Introduction

On December 23, 2004, President George W. Bush signed the Federal Employee Dental and Vision Benefits Enhancement Act of 2004 (Public Law 108-496). The law directed the Office of Personnel Management (OPM) to establish supplemental dental and vision benefit programs to be made available to Federal employees, annuitants, and their eligible family members. In response to the legislation, OPM established the Federal Employees Dental and Vision Insurance Program (FEDVIP). OPM has contracted with dental and vision insurers to offer an array of choices to Federal employees and annuitants. Section 715 of the National Defense Authorization Act for Fiscal Year 2017 (FY 2017 NDAA), Public Law 114-328, expanded FEDVIP eligibility to certain TRICARE-eligible individuals.

This brochure describes the benefits of BCBS FEP Dental under the Blue Cross and Blue Shield Association's contract OPM02-FEDVIP-02AP-03 with OPM, as authorized by the FEDVIP law. The address for our administrative office is:

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One, you and your designated family member are entitled to these benefits. If you are enrolled in Self and Family coverage, each of your eligible family members is also entitled to these benefits, if they are also listed on the coverage. **You and your family members do not have a right to benefits that were available before January 1, 2027 unless those benefits are also shown in this brochure.**

OPM negotiates rates with each carrier annually. Rates are shown at the end of this brochure.

BCBS FEP Dental is responsible for the selection of in-network dentists in your area. Contact us at 1-855-504-BLUE (2583) or TTY: 711 for the names of participating dentists or to request a Zip code-based dentist directory. Network dentists are listed on our website at www. bcbsfepdental.com/findadentist and on the BCBS FEP Dental mobile app. Our directory is updated weekly. You may also contact us at 1-855-504-BLUE (2583) for further assistance. Continued participation of any specific dentist cannot be guaranteed. Thus, you should choose your plan based on the benefits provided and not on a specific dentist's participation. When you phone for an appointment, please remember to verify that the dentist is currently in the BCBS FEP Dental network. If your dentist is not currently participating in the network, you can nominate them to join. Dentist nominations can be submitted online or via the mobile app. You can also print a nomination form from our website at www. bcbsfepdental.com or call us at 1-855-504-BLUE (2583) and we will send you a form. Bring the form to your dentist and ask them to complete it if they are interested in participating in our network. **You cannot change plans outside of open season because of changes to the dentist network.**

The network may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas. If you require the services of a specialist and one is not available in your area, contact us for assistance. Please be aware that the BCBS FEP Dental network may be different from your health plan's network.

This BCBS FEP Dental Plan and all other FEDVIP plans are not a part of the Federal Employees Health Benefits (FEHB) Program/Postal Health Benefits (PSHB) Program.

We want you to know that protecting the confidentiality of your individually identifiable health information is of the utmost importance to us. To be eligible, these employees must be expected to work 130 hours per calendar month for at least 90 days. In addition, certain firefighters hired under a temporary appointment and intermittent emergency response personnel are eligible to enroll in FEDVIP. The employing agency must determine and notify these employees of their eligibility.

Your FEDVIP enrollment will continue into retirement if you retire on an immediate annuity or for disability under CSRS, FERS or another retirement system for employees of the Government, regardless of the length of time you had FEDVIP coverage as an employee. There is no requirement to have coverage for 5 years of service prior to retirement in order to continue coverage into retirement, as there is with the FEHB/PSHB Program.

Your FEDVIP coverage will end if you retire on a Minimum Retirement Age (MRA) + 10 retirement and postpone receipt of your annuity. You may enroll in FEDVIP again when you begin to receive your annuity.

You are eligible to enroll in FEDVIP or continue FEDVIP enrollment into compensation status.

TRICARE-eligible individual

Retired members of the uniformed services and National Guard/Reserve components, including "gray-area" retirees under age 60 and their families are eligible for FEDVIP dental coverage. These individuals, if enrolled in a TRICARE health plan, are also eligible for FEDVIP vision coverage. In addition, uniformed services active-duty family members who are enrolled in a TRICARE health plan are eligible for FEDVIP vision coverage.

