#### **Request for Comments**

# Draft Qualification Standards for Administrative Work in the Accounting, Auditing, and Budgeting Group, 500

#### Please provide your comments and suggestions within 30-days.

Note: Do not use the qualification standards in the attached drafts to qualify candidates until the U.S. Office of Personnel Management (OPM) issues the standards in final form.

## **Significant Considerations**

- 1. This draft proposes updating the Auditing, 0511 Qualification Standard in the Accounting, Auditing, and Budget Group, 0500.
- 2. Federal employees covered by the General Schedule Classification System under Title 5, United States Code who work in the professional Auditing, 0511 Series will be impacted by the proposed updates.
- 3. Although no changes were made to the Accounting, 0510 Qualification Standard, please review the qualification standard and provide any comments for proposed revisions.
- 4. The qualification requirements for the Financial Administrative and Program, 501 Series and the Budget Analysis, 560 series are covered by the *Group Qualifications Standard for Administrative and Management Positions*. There are no individual occupational requirements for the 501 and 560 Series.

#### **Information We Need from Agencies with Covered Positions**

Subject matter experts and human resources officials in agencies should answer the following questions about the draft qualification standards:

- 1. Is the degree and coursework still relevant? If not, what degree types or courses should be added? Are there any courses which should be deleted?
- 2. Is the professional accrediting body for the occupation correct? If not, what is the name of the accrediting body?
- 3. Is the level of education appropriate for positions in the series?
- 4. Are the certification requirements for positions in the series correct? If not, what certification is required?
- 5. Are there any other missing requirements or information for each series?

#### **How Do You Submit Comments?**

In response to the requests outlined above, we would like to receive both:

- (a) Comments representing the agency's overall feedback, and
- (b) Representative comments from subject matter experts and subordinate locations/organizations.

Please send your electronic comments as an email attachment to <u>fedclass@opm.gov</u> within 30-days.

Please note: Each response must cover an entire agency. Therefore, departments and independent agencies must consolidate information from all of their components or bureaus before sending comments to OPM.

# Financial Administration and Program Series, 0501

## **Individual Occupational Requirements**

There are no Individual Occupational Requirements for this series.

Use the <u>Group Coverage Qualification Standard for Administrative and Management Positions</u> for this series.

#### **Accounting Series, 0510**

## **Individual Occupational Requirements**

## **Basic Requirements**

A. **Degree:** accounting; or a degree in a related field such as business administration, finance, or public administration that included or was supplemented by 24 semester hours in accounting. The 24 hours may include up to 6 hours of credit in business law. (The term "accounting" means "accounting and/or auditing" in this standard. Similarly, "accountant" should be interpreted, generally, as "accountant and/or auditor.")

or

- B. Combination of education and experience: at least 4 years of experience in accounting, or an equivalent combination of accounting experience, college-level education, and training that provided professional accounting knowledge. The applicant's background must also include *one* of the following:
  - 1. Twenty-four semester hours in accounting or auditing courses of appropriate type and quality. This can include up to 6 hours of business law;
  - 2. A certificate as Certified Public Accountant or a Certified Internal Auditor, obtained through written examination; or
  - 3. Completion of the requirements for a degree that included substantial course work in accounting or auditing, e.g., 15 semester hours, but that does not fully satisfy the 24-semester-hour requirement of paragraph A, provided that (a) the applicant has successfully worked at the full-performance level in accounting, auditing, or a related field, e.g., valuation engineering or financial institution examining; (b) a panel of at least two higher level professional accountants or auditors has determined that the applicant has demonstrated a good knowledge of accounting and of related and underlying fields that equals in breadth, depth, currency, and level of advancement that which is normally associated with successful completion of the 4-year course of study described in paragraph A; and (c) except for literal nonconformance to the requirement of 24 semester hours in accounting, the applicant's education, training, and experience fully meet the specified requirements.

#### **Auditing Series, 0511**

## **Individual Occupational Requirements**

## **Basic Requirements**

#### **Financial Auditors and Attestation Auditors**
