive exceptions process described below. - Kaiser Permanente physicians prescribe the appropriate level of medically necessary medications to FEHB members. To ensure physicians can make appropriate exceptions, they have the authority to prescribe brand-name or non-formulary drugs for members without administrative review if their opinion is that a particular drug is medically necessary and would be more beneficial for an individual member. Members pay their regular prescription drug copayment for medically necessary brand-name drugs. - As an integrated care delivery system, our providers are contracted with us. They can assess the need for surgical contraception based on ACA requirements and medical necessity. Therefore, we do not have exception forms for our members to complete or a review process to follow. Our coverage is based on required guidelines and clinical necessity. - If you are having problems accessing contraceptive coverage, you can contact contraception@opm.gov.	Nothing	Nothing	Nothing
<i>Not covered:</i> <i>Reversal of voluntary or involuntary surgical sterilization</i>	<i>All charges</i>	<i>All charges</i>	<i>All charges</i>

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible for High Option and Standard Option.
- The calendar year deductible for Prosper is \$250 per person (\$500 per family). The calendar year deductible applies to some benefits in this Section. We added "after the deductible" when the calendar year deductible applies.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.
- The cost-sharing listed below applies to services billed by a physician or other healthcare professional for your surgical care. See Section 5(a) for cost-sharing you pay for services performed during an office visit or 5(c) for cost-sharing you pay for services in an inpatient hospital, outpatient hospital or ambulatory surgical center facility
- **YOUR PROVIDER MUST GET PRIOR APPROVAL FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Benefit Description	You pay		
Note: The Prosper calendar year deductible applies to some benefits in this Section. We say “after the deductible” when the calendar year deductible applies.			
Surgical procedures	High Option	Standard Option	Prosper
A comprehensive range of services, such as: • Operative procedures • Treatment of fractures, including casting • Routine pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies (see <i>Reconstructive surgery</i>) • Insertion of internal prosthetic devices. See Section 5(a) – “<i>Orthopedic and prosthetic devices</i>” for device coverage information • Treatment of burns • Non-routine Circumcision Note: Generally, we pay for internal prostheses (devices) according to where the procedure is done. For example, we pay Hospital benefits for a pacemaker and Surgery benefits for insertion of the pacemaker.	Nothing	Nothing	Nothing after the deductible

Surgical procedures - continued on next page

Benefit Description	You pay		
Surgical procedures (cont.)	High Option	Standard Option	Prosper
Surgical treatment of severe obesity (bariatric surgery). Note: Visit www.kp.org/feds to get a list of criteria you must meet to qualify for bariatric surgery. You must meet these qualifications before your Plan provider will refer you to our bariatric surgery program. This program may refer you to other Plan providers to determine if you meet the additional criteria necessary for bariatric surgery, including nutritional, psychological, medical and social readiness for surgery. Final approval for surgical treatment will be required from the Kaiser Permanente clinical review physician. Note: For female surgical family planning procedures see Family Planning Section 5(a). Note: For male surgical family planning procedures see Family Planning Section 5(a).	Nothing	Nothing	Nothing after the deductible
<i>Not covered:</i> • <i>Reversal of voluntary sterilization</i> • <i>Routine treatment of conditions of the foot; (see Section 5(a) Foot care)</i> • <i>Devices related to sexual dysfunction</i> • <i>Services for the promotion, prevention or other treatment of hair loss or hair growth</i> • <i>Cosmetic surgery, any surgery procedure (or any portion of the procedure) performed primarily to improve physical appearance through change in bodily form</i> • <i>Cost of an artificial or mechanical heart</i> • <i>Weight loss programs</i> • <i>Adjustable gastric banding, Laparoscopic or Open</i> • <i>Bilio-pancreatic bypass</i> • <i>Distal gastric bypass</i> • <i>Duodenal Switch</i> • <i>Mini-gastric bypass</i>	<i>All charges</i>	<i>All charges</i>	<i>All charges</i>

Benefit Description	You pay		
Reconstructive surgery	High Option	Standard Option	Prosper
• Surgery to correct a functional defect • Surgery to correct a condition caused by injury or illness if: - the condition produced a major effect on the member's appearance; and - the condition can reasonably be expected to be corrected by such surgery • Surgery to correct a condition that existed at or from birth and is a significant deviation from the common form or norm. Examples of congenital anomalies are: protruding ear deformities; cleft lip; cleft palate; birth marks; and webbed fingers and webbed toes. • All stages of breast reconstruction surgery following a mastectomy, such as: - Surgery to produce a symmetrical appearance of breasts - Treatment of any physical complications, such as lymphedemas - Compression garments to treat lymphedemas (see <i>Durable Medical Equipment</i>) - Breast prostheses and surgical bras and replacements (see Section 5(a) <i>Prosthetic devices</i>) Note: If you need a mastectomy, you may choose to have the procedure performed on an inpatient basis and remain in the hospital up to 48 hours after the procedure	Nothing	Nothing	Nothing after the deductible
<i>Not covered:</i> • <i>Cosmetic surgery – any surgical procedure (or any portion of a procedure) performed primarily to improve physical appearance through change in bodily form, except repair of accidental injury (See Section 5(d) Accidental injury)</i> • <i>Surgery for Sex-Trait Modification to treat gender dysphoria</i>	<i>All charges</i>	<i>All charges</i>	<i>All charges</i>