Family Members

Except with respect to TRICARE-eligible individuals, family members include your spouse and unmarried dependent children under age 22. This includes legally adopted children and recognized natural children who meet certain dependency requirements. This also includes stepchildren and foster children who live with you in a regular parent-child relationship. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support. FEDVIP rules and FEHB/PSHB rules for family member eligibility are **NOT** the same. For more information on family member eligibility visit the website at www.opm.gov/healthcare-insurance/dental-vision/ or contact your employing agency or retirement system.

- Temporary/seasonal employees who do not meet the 130 hours per calendar month for 90 days

Section 2 Enrollment

Enroll Through BENEFEDS

You must use BENEFEDS to enroll or change enrollment in a FEDVIP plan. BENEFEDS is a secure enrollment website (www.BENEFEDS.gov) sponsored by OPM. If you do not have access to a computer, call 1-877-888-FEDS (3337), TTY:711**,** International: 1-571-730-5942 to enroll or change your enrollment.

If you are currently enrolled in FEDVIP and do not want to change plans, your enrollment will continue automatically. Please Note: Your plan's premiums may change for 2027.

Note: You cannot enroll or change enrollment in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, PostalEase, EBIS, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDS.

Enrollment Types

Self Plus One: A Self Plus One enrollment covers you as the enrolled employee or annuitant plus one eligible family member whom you specify. You may choose a Self Plus One enrollment even though you have additional eligible family members, but the additional family members will not be covered under FEDVIP.

Self and Family: A Self and Family enrollment covers you as the enrolled employee or annuitant and all of your eligible family members. You must list all eligible family members when enrolling.

Dual Enrollment

If you or one of your family members is enrolled in or covered by one FEDVIP plan, that person cannot be enrolled in or covered as a family member by another FEDVIP plan offering the same type of coverage; i.e., you (or covered family members) cannot be covered by two FEDVIP dental plans or two FEDVIP vision plans.

Open Season

If you are an eligible employee, annuitant, or TRICARE-eligible individual, you may enroll in a dental and/or vision plan during the November 9, 2026 through midnight EST December 14, 2026, Open Season. Coverage is effective January 1, 2027.

During future annual open seasons, you may enroll in a plan or change or cancel your dental and/or vision coverage. The effective date of these open season enrollments and changes will be set by OPM. **If you want to continue your current enrollment, do nothing. Your enrollment carries over from year to year, unless you change it.**

You may enroll within 60 days after you become eligible as:

- a new employee;
- a previously ineligible employee who transferred to a covered position;
- a survivor annuitant if not already covered under FEDVIP;
- an employee returning to service following a break in service of at least 31 days; or

*Position must be in a Federal agency that provides dental and/or vision coverage with 50 percent or more employer-paid premium.

The timeframe for requesting a QLE change is from 31 days before to 60 days after the event. There are two exceptions:

- There is no time limit for a change based on moving from a regional plan's service area, and
- You cannot request a new enrollment based on a QLE before the QLE occurs, except for enrollment because of loss of dental or vision insurance. You must make the change no later than 60 days after the event.

Enrollments and enrollment changes made based on a QLE are effective on the first day of the pay period following the one in which BENEFEDS receives the enrollment or change. BENEFEDS will send you confirmation of your new coverage effective date.

Once you enroll in a plan, your 60-day window for that type of plan ends, even if 60 calendar days have not yet elapsed. That means once you have enrolled in either plan, you cannot change or cancel that particular enrollment until the next open season, unless you experience a QLE that allows such a change or cancellation.

