**Important Notice from Altius Health Plans About
Our Prescription Drug Coverage and Medicare**

OPM has determined that Altius Health Plans' prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. Thus, you do not need to enroll in Medicare Part D and pay extra for prescription drug benefit coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and Altius Health Plans will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (November 15th through December 31st) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

Introduction

This brochure describes the benefits of *Altius Health Plans* under our contract (CS 2839) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. The address for administrative offices is:

Altius Health Plans
10421 South Jordan Gateway, Suite 400
South Jordan, Utah 84095

This brochure is the official statement of benefits. No oral statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2008, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2008, and changes are summarized on page 10. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them responsive, accessible, and understandable to the public. For instance,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Altius Health Plans.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean first.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

If you have comments or suggestions about how to improve the structure of this brochure, let OPM know. Visit OPM’s “Rate Us” feedback area at www.opm.gov/insure or e-mail OPM at fehbwebcomments@opm.gov. You may also write to OPM at the U.S. Office of Personnel Management, Insurance Services Programs, Program Planning & Evaluation Group, 1900 E Street, NW, Washington, DC 20415-3650.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your health care providers, authorized health benefits plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800-377-4161 or 801-323-6200 and explain the situation.
 - If we do not resolve the issue:

**CALL - THE HEALTH CARE FRAUD HOTLINE
202-418-3300 OR**

**WRITE TO:
United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child over age 22 (unless he/she is disabled and incapable of self support).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- You can be prosecuted for fraud and your agency may take action against you if you falsify a claim to obtain FEHB benefits or try to obtain services for someone who is not an eligible family member or who is no longer enrolled in the Plan.

Preventing medical mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines that you take, including non-prescription (over-the-counter) medicines.
- Tell them about any drug allergies you have.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.

- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - Exactly what will you be doing?
 - About how long will it take?
 - What will happen after surgery?
 - How can I expect to feel during recovery?
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications you are taking.

Section 1. Facts about this HMO Plan

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory. We give you a choice of enrollment in a High Option, a Standard Option, or a High Deductible Health Plan (HDHP).

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of our High and Standard Options

- Our High Option Plan has no deductible.
- Our Standard Option deductible is \$500 for individuals and \$1,000 for families.
- Most services provided by physicians and other health care professionals, including physician services that are provided while you are in a hospital, and subject to a copayment or coinsurance.
- Comprehensive dental coverage is included in our High Option.
- The Standard Option does not include dental coverage (except for dental services that are necessary as a result of an accidental injury to sound, natural teeth).

We have Open Access benefits

Our HMO offers Open Access benefits. This means you can receive covered services from a participating provider without a required referral from you primary care physician or by another participating provider in the network.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments, coinsurance, and/or deductibles. We compensate contracted providers by either discount fee-for-service fee schedules or capitation agreements. **It is your responsibility to verify that the provider you use is a Plan provider. Except for emergency and out-of-area urgent care, we will not pay for care or services from non-Plan providers or facilities unless it has been authorized by us. If you use a non-Plan provider or facility without authorization from us, you may be responsible for all charges.**

Altius Health Plans is a Mixed Model Plan (MMP). This means the doctors provide care in contracted medical centers or in their own offices. Approximately 1,250 Primary Care Physicians and 2,150 specialists participate in this Plan.

You do not have to select a Primary Care Physician (PCP). You may self-refer to Plan specialists. However, we recommend that you select a PCP to coordinate all of your medical care. A PCP should practice one of the following disciplines: General Practice, Family Medicine, Internal Medicine, Obstetrics/Gynecology (OB/GYN) or Pediatrics. **You are responsible for making sure that a provider is a Plan provider.** Should you have any questions, please contact our Customer Service Department at 801-323-6200 or 1-800-377-4161, or visit our Web site at www.altiushealthplans.com.

General features of our High Deductible Health Plan (HDHP)

HDHPs have higher annual deductibles and annual out-of-pocket maximum limits than other types of FEHB plans. FEHB Program HDHPs also offer health savings accounts or health reimbursement arrangements. Please see below for more information about these savings features.

Preventive care services

Preventive care services are generally paid as first dollar coverage or after a small deductible or copayment. First dollar coverage may be limited to a maximum dollar amount each year.

Annual deductible

The annual deductible must be met before Plan benefits are paid for care other than preventive care services.

Health Savings Account (HSA)

You are eligible for an HSA if you are enrolled in an HDHP, not covered by any other health plan that is not an HDHP (including a spouse's health plan, but does not include specific injury insurance and accident, disability, dental care, vision care, or long-term coverage), not enrolled in Medicare, and are not claimed as a dependent on someone else's tax return.

- You may use the money in your HSA to pay all or a portion of the annual deductible, copayments, coinsurance, or other out-of-pocket costs that meet the IRS definition of a qualified medical expense.
- Distributions from your HSA are tax-free for qualified medical expenses for you, your spouse, and your dependents, even if they are not covered by a HDHP.
- You may withdraw money from your HSA for items other than qualified medical expenses, but it will be subject to income tax and, if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.
- For each month that you are enrolled in an HDHP and eligible for an HSA, the HDHP will pass through (contribute) a portion of the health plan premium to your HSA. In addition, you (the account holder) may contribute your own money to your HSA up to an allowable amount determined by IRS rules. Your HSA dollars earn tax-free interest.
- You may allow the contributions in your HSA to grow over time, like a savings account. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan.

Health Reimbursement Arrangement (HRA)

If you are not eligible for an HSA, or become ineligible to continue an HSA, you are eligible for a Health Reimbursement Arrangement (HRA). Although an HRA is similar to an HSA, there are major differences.

- An HRA does not earn interest.
- An HRA is not portable if you leave the Federal government or switch to another plan.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed \$5,000 for Self Only enrollment, or \$10,000 family coverage.

Health education resources and accounts management tools

We make available a wide variety of self-service tools and resources to help you take personal control of your health. Below is a list of some of these tools and resources, many of which are available through our Web site at www.altiushealthplans.com.

- Health education resources — preventive guidelines, patient safety tips, wellness and disease information, prescription drug interaction and pricing tools, and newsletters
- Account management tools — online claims payment history and HSA or HRA balance information
- Consumer choice information — online provider directory and health services pricing tool
- Care support information — case management programs and e-mail reminders for screening tests

For more information about these and other available tools and resources, please see HDHP Section 5(i).

Your rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB Web site (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Altius Health Plans is a licensed Health Maintenance Organization in Utah, Idaho and Wyoming.
- Altius Health Plans has been in existence for more than 25 years.
- Altius Health Plans is a for-profit, wholly owned subsidiary of Coventry Health Care, Inc.

If you want more information about us, call 801-323-6200 or 1-800-377-4161, or write to Altius Health Plans, Attn: Customer Service Department, 10421 South Jordan Gateway, Suite 400, South Jordan, UT 84095. You may also contact us by fax at 801-933-3639 or visit our Web site at www.altiushealthplans.com.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescriptions drug utilization) to any of our treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is:

Utah - The counties of Beaver, Box Elder, Cache, Carbon, Daggett, Davis, Duchesne, Garfield, Iron, Kane, Millard, Morgan, Piute, Rich, Salt Lake, San Juan, Sanpete, Sevier, Summit, Tooele, Uintah, Utah, Wasatch, Washington, Wayne, Weber, portions of Juab, Emery and Grand as defined by the following zip codes: Juab – 84628, 84639, 84640, 84645, 84648; Emery – 84513, 84516, 84518, 84521, 84522, 84523, 84528, 84537; Grand – 84515, 84532

Idaho - Ada County

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. How we change for 2008

Do not rely **only** on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to this Plan

- United States Postal Service non-law enforcement career employees may now be covered either by Postal Category 1 or Postal Category 2 premium rates. See page 129.
- We have added a Standard Option for 2008. See Section 5 and page 129 for rates.

Changes to High Option only

- Your share of the non-Postal premium will decrease for Self Only and for Self and Family.
- The after hours and urgent care copay has increased to \$25 for each visit.
- We now require a \$100 per admission copayment for all inpatient hospitalizations including medically necessary inpatient hospitalization, inpatient maternity care, skilled nursing facility care, inpatient organ transplant services, and inpatient detoxification and inpatient psychiatric rehabilitation services.
- The out-of pocket maximum for participating providers has increased to \$2,500 per individual per calendar year and \$5,000 per family per calendar year.
- The mental health/substance abuse out-of pocket maximum for participating providers has increased to \$2,500 per individual per calendar year and \$5,000 per family per calendar year.
- Inpatient Facility and Professional Fees for Physiotherapy (OT, PT, and ST) services are now covered at 90%.
- Skilled nursing services provided through Home Health will have a \$15 copay per visit.
- The mail order copay has decreased for generics to \$10 and increased to \$120 for non-formulary drugs.

Changes to HDHP Option only

- Your share of the non-Postal premium will decrease for Self Only and for Self and Family. See page 129.
- We have updated the website address you should use to view your HSA or HRA account. Please see *Savings – HSAs and HRAs* in Section 5.

