Important Notice From Coventry Health Care of Kansas, Inc. About

Our Prescription Drug Coverage and Medicare

OPM has determined that Coventry Health Care of Kansas prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. Thus you do not need to enroll in Medicare Part D and pay extra for prescription drug benefit coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you terminate your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

- If you lose or drop your FEHB coverage, and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will increase 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election period (November 15th through December 31st) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

Introduction

This brochure describes the benefits of Coventry Health Care of Kansas, Inc., under our contract (CS 2108) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. The address for Coventry Health Care of Kansas, Inc., administrative offices is:

Coventry Health Care of Kansas, Inc.

8301 East 21st North, Suite 300,

Wichita, KS 67206

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. Unless otherwise stated, these benefits are effective on January 1, 2007 (or the first day of your first 2007 pay period for Federal employees who enrolled in this plan during the 2006 Open Season). Refer to the 2006 brochure for the benefits available during 2006.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2007, and changes are summarized on page 9. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Coventry Health Care of Kansas, Inc.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehwebcomments@opm.gov. You may also write to OPM at the U.S. Office of Personnel Management, Insurance Services Programs, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.

- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 866-320-0697 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

202-418-3300

OR WRITE TO:

United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing medical mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicine or give your doctor and pharmacist a list of all the medicines that you take, including non-prescription (over-the-counter) medicines.
- Tell them about any drug allergies you have.
- Ask about risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.

- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of test or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery?
 - How can I expect to feel during recovery?
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1 Facts about this HMO plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory. We give you a choice of enrollment in a High Option, a Standard Option or a High Deductible Health Plan (HDHP).

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of our High and Standard Options

- These Plans offer coverage with no deductibles and provide for a variety of copayment and coinsurance responsibilities for covered services.
- You are **not** required to select a primary care physician.
- These plans allows you direct access to plan providers, no referrals are necessary.
- You have first dollar coverage with no upfront deductibles to meet.
- Routine eye exams are available to all members.

General features of our High Deductible Health Plan (HDHP)

This Plan also offers a high deductible health plan (HDHP) with a Health Savings Account (HSA) or Health Reimbursement Arrangement (HRA) component. An HDHP is a new health plan product that provides traditional health care coverage and a tax advantaged way to help you build savings for future medical needs. An HDHP with an HSA or HRA is designed to give greater flexibility and discretion over how you use your health care benefits. As an informed consumer, you decide how to utilize your plan coverage with a high deductible and out-of-pocket expenses limited by catastrophic protection. And you decide how to spend the dollars in your HSA or HRA. You may consider:

- Using the most cost effective provider
- Actively pursuing a healthier lifestyle and utilizing your preventive care benefit
- Becoming an informed health care consumer so you can be more involved in the treatment of any medical conditions or chronic illness.

The type and extent of covered services, and the amount we allow, may be different from other plans. Read our brochure carefully to understand the benefits and features of this HDHP. Internal Revenue Service (IRS) rules govern the administration of all HDHPs. The IRS Website at <http://www.ustreas.gov/offices/public-affairs/hsa/faq1.html> has additional information about HDHPs.

Preventive care services

Preventive care services are generally paid as first dollar coverage or after a small deductible or copayment. First dollar coverage may be limited to a maximum dollar amount each year.

Annual deductible

The annual deductible must be met before Plan benefits are paid for care other than preventive services.

Health Savings Account (HSA)

You are eligible for a Health Savings Account (HSA) if you are enrolled in an HDHP, not covered by any other health plan that is not an HDHP (including a spouses's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term care coverage), not enrolled in Medicare, and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense. Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by a HDHP. You may withdraw money from your HSA for items other than qualified medical expenses, but will be subject to income tax and, if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. In addition, your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA)

If you are not eligible for an HSA or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although and HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed \$5,000 for Self-Only enrollment, or \$10,000 for family coverage.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments or coinsurance.

Who provides my healthcare

Coventry Health Care of Kansas, Inc., provides you with a comprehensive benefit package that covers many kinds of health services for a fixed payroll deduction and minimal copayments. As a participant of Coventry Health Care of Kansas, Inc. you are no longer required to select a primary Care Physician and may access any participating provider for your care. You may choose to continue your current physician relationship however you will no longer need to obtain specialist referrals. This will enable you to self-refer within the Coventry network as necessary. Please visit our website at www.chc.kansas.com for up to date provider information. It is your responsibility to verify your treating physician continues to be apart of Coventry's network by calling Customer Service Department at 1-866-320-0697.

The Plan's provider directory lists primary care doctors (generally family practitioners, pediatricians, and internists) and specialists with their locations and phone numbers, and notes whether or not the doctor is accepting new patients. Directories are updated on a regular basis and are available at the time of enrollment or upon request by calling the Customer Service Department at 1-866-320-0697. You can also find out if your doctor participates by calling this number. The list is also on our website. Visit www.chkansas.com to utilize our doctor search option. Our doctor search on the web is updated monthly.

If you are interested in receiving care from a specific provider who is listed in the directory, call the provider to verify that he or she still participates with the Plan and is accepting new patients. Important note: When you enroll in the Plan, services (except for emergency benefits) are provided through the Plan's delivery system; the continued availability and/or participation of any one doctor, hospital, or other provider, cannot be guaranteed.

Your Rights

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

Coventry Health Care of Kansas, Inc., is a for profit domiciled Kansas health maintenance organization (HMO) with certificates of authority to operate in both Kansas and Missouri. Coventry Health Care of Kansas, Inc., has been in existence since 1961, and has two unique service areas: Kansas City and Wichita for a combined total membership of over 170,000. We are dedicated to providing quality health care at an affordable price, and we provide our members the security of knowing they are being offered a health care delivery system supported by a long tradition of quality and service.

If you want more information about us, call 1-866-320-0697, or write to Coventry Health Care of Kansas, 8301 East 21st North, Suite 300, Wichita, KS 67206. You may also contact us by visiting our website at www.chckansas.com.

Service Area

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. Our service area is: Butler, Cowley, Ellis, Ellsworth, Harvey, Lyon, McPherson, Montgomery, Pratt, Russell, Saline, Sedgwick and Sumner Counties.