VA Exception for Cancellation

Generally, you may cancel your enrollment only during the annual open season. However, if you are a FEDVIP enrollee paying premiums on a **post-tax basis**, and you, your family member, or TEI family member becomes eligible for VA dental or vision benefits, then you **may** change your enrollment type or cancel your enrollment within 60 days of receiving notification of VA dental or vision eligibility. This 60-day period may fall outside of open season. VA dental or vision eligibility documentation must be submitted to OPM via the BENEFEDS mailbox (benefedsportal@opm.gov) within 60 days of notification to support the FEDVIP enrollment change or cancellation.

If you are a FEDVIP enrollee paying premiums on a **pre-tax basis,** and you, your family member, or TEI family member becomes eligible for VA dental or vision benefits, then you **may not** change or cancel your FEDVIP enrollment until the next open season.

FEDVIP enrollees can verify if they are paying their premiums on a pre- or post-tax basis by contacting BENEFEDS at 1-877-888-3337, TTY: 711**,** International: 1-571-730-5942.

When Coverage Stops

Coverage ends for active and retired Federal employees, U.S. Postal Service employees, and TRICARE-eligible individuals when:

- you no longer meet the definition of an eligible employee, annuitant, or TRICARE-eligible individual;
- as a Retired Reservist you begin active duty;
- the sponsor or primary enrollee leaves active duty

- you begin a period of non-pay status or pay that is insufficient to have your FEDVIP premiums withheld and you do not make direct premium payments to BENEFEDS;
- you are making direct premium payments to BENEFEDS and you stop making the payments;
- you cancel the enrollment during open season.

Coverage for a family member ends when:

- you as the enrollee lose coverage; or
- the family member no longer meets the definition of an eligible family member.

NOTE: Coverage ends for a covered individual when BCBS FEP Dental does not receive premium payment for that covered individual.

Continuation of Coverage

Under FEDVIP, there is no 31-day extension of coverage. The following are also NOT available under the FEDVIP plans:

- Temporary Continuation of Coverage (TCC);
- spouse equity coverage; or
- right to convert to an individual policy (conversion policy).

FSAFEDS/High Deductible Health Plans and FEDVIP

FSAFEDS/High Deductible Health Plans and FEDVIP

If you are planning to enroll in an FSAFEDS Health Care Flexible Spending Account (HCFSA), Limited Expense Health Care Flexible Spending Account (LEX HCFSA), or any flex spending account, you should consider how coverage under a FEDVIP plan will affect your annual expenses, and thus the amount that you should allot to an FSAFEDS account. Please note that insurance premiums are not eligible expenses for either type of FSA.

Please review IRS - Publication 969, Health Savings Accounts and Other Tax-Favored Health Plans (https://www.irs.gov/forms-pubs/about-publication-969) for additional information about carryover and contribution amounts for the upcoming tax year. If you have an HCFSA or LEX HCFSA FSAFEDS account and you have not exhausted your funds by December 31st of the plan year, FSAFEDS can automatically carry over a set maximum amount of unspent funds into another health care or limited expense account for the subsequent year. To be eligible for carryover, you must be employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31st. You must also actively re-enroll in a health care or limited expense account during the next open season to be carryover eligible. Your re-enrollment must meet the minimum contribution amount for the plan year. If you do not re-enroll, or if you are not employed by an agency that participates in FSAFEDS and actively making allotments from your pay through December 31st, your funds will not be carried over.

Because of the tax benefits an FSA provides, the IRS requires that you forfeit any money for which you did not incur an eligible expense and file a claim in the time permitted. This is known as the "Use-it-or-Lose-it" rule. Carefully consider the amount you will elect.

Current FSAFEDS participants must re-enroll to participate in the program next year. See https://www.fsafeds.gov or call 1-877-FSAFEDS (372-3337) or TTY: 1-866-353-8058. **Note: FSAFEDS is not open to retired employees or to TRICARE-eligible individuals.**

If you enroll or are enrolled in a high deductible health plan with a health savings account (HSA) or health reimbursement arrangement (HRA), you may use your HSA or HRA to pay for qualified dental/vision costs not covered by your FEHB/PSHB and/or FEDVIP plans.

