UNITED STATES
OFFICE OF PERSONNEL MANAGEMENT
WASHINGTON, DC 20415-0001

OFFICE OF THE DIRECTOR

Dear Federal Employees Health Benefits Program Participant:

I am pleased to present this 2004 Federal Employees Health Benefits (FEHB) Program plan brochure. The brochure describes the benefits this plan offers you for 2004. Because benefits vary from year to year, you should review your plan's brochure every Open Season – especially Section 2, which explains how the plan changed.

It takes a lot of information to help a consumer make wise healthcare decisions. The information in this brochure, our FEHB Guide, and our web-based resources, make it easier than ever to get information about plans, to compare benefits and to read customer service satisfaction ratings for the national and local plans that may be of interest. Just click on www.opm.gov/insure!

The FEHB Program continues to be an enviable national model that offers exceptional choice, and uses private-sector competition to keep costs reasonable, ensure high-quality care, and spur innovation. The Program, which began in 1960, is sound and has stood the test of time. It enjoys one of the highest levels of customer satisfaction of any healthcare program in the country.

I continue to take aggressive steps to keep the FEHB Program on the cutting edge of employer-sponsored health benefits. We demand cost-effective quality care from our FEHB carriers and we have encouraged Federal agencies and departments to pay the full FEHB health benefit premium for their employees called to active duty in the Reserve and National Guard so they can continue FEHB coverage for themselves and their families. Our carriers have also responded to my request to help our members to be prepared by making additional supplies of medications available for emergencies as well as call-up situations and you can help by getting an Emergency Preparedness Guide at www.opm.gov. OPM's *HealthierFeds* campaign is another way the carriers are working with us to ensure Federal employees and retirees are informed on healthy living and best-treatment strategies. You can help to contain healthcare costs and keep premiums down by living a healthy life style.

Open Season is your opportunity to review your choices and to become an educated consumer to meet your healthcare needs. Use this brochure, the FEHB Guide, and the web resources to make your choice an informed one. Finally, if you know someone interested in Federal employment, refer them to www.usajobs.opm.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kay Coles James".

Kay Coles James
Director

Notice of the Office of Personnel Management's Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

By law, the United States Office of Personnel Management (OPM), which administers the Federal Employees Health Benefits (FEHB) Program, is required to protect the privacy of your personal medical information. OPM is also required to give you this notice to tell you how OPM may use and give out ("disclose") your personal medical information held by OPM.

OPM **will** use and give out your personal medical information:

- To you or someone who has the legal right to act for you (your personal representative),
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected,
- To law enforcement officials when investigating and/or prosecuting alleged or civil or criminal actions, and
- Where required by law.

OPM **has the right** to use and give out your personal medical information to administer the FEHB Program. For example:

- To communicate with your FEHB health plan when you or someone you have authorized to act on your behalf asks for our assistance regarding a benefit or customer service issue.
- To review, make a decision, or litigate your disputed claim.
- For OPM and the General Accounting Office when conducting audits.

OPM **may** use or give out your personal medical information for the following purposes under limited circumstances:

- For Government health care oversight activities (such as fraud and abuse investigations),
- For research studies that meet all privacy law requirements (such as for medical research or education), and
- To avoid a serious and imminent threat to health or safety.

By law, OPM must have your written permission (an "authorization") to use or give out your personal medical information for any purpose that is not set out in this notice. You may take back ("revoke") your written permission at any time, except if OPM has already acted based on your permission.

By law, you **have the right** to:

- See and get a copy of your personal medical information held by OPM.
- Amend any of your personal medical information created by OPM if you believe that it is wrong or if information is missing, and OPM agrees. If OPM disagrees, you may have a statement of your disagreement added to your personal medical information.
- Get a listing of those getting your personal medical information from OPM in the past 6 years. The listing will not cover your personal medical information that was given to you or your personal representative, any information that you authorized OPM to release, or that was given out for law enforcement purposes or to pay for your health care or a disputed claim.
- Ask OPM to communicate with you in a different manner or at a different place (for example, by sending materials to a P.O. Box instead of your home address).
- Ask OPM to limit how your personal medical information is used or given out. However, OPM may not be able to agree to your request if the information is used to conduct operations in the manner described above.
- Get a separate paper copy of this notice.

