1. Coverage

   a. This chapter covers the actions taken to effect an agency realignment and the actions taken by the gaining agency to effect a mass transfer. The chapter covers actions for employees whose appointments are temporary as well as those whose appointments are non-temporary.

   b. This chapter does not cover:

      i. Actions taken by the losing agency in a mass transfer (see Chapter 31);

      ii. Actions that change the appointment on which the employee is serving (see instructions for appointments and conversions to appointment in Chapters 9-13);

      iii. Movement of employee and employee's position to a new duty station when the move is not the result of a transfer of function or an organization change, e.g., when move is a part of a rotation program or the result of the agency moving to a different building in a different city in the same commuting area (see Chapter 23); or

      iv. Assignment of a different agency management or budget code to the employee's organization or changing the name of the organization to which the employee is assigned, when no change in the function or in the employee's position, grade, salary, location, or agency code, occurs. These changes are not reported to the Office of Personnel Management and can be documented with an agency nature of action in the 900-series. (See job aid, Sample Notice that Name of Organization has Changed, in this Chapter.)

2. Definitions

   a. A realignment is the movement of an employee and employee's position when:

      i. ***>a transfer of function or an organization change occurs, and<
Chapter 21: Realignment and Mass Transfer

ii. the employee stays in the same agency, and

iii. there is no change in the employee's position, grade or pay. (Note: For changes in pay, including locality pay, see Chapter 17.)

Information on transfer of function and reorganization is in 5 CFR part 351, subpart C.

b. A mass transfer is the movement of an employee with employee's position to a different agency when:

i. an organization change (such as a transfer of function) takes place, and

ii. there is no change in the employee's position, grade, or pay. (Note: For purposes of this definition, a change in the amount of any locality payment to which the employee is entitled is not a change in pay.)

3. Use of the List Form of Notice

When a large number of employees are being affected by the realignment or mass transfer, the agency may find it easier and more economical to record the actions on a list form of notice rather than preparing individual Standard Form SF-50s, Notification of Personnel Action. Refer to Chapter 4 of this Guide for instructions on preparing the list form.

4. Use of Agency Notices

Agencies may use any method that meets the conditions in Chapter 4, section 6, to notify employees of realignment actions. This is an additional agency option in lieu of the individual SF-50, Notification of Personnel Action, or the list form of notice.

5. Use of the Standard Form 52

Although a SF-52, Request for Personnel Action, is needed to process many actions, its use for realignments and mass transfers is not required in all cases. When the SF-50, Notification of Personnel Action, is used to document the realignment or mass transfer and it can be prepared directly from the information in the
employee’s Official Personnel Folder, your agency’s automated personnel system, or directly from an alternative approving document, then a ***>SF-52, Request for Personnel Action< is not necessary.

Generally, a ***>SF-52< is used only when a few employees are affected by the realignment or mass transfer, especially when the requesting office is responsible for its preparation. If a list form of notice, or an agency issuance rather than the ***>SF-50<, is to be used, an alternative approving document is generally used instead of a ***>SF-52<.

When the ***>SF-52< is used, and prepared in the Personnel Office, it is used only as a working document. No requesting official signatures are needed.

6. Office that Issues the Standard Form 50 or List Form

   a. ***>Realignment<. When the employing office changes, the gaining office issues the ***>SF-50<, list form, or agency issuance.

   b. ***>Mass Transfer<. The gaining office issues the ***>SF-50< or list form for Mass Transfer. The losing agency issues the ***>SF-50< or list form for Termination—Appt in (agency) as required by Chapter 31.

7. Filing

   Documentation of realignment actions is not authorized for long-term Official Personnel Folder retention. Agencies may file realignment documentation among temporary documents on the left (temporary) side of the Official Personnel Folder at their option. If the agency uses a ***>SF-50< to document the realignment, that form should not be filed on the right (permanent) side of the Official Personnel Folder.

8. ***>Appointment Authority<

   The legal authority used to process a mass transfer is the authority for changing the agency. It does not affect the individual employee’s appointment. The legal authority for a mass transfer should not be reported to Enterprise Human Resources Integration (EHRI) as the current appointment authority.