Section 3 How You Obtain Care

Identification Cards/ Enrollment Confirmation

When you enroll for the first time, you will receive a welcome letter along with an identification (ID) card which will serve as confirmation of your enrollment. Each contract holder will receive two BCBS FEP Dental ID cards. The ID cards will only have the contract holder's name on them. Since most FEHB/PSHB plans offer some level of dental benefits separate from your FEDVIP coverage, presenting both ID cards can ensure that you receive the maximum allowable benefit under each program along with accurate and timely claims processing.

Existing members who were previously issued ID cards will not receive new ID cards unless otherwise requested. You may order a replacement ID card via

www.bcbsfepdental.com or by calling customer service at 1-855-504-BLUE (2583).

An ID card is neither a guarantee of benefits nor does your dentist need it to render dental services. Your dentist may call 1-855-504-BLUE (2583) to confirm your enrollment and the benefits available to you.

Where You Get Covered Care

You can obtain care from any licensed dentist in the United States or overseas.

Plan Dentists

Network dentists are listed on our website at www.bcbsfepdental.com/findadentist and on the BCBS FEP Dental mobile app. Our directory is updated weekly. You may also contact us at 1-855-504-BLUE (2583) for further assistance.

In-Network

BCBS FEP Dental negotiates rates with dentists to help reduce your costs. We refer to these dentists as in-network. If you use one of these dentists, benefits are paid at the in-network level. To find a dentist in your area go to www.bcbsfepdental.com/findadentist or contact customer service at 1-855-504-BLUE (2583).

Note: The BCBS FEP Dental dentist network may be different from the BCBS Federal Employee Program (FEP) medical network.

Before each appointment, verify the dentist is in-network at the service location.

Out-of-Network

You may obtain care from any licensed dentist. If the dentist you use is not part of our network, we will pay for their services based on an out-of-network benefit level and plan allowance, resulting in a lower annual maximum benefit. You are responsible for the difference between our payment and the amount billed. If you choose to go out of network, we will pay our portion to the contract holder directly.

Emergency Services

Emergency services are defined as those dental services needed to relieve pain or prevent the worsening of a condition that would be caused by a delay.

Pre-treatment Estimate

Pre-treatment estimates are not mandatory. However, we do recommend that your dentist submits a pre-treatment estimate if you are considering major or extensive dental care such as implant services and/or fixed partial dentures. Pre-treatment estimates should include a comprehensive treatment plan and necessary supporting documentation such as chart notes, radiographic images, and photos.

If more than one service can be used to treat a dental condition, benefits may be alternated to a less costly procedure that meets broadly accepted national standards of dental practice. When a lower cost alternate benefit is applied to the pre-treatment estimate, all services related to the more costly treatment will subsequently not be allowed.

We will provide a non-binding, explanation of benefits to both you and your dentist that will indicate if procedures are covered and an estimate of what we will pay for those specific services. The estimated plan allowance is based on your current eligibility and benefits in effect at the time of the pre-treatment estimate. Submission of other claims or changes in eligibility or benefits may alter final payment. A pre-treatment estimate is not a guarantee of benefits.

Pre-treatment estimates are valid through the calendar year in which they are processed, or 12 months, subject to eligibility and plan limitations.

Submit pre-treatment estimates to BCBS FEP Dental at the address below. Do not send pre-treatment estimates to your medical plan.

BCBS FEP Dental
P.O. Box 75
Minneapolis, MN 55440-0075

Alternate Benefit

In some cases, there may be multiple treatment options that address a dental condition. BCBS FEP Dental professionals may base benefit coverage on the least costly service that meets broadly accepted national standards of dental practice. This helps keep dental premiums affordable and ensures that coverage remains available for commonly used treatments.

You or your dentist have the option to choose a higher-cost treatment or service, but the amount that BCBS FEP Dental covers may be limited to the amount of the less costly covered option. This is called an alternate benefit.

