Aetna HealthFund will have five separate enrollment codes for its nationwide Consumer Driven Health Plan (CDHP) product for 2013.

Enrollment codes 221 and 222 for the current CDHP product will remain the same only for the nine states listed below*. The cost sharing (out-of-pocket costs) for codes 221 and 222 for the nine states listed below will be different in 2013. Employees who live or work in the nine states listed below may also enroll in codes 221 or 222.

This does not affect members enrolled in the Aetna HealthFund’s High Deductible Health (HDHP) Plan under enrollment codes 224 and 225. These HDHP members will remain enrolled in codes 224 and 225. It will not affect cost-sharing for these members.

New for 2013, enrollees in Aetna HealthFund’s current CDHP product, who live or work in the forty-one states listed below** can change from enrollment codes 221 and 222 to a new enrollment code available to them for their service area listed below (F51, F52, EP1, EP2, G51, G52, H41, and H42) in 2013. Enrollees who change will have lower 2013 premiums but will have the same benefits as the 2012 CDHP product.

Enrollees who do not change their enrollment code from 221 or 222 to a new enrollment code (F51, F52, EP1, EP2, G51, G52, H41, or H42) for their service area listed below will remain enrolled in codes 221 or 222. However, the enrollees will pay a higher premium and higher cost-sharing (out-of-pocket costs) if they do not change.

**Aetna will also offer a new option called the Aetna Value Plan, in the 41 states listed below**.

*Aetna HealthFund will not accept any new enrollments for the CDHP under enrollment codes 221 or 222 in the forty-one states listed below**. However, you may continue to enroll in the High Deductible Health Plan option under enrollment codes 224 or 225 in the forty-one states listed below**.