Changes to both High Option and HDHP Option

- We have clarified the *infertility services* benefit. See *infertility services* in section 5(a).
- We have clarified our list of services requiring prior approval. See *Services requiring our prior approval* in Section 3 .
- The First Health Network has changed its name to Coventry Health Care National Network. Coventry Health Care National Network providers are available to members who require Urgent or Emergent care when traveling outside the service area. See Section 5(d) Emergency services/accidents for details including phone number changes.
- We have clarified that treatment of childhood stuttering is not covered under the Plan. See Speech therapy in section 5(a).
- We have clarified the non-covered Vision services (testing, treatment, and supplies) section. See Vision services (testing, treatment, and supplies) in Section 5(a).
- We have clarified that implantable medications are covered under the same benefits as injectable medications. For details, see Section 4 *Your cost for covered services*, Section, 5(a) *Medical services and supplies provided by physicians and other health care professionals*, Section 5(b) *Surgical and anesthesia services provided by physicians and other health care professionals*, Section 5(d) *Emergency services/accidents*, and Section 5(f) *Prescription Drug Benefits*.
- We have clarified the Prescription drug formulary information. See *Prescription drug benefits* in Section 5(f).
- Our service area has expanded in several Utah counties and in one Idaho county. See page 9 for more information.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800-377-4161 or 801-323-6200. You may also request replacement cards through our Web site: www.altiushealthplans.com.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, deductibles, and/or coinsurance. If you use our Open Access program you can receive covered services from a participating provider without a required referral from your primary care physician or by another participating provider in the network.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our Web site. If you have questions about Plan providers, call us at 1-800-377-4161 or 801-323-6200 or visit our Web site at www.altiushealthplans.com.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our Web site. If you have questions about Plan providers, call us at 1-800-377-4161 or 801-323-6200 or visit our Web site at www.altiushealthplans.com.

What you must do to get covered care

It depends on the type of care you need. First, we encourage you and each family member to choose a primary care physician, although you are not required to do so. However, choosing a primary care physician is beneficial since your primary care physician can provide and help coordinate your health care. Your primary care physician will know your overall medical history, help you to make informed decisions, and focus on preventive care to help you stay healthy. If you have been seeing a primary care physician, or you would like to choose a primary care physician, make sure he/she is listed in the provider directory. If you need help choosing a primary care physician, call us at 1-800-377-4161 or 801-323-6200.

- **Primary care**

Your primary care physician can be a General Practitioner, Family Practitioner, Internist, Pediatrician or an OB/GYN. Some OB/GYNs do not provide primary care, so you need to ask that provider if he/she is willing to provide primary care services. Your primary care physician will provide most of your health care, or will recommend that you see or refer you to a specialist.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care, or you may self-refer to a specialist. Either way, we suggest that you return to the primary care physician after the consultation, unless your primary care physician recommended a certain number of visits to the specialist.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician can work with your specialist to develop a treatment plan that recommends you to see the specialist for a certain number of visits. Your Plan provider will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician can help decide what treatment you need. If he or she decides to refer you to or recommends that you see a specialist, let him or her know that you would like to see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - Terminate our contract with your specialist for other than cause; or
 - Drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program Plan; or
 - Reduce our service area and you enroll in another FEHB Plan;

you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us at 1-800-377-4161 or 801-323-6200 or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility. **Please note:** It is your responsibility to verify that your physician has arranged for your care in a Plan facility. We will not pay for services provided by a non-Plan facility without our prior authorization. See *Services requiring our prior approval* in this section.

• **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Customer Service Department immediately at 1-800-377-4161 or 801-323-6200. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- You are discharged, not merely moved to an alternative care center; or
- The day your benefits from your former plan run out; or
- The 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

• **Circumstances beyond our control**

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

• **Services requiring our prior approval**

For certain services, your physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice.

We call this review and approval process Prior Authorization. Your physician must obtain prior authorization for the following services:

- All services from a non-plan providers, including hospitals, surgical centers, and other facilities (except emergency care and out-of-area urgent care)

- We require prior authorization for certain prescription drugs. To obtain a list of these drugs, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161, or visit our Web site at www.altiushealthplans.com.

Your primary care or specialty care physician must request prior authorization for you by calling or faxing us directly. Once we have received all required information, we will authorize or deny services as soon as possible, but within 24 hours for urgent services and within two to five business days for routine services. If we deny the request for prior authorization, we will notify your provider by telephone. We will also send a letter to you and to your provider with an explanation of the denial.

Emergency care does not require prior authorization, but we must be notified as soon as reasonably possible if you are admitted to the hospital. Please see Section 5(d) for details.

We do not require prior authorization for inpatient maternity admissions in a Plan facility. However, we do require prior authorization if your provider plans to provide other medical or surgical care while you are in the hospital. We should be notified as soon as reasonably possible if either you or your baby needs to stay longer than 48 hours after a regular delivery or 96 hours after a cesarean delivery. We will review all extended hospital stays for medical necessity.

You should verify that your physician has obtained prior authorization from us before you receive the services on our prior authorization list. For services that are to be provided in a hospital, surgical center, or other facility, you must verify that your physician has arranged for your care in a Plan facility. Services provided by a non-Plan provider or non-Plan facility without prior authorization may be denied, and you may be billed. To verify prior authorization for medical services, you may call us directly at 801-323-6200 or 1-800-377-4161. For mental health and substance abuse services, please see *Prior authorization* in Section 5(e).

Prior authorization of a service does not guarantee payment. We will not pay if on the date you receive services:

- you are not eligible for benefits,
- you have used up a limited benefit, or
- your plan has changed (January 1, new plan year) and we no longer cover the service.

Section 4. Your costs for covered services

This is what you will pay out-of-pocket for covered care.

Copayments

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

High Option Example: When you see a primary care physician, you pay a copayment of \$10 per office visit; and when you see a specialist, you pay a copayment of \$15 per office visit.

Standard Option Example: When you see a primary care physician, you pay a copayment of \$20 per office visit; and when you see a specialist, you pay a copayment of \$30 per office visit.

High Deductible Health Plan Example: When you see a primary care physician, you pay a copayment of \$20 per office visit (after your deductible has been met). When you see a specialist, you pay a copayment of \$30 per office visit (after your deductible has been met).

Cost-sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Deductible

A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

- **High Option:** We do not have a deductible.
- **Standard Option:** The calendar year deductible is \$500 for individuals and \$1,000 for families.
- **High Deductible Health Plan:** The calendar year deductible is \$1,100 for individual coverage (Self Only enrollment). Under a family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for all family members reach \$2,200. The entire family deductible must be satisfied before benefits are payable for any individual family member.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care.

Example: You pay 50% of our allowance for infertility services and durable medical equipment. (With the High Deductible Health Plan, this coinsurance applies after your deductible has been met.)

Your catastrophic protection out-of-pocket maximum

High Option

After your copayments and/or coinsurance total \$2,500 per person or \$5,000 per family in any calendar year, you do not have to pay any more for covered services for the remainder of the calendar year. However, copayments and/or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments and/or coinsurance for these services:

- Durable Medical Equipment (DME)

- Prescription Drugs (except those injectable, implantable, and intravenous (IV) therapy drugs for which you pay a coinsurance instead of a copayment)
- Dental Services

Under your High Option plan, you have a separate catastrophic protection out-of-pocket maximum for Mental Health and Substance Abuse Services. After your copayments and/or coinsurance reach \$2,500 per person or \$5,000 per family during a calendar year, you do not have to pay any more for covered mental health and substance abuse services.

Be sure to keep accurate records of your copayments and/or coinsurance. If you have a question about when the out-of-pocket maximum is reached, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161.

Standard Option

After your copayments and/or coinsurance total \$3,000 per person or \$6,000 per family in any calendar year, you do not have to pay any more for covered services for the remainder of the calendar year. However, copayments and/or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments and/or coinsurance for these services:

- Durable Medical Equipment (DME)
- Prescription Drugs (except those injectable and intravenous (IV) therapy drugs for which you pay a coinsurance instead of a copayment)
- Dental Services

Under your Standard Option plan, you have a separate catastrophic protection out-of-pocket maximum for Mental Health and Substance Abuse Services. After your copayments and/or coinsurance reach \$3,000 per person or \$6,000 per family during a calendar year, you do not have to pay any more for covered mental health and substance abuse services.

Be sure to keep accurate records of your copayments and/or coinsurance. If you have a question about when the out-of-pocket maximum is reached, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161.

High Deductible Health Plan

After your deductibles, copayments, and/or coinsurance total \$5,000 for individual coverage (Self Only enrollment) or \$10,000 per family enrollment in any calendar year, you do not have to pay any more for covered services for the remainder of the calendar year. Under family enrollment, the entire family out-of-pocket maximum must be met before any individual family member is no longer required to pay copayments or coinsurance.

Be sure to keep accurate records of your copayments, coinsurance, and deductibles. If you have a question about when the out-of-pocket maximum is reached, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow.

High and Standard Option Benefits

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider.
- Our High Option has no calendar year deductible.
- Our Standard Option has an individual deductible of \$500 and a family deductible of \$1,000. This deductible does not apply to services with copayments such as office visits and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR PHYSICIAN MUST OBTAIN PRIOR AUTHORIZATION FOR CERTAIN SERVICES, SUPPLIES, AND DRUGS.** Please refer to Section 3 for prior authorization information and to be sure which services require prior authorization.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care and you must use a Plan facility. It is your responsibility to verify that your physician has scheduled your surgery in a Plan facility. We will not pay for services provided by a non-Plan provider or facility without our prior authorization.
- Our High Option has no calendar year deductible.
- Our Standard Option has an individual deductible of \$500 and a family deductible of \$1,000. This deductible does not apply to services with copayments such as office visits and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST OBTAIN PRIOR AUTHORIZATION FOR CERTAIN SURGICAL PROCEDURES.** Please refer to Section 3 for prior authorization information and to be sure which services require prior authorization.

