MEMORANDUM FOR KATHERINE ARCHULETA
Director

FROM: PATRICK E. McFARLAND
Inspector General

SUBJECT: Audit of the Office of Personnel Management’s Fiscal Year 2013 Consolidated Financial Statements

This memorandum transmits KPMG LLP’s (KPMG) report on its financial statement audit of the Office of Personnel Management’s (OPM) Fiscal Year 2013 Consolidated Financial Statements and the results of the Office of the Inspector General’s (OIG) oversight of the audit and review of that report. OPM’s consolidated financial statements include the Retirement Program, Health Benefits Program, Life Insurance Program, Revolving Fund Programs (RF) and Salaries & Expenses funds (S&E).

Audit Reports on Financial Statements, Internal Controls and Compliance with Laws and Regulations

The Chief Financial Officers (CFO) Act of 1990 (P.L. 101-576) requires OPM’s Inspector General or an independent external auditor, as determined by the Inspector General, to audit the agency’s financial statements in accordance with Government Auditing Standards (GAS) issued by the Comptroller General of the United States. We contracted with the independent certified public accounting firm KPMG LLP to audit OPM’s consolidated financial statements as of September 30, 2013 and for the fiscal year then ended. The contract requires that the audit be performed in accordance with generally accepted government auditing standards and the Office of Management and Budget (OMB) Bulletin No. 14-02, Audit Requirements for Federal Financial Statements.

KPMG’s audit report for Fiscal Year 2013 includes: (1) opinions on the consolidated financial statements and the individual statements for the three benefit programs, (2) a
report on internal controls, and (3) a report on compliance with laws and regulations. In its audit of OPM, KPMG found:

- The consolidated financial statements were fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles.

- KPMG’s report identified no material weaknesses in the internal controls.

  A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

- KPMG’s report identified one significant deficiency:

  - Information Systems Control Environment

    A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**OIG Evaluation of KPMG’s Audit Performance**

In connection with the audit contract, we reviewed KPMG’s report and related documentation and made inquiries of its representatives regarding the audit. To fulfill our audit responsibilities under the CFO Act for ensuring the quality of the audit work performed, we conducted a review of KPMG’s audit of OPM’s Fiscal Year 2013 Consolidated Financial Statements in accordance with GAS. Specifically, we:

- provided oversight, technical advice, and liaison to KPMG auditors;

- ensured that audits and audit reports were completed timely and in accordance with the requirements of Generally Accepted Government Auditing Standards (GAGAS), OMB Bulletin 14-02, and other applicable professional auditing standards;

- documented oversight activities and monitored audit status;

- reviewed responses to audit reports and reported significant disagreements to the audit follow-up official per OMB Circular No. A-50, Audit Follow-up;

- coordinated issuance of the audit report; and

- performed other procedures we deemed necessary.

Our review, as differentiated from an audit in accordance with GAGAS, was not intended to enable us to express, and we do not express, opinions on OPM’s financial statements or
internal controls or on whether OPM’s financial management systems substantially complied with the Federal Financial Management Improvement Act of 1996 or conclusions on compliance with laws and regulations. KPMG is responsible for the attached auditor’s report dated December 13, 2013, and the conclusions expressed in the report. However, our review disclosed no instances where KPMG did not comply, in all material respects, with the generally accepted GAS.

In accordance with the OMB Circular A-50 and Public Law 103-355, all audit findings must be resolved within six months of the date of this report. The OMB Circular also requires that agency management officials provide a timely response to the final audit report indicating whether they agree or disagree with the audit findings and recommendations. When management is in agreement, the response should include planned corrective actions and target dates for achieving them. If management disagrees, the response must include the basis in fact, law or regulation for the disagreement.

To help ensure that the timeliness requirement for resolution is achieved, we ask that the CFO coordinate with the OPM audit follow-up office, Internal Oversight and Compliance (IOC), to provide their initial responses to us within 30 days, as outlined in OMB Circular A-50. IOC should be copied on all final report responses. Subsequent resolution activity for all audit findings should also be coordinated with IOC. The CFO should provide periodic reports through IOC to us, no less frequently than each March and September, detailing the status of corrective actions, including documentation to support this activity, until all findings have been resolved.

In closing, we would like to congratulate OPM’s financial management staff for once again issuing the consolidated financial statements by the due date. Their professionalism, courtesy, and cooperation allowed us to overcome the many challenges encountered during OPM’s preparation, KPMG’s audit, and the OIG’s oversight of the financial statement audit this year.

If you have any questions about KPMG’s audit or our oversight, please contact me at 606-1200 or you may have a member of your staff contact Michael R. Esser, Assistant Inspector General for Audits, at [contact information redacted].
