Chapter 1 General Personnel Recordkeeping Policies

Overview

This chapter describes general policies governing the creation, maintenance, and disposition of records used to document human resource management programs established by the Office of Personnel Management (OPM).

The Guide to Personnel Recordkeeping will state that agencies will recognize the format of the official personnel folder as the official record. That format will be either paper or for those agencies that have converted to an electronic format and that format has gone through the appropriate verification and validation process, the record is recognized as the electronic official personnel folder.

Regulation

Personnel recordkeeping regulations are found in part 293 of title 5, Code of Federal Regulations. These regulations establish policies and minimum requirements governing the creation, development, maintenance, processing, use, dissemination and safeguarding of the personnel records OPM requires agencies maintain.

General Records Management

Coverage

These instructions refer to storing Official Personnel Folders (OPFs), whether in paper or electronic format, the permanent records that follow an employee throughout his or her career. The Official Personnel Folders are under OPM’s control although they are in the physical custody of the employing agencies and virtual custody of those agencies that recognize the electronic official personnel folder (eOPF) as the official record.

These instructions do not apply to agency personnel processing systems. These systems are designed to support personnel operations, feed payroll systems, and meet managers’, personnelists’, and employees’ needs for information necessary to manage day-to-day operations. Agencies may create and store their internal, operational information as they choose, subject to general National Archives and Record Administration (NARA) recordkeeping guidance. These internal records are not a substitute for the official, permanent documentation that constitutes the Official Personnel Folder.
Example: The payroll/personnel system operated through National Finance Center processes personnel actions, uses that information to process pay actions, and stores personnel information for access by appropriate employees. The National Finance Center system is not covered by these instructions. The Standard Form 50 and other documents produced by the system become part of the Official Personnel Folder covered by these instructions.

Creating Records

These instructions apply to recordkeeping, not to the process for creating the record. The circumstances under which a record is created are defined in the appropriate program regulation and guidance.

Example: These instructions cover filing Official Personnel Folder copies of health benefits registration forms. The Office of Personnel Management manual, FEHB: HANDBOOK, explains when to create a health benefits registration form.

Agencies that want to create electronic versions of standard or optional forms must get approval from the sponsoring agency. OPM is the sponsoring agency for most of the forms in the official Personnel Folder.

Example: The Office of Personnel Management is the sponsoring agency for Standard Form 50, “Notification of Personnel Action.”

Example: The Federal Retirement Thrift Investment Board is the sponsoring agency for TSP-1, “Thrift Savings Plan Election Form.”

The sponsoring agency establishes procedures for approving electronic processing systems. These systems allow records to be generated, approved, and stored by electronic means. Program regulations or operational guidance are the usual sources for these procedures.

Definition: Records

Records include all papers, maps, photographs, machine-readable materials or other documentation, regardless of physical form/virtual form (electronic), made or received by the Government in connection with the transaction of public business and preserved as evidence of decisions, operations, or other activities of the Government.
The NARA administers the Federal records management program as stated in 44 U.S.C. section 3101. NARA’s regulations on records creation, maintenance, and disposition are in Chapter XII of title 36, Code of Federal Regulations.

Civilian personnel records are any records concerning an individual which are maintained and used in the personnel management or personnel policy setting process. These include records that relate to the supervision over, and management of, Federal civilian employees; records on the general administration and operation of human resource management programs and functions; as well as records that concern individual employees.

Examples:
- Position classification correspondence
- The Official Personnel Folder/eOPF
- Adverse action case file

Creating Personnel Records

Personnel records may be created because they are required by:
- statute or Executive Order
- regulation
- operational guidance from central management agencies
- agency records management programs

Each Office program that requires agencies to create personnel records, which may be used in making any determination about an individual, is responsible for establishing minimum standards of accuracy, relevancy, necessity, timeliness, and completeness of the record that would promote fairness to the individual in the determination, 5 U.S.C. 552a (e)(5). An agency holding an OPF concerning one of its employees is the custodian of the OPF during the period the person to whom it pertains is an employee of the agency and is responsible for the maintenance of that record regardless of format or media employed.

Retention of Personnel Records

The NARA regulations in Title 36, Code of Federal Regulations, include procedures for determining how long agencies must keep records and when they may dispose of records. NARA issues General Records Schedules that provide authority to dispose of such records, generally on a Government-wide basis. To cover records common to a number of agencies, General Records Schedule 1 covers civilian personnel records and General Records Schedule 20, Electronic Records.
Privacy Act Records

The Privacy Act of 1974, as amended (5 U.S.C. 552a) applies to individual records maintained in a “system of records,” meaning a group of records under the control of an agency. Information is retrieved by the name or other particular identifier (for example, employee number) assigned to the individual.

Example: The Privacy Act applies to the Official Personnel Folder.
Example: The Privacy Act does not apply to files on position classification standards development.

Agencies that maintain systems of records must publish notices in the Federal Register describing the records, their uses, and the ways people can access the records.

The Office of Management and Budget (OMB) publishes Government-wide guidance concerning the Privacy Act. OMB Circular A-130 describes agencies’ responsibilities for implementing the reporting and publication requirements of the Privacy Act.

Government-wide Systems of Records

Agency must publish a notice in the Federal Register when it establishes or revises a system of records. 5 U.S.C. 552a(e)(4). OPM publishes systems of records for a number of Governmentwide human resource management functions. These are:

- OPM/GOVT-1 General Personnel Records
- OPM/GOVT-2 Employee Performance File System Records
- OPM/GOVT-3 Records of Adverse Actions, Performance Based Reduction in Grade and Removal Actions, and Termination of Probationers
- OPM/GOVT-5 Recruiting, Examining, and Placement Records
- OPM/GOVT-6 Personnel Research and Test Validation Records
- OPM/GOVT-7 Applicant Race, Sex, National Origin, and Disability Status Records
- OPM/GOVT-9 File on Position Classification Appeals, Job Grading Appeals, and Retained Grade or Pay Appeals
- OPM/GOVT-10 Employee Medical File System Records

These are OPM’s records, although they are in the physical custody of other agencies. OPM’s regulations implementing the Privacy Act are in part 297 of title 5, Code of Federal Regulations. The notices that describe the Office’s systems of records, including the Governmentwide systems of records, are published in the Federal Register.
Agency Records

Agencies may establish their own personnel recordkeeping requirements to meet special needs. If an agency establishes a system of records as defined in the Privacy Act, the agency is responsible for ensuring the Act’s requirements are met following OMB’s guidance. Note, however, OMB Circular A-130 says “Agencies should not publish systems of records that wholly or partly duplicate existing government-wide systems of records.”

Example: Life insurance coverage (FEGLI code) is contained in both the Official Personnel Folder and agency payroll records. Thus, agency payroll records may contain personnel information; but since agency payroll records are not covered by OPM’s Governmentwide systems of records, only the FEGLI election documentation in the OPF is within OPM’s system of records.

Central Personnel Data File (CPDF) and Enterprise Human Resources Integration data warehouse’s Central Employee Record (CER) are part of OPM/Govt-1 system of records. CPDF and CER are highly reliable sources of statistical data on the workforce of the Federal government. However, the accuracy and completeness of each data element within the individual records that comprise the aggregate files are not guaranteed, and should not be used as a substitute for the Official Personnel Folder/eOPF in making personnel determinations or decisions concerning individuals.

Safeguarding Personnel Records

General Protection

Agencies should have management controls to ensure personnel records:

- adequately document human resource management operations;
- are accurate and timely;
- are protected against loss or unauthorized alteration;
- document the employment history of individuals employed by the Federal Government;
- can be located when necessary;
- are retained and disposed of as required by General Records Schedules 1; and
- secured against unauthorized access. For example, paper or microfiche/ microfilmed personnel records subject to the Privacy Act should be stored in locked metal file cabinets or in a secured room. Access to electronic records are limited to authorized users through use of logins, passwords, access codes and entry logs. 5 CFR 293.106,107,108 provide additional guidance and requirements.
Access to personnel records subject to the Privacy Act should be limited to those whose official duties require such access. This limitation applies to paper, microfiche/microfilm, and electronic records. Agencies should establish procedures to allow employees or their designated representatives’ access to their own records. These procedures should ensure the records remain subject to the agency’s control at all times. Agencies must ensure those authorized to access personnel records, subject to the Privacy Act, understand how to apply the Act’s restrictions on disclosing information from systems of records. See Chapter 6 of this Guide for special instructions on releasing information from personnel records.

Prior to transfer of a Personnel Folder (whether in a paper or electronic format) to an agency under OPM’s recordkeeping authority, agencies must remove or conceal all Social Security Numbers (SSNs) and other personally identifying information belonging to someone other than the subject that are displayed on records in the Personnel Folder (i.e., lists covering more than one employee in a personnel action) and provide a copy to the employee of the changed record.

Exceptions: Any SSNs for beneficiaries and assignees identified on FEGLI forms SF 2823, Designation of Beneficiary and RI 76-10, Assignment Federal Employee’s Group Life Insurance Benefit; SF 2809 and SF 2810; and FEHB or FEGLI-related documents of a legal or medical nature such as those described in Section 3-D; Benefits (p. 3-19) must NOT have non-employee SSNs redacted, as this information is crucial to payment of benefits.

In addition, agencies must guard against disclosure of personally identifying information (PII) belonging to someone other than the subject of the personnel file that may occur when an individual request access to his/her personnel files. Agencies must review a personnel file prior to providing access to the subject of the file and take appropriate action such as removal or concealment of SSNs and other PII.

**Disciplinary Action**

Any employee who discloses personal information from personnel records knowing that such a disclosure is unauthorized may be subject to disciplinary action as well as criminal sanctions as provided under the Privacy Act.

**Interagency Personnel Records**

Interagency personnel records are those transferred with the employee as he or she moves from agency to agency. The three types of interagency personnel records are:

- Official Personnel Folder (OPF)/eOPF
- Employee performance records
- Employee Medical Folder (EMF)
Official Personnel Folder

The Official Personnel Folder (Standard Form 66) or its approved electronic equivalent is a file containing records that cover an individual’s employment history. It covers Executive Branch service under title 5, United States Code. The long-term records included in the file protect the legal and financial rights of the Government and the employee.

Employee Performance Records

Employee performance records include ratings of record, supporting documentation for those ratings, and any other performance-related material required by agency performance appraisal system.

The employee performance records are covered by the Governmentwide system of records, OPM/GOVT-2. Agencies may decide what records to maintain and where to store such records. When an employee leaves (transfers to another agency or separates from Government), some information from the employee performance records must be put in the Official Personnel Folder. Chapter 7 of this Guide has instructions on transferring employee performance information.

Employee Medical Folder

The Employee Medical Folder (EMF) is Standard Form 66-D. Records from the EMF are transferred to long-term occupational medical records when an employee separates from the agency. Occupational medical records are records that contain employment-related information about an employee’s health status, including personal and occupational health histories and the opinions and written evaluations generated in the course of diagnosis and/or employment-related treatment/examinations by medical health care professionals and technicians.

Medical records described above must never be filed in the Official Personnel Folder.

Agencies decide what medical records to maintain and where to store such records during the employee’s service with the agency. Agencies may use the Employee Medical Folder to store medical records during the employee’s service but must use the Employee Medical Folder to transfer long-term occupational medical records when the employee separates. The Employee Medical Folder transferred to another agency may not include drug testing records created under Executive Order 12564 or records relating to employee drug and alcohol abuse counseling or treatment or other counseling programs conducted under chapter 79 of title 5, United States Code. Refer to Chapter 7 of this Guide for instructions on transferring the Employee Medical Folder.
THE GUIDE TO PERSONNEL RECORDKEEPING

Chapter 1: General Personnel Recordkeeping Policies

The Employee Medical Folder is part of the Governmentwide system of records, OPM/GOVT-10.