Section 5(c). Services provided by a hospital or other facility, and ambulance services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care and you must be hospitalized in a Plan facility. It is your responsibility to verify that your physician has arranged for your care in a Plan facility. We will not pay for services provided by a non-Plan facility without our prior authorization.
- Our High Option has no calendar year deductible.
- Our Standard Option has an individual deductible of \$500 and a family deductible of \$1,000. This deductible does not apply to services with copayments such as office visits and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- **YOUR PHYSICIAN MUST OBTAIN PRIOR AUTHORIZATION FOR HOSPITAL STAYS.** Please refer to Section 3 for prior authorization information and to be sure which services require prior authorization.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

• **Emergencies within our service area:**

If you have a life-threatening or serious condition, immediately call 911 or other emergency services, or go to the nearest medical facility. It is important to call your Plan provider in an emergency so that he or she can be involved in your care. Please contact your Plan provider as soon as reasonably possible. We will cover emergency care provided by non-Plan providers as long as the condition continues to be an emergency. Once your condition is stable, your Plan provider will work together with us to transfer you to a Plan facility.

An urgent medical problem is one in which your life is not in danger, but you require prompt medical attention. If you need urgent care, contact a Plan provider (your primary care provider if you have one) and follow his or her instructions. If you are not able to contact a Plan provider, you may go to any Plan urgent care facility. Please refer to your Altius Participating Provider Listing. After you receive urgent care, contact a Plan provider as soon as you can. A Plan provider will coordinate any follow-up care you need. If you have any questions about emergency or urgent care, or about Plan providers, please call us at 801-323-6200 or 1-800-377-4161. For a current list of Plan providers and Plan urgent care facilities, you may also visit our Web site at www.altiushealthplans.com.

• **Emergencies outside our service area:**

If you have an emergency or you need urgent care while outside of our service area, please seek the appropriate medical treatment. You may be asked to pay the bill at the time of service. Keep your receipts so we can reimburse you for those costs. We will cover emergency care provided by non-Plan providers as long as the condition continues to be an emergency. Once your condition is stable, your Plan provider will work with us to transfer you to a Plan facility. Please contact us as soon as reasonably possible at 1-800-377-4161 or 801-323-6200.

• **Urgent Care outside our service area:**

If you are traveling outside our service area and experience an urgent medical condition, Coventry Health Care National Network providers are also available to you. You can locate a Coventry Health Care National Network provider by calling 1-800-639-9154 or use the "Search for a Coventry Health Care National Network provider" link on our Provider Search page at www.altiushealthplans.com

Section 5(e). Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Our High Option has no calendar year deductible.
- Our Standard Option has an individual deductible of \$500 and a family deductible of \$1,000. This deductible does not apply to services with copayments such as office visits and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PRIOR AUTHORIZATION FOR THESE SERVICES.** See the instructions after the benefits description below.

Prior authorization

To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes:

You must contact Mental Health Network (MHNet) at 1-800-701-8663 for prior authorization of all inpatient and outpatient mental health/substance abuse services, information about contracted mental health providers and/or immediate access to care. You may call 24 hours a day, seven days a week.

Limitation

We may limit your benefits if you do not obtain a treatment plan.

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on page 46 .
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Our High Option has no calendar year deductible.
- Our Standard Option has an individual deductible of \$500 and a family deductible of \$1,000. This deductible does not apply to services with copayments such as office visits and prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR PHYSICIAN MUST GET PRIOR AUTHORIZATION FOR CERTAIN DRUGS.**

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed practitioner who has the legal authority to prescribe medications.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy, or by mail for a maintenance medication.
 - At a pharmacy: To get your prescription filled, present your Altius membership card to any Plan pharmacy. You will pay the prescription drug copayment listed on page 50 of this booklet. If you need prescription medications while outside of the service area, contact Caremark for the nearest Plan pharmacy, or you may pay for your prescription and Caremark will reimburse you according to your benefits. To find out about Plan pharmacies, or get reimbursement for a covered drug, contact: Caremark’s Customer Service Department at 1-800-378-7040.
 - By mail: 1) Get a prescription for your maintenance medication with the maximum refills allowed from your Plan provider (see *Prescription Mail Services* below for a definition of a maintenance medication). 2) Contact Caremark’s Customer Service Department at 1-800-378-7040 to get an order form. 3) Mail your prescription with the completed order form to Caremark. Prescriptions are mailed within fourteen days, directly to your house or office in a labeled envelope to ensure privacy and safety. Caremark has a pharmacist available to you 24 hours a day to answer your questions.
 - Through a Direct Source vendor: Certain injectable and intravenous (IV) therapy drugs, including those that are administered by a medical professional, that are covered only when they are purchased through designated pharmacy vendors. See *Direct Source Injectable and Implantable Medications on page 51*.

We use a formulary. The Altius formulary is a list of “preferred” prescription drugs that are identified by our team of physicians and pharmacists (Pharmacy and Therapeutics Committee) to be the best overall value based on quality, safety, effectiveness, and cost. Our formulary includes nearly all covered generic drugs, and specific brand-name drugs selected by the Committee. We reserve the right to include only one manufacturer’s product on our formulary when the same or similar drug (that is, a drug with the same active ingredient), supply, or equipment is made by two or more different manufacturers. We also reserve the right to include only one dosage or form of a drug on the Altius formulary when the same drug is available in different dosages or forms (for example, dissolvable tablets, capsules, etc.) from the same or different manufacturers. The product or products and/or other forms or dosages of products that are not listed on the Altius formulary will be excluded from coverage. We list the most commonly requested formulary drugs on our Preferred Drug List. To order a Preferred Drug List, call our Customer Service Department at 1-800-377-4161 or 801-323-6200, or visit our Web site at www.altiushealthplans.com. The Preferred Drug List is subject to review and modification on a quarterly basis.

We also cover non-preferred (non-formulary) drugs prescribed by your Plan physician. However, we encourage you to use preferred drugs, especially preferred generics, whenever possible because they will cost you less. Refer to your Preferred Drug List, and check with your physician or pharmacist to find out if a preferred generic is available, or if a lower-cost alternative might work for you.

- **Prior Authorization.** We require prior authorization for certain drugs. We also require prior authorization for injectable and implantable medications and devices, including certain drugs used for intravenous (IV) therapy and chemotherapy. To obtain a list of drugs that require prior authorization, or to obtain a list of injectable or implantable medications that require prior authorization, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161, or visit our Web site at www.altiushealthplans.com. The prior authorization drug list is reviewed by our Pharmacy and Therapeutics Committee and may change from time to time due to new drugs, new generics, new therapies, new guidelines from the Food and Drug Administration (FDA), or other factors.

To request prior authorization, you or your physician may contact our Prior Authorization Department at 877-215-4100. We will work with your physician to obtain the information we need to process the request. We will communicate our approval or denial to your physician. You may also contact our Customer Service Department for a status of your request.

- **These are the dispensing limitations.**

- Your pharmacist will fill up to a maximum 30-day supply of medications prescribed by a Plan provider, unless otherwise stated by us, State law, Federal law, or as determined by the manufacturer's package size. You will pay one copayment for each prescription filled, even if your prescription provides less than a 30-day supply.
- Some medications have specific limits on how much of the medication you can get with each prescription or refill. This is to ensure that you receive the recommended and proper dose and length of drug therapy for your condition. Quantity level limits are reviewed by the Pharmacy and Therapeutics Committee and are based on maximum dosage levels indicated by the drug manufacturer and the FDA. **Your physician must get authorization for any amount of your prescription that exceeds the quantity level limit.** If we authorize the extra amount, you may be required to pay an additional copayment.
- Certain covered medications and pharmaceutical products are manufactured, packaged, or used in such a way that one dose provides greater than a 30-day supply of medication. These may require one copayment for each month of the anticipated duration of the medication. For example, if one dose or single use of the medication or product is expected to last for two months, you will pay two copayments.
- Prescription Mail Services: You can get a 90-day supply of maintenance medications through the Caremark mail order service. A maintenance medication is a prescription that is recommended by the FDA or us to be taken on a regular basis. Examples include, but are not limited to, medications for blood pressure, asthma, antidepressants, diabetes, hormone replacement and birth control. Byetta, Insulin (in vials only) and Symlin are the only injectable medications available through the Caremark mail order service. Non-maintenance medications are not available through the Caremark mail order service. Examples of non-maintenance medications include, but are not limited to: antihistamines, antibiotics, pain management, muscle relaxants, anti-migraine, medications for sleep or anxiety, acne preparations, creams and ointments.
- The amount of medication dispensed to you should last for a specific time period as prescribed by your physician. At least 75% of that time must pass before you can get a refill, either at a pharmacy or, when applicable, through the mail. For example: if your prescription provides a 30-day supply, you can refill your prescription no sooner than 23 days after the prescription was filled (30 days \times 75% = 23 days).
- If you receive a brand-name drug when a preferred generic equivalent can be substituted, and your physician has not specified "Dispense as Written" (DAW) for the brand-name drug, you will pay the generic copayment plus the difference in cost between the brand-name drug and the generic. For mail-order drugs, Caremark may fill your prescription with a preferred generic equivalent if it is available, unless your physician has indicated "Dispense as Written" (DAW). If a preferred generic equivalent is not available, or if your physician specifically indicates "Dispense as Written" (DAW), you will pay the applicable preferred brand-name or non-preferred (non-formulary) copayment. Note: If your physician writes a prescription for a non-preferred (non-formulary) generic, you may ask your pharmacist for an equivalent preferred brand-name drug.
- If your physician prescribes a medication that needs to be dispensed in two different strengths or dosage forms, you will be responsible for the appropriate copayment for each dispensed prescription.
- When a new generic medication is approved by the FDA, our Pharmacy and Therapeutics Committee may classify it as "non-preferred" (non-formulary). Non-preferred generics are subject to the non-preferred copayment listed in this section. Note: If your physician writes a prescription for a non-preferred generic, you may ask your pharmacist for an equivalent preferred brand-name drug.

- **Why use preferred generic drugs?** Preferred generic drugs are therapeutically equivalent to brand-name drugs, but they cost less. They have the same active ingredients, and are required by the U.S. Food and Drug Administration to meet the same quality standards for safety, strength, and effectiveness. You pay your lowest copay when you use preferred generic drugs.
- **When you have to file a claim.** If you are outside of the service area and need a prescription, contact Caremark for Plan pharmacies outside of the service area. If one is not available, then Caremark will reimburse you. Keep your receipts and mail them along with a reimbursement form. Call Caremark at 1-800-378-7040 for the reimbursement form and instructions.
- **Preferred Injectable and Implantable Medications.** Similar to other prescription drugs, injectable and intravenous (IV) therapy drugs are categorized as “preferred” or “non-preferred” by our Pharmacy and Therapeutics Committee. If your injectable, implantable or IV medication is not listed on our Preferred Drug List, call our Customer Service Department at 1-800-377-4161 or 801-323-6200 to find out if it is covered and whether it is preferred or non-preferred.
- **Direct Source Injectable and Implantable Medications.** Direct source injectable and implantable medications are certain injectable, implantable and intravenous (IV) therapy drugs, including those that are administered by a medical professional, that are covered only when they are purchased through designated pharmacy vendors. We have selected vendors who provide these drugs at the lowest cost, which may help lower your out-of-pocket expenses.

To obtain a current list of direct source injectable, implantable and IV drugs and designated vendors, please visit our Web site at www.altiushealthplans.com or call our Customer Service Department. This list may be changed periodically.

If your physician orders a direct source injectable, implantable or IV drug for you, the medication can be shipped either to your physician’s office or directly to your home. You are responsible to pay your coinsurance to the pharmacy vendor.

In many cases, your physician may write a prescription for your injectable, implantable or IV therapy drug rather than order it for you. When you obtain a prescription for an injectable, implantable or IV therapy drug, call our Customer Service Department or visit our Web site to see if you must order it through a designated vendor.

Most of the injectable, implantable and IV therapy drugs that must be purchased through a designated vendor are available through Caremark Pharmacy. Caremark will ship your injectable, implantable or IV therapy drug and supplies directly to your home or physician’s office within 48 hours of ordering. The supplies for administering your medication will be included without cost to you.

In addition, Caremark offers toll-free, 24-hour customer service, 365 days a year. Support services for you, your caregivers, and your physicians are offered by a trained staff of nurses and pharmacists who can answer questions about your medications and diseases that they treat.

To find out how to order your direct source injectable, implantable and IV drugs from Caremark Pharmacy, please call 1-800-237-2767.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payer of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.
- Plan dentists must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider.
- We have no calendar year deductible.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The Standard Option includes accidental dental injury benefits only. There are no other dental benefits for the Standard Option.

Section 5. High Deductible Health Plan Benefits

This Plan offers a High Deductible Health Plan (HDHP). The HDHP benefit package is described in this section. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

HDHP Section 5, which describes the HDHP benefits, is divided into subsections. Please read *Important things you should keep in mind* at the beginning of each subsection. Also read the General Exclusions in Section 6; they apply to benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about HDHP benefits, contact us at 1-801-323-6200 or 1-800-377-4161 or at our Web site at www.altiushealthplans.com.

Our HDHP option provides comprehensive coverage for high-cost medical events and a tax-advantaged way to help you build savings for future medical expenses. The Plan gives you greater control over how you use your health care benefits.

When you enroll in this HDHP, we establish either a Health Savings Account (HSA) or a Health Reimbursement Arrangement (HRA) for you. We automatically pass through a portion of the total health Plan premium to your HSA or credit an equal amount to your HRA based upon your eligibility. Your full HRA credit will be available on your effective date of enrollment.

With this Plan, preventive care is covered in full. As you receive other non-preventive medical care, you must meet the Plan's deductible before we pay benefits. You can choose to use funds available in your HSA to make payments toward the deductible or you can pay toward your deductible entirely out-of-pocket, allowing your savings to continue to grow.

This HDHP includes five key components: preventive care; traditional medical coverage health care that is subject to the deductible; savings; catastrophic protection for out-of-pocket expenses; and health education resources and account

- **Preventive care**

The Plan covers preventive care services, such as periodic health evaluations (e.g., annual physicals), screening services (e.g., mammograms), routine prenatal and well-child care, child and adult immunizations, tobacco cessation programs, obesity weight loss programs, disease management and wellness programs. These services are covered at 100% if you use a network provider and the services are described in Section 5 *Preventive care*. *You do not have to meet the deductible before using these services.*

- **Traditional medical coverage**

After you have paid the Plan's deductible, we pay benefits under traditional medical coverage described in Section 5. You typically pay \$20 per office visit to a primary care physician, \$30 per office visit to a specialist, and \$30 for an after-hours office visit or urgent care visit. The Plan typically pays 90% for home care and hospital care; you typically pay 10% of the Plan allowance.

Covered services include:

- Medical services and supplies provided by physicians and other health care professionals
- Surgical and anesthesia services provided by physicians and other health care professionals
- Hospital services; other facility or ambulance services
- Emergency services/accidents
- Mental health and substance abuse benefits
- Prescription drug benefits
- Dental benefits for services related to an accidental injury.

- **Savings**

Health Savings Accounts or Health Reimbursement Arrangements provide a means to help you pay out-of-pocket expenses (see *Savings – HSAs and HRAs* for more details).

Health Savings Accounts (HSA)

By law, HSAs are available to members who are not enrolled in Medicare, cannot be claimed as a dependent on someone else’s tax return, have not received VA benefits within the last three months or do not have other health insurance coverage other than another high deductible health plan. In 2008, for each month you are eligible for an HSA premium pass through, we will contribute to your HSA \$45.83 per month for a Self Only enrollment or \$91.66 per month for a Self and Family enrollment. In addition to our monthly contribution, you have the option to make additional tax-free contributions to your HSA, so long as total contributions do not exceed the limit established by law, which is \$2,900 for a Self Only enrollment or \$5,800 per month for a Self and Family enrollment. See maximum contribution information on page 64. You can use funds in your HSA to help pay your health plan deductible. You own your HSA, so the funds can go with you if you change plans or employment.

Federal tax tip: There are tax advantages to fully funding your HSA as quickly as possible. Your HSA contribution payments are fully deductible on your Federal tax return. By fully funding your HSA early in the year, you have the flexibility of paying medical expenses from tax-free HSA dollars or after tax out-of-pocket dollars. If you don’t deplete your HSA and you allow the contributions and the tax-free interest to accumulate, your HSA grows more quickly for future expenses.

HSA features include:

- Your HSA is administered by Coventry Consumer Advantage
- Your contributions to the HSA are tax deductible
- You may establish pre-tax HSA deductions from your paycheck to fund your HSA up to IRS limits using the same method that you use to establish other deductions (i.e., Employee Express, MyPay, etc.)
- Your HSA earns tax-free interest
- You can make tax-free withdrawals for qualified medical expenses for you, your spouse and dependents (see IRS publication 502 for a complete list of eligible expenses)
- Your unused HSA funds and interest accumulate from year to year
- It’s portable - the HSA is owned by you and is yours to keep, even when you leave Federal employment or retire
- When you need it, funds up to the actual HSA balance are available

Important consideration if you want to participate in a Health Care Flexible Spending Account (HCFSAs): If you are enrolled in this HDHP with a Health Savings Account (HSA), and start or become covered by an HCFSAs health care flexible spending account (such as FSAFEDS offers – see Section 12), this HDHP cannot continue to contribute to your HSA. Similarly, you cannot contribute to an HSA if your spouse enrolls in an HCFSAs. Instead, when you inform us of your coverage in an HCFSAs, we will establish an HRA for you.

Health Reimbursement Arrangements (HRA)

If you aren’t eligible for an HSA, for example you are enrolled in Medicare or have another health plan, we will administer and provide an HRA instead. You must notify us that you are ineligible for an HSA.

In 2008, we will give you an HRA credit of \$550 per year for a Self Only enrollment and \$1,100 per year for a Self and Family enrollment. You can use funds in your HRA to help pay your health plan deductible and/or for certain expenses that don’t count toward the deductible.

HRA features include:

- For our HDHP option, the HRA is administered by Corporate Benefit Services of America (CBSA).
- Entire HRA credit (prorated from your effective date to the end of the plan year) is available from your effective date of enrollment.
- Tax-free credit can be used to pay for qualified medical expenses for you and any individuals covered by this HDHP.
- Unused credits carryover from year to year.
- HRA credit does not earn interest.
- HRA credit is forfeited if you leave Federal employment or switch health insurance plans.
- An HRA does not affect your ability to participate in an FSAFEDS Health Care Flexible Spending Account (HCFSA). However, you must meet FSAFEDS eligibility requirements. See *Who is eligible to enroll?* in Section 12 under The Federal Flexible Spending Account Program – *FSAFEDS*

- **Catastrophic protection for out-of-pocket expenses**

Your annual maximum for out-of-pocket expenses (deductibles, coinsurance and copayments) for covered services is limited to \$5,000 per person or \$10,000 per family enrollment. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as non-covered expenses). Refer to Section 4 *Your catastrophic protection out-of-pocket maximum* for more details.

- **Health education resources and account management tools**

HDHP Section 5(i) describes the health education resources and account management tools available to you to help you manage your health care and your health care dollars.

If You Have an HSA

If you have an HSA

• **Contributions**

All contributions are aggregated and cannot exceed the maximum contribution amount set by the IRS. You may contribute your own money to your account through payroll deductions, or you may make lump sum contributions at any time, in any amount not to exceed an annual maximum limit. If you contribute, you can claim the total amount you contributed for the year as a tax deduction when you file your income taxes. Your own HSA contributions are either tax-deductible or pre-tax (if made by payroll deduction). You receive tax advantages in any case. To determine the amount you may contribute, subtract the amount the Plan will contribute to your account for the year from the maximum contribution amount set by the IRS. You have until April 15 of the following year to make HSA contributions for the current year.

If you newly enroll in an HDHP during Open Season and your effective date is after January 1st or you otherwise have partial year coverage, you are eligible to fund your account up to the maximum contribution limit set by the IRS as long as you maintain your HDHP enrollment for 12 months following the last month of year of your first year of eligibility. If you do not meet this requirement, a portion of your tax reduction is lost and a 10% penalty is imposed. There is an exception for death or disability.

• **Catch-up contributions**

If you are age 55 or older, the IRS permits you to make additional “catch-up” contributions to your HSA. In 2008, you may contribute up to \$900 in catch-up contributions. The allowable catch-up contribution will be \$1,000 in 2009 and beyond. Contributions must stop once an individual is enrolled in Medicare. Additional details are available on the U.S. Department of Treasury Web site at www.ustreas.gov/offices/public-affairs/hsa/.

• **If you die**

If you do not have a named beneficiary, if you are married, it becomes your spouse’s HSA; otherwise, it becomes part of your taxable estate.

• **Qualified expenses**

You can pay for “qualified medical expenses,” as defined by IRS Code 213(d). These expenses include, but are not limited to, medical plan deductibles, diagnostic services covered by your plan, long-term care premiums, health insurance premiums if you are receiving Federal unemployment compensation, over-the-counter drugs, LASIK surgery, and some nursing services.

When you enroll in Medicare, you can use the account to pay Medicare premiums or to purchase health insurance other than a Medigap policy. You may not, however, continue to make contributions to your HSA once you are enrolled in Medicare.

For a detailed list of IRS-allowable expenses, request a copy of IRS Publication 502 by calling 1-800-829-3676, or visit the IRS Web site at www.irs.gov and click on “Forms and Publications.” Note: Although over-the-counter drugs are not listed in the publication, they are reimbursable from your HSA. Also, insurance premiums are reimbursable under limited circumstances.

• **Non-qualified expenses**

You may withdraw money from your HSA for items other than qualified health expenses, but it will be subject to income tax and if you are under 65 years old, an additional 10% penalty tax on the amount withdrawn.

• **Tracking your HSA balance**

You will receive a periodic statement that shows the “premium pass through” withdrawals, and interest earned on your account. In addition, you will receive an Explanation of Payment statement when you withdraw money from your HSA.

• **Minimum reimbursements from your HSA**

You can request reimbursement in any amount. However, funds will not be disbursed until your reimbursement totals at least \$25.

If You Have an HRA

- **Why an HRA is established**

If you don't qualify for an HSA when you enroll in this HDHP, or later become ineligible for an HSA, we will establish an HRA for you. If you are enrolled in Medicare, you are ineligible for an HSA and we will establish an HRA for you. You must tell us if you become ineligible to contribute to an HSA.

- **How an HRA differs**

Please review the chart on page 63 which details the differences between an HRA and an HSA. The major differences are:

 - You cannot make contributions to an HRA
 - Funds are forfeited if you leave the HDHP
 - An HRA does not earn interest, and
 - HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP. HRAs can only pay for qualified medical expenses, such as deductibles, copayments, and coinsurance expenses, for individuals covered by the HDHP. FEHB law does not permit qualified medical expenses to include services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.

Section 5. Preventive care

Important things you should keep in mind about these benefits:

- Plan physicians must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider.
- Preventive care services listed in this section are not subject to the deductible. The Plan pays 100% for these preventive care services.
- For all other covered expenses, please see Section 5 – *Traditional medical coverage subject to the deductible*.
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.

Section 5. Traditional medical coverage subject to the deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider. When applicable, you must use Plan facilities. You are responsible for verifying that your provider has arranged for your surgery or hospitalization in a Plan facility. We will not pay for services provided by a non-Plan provider or facility without our prior authorization.
- Preventive care services listed in the previous section are covered at 100% (see page 65) and are not subject to the calendar year deductible.
- The deductible is \$1,100 per person or \$2,200 per family enrollment. The family deductible can be satisfied by one or more family members. The deductible applies to all benefits under Traditional medical coverage. You must pay your deductible before your Traditional medical coverage may begin.
- Under Traditional medical coverage, you are responsible for your coinsurance and copayments for covered expenses.
- You are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total \$5,000 per person or \$10,000 per family enrollment in any calendar year, you do not have to pay any more for covered services. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as non-covered expenses).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Your physician must obtain prior authorization for some services, supplies, and drugs. Please refer to Section 3 for prior authorization information and to be sure which services require prior authorization.

Benefit Description	You pay After the calendar year deductible...
Deductible before Traditional medical coverage begins	
<p>The deductible applies to almost all benefits in this Section. In the You pay column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.</p>	<p>100% of allowable charges until you meet the deductible of \$1,100 per person or \$2,200 per family enrollment.</p>
<p>After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.</p>	<p>After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. You may choose to pay the coinsurance and copayments from your HSA or HRA, or you can pay for them out-of-pocket.</p>

**Section 5(a). Medical services and supplies
provided by physicians and other health care professionals**

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider.
- The deductible is \$1,100 for Self Only enrollment and \$2,200 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR PHYSICIAN MUST OBTAIN PRIOR AUTHORIZATION FOR SOME SERVICES, SUPPLIES, AND DRUGS.** Please refer to Section 3 for prior authorization information and to be sure which services require prior authorization.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

- **Important things you should keep in mind about these benefits:**
- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care and you must use a Plan facility. It is your responsibility to verify that your physician has scheduled your surgery in a Plan facility. We will not pay for services provided by a non-Plan provider or facility without our prior authorization.
- The deductible is \$1,100 for Self Only enrollment and \$2,200 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- The amounts listed below are for the charges billed by a physician or other health care professional for your surgical care. Look in Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

• **Emergencies within our service area:**

If you have a life-threatening or serious condition, immediately call 911 or other emergency services, or go to the nearest medical facility. It is important to call your Plan provider in an emergency so that he or she can be involved in your care. Please contact your Plan provider as soon as reasonably possible. We will cover emergency care provided by non-Plan providers as long as the condition continues to be an emergency. Once your condition is stable, your Plan provider will work together with us to transfer you to a Plan facility.

An urgent medical problem is one in which your life is not in danger, but you require prompt medical attention. If you need urgent care, contact a Plan provider (your primary care provider if you have one) and follow his or her instructions. If you are not able to contact a Plan provider, you may go to any Plan urgent care facility. Please refer to your Altius Participating Provider Listing. After you receive urgent care, contact a Plan provider as soon as you can. A Plan provider will coordinate any follow-up care you need. If you have any questions about emergency or urgent care, or about Plan providers, please call us at 801-323-6200 or 1-800-377-4161. For a current list of Plan providers and Plan urgent care facilities, you may also visit our Web site at www.altiushealthplans.com.

• **Emergencies outside our service area:**

If you have an emergency or you need urgent care while outside of our service area, please seek the appropriate medical treatment. You may be asked to pay the bill at the time of service. Keep your receipts so we can reimburse you for those costs. We will cover emergency care provided by non-Plan providers as long as the condition continues to be an emergency. Once your condition is stable, your Plan provider will work with us to transfer you to a Plan facility. Please contact us as soon as reasonably possible at 1-800-377-4161 or 801-323-6200.