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible for High Option and Standard Option.
- The calendar year deductible for Prosper is \$250 per person (\$500 for Self Plus One enrollment or \$500 Self and Family enrollment). The calendar year deductible applies to some benefits in this Section. We added "after the deductible" when the calendar year deductible applies.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

Emergencies within our service area: If you are in an emergency situation, go to the nearest hospital emergency room. In extreme emergencies, contact the local emergency system (e.g., the 911 phone system) or go to the nearest hospital emergency room. Remember, it is your responsibility to notify the Plan.

If you need to be hospitalized in a non-Plan facility, the Plan must be notified within 48 hours by calling the Plan notification line at 888-457-9516, unless it was not reasonably possible to do so. If you are hospitalized in a non-Plan facility and a Plan doctor believes that better care can be provided in a Plan hospital, you will be transferred when medically feasible with ambulance charges covered in full. If you have questions about acute illnesses other than emergencies, you should call your primary care provider.

Benefits are available for care received from non-Plan providers in a medical emergency only if the delay in reaching a Plan provider would have resulted in death, disability or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

If you are admitted to an in-Plan hospital or designated facility directly from the emergency room, we will waive the Emergency Room copayment. An observation bed is an extension of the emergency room and is not considered an inpatient admission.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to do so. If you are hospitalized in a non-Plan facility and a Plan doctor believes that better care can be provided in a Plan hospital, you will be transferred when medically feasible with ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

Benefit Description	You pay		
Emergency within our service area	High Option	Standard Option	Prosper
- Emergency or urgent care at a Plan doctor's office - Emergency or urgent care at a Plan urgent care center Note: See Section 5(a), <i>Diagnostic and treatment services</i> for procedures received during an office visit	\$25 per office visit	\$25 per primary care office visit (nothing for children through age 17) \$35 per specialty care office visit	\$15 per primary care office visit \$40 per specialty care office visit

Section 5(e). Mental Health and Substance Use Disorder Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible for High Option and Standard Option.
- The calendar year deductible for Prosper is \$250 per person (\$500 for Self Plus One enrollment or \$500 Self and Family enrollment). The calendar year deductible applies to some benefits in this Section. We added "after the deductible" when the calendar year deductible applies.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Benefit Description	You pay		
Note: The Prosper calendar year deductible applies to some benefits in this Section. We say “after the deductible” when the calendar year deductible applies.			
Professional Services	High Option	Standard Option	Prosper
We cover all diagnostic and treatment services for the treatment of mental health and substance use conditions that are clinically necessary and recommended by the member’s primary physician and approved by the Plan Medical Director or designee. Section 5(f) Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorization must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- We have no calendar year pharmacy deductible.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.
- See Section 9 for the PDP EGWP opt out process.
- **The exclusion for hormone treatments for Sex-Trait Modification for gender dysphoria or gender incongruence** only pertains to chemical modification of an individual's sex traits as part of gender transition services. **We do not exclude coverage for entire classes of pharmaceuticals** (e. g., GnRH agonists prescribed during IVE, for reduction of endometriosis or fibroids, and for cancer treatment or prostate cancer/tumor growth prevention).

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy.
- **We use a managed formulary.** Prescriptions written by Plan physicians are dispensed in accordance with the Plan's drug formulary. A drug formulary is a list of preferred pharmaceutical products that our pharmacists and physicians have developed to assure that you receive quality prescription drugs at a reasonable price. We describe any additional coverage requirements and limits in our FEHB drug formulary. These may include step therapy, prior authorization, quantity limits, drugs that can only be obtained at certain specialty pharmacies, or other requirements and limits described in our formulary. Non-formulary drugs will be covered only if based on medical necessity and if prescribed by a Plan doctor. For information about specific formulary drugs, please call Member Services at 888-901-4636.
- We classify MOST drugs into one of five "tier categories"
 - Tier 1 includes generic formulary drugs, including preventive generic drugs. Usually represents the lowest copays.
 - Tier 2 generally includes brand formulary and preferred brand drugs. Usually represents brand or middle-range copays.
 - Tier 3 may include all other covered drugs not on tiers 1 and 2 (i.e., non-formulary or non-preferred).
 - Tier 4 includes preferred specialty drugs.
 - Tier 5 includes non-preferred specialty drugs.
- **A generic equivalent to a brand name drug will be dispensed if it is available.** If your physician believes that a name brand product is medically necessary, or if there is no generic equivalent available, your physician may prescribe a name brand drug. You pay a higher copayment when a brand name drug is prescribed. If you elect to purchase a brand name drug instead of the generic equivalent (if available), you will be responsible for paying the difference in cost in addition to the prescription drug cost share.