For more information on exercising your rights set out in this notice, look at www.opm.gov/insure on the Web. You may also call 202-606-0191 and ask for OPM's FEHB Program privacy official for this purpose.

If you believe OPM has violated your privacy rights set out in this notice, you may file a complaint with OPM at the following address:

Privacy Complaints
United States Office of Personnel Management
P.O. Box 707
Washington, DC 20004-0707

Filing a complaint will not affect your benefits under the FEHB Program. You also may file a complaint with the Secretary of the United States Department of Health and Human Services.

By law, OPM is required to follow the terms in this privacy notice. OPM has the right to change the way your personal medical information is used and given out. If OPM makes any changes, you will get a new notice by mail within 60 days of the change. The privacy practices listed in this notice are effective April 14, 2003.

Introduction

This brochure describes the benefits of Univera Healthcare under our contract (CS 1891) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. The address for *Univera Healthcare* administrative offices is:

Univera Healthcare
205 Park Club Lane
Buffalo, NY 14221

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2004, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2004, and changes are summarized on page 10. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, "you" means the enrollee or family member; "we" means *Univera Healthcare*.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM's "Rate Us" feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the Office of Personnel Management, Insurance Services Program, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits (FEHB) Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud - Here are some things you can do to prevent fraud:

- Be wary of giving your plan identification (ID) number over the telephone or to people you do not know, except to your doctor, other provider, or authorized plan or OPM representative.

- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at (877) 800-0910 and explain the situation.
 - If we do not resolve the issue:

**CALL -- THE HEALTH CARE FRAUD HOTLINE
202-418-3300**

OR WRITE TO:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street, NW, Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. **Ask questions if you have doubts or concerns.**
 - Ask questions and make sure you understand the answers.
 - Choose a doctor with whom you feel comfortable talking.
 - Take a relative or friend with you to help you ask questions and understand answers.
2. **Keep and bring a list of all the medicines you take.**
 - Give your doctor and pharmacist a list of all the medicines that you take, including non-prescription medicines.
 - Tell them about any drug allergies you have.
 - Ask about side effects and what to avoid while taking the medicine.
 - Read the label when you get your medicine, including all warnings.
 - Make sure your medicine is what the doctor ordered and know how to use it.
 - Ask the pharmacist about your medicine if it looks different than you expected.
3. **Get the results of any test or procedure.**
 - Ask when and how you will get the results of test or procedures.
 - Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
 - Call your doctor and ask for your results.

- Ask what the results mean for your care.
- 4. **Talk to your doctor about which hospital is best for your health needs.**
 - Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
 - Be sure you understand the instructions you get about follow-up care when you leave the hospital.
- 5. **Make sure you understand what will happen if you need surgery.**
 - Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
 - Ask your doctor, “Who will manage my care when I am in the hospital?”
 - Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery?
 - How can I expect to feel during recovery?
 - Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1. Facts about this HMO plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You only pay the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments or coinsurance.

Your Rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM's FEHB Web site (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Accreditation status
- Compliance with State or Federal licensing, certification, or fiscal solvency requirements, if applicable
- Clinical protocols, practice guidelines and utilization review standards used by the Plan.
- Number of primary care and specialty providers, including board certified status
- Years in existence
- Profit status

If you want more information about us, call (800) 427-8490, or write to Univera Healthcare, Sales Dept., 205 Park Club Lane, Buffalo, NY 14221-5239. You may also contact us by fax at (716) 847-1257 or visit our Web site at www.univerahealthcare.com.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. **Please read the following information carefully before making a decision about enrolling in our Plan. For current or prospective members who live or work in Erie, Niagara, Orleans, Wyoming and Genesee Counties your Plan enrollment code will be O81 for self only and O82 for self and family.**

If you live or work in Chautauqua, Cattaraugus, and Allegany Counties your Plan enrollment code must be KQ1 for self only and KQ2 for self and family.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. How we change for 2004

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- We added information regarding two new Federal Programs that complement FEHB benefits, the Federal Flexible Spending Account Program - *FSAFEDS* and the Federal Long Term Care Insurance Program. See page xx.
- We added information regarding Preventing medical mistakes. See page 6.
- We added information regarding enrolling in Medicare. See page 50.
- We revised the Medicare Primary Payer Chart. See page 52.