• **Urgent Care outside our service area:**

If you are traveling outside our service area and experience an urgent medical condition, Coventry Health Care National Network providers are also available to you. You can locate a Coventry Health Care National Network provider by calling 1-800-369-9154 or use the "Search for a Coventry Health Care National Network provider" link on our Provider Search page at www.altiushealthplans.com

Section 5(e). Mental health and substance abuse benefits

When you get our approval for services and follow a treatment plan we approve, cost-sharing and limitations for Plan mental health and substance abuse benefits will be no greater than for similar benefits for other illnesses and conditions.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,100 for Self Only enrollment and \$2,200 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PRIOR AUTHORIZATION FOR THESE SERVICES.** See the instructions after the benefits description below.

Benefit Description	You pay After the calendar year deductible...
Mental health and substance abuse benefits

Mental health and substance abuse benefits	
Prior authorization	To be eligible to receive these benefits you must obtain a treatment plan and follow all of the following authorization processes: You must contact Mental Health Network (MHNet) at 1-800-701-8663 for prior authorization of all inpatient and outpatient mental health/substance abuse services, information about contracted mental health providers and/or immediate access to care. You may call 24 hours a day, seven days a week.
Limitation	We may limit your benefits if you do not obtain a treatment plan

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on page 97.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The deductible is \$1,100 for Self Only enrollment and \$2,200 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, you will be responsible for your coinsurance amounts or copayments for eligible prescriptions.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR PHYSICIAN MUST GET PRIOR AUTHORIZATION FOR CERTAIN DRUGS.**

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed practitioner who has the legal authority to prescribe medications.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy, or by mail for a maintenance medication.

At a pharmacy: To get your prescription filled, present your Altius membership card to any Plan pharmacy. You will pay the prescription drug copayment listed on page 97 of this booklet. If you need prescription medications while outside of the service area, Caremark for the nearest Plan pharmacy, or you may pay for your prescription and Caremark will reimburse you according to your benefits. To find out about Plan pharmacies, or get reimbursement for a covered drug, contact: Caremark’s Customer Service Department at 1-800-378-7040.

By mail: 1) Get a prescription for your maintenance medication with the maximum refills allowed from your Plan provider (see *Prescription Mail Services* below for a definition of a maintenance medication). 2) Contact Caremark’s Customer Service Department at 1-800-378-7040 to get an order form. 3) Mail your prescription with the completed order form to Caremark. Prescriptions are mailed within fourteen days, directly to your house or office in a labeled envelope to ensure privacy and safety. Caremark has a pharmacist available to you 24 hours a day to answer your questions.

Through a Direct Source vendor: Certain injectable, implantable and intravenous (IV) therapy drugs, including those that are administered by a medical professional, that are covered only when they are purchased through designated pharmacy vendors. See *Direct Source Injectable and Implantable Medications* on page 51.

- **We use a formulary.** The Altius formulary is a list of “preferred” prescription drugs that are identified by our team of physicians and pharmacists (Pharmacy and Therapeutics Committee) to be the best overall value based on quality, safety, effectiveness, and cost. Our formulary includes nearly all covered generic drugs, and specific brand-name drugs selected by the Committee. We reserve the right to include only one manufacturer’s product on our formulary when the same or similar drug (that is, a drug with the same active ingredient), supply, or equipment is made by two or more different manufacturers. We also reserve the right to include only one dosage or form of a drug on the Altius formulary when the same drug is available in different dosages or forms (for example, dissolvable tablets, capsules, etc.) from the same or different manufacturers. The product or products and/or other forms or dosages of products that are not listed on the Altius formulary will be excluded from coverage. We list the most commonly requested formulary drugs on our Preferred Drug List. To order a Preferred Drug List, call our Customer Service Department at 1-800-377-4161 or 801-323-6200, or visit our Web site at www.altiushealthplans.com. The Preferred Drug List is subject to review and modification on a quarterly basis.

We also cover non-preferred (non-formulary) drugs prescribed by your Plan physician. However, we encourage you to use preferred drugs, especially preferred generics, whenever possible because they will cost you less. Refer to your Preferred Drug List, and check with your physician or pharmacist to find out if a preferred generic is available, or if a lower-cost alternative might work for you.

- **Prior Authorization.** We require prior authorization for certain drugs. We also require prior authorization for injectable and implantable medications and devices, including certain drugs used for intravenous (IV) therapy and chemotherapy. To obtain a list of drugs that require prior authorization, or to obtain a list of injectable or implantable medications that require prior authorization, please call our Customer Service Department at 801-323-6200 or 1-800-377-4161, or visit our Web site at www.altiushealthplans.com. The prior authorization drug list is reviewed by our Pharmacy and Therapeutics Committee and may change from time to time due to new drugs, new generics, new therapies, new guidelines from the Food and Drug Administration (FDA), or other factors.

To request prior authorization, you or your physician may contact our Prior Authorization Department at 877-215-4100. We will work with your physician to obtain the information we need to process the request. We will communicate our approval or denial to your physician. You may also contact our Customer Service Department for a status of your request.

- **These are the dispensing limitations.**

Your pharmacist will fill up to a maximum 30-day supply of medications prescribed by a Plan provider, unless otherwise stated by us, State law, Federal law, or as determined by the manufacturer's package size. You will pay one copayment for each prescription filled, even if your prescription provides less than a 30-day supply.

Some medications have specific limits on how much of the medication you can get with each prescription or refill. This is to ensure that you receive the recommended and proper dose and length of drug therapy for your condition. Quantity level limits are reviewed by the Pharmacy and Therapeutics Committee and are based on maximum dosage levels indicated by the drug manufacturer and the FDA. **Your physician must get authorization for any amount of your prescription that exceeds the quantity level limit.** If we authorize the extra amount, you may be required to pay an additional copayment.

Certain covered medications and pharmaceutical products are manufactured, packaged, or used in such a way that one dose provides greater than a 30-day supply of medication. These may require one copayment for each month of the anticipated duration of the medication. For example, if one dose or single use of the medication or product is expected to last for two months, you will pay two copayments.

Prescription Mail Services: You can get a 90-day supply of maintenance medications through the Caremark mail order service. A maintenance medication is a prescription that is recommended by the FDA or us to be taken on a regular basis. Examples include, but are not limited to, medications for blood pressure, asthma, antidepressants, diabetes, hormone replacement and birth control. Byetta, Insulin (in vials only), and Symlin are the only injectable medications available through the Caremark mail order service. Non-maintenance medications are not available through the Caremark mail order service. Examples of non-maintenance medications include, but are not limited to: antihistamines, antibiotics, pain management, muscle relaxants, anti-migraine, medications for sleep or anxiety, acne preparations, creams and ointments.

The amount of medication dispensed to you should last for a specific time period as prescribed by your physician. At least 75% of that time must pass before you can get a refill, either at a pharmacy or, when applicable, through the mail. For example: if your prescription provides a 30-day supply, you can refill your prescription no sooner than 23 days after the prescription was filled (30 days \times 75% = 23 days).

If you receive a brand-name drug when a preferred generic equivalent can be substituted, and your physician has not specified "Dispense as Written" (DAW) for the brand-name drug, you will pay the generic copayment plus the difference in cost between the brand-name drug and the generic. For mail-order drugs, Caremark may fill your prescription with a preferred generic equivalent if it is available, unless your physician has indicated "Dispense as Written" (DAW). If a preferred generic equivalent is not available, or if your physician specifically indicates "Dispense as Written" (DAW), you will pay the applicable preferred brand-name or non-preferred (non-formulary) copayment. Note: If your physician writes a prescription for a non-preferred (non-formulary) generic, you may ask your pharmacist for an equivalent preferred brand-name drug.

If your physician prescribes a medication that needs to be dispensed in two different strengths or dosage forms, you will be responsible for the appropriate copayment for each dispensed prescription.

When a new generic medication is approved by the FDA, our Pharmacy and Therapeutics Committee may classify it as "non-preferred" (non-formulary). Non-preferred generics are subject to the non-preferred copayment listed in this section. Note: If your physician writes a prescription for a non-preferred generic, you may ask your pharmacist for an equivalent preferred brand-name drug.

- **Why use preferred generic drugs?** Preferred generic drugs are therapeutically equivalent to brand-name drugs, but they cost less. They have the same active ingredients, and are required by the U.S. Food and Drug Administration to meet the same quality standards for safety, strength, and effectiveness. You pay your lowest copay when you use preferred generic drugs.
- **When you have to file a claim.** If you are outside of the service area and need a prescription, contact Caremark for Plan pharmacies outside of the service area. If one is not available, then Caremark will reimburse you. Keep your receipts and mail them along with a reimbursement form. Call Caremark at 1-800-378-7040 for the reimbursement form and instructions.
- **Preferred Injectables and Implantable Medications.** Similar to other prescription drugs, injectable, implantable and intravenous (IV) therapy drugs are categorized as “preferred” or “non-preferred” by our Pharmacy and Therapeutics Committee. If your injectable, implantable or IV medication is not listed on our Preferred Drug List, call our Customer Service Department at 1-800-377-4161 or 801-323-6200 to find out if it is covered and whether it is preferred or non-preferred.
- **Direct Source Injectable and Implantable Medications.** Direct source injectables and implantable medications are certain injectable, implantable and intravenous (IV) therapy drugs, including those that are administered by a medical professional, that are covered only when they are purchased through designated pharmacy vendors. We have selected vendors who provide these drugs at the lowest cost, which may help lower your out-of-pocket expenses. To obtain a current list of direct source injectable, implantable and IV drugs and designated vendors, please visit our Web site at www.altiushealthplans.com or call our Customer Service Department. This list may be changed periodically.

