In Benefits Administration Letter (BAL) 98-109, we said that we would publish the requirements for agencies to report on the implementation and outcome of the FERS open season in a separate BAL. The attachment to this letter provides those reporting requirements. In keeping with our goal to make the administration of the FERS open season as efficient as possible, the Government-wide reporting requirements are minimal and focus on outcomes. We have also included five optional questions, including several about the products and services we provided to support the open season. We hope you will respond to these items because the information requested will help us assess the effectiveness of our efforts.

We ask that all reports on the open season be consolidated at the Department or Independent Agency level and submitted to the Associate Director for Retirement and Insurance by February 28, 1999. The mailing address is:

U.S. Office of Personnel Management  
Agency Services Division  
P.O. Box 57  
Washington, DC 20044

Reports also may be faxed to (202) 606-1108 or emailed to asd@opm.gov.

We have received a number of requests for current transfer information. We are contacting benefits officers from the large agency group by phone to ask for overall transfer rates as of the end of the last pay period ending in FY 98.
Correction on Sick Leave Recording:

In BAL 98-109, the section on “Processing the Transfer Personnel Actions,” among other things, required that the employee’s sick leave balance as of the day before the effective date of transfer be entered in the remarks section of the SF-50 that documents the transfer to FERS. The BAL stated that the sick leave balance should be entered in years and months. This is incorrect. As provided in standing instructions in Chapter 81 of the CSRS and FERS Handbook for Personnel and Payroll Offices, the sick leave balance should be entered in hours, e.g., “804 hours of sick leave as of July 4, 1998.” We apologize for the confusion this may have created.