Changes to this Plan

- Your share of the non-Postal premium will increase by 9.7% for Self Only or 6.0% for Self and Family for enrollment code KQ.
- Your share of the non-Postal premium will increase by 2.8% for Self Only or 2.8% for Self and Family for enrollment code Q8.
- The prescription drug copays will increase to \$10 First Tier / \$20 Second Tier / \$45 Third Tier for each 30 day supply..

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800/337-3338 or write to us at *Univera Healthcare, Customer Service Dept., 205 Park Club Lane, Buffalo, NY 14221-5239*. You may also request replacement cards through our website at *univerahealthcare.com*.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments and coinsurance, and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards. Ordinarily, you must get your care from providers who contract with us.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website. The Provider Directory lists participating doctors by specialty, with their locations and phone numbers. Directories are provided to all interested enrollees at the time of enrollment, or you may request a directory by calling the Plan's Sales Department at (716) 847-0881. **Important note: When you enroll in this Plan, services (except for emergency benefits) are provided through the Plan's network of providers; the continued availability and/or participation of any one doctor, hospital, or other provider cannot be guaranteed.**

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. You may select a primary care physician on your enrollment application, or by calling the Plan's Marketing Department at (716) 847-0881. Check the participation status of any provider by telephoning the provider directly, or by calling us. If you are interested in receiving care from a specific provider who is listed in the directory, call the provider to verify that he or she still participates with the Plan and is accepting new patients. You may change your primary care physician at any time; just call the Plan's Customer Service Department at (800) 337-3338.

- **Primary care**

Your primary care physician can be a family practitioner, internist, general practitioner, or pediatrician. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. When you receive a referral from your primary care physician, you must return to the primary care

physician after the consultation, unless your primary care physician authorized a certain number of visits without additional referrals. The primary care physician must provide or authorize all follow-up care. Do not go to the specialist for a second visit unless your primary care doctor has arranged for, and the Plan has issued an authorization for, the referral in advance. If you are receiving services from a doctor who leaves the Plan, the Plan will pay for covered services until the Plan can arrange for you to be seen by another participating doctor.

Here are other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will work with the specialist to develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic or disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause; or
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan; or
 - reduce our service area and you enroll in another FEHB Plan,

you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at (800) 337-3338. If you are new to the FEHB Program, we will arrange for you to receive care.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or

- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process pre-authorization. Your physician must obtain pre-authorization for the following services: all hospital admissions and some surgeries, additional medical services such as mental health and substance abuse treatment, durable medical equipment, prosthetic devices, physical, occupational, speech therapies, certain prescription drugs, and some diagnostic testing. In addition, pre-authorization is required for services provided by non-plan providers.

To obtain pre-authorization, your physician will contact us in writing. Most of the time, if the requested service is covered under your contract, a Univera representative will issue a pre-authorization for the service. Otherwise, a Plan Medical Director will review any medical documentation submitted by your physician to make a determination. We will notify you of the decision in writing. If the request is denied, you have the right to appeal our decision.

Your physician must obtain pre-authorization from the Plan Medical Director for all referrals to non-Plan providers. The Plan will not cover any non-emergency medical services from non-Plan providers without the written pre-authorization of the Plan Medical Director. You will be responsible for all costs for these services.

Section 4. Your costs for covered services

You must share the cost of some services. You are responsible for:

- **Copayments**

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive services.

Example: When you see your primary care physician you pay a copayment of \$15 per office visit, and when you go in the hospital, you pay \$250 per admission per member per calendar year.

- **Deductible**

We do not have a deductible.

- **Coinsurance**

Coinsurance is the percentage of our negotiated fee that you must pay for your care. Only certain specified services require coinsurance.

Example: In our Plan, you pay 50% of our allowance for durable medical equipment.

Your catastrophic protection out-of-pocket maximum

We do not have a catastrophic protection out-of-pocket maximum services.

Section 5. Benefits -- OVERVIEW

(See page 10 for how our benefits changed this year and page 65 for a benefits summary.)

Note: This benefits section is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about our benefits, contact us at {phone number} or at our Web site at www. {insert Web address}.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If you are in an emergency situation, we encourage you to call your Plan doctor. Otherwise, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify us. You or a family member must notify the Plan within 48 hours unless it was not reasonably possible to do so. It is your responsibility to ensure that the Plan has been timely notified.