- **These are the dispensing limitations.** Prescription drugs prescribed by Plan doctors and filled at Plan pharmacies will be dispensed for up to a 30-day supply. You will be required to pay a copayment for each 30-day supply. If your prescription is written for more than a 30-day supply, such as a 90-day supply, you are responsible for three copayments, one for each 30-day supply. For prescribed hormonal contraceptives, you may obtain up to a 12-month supply at a Plan pharmacy or through our mail-delivery program. You may obtain up to 120 condoms per 90-day period. We cover episodic drugs prescribed to treat sexual dysfunction disorder up to a maximum of 8 doses in any 30-day period or 24 in any 90-day period. If you have a new prescription for a chronic condition, you may request a coordination of medications so that medications for chronic conditions are refilled on the same schedule (synchronized). Cost-shares for the initial fill of the medication will be adjusted if the fill is less than the standard quantity. Plan members called to active military duty (or members in time of national emergency) who need to obtain prescribed medications should call Member Services at 888-901-4636. Most drugs can be mailed from our mail order pharmacy. Some drugs (for example, drugs that are extremely high cost, require special handling, have standard packaging or requested to be mailed outside of the state of Washington) may not be eligible for mailing and/or a mail order discount. The pharmacy may reduce the day supply dispensed if the pharmacy determines that the item is in limited supply in the market or for specific drugs (your Plan pharmacy can tell you if a drug you take is one of these drugs). You will pay the lesser amount of the total cost of the drug based on the dispensed day's supply (prorated copay) or the full copay if full supply is available.
- **Why use generic drugs?** Generic drugs offer a safe and economic way to meet your prescription drug needs. The generic name of a drug is its chemical name; the name brand is the name under which the manufacturer advertises and sells that drug. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Under Federal law, generic and name brand drugs must meet the same standards for safety, purity, strength, and effectiveness. Generic drugs cost you and your plan less money than a name-brand drug.

Benefit Description	You pay		
Covered medications and supplies	High Option	Standard Option	Prosper
We cover the following medications and supplies prescribed by a Plan physician and obtained from a Plan pharmacy: • Drugs (including injectables) for which a prescription is required by Federal law of the United States • Insulin • Diabetic supplies limited to: - Disposable needles, syringes, lancets, urine and blood glucose testing reagents; a copayment charge applies per item per each 30-day supply • Compound dermatological preparations • Disposable needles and syringes for the administration of covered prescribed medications Notes: • Intravenous fluids and medication for home use are covered under Section 5(a), <i>Treatment therapies</i> • Allergy serums are covered under Section 5 (a), <i>Allergy care</i>	\$20 for preferred generic formulary drugs, \$60 for non-preferred generic formulary drugs, \$40 for brand name formulary drugs (including insulin and diabetic supplies), per prescription unit or refill for up to a 30-day supply or 100-unit supply, whichever is less; or one commercially prepared unit (i.e., one inhaler, one vial ophthalmic medication or insulin). \$60 for non-preferred brand name formulary drugs when prescribed by a Plan doctor. 25% coinsurance up to \$200 per 30-day supply for preferred specialty drugs when prescribed by a Plan doctor.	\$20 for preferred generic formulary drugs, \$60 for non-preferred generic formulary drugs, \$40 for preferred brand name formulary drugs (including insulin and diabetic supplies), per prescription unit or refill for up to a 30-day supply or 100-unit supply, whichever is less; or one commercially prepared unit (i.e., one inhaler, one vial ophthalmic medication or insulin). \$60 for non-preferred brand name formulary drugs when prescribed by a Plan doctor. 25% coinsurance up to \$200 per 30-day supply for preferred specialty drugs when prescribed by a Plan doctor.	\$20 for preferred generic formulary drugs, \$100 for non-preferred generic formulary drugs, \$60 for preferred brand name formulary drugs (including insulin and diabetic supplies), per prescription unit or refill for up to a 30-day supply or 100-unit supply, whichever is less; or one commercially prepared unit (i.e., one inhaler, one vial ophthalmic medication or insulin). \$100 for non-preferred brand name formulary drugs when prescribed by a Plan doctor.

Contraceptive drugs and devices as listed in the Health Resources and Services Administration site https://www.hrsa.gov/womens-guidelines. Contraceptive coverage is available at no cost to FEHB members. The contraceptive benefit includes at least one option each of the HRSA-supported categories of contraception (as well as the screening, education, counseling, and follow-up care). Any contraceptive that is not already available without cost sharing on the formulary can be accessed through the contraceptive exceptions process described below. • We cover contraceptive drugs and devices, including implanted contraceptive devices, diaphragms, contraceptive gels, hormonal contraceptive methods, and prescribed FDA approved over-the-counter women's contraceptives and devices to prevent unintended pregnancy. • We cover non-preferred contraceptives if they would otherwise be covered, and a Plan provider receives an approved drug formulary exception. Providers have the authority to prescribe non-formulary, contraceptive drugs for their patients if they feel it is medically necessary and would be more beneficial for an individual patient. Members pay no cost share for medically necessary, approved non-formulary contraceptive drugs. For more information on contraceptive coverage and the prescription exception process, please go to kp.org/feds under Member Resources. • We cover prescribed FDA approved over-the-counter women's contraceptives and devices when prescribed by a Plan provider and obtained at a Plan pharmacy. • If you have difficulty accessing contraceptive coverage or other reproductive healthcare you can contact contraception@opm.gov. Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payment and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9, *Coordinating benefits with Medicare and other coverage*.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, *Coordinating benefits with Medicare and other coverage*.