This benefit determination is completed by a dental professional during the BCBS FEP Dental review process. If an alternate benefit is applied, you will have an out-of-pocket charge for any difference between the alternate benefit and the actual charge for the service, including any applicable coinsurance. Additionally, any other services you receive that are related to the higher cost treatment will not be covered.

For example, a composite filling may be the alternate benefit for a crown. Both treatments meet broadly accepted national standards of dental practice so you could elect to move forward with the less costly treatment of a composite filling, where your out-of-pocket cost would be lower. Or you could elect to get a crown and there may be a higher cost because your BCBS FEP Dental plan would cover based on the cost of a composite filling. Another example of an alternate benefit is a partial denture may be the lower-cost alternate benefit for implant services.

To help avoid unexpected costs, we encourage you to request a pre-treatment estimate of benefits before treatment begins.

Dental Review

Some dental services submitted on a claim may be reviewed for benefit determination and dental necessity. This review is conducted by licensed dental professionals who will review the clinical documentation and diagnostic images submitted by your treating dentist.

There may be situations resulting from the dental review where an alternate benefit is applied that meets broadly accepted national standards of dental practice. This review applies to procedures including but not limited to, onlays, crowns, buildups, bridges, implants, periodontal treatment, extractions and anesthesia.

FEHB/PSHB First Payor

It is important to know that, per FEDVIP requirements, the FEHB/PSHB plan will always be the first payor when you are also covered under BCBS FEP Dental. Therefore, always provide your dental office with both your FEHB/PSHB and BCBS FEP Dental ID cards at each appointment. Your dental office should submit your claim(s) to the FEHB/PSHB carrier first.

When you visit a provider who participates with both your FEHB/PSHB plan and your FEDVIP plan, the FEHB/PSHB plan will pay benefits first.

In these cases, the BCBS FEP Dental plan allowance will be the negotiated allowable charge between the plan and the dentist. You are responsible for the difference between the total FEHB/PSHB and BCBS FEP Dental payment and the plan allowance.

We are responsible for facilitating the process if the primary FEHB/PSHB payor is FEP medical.

If you are covered under the Blue Cross Blue Shield Service Benefit Plan Basic Option and BCBS FEP Dental, you are not responsible for the $35 co-pay (up to 2 evaluations per year). If your dentist collects the co-pay upfront, they are required to reimburse the co-pay in full once the claim has processed under BCBS FEP Dental.

Please see the following examples that assume all deductibles have been met and annual maximums have not been reached.

Example 1: High Option coverage (In-Network dentist)
Class B dentist fee: $108.00

Member's responsibility*: $27.20 ($108-$16-$64.80)

*Assumes dentist charge is within the plan allowance

Coordination of Benefits (COB)

If you are covered under a non-FEHB/non-PSHB plan, your BCBS FEP Dental benefits will be coordinated using traditional COB provisions for determining payment. We will coordinate benefit payments with the payment of benefits under other group health benefits coverage (non-FEHB/non-PSHB) you may have and the payment of dental costs under no-fault insurance that pays benefits without regard to fault. Please see the following examples that assume all deductibles have been met and annual maximums have not been reached.

Example 1: High Option coverage (In-Network dentist)
Class B dentist fee: $121.00

Rating Areas

Your rates are determined based on where you live. This is called a rating area. If you move, you must update your address through BENEFEDS at www.BENEFEDS.gov or by phone at 877-888-FEDS (3337), TTY: 711, International: 1-571-730-5942. Your rates might change because of the move. Your rates will not be impacted if you temporarily reside at another location.

Limited Access Area

If you live in an area with limited access to a network dentist and you receive covered services from an out-of-network dentist, we will pay the same benefit level as if you utilized the services of an in-network dentist. A limited access area is a driving distance greater than 15 miles in urban areas, or greater than 35 miles in rural areas. You are responsible for any difference between the amount billed and our payment.

If you need assistance locating an in-network dentist in your area, please call us at 1-855-504-BLUE (2583).