You may also enroll with us if you live or work in the following places: Chase, Chautauqua, Coffey, Dickinson, Elk, Geary, Greenwood, Harper, Kingman, Lincoln, Marion, Morris, Ottawa, Reno, Riley, Wilson and Woodson Counties.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2 How We Change for 2007

Do not rely on these change descriptions; this section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to All Options (High Option, Standard Option, and High Deductible Health Plan (HDHP))

- We have expanded our service area to include the following Kansas counties : Ellis, Ellsworth, and Russell
- The orthopedic and prosthetic device annual maximum Plan benefit has been increased to \$3,000 from \$1,000.
- The durable medical equipment annual maximum Plan benefit has been increased to \$3,000 from \$1,000.
- The benefit limitation for physical, speech and occupational is now 60 visits per condition instead of 60 days per condition.
- Under Prosthetic and Orthopedic devices, Foot Orthotics and Ankle Foot Orthotics are now covered for members who have diabetes with demonstrated peripheral neuropathy or the insert is needed for a shoe that is part of a covered brace.
- Coventry must authorize benefits for the administration of general anesthesia and for hospital services related to dental care, when the following members receive these services:
 - A dependent child age five and under;
 - A member who is severely disabled; or
 - A member who has a medical behavioral condition which requires hospitalization or general anesthesia when dental care is provided.

A participating provider must administer the general anesthesia whether or not the dental services are provided in a hospital, surgical center or office.

Changes to High Option only

- Your share of the non-Postal premium will decrease by 7% for Self Only or decrease by 5.3% for Self and Family.

Changes to Standard Option only

Your share of the non-Postal premium will decrease by 3.4% for Self Only or decrease by 2.1% for Self and Family.

- The retail prescription drug copayments for up to a 31-day supply are now \$35 per brand name formulary drug and \$60 per non-formulary drug. Previously, you paid \$30 per brand name formulary drug and \$55 per non-formulary drug. The generic formulary copayment will remain \$10.
- The Mail Order prescription drug copayment for up to a 93-day supply is now \$105 per brand name formulary drug. Previously, you paid \$90 per brand name formulary drug. The generic formulary copayment will remain \$30.

Changes to both High and Standard Options

- Ground or air ambulance is now covered subject to a member copayment of \$100 per trip. Previously, you paid 30% of covered charges per trip.

Changes to High Deductible Health Plan Option Only

Your share of the non-Postal premium will increase by 8 % for Self Only or 8 % for Self and Family

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-866-320-0697 or write to us at Coventry Health Care of Kansas, Inc., 8301 East 21st North, Suite 300, Wichita, KS 67206. You may also request replacement cards through our web site at www.chckansas.com.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, deductibles, and/or coinsurance, and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website. Visit www.chckansas.com to utilize our doctor search option. Our doctor search on the web is updated monthly.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our web site www.chckansas.com.

What you must do to get covered care

You are no longer required to select a Primary Care Physician or obtain a referral to a participating specialist. You now have direct access to any HMO participating or Plan provider. You may choose to continue your current physician relationship however you will no longer need to obtain specialist referrals. This will enable you to self-refer within the Coventry network as necessary. Please visit our website at www.chc.kansas.com for up to date provider information. It is your responsibility to verify your treating physician continues to be apart of Coventry’s network by calling Customer Service Department at 1-866-320-0697.

The Plan's provider directory lists primary care doctors (generally family practitioners, pediatricians, and internists) and specialists with their locations and phone numbers, and notes whether or not the doctor is accepting new patients. Directories are updated on a regular basis and are available at the time of enrollment or upon request by calling the Customer Service Department at 1-866-320-0697. You can also find out if your doctor participates by calling this number. The list is also on our website. Visit www.chckansas.com to utilize our doctor search option. Our doctor search on the web is updated monthly.

If you are interested in receiving care from a specific provider who is listed in the directory, call the provider to verify that he or she still participates with the Plan and is accepting new patients. Important note: When you enroll in the Plan, services (except for emergency benefits) are provided through the Plan’s delivery system; the continued availability and/or participation of any one doctor, hospital, or other provider, cannot be guaranteed.

- **Primary care**

A primary care physician will generally be a family practitioner, internist or pediatrician. A primary care physician may provide most of your health care, or offer guidance in selecting a specialist.

- **Specialty care**

You can go directly to a specialist for care without obtaining a referral from your primary care physician. However, a primary care physician may assist you in selecting a specialist for needed care.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, a primary care physician may work with the specialist to develop a treatment plan. Your physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, please verify with the Plan whether your current physician is a participating provider. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, the Plan will assist you in finding another participating specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - Terminate our contract with your specialist for other than cause; or
 - Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program Plan; or
 - Reduce our service area and you enroll in another FEHB Plan,

you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

- **Hospital care**

Your Plan physician will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins**

If you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-866-320-0697. If you are new to the FEHB Program, we will arrange for you to receive care and reimburse you for your covered expenses while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

How to get approval for...

- **Your hospital stay**

Your participating physician will obtain any necessary authorizations from the Plan prior to rendering services.

• **How to precertify an admission** Your participating physician will obtain any necessary authorizations from the Plan prior to rendering services.

• **Maternity care** Your participating physician will obtain any necessary authorizations from the Plan prior to rendering services.

Circumstances beyond our control Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

Services requiring our prior approval A primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process prior authorization. Your physician must obtain for example, prior authorization from the Plan for outpatient surgeries or inpatient hospitalization. You may call customer service at 1-866-320-0697 to find out if a specific procedure treatment requires prior authorization.

Section 4 Your costs for covered services

This is what you will pay out-of-pocket for covered care.

Copayments

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see a primary care physician you pay a copayment of \$15 per office visit. When you go in the hospital, you pay \$100 copay per day up to a \$300 maximum per admission.

Deductible

A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

High and Standard Option Plan - We have no deductible.

High Deductible Health Plan - The calendar year deductible is \$1,100 for Self Only and \$2,200 for Self and Family. The individual deductible applies to members enrolled in Self Only. The family deductible applies collectively to all members enrolled in Self and Family.

