

Federal Student Loan Repayment Program

Calendar Year 2024

Message from the Director

The U.S. Office of Personnel Management (OPM) is pleased to transmit its annual report to Congress on agencies' use of student loan repayments¹ as a strategic tool for the purposes of recruitment and retention during calendar year (CY) 2024. Section 5379 of title 5, United States Code, authorizes agencies to establish programs under which they may repay certain types of Federal student loans (including certain student loans that are made through Federal programs or are Federally insured or guaranteed) to recruit or retain highly qualified personnel in exchange for a service commitment from the employee. Agencies are required by 5 U.S.C. 5379(h)(1) to submit to OPM certain data regarding their student loan repayment programs, and OPM is, in turn, required by section 5379(h)(2) to compile the data and submit an annual report to Congress.

During CY 2024, OPM received responses from eighty-five (85) Federal agencies. Thirty-six (36) of these agencies collectively provided 16,851 employees with a total of approximately \$150.8 million in student loan repayment benefits.

¹ OPM regulates the [Federal Student Loan Repayment](#) (SLR) discretionary authority for agencies at [part 537, title 5, Code of Federal Regulations](#). SLR is often confused with [the U.S. Department of Education's Public Service Loan Forgiveness \(PSLF\) program](#), which is available to Federal, state, local, and tribal government employees and many in the not-for-/non-profit sectors. The programs are distinct from one another; utilize different criteria for eligibility; have separate statutory authorities; and are administered very differently. OPM has no role in the PSLF.

Executive Summary

Federal agencies that utilize the student loan repayment program (SLRP) authority in [section 5379 of title 5, United States Code](#), are required by section 5379(h)(1) to report annually to the U.S. Office of Personnel Management (OPM) on their use of student loan repayments during the previous calendar year (CY). Section 5379(h)(2) requires OPM to prepare, and annually submit to Congress, a report containing information provided by agencies that use this human capital authority. In January 2025, OPM issued a memorandum entitled, [Request for CY 2024 Data on Student Loan Repayments, CPM-2025-07](#) requesting agency reports on the use of [student loan repayments](#) during CY 2024.

Overall, for CY 2024, there were eighty-five (85) Federal agencies that reported, with thirty-six (36) providing 16,851 employees with student loan repayment benefits totaling approximately \$150.8 million. The average student loan repayment benefit in CY 2024 was \$8,950.56.

During CY 2024, most student loan repayment benefits were provided by thirteen (13) agencies.

- Department of Agriculture
- Department of Defense
- Department of Energy
- Department of Health and Human Services
- Department of Homeland Security
- Department of Housing and Urban Development
- Department of Justice
- Department of State
- Department of Transportation
- Department of the Treasury
- Department of Veteran Affairs
- Federal Deposit Insurance Corporation
- Federal Energy Regulatory Commission

These agencies also represent slightly over 97 percent of the total SLRP funding paid and approximately 96 percent of the total number of recipients for CY 2024 Government-wide. Overall, these agencies provided 16,165 employees with approximately \$145.8 million in SLRP benefits. The combined total of the remaining

twenty-three (23) agencies provided 686 employees with approximately \$5.0 million in SLRP benefits.

OPM continues to strongly encourage agencies to establish metrics that can demonstrate the value of using student loan repayment and other discretionary incentives commensurate with the benefits gained. For example, an agency can track the retention rate of student loan repayment recipients over time and compare it to the retention rate for employees who do not receive student loan repayment benefits. An agency can also survey job candidates and hiring managers before and after implementation of this human capital tool.

I. Background

[Section 5379 of title 5, United States Code](#) (U.S.C.), authorizes agencies to establish a program under which they may repay certain types of Federal student loans (including certain student loans that are made through Federal programs or are Federally insured, or guaranteed) as an incentive to recruit or retain highly qualified personnel. Under law, agencies may make payments to a loan holder of up to \$10,000 for an employee in a calendar year (CY), up to an aggregate maximum of \$60,000 for any one employee. In return, the employee must sign an agreement to remain in the service of the paying agency for at least 3 years. If the employee separates voluntarily or is separated involuntarily for misconduct, unacceptable performance, or a negative suitability determination under [part 731 of title 5, Code of Federal Regulations](#) (CFR) before fulfilling the service agreement, they must reimburse the paying agency for all student loan repayment benefits received. Under 5 U.S.C. 5379(h)(1) agencies must report annually to OPM on their use of student loan repayments. The law also directs OPM to prepare and submit annually to Congress a report containing the following information:

- Number of Federal employees selected to receive student loan repayment benefits,
- Job classifications of the recipients, and
- The cost to the Federal Government of providing the student loan repayment benefits.

II. OPM's Annual Request to Agencies for SLRP Reports and Agency Responses

In January 2025, OPM issued a memorandum entitled, [Request for CY 2024 Data on Student Loan Repayments, CPM-2025-07](#) requesting agency reports on the use of [student loan repayments](#) during CY 2024.

In accordance with [5 CFR 537.110\(b\)](#), the memorandum required agencies to send OPM information on their use of the SLRP during CY 2024. OPM received responses from eighty-five (85) departments and independent agencies: positive responses from thirty-six (36) agencies that used the authority and negative responses from forty-nine (49) agencies that did not use this authority. See [Appendix 1 – Reporting Agencies for CY 2024](#) for a list of the reporting agencies.

In CY 2024, thirty-six (36) Federal agencies that submitted data provided 16,851

employees with a total of \$150,825,962.98 in SLRP benefits. For more detailed information by agency, see [Appendix 2 – Details for Reporting Agencies for CY 2024](#).