If your physician orders a direct source injectable, implantable or IV drug for you, the medication can be shipped either to your physician’s office or directly to your home. You are responsible to pay your coinsurance to the pharmacy vendor.

In many cases, your physician may write a prescription for your injectable, implantable or IV therapy drug rather than order it for you. When you obtain a prescription for an injectable, implantable or IV therapy drug, call our Customer Service Department or visit our Web site to see if you must order it through a designated vendor.

Most of the injectable, implantable and IV therapy drugs that must be purchased through a designated vendor are available through Caremark Pharmacy. Caremark will ship your injectable, implantable or IV therapy drug and supplies directly to your home or physician’s office within 48 hours of ordering. The supplies for administering your medication will be included without cost to you.

In addition, Caremark offers toll-free, 24-hour customer service, 365 days a year. Support services for you, your caregivers, and your physicians are offered by a trained staff of nurses and pharmacists who can answer questions about your medications and diseases that they treat.

To find out how to order your direct source injectable, implantable and IV drugs from Caremark Pharmacy, please call 1-800-237-2767.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Program (FEDVIP) Dental Plan, your FEHB Plan will be your First/Primary payer of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.
- Plan dentists must provide or arrange your care. You are responsible for ensuring that your provider is a Plan provider.
- The deductible is \$1,100 for Self Only enrollment and \$2,200 for Self and Family enrollment each calendar year. The Self and Family deductible can be satisfied by one or more family members. The deductible applies to all benefits in this section.
- After you have satisfied your deductible, you will be responsible for your coinsurance amounts and copayments for eligible medical expenses.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Feature	Description
<p>Flexible benefits option</p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to traditional care and coordinate other benefits as a less costly alternative benefit. • Alternative benefits are subject to our ongoing review. • By approving an alternative benefit, we cannot guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and we may withdraw it at any time and resume regular contract benefits. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process.
<p>Services for deaf, hard of hearing, and non-English speaking members</p>	<p>If you need interpreter services for an appointment with a Customer Service Representative, you must arrange for these services by calling 801-323-6200 or 1-800-377-4161.</p> <p>When interpreter services are needed in the provider’s office, contact the provider’s office directly.</p>
<p>High risk pregnancies</p>	<p>If you or your Plan provider feel that your pregnancy may be a difficult one, or that you may be at risk for complications, you or your PCP may ask us to assign you an Altius Baby Care (ABC) prenatal case manager. A prenatal case manager is a Registered Nurse with special training in maternity care. Your case manager will ask you questions about your medical history and then tell you what you can do to keep yourself and your baby healthy. Your case manager will also work with your provider to plan a course of treatment for you and will check with you from time to time to see how you are doing.</p>
<p>Travel benefit/services overseas</p>	<p>Services outside of our service area are limited to emergency and urgent care only. See Section 5(d) for <i>Emergency services/accidents</i>.</p>

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at, 1-800-377-4161 or visit their website at www.altiushealthplans.com.

WellBeing and **AltiusExtra**: a winning combination that will bring *extra* health benefits to you and your family *at no extra cost*.

WellBeing has four web-based components:

- 1. Confidential Risk Assessment:** To see how you compare to health standards, complete an electronic health risk assessment. Within a few seconds after completing the final question, you will receive a tailored report.
- 2. Personalized Health Improvement:** Through our website and My ePHIT, you can create personalized plans for weight loss, strength training, muscle toning, improved eating habits, and life skills. And to help you make more informed decisions about your children's health and development, our website now offers award-winning content and tools from the children's health experts of KidsHealth.
- 3. Good Health News in Your Mailbox:** We deliver a health, wellness, and benefits news magazine to our members' homes two times per year.
- 4. Easy Access to Reputable Health Information:** Self-service options are a way for you and your family to begin exploring topics you may find overwhelming or difficult to discuss, such as addictions, poor eating habits, body mass index (BMI) calculations, coping with family problems, and more. Our Health Information section is your gateway to healthy living with user-friendly information.

PLEASE NOTE: The AltiusExtra Program discounts are not insurance

Section 6. General exclusions – things we don't cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Care by non-Plan providers except for authorized referrals (see Section 3) or emergencies (see *Emergency services/accidents*);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants);
- Procedures, services, drugs, and supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
- Telephone consultations;
- Services or supplies given by a health care provider who lives in the same household as the patient;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7. Filing a claim for covered services

When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible .

You will only need to file a claim when you receive emergency services from non-Plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at 801-323-6200 or 1-800-377-4161.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name and ID number;
- Name and address of the physician or facility that provided the service or supply;
- Dates you received the services or supplies;
- Diagnosis;
- Type of each service or supply;
- The charge for each service or supply;
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN); and
- Receipts, if you paid for your services.

Submit your claims to:

Altius Health Plans
Claims Department
P.O. Box 7147
London, KY 40742

Prescription drugs

Call Caremark Customer Service Department at 1-800-378-7040 to get forms and instructions for reimbursement.

Submit your claims to:

Caremark
Attn: Claims
P.O. Box 686005
San Antonio, TX 78268-6005

To receive reimbursement for copayments, coinsurance, and deductibles that you have paid under your primary plan for eligible prescription medications, you need to submit the following:

- Original receipts or a printout from your pharmacy signed by the Pharmacist that filled the prescription; and
- Altius Coordination of Benefits (COB) claim form; and
- A copy of the explanation of benefits, payments, or denial from any primary payer – such as the Medicare Summary Notice (MSN)
- To obtain a COB claim form, and for any questions or assistance, call us at 801-323-6200 or 1-800-377-4161.

Submit your claims to:

Altius Health Plans
Coordination of Benefits Department
10421 South Jordan Gateway, Suite 400
South Jordan, UT 84095

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond.

Section 8. The disputed claims process

Follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your claim or request for services, drugs, or supplies – including a request for prior authorization required by Section 3. Disagreements between you and the HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ol style="list-style-type: none">Write to us within 6 months from the date of our decision; andSend your request to us at: Altius Health Plans, Appeals Department, 10421 So. 3	<p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have.</p> <p>We will write to you with our decision.</p>
4	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within</p> <ul style="list-style-type: none">90 days after the date of our letter upholding our initial decision; or120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or120 days after we asked for additional information. <p>Write to OPM at: United States Office of Personnel Management, Insurance Services Programs, Health Insurance Group 2, 1900 E Street, NW, Washington, DC 20415-3620.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none">A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;Copies of all letters you sent to us about the claim;Copies of all letters we sent to you about the claim; andYour daytime phone number and the best time to call.

Disputed claims process (cont.)

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

5

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not sue until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and

a) We haven't responded yet to your initial request for care or prior authorization, then call us at 1-800-377-4161 or 801-323-6200 and we will expedite our review; or

b) We denied your initial request for care or prior authorization, then:

- If we expedite our review and maintain our denial, we will inform OPM so that they can give your claim expedited treatment too, or
- You may call OPM's Health Insurance Group 2 at 202/606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Section 9. Coordinating benefits with other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ guidelines.

When we are the primary payer, we will pay the benefits described in this brochure.

When we are the secondary payer to another health insurance plan, we will pay the copayments, coinsurance, and/or deductibles that the primary plan shows that you owe for covered services, up to our regular benefit. We will not pay more than our allowance. We will not pay for any service that is not a covered Plan benefit.

When the primary carrier (not Medicare) applies the claim to your deductible, we will consider the claim according to your Plan benefits and pay as primary. You will be responsible for the copayments and coinsurance for the services that have been rendered.

For Plan benefits that have a limited number of days or visits (such as skilled nursing facility care, physical therapy, or chiropractic), we will count a day or visit if we pay a benefit amount on the applicable service.

However, when we coordinate benefits with automobile “no fault” coverage, we will reduce our payment by the minimum personal injury protection coverage required by State law, or the actual amount of coverage you have, whichever is greater. We will not pay more than our allowance. You still need to use Plan providers and follow all prior authorization rules of this Plan. In this case, we do not waive the copayments and coinsurance you have under this Plan.

What is Medicare?

Medicare is a Health Insurance Program for:

- People 65 years of age or older;
- Some people with disabilities under 65 years of age; and
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.

- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. If you have limited savings and a low income, you may be eligible for Medicare's Low-Income Benefits. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778). Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. The notice will give you guidance on enrolling in Medicare Part D.

• **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

• **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care. Your care must continue to be authorized by your Plan provider, or prior authorized by us as required.

If your Plan physician does not participate in Medicare, you will have to file a claim with Medicare.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

- When we are the primary payer, we process the claim first.
- When Original Medicare is the primary payer, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 801-323-6200 or 1-800-377-4161.