Note: If you change plans during open season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

And, if you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. If your Plan has a deductible, Coinsurance doesn't begin until you meet your deductible.

Example: In our Plan, you pay 50% of our allowance for infertility services and 20% for covered durable medical equipment.

Your catastrophic protection out-of-pocket maximum

After your copayments and coinsurance total the amounts listed below, you do not have to pay any more for covered services. Be sure to keep accurate records of your copayments since you are responsible for informing us when you reach the maximum.

High and Standard Option Plans: After your copayments and coinsurance total the amounts listed below in the calendar year, you do not have to pay any more for covered services. However, copayments or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments or coinsurance for : Dental Care Services and Prescription Drugs.

High Option Plan - the out-of-pocket maximum for Self Only is \$2,000 and \$4,000 for Self and Family.

Standard Option Plan - the out-of-pocket maximum for Self Only is \$2,500 and \$5,000 for Self and Family.

High Deductible Health Plan: After your copayments and coinsurance total the amounts listed below in the calendar year, you do not have to pay any more for covered services. However, copayments or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments or coinsurance for : Dental Care Services. The individual out-of-pocket maximum applies to members enrolled in Self Only. The family out-of-pocket maximum applies collectively to all members enrolled in Self and Family.

High Deductible Health Plan - the out-of-pocket maximum for Self Only is \$5,000 and \$10,000 for Self and Family.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veteran Affairs, the Department of Defense, and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

Summary of benefits for the High Option of Coventry Health Care of Kansas, Inc. - 2007.....111

Section 5 High and Standard Option Benefits Overview

This plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read the important things you should keep in mind at the beginning of the subsections. Also read the General exclusions in Section 6, they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 1-866-320-0697 or at our web site at [www/chckansas.com](http://www.chckansas.com).

Each option offers unique features.

- These options offer coverage with no deductibles and provide for a variety of copayment and coinsurance responsibilities for covered services.
- You are not required to select a primary care physician.
- You do not need a referral from a primary care physician to see a specialist
- You have first dollar coverage with no upfront deductibles to meet.
- Routine eye exams are available to all members. Please select from one of our Coventry Network Optometrists.

**Section 5(a) Medical services and supplies
provided by physicians and other health care professionals**

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- We have no calendar year deductible
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b) Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION OF SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

Section 5(d) Emergency services/accidents

Important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that manifests itself by symptoms of sufficient severity that would lead a prudent layperson to believe that immediate care is required. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In a medical emergency, call the local emergency system (e.g., the local 911 telephone system), or go to the nearest emergency facility. Be sure to tell the paramedics, or emergency room personnel that you are a Coventry Health Care of Kansas, Inc. plan member so they can notify us. You or a family member must notify the Plan within 48 hours. It is your responsibility to ensure that the Plan has been timely notified.

Emergencies within our service area: If your symptoms are not life-threatening, contact your physician, who is on call 24 hours a day, seven days a week. During after hours or weekends, your physician may use an answering service, therefore your physician or covering physician will generally return your call within 30 minutes. We also provide **FirstHelp**, which is available to our members 24 hours a day, seven days a week by calling **800-622-9528**. With this service, registered nurses are available to help you to the appropriate level of care or provide medical advice.

If you need to be hospitalized and are admitted to a non-Plan facility, call Customer Service at 866-320-0697. You must notify us about your medical emergency within a reasonable time period as dictated by the circumstances. If you are hospitalized in a non-Plan hospital and a Plan physician believes your care can be provided in one of our Plan hospitals, we will transfer you when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan.

We also provide several Urgent Care centers which are open on evenings, weekends and holidays, and are designed to give our members fast, effective quality care for non-emergent conditions such as: sprains, influenza, sore throats, ear infections, minor lacerations, and upper respiratory infections.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness. If you are hospitalized, the Plan must be notified within 48 hours on the first working day following your admission, unless it is not reasonably possible to notify the Plan within that time. If a Plan physician believes your care can be provided in one of our Plan hospitals, we will transfer you when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan.

Limitation	We may limit your benefits if you do not obtain a treatment plan.	

Section 5(f) Prescription drug benefits

Important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- All benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- We have no calendar year deductible.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician, referral physician or oral surgeon must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a participating pharmacy. You may obtain maintenance medication through Caremark, our mail order prescription drug program. Caremark's Customer Service number is (800) 378-7040
- **We use a formulary.** A formulary is a list of specific generic and brand name prescription drugs authorized by the Health Plan, and subject to periodic review and modification. Since there may be more than one brand name of a prescription drug, not all brands of the same prescription drug (e.g., different manufactures) may be included in the Formulary. If you would like information on whether a specific drug is included in our drug formulary, please call Customer Service at 1-866-320-0697.

If your pan physician specifically prescribes a non-formulary drug because it is medically necessary, you will receive the non-formulary drug at the Plan non-formulary copayment. If you request a non-formulary drug when your physician has prescribed a substitution, we will not provide the non-formulary drug. However, you may purchases the non-formulary drug from a Plan pharmacy at our allowance.

- These are the dispensing limitations. Prescription Drugs will be dispensed in the quantity determined by the Prescribing Provider. The following also apply:
- One (1) applicable copayment is due each time a prescription is filled or refilled at a retail pharmacy for up to a thirty-one (31) day supply.
- Mail Order Drugs are obtained through Caremark, our mail order prescription drug program, and may be dispensed with three (3) applicable copayment(s), or \$30 formulary generic and \$90 brand name formulary, for a ninety-three (93) day supply (High Option), or with three (3) applicable copayment(s), or \$30 formulary generic and \$105 brand name formulary, for a ninety-three (93) day supply (standard option). **To order prescriptions or refills please contact Caremark's Customer Service at (800) 378-7040 or visit the web site www.rxrequest.com. Available 24 hours a day – 7 days a week.**
- **Members called to active military duty in a time of national or other emergency who need to obtain a greater-than-normal supply of prescribed medications should call us at 1-866-320-0697.**
- If a brand name Prescription Drug is dispensed, and an equivalent generic Prescription Drug is available, you pay an Ancillary Charge in addition to the formulary brand name copayment. The Ancillary Charge will be due regardless of whether or not the Prescribing Provider indicates that the pharmacy is to "Dispense as Written." The Ancillary Charge is the difference between the average wholesale price of the brand name and the maximum allowable cost price of the generic prescription. Copayments and Ancillary Charges do not apply to the Catastrophic Protection Out-of-Pocket Maximum.