Other Federal Service

Federal service includes Government service outside of OPM’s recordkeeping authority. Records documenting that service are not filed under the instructions in this Guide and are not kept in an Official Personnel Folder. OPM has reached agreements to share files with a number of agencies that create such records. Section 2-A of this Guide shows the agencies and types of employment not under OPM’s recordkeeping authority. It also explains the procedures for transferring records created outside OPM’s recordkeeping authority. When employment records created under OPM’s recordkeeping authority are mixed in the same file with employment records created outside OPM’s recordkeeping authority, they are generally kept in a Merged Records Personnel Folder (Standard Form 66-C) or approved electronic equivalent.

Example: Employment with the General Accountability Office is outside OPM’s recordkeeping authority.

Electronic Records

Electronic records are information recorded in a form only a computer can process. Electronic formats include any media read by a computer.

Office of Personnel Management eOPF Requirements

The purpose of the electronic Official Personnel Folder (e-OPF) and the paper Official Personnel Folder (OPF) is to document the employment history of individuals employed by the Federal Government. The electronic Official Personnel Folder must be complete; that is, when combined with any other documents the agency chooses to retain in paper, or is required by law or regulation to be maintained in paper, it must contain all the information.

OPM requires that each agency ensures that electronic Official Personnel Folder systems

- Be thoroughly documented.
- Be able to produce legible paper copies of all records. These copies should be in compliance with the Guide to Preparing Personnel Actions, Chapter 3, Subchapter 3 for SFs 50 & 52. Other form copies should be in conformance with the requirements of the program office that requires the collection and use of the information in accordance with 41 CFR subchapter B, Management and Use of Information and Records, part 101-11-203 (b), Standard Forms and Optional Forms Management Program.*
- Have access controls to ensure a high level of security and confidentiality.
- Allow correction and removal of erroneous records under strict authorization controls.
- Include backup and disaster recovery procedures.
Chapter 1: General Personnel Recordkeeping Policies

- Provide for regular recopying, reformatting, and other maintenance necessary to ensure that the records will be retained and usable throughout its life cycle.
- Identify information in a way that authorized users can retrieve and maintain the required records.

*This is not to discourage the use of electronic summaries of information previously provided on a form. It is to ensure the information captured by the summary meets the requirements of the program office that requires the collection and use of the information.

Approval Process for eOPF

Requests for approval to establish electronic Official Personnel Folders should describe how the proposed system will meet requirements set by NARA, Office of Management and Budget (OMB), and Office of Personnel Management (OPM). Offices should request approval to create electronic Official Personnel Folders from:

Deputy Associate Director  
Office of the Chief Information Officer  
Office of Personnel Management  
1900 E Street, NW.  
Washington DC 20415-6000  
e-mail: hrsystempolicy@opm.gov

An agency may create electronic Official Personnel Folders after OPM approves the system. OPM will work with the National Archives and Records Administration to authorize retention of the electronic Official Personnel Folder as the official record. Part of the process may include the conversion of paper OPFs to the electronic format. The general standard for the converted record is that it must be of a quality that is as legible as the paper original. This applies to the on screen image as well as paper reproduction from an electronic image. After conversion the agency must continue to maintain paper folders for the period specified in the approval.

Exceptions: The following documents must be initiated in paper:
- RI 76-10, Assignment of Federal Employee’s Group Life Insurance  
- Standard Form 2823, Designation of Beneficiary under the Federal Employee’s Group Life Insurance  
- Standard Form 3102, Federal Employees Retirement System Designation of Beneficiary  
- Standard Form 2808, Designation of Beneficiary, CSRS

Regarding the witness signatures on the preceding documents, the document must be initiated in paper with handwritten signatures. They may then be converted to an electronic format via electronic scanning.
Standards

Electronic Official Personnel Folders must meet the National Archives and Records Administration’s standards for electronic records. These standards are in part 1234 of title 36, Code of Federal Regulations.

Security Requirements

The electronic Official Personnel Folder system must meet the security requirements established under OMB Circular No. A-130. Copies of this circular may be obtained from:

Executive Office of the President  
Publications Service, Suite G-2200  
725 17th Street, NW.  
Washington DC 20503

Transferring Electronic Official Personnel Folders (eOPF)

The last employing (losing) agency will provide access to the electronic folder in an appropriate electronic format designated by the gaining agency or provide a paper format if the electronic systems are not compatible or if the gaining agency is operating in a paper environment. The losing agency, after completion of a transfer of an electronic personnel folder, must disable its access to the electronic version of the personnel folder to ensure it complies with the requirements of regulations implementing the Privacy Act at 5 CFR 297.401.

Electronic Signatures

This covers the use of electronic signatures on personnel documents except as specifically excluded on Part C-2 of the Standard Form 52 and block 50 of the Standard Form 50. Guidance on the use and approval for electronic signatures in Part C-2 of the Standard Form 52 and in block 50 of the Standard Form 50 is found in Chapter 3 of the Guide to Processing Personnel Actions.

For the purpose of this policy, an electronic signature is defined as:

A signature initiated from an electronically generated process.

Listed below are two examples of electronic signatures:

- A computer data compilation of any symbol or series of symbols, executed, adopted, or authorized by an individual to be the legally binding equivalent of the individual's handwritten signature.
A data element associated with a message that identifies a person and indicates his or her approval of the contents of the message.

The Government Paperwork Elimination Act (GPEA), Public Law 105-277, requires agencies to provide individuals or entities the option to submit information or transact with the agency electronically and to maintain records electronically when practicable. GPEA specifically states electronic records and their related electronic signatures are not to be denied legal effect, validity, or enforceability merely because they are in electronic form.

The Office of Management and Budget (OMB) issued guidance on the implementation of GPEA and use of electronic signatures in Appendix II of OMB Circular A-130, Management of Federal Information Resources.

Agencies may institute the use of electronic signatures for personnel records, business applications, and information collection whenever the use of electronic transactions is practicable and:

- the use is not prohibited by law or regulation;
- the document containing the electronic signature is not required to be retained in paper format; or the document is not on the following list of exclusions.

Electronic Signature Exclusions

- SF 2823 Designation of Beneficiary under FEGLI Program*
- SF 3102 Designation of Beneficiary FERS*
- SF 2808 Designation of Beneficiary (CSRS)
- RI 76-10 Assignment of Federal Employees, Group Life Insurance (FEGLI)
- (must be witnessed)

*Regarding the witness signatures on the preceding documents, the document must be initiated in paper with handwritten signatures. They may then be converted to an electronic format via electronic scanning.

Signatures as Part of the Official Record

Agencies may accept both hand-written and electronic signatures as part of the official record. Agencies may recognize official records in either electronic or paper format.

If the agency recognizes the official record in an electronic format, it may accept:

- An electronic signature; or
- A hand-written signature as a part of a document and convert the document (i.e. scan it) into an accessible, reproducible, legible, quality approved electronic format. Once the conversion has been completed, the contents of the document along with the signature are recognized as the official record.
The Guide to Personnel Recordkeeping

Chapter 1: General Personnel Recordkeeping Policies

If the agency recognizes the official record in paper format, it can accept the electronic or handwritten signature as a part of a document and file the document on the appropriate side of the official personnel folder.

Inquiries

Questions concerning the technical use of electronic signatures and alternatives should be directed to the agency’s CIO. Other questions about the use of electronic signature for personnel documents should be directed to:

Office of Personnel Management  
Deputy Associate Director  
Office of the Chief Information Officer  
1900 E Street, N.W.  
Washington, DC 20415-5000  
E-mail: hrsystempolicy@opm.gov

Microforms

OPM may approve requests to create microform Official Personnel Folders both for storage while the employee is serving with the office that creates the microform and for transfer to the next employing office or the National Personnel Records Center.

Microform Official Personnel Folders must meet NARA standards for microform records. These standards are found in part 1230 of title 36, Code of Federal Regulations.

Offices planning to maintain microform Official Personnel Folders should obtain a copy of the Guidelines and Control Requirements for Microform Official Personnel Records. These guidelines include information on the format, organization, and maintenance of microform records.

Address requests for a copy of the guidelines to:

Office of Personnel Management  
Deputy Associate Director  
Office of the Chief Information Officer  
1900 E Street, NW.  
Washington DC 20415-6000  
e-mail: hrsystempolicy@opm.gov

Update 13, June 1st 2011  1-12
Offices must submit a microforms operations plan that describes how they will create and maintain microform Official Personnel Folders that meet NARA and OPM requirements. After the microforms operations plan is approved, the office may create microform folders but must continue to maintain paper folders for the period specified in the plan’s approval. At the end of that period, the office must certify their microform system meets all requirements in the operations plan. The microform folders will then be the official records.

Offices maintaining microform Official Personnel Folders as the official record will transfer those microform records just as they would transfer paper records.

**Reading Microforms**

An office that receives a microform Official Personnel Folder must maintain that folder as the official record. If the receiving office cannot effectively use the microform Official Personnel Folder in its operating environment, it should contact the office that created the microform and arrange to get paper copies of necessary documents. These paper copies are for the receiving office’s internal use; they will not replace the official microform record.
Chapter 2 Establishing Personnel Records

Overview

This chapter describes procedures for establishing interagency personnel records when an agency hires an individual. Interagency personnel records include:

- personnel folders
- medical folders
- performance records

General Rule

Each employee will have a single personnel folder which will document the entire period of Federal civilian service. If long-term occupational medical records are created on the employee, these records will be combined in a single medical folder that will be used for the entire period of Federal civilian service. The procedures described in this chapter are designed to ensure all appropriate interagency personnel records are available in a single folder.

Identifying Prior Federal Civilian Service

First Step

The first step in determining how to establish the appropriate records systems for a new employee is to identify whether or not he or she has been previously employed in the Federal civilian service. Records of such service are usually combined with records created during the current period of employment.

Where to look

Review the employee’s application and the Standard Form 144, Statement of Prior Federal Service to determine if he or she has been previously employed in the Federal civilian service.

Definition: Federal civilian service

Federal civilian service includes appointments with and without pay in the Executive, Legislative, and Judicial branches of the Federal Government. For this purpose, it also includes periods of volunteer service under section 3111 of title 5, United States Code documented on a Standard Form 50.
There are periods of service that are not Federal civilian service but may be creditable for certain purposes, such as annual leave accrual, reduction-in-force, and retirement.

Examples: military service, volunteer service with the Peace Corps or ACTION, employment under Department of Agriculture county committees, work with overseas broadcasting corporations.

Records covering these periods of service are retained by the agency or organization for which the service was performed. The actual records of such service are not combined with personnel records covering Federal civilian employment. Summaries or verification of such creditable service are made part of the employee’s personnel folder as supporting documentation for service credit or other similar determinations. Chapter 6 of the Operating Manual, THE GUIDE TO PROCESSING PERSONNEL ACTIONS, and Chapter 20 of the Operating Manual, THE CSRS AND FERS HANDBOOK FOR PERSONNEL AND PAYROLL OFFICES provide guidance on verifying such service.

**Requesting Records for Prior Service**

**Requesting records**

When the employee begins work, the personnel office must request the personnel records for new employees with prior Federal civilian service. Where and how to request prior service records depends on the type of prior service the employee had and whether he or she is currently a Federal employee.