Section 5(h). Wellness and Other Special Features

Feature	Description
Flexible benefits option	Under the flexible benefits option, we determine the most effective way to provide services. • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
Nutrition and behavioral lifestyle support	Kaiser Permanente is committed to investing in the total health of our members. Exercise, nutrition, and weight management resources such as wellness coaching and online Healthy Lifestyle Programs are all available at no cost. We offer our members the tools and resources they need to actively participate in their health at home, online, with their smartphone, and at our facilities. Our members can enroll in a variety of programs that are designed to help them take an active role in their health and make desired lifestyle changes. Unless otherwise noted, most of these programs are available at no additional costs to members because they are embedded within our integrated care delivery model as part of our core offerings. Examples of our wellness programs aimed at weight and nutrition are: • Nutrition counseling (such as weight loss and a healthy diet) • Stress reduction programs • Chronic disease self-management programs • Exercise counseling and cardiovascular fitness programs • Smoking cessation program • Health risk assessments Members can access our Health and Wellness Programs at kp.org/healthyliving.
Services for deaf, hard of hearing, or speech impaired	We provide a TTY/text phone number at: 711. Sign language services are also available.

Services from other Kaiser Permanente regions	When you visit a different Kaiser Foundation Health Plan service area, you can receive visiting member services from designated providers in that area. Visiting member services are subject to the terms, conditions, and cost-sharing described in this FEHB brochure. Certain services are not covered as a visiting member. Visiting member services are described in our visiting member brochure. For more information about receiving visiting member services, including provider and facility locations in other Kaiser Permanente services areas, please call our Washington Visiting Member Services at 800-466-4296 or visit wa.kaiserpermanente.org/html/public/services/traveling.
Travel benefit	Kaiser Permanente's travel benefits for Federal employees provide you with outpatient follow-up and/or continuing medical and mental health and substance use disorder care when you are temporarily (for example, on a temporary work assignment or attending school) outside your home service area by more than 100 miles and outside of any other Kaiser Permanente service area. These benefits are in addition to your emergency services/accident benefits and include: • Outpatient follow-up care necessary to complete a course of treatment after a covered emergency. Services include removal of stitches, a catheter, or a cast. • Outpatient continuing care for covered services for conditions diagnosed and treated within the previous 12 months by a Kaiser Permanente healthcare provider or affiliated Plan provider. Services include dialysis and prescription drug monitoring. You pay the applicable copayment for each follow-up and/or continuing care office visit. This amount will be deducted from the reimbursement we make to you or to the provider. We limit our payment for this travel benefit to no more than \$2,000 each calendar year. For more information about this benefit, call our Member Services Call Center at 888-901-4636 (TTY: 711). File claims as shown in Section 7. The following are a few examples of services not included in your travel benefits coverage: • Nonemergency hospitalization • Infertility treatments • Medical and hospital costs resulting from a normal full-term delivery of a baby outside the service area • Durable medical equipment (DME) • Prescription drugs • Home health services

Non-FEHB Benefits Available to Plan Members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file a FEHB disputed claim about them.** The fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 888-901-4636 or visit their website at kp.org.

Eyewear Discount - www.kp.org/wa/eyecare

Vision hardware discount members get discounts on vision hardware including eyeglasses, prescription sunglasses and contact lenses once per year. Call Member Services at 888-901-4636, or go online to www.kp.org/wa/eyecare for more information.

Health classes and programs - www.kp.org/classes

As a Kaiser Permanente member, you can sign up for in-person, over-the-phone, and online wellness programs and classes designed to help you achieve your health goals. All sessions are taught by your team of experts who walk you through how to make actionable lifestyle changes.

Fitness deals - www.kp.org/exercise

As a Kaiser Permanente member, you can stay fit with a variety of reduced rates on studios, gyms, fitness gear, and online classes.

- **One Pass Select Affinity®** As a Kaiser Permanente member, you get access to more than 20,000 gym locations and over 23,000 online classes. You can have groceries and household essentials delivered right to your door. Flexible fitness options and the ability to use multiple locations.
- **Affinity Musculoskeletal Program®** provides you with access to a variety of high-quality providers for complimentary and alternative medicine for therapies such as acupuncture, massage and chiropractic care. Go to <https://www.myoptumhealthphysicalhealth.com/ProviderDirectory> to locate a provider near you.

