We've become concerned recently that some agencies are neglecting to include Additional Pay Status (APS) pay in the final salary for life insurance.

Please remember to include, when appropriate, APS pay in the final salary for life insurance purposes in Item #10 when completing SF 2821, Agency Certification of Life Insurance Status. If an employee has a type of APS pay that is included in basic pay on the date entered in Item #8, the pay must be included in Item #10. Both the personnel officer and the payroll officer must confirm whether APS pay is correctly applied before signing the SF 2821.

The FEGLI Handbook (http://www.opm.gov/insure/life/handbook/index.htm) lists which types of premium, or APS, pay are included as part of basic pay for life insurance purposes, and which are not. Following are both current lists. You will be alerted if there is ever a change to either list.

**Included:**

The following *are included* in annual basic pay for life insurance purposes:
