Course Overview

- Day One: FLRA: Overview of Executive Order 13522, Collective Bargaining under the Statute, including section 7106(b)(1) and Pre-Decisional Involvement.

E.O. 13522 Purpose

- To establish a cooperative and productive form of labor-management relations throughout the executive branch.

- To improve the delivery of government services to the American people.
E.O. 13522

The Executive Order does not

- Abrogate any collective bargaining agreement;
- Limit, preclude, or prohibit management from electing to negotiate over § 7106(b)(1) matters;
- Impair or otherwise affect authority granted by law to agencies (i.e. it does not expand bargaining rights);
- Create any right to administrative or judicial review.
E.O. 13522 Summary and Focus

• The Executive Order 13522 seeks to improve the delivery of high quality government services by establishing:
  
  • A cooperative and productive form of labor-management relations;
  
  • Agency LM forums to identify problems and propose solutions to better serve the public, improve employee work life and labor-management relations;
  
  • Pre-decisional involvement for employees and their union representatives in all workplace matters to the fullest extent practicable.

Collective Bargaining
Framework for Resolving Disputes under § 7106(a) and (b)

- Does the proposal affect a § 7106(a) right?
- Is the proposal negotiable under § 7106(b)(2) or (b)(3)?
- Is the proposal electively negotiable under § 7106(b)(1)?

See AFGE HUD Council of Locals 222 Local 2910, 54 FLRA 171, 178 (1998)
“Technology, methods, and means”

- Authority defined the “technology . . . of performing work” as the technical method that will be used in accomplishing or furthering the performance of the agency’s work. *See NTEU*, 62 FLRA 321, 326 (2007).

- The legislative history of the Statute indicates that the term “methods” was intended to mean how work is performed and the term “means” was intended to mean with what.
“Methods, and means”

**Two-Prong Test**

- First, the proposal must concern a “method” or “means” as defined by the Authority.
  - “Method” refers to the way in which an agency performs its work.
  - “Means” refers to any instrumentality, including an agent, tool, device, measure, plan, or policy used by an agency for the accomplishment or furtherance of the performance of its work.

- Second, it must be shown that:
  - (1) there is a direct and integral relationship between the particular methods or means the agency has chosen and the accomplishment of the agency’s mission; and
  - (2) the proposal would directly interfere with the mission-related purpose for which the method or means was adopted.

*See GSA, 54 FLRA 1582, 1589-90 & n.6 (1998).*
“Technology, methods, and means”

- Proposals the Authority has found concern the “technology, methods, and means of performing work” include:

  - Proposals concerning the forms, documents, or electronic systems that an agency uses in accomplishing its mission. *See AFGE, Local 3529*, 57 FLRA 172, 175-76 (2001).

  - Proposals concerning the requirement that employees wear a prescribed uniform while performing work. *See AFGE, Local 1869*, 63 FLRA 598 (2009); *NAGE, Locals R12-122, R12-222*, 38 FLRA 295, 304 (1990). *But see NTEU*, 61 FLRA 48, 52 (2005) (where agency did not explain how the uniform related to how work was done, proposal concerning uniform requirement did not “involve the methods and means of performing work”).
“Technology, methods, and means”

• Proposals the Authority has found do not concern the “technology, methods, and means of performing work” include:

  ○ Proposals concerning contracting out. See GSA, 54 FLRA 1582, 1590 (1998) (Proposals concerning contracting out do not relate to the way in which an agency performs its work or the tools or devices that may be used in accomplishing it. Rather, such proposals relate to an agency’s decision-making process concerning by whom the work is best performed).

  ○ Proposals concerning the assignment of duties to particular employees. See AFGE, Local 1985, 55 FLRA 1145, 1148 (1999) (Proposals involving “who will perform work, not the way in which the work is performed” are not electively negotiable under § 7106(b)(1)).

  ○ Proposals concerning the location at which work will be performed. See PASS, 56 FLRA 798, 803 (2000).

  ○ Proposals concerning performance standards and rating levels. See U.S. EPA, Chi., Ill., 62 FLRA 350, 352 (2008); AFGE, Council of GSA Locals Council 236, 55 FLRA 449, 452 (1999) (Such proposals concern ‘how an agency evaluates’ the work, rather than ‘how employees will do their work,’ which is the concern of § 7106(b)(1)).
Bargaining Permissive Subjects
Under the Statute

- Agencies are not required to bargain over a permissive subject of bargaining, i.e., those matters which are either outside the scope of bargaining required of the parties or are negotiable at the election of an agency pursuant to § 7106(b)(1). See FDIC, Headquarters, 18 FLRA 768, 771 (1985).
  - This applies to both proposals advanced by management and union.

- If parties reach an agreement to bargain over § 7106(b)(1) matters, then that agreement is enforceable. See SSA, Balt., Md., 55 FLRA 1063, 1069 (1999); U.S. Dept. of Commerce, PTO, 54 FLRA 360, 387 n.27 (1998); see also U.S. Dep’t of Def. Am. Forces Radio & Television Broad. Ctr. Riverside, Cal., 59 FLRA 759, 760 (2004).

- If management at the local level exercises its discretion to bargain on a § 7106(b)(1) matter and reaches an agreement, then agency head may not subsequently disapprove that provision under § 7114(c) simply because it relates to § 7106(b)(1) matters. See NATCA, 61 FLRA 336 (2005).

- Where parties’ agreement includes matters covered by § 7106(b)(1), upon the expiration of that negotiated agreement, either party retains the right to unilaterally terminate the practice embodied in such a provision. See FAA, NW Mtn. Region Seattle, Wash., 14 FLRA at 648-49.
Pre-Decisional Involvement

Under EO 13522 Agencies must establish labor-management forums and, through the forums

- Allow employees and union **pre-decisional involvement** to the fullest extent practicable on all workplace matters without regard to negotiability under §7106 of the Statute

- Expeditiously provide information to union representatives, where not prohibited by law

- Make good-faith attempt to resolve issues concerning proposed changes to conditions of employment, including those involving §7106(b)(1)
Executive Order 13522 does not define the term “pre-decisional involvement”

E.O. leaves PDI for Labor-Management Forums to define according to the needs of the organization
PRE-DECISIONAL INVOLVEMENT

PDI does not:

Expand the duty or scope of bargaining

Waive any rights of the parties under the Statute
PRE-DECISIONAL INVOLVEMENT

Basic Principles

PDI occurs early when ideas are forming

Participants have common expectations

Information is freely shared

Joint development of solutions

Consensus based problem-solving, focused on interests
Early Involvement

Management:

• At what point should union be involved?

Union:

• At what point does union want to be involved?

Answer to both questions varies with the issue presented
Common Expectations

Is there a Common Understanding of what Authority will be Delegated to the Labor Management Forum?

What will Occur After PDI?

-- Consensus reached – proceed to implementation without further bargaining
-- Recommendation accepted by principals
-- Recommendation modified and accepted
-- No Consensus reached – revert to proper place in existing labor-management relationship
-- Will statutory bargaining be required?
Fully Sharing Information

Management will disclose all relevant information as part of PDI problem solving

Information provided as part of process

No need for statutory information requests

No delays in waiting for information

No litigation

Creates issues of trust and confidentiality
Problem Solving Approach

As opposed to being adversaries work together to find solution

Change from traditional two opposing teams of negotiators to one group of problem solvers

Update on case law and practice
Bargaining To Impasse Over Subject Covered by a CBA

- Bargaining over a subject covered by a CBA is permissive, not mandatory

- A party bargains in bad faith, in violation of Statute, by insisting on bargaining to impasse over a subject covered by a CBA

*AFGE, Local 3937, AFL-CIO, 64 FLRA 17 (2009)*
Bargaining To Limit Scope Of Covered By Doctrine

- The Covered By Doctrine is not a right under the Statute

- Bargaining over a proposal to limit the scope of the Covered By Doctrine is mandatory

NTEU and United States Customs Serv., 64 FLRA 156 (2009)
Authority Does Not Defer To ALJ Findings

- ALJ findings, including credibility determinations, accepted by Authority if supported by preponderance of evidence (i.e., not substantial evidence)

Upheld findings of violations of 7116(a)(1) and (5) for failure to provide notice and opportunity to bargain over I & I of direction that employee vacate particular room and over reorganization and realignment

*United States Dep’t of the Air Force, Air Force Materiel Command, Space and Missile Systems Ctr., Detachment 2, Kirtland Air Force Base, N.M., 64 FLRA 166 (2009)*
Formal Discussion Of General Conditions Of Employment

- Intent behind 7112(a)(2)(A) of Statute: afford union opportunity to be present at formal discussions addressing matters of interest to unit employees in order to safeguard their interests
- Discussion of reorganization = “high potential for changes to employees’ conditions of employment” (reassignments, relocations, and changes in assigned duties, and changes in lines of supervision are reasonably foreseeable)

United States Dep’t of the Air Force, Air Force Materiel Command, Space and Missile Systems Ctr., Detachment 2, Kirtland Air Force Base, N.M., 64 FLRA 166 (2009)
How Do Conditions Of Employment Differ From Working Conditions?

“[T]here is no substantive difference between ‘conditions of employment’ and ‘working conditions’ as those terms are practically applied” under the Statute.

*United States Dep’t of the Air Force, 355th MSG/CC, Davis-Monthan Air Force Base, Ariz., 64 FLRA 85 (2009)*
Necessary Functioning Of Agency Defense

• Agency may change employees’ working conditions before bargaining if change is necessary for functioning of agency (here, a change in promotion procedures)

• Agency has burden to prove “that its actions were in fact consistent with the necessary functioning of the agency, such that a delay in implementation would have impeded the agency’s ability to effectively and efficiently carry out its mission.”

*United States Dep’t of the Treasury, Internal Revenue Serv., Wash., D.C., 64 FLRA 127 (2009)*
Official Time Negotiated Under Section 7131(d) Of The Statute

- Statute does not confer right to official time to distribute fliers concerning a proposed regulatory change affecting unit employees

- Parties may establish right to official time for such a purpose through negotiations

- Denial of union representative’s request for contractual official time does not necessarily implicate union’s statutory right to designate representatives

When Does a Union Not Have a Right To Information Possessed By Inspector General?

A union’s right to information from an agency under section 7114(b)(4) of the Statute does not extend to information possessed by an Office of Inspector General that is not an agent or component of the agency because the information is not reasonably available or normally maintained by the agency, i.e., agency had no control over the OIG with regard to the information.

*United States Dep’t of the Treasury, Internal Revenue Serv.*, 63 FLRA 664 (2009)
Obscenity Does Not Alone Remove Speech From Protection

Union President statement “Fuck you, I don’t give a fuck” to supervisor protected when made:
- While President engaged in representational activity in a work area
- During discussion within scope of union’s legitimate concerns
- Impulsively, not with design
- Briefly, in a normal conversational tone, and without being heard by others

*United States Dep’t of Trans., Fed. Aviation Admin., Wash., D.C., 64 FLRA 410 (2010)*
Grounds For Excluding Employee From Unit Timely Raised if Presented Before D&O Issued

Statutory grounds for excluding employee from a bargaining unit first raised in a post-hearing brief must be considered by Regional Director in representation proceeding before Decision and Order issued

*United States Dep’t of Veterans Affairs, Veterans Affairs Med. Ctr., Hampton, Va.*, 63 FLRA 593 (2009)
Repudiation of Contract Term: Heart Of The Contract

- Whether term of CBA goes to its heart depends on importance of the term relative to entire CBA

- Requirement that agency retain employee in a duty or approved leave status while undergoing drug rehabilitation goes to heart of CBA

- Cases in which terms of an agreement were found to go to its heart are identified in cited case

Repudiation of Oral Agreement

- Agency repudiated oral agreement concerning administrative rank advancement of certain employees to higher pay bands under Faculty Personnel System (FPS)
- Parties may enter into oral agreements, and such agreements bind the parties.
- Prong 1 -- Clear and patent breach – Chancellor had authority, clear and unambiguous, meeting of the minds
- Prong 2 – terms solely concerned how former GS employees in new FPS system would be administratively rank advanced

Remedy For Employees Harmed by Repudiation Of Contract Term

- Even when contract repudiation is an institutional claim by a union, remedial relief may be available for individual employees injured by the agency’s failure to comply with repudiated contract term.

- Consideration must be given to remedial relief the injured employees received in other forums, such as MSPB.

When Do Employees Automatically Become Members of An Existing Bargaining Unit?

Employees are automatically included in a bargaining unit if, after a Certification of Representative was issued, they were hired, reassigned or placed in newly-created positions, and the positions they occupy fall within the description of the bargaining unit.

_United States Dep’t of the Air Force, Randolph Air Force Base, San Antonio, Tex., 64 FLRA 656 (2010)_
7116(d)

Section (d) bar not found:

- ULP alleged (a)(1) violation pertaining to union rights – interference with statutory rights under section 7102 (supervisor told employee told that disciplinary action might have been less severe had he prepared his own written response)
- Grievance was over employee’s suspension – alleged violation of contract