Section 5(g) Special features

Feature	Description
24 hour nurse line	Call FirstHelp anytime you or a family member experience health symptoms that need attention. Nurses are available to you and your family 24 a day, 7 days a week and are trained to handle your questions. Any member who visits an emergency room or urgent care center as a result of advice from FirstHelp will automatically have associated claims approved. With FirstHelp authorization, you will know in advance if medical services will be covered. You may call 1-800-622-9528 or for the hearing impaired call 1-800-735-2966.
Services for deaf and hearing impaired	The Kansas TDD relay number is 1-800-766-3777. The Missouri TDD relay number is 1-800-735-2966.
Flexible benefits option	Under the flexible benefits option, we determine the most effective way to provide services. <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to traditional care and coordinate other benefits as a less costly alternative benefit. • Alternative benefits are subject to our ongoing review. • By approving an alternative benefit, we cannot guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and we may withdraw it at any time and resume regular contract benefits. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process.
Transplant Network	In order to provide members requiring a transplant the opportunity for the best outcomes and experiences, we use our own Coventry Transplant Network.

Section 5(h) Dental benefits

Important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are dentally necessary.
- We have no calendar year deductible. There are no out-of-network benefits.
- You must pay the dentist the listed copay at the time of service. You are not limited to a specific number of visits per year. You do not have to be assigned to a certain provider office. You may visit any dentist in the plan. A plan dentist must provide or arrange your care.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exist which makes hospitalization necessary to safeguard the health of the patient. See section 5(c) for inpatient benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

High Deductible Health Plan Benefits

This plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 866-320-0697 or at our web site at www.chckansas.com.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

When you enroll in this HDHP, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health Plan premium to your HSA or HRA based upon your eligibility.

With this Plan, preventive care is covered in full less your copayments. As you receive other non-preventive medical care, you must meet the Plan’s deductible before we pay benefits according to the benefits described on page 119. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: in-network preventive care; traditional in-network health care that is subject to the deductible; savings, catastrophic protection for out-of-pocket expenses, and, health education resources and account management tools.

- **In-network preventive care** The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations. These services are covered if you use a network provider and are fully described in HDHP Section 5(a) Preventive care. *You do not have to meet the deductible before using these services.*
- **Traditional in-network medical care** After you have paid the Plan’s deductible, we pay benefits under traditional in-network coverage described in HDHP Section 5(b).

Covered services include:

 - Medical services and supplies provided by physicians and other health care professionals
 - Surgical and anesthesia services provided by physicians and other health care professionals
 - Hospital services; other facility or ambulance services
 - Emergency services/accidents
 - Mental health and substance abuse benefits
 - Prescription drug benefits
 - Dental benefits.
- **Savings** Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see HDHP Section 5(c) for more details).

• **Health Savings Accounts (HSA)**

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else’s tax return, have not received VA benefits within the last three months, or do not have other health insurance coverage other than another high deductible health plan. In 2007, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$41.67 per month for a Self-Only enrollment or \$83.33 per month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$1,100 for Self-Only and \$2,200 for Self and Family - see maximum contribution information in HDHP Section 5(c). You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don’t deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- Your HSA is administered by Corporate Benefit Services of America, Inc.
- Your contributions to the HSA are tax deductible
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents. (See IRS publication 502 for a complete list of eligible expenses.)
- Your unused HSA funds and interest accumulate from year to year
- It’s portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available.

Important consideration if you want to participate in a Health Care Flexible

Spending Account: If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a health care flexible spending account (such as FSAFEDS offers – see Section 12), this HDHP cannot continue to contribute to your HAS. Instead, when you inform us of your coverage in an FSA, we will establish and HRA for you.

• **Health Reimbursement Arrangement (HRA)**

If you aren’t eligible for an HSA, for example, you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us when you are ineligible for an HSA.

In 2007 we will give you an HRA credit of \$41.67 per month for a Self-Only enrollment and \$83.33 per month for a Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don’t count toward the deductible.

HRA features include:

- For our HDHP option, the HRA is administered by Corporate Benefit Services of America, Inc.
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP
- Unused credits carryover from year to year
- HRA credit does not earn interest

- HRA credit is forfeited if you leave Federal employment or switch health insurance plans.
 - An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements. See *Who is eligible to enroll?* in Section 12 under “The Federal Flexible Spending Account Program – FSAFEDS.”
- **Catastrophic protection for out-of-pocket expenses** When you use network providers, your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$5,000 per person or \$10,000 per family enrollment. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s allowable amount or benefit maximum). Refer to Section 4 *Your catastrophic protection out-of-pocket maximum*, HDHP Section 5(b) *Traditional medical coverage subject to the deductible* for more details.
 - **Health education resources and account management tools** HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

Section 5 High Deductible Health Plan Benefits Overview

This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read the important things you should keep in mind at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at xxx-xxx-xxxx or at our Web site at www.www.www.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

When you enroll in this HDHP, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health Plan premium to your HSA or HRA based upon your eligibility.

With this Plan, preventive care is covered in full up to \$xx per person per year. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits according to the benefits described on page xx. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care; traditional medical coverage health care that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account management tools.

- **Preventive care** The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations, tobacco cessation programs, obesity weight loss programs, disease management and wellness programs. These services are covered at 100% up to \$xx per person per year if you use a network provider and are fully described in Section 5 *Preventive care*. *You do not have to meet the deductible before using these services.*

- **Traditional medical coverage** After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in Section 5. The Plan typically pays xx% for in-network and % for out-of-network care.
 - Covered services include:
 - Medical services and supplies provided by physicians and other health care professionals
 - Surgical and anesthesia services provided by physicians and other health care professionals
 - Hospital services; other facility or ambulance services
 - Emergency services/accidents
 - Mental health and substance abuse benefits
 - Prescription drug benefits
 - Dental benefits.