Emotional Wellness and Coaching Apps - www.kp.org/selfcareapps

Kaiser Permanente members get access to wellness apps that can help you navigate life's challenges and receive support for emotional wellness. Get help with anxiety, stress, sleep, relationships, and more, anytime you need it. ;

- **Calm** is an app for meditation and sleep designed to lower stress, reduce anxiety, and more. You can choose from more than 100 programs and activities, including guided meditations, sleep stories, and mindful movement videos.
- **Headspace Care (formerly ginger)** allows you to text one-on-one with an emotional support coach anytime, anywhere, for up to 90 days each year. You can discuss goals, share challenges, and create an action plan with your coach.

Section 6. General Exclusions - Services, Drugs and Supplies We Do Not Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3, *You need prior Plan approval for certain services*.**

We do not cover the following:

- When a service is not covered, all services, drugs, or supplies related to the non-covered service are excluded from coverage, except when specifically stated as covered in this brochure or for services we would otherwise cover to treat complications of the non-covered service or services from other Kaiser Permanente plans (see *Emergency services/accidents and special features*).
- Fees associated with non-payment (including interest), missed appointments and special billing arrangements.
- Care by non-Plan providers except for authorized referrals or emergencies (see *Emergency services/accidents*).
- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except you pay nothing when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services or supplies we are prohibited from covering under the Federal Law.
- Any benefits or services required solely for your employment are not covered by this plan.
- Chemical or surgical modification of an individual's sex traits through medical interventions (to include “gender transition” services), other than mid-treatment exceptions, see Section 3. How You Get Care.

Section 7. Filing a Claim for Covered Services

This section primarily deals with post-service claims (claims for services, drugs, or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs, or supplies requiring prior Plan approval), including urgent care claim procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or fill your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your applicable cost-shares.

You will only need to file a claim when you receive emergency services from non-Plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file HIPAA compliant electronic claims for you. Providers must file on the form CMS-1500, Health Insurance Claim Form. In cases where a paper claim must be used, the facility will file on the UB-04 form. For claims questions and assistance, contact us at 888-901-4636 or at our website at www.kp.org/wa.

When you must file a claim – such as for services you received outside of the Plan's service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name, date of birth, address, phone number and ID number
- Name and address of the provider or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services.

Note: Canceled checks, cash register receipts or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to: Kaiser Foundation Health Plan of Washington, Claims Administration, P.O. Box 30766, Salt Lake City, UT 84130-0766

Phone: 888-901-4636

Prescription drugs

Outpatient drugs and medicines obtained at non-Plan pharmacies are not covered; except when due to an out of area emergency.

Submit your claims to: Kaiser Foundation Health Plan of Washington, Claims Administration, P.O. Box 30766, Salt Lake City, UT 84130-0766

Phone: 888-901-4636

Other supplies or services

Submit your claims to: Kaiser Foundation Health Plan of Washington, Claims Administration, P.O. Box 30766, Salt Lake City, UT 84130-0766

Phone: 888-901-4636

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures	We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected. If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information. If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.
Records	Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.
Deadline for filing your claim	Send us all the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service. If you could not file on time because of Government administrative operations or legal incapacity, you must submit your claim as soon as reasonably possible. Once we pay benefits, there is a [INSERT] year limitation on the re-issuance of uncashed checks.
Overseas claims	For covered services you receive by providers and hospitals outside the United States and Puerto Rico, send a completed Overseas Claim Form and the itemized bills to: Kaiser Foundation Health Plan of Washington Claims Administration P.O. Box 30766 Salt Lake City, UT 84130-0766 Obtain Overseas Claim Forms from Member Services. If you have questions about the processing of overseas claims, contact Member Services at 888-901-4636.
When we need more information	Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.
Authorized Representative	You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a healthcare professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.
Notice Requirements	If you live in a county where at least 10% of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as phone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes

Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediate appeal to OPM, including, including additional requirement not listed in Sections 3, 7, and 8 of this brochure please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure, or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Member Services Department by writing to P.O. Box 34593, Seattle, WA 98124-1593 or calling 866-458-5479.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
1	Ask us in writing to reconsider our initial decision. You must: a) Write to us within 6 months from the date of our decision; and b) Send your request to us at: Kaiser Foundation Health Plan of Washington, Member Appeal Department, P. O. Box 34593, Seattle, WA 98124-1593, 866-458-5479; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly. We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

2

In the case of a post-service claim, we have 30 days from the date we receive your request to:

- a) Pay the claim or
- b) Write to you and maintain our denial or
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3

If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, FEHB 3, 1900 E Street, NW, Washington, DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision or notify you of the status of OPM's review within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 888-901-4636. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 3 at 202-606-0737 between 8am and 5pm Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at www.kp.org/wa.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan processes the benefit, we will pay what is left of our allowance, up to our regular benefit, except you must pay cost sharing described in this FEHB brochure (See Sections 4 and 5. Members with Medicare should also see Section 9). We will not pay more than our allowance.

