## Section 2. How we change for 2004

---

Do not rely on these change descriptions; this page is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits. *{Plan - add from below all that apply, along with your changes.}*

## Section 3. How you get care

---

### Identification cards

We will send you an identification (ID) card. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your Employee Express confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at xxx-xxx-xxxx. *{Plan specific}* or write to us at *{Plan address}*. You may also request replacement cards through our Website: *{Plan Web address}*.

### Where you get covered care

You can get care from any “covered provider” or “covered facility.” How much we pay – and you pay – depends on the type of covered provider or facility you use. If you use our preferred providers, or our point-of-service program, you will pay less.

#### • Covered providers

We consider the following to be covered providers when they perform services within the scope of their license or certification: *{Insert your list}*

**Medically underserved areas.** Note: We cover any licensed medical practitioner for any covered service performed within the scope of that license in states OPM determines are "medically underserved." For 2004, the states are: Alabama, Idaho, Kentucky, Louisiana, Maine, Mississippi, Missouri, Montana, New Mexico, North Dakota, South Carolina, South Dakota, Texas, Utah, West Virginia and Wyoming. *{Reminder: These providers must now include pastoral counselors--see Carrier Letter 2000-45}*

#### • Covered facilities

Covered facilities include: *{Plan specific definitions}*

- Hospital
- xxxxxxxx

### What you must do to get covered care

It depends on the kind of care you want to receive. You can go to any provider you want, but we must approve some care in advance.

#### Transitional care:

**Specialty care:** If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
  - lose access to your PPO specialist because we terminate our contract with your specialist for other than cause,
- you may be able to continue seeing your specialist and receiving any PPO benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can

## When you are age 65 or over and you do not have Medicare

Under the FEHB law, we must limit our payments for **inpatient hospital care** and **physician care** to those benefits you would be entitled to if you had Medicare. And, your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital care is not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

### If you...

- are age 65 or over, and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, **or** as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

### Then, for your inpatient hospital care,

- the law requires us to base our payment on an amount -- the "equivalent Medicare amount" -- set by Medicare's rules for what Medicare would pay, not on the actual charge;
- you are responsible for your applicable deductibles, coinsurance, or copayments you owe under this Plan;
- you are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you; and
- the law prohibits a hospital from collecting more than the Medicare equivalent amount.

### And, for your physician care, the law requires us to base our payment and your coinsurance on...

- an amount set by Medicare and called the "Medicare approved amount," or
- the actual charge if it is lower than the Medicare approved amount.

If your physician...	Then you are responsible for...
Participates with Medicare or accepts Medicare assignment for the claim and is a member of our PPO network,	your deductibles, coinsurance, and copayments;
Participates with Medicare and is <b>not</b> in our PPO network,	your deductibles, coinsurance, copayments, and any balance up to the Medicare approved amount;
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Our explanation of benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

## Section 5 (a). Medical services and supplies provided by physicians and other health care professionals

IMPORTANT

### Here are some important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is: \$275 per person (\$550 per family). The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply. *{If you want, you can say, "We added asterisks - \* - to show when the calendar year deductible does not apply."}*
- The non-PPO benefits are the standard benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, non-PPO benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works, with special sections for members who are age 65 or over. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

## { Section 6. General exclusions – things we don't cover

---

The exclusions in this section apply to all benefits. **Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.**

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices;
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest *{plan specific—can vary somewhat; discuss with contracts specialist }*;
- Services, drugs, or supplies related to sex transformations;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

*{Insert other “General Exclusions” that apply—your contract specialist will help you edit for plain language and necessity – BE SURE TO PUT “; or” after the next to last entry and then a period after the last entry}*

## { Section 7. Filing a claim for covered services

---

### { How to claim benefits

To obtain claim forms or other claims filing advice or answers about our benefits, contact us at \_\_\_\_\_, or at our Web site at [www.xxx](http://www.xxx).

In most cases, providers and facilities file claims for you. Your physician must file on the form HCFA-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, call us at xxx.

When you must file a claim -- such as for services you receive overseas or when another group health plan is primary -- submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Name of patient and relationship to enrollee;
- Plan identification number of the enrollee;
- Name and address of person or firm providing the service or supply;
- Dates that services or supplies were furnished;
- Diagnosis;
- Type of each service or supply; and
- The charge for each service or supply.

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- You must send a copy of the explanation of benefits (EOB) from any primary payer (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse.
- Claims for rental or purchase of durable medical equipment; private duty nursing; and physical, occupational, and speech therapy require a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed.
- Claims for prescription drugs and supplies that are not ordered through the Mail Service Prescription Drug Program must include receipts that include the prescription number, name of drug or supply, prescribing physician's name, date, and charge.
