### **Subject: 2024 FEHB Open Season: FEHB Program Significant Plan Changes**

This Tribal Benefits Administration Letter (TBAL) provides information on significant FEHB plan changes for the upcoming plan year.

Information regarding ordering and distributing materials and conducting the Open Season are in an evergreen document titled “[Open Season Manual](#)”.

Attachment 1 identifies FEHB plans and their corresponding significant changes. Some of these changes will require action on the part of employers and enrollees.

There are plans leaving the FEHB Program at the end of 2024. Employees in these terminating plans **must** enroll in a new plan during Open Season or they will be enrolled in GEHA Indemnity Benefit Plan Elevate (the lowest-cost nationwide plan option for 2025 as determined by OPM). See [Tribal Benefits Administration Letter 16-601 Enrollment Options Following the Termination of a Plan or Plan Option](#) for additional information on how to automatically enroll individuals who do not make an enrollment election during the allotted time period.

**New Coverage:** An FEHB enrollee's coverage under their new health plan will be effective January 1, 2025. An FEHB enrollee's coverage under their current health plan will remain effective through 2024 until coverage under the new plan becomes effective.

- U.S. Postal Service employees or annuitants who were enrolled in the Rural Carrier Benefit Plan, enrollment code 38, for the 2024 plan year will be automatically enrolled in Rural Carrier Benefit Plan under the PSHB Program, enrollment code 79. OPM will send all Postal Service enrollees a personalized letter informing them of the PSHB plan they are being automatically enrolled in and explaining how to select a new plan during Open Season if they desire. The transitional PSHB Open Season begins November 11, 2024 and ends December 9, 2024.

### **Belated Changes**

Some employees might not receive instructions to change plans during Open Season. We encourage you to accept belated Open Season changes from employees who are enrolled in

- terminating plans,
- plans reducing service areas and terminating enrollment codes,
- plans terminating options and enrollment codes, and
- plans reducing service areas without terminating enrollment codes.

After the 2025 plan year begins, closely review requests for belated Open Season changes to ensure the circumstances which prevented a timely enrollment change were truly beyond the employee's control.

## **Conclusion**

We encourage you and your employees to visit our [Tribal Programs](#) website for the most up-to-date information. Please note that 2025 plan information will be posted on our website in November 2024.

We look forward to working with you to ensure employees have a successful Open Season.