**National Personnel Records Center**

Always contact the National Personnel Records Center (NPRC) to make sure all prior service records are filed together. The employee may not list all prior service in the application documents; a former employer may have failed to check for all prior service records.

Request both personnel and medical folders.

- **Personnel Folder**: Send a Standard Form 127, Request for Official Personnel Folder, in duplicate, to request any personnel folder(s).
- **Employee Medical Folder**: Send a Standard Form 184, Request for Employee Medical Folder, to request any medical folder(s).
Send the requests to:

National Archives and Records Administration
National Personnel Records Center
1411 Boulder Boulevard
Valmeyer, IL 62295

Note there are two separate forms to request both the personnel and medical folders. Performance records transferred from agency to agency will be on the left side of the personnel folder.

**Previous or current employer**

Records generally will be with the previous employer if the person:
- Is or has been on that employer’s rolls within 90 days prior to the new appointment
- Is receiving severance pay
- Is on the previous employer’s reemployment priority list
- Was last employed in the Foreign Service and has separated within the year prior to the new appointment

Send the previous employer a note requesting the personnel folder (including performance records) and medical folder. Include a copy of the Standard Form 50, Notification of Personnel Action, appointing the person. (If it is not available, use a copy of the Standard Form 52, Request for Personnel Action or other approved document showing the appointment and effective date).

**Employers using transcript**

Some employers not within OPM’s recordkeeping authority do not transfer personnel records. These employers will provide a transcript of service and documents on benefits. The benefits documents generally include the equivalent of the Official Personnel Folder copy of health insurance, life insurance, retirement, and Thrift Savings Plan documents. If the employer has a leave system similar to the civil service, the benefits documents may include information on the employee’s leave balances. Request a transcript of service, benefits documents, and leave balances, instead of requesting the personnel and medical folders from these employers.

Employers who provide transcripts service include:
- Architect of the Capitol
- Board of Governors of the Federal Reserve System
- Central Intelligence Agency
Chapter 2: Establishing Personnel Record

- Congressional Budget Office
- District of Columbia Government
- Federal Bureau of Investigation
- Tennessee Valley Authority*
- U.S. Botanical Gardens
- U.S. House of Representatives
- U.S. Senate.

*The Tennessee Valley Authority’s transcript is a microfiche copy of their personnel records.

Establishing Folders

Performance records

Follow agency instructions to establish employee performance files. Performance records transferred from a previous employer may be filed with performance records created in the current agency. The General Records Schedules specifies performance records for non-Senior Executive Service employees should be destroyed when 4 years old; for Senior Executive Service employees, when 5 years old.

Medical records

Follow agency instructions to establish employee medical files. Medical records should be transferred from previous employers in an Employee Medical Folder, Standard Form 66 D. Agencies have the option to continue to use that folder for any medical records created during the current period of employment. Regardless of how the records are stored during the employee’s service, all long-term occupational medical records must be placed in a single Employee Medical Folder when the employee leaves the agency. Chapter 7 contains information on transferring medical records when an employee separates.

Personnel records

Personnel records that document an individual’s Federal career are placed in a single personnel folder or eOPF. The type of folder to be used depends on the kinds of service the employee has. There are three authorized personnel folders:
- Official Personnel Folder, Standard Form 66
- Merged Records Personnel Folder, Standard Form 66 C
- Foreign Service Administrative Folder
Official Personnel Folder

The Standard Form 66, Official Personnel Folder must be used when:

- All of the employee's Federal service is under OPM’s recordkeeping authority. (All employment in the competitive service, Senior Executive Service, excepted service under Schedule A, B or C is under the Office’s recordkeeping authority.); OR
- Any service outside OPM’s recordkeeping authority is documented by a transcript. Section 2-A lists service documented by a transcript rather than an exchange of records.

The Merged Records Personnel Folder

When the employee has service both under OPM’s recordkeeping authority and under one of the personnel systems listed below. The Standard Form 66 C, Merged Records Personnel Folder must be used instead of the Standard Form 66, Official Personnel Folder. Records under the systems listed below are combined with records created under OPM’s recordkeeping authority in a single folder but each agency retains “ownership” of its records.

- Administrative Office of the U.S. Courts
- Civilian Intelligence Personnel Management System within the Department of Defense
- Federal Judicial Center
- Government Accountability Office
- Library of Congress
- Medical positions filled under title 38 United States Code within the Department of Veterans Affairs
- National Security Agency
- Non-Appropriated Fund Instrumentalities within the Department of Defense
- Transportation Security Administration
- U.S. Postal Service
- White House - Executive Office of the President

Section 2-A contains more information on how to identify records for personnel systems not under OPM’s recordkeeping authority.

Foreign Service Folder

The Foreign Service (Administrative) Folder must be used when the employee has any Foreign Service experience. Once a Foreign Service Folder has been created, all of the employee’s personnel records are kept in that Folder. Section 2-A lists the agencies that make Foreign Service appointments.
Examples:

- Employee held a Schedule B accepted appointment with the U.S. Fish and Wildlife Service prior to appointment to a competitive service position in the Internal Revenue Service. Use the Official Personnel Folder since all service is under OPM’s recordkeeping authority.

- Employee held a competitive service position with the Bureau of Prisons and an excepted service position with the Federal Bureau of Investigation prior to appointment in the Senior Executive Service with the Forest Service. Use the Official Personnel Folder. The Federal Bureau of Investigation retains its personnel records and provides a transcript that becomes part of the Official Personnel Folder.

- Employee of the General Accountability Office is hired by the Bureau of Prisons. Use a Merged Records Personnel Folder. Service with the General Accountability Office since October 1, 1980, is not under OPM’s recordkeeping authority but the General Accountability Office has agreed to transfer its personnel records using a Merged Records Personnel Folder.

- Foreign Service employee in Department of State is hired by the Internal Revenue Service. Use a Foreign Service Folder. Foreign Service is not under OPM’s recordkeeping authority but the Department of State has agreed to transfer its personnel records using the Foreign Service Folder.

- Schedule A employee in the Department of State is hired for a competitive service position by the Internal Revenue Service. Use an Official Personnel Folder. Excepted service (Schedule A) and competitive service employment are under OPM’s recordkeeping authority.

**Use the existing personnel folder**

If there is an existing personnel folder, use it unless it is in poor condition. Check to make sure the records are filed in the correct type of folder. Create a new folder if needed.

**Folder label**

The Official Personnel Folder, Merged Records Personnel Folder, and Employee Medical Folder (Standard Forms 66, 66 C, and 66 D) all require the same type label. The position of the label on the right side of the folder is indicated on the folder. The label must have the following three items.

- **NAME**: Type the employee's name exactly as it is on the Standard Form 50, Notification of Personnel Action.

- **DATE OF BIRTH**: Type the date of birth, month, day and year in six numerals with dashes between day, month, and year.
  
  Example: January 14, 1974 is typed 01-14-74.
THE GUIDE TO PERSONNEL RECORDKEEPING

Chapter 2: Establishing Personnel Record

- **SOCIAL SECURITY NUMBER:** Type the employee's social security number (SSN) directly under the name. Show an SSN for all United States citizens and for all foreign nationals serving in the 50 states and non-foreign areas listed in section 591.205 of title 5, Code of Federal Regulations (5 CFR 591.205).

  Example: DOE, JANE R.
  SSN: 999-99-9999

Use "FNO" instead of the social security number for foreign nationals serving in locations other than the 50 states or non-foreign areas listed in 5 CFR 591.205.

Do not make any marks or notations on the folder

Do not add any markings, notations, or tabs to the Official Personnel Folder, Merged Records Personnel Folder, or Employee Medical Folder. Do not add any markings or notations on the label. Only official codes authorized by the National Personnel Records Center are permitted on the front of the folder.

When using a bar code labeling system, place the bar code label:

- on the side of the folder containing the file label, but at the end opposite the employee's name; or
- on the back of the folder.

**Reviewing and Combining Records**

**Rule**

If the employee had prior Federal civilian service, records for that service must be combined with records for the current period of employment in a single file or folder. Follow the procedures below to review and combine records.

**Example:** The National Personnel Records Center sends two Official Personnel Folders in response to a request for a new employee’s records. The records from these two folders must be combined with the records created during the appointment process into a single Official Personnel Folder.

**Performance Records**

The left side of the personnel folder (or the “Temporary” folder in eOPF) should contain the performance records transferred from agency to agency. These records are:
THE GUIDE TO PERSONNEL RECORDKEEPING

Chapter 2: Establishing Personnel Record

- Senior Executive Service: Annual summary ratings are five years old or less; any appraisals prepared since the most recent annual summary rating; and performance plans for each rating.
- All Others: Ratings of record four years old or less. Ratings of record include the evaluation of the employee’s performance against the elements and standards plus the summary level, pattern, and ending date of the appraisal.

If the performance records are not in the folder and it appears the employee was subject to a performance appraisal system, request the records from the former employer. Follow the agency’s instructions for filing performance records.

Medical Records

Review records in the Employee Medical Folder to ensure they are in chronological order. Combine these records with any medical records created during the appointment process. Follow the agency’s instructions for filing medical records.

Personnel Records

Step 1 Action

Remove any documents transferred on the temporary or left side of the folder and follow agency instructions for processing those documents.

Documents transferred on the temporary or left side of the folder include the performance records, Record of Leave Data (Standard Form 1150) or equivalent record of leave balances, and documentation of indebtedness to the health benefits fund for pay periods begun before September 30, 1996.

Step 2 Action

Remove inappropriately filed documents.

Always remove any reference to race or ethnicity including the Standard Form 181, Race and National Origin identification; the Standard Form 256, Self-identification of medical Disability; and OPM form 1635, Welfare to Work Program.

Do not remove any other records in a merged Records Personal Folder or Foreign Service Folder for periods of employment outside of OPM’s recordkeeping authority. Refer to Chapter 3 to decide which documents should be filed in an Official Personnel Folder and in the portions of Merged Records Personnel Folder or Foreign Service Folder dealing with employment under the Office’s authority.
Step 3 Action

Check the documents for completeness and accuracy. Follow the appropriate program instructions to correct any errors.

Example: follow instructions in THE GUIDE TO PROCESSING PERSONNEL ACTIONS to correct Standard Form 50, Notification of Personnel Action.

Step 4 Action

Combine all appropriate records in chronological order in a single folder.

Employment Systems Outside the Office of Personnel Management’s Recordkeeping Authority

Federal civilian service includes Government service under employment systems outside OPM’s recordkeeping authority. Some of the agencies authorized to use these employment systems have agreed to transfer their personnel records and mix those records with personnel records created during periods of employment under OPM’s recordkeeping authority. Other agencies do not transfer personnel records but do provide transcripts of service and other documentation (for example, health insurance, life insurance, retirement, and Thrift Savings Plan documents).

The material in this section describes the employment systems outside OPM’s recordkeeping authority, the agencies that use those systems and information that helps to identify service under those systems.

Chapter 3 Filing Documents in the Personnel Folder

General Filing Procedures

Records are filed in the Official Personnel Folder to document events in an individual’s Federal employment history that have long-term consequences for the employee and the Government. Care should be exercised in filing documents correctly to ensure all documents pertaining to an employee's rights and benefits are available in the personnel folder when needed.

Personnel folder documents are either long-term or temporary documents. Certain documents must never be filed in the personnel folder.

Long-term Documents

Long-term documents are records kept for the life of the folder, usually 115 years from the employee's date of birth. These documents are filed in chronological order on the right (or in the “Permanent” folder in eOPF) side of the personnel folder.