• TRICARE and CHAMPVA

TRICARE is the healthcare program for eligible dependents of military persons and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

• Workers' Compensation

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers’ Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCF-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

• Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored

program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

If you need more information, contact Member Services toll-free at 888-901-4636 for our subrogation procedures.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on [BENEFEDS.gov](https://www.benefeds.gov) or by phone at 877-888-3337, (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan may provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy. This plan does not cover these costs when provided as part of the clinical trial, except when Kaiser Foundation Health Plan of Washington’s exception to clinical trial exclusion criteria are met.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care. This plan does not cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

For more detailed information on "What is Medicare?" and "Should I Enroll in Medicare?" please contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at www.medicare.gov.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 888-901-4636.

We do not waive any costs if the Original Medicare Plan is your primary payor.

• Tell us about your Medicare coverage

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

• Medicare Part B premium reimbursement

We offer two programs designed to help members with their Medicare Part B premium.

The first program is called, "Medicare Advantage 2." For each month you are enrolled in Medicare Advantage 2, have Medicare Parts A and B and are enrolled in Medicare Advantage for Federal Members, you will be reimbursed up to \$175 (up to \$2,100 per year) of your Medicare Part B monthly premium. Kaiser Permanente Medicare Advantage for Federal Members is a Medicare Advantage HMO plan approved by Medicare.

In addition to reimbursing you for the Part B monthly premium we will cover additional benefits, including lower copays for office visits and inpatient hospitalization.

You may enroll in the Medicare Advantage 2 program if:

- You enroll in the Plan's High Option or Standard Option
- You live in our Medicare Advantage service area
- You have Medicare Parts A and B and you enroll in Medicare Advantage for Federal Members
- The FEHB subscriber completes an additional application for enrollment in Medicare Advantage 2

For Medicare Advantage 2, reimbursements will begin on the first of the month following receipt of your additional application for enrollment in Medicare Advantage 2. During a calendar year, you may enroll in Medicare Advantage 2 only once. If the FEHB subscriber enrolls in Medicare Advantage 2, each family member who enrolls in Medicare Advantage for Federal Members is required to participate in Medicare Advantage 2. If, for any reason, you do not meet the enrollment requirements for Medicare Advantage 2, you will no longer be eligible to participate in the program. Your reimbursements will end and your regular FEHB High Option or Standard Option benefits will resume. You may be required to repay any reimbursements paid to you in error.

The second program is called, "Medicare Choice for High Option." This program is for High Option members who reside outside Kaiser Permanente's Medicare Advantage service area. You will be reimbursed \$50 of your Medicare Part B monthly premium (up to \$600 per year). We will automatically enroll you in the Medicare Choice for High Option program if:

- You enroll in the Plan's High Option
- We can verify that you have Medicare Parts A and B and you are not enrolled in Medicare Advantage

We encourage you to contact us if you are a High Option member who is retired and have Medicare Parts A and B.

To start your monthly reimbursement, you must provide proof of the amount you pay for your Part B premium to our Health Reimbursement Arrangement (HRA) vendor. The Part B reimbursement will begin the month after you provide proof. If we can independently verify your Medicare Part B enrollment, we may send you an annual reimbursement automatically after the plan year ends.

To learn more about our Medicare programs and how to enroll, call us at 855-366-9013, 8 a.m. to 8 p.m., 7 days a week, or visit our website at www.kp.org/feds/wa-core. For TTY for the deaf, hard of hearing, or speech impaired, call 711.

• **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private healthcare choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: We offer a Medicare Advantage plan known as Kaiser Permanente Federal Employees Health Benefits Medicare Advantage plan. The Federal Employees Medicare Advantage and Medicare Choice plans enhance your FEHB coverage by lowering cost shares for certain services and/or adding benefits. High and Standard Option members can choose between 2 Medicare Advantage plans: "Medicare Advantage 1" (richest benefits) and "Medicare Advantage 2" (some rich benefits and Part B premium reimbursement). If you live in our Medicare Advantage service area, are a Medicare-eligible retiree, and have Medicare Parts A and B, you can enroll in our Federal Employees Medicare Advantage plan. Enrolling in Medicare Advantage for Federal Members does not change your FEHB premium. Your enrollment in our Federal Employee Medicare Advantage plan is in addition to your FEHB High Option, Standard Option, or Prosper enrollment. If you are considering enrolling in the Federal Employees Medicare Advantage plan, please call us at 800-446-8882 (TTY: 711), 8 a.m. to 8 p.m., Monday through Friday. Note: you must complete an election form to enroll in the Federal Employees Medicare Advantage plan.