- **Savings** Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see for more details).

- **Health Savings Accounts (HSA)**

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else's tax return, have not received VA benefits within the last three months or do not have other health insurance coverage other than another high deductible health plan. In 2007, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$xx per month for a Self Only enrollment or \$xxper month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$xx. See maximum contribution information on page. You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don't deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- Your HSA is administered by
- Your contributions to the HSA are tax deductible
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It's portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available.

Important consideration if you want to participate in a Health Care Flexible

Spending Account: If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by a health care flexible spending account (such as FSAFEDS offers – see Section 12), this HDHP cannot continue to contribute to your HSA. Instead, when you inform us of your coverage in an FSA, we will establish an HRA for you.

- **Health Reimbursement Arrangements (HRA)**

If you aren't eligible for an HSA, for example you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us that you are ineligible for an HSA.

In 2007, we will give you an HRA credit of \$xxx per year for a Self Only enrollment and \$xxx per year for a Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don't count toward the deductible.

HRA features include:

- For our HDHP option, the HRA is administered by
- Entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP
- Unused credits carryover from year to year

- HRA credit does not earn interest
- HRA credit is forfeited if you leave Federal employment or switch health insurance plans.

An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSAs). However, you must meet FSAFEDS eligibility requirements. See *Who is eligible to enroll?* in Section 12 under The Federal Flexible Spending Account Program – *FSAFEDS*.

- **Catastrophic protection for out-of-pocket expenses**

When you use network providers, your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$ xx per person or \$ xx per family enrollment. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s allowable amount or benefit maximum). Refer to Section 4 Your catastrophic protection out-of-pocket maximum and HDHP Section 5 *Traditional medical coverage subject to the deductible* for more details.

- **Health education resources and account management tools**

HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

If You Have an HSA

If you have an HSA

- **Contributions**

All contributions are aggregated and cannot exceed the annual maximum contribution. You may contribute your own money to your account through payroll deductions (if available), or you may make a lump sum contribution at any time, in any amount up to an annual maximum limit. If you, you can claim the total amount contributed for the year as a tax deduction when you file your income taxes. You receive tax advantages in any case. You have until April 15 of the following year to make HSA contributions for the current year.

IRS contribution rules reduce the total annual maximum contribution if you are not eligible for the HDHP during the whole month. For instance, if your enrollment in this Plan was effective after January 1, 2007, you would need to deduct 1/12 of the annual maximum contribution. Contact *Corporate Benefit Services of America, Inc.*, <https://services.cbsainc.com/eehome.asp> for more details.
- **Catch-up contributions**

If you are age 55 or older, the IRS permits you to make additional catch-up contributions to your HSA. In 2007, you may contribute up to \$700 in “catch-up” contributions. Catch-up contributions in later years increase up to a maximum of \$1,000 in 2009 and beyond. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury web site at www.ustreas.gov/offices/public-affairs/hsa/.
- **If you die**

If you do not have a named beneficiary, if you are married it becomes your spouse’s HAS, otherwise it becomes part of your taxable estate.
- **Qualified expenses**

You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, and health insurance premiums if you are receiving Federal unemployment compensation, over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase any health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you are enrolled in Medicare.

For the detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS Web site at www.irs.gov and click on “Forms and Publications.” Note: Although over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.
- **Non-qualified expenses**

You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.
- **Tracking your HSA balance**

You will receive a periodic statement that shows the “premium pass through”, withdrawals, and interest earned on your account. In addition, you will receive an Explanation of Payment statement when you withdraw money from your HSA.
- **Minimum reimbursements from your HSA**

You can request reimbursement in any amount. However, funds will not be disbursed until your reimbursement totals at least \$25.

If You Have an HRA

- **Why an HRA is established** If you don't qualify for an HSA when you enroll in this HDHP, or later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.
- **How an HRA differs** Please review the chart on page 56 which details the difference between an HRA and an HSA. The major differences are:
 - you cannot make contributions to an HRA
 - funds are forfeited if you leave the HDHP
 - an HRA does not earn interest, and

HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP.

Section 5 Preventive care

Important things you should keep in mind about these preventive care benefits:

- The Plan pays 100% for the preventive care services listed in this Section after you pay \$20 copayment primary care doctor visit or \$35 per specialist office visit.
- You must use providers that are part of our network.
- For all other covered expenses, please see HDHP Section 5 –Traditional Medical Coverage.
- Some covered services that you receive during a preventive service office visit may not qualify as preventive services, and consequently, will be subject to applicable deductibles. In order to be exempt from applicable deductibles, preventive services must qualify as preventive services and listed in Section 223 of the Internal Revenue Code.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.

Benefit Description	You pay

Section 5 Traditional medical coverage subject to the deductible

Important things you should keep in mind about your these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- You must use providers that are part of our network.
- The deductible is \$1,100 per person or \$2,200 per family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits in HDHP Section 5. You must pay your deductible before your Traditional Medical Coverage may begin.
- Under Traditional Medical Coverage, you are responsible for your coinsurance and copayments for covered expenses.
- When you use network providers, you are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total \$5,000 per person or \$10,000 per family enrollment in any calendar year, you do not have to pay any more for covered services from network providers. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum, and payments for dental care services).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay After the calendar year deductible...
Deductible before Traditional medical coverage begins	
The deductible applies to almost all benefits in this Section. In the “you pay” column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.	100% of allowable charges until you meet the deductible of \$1,100 for Self-Only or \$2,200 for Self and Family.
After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.	In-network: After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. You may choose to pay the coinsurance and copayments from your HSA or HRA, or you can pay for them out-of-pocket.

**Section 5(a) Medical services and supplies
provided by physicians and other health care professionals**

Important things you should keep in mind about your these benefits:

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that manifests itself by symptoms of sufficient severity that would lead a prudent layperson to believe that immediate care is required. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In a life-threatening emergency, call the local emergency system (e.g., the local 911 telephone system), or go to the nearest emergency facility. Be sure to tell the paramedics, or emergency room personnel that you are a Coventry Health Care of Kansas plan member so they can notify us. You or a family member must notify the Plan within 48 hours. It is your responsibility to ensure that the Plan has been timely notified.