Follow-up care after an emergency:

If you need to be hospitalized due to the emergency, you must notify the Plan within 48 hours or on the first working day following your admission, unless it was not reasonably possible to do so. If you are hospitalized in non-Plan facilities and your Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically appropriate with any ambulance charges covered in full.

After an emergency, contact your Plan doctor. Your Plan doctor must authorize and arrange all necessary follow-up care. Any follow-up care recommended by non-Plan providers must be approved by the Plan and provided by Plan providers.

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Here are some important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits description below.

Preauthorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes:

- You must call the Plan’s Behavioral Health Department at (800) 330- 9314, to obtain authorization for treatment. You do not need a referral from your primary care physician.
- Your Plan doctor must obtain pre-authorization for inpatient mental health and substance abuse services, in the same way that pre-authorization is required for other inpatient services.

Limitation

We may limit your benefits if you do not obtain a treatment plan.

Here are some important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Certain prescription drugs may require pre-authorization from the Plan, due to their cost or possible use for purposes that are not medically necessary or appropriate. We have the right to determine whether a drug needs pre-authorization; a pre-authorization list, as updated by us from time to time is available upon request.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription?** A licensed physician, or other licensed health care provider legally authorized to prescribe under Title 8 of the New York State Education Law, must write the prescription
- **Where you can obtain them.** You may fill the prescription at a Plan pharmacy, or by mail.
 - Pharmacies that participate in this plan are located throughout the United States.
 - Mail order pharmacies will provide quantities of non-acute medications (as defined by the Plan) not to exceed a 90-day supply. You will be responsible for a copay for each 30-day supply of medication dispensed.

We do not use a formulary. We employ a tiered pharmacy benefit design based on evidence-based medicine, nationally recognized guidelines and the recommendations of external advisory committees. Your copay depends upon the classification of a given drug into the first, second or third tier. Members have access to virtually all FDA-approved drugs, subject to medical necessity. Classification of a drug into a given tier is at the discretion of the Plan.

- **These are the dispensing limitations.** Retail pharmacies will dispense supplies of up to 30 days, while mail-order pharmacy may dispense up to a 90-day supply of non-acute medications (as defined by the Plan). You will have to pay a copay for each 30-day supply. Acute medications, i.e., topicals, antibiotics and cough/cold medications are not available through the mail-order pharmacy, because the turn-around time between submission of the prescription and receipt of the medication does not meet accepted quality standards. Certain medications are subject to quantity limitations based on their potential for inappropriate or unsafe use, or status as a “lifestyle” drug. For example, Viagra is limited to 6 pills per month, or 72 per year. Members may refill medications after 80% of the previous dispensing has been used, except for those medications subject to quantity limitations.

A generic equivalent will be dispensed if it is available, unless your physician specifically requires a name brand.

If you are a military reservist called to active duty or a member who needs medication during a national emergency call us at 800-427-8490 for assistance in obtaining medication.

- **Why use generic drugs?** *Generic drugs contain the same active ingredients and are equivalent in strength and dosage to the original brand name product. Generic drugs cost you and your plan less money than a name brand drug.*
- **When you have to file a claim.** If you are required to pay for your prescription up front, you may submit your pharmacy label receipt to us for consideration of payment. Medications that require pre-authorization will still need to meet the medical guidelines established by Univera for coverage.

Dental benefits

We have no other dental benefits.

Section 5 (i). Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file a FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. Please contact the Plan's customer service department at 800-337-3338 for more details on the following programs. You can also visit our website at www.univerahealthcare.com to learn more about our discount programs.