Temporary Documents

Temporary documents are documents not kept for the life of the personnel folder. These documents are filed on the left side (or in the “Temporary” folder in eOPF) of the folder.

Prohibited Documents

Prohibited documents are records that must never be replaced in a personnel folder. The prohibition may come from statutes, such as the Privacy Act, or from regulation such as title 29, Code of Federal Regulations.

Example: Standard Form 181, Race and National Origin Identification

Rescinded filing requirements

Rescinded filing requirements are document filing requirements cancelled as of a given date. When filing requirements are rescinded, the document(s) should no longer be filed on the right side of the personnel folder. See section 3-H for instructions on handling documents already on file in the personnel folder.
Obsolete Forms

Specific forms may become obsolete because of legislative or procedural changes in human resource programs. They may be replaced by other forms or documents. The entire process under which the forms were created may be discontinued. Even though the form is obsolete, the reason for keeping the form as a part of the employee’s history may still exist. The form may still be filed appropriately as a long-term document in the personnel folder. Such obsolete forms are listed in the sections of this chapter as documents authorized for long-term retention in the personnel folder.

Procedures

Before filing documents in the personnel folder:

**Step 1 Action**

Make sure the document should be filed in the personnel folder. Some documents must never be filed in the personnel folder. Other documents belong in case files rather than the personnel folder. Once a document is entered within the OPF, it will not be altered or amended except pursuant to law. *(On occasion, OPM has granted agency requests to block out the first five digits of the SSN and will continue to do so on a case-by-case basis.)*

Reminder: Social Security Numbers (SSNs) and other personally identifiable information belonging to someone other than the subject that are displayed on records in the Personnel Folder must be removed or concealed *(i.e., lists covering more than one employee in a personnel action), and the agency must provide a copy to the employee of the changed record.*

**Step 2 Action**

Place the document correctly on the right or left side and in chronological order.

**Placement – Right Side**

The right side (or in the “Permanent” folder in eOPF) of the personnel folder is reserved for long-term documents. Only documents authorized by OPM may be placed on the right side of the folder. These documents are listed in the sections in this chapter. Note these instructions cover filing only. For information on when and how to create the document, refer to the appropriate program guidance.
Placement – Left Side

The left side (or in the “Temporary” folder in eOPF) of the personnel folder is used for temporary documents. In a few cases, program guidance requires a document be filed on the left side of the personnel folder. Those cases are listed in the sections in this chapter. Documents not listed in the sections may be filed in the personnel folder at the agency’s option.

Agencies may choose to file other material on the left side of the folder as long as:

- The document relates to the individual who is the subject of the folder. General documentation of personnel operations is not appropriate for filing in the personnel folder.
- The document is a personnel record— not travel, payroll or financial records. Disclosure records are not personnel records
- OPM guidance does not prohibit filing the document in the folder. Prohibited documents are listed in the sections in this chapter.
- Other guidance does not require the materials be filed in separate files; for example, documentation of health benefits enrollments under temporary continuation of coverage.

Examples of material to be filed on the left side:
- Current position description;
- Standard Form 1152, Designation of Beneficiary for Unpaid Compensation;
- Letters of reprimand or caution.

Examples of material not to be filed on the left side:
- Time and attendance reports;
- Records on claims under the Federal Employee’s Compensation Act;
- Equal Employment Opportunity complaint records.

When an employee leaves the agency, only specific temporary documents are transferred with the personnel folder. These documents include performance information, notice of employee indebtedness to health benefits fund, and records of leave data (Standard Form 1150). Chapter 7 contains more information on transferring personnel folders.

Chronological Order

Right hand side documents must be filed in the personnel folder in chronological order by effective date. File the document with the more recent date on top of the document with the earlier effective date. However, when:

- forms have no effective date, file them by completion date; and
- more than one form has the same effective date, file them in any order within the effective date.
Examples of chronological order:

- An employee’s Standard form 2809, Health Benefits Registration, signed January 12, 1994, but effective the first day of the pay period beginning January 20, 1994, is placed on top of the employee’s appointment Standard Form 50, Notification of Personnel Action effective January 12, 1994.

- An employee’s standard Form 2817, Life Insurance Election, Standard Form 2809, Health Benefits Registration, and Thrift Savings Plan 1, Thrift Savings Plan Election Form are all effective on January 12, 1994. The three forms are filed together as a group in no particular order within the group.

**Information About the Sections**

**Use chapter 8 to locate filing instructions**

Chapter 8 of this Guide lists forms separately indexed by form number and by topic/title. Refer to Chapter 8 for the page in this chapter that has filing instructions for a particular form.

**Agency forms**

Agencies may have approved exceptions to Standard Forms. Procedures for creating personnel documentation may authorize agencies to create their own forms equivalent to the Government-wide forms. Follow the filing instructions for the related Government-wide forms to file any approved agency exceptions or equivalents.

**Organization**

Information in the sections is grouped by type of document. Specific documents are listed alphabetically within type of document. Obsolete forms are identified as such.

Section 3-H: Changes in Filing Requirements

Introduction

This Section contains the rules to follow when filing requirements change. Instructions on filing specific documents as long-term records in the Official Personnel Folder may change whether or not the requirements to prepare the document change. An obsolete form may continue to be filed because it contains information important to the individual’s career history. Current forms may no longer be filed as long-term records because the information they contain applies only to the current agency. This Section covers changes in filing requirements for long-term (right side or eOPF “Permanent” folder) Official Personnel Folder documents.

Example: The Immigration and Naturalization Service form I-9, “Employment Eligibility Verification” was filed on the right side of the Official Personnel Folder. Effective January 1997, the filing requirement was changed and the form was no longer authorized as a right side document. The form and the Immigration and Naturalization Service’s implementing instructions did not change.

Document Removal

When the requirement to file a document as a long-term Official Personnel Folder record is rescinded, agencies should issue instructions for handling the document. When appropriate, the agency may file the document as a temporary or left hand side Official Personnel Folder record. Agencies may also establish their own separate filing procedures.

Elimination of the long term Official Personnel Folder filing requirement is not authorization to destroy the document. NARA issues instructions on records disposition. The General Records Schedules provide disposal authorization for records common to a number of Federal agencies. Agencies must follow these instructions on records disposition.
Rules

This section contains guidance on implementing changes in Official Personnel Folder filing requirements.

**Section 3-I: Training**

**Introduction**

Agencies will collect all training data elements identified in this chapter and submit this information to OPM. Combined with other information, the training data collected will help agencies achieve their mission and human capital objectives. Additionally, Human Resource Development (HRD) specialists will regularly analyze training data as a way to continuously improve their agency’s training program.
Data collected will represent the training portion of an employee’s official personnel folder and will be in an electronic format. The electronic format will include training events for all coursework including, but not limited to, supervisory, managerial, and leadership development programs; formal mentoring programs; SES candidates programs, etc. Such training events must be reported to OPM using the specific codes prescribed in the Guide to Human Resources Reporting.

For agencies not operating in an electronic format, the training data elements will be submitted in a SF-182 or other paper format until such time the agency initiates a process that can accept the data in an electronic format.

**Regulation**

Personnel recordkeeping regulations are found in section 293 of title 5, Code of Federal Regulations. Federal agencies must report the training data elements specified in this guide for each employee, and establish a schedule of records in accordance with regulations promulgated by NARA and the General Service Administration.

OPM’s authority for requiring the collection and reporting of training data is found in section 4115 of title 5, United States Code and section 410 of title 5, Code of Federal Regulations.

**Training Data Collection**

Agencies must collect the following training data elements which will constitute the training portion of an employee’s official personnel folder:

Example:
- Applications for Federal Employment.
- Standard Form 50, Notifications of Personnel Action.
- Earnings and Leave Statements.

Step 2 Request a computer-generated employment history from agencies where the individual was previously employed.

NOTE: While agencies are no longer required to keep Chronological File copies of Standard Form 50, Notification of Personnel Action, request copies when they may be available.

Step 3 Request retirement records.

- If the employee made retirement contributions...
  Request a copy of all Individual Retirement Records, Standard Form 2806 and 3100.
  Provide the employee's name, social security number, and date of birth for each Individual Retirement Record requested. Send the request to:

    Office of Personnel Management
    Retirement Operations Center
    P. O. Box 45
    Boyers, PA  16017

Requests may also be faxed to 724-794-4668. Insure privacy of the personal information is maintained when requesting an Individual Retirement Record to be faxed to the personnel office. Detailed earnings information can be requested from the Social Security Administration. Send the request to:
Social Security Administration
6401 Security Boulevard
Baltimore, MD  21235

NOTE:  Advise the employee to use Form SSA-7050-F3 to request earnings by each employer.

It is important the employee know the Social Security Administration will charge a fee for this service and the fee is based on the number of years of earnings to be reported.

Step 4 Ask the National Personnel Records Center to search for personnel and payroll records.

Address the request to:

National Archives and Records Administration,
National Personnel Records Center,
1411 Boulder Blvd, Valmeyer, IL 62295,
ATTENTION:  Chief, Civilian Reference Branch
(DO NOT OPEN IN MAILROOM)

To request a search for the personnel folder:
  ● Submit a Standard Form 127 (see appendix A), Request for Official Personnel Folder (OPF). In the Remarks section, put the following statement:
    ○ "The OPF for this employee is lost or destroyed.  This is to request a search be made by NPRC for the OPF of the named employee."
  ● This statement is required to insure the missing Official Personnel Folder was not inadvertently returned to the National Personnel Records Center.

To request a search for payroll records:
  ● Submit a memo on the agency letterhead. Include the employee’s name, social security number, agency in which employed and the following:
    ○ "This is to request a search of any payroll records on the named employee that may be stored at NPRC."
  ● Not all agencies store payroll records at the National Personnel Records Center. If the records are not there, contact the agency.

Step 5 Obtain Documents

Obtain any copies of certificates establishing the employee's qualifications for specific jobs. Contact the office that issued appointment certificates for the individual. Use records that document Federal service from the investigative files, and security clearances where appropriate.
Chapter 4: How to Reconstruct a Personnel Folder

Step 6 Create Transcript of Service, (DG 27)

Transcript must be created to reflect new identity of employee. Transcript must contain the following information and will capture the data elements reflected in blocks 1-49 of the SF-50,

**Data Elements Reflected in Blocks 1-49 of the SF-50**

An introductory paragraph should be added to the transcript identifying the documents used to prepare the transcript.

Example: "The following transcript of Federal service was prepared from an Individual Retirement Record, maintained by the Office of Personnel Management."

An introductory paragraph should be added to the transcript identifying the documents that were signed by the employee at their date of hire/inprocessing:

Example: “The OF 306, Declaration of Employment was signed by the employee on ________________.”

The SF 61, Employment Affidavit, was signed by the employee on ________________.

The SF 144, Statement of Prior Federal Service, was signed by the employee on ________________.

Step 7 Create Transcript of Federal Employees’ Training Information

Agencies must collect the following training data elements which will constitute the training portion of an employee’s official personnel folder:

<table>
<thead>
<tr>
<th>List of Training Data Elements</th>

<tr>

</tbody>
</table>

Alpha-numeric, or numeric, codes for the Training data elements are found in Chapter 4 of the Guide to Human Resources Reporting.

Step 8 Reconstruct Health Benefits Records.

Contact the employee’s health plan and obtain a copy of his or her Health Benefits Election Form (SF 2809) or electronic record of enrollment. Records must go back at least five years; therefore it may be necessary to contact the previous health plan if the employee has changed health plans within the last five years. If the employee was not enrolled for five years, so note in the records.