Emergencies within our service area:

If your symptoms are not life-threatening, contact your physician, who is on call 24 hours a day, seven days a week. During after hours or weekends, your physician may use an answering service, therefore your physician or covering physician will generally return your call within 30 minutes. We also provide FirstHelp, which is available to our members 24 hours a day, seven days a week by calling 1-800-622-9528. With this service, registered nurses are available to help you to the appropriate level of care or provide medical advice.

If you need to be hospitalized and are admitted to a non-Plan facility, call Customer Service at 1-866-320-0697. You must notify us about your medical emergency within a reasonable time period as dictated by the circumstances. If you are hospitalized in a non-Plan hospital and a Plan physician believes your care can be provided in one of our Plan hospitals, we will transfer you when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan.

We also provide several Urgent Care centers which are open on evenings, weekends and holidays, and are designed to give our members fast, effective quality care for non-emergent conditions such as: sprains, influenza, sore throats, ear infections, minor lacerations, and upper respiratory infections.

Emergencies outside our service area:

Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness. If you are hospitalized, the Plan must be notified within 48 hours on the first working day following your admission, unless it is not reasonably possible to notify the Plan within that time. If a Plan physician believes your care can be provided in one of our Plan hospitals, we will transfer you when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan.

Section 5(e) Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for in-network mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In network: See chart below for covered mental health substance abuse benefits.
- Out-of-network: We have no out-of-network mental health and substance abuse benefits.
- The deductible is \$1,100 per person or \$2,200 per family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits in this Section, unless we indicate differently.
- After you have satisfied your deductible, coverage begins for traditional medical services.
- Under Traditional Medical Coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- **YOU MUST GET PREAUTHORIZATION OF THESE SERVICES.** See the instructions after the benefits description below.

Preauthorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following network authorization processes:

United Behavioral Health, is contracted by Coventry Health Care of Kansas, Inc., to provider a network of providers who offer a variety of therapeutic services on an inpatient and outpatient basis.

All inpatient and outpatient treatment must be authorized through United Behavioral Health, at 1-866-607-5970.

In-network limitation.

We may limit your benefits if you do not obtain an approved treatment plan.

Section 5(f) Prescription drug benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,100 per person or \$2,200 per family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits in this Section, unless we indicate differently.
- After you have satisfied your deductible, coverage begins for traditional medical services.
- Under Traditional Medical Coverage, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician, referral physician or oral surgeon must write the prescription.
- **Where you can obtain them.** You may fill the prescription at a participating pharmacy. You may obtain maintenance medication through Caremark, our mail order prescription drug program. Caremark’s Customer Service number is (800) 378-7040
- **We use a formulary.** A formulary is a list of specific generic and brand name prescription drugs authorized by the Health Plan, and subject to periodic review and modification. Since there may be more than one brand name of a prescription drug, not all brands of the same prescription drug (e.g., different manufactures) may be included in the Formulary. If you would like information on whether a specific drug is included in our drug formulary, please call Customer Service at 1-866-320-0697.

If your plan physician specifically prescribes a non-formulary drug because it is medically necessary, you will receive the non-formulary drug at the Plan non-formulary copayment. If you request a non-formulary drug when your physician has prescribed a substitution, we will not provide the non-formulary drug. However, you may purchase the non-formulary drug from a Plan pharmacy at our allowance.

- **These are the dispensing limitations.** Prescription Drugs will be dispensed in the quantity determined by the Prescribing Provider. The following also apply:
 - One (1) applicable copayment is due each time a prescription is filled or refilled at a retail pharmacy for up to a thirty-one (31) day supply.
 - Mail Order Drugs are obtained through Caremark, our mail order prescription drug program, and may be dispensed with three(3) applicable copayment(s), or \$45 formulary generic, and \$75 brand name generic for a ninety-three (93) day supply. To order prescriptions or refills please contact Caremark’s Customer Service at 1-800-378-7040 or visit the website www.rxrequest.com. Available 24 hours a day – 7 days a week.
- **Members called to active military duty in a time of national or other emergency who need to obtain a greater-than-normal supply of prescribed medications should call us at 1-866-320-0697.**

If a brand name Prescription Drug is dispensed, and an equivalent generic Prescription Drug is available, you pay an Ancillary Charge in addition to the formulary brand name copayment. The Ancillary Charge will be due regardless of whether or not the Prescribing Provider indicates that the pharmacy is to “Dispense as Written.” The Ancillary Charge is the difference between the average wholesale price of the brand name and the maximum allowable cost price of the generic prescription. Copayments and Ancillary Charges do not apply to the Catastrophic Protection Out-of-Pocket Maximum

- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs. Generic drugs are indicated on the formulary listing of prescription drugs.

When you do have to file a claim. When you receive drugs from a Plan pharmacy, you do not have to file a claim. For a covered out-of-area emergency, you will need to file a claim when you receive drugs from a non-Plan pharmacy.

Section 6 General exclusions – things we don't cover

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition (see specifics regarding transplants).**

We do not cover the following:

- Care by non-plan providers except for authorized referrals or emergencies (see Emergency services/accidents);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices (**see specifics regarding transplants**);
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest ;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7 Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 1-866-320-0697.

When you must file a claim – such as for services you receive outside the Plan’s service area – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

Covered member’s name and ID number;

- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to:

Coventry Health Care of Kansas, Inc.

P.O. Box 7124

London, KY 40742

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond.

Section 8 The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for preauthorization/prior approval required by Section 3. Disagreements between you and the FEHB fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

- 1** Ask us in writing to reconsider our initial decision. You must:
- a) Write to us within 90 days from the date of our decision; and
 - b) Send your request to us at: Coventry Health Care of Kansas, Inc., Attn: Member Appeals, 8320 Ward Parkway, Kansas City, MO 64114; and
 - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
 - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.

- 2** We have 30 days from the date we receive your request to:
- a) Pay the claim (or, if applicable, arrange for the health care provider to give you the care); or
 - b) Write to you and maintain our denial - go to step 4; or
 - c) Ask you or your provider for more information. If we ask your provider, we will send you a copy of our request—go to step 3.