Health Education Programs

- Members will be reimbursed for prescription medications upon proof of enrollment in an approved smoking cessation program. Members will also be reimbursed up to \$50 upon completion of the approved programs. The maximum reimbursement will be up to \$100 per member per lifetime. Participating local hospitals and health agencies include American Cancer Society, Roswell Park, Kenmore Mercy Hospital, Lockport Memorial Hospital, and others.
Smoking Cessation – Up to \$100 for one smoking cessation program per member per lifetime, including all related expenses such as drugs.
- Prepared Childbirth Classes are designed to help both parents prepare for birth through exercise, relaxation and communication.
- Adult Weight Control is a program to help modify habits, improve exercise practices and develop other life skills that can help manage weight.
- Arthritis Education is a designed to help increase a participant's flexibility, strength, and balance.
- Diabetes Education teaches nutrition, self-care and monitoring skills necessary to cope with diabetes.
- Nutritional Counseling relates to the management of disease or medical condition.
- Cardiopulmonary Resuscitation (CPR) Adult and Pediatric combined or pediatric alone programs follow the guidelines of the American Heart Association.

There is a registration fee for some of the programs; however, special arrangements are available for financial hardship. Some programs require a referral from your Plan doctor.

Dental Services

- Preventive dental services are available from a select list of Western New York dentists through Univera Healthcare's Dental Discount Program. You and your dependents can receive up to a 25% discount on preventive, basic and restorative dental services.

Vision Services

- As part of your vision coverage, you can take advantage of discounts through Vision Service Plan (VSP), a nationally recognized vision services provider. You can receive a 20% discount on lenses and frames and a 15% discount on fitting fees for contact lenses from participating providers. Also, you can receive up to a 20% discount on Lasik eye surgery from our providers.

Acupuncture and Massage Therapy

- Professional acupuncture and massage therapy services are available at discount from participating providers. You must present your identification cards to the participating providers. Fees for services will be posted at participating locations.

Section 6. General exclusions – things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency Benefits);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest ;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible. You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital and drug

benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Facilities will file on the UB-92 form. For claims questions and assistance, call us at (800) 337-3338.

When you must file a claim -- such as for services you receive outside of the Plan's service area -- submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer -- such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to: Univera Healthcare, Customer Service Department, 205 Park Club lane, Buffalo, NY 14221-5293. Please call the Plan's Customer Service Department at (800) 337-3338 regarding claims payments.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization:

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">(a) Write to us within 6 months from the date of our decision; and(b) Send your request to us at: {Plan address}; and(c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and(d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
2	<p>We have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">(a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or(b) Write to you and maintain our denial -- go to step 4; or(c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.
3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none">• 90 days after the date of our letter upholding our initial decision; or• 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or• 120 days after we asked for additional information. <p>Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group 3, 1900 E Street, NW, Washington, DC 20415-3630.</p>

The Disputed Claims process (*Continued*)

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

- 5** OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied pre-certification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

NOTE: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

- (a) We haven't responded yet to your initial request for care or preauthorization/prior approval, then call us at xxx and we will expedite our review; or
- (b) We denied your initial request for care or preauthorization/prior approval, then:
 - If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
 - You may call OPM's Health Insurance Group 3 at 202/606-0755 between 8 a.m. and 5 p.m. eastern time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage You must tell us if you or a covered family member have coverage under another group health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age and older.
- Some people with disabilities, under 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has two parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (Someone who was a Federal employee on January 1, 1983 or since automatically qualifies.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or both Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare + Choice is the term used to describe the various health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on the type of Medicare managed care plan you have.

•**The Original Medicare Plan
(Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share. Some things are not covered under Original Medicare, like prescription drugs.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be provided, directed, authorized or arranged by your Plan PCP, or pre-certified by the Plan if applicable.

Claims process when you have the Original Medicare Plan -- You probably will never have to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 800-337-3338 or contact us at www.univerahealthcare.com.

We waive some costs if the Original Medicare Plan is your primary payer -- We will waive your copayments and coinsurance.

(Primary payer chart begins on next page.)

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

● Medicare + Choice

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare + Choice plan. These are health care choices (like HMOs) in some areas of the country. In most Medicare + Choice plans, you can only go to doctors, specialists, or hospitals that are part of the plan. Medicare + Choice plans provide all the benefits that Original Medicare covers. Some cover extras, like prescription drugs. To learn more about enrolling in a Medicare + Choice plan, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare + Choice plan, the following options are available to you:

We do not offer a Medicare + Choice Plan.

This Plan and another plan's Medicare + Choice plan: You may enroll in another plan's Medicare+ Choice plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare+ Choice plan is primary, even out of the Medicare + Choice plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare + Choice plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare + Choice plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare + Choice plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare + Choice plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare+ Choice plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next open season unless you involuntarily lose coverage or move out of the Medicare + Choice plan's service area.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the program.