Step 9 Request employee complete the following forms (as applicable):

- SF 1152, Designation of Beneficiary
- Form W-4 Federal Taxes
- OF 306, Declaration of Employment
- SF 61, Employment Affidavit
- SF 144, Statement of Prior Federal Service
THE GUIDE TO PERSONNEL RECORDKEEPING

Chapter 4: How to Reconstruct a Personnel Folder

- State Tax Form
- SF-1199A, Direct Deposit Form
- RI 76-10, Assignment of Federal Employee’s Group Life Insurance*
- Standard Form 2823, Designation of Beneficiary under the Federal Employee’s Group Life Insurance*
- Standard Form 3102, Federal Employees Retirement System Designation of Beneficiary*
- Standard Form 2808, Designation of Beneficiary, CSRS*
- TSP-3, Designation of Beneficiary Thrift Savings Plan

*Exceptions: See Chapter 1, page 1-12. These documents must be initiated in paper with handwritten signatures from the witnesses. They may be converted to an electronic format via electronic scanning.

Step 10 File documents

Use the sections in Chapter 3 of this Guide. Documents listed as prohibited in Chapter 3 may not be filed in a reconstructed personnel folder.

- Documents filed with the transcript:
  - Any documents that support benefits
  - Any Standard Form 50, Notification of Personnel Actions

- Documents NOT filed with the transcript:
  - Standard Form 2806 or 3100, Individual Retirement Record
  - Computer-generated employment histories
  - Payroll records
  - Social Security earnings report

Step 11 Select and Create folder

Follow instructions in Chapter 2 of this Guide to select the correct folder. File the transcript of service in the folder. The transcript will be the top form of the reconstructed portion of the personnel folder. Documents located during the reconstruction process should be filed beneath the transcript.

Step 12 Merge transcript(s) and forms listed under step 8 to complete official personnel folder.

Step 13 Authenticate the official personnel folder by signing at the end of the transcript.

If the agency recognizes eOPF as the official record, the paper transcript can then be converted to an electronic format via electronic scanning into the electronic information system.

If the agency recognizes paper as the official record, file accordingly in agency filing system.

Update 13, June 1st 2011
Chapter 4: How to Reconstruct a Personnel Folder

How to Reconstruct a Personnel Folder due to a Change in Gender Identity

Place a notice of the reconstruction in the folder

A transcript of service serves as the notice of reconstruction due to the change of name and gender. The transcript is to remain as the top document of the reconstructed portion in the personnel folder. See Chapter 7 of this Guide for instructions on formatting a transcript of service. For further policy guidance, please refer to Guidance Regarding the Employment of Transgender Individuals in the Federal Workplace.

Upon the request of an employee to reconstruct his or her personnel folder to reflect a change in gender identity, use the following procedures.

Step 1 Request and verify proper documentation from the employee.

Request that the employee submit acceptable evidence of identity in the new gender, if available, and require evidence of the new name, if changed. State and foreign laws vary as to whether a driver’s license or other State form of identification documents may be issued to reflect a gender change. Possession of a valid passport in the employee's new name and gender is per se acceptable evidence of the new name and gender, and no further evidence need be provided.

If evidence of change of gender in the identity documents is not obtainable because of state or local requirements or any other reason, the personnel folder may still be reconstructed with the employee's new name and gender to reflect a change in gender identity based on a medical certification. To meet the medical certification requirement, the employee must obtain a signed original statement, on office letterhead, from the attending medical physician (internist, endocrinologist, gynecologist, urologist, or psychiatrist), that contains the following information:

- Physician’s full name;
- Medical license or certificate number;
- Issuing state or other jurisdiction of medical license/certificate;
- Drug Enforcement Administration (DEA) registration number assigned to the physician;

NOTE: If the attending physician does not have or provide a DEA number, the employee’s request to reconstruct his or her personnel folder is to be suspended for further clarification or verification of the physician’s bona fides. Physicians in foreign countries, for example, would not have a DEA number.

- Address and telephone number of the physician;
- Language stating that he/she is the attending physician for the employee and that he/she has a doctor/patient relationship with the employee;
THE GUIDE TO PERSONNEL RECORDKEEPING

Chapter 4: How to Reconstruct a Personnel Folder

- Language stating that the employee has had appropriate clinical treatment for transition to the new gender (male or female); and
- Language stating “I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.”

NOTE: No additional medical information may be sought from the employee, and surgery is not required for the employee to have his or her records corrected to reflect the new name and gender.

Step 2 Create Transcript of Service

Transcript must be created to reflect new identity of employee. Transcript must contain the following information and will capture the data elements reflected in blocks 1-49 of the SF-50, Nature of Personnel Action:

Step 3 Create Transcript of Health Benefits Enrollment Records

- List of all FEHB enrollment actions including information recorded on SF 2809s and SF 2810s. Must list each of the following:
  - Initial enrollment with enrollment code and effective date
  - Election not to enroll and date
  - Enrollment changes with the codes and the effective date of each code;
  - Cancellations with the enrollment code and effective date
  - Terminations with the enrollment code and effective date
  - Reinstatements and Transfer Ins with the enrollment code and effective date
  - Name changes with enrollment code and effective date
  - Notations included in the Remarks section of the SF 2809s or SF 2810s
  - Effective dates and brief summary of any additional documents or memos, including:
    - waiver of premium conversion;
    - documentation of belated elections;
    - court order requiring employee to enroll in a plan that covers children (the edits or flag in the system must stay in place to ensure that the employee does not cancel or change to self only, therefore, the flag must be moved to the new identity);
    - leave without pay election to terminate or continue with a direct pay account or continue and incur a debt;
    - election to terminate or continue during active military duty
    - waiver of automatic reinstatement due to transitional TRICARE following active duty military service;

NOTE: An alternative for maintaining a record of a court order is to redact the name of the employee from the court order document and include a copy in the new file along with the transcript.

- Must request a history of health benefits actions processed through electronic systems, for example, EBIS, My Pay, Personal Page, Employee Express or PostalEZ and attach to transcript.

- List children age 22 or over incapable of self support with their name, date of birth, social security number, sex, and the date the agency certified eligibility. Include call-up date for future re-evaluation if applicable.

- List foster children with their name, date of birth, social security number, sex, and the date the agency certified eligibility.

- The employing agency must complete a new SF 2810 to change the employee’s gender and, if applicable, his or her name to reflect to change in gender identity. In completing this form, the agency should include the following in the remarks section: “Change in name data element from [name 1] to [name 2]. Change in gender data
element from [male/female] to [female/male].” The effective date should be as soon as possible once the employee has submitted the information in Step 1 above.

- Temporary Continuation of Coverage (TCC) for family members is documented as a separate file from the OPF with the employee’s name on it. We suggest that the new name be put on this file and it be maintained as is. If this is not possible, then the TCC file should have the employee’s name redacted and maintained as an independent file with no association with the new name of the employee.

- Spouse Equity Act. Documentation of a former spouse’s entitlement to benefits must travel with the employee’s file in order to ensure the former spouse’s entitlement up through the retirement or death of the employee. The former name of the employee may be redacted from the documents.

- Continuation of Benefits. The spouse of the employee at the time of the employee’s change in gender identity retains coverage as the employee’s spouse, as do the employee’s children. The employee is entitled to benefits in the new gender and, if applicable, new name.

**Step 4 Create Transcript of Federal Employees’ Group Life Insurance (FEGLI) Records**

- For current FEGLI actions, there is a SF 50 *Notification of Personnel Action* produced for any change. The Nature of Action (NOA) code 881 indicates a FEGLI Change. Must list each of the following for each FEGLI change:
  - Effective date of NOA
  - FEGLI Code displayed in bock #27
  - Must include any written comments in Section 6, Agency Use Remarks section for all SF 2817 forms in OPF

- For FEGLI history prior to effective date of FEGLI code on the SF 50 form or for agencies that do not use SF 50 forms. Must list each of the following:
  - FEGLI coverage elected or SF 50 FEGLI code on the SF 2817 Life Insurance Election or its precursors SF 176, SF 176-T, or on Open Season election forms RI 76-27, FE-2004
  - Date of receipt in employing office (on older forms)
  - Effective date of coverage. Shown on SF 2817 form dated June 1984 and later
  - Must include any written comments in Section 6, Agency Use Remarks section for all SF 2817 forms

**NOTE:** If employee is in a FEGLI eligible position, he or she automatically gets FEGLI Basic even if no form is completed.

- Must include a summary of all memos to file for FEGLI

**Examples:** Agency explanation for allowing a belated election
Incontestability explanation

- If there is an SF 2821 *Agency Certification of Insurance Status* or its precursor SF 56, the following items from that form must be detailed on the transcript:
- Event requiring certification (block #4.a. on SF 2821)
- Date of the event requiring certification (block #8. on SF 2821)
- Date of SF 2819, *Notice of Conversion Privilege* (block #9 on SF 2821)
- Annual basic pay (block #10)
- Date signed by certifying official
- If there is an SF 2822 *Request for Insurance* in the OPF, the agency must provide the following information from Part B:
  - Decision—acceptance or denial
  - Date of decision
  - Name of OFEGLI Reviewer
- If there is a FE-8C form *Living Benefits Approval*. NOA code 805, 806 on SF 50. Must include a summary with the following:
  - NOA code
  - Effective date of Living Benefits election
  - Post-election Basic Insurance Amount

- Public Law 110-81 authorizes the continuation of FEGLI coverage for up to 24 months for Federal employees called to active duty. An election form is required in the OPF. If the election form is present, it must be notated on the transcript. Must include the following:
  - Per Public Law 110-81, employee elected to continue the coverage at the end of 12 months OR;
  - Per Public Law 110-81, employee elected to terminate coverage at the end of 12 months.
  - Date signed by employee
  - Name of Agency Representative and Date signed
  - List child(ren) age 22 or over incapable of self support with the name, date of birth, sex and the date the agency certified eligibility. Include call-up date for future re-evaluation if applicable.

The criteria for the employing office's determination are the same as those for the FEHB Program and FEDVIP. If the employee has already established eligibility for a child under the FEHB Program, s/he does not need to establish eligibility again under FEGLI.

- List Foster child(ren) with the name, date of birth, sex, and the date the agency certified eligibility.
Continuation of Benefits. The spouse of the employee at the time of the employee’s change in gender identity retains coverage as the employee’s spouse, as do the employee’s children. The employee is entitled to benefits in the new gender and, if applicable, new name.

The requirements for coverage of foster children under FEGLI are the same as those for coverage of foster children under the Federal Employees Health Benefits (FEHB) Program or the Federal Employees Dental and Vision Insurance Program (FEDVIP). If there is already a certification on file for the FEHB or FEDVIP Program, the employee does not have to complete a new certification for Option C coverage, unless the employee is electing or increasing Option C because s/he acquires a foster child.

Original FEGLI documents needed that cannot be summarized on a transcript.

- SF 2823 Designation of Beneficiary or its precursor SF 54
- By law 8705 and regulation, FEGLI benefits are paid in a particular order. The first in this list is the designated beneficiary.
- The agency needs to strongly recommend to the employee that he/she complete a new SF 2823 (if there is an old one with the old identity) but cannot force the employee to do so.
- If a new one is validly completed and filed, it will supersede previous ones on file.
- If a new SF 2823 is not completed, by law any prior designation form in the sealed OPF is the form used for payment. That form will need to be accessed at death before any FEGLI payment can be made.
- The transcript must state if there are any FEGLI designations forms on file and the date of the form(s) if applicable. It should also be noted if there is no form on file.
- OFEGLI needs the actual hard copy form to pay proceeds after death.