- 3** You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.

We will write to you with our decision.

- 4** If you do not agree with our decision, you may ask OPM to review it.
- You must write to OPM within:
- 90 days after the date of our letter upholding our initial decision; or
 - 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or
 - 120 days after we asked for additional information

Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group 3, 1900 E Street, NW, Washington, DC 20415-3630

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

	You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

- You may call OPM's Health Insurance Group x at 202/606-xxxx between 8 a.m. and 5 p.m. eastern time.

Section 9 Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under any other health plan or have automobile insurance that pays health care expenses without regard to fault. This is called “double coverage”.

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age or older.
- Some people with disabilities under 65 years of age; and
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). Most people pay monthly for Part D. If you have limited savings and a low income, you may be eligible for Medicare’s Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778). Before enrolling in Medicare Part D, please review the important disclosure notice from us about our prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. The notice will give you guidance on enrolling in Medicare Part D.

• Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 1-866-320-0697 or see our website at www.chckansas.com.

We waive some costs if the Original Medicare Plan is your primary payer – We will waive some out-of-pocket costs as follows:

Medical services and supplies provided by physicians and other health care professionals. If you are enrolled in Medicare Part B, we will waive your out-of-pocket costs including copayments and coinsurance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in our Medicare Advantage plan or another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, and we will waive your out-of-pocket costs like copayments, and coinsurance, up to our allowed amount. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

This health plan coordinates its prescription drug benefits with Medicare Part D. If you enroll in Medicare Part D, we will review claims for your prescription drug costs that are not covered by Medicare Part D.

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

Section 10 Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 14.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 14.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Care that is primarily for meeting personal needs: such as walking, getting in and out of bed, bathing, dressing, shopping, eating and preparing meals, performing general household services, or taking medicine. Custodial care that lasts 90 days or more is sometimes know as Long term care.
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 14.
Experimental or investigational service	A health product or service is deemed Experimental Investigational or Unproven if one of the following criteria are met: (1) Any drug not approved for use by the FDA; any drug that is classified as IND (investigational new drug) by the FDA; any drug requiring pre-authorization that is proposed for off-label prescribing; (2) Any health service or product that is subject to Investigational Review Board (IRB) review or approval; (3) Any health service or product that is the subject of a clinical trial that meets criteria for Phase I, Phase II or Phase III as set forth by FDA regulations; (4) Any health product or service that is not considered standard treatment by the medical community, based on clinical evidence reported by peer review medical literature and by generally recognized academic experts.
Group health coverage	Health care benefits that are available as a result of your employment, or the employment of your spouse, and that are offered by an employer or through membership in an employee organization. Health care coverage may be insured or indemnity coverage, self-insured or self-funded coverage, or coverage through health maintenance organizations or other managed care plans.
Medical necessity	Health services and supplies which are deemed by the Plan to medically appropriate and (1) necessary to meet the basic health needs of the Plan member; (2) rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the health service; (3) consistent in type, frequency and duration of treatment with relevant guidelines of national medical, research or health care coverage organizations and governmental agencies; (4) consistent with the diagnosis of the condition; (5) required for reasons other than the comfort or convenience of the Plan member or his or her provider; and (6) of demonstrated medical value. The fact that a Physician has performed or prescribed a procedure or treatment, or the fact that it may be the only treatment for a particular injury or sickness, does not mean that the procedure or treatment is medically necessary.
Our allowance	Our allowance is the amount we use to determine our payment and your coinsurance for covered services. When you receive services or supplies from Plan providers, it is the amount that we set for the services or supplies if we were to charge for them. When you receive services from non-Plan providers, we determine the amount we believe is usual and customary for the service or supply, and compare it to the charges. Our allowance is based upon the reasonableness of the charges. If the charges exceed what we believe is reasonable, you may be responsible for excess over our allowance in addition to your coinsurance.

Section 11 FEHB Facts

Coverage information

No pre-existing condition limitation

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

Where you can get information about enrolling in the FEHB Program

See www.opm.gov/insure/health for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Employees Health Benefits Plans*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

Types of coverage available for you and your family

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

Children's Equity Act

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

When benefits and premiums start

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2007 benefits of your old plan or option. However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2006 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

When you retire

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

When FEHB coverage ends

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

Upon divorce

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage to you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get RI 70-5, the *Guide To Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM's Web site, www.opm.gov/insure.

Temporary Continuation of Coverage (TCC)

If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Employees Health Benefits Plans for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

Converting to individual coverage

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

Getting a Certificate of Group Health Plan Coverage

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB website at www.opm.gov/insure/health; refer to the "TCC and HIPAA" frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

Section 12 Three Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you are aware of three Federal programs that complement the FEHB Program.

First, the **Federal Long Term Care Insurance Program (FLTCIP)** helps cover long term care costs, which are not covered under the FEHB Program.

Second, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money to pay for health and dependent care expenses. The result can be a discount of 20% to more than 40% on services you routinely pay for out-of-pocket.

Third, the new **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, offers a variety of dental plans and vision plans to anyone who is eligible to enroll in the Federal Employees Health Benefits Program. Under **FEDVIP** you may choose self only, self plus one, or self and family coverage for yourself and any qualified dependents. Premiums are on an enrollee-pays-all basis

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

Why should you consider applying for coverage under the **Federal Long Term Care Insurance Program(FLTCIP)**?

FEHB plans do not cover the cost of long term care. Also called “custodial care,” long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment. The need for long term care can strike anyone at any age and the cost of care can be substantial.

The Federal Long Term Care Insurance Program can help protect you from the potentially high cost of long term care. This coverage gives you options regarding the type of care you receive and where you receive it. With FLTCIP coverage, you won't have to worry about relying on your loved ones to provide or pay for your care.

It's to your advantage to apply sooner rather than later To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. By applying while you're in good health, you could avoid the risk of having a future change in your health disqualify you from obtaining coverage. Also, the younger you are when you apply, the lower your premiums. If you are a new or newly eligible employee, you (and your spouse, if applicable) have a limited opportunity to apply using the abbreviated underwriting application, which asks fewer questions about your health. Newly married spouses of employees also have a limited opportunity to apply using abbreviated underwriting.