Workers' Compensation

We do not cover services that:

- you need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or

- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. See page 13.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 13.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	<p>Any service that can be provided by an average individual who does not have medical training. Examples of Custodial Care include:</p> <ol style="list-style-type: none">Assistance in performing activities of daily living such as feeding, dressing, or preparation of special diets;Administration of oral medications, routine changing of dressing or preparation of special diets;Assistance in walking or getting out of bed;Child care necessitated by the incapacity of a parent; orRespite care. <p>Custodial care that lasts 90 days or more is sometimes known as long term care.</p>
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 13.
Experimental or investigational services	Services that do not have Food and Drug Administration (FDA) or comparable approval to market for those specific indications and methods of use being considered. Approval to market means permission for commercial distribution
Medical necessity	Medical necessity refers to our determination that a covered service is essential for the diagnosis and/or treatment of your condition, disease or injury.

Us/We	Us and we refer to Univera Healthcare
You	You refers to the enrollee and each covered family member.

Section 11. FEHB facts

Coverage information

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure. Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the Federal Employees Health Benefits (FEHB) Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your

children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option,
- if you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- if you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2004 benefits of your old plan or option. However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2003 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as temporary continuation of coverage (TCC).

When you lose benefits

•When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

• Spouse equity coverage

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to supply health coverage to you. But, you may be eligible for your own FEHB coverage under the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former*

Spouse Enrollees, or other information about your coverage choices. You can also download the guide from OPM's Web site, www.opm.gov/insure.

- **Temporary continuation of coverage (TCC)**

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Getting a Certificate of Group Health Plan Coverage**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans. For more information, get OPM pamphlet RI 79-27, Temporary Continuation of Coverage (TCC) under the FEHB Program. See also the FEHB Web site (www.opm.gov/insure/health); refer to the "TCC and HIPAA" frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and have information about Federal and State agencies you can contact for more information.

Two new Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you know about two new Federal programs that complement the FEHB Program. First, the **Flexible Spending Account (FSA) Program**, also known as **FSAFEDS**, lets you set aside tax-free money to pay for health and dependent care expenses. The result can be a discount of 20 to more than 40 percent on services you routinely pay for out-of-pocket. Second, the **Federal Long Term Care Insurance Program (FLTCIP)** covers long term care costs not covered under the FEHB.

The Federal Flexible Spending Account Program - *FSAFEDS*

- **What is an FSA?**

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses. *By using an FSA, you can reduce your taxes while paying for services you would have to pay for anyway, producing a discount that can be over 40%!!*

There are two types of FSAs offered by the FSAFEDS Program:

Health Care Flexible Spending Account (HCFSAs)

- Covers eligible health care expenses not reimbursed by this Plan, or any other medical, dental, or vision care plan you or your dependents may have
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified dependent under the U.S. Internal Revenue Service (IRS) definition and/or with whom you jointly file your Federal income tax return, even if you don't have self and family health benefits coverage. **Note:** The IRS has a broader definition than that of a "family member" than is used under the FEHB Program to provide benefits by your FEHB Plan.
- The maximum amount that can be allotted for the HCFSAs is \$3,000 annually. The minimum amount is \$250 annually.

Dependent Care Flexible Spending Account (DCFSA)

- Covers eligible dependent care expenses incurred so you can work, or if you are married, so you and your spouse can work, or your spouse can look for work or attend school full-time.
- Eligible dependents for this account include anyone you claim on your Federal income tax return as a qualified IRS dependent and/or with whom you jointly file your Federal income tax return.
- The maximum that can be allotted for the DCFSA is \$5,000 annually. The minimum amount is \$250 annually. **Note:** The IRS limits contributions to a Dependent Care FSA. For single taxpayers and taxpayers filing a joint return, the maximum is \$5,000 per year. For taxpayers who file their taxes separately with a spouse, the maximum is \$2,500 per year. The limit includes any child care subsidy you may receive

- **Enroll during Open Season**

You **must make an election** to enroll in an FSA during the FEHB Open Season. Even if you enrolled during the initial Open Season for 2003, you must make a new election to continue participating in 2004. Enrollment is easy!