We waive some costs if the Original Medicare Plan is your primary payer – We will waive some out-of-pocket costs as follows:

- Medical services and supplies provided by physicians and other health care professionals. If you are enrolled in Medicare Part B, and we pay as secondary, we will waive any copayments and coinsurances you have under this Plan. However, if Medicare denies coverage for a service or supply, we will not waive the copayment or coinsurance for that service or supply.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers), but we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium). For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payer, we process the claim first. If you enroll in Medicare Part D and we are the secondary payer, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payer. The following chart illustrates whether Medicare or this Plan should be the primary payer for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers' Compensation

We do not cover services that:

- You need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. See page 16.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 16.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Care provided for personal needs, personal hygiene, or for assistance in daily activities that can, according to generally accepted medical standards, be performed by non-licensed persons who have no medical training. Custodial care that lasts 90 days or more is sometimes known as Long term care.
Deductible (for the Standard Option)	A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for those services.
Experimental or investigational service	<p>A drug, device, or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished. Approval means all forms of acceptance by the FDA.</p> <p>A drug, device, or biological product or medical treatment or procedure is experimental or investigational if:</p> <ol style="list-style-type: none">1. Reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or2. Reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis. <p>Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, or biological product or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, or biological product, or medical treatment or procedure.</p> <p>FDA-approved drugs, devices, or biological products used for their intended purposes and labeled indications and those that have received FDA approval subject to postmarketing approval clinical trials, and devices classified by the FDA as “Category B Non-experimental/investigational Devices” are not considered experimental or investigational when used for the intended purposes and labeled indications as approved by FDA, provided those purposes and indications would otherwise be eligible for Plan benefits.</p>
Hospital	A facility that is legally licensed as a general hospital or a specialty hospital.

Medical necessity	<p>We determine whether services, drugs, supplies, or equipment provided by a hospital or other covered provider are:</p> <ol style="list-style-type: none"> 1. Appropriate to prevent, diagnose, or treat your condition, illness, or injury; 2. Consistent with standards of good medical practice in the United States; 3. Not primarily for the personal comfort or convenience of the patient, the family or the provider; 4. Not part of or associated with scholastic education or vocational training of the patient; and 5. In the case of inpatient care, cannot be provided safely on an outpatient basis. <p>The fact that one of our covered providers has prescribed, recommended, or approved a service or supply does not, in itself, make it medically necessary or covered under this Plan.</p>
Plan allowance	<p>Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Plans determine their allowances in different ways. We determine our allowance as follows: The total dollar amount allowed by the Plan for Covered Services, including the amounts payable by the Plan and payable by you.</p> <p>With respect to Plan Providers and Facilities, this amount is based on the applicable contractual payment schedule (fee schedule) negotiated with the Provider or facility. Plan Providers and Facilities accept the Plan allowance as payment in full.</p>
Provider	<p>Any person, organization, health facility or institution legally licensed to deliver or furnish health care services.</p>
Skilled nursing facility	<p>A qualified, licensed facility designated by us that has the staff and equipment to provide skilled nursing care, as well as other related health services.</p>
Urgent medical problems	<p>Those problems resulting from an unforeseen illness or injury that do not place life in jeopardy, but require prompt treatment.</p>
Us/We	<p>Us and We refer to Altius Health Plans.</p>
You	<p>You refers to the enrollee and each covered family member.</p>

High Deductible Health Plan (HDHP) Definitions

Deductible	A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for those services. See page 16.
Health Reimbursement Arrangement (HRA)	A health reimbursement arrangement (HRA) is an employer-funded account that is set up to reimburse qualified medical expenses incurred by you and your dependents (including your spouse) who are enrolled in your employer-sponsored plan, up to a maximum dollar amount for a coverage period. The HRA is not portable if you leave the Federal government or switch to another plan. See the chart beginning on page 63.
Health Savings Account (HSA)	A health savings account (HSA) is a trust or custodial account that is set up with a qualified trustee to pay or reimburse certain medical expenses incurred by you, your spouse, and dependents you may claim for tax purposes (even if they are not enrolled in your health plan). You must be enrolled in a high deductible health plan (HDHP) and meet certain other eligibility requirements to qualify for an HSA. The HSA is portable – you may take the HSA with you if you leave the Federal government or switch to another plan. See the chart beginning on page 63.

Section 11. FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/insure/health for enrollment information as well as:

- Information on the FEHB Program and plans available to you
- A health plan comparison tool
- A list of agencies who participate in Employee Express
- A link to Employee Express
- Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you a *Guide to Federal Benefits*, brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment;
- How you can cover your family members;
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
- When your enrollment ends; and
- When the next open season for enrollment begins.

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office.

- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self and Family coverage is for you, your spouse, and your unmarried dependent children under age 22, including any foster children or stepchildren your employing or retirement office authorizes coverage for. Under certain circumstances, you may also continue coverage for a disabled child 22 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately when you add or remove family members from your coverage for any reason, including divorce, or when your child under age 22 marries or turns 22.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self and Family coverage in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self and Family in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self and Family in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2008 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2007 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

- **Upon divorce** If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse’s enrollment. This is the case even when the court has ordered your former spouse to provide health coverage to you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse’s employing or retirement office to get RI 70-5, the *Guide To Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, or other information about your coverage choices. You can also download the guide from OPM’s Web site, www.opm.gov/insure.

- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn 22 or marry, etc.

You may not elect TCC if you are fired from your Federal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, and the RI 70-5, the *Guide to Federal Benefits for Temporary Continuation of Coverage and Former Spouse Enrollees*, from your employing or retirement office or from www.opm.gov/insure. It explains what you have to do to enroll.

- **Converting to individual coverage** You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal service, your employing office will notify you of your right to convert. You must apply in writing to us within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must apply in writing to us within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, and we will not impose a waiting period or limit your coverage due to pre-existing conditions.

- **Getting a Certificate of Group Health Plan Coverage** The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a Federal law that offers limited Federal protections for health coverage availability and continuity to people who lose employer group coverage. If you leave the FEHB Program, we will give you a Certificate of Group Health Plan Coverage that indicates how long you have been enrolled with us. You can use this certificate when getting health insurance or other health care coverage. Your new plan must reduce or eliminate waiting periods, limitations, or exclusions for health related conditions based on the information in the certificate, as long as you enroll within 63 days of losing coverage under this Plan. If you have been enrolled with us for less than 12 months, but were previously enrolled in other FEHB plans, you may also request a certificate from those plans.

For more information, get OPM pamphlet RI 79-27, *Temporary Continuation of Coverage (TCC) under the FEHB Program*. See also the FEHB Web site at www.opm.gov/insure/health; refer to the “TCC and HIPAA” frequently asked questions. These highlight HIPAA rules, such as the requirement that Federal employees must exhaust any TCC eligibility as one condition for guaranteed access to individual health coverage under HIPAA, and information about Federal and State agencies you can contact for more information.

Section 12. Three Federal Programs complement FEHB benefits

Important information

OPM wants to be sure you are aware of three Federal programs that complement the FEHB Program.

First, the **Federal Long Term Care Insurance Program (FLTCIP)** helps cover long term care costs, which are not covered under the FEHB Program.

Second, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money to pay for health and dependent care expenses. The result can be a discount of 20% to more than 40% on services you routinely pay for out-of-pocket.

Third, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, provides comprehensive dental and vision insurance at competitive group rates. Under **FEDVIP** you may choose self only, self plus one, or self and family coverage for yourself and any qualified dependents.

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help you pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). To request an Information Kit and application, call 1-800-LTC-FEDS (1-800-582-3337) (TTY 1-800-843-3557) or visit www.ltcfeds.com.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is a tax-favored benefit that allows you to set aside pre-tax money from your paychecks to pay for a variety of eligible expenses. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$250 and a maximum annual election of \$5,000.

- **Health Care FSA (HCFSA)** – Pays for eligible health care expenses (such as copayments, deductibles, over-the-counter medications and products, vision and dental expenses, and much more) for you and your dependents which are not covered or reimbursed by FEHBP or FEDVIP coverage or any other insurance.
- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to dental and vision care expenses for you and your dependents, which are not covered or reimbursed, by FEHBP or FEDVIP coverage or any other insurance.
- **Dependent Care FSA (DCFSA)** – Pays for eligible dependent care expenses for your child(ren) under age 13 or for dependants unable to care for themselves that allow you (and your spouse if married) to work, look for work (as long as you have earned income for the year), or attend school full-time.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 1-800-952-0450.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is a program, separate and different from the FEHB Program, established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004. This Program has no pre-existing condition limitations. FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Premiums are withheld from salary on a pre-tax basis.

Dental Insurance

Dental plans provide a comprehensive range of services, including all the following:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 24-month waiting period

Vision Insurance

Vision plans will provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/insure/dentalvision. This site also provides links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY number, 1-877-889-5680).

2008 Rate Information for Altius Health Plans

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the *Guide to Federal Benefits* for that category or contact the agency that maintains your health benefits enrollment.

Postal Category 1 rates apply to certain career non-law enforcement Postal Service employees. **Postal Category 2 rates** apply to other career non-law enforcement Postal Service employees. *PostalEASE*, the employee selfservice system used for FEHB enrollment, automatically provides the applicable premium to individual employees. Career non-law enforcement employees may also refer to the *Guide to Federal Benefits for United States Postal Service Employees*, RI 70-2, to determine their rates.

Different rates apply and a special Guide is published for Postal Service Inspectors and Office of Inspector General (OIG) employees (see RI 70-2IN). For further assistance, Postal Service employees should call:

Human Resources Shared Service Center
 1-877-477-3273, Option 5
 TTY: 1-866-260-7507

Postal rates do not apply to non-career postal employees, postal retirees, or associate members of any postal employee organization who are not career postal employees. Refer to the applicable *Guide To Federal Benefits*.