Annual Benefit Maximum	Once you reach this amount, you are responsible for all additional charges. The Annual Benefit Maximums within each plan option are combined between in- and out-of-network services. The total Annual Benefit Maximum will never be greater than the in-network Annual Benefit Maximum. **Annual Benefit Maximum:** In-Network High Option: Unlimited In-Network Standard Option: $1,500 Out-of-Network High Option: $3,000 Out-of-Network Standard Option: $750
Lifetime Benefit Maximum	The Lifetime Benefit Maximum is applicable to orthodontia benefits only. There are no other Lifetime Benefit Maximums under this Plan. **Lifetime Benefit Maximum** In-Network High Option: up to $3,500 In-Network Standard Option: up to $2,500 Out-of-Network High Option: up to $3,500 Out-of-Network Standard Option: up to $1,250
In-Network Services	You pay the coinsurance percentage of our plan allowance for covered services. Before each appointment, verify the dentist is in-network at the service location. Only dentists listed with their corresponding locations are in network. Not all dentists at a location may be in network and the same dentist at a different location may not be in network. It is your responsibility to ensure that the listed dentist is active and in network at the time and location at which you receive services.
Out-of-Network Services	If the dentist you use is not part of our network, benefits will be considered at the out-of-network level. All services provided by an out-of-network dentist will be paid at out-of-network levels, except for limited access benefits. We pay for services rendered by an out-of-network dentist based on an out-of-network plan allowance. You will be responsible for your co-insurance percentage plus the billed amount over plan allowance.
Plan Allowance	Our plan allowance is the amount we use to determine our payment and your coinsurance for covered services. We determine our allowance as follows: • For in-network dentists, based on our contracted dental rates. The member is not responsible for billed amounts that are more than the plan allowance. • For out-of-network dentists, based on the out-of-network plan allowance. FAIR Health (a non-profit, non-insurance operation) data is utilized to determine the out-of-network plan allowance. The member is responsible for any amounts billed by out-of-network dentists that are above the plan allowance, plus their coinsurance amount.
Calendar Year	The calendar year refers to the plan year, which is defined as January 1, 2027 to December 31, 2027.
Emergency Services	Emergency or accident related services are covered the same as any other benefit.
In-Progress Treatment	In-progress treatment for dependents of retiring active-duty service members who were enrolled in the TRICARE Dental Program (TDP) will be covered for the 2027 plan year; regardless of any current plan exclusion for care initiated prior to the enrollee's effective date. This requirement includes assumption of payments for covered orthodontia services up to the FEDVIP policy limits, and full payment where applicable up to the terms of FEDVIP policy for covered services completed (but not initiated) in the 2027 plan year, such as crowns and implants.

Services Not Covered
Refer to Section 7 for a list of general exclusions

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet broadly accepted national standards of practice.
- The calendar year deductible is $0 if you use an in-network dentist.
- If you elect to use an out-of-network dentist, Standard Option has a $75 deductible per person; High Option has a $50 deductible per person. Neither option contains a family deductible; each enrolled covered person must satisfy their own deductible.
- There is no High Option Annual Benefit Maximum for non-orthodontic in-network services, and $3,000 for out-of-network services.
- The Standard Option Annual Benefit Maximum for non-orthodontic services is $1,500 for in-network services and $750 for out-of-network services. In no instance will BCBS FEP Dental allow more than $1,500 in combined benefits under Standard Option in any plan year.
- If more than one service or procedure can be used to treat the dental condition, we reserve the right to authorize an alternate, less costly covered service as deemed by a dental professional to be appropriate and to meet broadly accepted national standards of dental practice. If you and your dentist choose the more costly treatment instead of the alternate benefit, you are responsible for the additional charges beyond the plan allowance for the alternate service. All services related to the more costly treatment will subsequently not be allowed.
- Pre-treatment estimates are not mandatory. However, we do recommend that your dentist submits a pre-treatment estimate if you are considering major or extensive dental care. Pre-treatment estimates should include a comprehensive treatment plan and necessary supporting documentation such as, chart notes, radiographic images, and photos. Benefits may be alternated to a less costly procedure that meets broadly accepted national standards of dental practice. All services related to the more costly treatment will subsequently not be allowed. We will provide a non-binding, explanation of benefits to both you and your dentist that will indicate if procedures are covered and an estimate of what we will pay for those specific services. The estimated plan allowance is based on your current eligibility and benefits in effect at the time of the pre-treatment estimate. Submission of other claims or changes in eligibility or benefit may alter final payment. A pretreatment estimate is not a guarantee of benefits.
- All services requiring more than one visit are payable once all visits are completed.
- In-progress treatment for dependents of retiring TDP enrollees will be covered for the 2027 plan year. This is regardless of any current plan exclusions for care initiated prior to the enrollee's effective date.
- The following is an all-inclusive list of covered services.