- Enroll online anytime during Open Season (November 10 through December 8, 2003) at www.fsafeds.com.
- Call the toll-free number 1-877-FSAFEDS (372-3337) Monday through Friday, from 9 a.m. until 9 p.m. eastern time and a FSAFEDS Benefit Counselor will help you enroll.

What is SHPS?

SHPS is a third-party administrator hired by OPM to manage the FSAFEDS Program. SHPS is the largest FSA administrator in the nation and will be responsible for

enrollment, claims processing, customer service, and day-to-day operations of FSAFEDS.

Who is eligible to enroll?

If you are a Federal employee eligible for FEHB – even if you’re not enrolled in FEHB– you can choose to participate in either, or both, of the flexible spending accounts. If you are not eligible for FEHB, you are not eligible to enroll for a Health Care FSA. However, almost all Federal employees are eligible to enroll for the Dependent Care FSA. The only exception is intermittent (also called when actually employed [WAE]) employees expected to work less than 180 days during the year.

Note: FSAFEDS is the FSA Program established for all Executive Branch employees and Legislative Branch employees whose employers signed on. Under IRS law, FSAs are not available to annuitants. In addition, the U.S. Postal Service and the Judicial Branch, among others, are Federal agencies that have their own plans with slightly different rules, but the advantages of having an FSA are the same no matter what agency you work for.

- **How much should I contribute to my FSA?**

Plan carefully when deciding how much to contribute to an FSA. Because of the tax benefits of an FSA, the IRS places strict guidelines on them. You need to estimate how much you want to allocate to an FSA because current IRS regulations require you forfeit any funds remaining in your account(s) at the end of the FSA plan year. This is referred to as the “use-it-or-lose-it” rule. You will have until April 29, 2004 to submit claims for your eligible expenses incurred during 2003 if you enrolled in FSAFEDS when it was initially offered. You will have until April 30, 2005 to submit claims for your eligible expenses incurred from January 1 through December 31, 2004 if you elect FSAFEDS during this Open Season.

The **FSAFEDS Calculator** at www.fsafeds.com will help you plan your FSA allocations and provide an estimate of your tax savings based on your individual situation.

- **What can my HCFSA pay for?**

Every FEHB health plan includes cost sharing features, such as deductibles you must meet before the Plan provides benefits, coinsurance or copayments that you pay when you and the Plan share costs, and medical services and supplies that are not covered by the Plan and for which you must pay. These out-of-pocket costs are summarized on page XX and detailed throughout this brochure. Your HCFSA will reimburse you for such costs when they are for tax deductible medical care for you and your dependents that is NOT covered by this FEHB Plan or any other coverage that you have.

Under this Plan, typical out-of-pocket expenses include: copayments for primary/specialist care, inpatient care, surgical care, emergency care, mental health care and prescription drugs. It also includes coinsurance for orthopedic, prosthetic and durable medical equipment.

The IRS governs expenses reimbursable by a HCFSA. See Publication 502 for a comprehensive list of tax-deductible medical expenses. **Note: While you will see insurance premiums listed in Publication 502, they are NOT a reimbursable expense for FSA purposes.** Publication 502 can be found on the IRS Web site at <http://www.irs.gov/pub/irs-pdf/p502.pdf>. If you do not see your service or expense listed in Publication 502, please call a FSAFEDS Benefit Counselor at 1-877-FSAFEDS (372-3337), who will be able to answer your specific questions.

- **Tax savings with an FSA**

An FSA lets you allot money for eligible expenses *before* your agency deducts taxes from your paycheck. This means the amount of income that your taxes are based on will be lower, so your tax liability will also be lower. Without an FSA, you would still pay for these expenses, but you would do so using money remaining in your paycheck after

Federal (and often state and local) taxes are deducted. The following chart illustrates a typical tax savings example:

Annual Tax Savings Example	With FSA	Without FSA
If your taxable income is:	\$50,000	\$50,000
And you deposit this amount into a FSA:	\$ 2,000	-\$0-
Your taxable income is now:	\$48,000	\$50,000
Subtract Federal & Social Security taxes:	\$13,807	\$14,383
If you spend after-tax dollars for expenses:	-\$0-	\$ 2,000
Your real spendable income is:	\$34,193	\$33,617
Your tax savings:	\$576	-\$0-

Note: This example is intended to demonstrate a typical tax savings based on 27% Federal and 7.65% FICA taxes. Actual savings will vary based upon in which retirement system you are enrolled (CSRS or FERS), as well as your individual tax situation. In this example, the individual received \$2,000 in services for \$1,424, a discount of almost 36%! You may also wish to consult a tax professional for more information on the tax implications of an FSA.