Qualified relatives are also eligible to apply. Qualified relatives include spouses and adult children of employees and annuitants, and parents, parents-in-law, and stepparents of employees.

To request an Information Kit and application. Call 1-800-LTC-FEDS (1-800-582-3337) (TTY 1-800-843-3557) or visit www.ltcfeds.com.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses.

There are four types of FSAs offered by FSAFEDS. The maximum election is \$5,000 per year.

Health Care FSA (HCFSA) – Pays for eligible health care expenses for you and your dependents which are not covered by FEHBP coverage or other insurance.

Dependent Care FSA (DCFSA) – Pays for eligible dependent care expenses that allow you (and your spouse if married) to work, look for work (as long as you have earned income for the year), or attend school full-time.

Limited Expense Health Care FSA (LEX HCFSA) – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for you and your dependents.

What expenses can I pay with an FSAFEDS account?

For the HCFSA and LEN HCFSA – Health plan copayments, deductibles, over-the-counter medications and products, sunscreen, eyeglasses, contacts, other vision and dental expenses (but not insurance premiums).

For the LEX HCFSA – Dental and vision care expenses (but not insurance premiums)

For the DCFSA – daycare expenses (including summer camp) for your child(ren) under age 13, dependent care expenses for dependents unable to care for themselves

AND MUCH MORE! Visit www.FSAFEDS.com

Who is eligible to enroll?

Most Federal employees in the Executive branch and many in non-Executive branch agencies are eligible. For specifics on eligibility, visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 1-800-952-0450.

When can I enroll?

If you wish to participate, you must make an election to enroll each year by visiting www.FSAFEDS.com or calling the number above during the FEHB Open Season or within 60 days of employment (for new employees).

Even if you enrolled for 2006, you must make a new election to continue participating in 2007. Enrollment DOES NOT carry over from year to year.

Who is SHPS?

SHPS is the Third Party Administrator hired by OPM to manage the FSAFEDS Program. SHPS is responsible for enrollment, claims processing, customer service, and day-to-day operations of FSAFEDS.

Who is BENEFEDS?

BENEFEDS is the name of the voluntary benefits portal hired by OPM to work with the FSAFEDS Program to set up payroll deductions for FSAFEDS allotments.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is a brand new program, separate from the FEHB Program, established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004.

OPM has contracted with several insurance carriers to make supplemental dental and vision benefits available to eligible Federal and USPS employees, annuitants, and their eligible family members.

Dental Insurance

Dental plans will provide a comprehensive range of services, including the following:

Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.

Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.

Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.

Class D (Orthodontic) services with a 24-month waiting period

Please review the dental plans' benefits material for detailed information on the benefits covered, cost-sharing requirements, and preferred provider listings.

Vision Insurance

Vision plans will provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Please review the vision plans' benefits material for detailed information on the benefits covered, cost-sharing requirements, and preferred provider listings.

What plans are available?

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/insure/dentalvision. This site also provides links to each plan's website, where you can view detailed information about benefits and preferred providers.

Premiums

The premiums will vary by plan and by enrollment type (self, self plus one, or self and family). There is no government contribution to the premiums. If you are an active employee, your premiums will be taken from your salary on a pre-tax basis when your salary is sufficient to make the premium withholding. If you are an annuitant, premiums will be withheld from your monthly annuity check when your annuity is sufficient. Pre-tax premiums are not available to annuitants. For information on each plan's specific premiums, visit www.opm.gov/insure/dentalvision.

Who is eligible to enroll?

Federal and Postal Service employees eligible for FEHB coverage (whether or not enrolled) and annuitants (regardless of FEHB status) are eligible to enroll in a dental plan and/or a vision plan.

Enrollment types available

Self-only, which covers only the enrolled employee or annuitant;

Self plus one, which covers the enrolled employee or annuitant plus one eligible family member specified by the enrollee; and

Self and family, which covers the enrolled employee or annuitant and all eligible family members.

Which family members are eligible to enroll?

Eligible family members include your spouse, unmarried dependent children under age 22, and unmarried dependent children age 22 or over incapable of self-support because of a mental or physical disability that existed before age 22.

When can I enroll?

Eligible employees and annuitants can enroll in a dental and/or vision plan during this open season -- November 13 to December 11, 2006. You can enroll, disenroll, or change your enrollment during subsequent annual open seasons, or because of a qualified life event. New employees will have 60 days from their first eligibility date to enroll.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. BENEFEDS is a secure enrollment website sponsored by OPM where you enter your name, personal information like address and Social Security Number, the agency you work for (or retirement plan that pays your annuity), and the dental and/or vision plan you select. For those without access to a computer, call 1-877-888- FEDS (TTY number, 1-877-TTY-5680). If you do not have access to a computer or a phone, contact your employing office or retirement system for guidance on how to enroll.

You cannot enroll in a FEDVIP plan using the Health Benefits Election Form (SF 2809) or through an agency self-service system, such as Employee Express, MyPay, or Employee Personal Page. However, those sites may provide a link to BENEFEDS.

When will coverage be effective?

Coverage for those who enroll during this year's open season (November 13 – December 11, 2006) will be effective December 31, 2006.

How does this coverage work with my FEHB plan's dental or vision coverage?

Some FEHB plans already cover some dental and vision services. When you are covered by more than one health/dental plan, federal law permits your insurers to follow a procedure called "coordination of benefits" to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered expenses.

Coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits.

In 2007 for each month you are eligible for the HSA, we will deposit \$41.67 per month for Self Only enrollment or \$83.33 per month for Self and Family enrollment to your HSA. For the Health Savings Account (HSA), you must satisfy your calendar year deductible of \$1,100 for Self Only and \$2,200 for Self and Family before using your HSA. Once you satisfy your calendar year deductible, Traditional medical coverage begins.

For the Health Reimbursement Arrangement (HRA), your health charges are applied to your annual HRA Fund of \$500 for Self Only and \$1,000 for Self and Family. Once your HRA is exhausted, you must satisfy your calendar year deductible. Once your calendar year deductible is satisfied, Traditional medical coverage begins.
