New text changes and/or additions are distinguished in >dark red font surrounded by angled brackets<. Deletion/removal of text is distinguished with *** in green font.
1. Coverage
   a. This chapter covers:
      i. Actions that document waiver from mandatory separation, and
      ii. Extension of the not-to-exceed (NTE) date of a previous waiver.

      Mandatory separation is explained in sections 8335 and 8425 of title 5, U.S. Code and in section 4052 of title 22, U.S. Code. Table 19-A lists the groups of employees who are subject to it.

   b. This chapter does not cover situations where an employee is reemployed immediately after retirement. In those cases, follow instructions in Chapter 30 to document the retirement. Then follow instructions in the appropriate appointment chapter (Chapters 9-13) to document the subsequent appointment action.

2. Instructions
   a. Compare data on the SF-52, Request for Personnel Action, submitted by the requesting office with the last action in the employee's Official Personnel Folder to be sure it is correct.

   b. Use Table 19-A to select the nature of action and legal authority and enter them in blocks A-D of the SF-52. If the action is being taken under an authority that is unique to your department or agency, cite that authority (along with the authority code approved by the Office of Personnel Management) instead of the authority and code shown in this chapter.

   Enter in Part F any remarks/remarks codes that are required by your agency's instructions or that are necessary to explain the action.

   c. The effective date is the date following the date on which the employee would otherwise be separated or the date following the not-to-exceed (NTE) date of the previous
continuance. The ***NTE date is the date specified in the Office of Personnel Management letter or agency order which approves the continuance.

d. Fill in remaining blocks on ***>SF-52< as required by instructions in Chapter 4. Then follow your agency's instructions to obtain approval signature in Part C, block 2, of >the< *** >SF-52<.

e. Follow instructions in Chapter 4 to complete the ***>SF-50<, Notification of Personnel Action. Follow your agency's instructions to have it signed or authenticated.

f. Enter or update suspense or reminder dates in any suspense date system your agency maintains. These dates may include:

   i. NTE date for continuance, or

   ii. Date eligible for within-grade increase.

g. Check The Guide to Personnel Recordkeeping to decide if any of the documents submitted or created in connection with the continuance should be filed on the right side of the employee's Official Personnel Folder. Follow your agency's instructions to dispose of those not filed in the folder.

h. Distribute ***>SF-50< copies as appropriate.