- **Tax credits and deductions**

Health care expenses

You *cannot* claim expenses on your Federal income tax return if you receive reimbursement for them from your HCFSA or DCFSA. Below are some guidelines that may help you decide whether to participate in FSAFEDS.

The HCFSA is tax-free from the first dollar. In addition, you may be reimbursed from the HCFSA at any time during the year for expenses up to the annual amount you've elected to contribute.

Only health care expenses exceeding 7.5% of your adjusted gross income are eligible to be deducted on your Federal income tax return. Using the example listed in the above chart, only health care expenses exceeding \$3,750 (7.5% of \$50,000) would be eligible to be deducted on your Federal income tax return. In addition, money set aside through a HCFSA is also exempt from FICA taxes. This exception is not available on your Federal income tax return.

Dependent care expenses

The DCFSA generally allows many families to save more than they would with the Federal tax credit for dependent care expenses. Note that you may only be reimbursed from the DCFSA up to your current account balance. If you file a claim for more than your current balance, it will be held until additional payroll allotments have been added to your account.

Visit www.fsafeds.com and download the Dependent Care Tax Credit Worksheet from the Quick Links box to help you determine what is best for your situation. You may also wish to consult a tax professional for more details.

- **Does it cost me anything to participate in FSAFEDS?**

Probably not. While there is an administrative fee of \$4.00 per month for an HCFSA and 1.5% of the annual election for a DCFSA, most agencies have elected to pay these fees out of their share of employment tax savings. To be sure, check the FSAFEDS.com

web site or call 1-877-FSAFEDS (372-3337). Also, remember that participating in FSAFEDS can cost you money if you don't spend your entire account balance by the end of the plan year and wind up forfeiting your end of year account balance, per the IRS "use-it-or-lose-it" rule.

- **Contact us**

To find out more or to enroll, please visit the **FSAFEDS Web site** at www.fsafeds.com, or contact SHPS by email or by phone. SHPS Benefit Counselors are available from 9:00 a.m. until 9:00 p.m. eastern time, Monday through Friday.

The Federal Long Term Care Insurance Program

It's important protection

Here's why you should consider enrolling in the Federal Long Term Care Insurance Program:

- **FEHB plans do not cover the cost of long term care.** Also called "custodial care," long term care is help you receive when you need assistance performing activities of daily living – such as bathing or dressing yourself. This need can strike anyone at any age and the cost of care can be substantial.
- **The Federal Long Term Care Insurance Program can help protect you from the potentially high cost of long term care.** This coverage gives you control over the type of care you receive and where you receive it. It can also help you remain independent, so you won't have to worry about being a burden to your loved ones.
- **It's to your advantage to apply sooner rather than later.** Long term care insurance is something you must apply for, and pass a medical screening (called underwriting) in order to be enrolled. Certain medical conditions will prevent some people from being approved for coverage. By applying while you're in good health, you could avoid the risk of having a change in health disqualify you from obtaining coverage. Also, the younger you are when you apply, the lower your premiums.
- **You don't have to wait for an open season to apply.** The Federal Long Term Care Insurance Program accepts applications from eligible persons at any time. You will have to complete a full underwriting application, which asks a number of questions about your health. However, if you are a new or newly eligible employee, you (and your spouse, if applicable) have a limited opportunity to apply using the abbreviated underwriting application, which asks fewer questions. If you marry, your new spouse will also have a limited opportunity to apply using abbreviated underwriting. Qualified relatives are also eligible to apply with full underwriting.

2004 Rate Information for Univera Healthcare

Non-Postal rates apply to most non-Postal enrollees. If you are in a special enrollment category, refer to the FEHB Guide for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to career Postal Service employees. Most employees should refer to the FEHB Guide for United States Postal Service Employees, RI 70-2. Different postal rates apply and a special FEHB guide is published for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN).

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable FEHB Guide.