III. Agencies Providing SLRP Benefits Greater than \$1 Million

In CY 2024, thirteen (13) agencies made the most extensive use of student loan repayments. These agencies represent slightly over 97 percent of the total SLRP funding paid and approximately 96 percent of the total number of recipients for CY 2024 Governmentwide. Overall, these agencies provided 16,165 employees with \$145,829,483.45 million in SLRP benefits. The following table provides a comparison of the total number of SLRP recipients at each agency and the total amount of SLRP benefits paid, in rank order by total SLRP benefits paid. Following the table below, a high-level description is provided for each of the thirteen (13) agencies with the total number of employees receiving benefits, agency costs, and their top occupations.

CY 2024 Agencies Providing SLR Benefits Exceeding \$1 Million

The **Department of Health and Human Services (HHS)** reported providing 1,432 employees with student loan repayments, at a cost of \$12.3 million. At HHS, professionals in the General Health Science 0601 occupational series had the greatest number of employees receiving student loan repayments at 226. They were followed by 152 employees in Consumer Safety 0696 occupational series, and 151 in the Management and Program Analysis 0343 occupational series.

The **Department of Homeland Security (DHS)** reported providing 1,325 employees with student loan repayments, at a cost of \$12.4 million. At DHS, the 1811 occupational series for Criminal Investigation had the greatest number of employees receiving student loan repayments at 289.

The **Department of State (DOS)** reported providing 1,228 employees with student loan repayments, at a cost of \$12.1 million. At DOS, the Passport and Visa Examining occupational series 0967 had the greatest number of employees receiving student loan repayments at 207. They were followed by the Foreign Affairs series 0130 at 187 employees and the 0343 Management and Program Analysis series at 121 employees.

The **Department of Justice (DOJ)** reported providing 1,171 employees with student loan repayments, at a cost of \$9.9 million. At DOJ, Special Agents in the occupational series 1811 had the greatest number of employees receiving student loan repayments at 279.

The **Department of Veterans Affairs (VA)** reported providing 593 employees with student loan repayments, at a cost of \$7.9 million. At the VA, the 0201 Human Resources Specialist occupational series had the greatest number of employees receiving student loan repayments at 87. They were followed by 84 employees in the Social Work 0185 occupational series.

The **Department of Agriculture (USDA)** reported providing 469 employees with student loan repayments, at a cost of \$4.1 million. At USDA, the Agricultural Loan occupational series 1165 had the greatest number of employees receiving student loan repayments at 166 employees. They were followed by Program Technicians in the 1101

occupational series at 79, and the Veterinary Medical Officer series 0701 at 62 employees.

The **Federal Deposit Insurance Corporation (FDIC)** reported providing 371 employees with student loan repayments, at a cost of \$3.4 million. At FDIC the Financial Institution Examining 0570 occupational series had the greatest number of employees receiving student loan repayments at 216.

The **Department of Housing and Urban Development (HUD)** reported providing 392 employees with student loan repayments, at a cost of \$1.6 million.² At HUD, the 1101 General Business and Industry 1101 occupational series had the greatest number of employees receiving student loan repayments at 120.

The **Federal Energy Regulatory Commission (FERC)** reported providing 154 employees with student loan repayments, at a cost of \$1.4 million. At FERC, the General Attorney 0905 occupational series had the greatest number of employees receiving student loan repayments at 52.

The **Department of Energy (DOE)** reported providing 175 employees with student loan repayments, at a cost of \$1.2 million. At DOE, Management and Program Analysis 0343 occupational series had the greatest number of employees receiving student loan repayments at 26. They were followed by the 0801 General Engineering occupational series with 24 employees, and 21 Physical Scientists in the 1301 occupational series.

The **Department of Transportation (DOT)** reported providing 151 employees with student loan repayments, at a cost of \$1.1 million. At DOT, the Civil Engineer 0810 occupational series had the greatest number of employees receiving student loan repayments at 31.

Additional Departments and Agencies. Besides the above top thirteen (13) agencies, eight (8) others spent more than \$200,000, and the remaining fifteen (15) provided between \$153,800 and \$5,400 in CY 2024 to support their student loan repayment programs. (See [Appendix 2 – Details for Reporting Agencies for CY 2024](#) for detailed agency reports.)

² In previous CY SLRP HUD data submissions to OPM, HUD reported the number of employees, positions classifications, and total cost for employees and new hires approved to receive but not yet paid SLRP benefits during the previous CY—instead of data on student loan repayment benefits provided to employees during the previous CY, as required by [5 CFR 537.110\(b\)](#). HUD has taken corrective action to ensure compliance with the regulation, and starting with its CY 2024 submission is reporting data on SLRP benefits provided during the previous CY. Note: Due to its previous reporting, HUD's CY 2024 submission is identical to CY 2023.

IV. Conclusion

Agencies must ensure that the costs of using student loan repayments and other discretionary benefits are commensurate with the benefits gained. The use of discretionary tools such as student loan repayments requires close monitoring and evaluation as part of an agency's overall human capital expenditure. For this CY 2024 report, OPM received data responses from eighty-five (85) Federal agencies. Thirty-six (36) of these agencies collectively provided 16,851 employees with a total of \$150,825,962.98 in student loan repayment benefits. OPM will continue to work with agencies to assist them in strategically using student loan repayment benefits, as well as other existing recruitment and retention tools, as necessary, to attract and retain employees to support agency mission and program needs.