With Kaiser Permanente Federal Employees Medicare Advantage and Medicare Choice for High Option, you'll get more coverage, such as lower cost-sharing and additional benefits. This 2026 benefit summary allows you to make a comparison of your choices:

Benefits and Services: Deductible

High Option Medicare Choice: \$50
Standard Option without Medicare: \$0
Standard Option Medicare Advantage 1: \$0
Standard Option Medicare Advantage 2: \$175
Prosper without Medicare: \$0
Prosper Medicare Advantage: \$0

This is a summary of the features of the Kaiser Permanente Medicare Advantage for Federal Members. As a Medicare Advantage member, you are still entitled to coverage under the FEHB Program. All benefits are subject to the definitions, limitations, and exclusions set forth in this FEHB brochure and the Kaiser Permanente Medicare Advantage for Federal Members Evidence of Coverage.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in another plan's Medicare Part D plan and we are the secondary payor, when you fill your prescription at a Plan pharmacy that is not owned and operated by Kaiser Permanente, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB Plan. Our Kaiser Permanente owned and operated pharmacies will not consider another plan's Medicare Part D benefits. These Kaiser Permanente pharmacies will only provide your FEHB Kaiser Permanente benefits.

You will still need to follow the rules in this brochure for us to cover your care. We will only cover your prescription if it is written by a Plan provider and obtained at a Plan pharmacy or through our Plan mail service delivery program, except in an emergency or urgent care situation.

If you enroll in our Kaiser Permanente Senior Advantage for Federal Members plan, you will get all of the benefits of Medicare Part D plus additional drug benefits covered under your FEHB plan.

- **Medicare Prescription Drug Plan Employer Group Waiver Plan (PDP EGWP)**

If you are enrolled in Medicare Part A and/or Part B and are not enrolled in our Medicare Advantage Prescription Drug Plan (MAPD), you will be automatically group enrolled into our Medicare PDP EGWP. Our PDP EGWP is a prescription drug benefit for FEHB covered annuitants and their FEHB covered Medicare-eligible family members. This allows you to receive benefits that will never be less than the standard prescription drug coverage that is available to members with non-PDP EGWP prescription drug coverage. But more often you will receive benefits that are better than members with standard non-PDP EGWP prescription drug coverage.

This Plan and our PDP EGWP:

You will be automatically enrolled in our PDP EGWP and continue to remain enrolled in our FEHB Plan. **Participation in the PDP EGWP is voluntary, and you have the choice to opt out of this enrollment at any time.**

The PDP EGWP opt out process:

If you were automatically group enrolled into our PDP EGWP and choose to opt out:

- You will receive FEHB commercial prescription drug coverage unless you are enrolling in a Medicare Advantage with Part D plan (MAPD) offered through the FEHB program.
- You may be subject to a Medicare Part D Late Enrollment Penalty (LEP) if you re-enroll in a Medicare Part D plan at a later date. The LEP is a dollar amount that is permanently added to your Medicare Part D plan premium. You can opt out of the PDP EGWP by signing and returning the Opt-Out form in the automatic enrollment notice or contacting us at 888-901-4636.

The PDP EGWP disenrollment process:

When you are enrolled in our PDP EGWP, you may choose to disenroll at any time.

- If you request disenrollment, your disenrollment effective date will be the first day of the month following our receipt of your written, signed, and dated disenrollment request.
- Send a written notice to the following address:

Kaiser Permanente
Medicare Department
P.O. Box 232400
San Diego, CA 92193-2400

- When your Medicare Part D Group plan coverage ends, you may continue your FEHB membership if you still meet the requirements for FEHB coverage.

For additional information, see Chapter 8. *Ending your membership in the plan* in the Evidence of Coverage for Kaiser Permanente Medicare Part D Group Plan (PDP) for Federal members or contact us at 888-901-4636; TTY:711.

Members with higher incomes may have a separate premium payment for their Medicare Part D Prescription Drug Plan (PDP) benefit. Please refer to the Part D-IRMAA section of the Medicare website: <https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans> to see if you would be subject to an additional premium.

For people with limited income and resources, extra help is a Medicare program to help with Medicare prescription drug plan costs. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 TTY 800-325-0778. You may also contact us at 888-901-4636.

Note: If you choose to opt out of or disenroll from our PDP EGWP, your premium will not be reduced, and you may have to wait to re-enroll when and if you are eligible. If you do not maintain creditable coverage, re-enrollment in our PDP EGWP may be subject to a late enrollment penalty. Contact us for assistance at [Insert phone number]; TTY:711.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation		✓ *
9) Are a Federal employee receiving disability benefits for six months or more	✓	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of Terms We Use in This Brochure

Assignment	An authorization by you (the enrollee or covered family member) that is approved by us (the Carrier), for us to issue payment of benefits directly to the provider. • We reserve the right to pay you directly for all covered services. Benefits payable under the contract are not assignable by you to any person without express written approval from us, and in the absence of such approval, any assignment shall be void. • Your specific written consent for a designated authorized representative to act on your behalf to request reconsideration of a claim decision (or, for an urgent care claim, for a representative to act on your behalf without designation) does not constitute an Assignment. • OPM's contract with us, based on federal statute and regulation, gives you a right to seek judicial review of OPM's final action on the denial of a health benefits claim but it does not provide you with authority to assign your right to file such a lawsuit to any other person or entity. Any agreement you enter into with another person or entity (such as a provider, or other individual or entity) authorizing that person or entity to bring a lawsuit against OPM, whether or not acting on your behalf, does not constitute an Assignment, is not a valid authorization under this contract, and is void.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical Trials Cost Categories	An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application. • Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy • Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care • Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	See Section 4, page 22.
Copayment	See Section 4, page 22.
Cost-sharing	See Section 4, page 22.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	(1) Assistance with activities of daily living, for example, walking, getting in and out of bed, dressing, feeding, toileting, and taking medicine. (2) Care that can be performed safely and effectively by people who, in order to provide the care, do not require medical licenses or certificates or the presence of a supervising licensed nurse. Custodial care that lasts 90 days or longer is sometimes known as long-term care.
Deductible	See Section 4, page 22.