You Pay:

High Option

- **In-Network:** No deductible; you pay 50% of the plan allowance for covered services as defined by the plan, subject to plan maximums. For children age 13 and under you pay $0 for covered services as defined by the plan, subject to plan maximums.
- **Out-of-Network:** $50 deductible; you pay 60% of the plan allowance for covered services as defined by the plan, subject to plan maximums and any difference between our allowance and the billed amount**.**

Standard Option

- **In-Network:** No deductible; you pay 65% of the plan allowance for covered services as defined by the plan, subject to plan maximums. For children age 13 and under, you pay $0 for covered services as defined by the plan, subject to plan maximums.

	• **Out-of-Network:** $75 deductible; you pay 80% of the plan allowance for covered services as defined by the plan, subject to plan maximums and any difference between our allowance and the billed amount.

Class C Major Restorative Services Notes:

- For reporting and benefit purposes, the completion date for crowns is the cementation date.
- All major restorative and prosthodontic services (i.e., crown, bridges, implants and dentures) are combined under one replacement limitation under the plan. Benefits for major restorative and prosthodontic services are combined and limited to one every 60 months per tooth or arch depending on the service. For example, if benefits for a removable partial denture are paid, this includes benefits to replace all missing teeth in the arch. No additional benefits for the arch would be considered until the 60 month replacement limit was met.
- When dental services that are subject to a frequency limitation were performed prior to your effective date of coverage, the date of the prior service may be counted toward the time, frequency limitations and/or replacement limitations under this dental insurance. (For example, even if a crown, partial bridge, etc. was not placed while covered under BCBS FEP Dental, or paid by BCBS FEP Dental, the frequency limitations may apply.)

Class C Major Prosthodontic Services Notes:

- For reporting and benefit purposes, the completion date for fixed partial dentures is the cementation date. The completion date is the insertion date for removable prosthodontic appliances. For immediate dentures, the dentist who fabricated the denture may be reimbursed for the service after insertion by another dentist (e.g., oral surgeon).
- All major restorative and prosthodontic services (i.e., crown, bridges, implants and dentures) are combined under one replacement limitation under the plan. Benefits for major restorative and prosthodontic services are combined and limited to one every 60 months per tooth or arch depending on the service. For example, if benefits for a removable partial denture are paid, this includes benefits to replace all missing teeth in the arch. No additional benefits for the arch would be considered until the 60 month replacement limit was met.
- When dental services that are subject to a frequency limitation were performed prior to your effective date of coverage, the date of the prior service may be counted toward the time, frequency limitations and/or replacement limitations under this dental insurance. (For example, even if a crown, partial bridge, etc. was not placed while covered under BCBS FEP Dental, or paid by BCBS FEP Dental, the frequency limitations may apply.)