- RI 76-10 Assignment of Life Insurance
- The original RI 76-10 is maintained by the agency. The agency needs to know that it is assigned since certain actions can be done by the assignee, not the insured. For example, the insured cannot reduce coverage (except for Option C) after an assignment. The agency sends the RI 76-10 to the OPM Retirement Office at the time of retirement or to OFEGLI after death. It cannot be condensed to put on the transcript. OFEGLI needs the actual hard copy form to pay proceeds after death.
- Once the coverage is assigned the employee cannot assign again. However, the assignee can assign the coverage to another party or back to the insured employee.
- Court order for FEGLI purposes
- The certified copy of a court order for FEGLI is maintained by the agency. It is not interpreted by the agency. They send to the OPM Retirement Office at the time of retirement or to OFEGLI after death. It cannot be condensed to put on the transcript.
OFEGCLI needs the actual hard copy certified court order to make a determination at death. They need a certified copy of the complete court order.

**Step 5 Request employee completes the following forms (as applicable):**

- SF 1152, Designation of Beneficiary
- Form W-4 Federal Taxes
- State Tax Form
- OF 306, Declaration of Employment
- SF 61, Employment Affidavit
- SF 144, Statement of Prior Federal Service
- SF-1199A, Direct Deposit Form
- RI 76-10, Assignment of Federal Employee’s Group Life Insurance*
- SF 2823, Designation of Beneficiary under the Federal Employee’s Group Life Insurance*
- SF 3102, Federal Employees Retirement System Designation of Beneficiary*
- SF 2808, Designation of Beneficiary, CSRS*
- TSP-3, Designation of Beneficiary Thrift Savings Plan
- I-9 Form (Note: I-9 Form of the old identity will be captured, destroyed and replaced with an I-9 Form reflecting the new identity and will be placed in a separate file. Please refer to General Records Schedule 1, 10b for records retention and disposition instructions)

An introductory paragraph should be added to the transcript identifying the documents that were signed by the employee at their date of hire/inprocessing:

**Example:** “The OF 306, Declaration of Employment was signed by the employee on _______________.

The SF 61, Employment Affidavit, was signed by the employee on _______________.

The SF 144, Statement of Prior Federal Service, was signed by the employee on _______________.

*Exceptions: See Chapter 1, page 1-9. These documents must be initiated in paper with handwritten signatures from the witnesses. They may be converted to an electronic format via electronic scanning.
Chapter 4: How to Reconstruct a Personnel Folder

**Step 6** Merge transcript(s) and forms listed under step 5 to complete official personnel folder.

**Step 7** Authenticate the official personnel folder by signing at the end of the transcript.

If the agency recognizes eOPF as the official record, the paper transcript can then be converted to an electronic format via electronic scanning into the electronic information system.

If the agency recognizes paper as the official record, file accordingly in agency filing system.

**Step 8 Send OPF to NPRC**

OPF of former “identity” is sealed and forwarded to the National Personnel Records Center (NPRC). Folder should be double-wrapped along with introduction letter (see appendix B) and sent to the following address:

National Archives and Records Administration,
National Personnel Records Center,
1411 Boulder Blvd, Valmeyer, IL 62295,
ATTENTION: Chief, Civilian Reference Branch (DO NOT OPEN IN MAILROOM)

If the agency recognizes eOPF as the official record, the eOPF will be deactivated by the losing agency and the eOPF will be forwarded to the NPRC instance within EHRI.

**Step 9 Provide copy of new OPF to the employee via paper or electronically.**

Former employees returning back to Federal Service

**Step 1 Initiate search for OPF**

Submit a Standard Form 127, Request for Official Personnel Folder (OPF) of former employee’s former identity from the National Personnel Records Center:

National Archives and Records Administration,
National Personnel Records Center,
1411 Boulder Blvd, Valmeyer, IL 62295111

**Step 2 Reconstruct OPF**

Follow steps listed above regarding Change in Gender Identity.
Former employees returning back to Federal Service and the official personnel folder of the former identity cannot be located

**Step 1 Request and verify proper documentation from the employee of the new identity.**

Request that the employee submit acceptable evidence of identity in the new gender, if available, and require evidence of the new name, if changed. State and foreign laws vary as to whether a driver’s license or other State form of identification documents may be issued to reflect a gender change. Possession of a valid passport in the employee’s new name and gender is per se acceptable evidence of the new name and gender, and no further evidence need be provided.

If evidence of change of gender in the identity documents is not obtainable because of state or local requirements or any other reason, the personnel folder may still be reconstructed with the employee’s new name and gender to reflect a change in gender identity based on a medical certification. To meet the medical certification requirement, the employee must obtain a signed original statement, on office letterhead, from the attending medical physician (internist, endocrinologist, gynecologist, urologist, or psychiatrist), that contains the following information:

- Physician’s full name;
- Medical license or certificate number;
- Issuing state or other jurisdiction of medical license/certificate;
- Drug Enforcement Administration (DEA) registration number assigned to the physician;

**NOTE:** If the attending physician does not have or provide a DEA number, the employee’s request to reconstruct his or her personnel folder is to be suspended for further clarification or verification of the physician’s bona fides. Physicians in foreign countries, for example, would not have a DEA number.

- Address and telephone number of the physician;
- Language stating that he/she is the attending physician for the employee and that he/she has a doctor/patient relationship with the employee;
- Language stating that the employee has had appropriate clinical treatment for transition to the new gender (male or female); and
- Language stating “I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.”

**NOTE:** No additional medical information may be sought from the employee, and surgery is not required for the employee to have his or her records corrected to reflect the new name and gender.
Step 2 Reconstruct OPF

Follow steps 1-4 regarding the reconstruction of an official personnel folder at the beginning of the chapter (using the old identity).

Once the proper documentation is obtained of the former identity, then follow the steps regarding the Change in Gender Identity listed above.
Chapter 5 "Jointly-Owned" Personnel Folders

Recordkeeping agreements with the Office of Personnel Management

Chapter 1 of this Guide indicated OPM owned the personnel folder records agencies establish under the Office’s recordkeeping authority. Legislative and Judicial Branch agencies, some Executive Branch agencies such as the Central Intelligence Agency, and quasi-Government agencies such as the U.S. Postal Service are not subject to OPM’s personnel folder recordkeeping authority. These agencies have their own authority to establish and maintain personnel records in a personnel folder.

Agencies maintaining records under OPM’s recordkeeping authority must establish a single personnel folder for an employee’s entire Federal employment history. This single folder may contain personnel records established by agencies that have their own personnel folder recordkeeping authority. We refer to such folders as jointly-owned personnel folders.

OPM has recordkeeping agreements with agencies that have their own recordkeeping authority. The agreements describe what an agency maintaining a jointly-owned personnel folder is to do:

- When the employee (subject of folder) separates
- When there is a request for access to or disclosure of information from such a folder.

Who sends what

Chapter 2 of this Guide identifies the agencies that have agreements with OPM concerning jointly-owned personnel folders. Chapter 2 also provides information on whether these agencies will provide a personnel folder or an administrative folder. Chapter 6 of this Guide provides the mailing addresses for these agencies.

Agency Responsibility

Once an agency receives, or establishes a jointly-owned Standard Form 66-C, Merged Records Personnel Folder, that agency MUST:

- Maintain a single personnel folder, containing all required records;
- Use all records to make personnel decisions affecting the employee;
- Permit the employee to review all records;
- Provide a copy of all records to the employee, at the employee's request;
- Provide a copy of records to anyone with the employee's written permission to receive or review the records;
Chapter 5: “Jointly-Owned” Personnel Folders

- Disclose information from all records to agency employees and officials that need the records to perform their duties; and
- Remove or conceal all Social Security Numbers (SSNs) and other personally identifiable information belonging to someone other than the subject that are displayed on records in the Personnel Folder. *(i.e., lists covering more than one employee in a personnel action)* and provide a copy to the employee of the changed record.

**What agencies are not permitted to do**

After an agency receives or establishes a jointly-owned personnel folder that agency MAY NOT:

- Amend any records in the folder OPM does not own;
- Destroy any records in the folder OPM does not own;
- Remove any records that OPM does not own; except for Standard Form 181 and Standard Form 256;
- Adjudicate an appeal of an amendment to a record OPM does not own;
- Enter into a settlement agreement on disposition of records OPM does not own; and
- Disclose information to the public from any record OPM does not own.

Redact any SSNs on benefits forms or documents that involve payment of benefits, such as FEGLI forms SF 2823, RI 76-10, FEHB forms SF 2809 and SF 2810, or court orders, even if the SSNs are for someone other than the employee.

**Exception to disclosure prohibition**

You must disclose information to:

- The employee who is the subject of the record;
- Agency officials and employees who use the employee records to perform their duties
- Someone with the employee's written permission to review or receive a copy of his/her records.

**Refer requests to the "owner"**

The agency maintaining a jointly-owned personnel folder may wish to initiate one or more of the above-listed actions or may receive a request for such actions. In such situations, the maintaining agency should refer the proposed action or the request to the agency that owns the records. Refer to Chapter 6, Section 6-A, of this Guide for agency addresses.
Chapter 6 How to Respond to Requests for Information

Coverage

This chapter covers how to respond to a request for information contained in Employee Medical Folders (EMF) and personnel folders (Official Personnel Folders and electronic Official Personnel Folders (eOPFs), Merged Records Personnel Folders (MRPF), and Foreign Service folders). These records come under the purview of the Privacy Act of 1974, as amended, and can be identified within OPM’s Governmentwide systems of records. For example, this chapter covers an employee’s request for a copy of his or her Official Personnel Folder. This chapter does not cover requests for information developed from other records systems like payroll records. For example, it does not cover a request for information on the amount of union dues deducted from an individual’s salary.

Consult your privacy officer if you have any questions concerning access to or disclosure from an OPF, MRPF, or Foreign Service Folder.

Request from Current Employee

OPM’s regulation on privacy procedures for personnel records are in Title 5, Code of Federal Regulations (CFR) Part 297

An employee's EMF or OPF must be made available to the employee for review upon request. This is called access. Employees are required to present proper identification before the personnel folder is provided to them. Employees reviewing their own folders must be accompanied by a record custodian at all times. Employees may bring a personal representative with them when they review their records. Employees may obtain copies of records in their personnel folders. Observe agency policies with regard to any charges for copies.

If an access request is denied, the denial must be writing and will include a statement of the reason for denial and the procedures available to appeal the denial. Refer to 5 CFR, Part 297.

Amendment requests

Amendment of personnel folders means the correction, addition, deletion, or destruction of a specific portion of a folder. Request for amendment should include:

- A precise identification of the record to be amended.
- Identification of the specific material to be deleted, added or changed.
- A statement of the reasons for the request, including all available material substantiating the request.
In processing amendment requests, the agency should ensure any amendments comply with the Office of Personnel Management’s recordkeeping procedures and regulations in 5 CFR part 293 and 297.

Privacy Act amendments do not take the place of other appeal procedures established by law or regulation, for example, adverse action appeals or classification appeals. Privacy Act amendment procedures are designed to ensure the records reflects what occurred accurately, not as a method to challenge an agency’s application of its personnel procedures.