Experimental or investigational service	We do not cover a service, supply, item or drug that we consider experimental, except for the limited coverage specified in Section 9, Clinical trials. We consider a service, supply, item or drug to be experimental when the service, supply, item or drug: 1. has not been approved by the FDA; or 2. is the subject of a new drug or new device application on file with the FDA; or 3. is part of a Phase I or Phase II clinical trial, as the experimental or research arm of a Phase III clinical trial; or is intended to evaluate the safety, toxicity, or efficacy of the service; or 4. is available as the result of a written protocol that evaluates the service's safety, toxicity, or efficacy; or 5. is subject to the approval or review of an Institutional Review Board; or 6. requires an informed consent that describes the service as experimental or investigational. We carefully evaluate whether a particular therapy is safe and effective or offers a reasonable degree of promise with respect to improving health outcomes. The primary source of evidence about health outcomes of any intervention is peer-reviewed medical or dental literature.
Group health coverage	Healthcare benefits that are available as a result of your employment, or the employment of your spouse, and that are offered by an employer or through membership in an employee organization. Healthcare coverage may be insured or indemnity coverage, self-insured or self-funded coverage, or coverage through health maintenance organizations or other managed care plans. Healthcare coverage purchased through membership in an organization is also "group health coverage".
Healthcare professional	A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law.
Hospice care	Hospice is a program for caring for the terminally ill patient that emphasizes supportive services, such as home care and pain and symptom control, rather than curative care. If you make a hospice election, you are not entitled to receive other healthcare services that are related to the terminal illness. If you have made a hospice election, you may revoke that election at any time, and your standard health benefits will be covered.
Medical necessity	Medical services or hospital services which are determined by the Plan Medical Director or designee to be: a) Rendered for the treatment or diagnosis of an injury or illness; and b) Appropriate for the symptoms, consistent with diagnosis, and otherwise in accordance with sufficient scientific evidence and professionally recognized standards; and c) Not furnished primarily for the convenience of the Member, the attending physician, or other provider of service. Whether there is "sufficient scientific evidence" shall be determined by the Plan based on the following: peer-reviewed medical literature; publications, reports, evaluations, and regulations issued by state and federal government agencies; Medicare local carriers, and intermediaries; and such other authoritative medical sources as deemed necessary by the Plan.
Never event/serious reportable event	Certain Hospital Acquired Conditions, as defined by Medicare, including things like wrong-site surgeries, transfusion with the wrong blood type, pressure ulcers (bedsores), falls or trauma, and nosocomial infections (hospital-acquired infections) associated with surgeries or catheters, that are directly related to the provision of an inpatient covered service at a Plan provider.

Observation care	Hospital outpatient services you get while your physician decides whether to admit you as an inpatient or discharge you. You can get observation services in the emergency department or another area of the hospital.
Plan allowance	Our allowance is the amount we use to determine our payment and your coinsurance for covered services. We determine our allowance as follows: • For services and items provided by Kaiser Permanente, the applicable charges in the Plan's schedule of Kaiser Permanente charges for services and items provided to Plan members. • For services and items for which a provider (other than Kaiser Permanente) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser Permanente negotiates with the capitated provider. • For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Plan member for the item if a Plan member's benefit plan did not cover the item. This amount is an estimate of the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing Kaiser Permanente pharmacy services and items to Plan members, and the pharmacy program's contribution to the net revenue requirements of the Plan. • For services subject to federal or state surprise billing laws, the amount that we are required to pay (see Section 4 for more information about surprise billing). • For all other services and items, the payments that Kaiser Permanente makes for the services and items, or if Kaiser Permanente subtracts cost-sharing from its payment, the amount the Kaiser Permanente would have paid if it did not subtract cost-sharing. You should also see <i>Important notice about surprise billing – know your rights</i> in Section 4 that describes your protections against surprise billing under the No Surprises Act.
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Reimbursement	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Surprise bill	An unexpected bill you receive for: • emergency care – when you have little or no say in the facility or provider from whom you receive care, or for • non-emergency services furnished by non-Plan providers with respect to patient visits to Plan health care facilities, or for • air ambulance services furnished by non-Plan providers of air ambulance services.

Urgent care claims

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department, 888-901-4636. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

Us/We

Us and we refer to Kaiser Foundation Health Plan of Washington.

You

You refers to the enrollee and each covered family member.