Class C Major Implant Services Notes:

- Implant services listed with an asterisk (*****) often have the choice of a lower cost treatment. If you or your provider should choose the more costly treatment or service, the lower cost alternate benefit will be allowed.
- All major restorative and prosthodontic services (i.e., crown, bridges, implants and dentures) are combined under one replacement limitation under the plan. Benefits for major restorative and prosthodontic services are combined and limited to one every 60 months per tooth or arch depending on the service. Services Not Covered
Refer to Section 7 for a list of general exclusions

Class D Orthodontic

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are necessary for the prevention, diagnosis, care, or treatment of a covered condition and meet broadly accepted national standards of practice.
- There is no calendar year deductible.
- We pay 50% of the plan allowance up to the lifetime maximum. The lifetime maximum for orthodontic services (clear aligners or traditional braces) depends on the option in which you enroll and if you choose to receive services from a network dentist. If you are covered by High Option, the lifetime maximum is up to $3,500. However, the plan allowance (see page 16) depends on the participation status of the dentist. If you are enrolled in Standard Option, the lifetime maximum for services rendered by an in-network dentist is up to $2,500 and for services rendered by an out-of-network dentist the lifetime maximum is up to $1,250. Your out-of-pocket expenses will be higher when using an out-of-network dentist.
- In no instance will BCBS FEP Dental allow more than $2,500 in orthodontic benefits under Standard Option.
- The benefit for the initial placement will not exceed 25% of the lifetime maximum benefit amount for the appliance. All subsequent payments will be made in equal installments pro-rated over the balance of a maximum period of 29 months. If your coverage terminates, all orthodontia benefit payments will end.
- Covered services are limited to the maximum allowable charge as determined by the plan and are subject to alternate benefit, coinsurance, maximum benefit limits, and the other limitations described in this plan document.
- We cover traditional orthodontic treatment (braces) as well as clear aligners. To determine what is most cost effective, we recommend a pretreatment estimate.
- The allowed amount is based on the orthodontic treatment and does not guarantee that the full lifetime maximum will be paid out on a single treatment. If the orthodontic treatment is already in progress at the time of eligibility, the orthodontic benefit will be prorated based on the number of months remaining in the treatment plan up to the lifetime maximum.
- Coverage for pre-treatment orthodontic exam and radiographic images may be allowed if completed more than 3 months from initial appliance placement.
- Applying the limited access provision will not result in additional payment under the High Option orthodontic plan.
- The following is an all-inclusive list of covered services.

You Pay:

- **In-Network:** 50% of the plan allowance up to the lifetime maximum. You are responsible for all charges that exceed the lifetime maximum.

We will write to you with our decision.

3. If the dispute is not resolved through the initial reconsideration process, you may request a second review of the denial within 60 days from the date of our determination. You must submit your request to us in writing to the address shown above along with any additional information you or your dentist can provide to substantiate your claim so we can reconsider our decision. Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Dental and Vision Insurance Program premium.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your dentists, BCBS FEP Dental, BENEFEDS, or OPM.
- Let only the appropriate dentists review your clinical record or recommend services.
- Avoid using dentists who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review your explanation of benefits (EOBs) statements.
- Do not ask your dentist to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a dentist has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the dentist and ask for an explanation. There may be an error.
  - If the dentist does not resolve the matter, call us at 1-855-504-BLUE (2583) and explain the situation, you will be required to state your complaint in writing to us.
- **Federal Civilians** - Do not maintain as a family member on your policy:
  your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
  your child over age 22 (unless they are disabled and incapable of self-support).

- **TRICARE Eligibles** - Do not maintain as a family member on your policy:
  Your child over age 21 if they are not enrolled in school (unless they are disabled or incapable of self-support)
  Your child over age 23 if they are enrolled in school (unless they are disabled or incapable of self-support)

If you have any questions about the eligibility of a dependent, please contact BENEFEDS.

Be sure to review Section 1, Eligibility, of this brochure prior to submitting your enrollment or obtaining benefits.

Fraud or intentional misrepresentation of material fact is prohibited under the plan. You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEDVIP benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the plan, or enroll in the plan when you are no longer eligible.