Agencies have authority to process Privacy Act amendment requests from their employees as long as those requests pertain to records generated under OPM’s recordkeeping authority. The Office’s recordkeeping authority applies to Official Personnel Folder records documenting employment in the competitive service, Senior Executive Service, or excepted service (Schedule A, B, or C). Agencies do not have authority to amend records in Merged Personnel Records Folders and Foreign Service folders created under another agency’s employment system. Requests to amend records created under another employment system should be referred to the agency that created the record. Refer to Section 6-A for more information on this.

Certain administrative errors such as key stroke mistakes, misspelling etc. do not need to follow the formal amendment process to be corrected if they do not substantially change the intent of the record.

Review of denial of an amendment request

When an agency denies an employee’s request to amend a personnel record, the employee should be notified of the decision and informed that he or she may ask for an administrative review of the decision in accordance with 5 CFR, part 297.301. The request for a review should be directed to the Deputy Associate Director, Office of the Chief Information Officer, Office of Personnel Management, 1900 E Street, NW, Room 7439, Washington, DC 20415-6000. The request for a review should include a copy of the amendment request, the initial denial, and a statement of the specific reasons why the initial denial is believed to be in error.

Request from Former Employee

Access requests

Former employees may receive copies of their own personnel and medical folders. Requests for copies must be made in writing and should include: the full name (or names) used while employed; social security number; date of birth; year of separation, and last employing agency (if known).
Requests for individual documents or for complete copies of personnel and medical folders should be sent to the National Personnel Records Center, Civilian Personnel Records, 1411 Boulder Blvd, Valmeyer, IL 62295

Amendment requests

Former employees submit requests to amend records created under OPM’s recordkeeping authority to the Deputy Associate Director, Office of the Chief Information Officer, Office of Personnel Management, 1900 E Street, NW, Room 7439, Washington, DC 20415-6000. Requests to amend other records should be sent to the agency that created the record.

Request for amendment should include:

- A precise identification of the record to be amended.
- Identification of the specific material to be deleted, added or changed.
- A statement of the reasons for the request, including all available material substantiating the request.

In processing amendment requests, the agency should ensure any amendments comply with the Office of Personnel Management’s recordkeeping procedures and regulations in 5 CFR, part 293 and 297.

The words "Privacy Act Amendment Request" should be on the request and on the envelope to ensure proper handling.

Request from Government Official

Officers and employees of the agency

Disclosure is providing personal review of a record, or a copy thereof, to someone other than the data subject or the data subject’s authorized representative. The specific conditions of disclosure are found in 5 CFR Part 297.401.

Personnel and medical folders are available to officials within the agency who need to review records to perform their assigned official functions. This includes records in Merged Records Personnel Folders and Foreign Service folders whether or not those records were created under OPM’s recordkeeping authority. Agency officials include personnelists, managers, and supervisors.

Government Officials outside the agency

Government officials outside the agency may be authorized to review an employee’s records under limited conditions such as:
Chapter 6: How to Respond to Request for Information

- The employee has authorized such access in writing; or
- The release is specifically authorized by the Privacy Act; or
- A routine use published in the Government-wide systems of records allows disclosure of the records.

OPM has published notices for Government-wide systems of records that cover the Official Personnel Folder (OPM/GOVT-1) and the Employee Medical Folder (OPM/GOVT-10). These notices include descriptions of routine uses that allow release of records without the employee’s prior written consent to specific officials outside the employing agency for specific purposes. Some of the routine uses that apply to Official Personnel Folders allow records to be provided to:

- The Merit Systems Protection Board, Office of Special Counsel or Equal Employment Opportunity Commission in relation to appeals, investigations, and special studies;
- Any Federal agency involved in a legal or administrative proceeding in which the Government is a party;
- Any Federal agency in relation to hiring an employee, issuing a security clearance, and conducting a security or suitability investigation;
- Federal, state, or local agencies for the adjudication of a claim under any retirement, insurance, unemployment, or health benefits program.

Requests from officials outside the employing agency for records in a Merged Records Personnel Folder or a Foreign Service folder not created under OPM’s recordkeeping authority should be honored only if the requestor has the employee’s written consent to the release of the information. All other requests should be referred to the agency that created the record.

When in doubt, check with the agency Privacy Act or Freedom of Information Officer when unsure whether records may be disclosed.

**Request from the Public**

**Introduction**

Requests from the public for information from personnel and medical folders must be handled in compliance with both the Privacy Act of 1974, as amended (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C 552). The Privacy Act restricts access to records in a system of records. The Freedom of Information Act establishes the public's right to information contained in Government records. Agencies are authorized to respond to requests for information from the public on all Official Personnel Folders and Employee Medical Folders in their possession.

**Merged Records Personnel Folders and Foreign Service Folders**

Merged Records Personnel Folders and Foreign Service Folders contain records created under employment systems outside OPM’s recordkeeping authority. Agencies should respond to
requests for information that pertain to records created under OPM’s authority. The guidance in this section applies only to those records under the Office’s authority. Refer any requests for information from the public on any other records in the folder to the agency that created the record. Refer to Section 6-A.

Requests for information on former employees

Requests from the public for information from the folder of a former employee whose folder has been sent to the National Personnel Records Center should be addressed to the

National Personnel Records Center,
1411 Boulder Blvd
Valmeyer, IL 62295

Employee’s consent

An employee may authorize release of information to a member of the public, including an organization. That authorization must be in writing.

Routine use

Information may be released to the public under one of the routine uses applicable to the folder and published in the Governmentwide systems of records in limited cases. Routine uses allow agencies to also provide information from Official Personnel Folders to:

- Contractors, grantees, or volunteers working for the Government;
- Prospective non-Federal employers who ask for the former employee’s tenure, civil service status, length of service, or date and nature of action on the employee’s separation.

Available Information

In most cases, the following information is available to the public without the prior written consent of the employee(s):

- Name;
- Present and past position titles and occupational series;
- Present and past grades;
- Present and past annual salary rates (includes Meritorious or Distinguished Executive Ranks, awards, and allowances and differentials);
- Present and past duty stations (includes room numbers, shop designations, or other identifying information regarding buildings or places of employment); and
The Office or agency will maintain a record of disclosure in cases where records about the individual are disclosed from an Office system of records except:

- The employee who is the subject of the folder (the data subject);
- Someone who has the employee’s prior written consent to receive the information;
- Agency employees and officials using the records to perform their duties; and
- The public as required by the Freedom of Information Act.

Content of accounting of disclosure

An accounting of disclosure must include the following information:

- A brief description of the record disclosed.
- Date, nature, and purpose of each disclosure.
- Name and address of the person, agency or other entity to whom the disclosure is made.
Filing an accounting of disclosure

An accounting of disclosure from the Official Personnel Folder must be retained for the life of the record. File any accounting of disclosure of information from right side personnel documents as a long-term record on the right side of the personnel folder.

Request for information Owned by Other Agencies

Who “owns” the record

Merged Records Personnel Folders and Foreign Service folders contain records created under employment systems not covered by OPM’s recordkeeping authority. The agency that created these records retains “ownership” of the records, even though they are filed in the same physical folder as records created under OPM’s authority.

Access and amendment requests

Agencies may provide access to all records in Merged Records Personnel Folders and Foreign Service folders to:

- The employee who is the subject of the record;
- Anyone who has the employee’s written authorization;
- Officials in the agency who need access to the records to perform their assigned duties.

All other requests for access to or amendment of records created under an employment system not covered by OPM’s recordkeeping authority should be referred to the agency that created the record.

Address

This section provides addresses for agencies that may own records in a Merged Records Personnel Folder or Foreign Service folder. Use this section to refer requests for access to, disclosure from, or amendment of any records created by that agency.

Chapter 7 Transferring Records

Overview

When an employee leaves, the losing personnel office sends interagency personnel records to the next Federal employer. If the employee is leaving Federal service, the losing personnel office sends interagency personnel records to the National Personnel Records Center.

This chapter describes the procedures used to transfer interagency personnel records (personnel folders, medical folders, performance records) to another personnel office or the National Personnel Records Center.

Transferring Personnel Records

Background

The general rule is that each employee will have a single personnel folder which documents the entire period of Federal civilian service. If long-term occupational medical records are created during the employee’s service, those records will be in a single medical folder. The personnel and medical folder “travel” with the employee throughout his or her entire Federal career. When an employee separates from Federal service, the folders are stored by NARA, National Personnel Records Center until retention requirements expire. Folders are retained for 65 years from date of last separation from Federal employment. Chapter 7 – Transferring Records 7-2

Transferring Electronic Official Personnel Folders (eOPF)

The last employing agency (losing agency) will provide access to the official electronic folder in an appropriate electronic format designated by the gaining agency or provide a paper format if the electronic systems are not compatible or if the gaining agency is operating in a paper environment. The losing agency, after completion and verification of a transfer of an electronic personnel folder, must disable its access to the electronic version of the personnel folder to ensure it complies with the requirements of the Privacy Act and implementing regulations. 5 U.S.C. 552a (b); 5 CFR 297.401.

Movement within the Federal government

Instructions on the transfer of personnel folders differ when the employee moves to a position:

- serviced by a different personnel office in the same agency.
- in another agency when both offices transfer personnel and medical folders.
- in an agency that does not transfer personnel and medical folders.
Chapter 7: Transferring Records

Transferring Records within the Agency Follow agency instructions

Follow agency instructions on transferring personnel records from one personnel office to another in the same agency.

As a minimum, the following records must be transferred:

- personnel folder (Official Personnel Folder, Merged Records Personnel Folder or Foreign Service Folder) with all long-term (right side) documents;
- all long-term medical documents;
- performance records that include: Senior Executive Service Annual summary ratings that are five years old or less; any appraisals prepared since the most recent annual summary rating; and performance plans for each rating.
- All Others Ratings of record that are four years old or less, including the performance plan on which the most recent rating was based. Ratings of record include the evaluation of the employee’s performance against the elements and standards plus the summary level, pattern, and ending date of the appraisal.

Transferring Records to Another Agency

Requests

Request for an employee’s personnel records should be made in writing and should include documentation of the employee’s appointment in the requesting agency. (A Standard form 50, Notification of Personnel Action, or a Standard Form 52, Request for Personnel Action showing the appointment and its effective date are the normal documentation sent when requesting personnel records from another agency.)

The records should be sent to the new agency within 5 working days after receipt of the request. If long-term records that should be transferred are not available, wait until those records have been filed before sending the records. Notify the requester and explain the delay.

Transferring Folders

Normally, agencies will transfer personnel and medical folders to the next agency. Certain performance records will be transferred in the personnel folder. The personnel folder may be an Official Personnel Folder, Merged Records Personnel folder or Foreign Service Folder. Employers who are outside OPM’s recordkeeping authority and do not transfer folders should request a transcript of service rather than a folder.
Preparing Folders

Follow these steps to prepare the personnel and medical folders for transfer.

**Step 1 Action:**

Check the personnel folder to make sure that it contains all the long-term documents that should be in the folder and only the long-term documents authorized in Chapter 3. Make sure that all documents are filed in chronological order.

Prior to transfer of a Personnel Folder (whether in a paper or electronic format) to an agency under OPM’s recordkeeping authority, agencies must remove or conceal all Social Security Numbers (SSNs) and other personally identifiable information belonging to someone other than the subject that are displayed on records in the Personnel Folder. (i.e., lists covering more than one employee in a personnel action) and provide a copy to the employee of the changed record.

**Step 2 Action**

Put the following documents and only those documents on the left or temporary side of the personnel folder:

- Record of Leave Data (standard Form 1150) or equivalent record of leave balances;
- Documentation of indebtedness to the health benefits fund for pay periods that began for September 30, 1996;
  - Performance records. For Senior Executive Service employees, these are: annual summary ratings that are 5 years old or less;
  - Any appraisals prepared since the most recent annual summary rating;
  - and performance plans for each rating.
  - For all other employees, these are ratings of record that are 4 years old or less, including the performance plan on which the most recent rating was based. Ratings of record include the evaluation of the employee’s performance against the elements and standards plus the summary level, pattern, and ending date of the appraisal. (Note: For some agencies on eOPF, performance plans for transfer are indexed as “PERFORMANCE APPRAISAL FOR TRANSFER”)

**Step 3 Action**

Put long-term occupational medical records in an Employee Medical Folder, standard Form 66-D.

**Step 4 Action: Send the folders to the next agency.**

Follow agency instructions for documents that are not transferred to the next agency.
Records erroneously left out

When long-term paper documents that should have been transferred to the next agency are discovered after the folders have been mailed, send them immediately to the next agency. Attach the documents to a cover letter that identifies the employee by name, the last four digits of employees’ social security number, and date of birth. Reference the date the folder was originally sent. Request for transcript in lieu of folders

Some employers who are outside of OPM’s recordkeeping authority should request a transcript of service and other documents rather than personnel and medical folders. These employers are:

- Architect of the Capitol
- Board of Governors of the Federal Reserve System
- Central Intelligence Agency
- Congressional Budget Office
- District of Columbia Government
- Federal Bureau of investigation
- Tennessee Valley Authority
- U.S. Botanical Gardens
- U.S. House of Representatives.

The U.S. Senate sends transcript but receives folders when employees move from employment under the Office’s recordkeeping authority to the Senate.

Preparing transcripts in lieu of folders

Take the following steps to prepare transcripts in lieu of folders.

**Step 1 Action**

Prepare the transcript summarizing all personnel actions processed during the employee’s Federal career. Use the example in Section 7-A.

**Step 2 Action**

Copy the benefits documents if requested. Benefits documents cover retirement, health insurance, and life insurance. Send the originals with the transcript. File the copies in the folder.

**Step 3 Action**

Copy performance records, long-term medical records and a statement of leave balances if requested.
Step 4 Action

Send the transcript and any other requested documents to the next agency.

Step 5 Action

Follow the steps required to send the folders to the National Personnel Records Center.

Sample Transcript Used in Lieu of Transferring Folders (DG 67)

The transcript should include the:

- Employee Name;
- Date of Birth;
- Social Security Number; and
- Service Computation Date.

Additionally, includes data fields for the following information relevant to the current action:

- Date of Action;
- Action type;
- Work Schedule;
- Part Time Hours;
- Basic Pay;
- Locality Adjustment;
- Adjusted Basic Pay;
- Other Pay;
- Retirement Plan;
- Annuitant Indicator;
- FEGLI;
- Tenure;
- Position Occupied;
- Veterans Preference;
- Pay Rate Determinant; and
- Remarks.

The last action processed is also included in the sample transcript, summarized in the following fields:

- Date of Action;
- Action type;
- Work Schedule;
- Part Time Hours;
- Basic Pay;
Chapter 7: Transferring Records

- Locality Adjustment;
- Adjusted Basic Pay;
- Other Pay;
- Retirement Plan;
- Annuitant Indicator;

- Remarks.

Following the transcript, the preparer should list their:
- Name;
- Title;
- Agency;
- Office; and
- Telephone number.

**Transferring Records to the National Personnel Records Center**

Under normal circumstances, the agency should send or electronically transfer the personnel folder, including performance records and the medical folder to the National Personnel Records Center within 90 days after the employee separates from the Federal service.

Agencies may need to retain the folders for more than 90 days under circumstances like those shown in the following section.

Preparing Folders

Follow these steps to prepare the personnel and medical folders for transfer.

Step 1 Action

Check the personnel folder to make sure that it contains all the long-term documents that should be in the folder and only the long-term documents authorized in Chapter 3. Make sure that all documents are filed in chronological order.

Step 2 Action

Put the following documents and only those documents on the left side of the personnel folder:

- Record of Leave Data (standard Form 1150) or equivalent record of leave balances;
- Documentation of indebtedness to the health benefits fund for pay periods that began for September 30, 1996;
  - Performance records. For Senior Executive Service employees, these are: annual summary ratings that are 5 years old or less; any appraisals prepared since the most recent annual summary rating; and performance plans for each rating. For all other employees, these are ratings of record that are 4 years old or less, including the performance plan on which the most recent rating was based. (Note: For some agencies on eOPF, performance plans for transfer are indexed as “PERFORMANCE APPRAISAL FOR TRANSFER”)

Step 3 Action

Put long-term occupational medical records in an Employee Medical Folder, standard Form 66-D. Oversized x-rays that will not fit in the folder may be microfiched and put in an envelope in the folder or retained by the agency. If retained, the agency should put a note in the folder explaining how to obtain the x-ray.

Step 4 Action

Send the folders to the National Personnel Records Center

Follow agency instructions for documents that are not transferred to the National Personnel Records Center.
Retirement and Death Cases

When an employee retires or dies, there are special requirements for processing the separation. The Office of Personnel Management’s Operating Manual, THE CSRS AND FERS HANDBOOK FOR PERSONNEL AND PAYROLL OFFICES contains the processing instructions for these actions. Follow these instructions and send the Official Personnel Folder copy of all required documents with the application for benefits as specified in the Manual.

Records Erroneously Left Out

When long-term paper documents that should have been in the folder are discovered after the folders have been mailed, send them immediately to the National Personnel Records Center. Attach the documents to a cover letter that identifies the employee by name and date of birth. Reference the date the folder was originally sent. Clearly identify the name, address, telephone number and email address of the office submitting the records.

Notice to Employees

It is good practice to tell separated employees how they can request copies of documents in their personnel and medical folders. A sample notice is on the next page of this Guide. Chapter 7 – Transferring Records 7-8

Notice to Separated Employees - Retention of Personnel and Medical Folders

Long-term records documenting individuals’ Federal careers are stored in the Official Personnel Folder. The employee received copies of these records when they were created. When an employee separates from the Federal service, the last employing agency sends the Official Personnel Folder to the National Personnel Records Center for storage. Normally, the agency sends the Folder within 120 days after the employee separates. The National Personnel Records Center retains the folders for 65 years after separation. Former employees’ request for copies of their personnel records must be in writing and should include:

- the full name(or names) used while employed;
- social security number; (Full, complete SSN)
- written signature;
- date of birth; and
- if known, the year of separation and last employing agency.
- Provide an address to send the response/copy of records as well as a day time telephone number.
For Copies of Specific Documents or a Copy of the Entire Folder Write to:

National Personnel Records Center
Civilian Personnel Records
1411 Boulder Blvd
Valmeyer, IL 62295

Since 1984 the Employee Medical Folder has been used to store long-term occupational medical records that were created during an employee’s Federal career. These records do not include records on claims filed under the Federal Employee’s Compensation Act. There may not be an Employee Medical folder for each employee. When an employee for whom there are long-term occupational medical records separates from Federal service, the last employing agency sends the Employee Medical Folder to the National Personnel Records Center. The National Personnel Records Center retains these Folders for 30 years after separation.

Former employees’ requests for copies of their Employee Medical Folder should be in writing and include all identifying information (name, social security number, date of birth, written signature) as well as an address to send the response/copy of records and a day time telephone number. These requests should be sent to:

National Personnel Records Center
Civilian Personnel Records
1411 Boulder Blvd,
Valmeyer, IL 62295

Sending Records Packaging

Personnel records should be securely packaged to be sure that they arrive in good condition. Transcripts or individual folders may be sent in an envelope. Folders require envelopes or those made from material similar to “Ty-Vek” are recommended.

Carriers

Employees may not be authorized to carry their own records to the next employer. Under the Privacy Act, employees are entitled to copies of their records but the agency is responsible for transferring the employee’s official records to the next employer.

Records may be sent by first class priority mail. Certified mail or commercial package shipping service is the preferred method since these methods allow agencies to verify that the records were delivered to the addressee.
National Personnel Records Center

When records are transferred to the National Personnel Records Center, they should be sent to the National Personnel Records Center, Civilian Personnel Records Center in Valmeyer, IL:

**OPFs:**
National Personnel Records Center  
Civilian Personnel Records  
1411 Boulder Blvd, Valmeyer, IL 62295

**EMFs:**
National Personnel Records Center, Civilian Personnel Records,  
1411 Boulder Blvd, Valmeyer, IL 62295

A small number of folders may be sent in an envelope. Larger numbers of folders should be sent in a carton. Each carton should include a list/manifest of the enclosed folders, identifying each employee by name and social security number. The list/manifest must be included to assist in the tracking and billing processes. In each envelope or carton, a contact name, email address and telephone number of the sender should be provided. A return shipping account number should be provided in the event folders must be returned due to incorrect submission.

Employee Medical Folders may be in the same envelope or carton as personnel folders. Medical folders should be placed after the personnel folders (Official personnel Folders, Merged Records Personnel Folders, or Foreign Service Folders).

Personnel records that document an individual’s Federal career are placed in a single personnel folder. The type of folder to be used depends on the kinds of service the employee has. There are three authorized personnel folders:

- Official Personnel Folder, Standard Form 66  
- Merged Records Personnel Folder, Standard Form 66 C  
- Foreign Service Administrative Folder

Employee Medical Folder should be placed in the Standard Form 66D.

**Folder label**

The Official Personnel Folder, Merged Records Personnel Folder, and Employee Medical Folder (Standard Forms 66, 66 C, and 66 D) all require the same type label. The position of the label on the right side of the folder is indicated on the folder. The label must have the following three items.
NAME: Type the employee's name exactly as it is on the Standard Form 50, Notification of Personnel Action.

DATE OF BIRTH: Type the date of birth, month, day and year in six numerals with dashes between day, month, and year.

Example: January 14, 1974 is typed 01-14-74.

SOCIAL SECURITY NUMBER: Type the employee's social security number (SSN) directly under the name. Show an SSN for all United States citizens and for all foreign nationals serving in the 50 states and non-foreign areas listed in section 591.205 of title 5, Code of Federal Regulations (5 CFR 591.205).

Example: DOE, JANE R.
SSN: 999-99-9999
Use "FNO" instead of the social security number for foreign nationals serving in locations other than the 50 states or non-foreign areas listed in 5 CFR 591.205.

NOTE: IF RECORDS ARE IN INCORRECT FOLDERS OR NOT LABELED ACCORDING TO OPM GUIDANCE, THEY MAY BE RETURNED TO THE SENDER.

Agencies are not required to notify the National Personnel Records Center before sending folders. The National Personnel Records Center will not issue a receipt for records sent by regular mail. Agencies on eOPF will receive an electronic acknowledgement.

Chapter 8 Index of Documents

Overview

This chapter provides two indexes for locating documents in Chapter 3 of this Guide. (Chapter 3 provides instructions for filing documents in personnel folders.)

Two indexes are available

Searching for records using different criteria is possible depending on how a form or document is identified. Some forms and documents have form numbers and codes; some do not. To assist you in finding documents in Chapter 3 of this Guide, this chapter provides:

- Index of Documents by Form Number covers those forms listed in Chapter 3 that have an identifying number. The list is in sequence by the kind of form (Optional Form, Standard Form). Within the kind of form, the list is in numeric sequence.
- Index of Documents by Title covers all documents listed in Chapter 3 whether they have an identifying code or not. The listing is alphabetical by title or descriptor.
